The Vice President in Council, advertent to the liberal scale on which the Staff Allowance for the Surgeons in charge of the Medical Depôts is fixed, and which was intended to be in full of all allowances, excepting the pay, full batta and gratuity of their rank, cannot admit the claim to house-rent preferred by the Surgeon in charge of the Medical Depôt at Cawnpore.

G. O. C. C.  
16th Dec. 1809

John Rawlins, on the Supernumerary List of non-commissioned Officers, is appointed Apothecary to the Medical Depôt at Agra, and directed to proceed in charge of Medical Stores to the Field Stations

Appointment  
of an Apothec-  
ary to the  
Medical Depôt  
at Agra.

House rent al-  
lowed to Apo-  
thecaries.

The Apothecaries attached to Medical Depôts are, when not furnished with quarters, to be allowed to draw the house rent of Conductors of Ordnance, (viz. St. Rs. 30 per mensem.) G. O. V. P.  
30th Jan'y. 1810

Rate of boat  
allowance.

The Vice President in Council is pleased to fix the boat allowance of an Apothecary at 70 Sonat Rupees per mensem. G. O. G. G.  
15th May 1810

Regulations for  
charging the  
contingent ex-  
pences incurred  
in forwarding  
medicines.

The Governor General in Council observing that adequate provision is not made by the existing regulations for facilitating the conveyance of Medical Stores from Cawnpoor to the Regimental Surgeons at the different Stations in the Upper Provinces, is pleased to determine that bills for charges necessarily incurred on account of that service, properly attested and countersigned by the Superintending or senior Surgeon, as well as by the commanding Officer of the Station, shall be presented by the Apothecary at Cawnpoor to the Paymaster; who is authorized to discharge them, and directed to forward them, agreeably to the mode observed with respect to other contingent bills, to the Department of Audit for examination, and for the final orders of Government. G. O. G. G.  
6th June 1810

Intermediate advances, if found to be requisite, may also be supplied to the Apothecary by the Paymaster in like manner, by application from the Superintending Surgeon sanctioned by the commanding Officer, and such advances will be deducted from the Apothecary's bills when presented for payment.

(Contingent charges incurred at the Medical Depôts at Cawnpoor and Agra are now submitted, for the sanction of Government, through the Medical Board.)

Which are to  
be despatched  
in the public  
carts, &c.

In future, whenever medical stores are required to be sent from the Depôts to other stations or corps, application is to be made by the Medical Staff in charge of the Depôts to the Officer commanding the Station at which the Depôts are established, for tumbrils or public carts, adapted for the purpose, with Government bullocks, to be supplied for the transportation of the Medical Stores, for which purpose hackeries are never to be hired. 4th Feb. 1810

The Medical  
Board, in send-  
ing medical  
stores by sea, to  
report the ton-  
nage they occu-  
py.

The Medical Board are directed to state, on all future occasions of sending Medical Stores by sea, the tonnage which such articles supplied from the Medical Department will occupy, that the necessary arrangement may be made by the Marine Board for receiving them on board of ship. Proc. G. G. 18  
August 1810

#### DISPENSARY AT THE PRESIDENCY.

Regulations for  
the Dispensary  
at the Presi-  
dency.

That the Governor and Council shall direct the medical stores to be placed under the care of an Apothecary, who has been brought up in a Druggist's shop, and that the receipts and expenditures of the stores shall be accounted for according to the form laid down. The Apothecary shall not, however, issue any medicines without an order signed by the Hospital Board; and shall once in three months give in a state of the stores, with the expenditure and vouchers, as well as a list of such medicines as may be wanted for the service of the next quarter. When any of the medicines are damaged, a Surgeon and two mates are to survey them, and to report such as are unfit for service to the Hospital Board, who will condemn, and dispose of them, as they shall think proper.

Let. C. D. 1818  
Sept. 1784  
M C 2nd May  
1786

Forms and regulations to be observed by the Apothecary Medicinal Store-keeper, at each of the Presidencies in India.

When the medicines arrive from Europe, the chests are to be regularly ranged, according to their numbers, and a packing invoice, pasted upon a sheet of pasteboard, to hang in the most conspicuous part of the store, for the purpose of directing him the more readily to find the articles wanted.

#### FORM OF A PACKING INVOICE.

| 1st Division. |                | Packing Invoice 17. | 2d Division. |               |
|---------------|----------------|---------------------|--------------|---------------|
| No. Chests.   | Quantity.      |                     | No. Chests.  | Quantity.     |
| 2, 3, 4.      | Containing 20. | Aq. Aelx. Sp.       | 3, 6.        | Containing 30 |

When the articles required are expended in any particular chest, a dash is put under the number of the chest; and when the whole quantity sent in a division is expended, a dash is put under the quantity, as in the example above stated. The whole of the aq. alexr. fpts. of the 1st division, and that contained in No. 3, of the 2d, 1785, is marked expended, so that all the remaining aq. alexr. fpts. of that year, is contained in the chests 4 and 6, of the 2d division; by which method, the articles wanted are readily found, and a needless rummage, so detrimental to medicines, prevented.

A few sheets of paper are to be folded up into a quarto book, for each division of medicines, and the number and date of the division is marked on the outside cover; in which book, an account will be kept of all the medicines taken out of every chest, two or three pages being left for every chest, in the following form:

ON THE OUTSIDE CASE—1ST DIVISION OF MEDICINES—SENT 1785.

| <i>Date.</i> | <i>Chest No. 1.</i>                    | <i>Quantity.</i> | <i>Date.</i> | <i>Chest No. 1.</i> | <i>Quantity.</i> |
|--------------|----------------------------------------|------------------|--------------|---------------------|------------------|
| 1785.        |                                        |                  |              |                     |                  |
| April 3.     | Bal. Cap.                              |                  |              |                     |                  |
| November 9.  | Bal. Galed, transferred to old stores. | 7 lb.            |              |                     |                  |

To prevent confusion in the foregoing ledger, a considerable quantity of each article will be taken out and credited at once, and placed regularly on shelves to answer daily demands—the survey [C] column credited, not used.

When any division of the store is near expended, and when a few odd articles only remain, for which there is no great demand, such articles are to be credited in the ledger, by being marked, transferred to old stores, and the division broken up.—See survey C, column 1st.

All the medicines received from England are to be registered in a folio book kept for that purpose, in which is also to be entered, surveys of medicines remaining in store, and all the demands made for future service in the following forms:

During the first year of service, it will be impossible to ascertain the medicines necessary for the ensuing year exactly; but a state of the current expence will give some assistance. A return prepared in the following form, leaving the last column blank, that the quantities demanded may be ascertained by the Physician, &c. will be found necessary.

Madras, October, 1785.

SURVEY OF MEDICINES REMAINING IN THE STORE, AND THE DEMANDS THEREON  
MADE FOR THE SERVICE OF THE YEAR 1786.

| <i>A</i> | <i>Sent from England.</i> | <i>Remaining in store.</i> | <i>England.</i> | <i>Demand for the service of 1786.</i> |
|----------|---------------------------|----------------------------|-----------------|----------------------------------------|
| Amygdal. | 8 lb.                     | 40 lb.                     | 40 lb.          | 50 lb.                                 |

During the course of the campaign, whether for extraordinary demands, or loss sustained by carriage, &c. when the stores run low in any particular medicines, a list of those articles are to be laid before the Hospital Board, specifying the quantity remaining, with a blank column for the additional demands to be by them ascertained in the following form:

SURVEY OF SUCH ARTICLES AS ARE NECESSARILY EXPENDED.

| <i>B</i>     | <i>Remaining in Store.</i> | <i>Additional Demand.</i> |
|--------------|----------------------------|---------------------------|
| Comp. Corda. | 12 lb.                     |                           |

When the Hospital Board shall require a return of medicines in store, a survey must be made by the Store-keeper in the following form:

**SURVEY OF MEDICINES REMAINING IN STORE, TAKEN AT ———, THIS —  
DAY OF 17.**

| C                 | Old Stores | 1785.              |                   | 1786.              |                   | Large<br>hospital<br>affort-<br>ments. | Credit-<br>ed and<br>not is-<br>sued. | Total. |
|-------------------|------------|--------------------|-------------------|--------------------|-------------------|----------------------------------------|---------------------------------------|--------|
|                   |            | 1st Di-<br>vision. | 2d Di-<br>vision. | 1st Di-<br>vision. | 2d Di-<br>vision. |                                        |                                       |        |
| Aq. Alexiter spt. | —          | —                  | Con. 15           | —                  | —                 | Con. 16                                | Con. 3                                | Con 34 |

**COPY OF THE DEMAND OF MEDICINES FOR THE SERVICE OF THE YEAR 1786.**

| D                 | Quantities in each of the |                           |                           | Fixed Hof-<br>pital Stores. | Total.   |
|-------------------|---------------------------|---------------------------|---------------------------|-----------------------------|----------|
|                   | 3 Large Af-<br>fortments. | 3 Small Af-<br>fortments. | 8 Brigade<br>Affortments. |                             |          |
| Aq. Alexiter spt. | Con. 3.                   | Con. 21.                  | —                         | Con. 228                    | Con. 840 |
| Bals. Cap.        | lb. 2.                    | lb. 1.                    | lb. 1.                    | —                           | lb. 17.  |

N. B. By Hospital Affortments is meant a certain proportional quantity of medicines and materials necessary for the service of a particular hospital: those for an Hospital above 500 are to be termed large, and those for an hospital under that number, small hospital affortments; these affortments, neatly prepared, are to be kept on the medicine store, ready for supplying any of the hospitals as soon as required, to consist of medicine, utensils, &c. proportioned to the number of men the hospital is intended to contain.

When medicines are sent to the hospital in large quantities, they are to be put up in large boxes, tins, and bottles; but if the Apothecary, or the person who has the charge of the medicine stores, cannot get sufficiency of vessels to answer the demands from the several hospitals, the medicines should be put into boxes canistered, and bottles of different sizes, marking on each the quantity they contain; by which the hospital store will be supplied with a proper variety of containing vessels, and consequently the orders of the Regimental Surgeons will be the more readily supplied.

By the above method, it will appear that the quantity of every medicine remaining in store may be found by a bare inspection, without spoiling the medicines by an actual survey, which is only required for those articles taken out and placed upon the shelves, marked credited and not issued. A proper quantity of medicines, sufficient for the service, may be kept without charging the hospital with an unnecessary load on the one hand, or letting the Army be in want of medicines on the other.

Salaries of the  
Apothecary and  
Assistant Apo-  
thecary.

Extract of a Table of Salaries annexed to the Code of Bengal Military Regulations, published 1st January, 1791.

|                                                                                       |  |  |  |  |      |
|---------------------------------------------------------------------------------------|--|--|--|--|------|
| “ Salary to the Apothecary in charge of the Dispensary at the Presidency, per mensem, |  |  |  |  | 800  |
| Sonat Rupees                                                                          |  |  |  |  | ---- |
| to the Assistant Apothecary                                                           |  |  |  |  | 400  |

Correspon-  
dence of the  
Apothecary re-  
spective to Medi-  
cines, exempted  
from post.

The Governor General in Council is pleased to exempt, from the payment of postage, all correspondence between the Apothecary and the Surgeons respecting indents for medicines and accounts with the Dispensary, and also on all parcels of Europe medicines required to be sent on emergency by Dak or by Bangy to those Surgeons who are supplied with medicines at the expence of the Hon'ble Company; but this privilege is not to extend to Surgeons who provide medicines at their own expence.

Pro G. G.  
Pub. Dept. 23d  
May 1808

Establishment  
of the Dispensary  
to be  
decreased.

The Governor General in Council sees no grounds for increasing the established salary to the Head Compounder at the Dispensary, nor for any augmentation to the establishment of people now employed there, amounting to Sicca Rupees 427 4 6 per mensem, as it does not appear that they are unequal to the duties allotted them.

Pro G. G.  
11th Feb. 1808

1st. C. D. 93d  
February 1810

PARA. 7th—We desire that such unserviceable Surgeons' instruments in your possession, which may be in a state to be repaired, may be sent to England for that purpose.

Surgical Instruments requiring repair to be sent to England.

PARA. 8th—Representations having been made to us that Surgeons of ships in His Majesty's and the Company's freighted Service, frequently indent at the different Presidencies for more medicines than can be spared from the stores usually sent out; with a view to obviate so great an inconvenience, we have ordered a certain quantity of medicines to be sent to your Presidency this season, in addition to the quantity we ordered on considering your medical indent, for the purpose of enabling you to comply with the demands before mentioned.

Regulations for the charge of a stock of Medicines furnished for the supply of Surgeons of ships, &c.

PARA. 9th—We desire you will direct your Medical Store-keeper to keep these medicines separate from those sent for the use of your establishment, and to charge thirty per cent. in addition to the prime cost, upon delivery to Surgeons of His Majesty's Ships or the Company's freighted ships and to persons not in the Company's Service, of such articles as are not of a perishable nature; and 50 per cent. on such as are liable to decay.

We likewise desire that it may be intimated to the Medical Store-keeper, that he is not, on any account, to deliver medicines to persons of the above description until they are paid for, and that he be further directed to keep a regular account of the quantity sold, and to whom, and that the amount of the sums received be paid quarterly into the Company's Treasury.

PARA. 10th—We further desire that you will direct the Medical Board to indent annually on a separate indent, for such medicines as they may think necessary for the purposes before mentioned, inserting on the indent, the quantity of each article sold in the foregoing year, the amount received for each article, and the quantity remaining in store, at the time of making the indent.

P. C. G.  
18th Oct. 1806

The Governor General in Council authorizes the Medical Board to replace the instruments belonging to Mr. Assistant Surgeon Proctor, of the 18th Native Infantry, which were plundered by banditti in Bundelkund.

The Instruments of a Surgeon lost on Service replaced by Government.

#### HOSPITAL WINE.

C. O. G. G.  
18th May 1807  
Medical Reg.

ART. 26th—Wine being the most important article of expenditure in Military Hospitals, the following regulations respecting it shall be strictly observed and followed.

Provision of Hospital wine.

ART. 27th—The wine for the use of the Hospitals, after being examined and approved by a Committee, to consist of three Members to be formed from the Military and Medical Boards, shall be purchased at Calcutta, on the public account, under the especial authority of the Government.

ART. 28th—Whenever it may be necessary or expedient to purchase wine for the use of the Hospitals, the Military Board, after having obtained the authority of Government for that purpose, will advertise for proposals for furnishing the wine by contract, describing the quantity and the quality of the wine wanted, and requiring such persons as may be desirous of supplying wine to transmit their proposals, accompanied by musters of their wine, to the Military Board Office; the proposals are to be reported on in the usual manner, and submitted with the report for the consideration and orders of Government.

(The wine is now imported by the Honorable Company, and issued to the Garrison Store-keeper under the orders of Government from the Import Warehouse.)

ART. 29th—The wine, when purchased, shall be bottled and put up in chests and half chests, each of which shall be marked "Hospital Wine," and have the seals of both Boards affixed to it.

Proc. G. G. 2d  
January 1809

The Military Board will direct the Garrison Store-keeper to take such measures as will enable him to ascertain the exact expence which is incurred on account of breakage in bottling wine in his department.

The exact expence of breakage in bottling the wine to be ascertained.

Res. M. B. 11th  
Sept. 1810

Resolved, that an extract of the proceedings of the Committee assembled at Cawnpore to report the state of the Hospital wine (contained in 10th, 11th and 12th Paragraphs) be transmitted to the Garrison Store-keeper, desiring that he will attend to the recommendation contained in the 10th paragraph, relative to the size and shape of the boxes, to be used in future, for the package of wine destined for the supply of the Field Stations, making them as light as possible, consistently with a due regard to strength, for eventual transportation with an Army in the Field.

Regulations to be observed in bottling and packing the wine.

The Garrison Store-keeper is also requested to adopt the suggestions contained in the 11th and 12th paragraphs, and to have a proper seal prepared as soon as possible for marking the Hospital wine.

— 10th—The Committee recommend that the wine, particularly all destined for Depôts in the Field, should in future be packed in oblong boxes of five dozen each, so as to be wieldy, and adapted at once for either wheel carriage or carriage on camels.

— 11th—That in future the cork of every bottle may be cut even with the mouth of the bottle, and sealed over with an impression of the Honorable Company's crest, and under it in very legible characters the words "Hospital Wine."

— 12th—That the date of the package be marked in a manner to be permanent on every box, whereby the Store-keeper may be enabled always to issue the oldest wine.

Depôts of Hospital wine established at Cawnpore and Agra.

Government have resolved that Depôts of wine for the sick should be established at the Stations of Cawnpore and Agra, and that the quantities, to be deposited at these Stations, should at least be equal to the consumption of the Regimental Hospitals for twelve months.

Let. Sec. Medical Board 27th May 1808

Regulations for the deposit of the Hospital wine at Stations in the charge of the Paymasters, &c. &c. who will supply it to the Regimental Surgeons.

ART. 30th—Such a number of chests as may be required shall be dispatched from time to time to each of the Military Stations where there are Deputy Paymasters, and be there deposited, for the use of the Hospitals, under the charge of the Deputy Paymaster attached to the Station, who is hereby strictly enjoined not to serve out any of the wine for any other purpose.

The wine for the Hospital at Calcutta shall be deposited under the charge of the Paymaster to the Troops at the Presidency Station.

G. O. G. G. 28th May 1807 Medical Regns.

The wine for the use of the Station of Danapoor is to be deposited under the charge of the Barrack-master, and is to be issued by that Officer to the Regimental Surgeons under the same rules as have been prescribed in the case of Paymasters; the quantities of wine issued, and the Surgeons receiving it, will be reported by him, monthly, to the Deputy Paymaster, at Berhampore, who will make the returns prescribed in the 33d Article of the Medical Regulations.

G. O. G. G. 26th Aug. 1807

The Vice President in Council having resolved that the Hospital wine, for the use of the Troops at Meerut, shall be placed under the charge of the Deputy Paymaster at that Station,—Ordered, that the necessary measures be taken for providing that Officer, as early as practicable, with a supply equal to twelve months' consumption, authorizing the immediate erection of a godown for its lodgement.

Res. M. B. 21st May 1814

The Governor General in Council directs that 20 Rupees per month be allowed to the Deputy Paymasters for the rent of a godown for the deposit of the Hospital wine, with the exception of the Paymaster at Chunar.

Proc. G. G. 5th Oct. and 2d Nov. 1807

The Paymaster at the Presidency is allowed to draw 20 Sonat Rupees per month, for the hire of a godown for the reception of the wine, required at the Presidency, under the new Medical Regulations.

The Paymaster at Chunar is authorized to draw 10 Sonat Rupees per month, for a Lalla for the purpose of attending to the receipt, issue and keeping an account of Hospital wine.

The Deputy Paymaster to the Garrison at Agra is authorized by his Lordship in Council to entertain a Lalla, at 10 Sonat Rupees per mensem, for the purpose of attending to the receipt, issue and keeping an account of the Hospital wine entrusted to the charge of that Officer; and the Military Board will issue the necessary orders for a Store-room being delivered over to the charge of the Deputy Paymaster for the deposit of the wine.

Proc. G. G. 11th July 1808

ART. 31st—The Surgeon of the Calcutta Hospital, and the Regimental Surgeons, shall at all times be supplied by the Paymaster and the Deputy Paymasters with whatever quantity of Hospital wine they may require for the use of the sick, but for no other purpose, at a fixed price, the amount of which shall be deducted from their monthly allowances, and they shall on no account be permitted to use any other wine in their Hospital.

G. O. G. G. 28th May 1807 Medical Regns.

G. O. G. G.  
18th May 1807  
Medical Regns.

ART. 33d.—The Paymaster and Deputy Paymasters shall transmit, to the Military and Medical Boards, Monthly Returns of the wine furnished by them to the Regimental Surgeons, and of the quantity remaining in store under their charge, to enable those Boards to take measures for having a stock of wine constantly lodged at the principal Military Stations, sufficient for the usual expenditure on account of the sick, and also for emergencies.

Monthly Returns of the wine to be furnished by the Paymasters.

Proc. G. G.  
14th Mar. 1808

The Governor General in Council is of opinion that the duty of forwarding the consignments of Hospital wine to the principal Military Stations, as prescribed by the 33d Article of the Medical Regulations, including the provision of boats for the purpose, should be conducted under the immediate superintendence of the Military Board, in conformity to such arrangements in regard to the amount of the consignments and periods of dispatch, as from time to time may be formed by the Military and Medical Boards in concert with each other, for the furtherance of that service.

The wine to be forwarded under the orders of the Military Board.

Res. M. B.  
30th Jan. 1810

Ordered, that a statement be prepared by the Secretary of the balances of Hospital wine at the several Stations of the Army, agreeably to the latest returns, and transmitted to the Medical Board with the Board's request to be informed what supplies of wine it may, in the opinion of that Board, be advisable to send up to the several Stations, on the opening of the Cossimbazar River.

G. O. G. G.  
13th May 1809

The Governor General in Council having had before him a report relative to breakage, which is stated to have taken place in the chests of wine, dispatched from the Presidency for the use of the Hospitals at the Upper Stations of the Army, deems it proper to notify for general information, that, as the breakage must be very inconsiderable, if any, provided the wine be carefully and properly packed in the chest, it does not appear necessary that any allowance should be made on that account; and in order that the responsibility for the due package of the wine may be fixed upon the proper person, his Lordship in Council is pleased to direct that the chests, immediately after their arrival at a Station, shall be opened in the presence of the Deputy Paymaster and of a person who is to be deputed by the commanding Officer of the Station, for the purpose of examining the contents of each chest, and to report to the Military Board any breakage that may be found, in order that the same may be charged to the person by whom the wine was dispatched from the Presidency.

Regulations for the Survey of the wine on its arrival at Stations, and attaching responsibility for the breakage that may occur.

By this arrangement the Deputy Paymaster will be held responsible only for the quantity of wine that comes into his possession; and in the same manner the Surgeons are to be held responsible only for the breakage occurring after the delivery of the wine to them or to their order.

Res. M. B.  
24th July 1810

On the arrival of the wine for the Medical Department at Stations, commanding Officers will give the usual orders for the chests containing it being opened in the presence of a Committee (with a view to ascertain the number of bottles that may be broken) at the Deputy Paymaster's godown, in the presence of the Deputy Paymaster's Sircar and people in attendance to take charge of it, who will afterwards carefully re-pack it in the chests, after which the Garrison Store-keeper is to be exonerated from all responsibility on account of the wine.

The chests are to be opened and the bottles taken out of them by the Garrison Store-keeper's Sircar, who goes in charge of the wine, but the wine is to be replaced in the chests by the Paymaster's people, who will be responsible that it is properly packed.

The Board leave the regulation of the spare tonnage entirely to the discretion of the Garrison Store-keeper.

G. O. G. G.  
18th May and  
14th Aug. 1807  
Medical Regns.

ART. 32d.—Madeira, which is the only wine to be used in the Hospitals, including the General Hospital at Calcutta, will be issued by the Paymaster and Deputy Paymasters to the Regimental Surgeons at the following rates:

Rates at which the wine is to be charged.

| At the Presidency, per Dozen,           | Sicca Rupees |
|-----------------------------------------|--------------|
| -Berhampoor                             | 14 8         |

The charges for Hospital wine how to be adjusted on the Military Accounts.

**ART. 34th**—The cost of the wine purchased for the use of the Hospitals shall be charged on the books of the Military Paymaster General to the debit of the Medical Board, and he will also credit the Medical Board for all sums received from the Paymasters for wine sold.

G. O. G. G.  
18th May 1807  
Medical Regns.

This account shall be adjusted annually by the Medical Board, and the Military Paymaster General and Military Auditor General jointly, the Medical Board furnishing such materials for that purpose as may be in their power, and the difference, according to circumstances, whether of profit or loss, shall be brought to the debit or credit of charges Military.

It is however to be clearly understood, that all medical charges of every description, which are placed to the debit of the Military Department, are to be subject to the observations and audit of the Military Auditor General, whose official situation makes him responsible to Government, that no unauthorized, improper, or unreasonable charges are admitted on the Military Accounts.

Regulations for the Insane Hospital at the Presidency and allowances fixed for the several descriptions of Patients.

The Governor General in Council confirms the rates of the allowances proposed by the Medical Board to be made for the different classes of patients to be admitted into the Hospital for Insanes.

Proc. G. G.  
Pub: Dept. 10th,  
Mil: Dept. 17th  
June, 1802.

The Governor General in Council also approves the additional Regulation proposed by the Board, viz.

That it is to be considered a part of the duty of the Medical Board and of the Surgeon for the Hospital for Insanes to enquire into the situations of the Families of the Military Patients in the Hospital, and into that of the Widows and Orphans of those who may die, and report the same to his Lordship in Council, who will thereby be enabled to grant the requisite relief.

Before any person shall in future be admitted into the Hospital, or as soon after their admission as may be practicable, such patients, whether sent in on account of Government or individuals, shall be examined by a Member of the Medical Board, who shall give his opinion in writing to the Surgeon in charge respecting their situation, and the propriety of their being received.

The Institution is to be considered as under the superintendence of the Medical Board, who shall visit the Hospital frequently, and be held responsible that due care and attention is paid to the welfare of the patients.

The Surgeon shall send to the Board weekly returns, comprehending the patients of all descriptions under his care; and the Board shall transmit to Government a report of the state of the Hospital on the first Monday of every month.

The allowances of the different classes of Patients maintained in the Hospital at the expense of the Hon'ble Company shall be as follows:

For Civil covenanted Servants the sum of Sicca Rupees 150 perensem.

For all the Military Servants of the rank of Ensign or under, the pay, batta and gratuity of their respective ranks.

For all Military Servants of the rank of Lieutenant and above, the pay, batta and gratuity of Lieutenant.

For persons employed in the Pilot Service the net pay or pension of their respective ranks.

For persons not in the Service, who had been in the situation of Gentlemen, Sonat Rupees 100 perensem.

For female Patients, who had been in the situation of Gentle women, Sonat Rupees 150 perensem.

For the lower classes of Europeans, Sonat Rupees 15.

These allowances shall be paid by the Paymasters of the respective Departments, the bill being previously audited by the Medical Board, who shall specify on the first bill for every new Patient, the date of the order of Government for the person being admitted into the Hospital.

When Military Patients are sent to the Hospital a certificate of the last pay they have received to be transmitted to the Surgeon in charge.

Whenever any Patients are sent from any corps of the Army to the Hospital for Insane Persons, the commanding Officer of the corps will, at the same time, send to Mr. Dick, Surgeon to the Hospital, a certificate of the last pay and batta drawn for the Patient; and Mr. Dick will forward that certificate with his first bill on account of the Patient.

G. O. 11th  
Nov. 1795

Who will report all Casualties of Military Patients.

The Surgeon in charge of the Hospital for Insanes is directed to report all Casualties, which occur among the Military Patients under his charge, to the Commander in Chief, whenever they occur.

Proc. G. G.  
4th Sept. 1800

M. C. 16th June 1798  
M. C. 11th Feb. 1799

The Hospital at Monghyr for the reception of Insane Sepoys, being reported ready, resolved, that the following allowances and establishment be fixed.

Allowances and establishment for the Insane Hospital, Monghyr.

The Surgeon to be allowed to draw 100 Sonat Rupees per month, in consideration of which, and the pay of the Patients, he is to diet and cloath them and find them in every other necessary, except Europe Medicines, which he is permitted to indent for upon the Honorable Company's Dispensary, under the controul of the Hospital Board.

The following establishment of Servants is allowed :

|                                               |      |      |              |    |
|-----------------------------------------------|------|------|--------------|----|
| On Serjeant as Superintendent, at per mensem, | ---- | ---- | Sonat Rupees | 20 |
| One Compounder of Medicines,                  | ---- | ---- | ----         | 8  |
| One Cook,                                     | ---- | ---- | ----         | 5  |
| One Behishty,                                 | ---- | ---- | ----         | 5  |
| One Washerman,                                | ---- | ---- | ----         | 5  |
| Two Sweepers, at 4 each,                      | ---- | ---- | ----         | 8  |

and one Cooly, at 4 Rupees per month, for every two Patients.

Resolved, that the Purveyor be directed to furnish 20 strong cots with boarded bottoms; 6 feet long by three feet wide, with a mattress and pillow case of canvas, for each cot, to be occasionally filled with fresh straw.

Proc. G. G. 30th Oct. 1803

The Governor General in Council has resolved that the Hospital, established at Monghyr, shall be exclusively appropriated for the reception of Insane Native Soldiery, according to the original intention of Government. Such other persons, however, as have already been received into the Hospital must of course be continued there.

Which is to be exclusively appropriated to the Insane Native Soldiery.

Ext. Let. Adj. Genl. — Oct. 1797

The Governor General in Council has concurred in the propriety of building Hospitals, for the reception of diseased women at the Stations of Danapoor, Berhampoor, Cawnpoor and Futty-Ghur; and the measure is to be carried into immediate effect.

Establishment of Bazar Hospitals for the reception of diseased Native women at the several Stations of the Army.

A Hospital to be built in some convenient part of the Bazar, surrounded with a mud wall. Proper servants and victuals for the women will be allowed at the public expence, as hereafter detailed.

G. O. G. G. 7th Jan. 1811

The Governor General in Council authorizes the establishment of a Bazar Hospital for Native women at Ghazee-poor, under the same regulations as are prescribed for those at other Stations of the Army where such Hospitals are established.

G. O. G. G. 21st Sept. 1807

Ordered, that a Hospital, for the reception of diseased Native women, be established at each of the Stations of Muttra and Agra.

Proc. V. P. 30th Jan. 1810

The Military Board are authorized to direct Major Penson to construct a Hospital at Meerut, for the reception of diseased Native women, on the same scale as the building which is appropriated to that purpose at Cawnpoor.

G. O. C. C. 2d Mar. 1809

Field Army Orders, by Major General St. Leger directing the temporary establishment of a Hospital for diseased Native women, with the division of the Army in Sirhind, are confirmed.

G. O. G. G. 22d Sept. 1807

Ordered, that the Hospitals established at Military Stations for diseased Native women, shall be placed under charge of the Civil Surgeon resident at the station or in its vicinity, under the controul of the nearest Judge and Magistrate.

In the event of the Civil Surgeon residing at too great a distance to admit of the requisite attendance and controul, the senior Regimental Surgeon at the Station, actually present, shall have charge of the Hospital.

In either case the Surgeon will be authorized to draw in a contingent bill, to be accompanied by a return of the women countersigned by the Superintending Surgeon, nine Sonat Rupees per month for each Patient. This allowance to include diet, Europe and Bazar medicines, bedding, and every other expence, which it may be necessary to incur on their account.

These Hospitals are to be under the general controul of the Superintending Surgeon, whether under the charge of Civil or Regimental Surgeons.

The Provincial Commander in Chief will be pleased to determine the Stations at which the Civil Surgeons shall have charge of the Hospitals for Native women.

Determining  
the Surgeons  
in whose  
charge the Hos-  
pitals are to be  
placed, under  
the controul  
of the Superin-  
tending Sur-  
geon.

The Hospitals for diseased women at Agra and Cawnpore, on the establishment pro- scribed in General Orders of 21st September last, are placed in charge of the Civil Surgeons, and, at the other Stations where this institution is allowed, under the immediate charge of the senior Regimental Surgeon present, subject in every instance to the vigilant controul of Superintending Surgeons, respectively.

G. O. C. C.  
20th Feb. 1809

The Governor General in Council is pleased to direct that the Surgeon in charge of the Medical Depot at Cawnpore shall have charge of the Hospital for Native women at Cawnpore.

Regulations for  
the Medical  
Department  
with a division  
of the Army  
proceeding on  
service.

Superintending  
Surgeon ap-  
pointed.

Field Surgeons.

With the sanction of the Governor General in Council, the Commander in Chief is pleased to direct that the Medical Staff of the expedition, now preparing for foreign service, shall be constituted as follows.

G. O. C. C.  
4th Feb. 1812

One Superintending Surgeon, who shall exercise a general controul and authority over the whole of the Medical Department, and who shall draw the same salary with that of a Superintending Surgeon of a Field Station on this establishment.

One or more Field Surgeons to have the charge of Field Hospitals, subject to the immediate controul of the Superintending Surgeon.

The Field Surgeons to draw the salary and allowances fixed for that situation, only during the period of their being actually in charge of Field Hospitals.

Medical Store-  
keeper and  
Apothecary.

An Assistant Surgeon to be nominated to the situation of Medical Store-keeper with the expedition, and to be allowed an Apothecary to assist him in the performance of the duties of that appointment: the Medical Store-keeper and Apothecary to draw the salaries fixed for those situations, respectively, by the orders of Government under date the 10th August, 1810, viz.

The Assistant Surgeon acting as Medical Store-keeper to draw, in addition to the pay and batta of his rank, an allowance of Sonat Rupees two hundred per mensem. The pay of the Apothecary to be Sonat Rupees one hundred per mensem.

Proportion of  
Surgeons ap-  
pointed to  
Corps, &c. and  
regulations for  
their drawing  
the medical al-  
lowances.

Two Assistant Surgeons to be appointed to the Detachment of Artillery, the senior of whom to have medical charge of the Detachment and to draw the established allowances. The Assistant Surgeon who may be nominated to this charge, will immediately provide himself with the bedding, clothing, &c. required for the Regimental Hospital of the European Artillery detail specified in General Orders, and report to the Adjutant General when such equipment shall have been completed, in order that a Committee may be appointed for the survey of the same.

Two Assistant Surgeons to be appointed to each Battalion of Native Infantry proceeding on the expedition; the senior Assistant Surgeon to have medical charge of the corps, and to draw the established allowances.

Five disposable or unattached Assistant Surgeons to proceed with the Troops from this Presidency to be employed as Field Hospital Mates, or otherwise, as the nature of the Service may require.

From the time that the Troops embark, and during their continuance on board of ship, the senior Military Surgeon or Assistant Surgeon on each vessel shall have medical charge of the men allotted to their respective ships during the voyage, and draw for them the established allowances, viz.

For each European, including commissioned Officers, Sonat Rupees 2-8 per mensem.

For Native Infantry and Goolundaz, Sonat Rupees 22-8 for every hundred men borne present on the Muster Rolls of corps, including European commissioned and non-commissioned Officers.

For Gun Lascars, Sonat Rupees 16, for every hundred men borne present on the Muster Rolls: for these allowances the Surgeon or Assistant Surgeon shall provide every article required for the sick, diet excepted.

Each Surgeon or Assistant Surgeon who shall have charge of men on board of ship shall submit to the Medical Board, previous to the embarkation of the Troops, statements of the number and description of men of which they are to have charge, respectively, together with indents for wine and medical stores, in order that the Board may judge whether they supply themselves with a sufficient quantity of these articles for the use of the men under their care, for a voyage, the duration of which is to be calculated at a period of three months.

On the arrival of the Troops at the place of their destination, the Senior Medical Officer attached to each Corps shall resume the medical charge of it.

The Medical Board will be pleased to instruct the Honorable Company's Apothecary to prepare a sufficient stock of Europe medicines and instruments for the expedition, to be made over to the charge of the Medical Store-keeper.

Proportions of medicine and Instruments to be supplied from the Dispensary.

The Commissary General is directed to adopt the necessary measures for the provision of Hospital cots, bedding and clothing, &c. for 300 men. These, when prepared, shall be carefully examined and approved before embarkation, by Committees, consisting of Military and Medical Officers: they shall however be continued under charge of the Commissariat, and on the arrival of the expedition at the place of its destination and during the course of its operations, shall be delivered over to the Surgeons who may be placed in charge of Field Hospitals, in such proportions as the Superintending Surgeon of the Force may consider necessary, charging such Field Surgeons at the rates which the articles may have cost Government.

Provision of Hospital cots, bedding, clothing, &c. for the Field Hospital.

The provision for each man to consist of 1 Cot—1 Mattress, with one large and two small pillows (to be left empty and stuffed with straw when used)—2 Sheets—1 Quilt—2 Bed Gowns—2 Shirts—2 Night Caps and 2 pairs Long Drawers.

The Commissary General will further be pleased to obtain from the Hon'ble Company's stores, 25 pipes of Madeira wine for the use of the Troops proceeding on the expedition, and will take measures for having one third thereof immediately bottled off, and packed in chests containing six dozens each, for the purpose of more conveniently supplying the wants of Regimental Surgeons on the landing of the Troops, and during the continuance of the projected service.

Provision of wine for the Field Hospital and Regimental Surgeons.

The wine to continue under charge of the Commissariat, whence Regimental and Field Surgeons will be supplied with the necessary quantities on indents sanctioned by the Superintending Surgeon of the Force, at the same rate which is paid by Regimental Surgeons at this Presidency,—(viz Sicca Rupees 14 8 per Dozen.)

## **Form N<sup>o</sup>. I.—CHAPTER X.**

*Establishment of Servants to be kept up by the Surgeons of European Corps, as determined by the Medical Board, in conformity to the Medical Regulations, published in General Orders of the 28th May, 1807.*

### **MEDICAL SERVANTS.**

- 1 European Apothecary and Assistant.
- 2 Native Compounders and 2 Assistants.
- 2 Native Dressers and 2 Assistants.
- 6 Shop Coolies with a Sirdar.
- 1 Shop Bheesty.

### **DOMESTIC OR HOSPITAL SERVANTS.**

- 1 European Steward and Assistant.
- 1 Native Cook, for every 20 Patients, with one Sirdar for the whole.
- 1 Native Attendant or Cooly for every 6 Patients, with a Sirdar for the whole.
- 1 Native Attendant for every Patient confined to bed.
- 2 Bheesties for every 25 Patients, with 1 Sirdar for the whole.
- 1 Sweeper, for every 25 Patients, with a Sirdar for the whole.

---

The furniture and utensils of the Shop, Kitchen and Hospital, to be regulated by the Superintending Surgeon, under the instructions of the Medical Board.

---

*Hospital Bedding and Cloathing to be furnished by the Surgeons of European Corps.*

---

### **B E D D I N G.**

This will consist of 1 large Pillow, or Bolster—1 Mattress—2 small Pillows, with a Sheet and Quilt, all of a quality and form, to be approved of by the Medical Board, and to be changed or shifted at proper intervals.

### **B E D C L O T H E S.**

These will consist of a clean Gown—Cap—Banvan Shirt, and Long Drawers, for every Patient, of a quality and form approved by the Medical Board, and will be regularly shifted three times a week, and oftener, when necessary.

Of these different articles of Bedding and Bed Clothes it will, therefore, be necessary for the Surgeon to keep up an established number in store, fully adequate to these purposes.

---

- 1 Sweeper for every 20 patients, with a Sirdar for the whole.

The furniture and utensils of the Shop and Hospital, bedding and bed cloaths, to be the same as directed for the Hospitals of European Corps.

*Table exhibiting the proportion of Daclies in the Field and Cantonments for the different Corps of the*

Magistrates when recruited for Detachments from Provincial Battalions, are hired under the authority of the Magistrates, and charged as contingency.

## CHAPTER XI.

*Independent and Provincial Corps.*

*Body Guard of the Governor General—Corps of Pioneers or Sappers;—and of Miners.*

*Efforts with Residents at Foreign Courts—Corps of Hill Rangers—Ranghur Battalion.*

*Calcutta Native Militia—Independent Corps at Fort Marlborough.*

*Provincial Battalions.*

*Corps of Independent Cavalry; and of Provincial Cavalry for the duties of the Ceded and Conquered Provinces.*

Explanation to be made to men enlisting in corps other than those of the line, of the nature of the duties they will be required to perform.

THE Provincial Commander in Chief desires that commanding Officers of corps raised for any purposes of the State, different from those usually required in Regiments of the Line, will be most particular in explaining to the satisfaction of every man, previous to enlistment, the precise nature of the Service in which he is placed, and the signal punishment to which any future disobedience must subject him.

G. O. P. C.  
14th Sept. 18

#### BODY GUARD OF THE GOVERNOR GENERAL.

Constitution of the Body Guard of the Governor General.

The Hon'ble the Governor and Council have been pleased to order the raising of one Troop of Hindoostany Cavalry for the Service of a Body Guard, to be composed as follows:

M. C. 22d  
Jan. 17/4

1 Captain—4 Sergeants—6 Duffadars—2 Trumpeters—100 Rank and File—1 Farrier—2 Behishdars—1 Sircar.

The Vice-President in Council, by desire of the Governor General, passes the following Orders.

G. O. V. P.  
19th Nov. 1805  
G. O. C. G.  
14th Dec. 1806

That the Governor General's Body Guard shall be reduced to the strength detailed in the annexed statement, and be constituted in the manner following:

Establishment of the Governor General's Body Guard to take effect from the 1st January, 1806.

One Captain commanding—Two Lieutenants—Two Subadars—Four Jemadars—Six Havildars—Six Naicks—Two Trumpeters—One hundred Troopers—Two Farriers.

#### STAFF AND ESTABLISHMENT.

Staff and establishment of the corps.

One Adjutant (to be one of the Lieutenants)  
One Serjeant Major—One Quarter-master Serjeant  
One Drill Havildar—One pay Havildar  
One Native Doctor

On the same Pay and Staff allowances as in the Regular Native Cavalry.

Six Lalcais—two Puckallies

One Native Riding Master at 26 Rupees per month—two Rough Riders; at each, 5 Rupees per month.

The Detail for the Body Guard to be included on the strength of the Regiments of Native Cavalry.

Each of the Regular Regiments of Native Cavalry of this Establishment shall be kept short of its established strength in a number of Native Officers and Troopers, which, in the aggregate, will be equal to the number of Officers and Troopers composing the Governor General's Body Guard.

The number of European Officers to consist of one Captain Commandant and two Lieutenants, one of whom is always to be Adjutant.

Number of European Officers appointed and their allowances

G. O. V. P.  
June 1786

Officers attached to the Governor General's Body Guard are entitled to the full batta of their rank in cantonments within the Provinces.

G. O. V. P.  
29th Nov. 1806

The commanding Officer and other European Officers of the Body Guard are to receive the horse rent of their rank, when not provided with quarters.

The commanding Officer is to draw the horse allowance of his rank, and is also to receive the batta of the rank superior to his Regimental Rank. (The Subaltern Officers attached to the Body Guard also receive the horse allowance of Lieutenants.)

Allowances to the commanding Officer

G. O. G.  
29th Feb. 1806

The Governor General in Council authorizes the several rates of allowances for the Governor General's Body Guard as follows:

|                                                                                                                                                                     |     |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----|
| To the commanding Officer for repairs of arms and stationery per month St. Rs. 75                                                                                   |     |
| For soaking the gun and preparing it for food, .....                                                                                                                | 30  |
| For saddling the Horses, supplying collars and cloths, head and heel ropes, Curry-combs, muzzlers and physic, when required, for each horse, .....                  | 2 0 |
| For keeping in repair the Saddles and Horse Accoutrements, per set, ....                                                                                            | 1 0 |
| For furnishing cavellants, cotton ropes, &c. for the Drill, in the first instance, Sonat Rupees 117 4 6, and afterwards for keeping them complete, per month, ..... | 7 8 |

The Adjutant to the Body Guard is to receive the same allowance as that granted to an Adjutant of Native Cavalry, viz, Sonat Rupees 167 per mensem.

Adjutant's Adj. June 1

The proportion of Syces, &c. for the Governor General's Body Guard, to be as follows:

Proportion of Syces and Grooms &c.

The Syce for each Horse of the Native Commissioned and non-commissioned Officers, Sergeants, Farriers and Native Doctors, and for the Troopers' Horses, in the proportion of one Syce to three Horses. (For proportion of Grasscutters, allowances to Syces, vide page 265.)

Half batta is only to be allowed to the Native Doctor, Syces, Grasscutters and Lascars of the Body Guard, when not in the Field.

The establishment only to receive half batta.

G. O. V. P.  
29th Nov. 1805

The rates of pay to the Native Officers and Troopers of the Body Guard shall be the same as that of the corresponding ranks in the Regiments of Native Cavalry in Bengal; but the Native Officers and Troopers of the Body Guard are at all times to receive full batta.

Rates of pay and batta for the Native Officers and Troopers.

The Body Guard is to be supplied with arms, accoutrements and saddles, (also with practice ammunition, when requisite,) by Indents on the Military Board, signed by the Adjutant of the Corps, and countersigned by the Commandant.

Regulations for the provision of Arms, accoutrements, &c.

The same rates of off-reckonings to be deducted from the Native Officers and Troopers of the Body Guard as in the Native Cavalry, and to be drawn by the commanding Officer who will furnish them with clothing. (For regulations for the provision of the Clothing vide Chapter XXIII.)

Clothing.

The uniform of the Body Guard is the same as directed for the Native Cavalry, with blue, instead of orange coloured, facings.)

G. O. G.  
29th Sept. 1806

The Governor General in Council is pleased to direct that no stoppages be made from the pay of the Native Officers and men of the Body Guard on account of half mounting.

Half mounting &c.

The commanding Officer of the Body Guard is to draw in a contingent bill an allowance for the provision of half mounting at the rate of one Rupee per month for each of the Native Officers, non-commissioned Officers and Troopers, Trumpeters, Farriers and Lascars, according to the actual number of effectives.

Let. M. S. G.  
29th Jun. 1809  
to Sec. M. B.

I am directed to inform you that the Governor General in Council is satisfied of the necessity of Troopers of the Governor General's Body Guard being furnished with cloaks, and to communicate the following remarks on the other question referred in your letter.

Adj. Cloaks.

It does not appear to the Governor General in Council to be equitable that the commanding Officer of the Body Guard should be required to furnish the cloaks out of his

share of the off- reckonings, unless the off- reckonings received by Officers commanding the regular corps are subject to a similar charge, which his Lordship in Council does not understand to be the case; neither does it seem just to expect that he should charge the charge out of the extra allowance for half mounting, which is intended to provide for specific articles of equipment, which are of course furnished from that source. If the ground on which the foregoing opinions are formed be correct, the only mode of providing the Troopers with Cloaks is by charging the expence to Government, as it cannot be expected that the men themselves should be exposed to any charge on that account.

The Native Officers, Troopers &c. admitted to the Invalid Establishment.

The Native commissioned and non-commissioned Officers and Private Troopers of the Body Guard will be entitled, according to the existing regulations, to all the privileges of the Invalid Establishment. Proc. G. C. 22d Apr 1855

It is how to be provided.

The Horses that may be required in future to complete the establishment of the Body Guard are to be purchased by the Agent for the supply of Horses, (now Commissariat). G. O. V. P. 29th Nov. 1855

Agreed, to inform Government that the Board entirely concur in the opinion offered by the Board of Superintendence as to the conveniences and advantages of adopting the arrangement proposed by Captain Gall for the future supply of the remount Horses required for the Governor General's Body Guard from Poona. Ref. M. G. 28th July 1856

Grain required for feeding them to be furnished by the Garrison Storekeeper.

Ordered, that the Grain required in future for the Horses of the Governor General's Body Guard be provided by the Garrison Storekeeper of Fort William. G. O. V. P. 9th Jan. 1856

That the Grain be issued on daily indents, signed by the commanding Officer, at the established ration of five seers for each effective Horse; these Indents to be annexed as vouchers to the bills, which are to be checked in the Military Auditor General's Office on the general principles of the existing regulations for the Cavalry Grain Agency.

The Governor General in Council does not deem it to be expedient to allow an additional seer of grain to the Horses of the Body Guard for any part of the year. Proc. G. C. 16th Nov 1857

Committees for casting horses becoming unserviceable how to be constituted.

Previously to any Horses of the Body Guard being hereafter cast, the Governor General in Council desires that the Officer commanding the Body Guard will direct them to be inspected by a Committee consisting of such Officers of the corps as he may think proper to nominate for that duty, whose report is to be submitted to the Governor General in Council, with such propositions as the Officer commanding the Body Guard may have to make respecting the disposal of the cast Horses. Proc. G. C. 14th Aug 1856

The Body Guard is to be mustered monthly by the Officer commanding at the Presidency.

The Body Guard is to be regularly inspected and mustered once a month by the Officer commanding at the Presidency Station. G. O. V. P. 29th Nov 1855

The Body Guard of the Governor General is to parade for Muster on the first of every month on such part of the Esplanade of Fort William as the commanding Officer at the Presidency may point out. G. O. V. P. 16th July & 13th Jan 1856

The Officer commanding the Body Guard will prepare the usual Muster Rolls and Returns.

The Vice President in Council deems it to be proper to explain that it was not intended by General Orders of the 29th November last, directing the commanding Officer of the Presidency Station to make a Monthly Muster of the Governor General's Body Guard, to alter the established mode of transmitting orders to the commanding Officer of that corps, or to impose on the Officer commanding at the Presidency any further duty than that of making the monthly inspection and musters.

Orders how transmitted to the Body Guard.

All orders respecting the Body Guard will be transmitted, as usual, direct to the Officer commanding that corps, by one of the Governor General's Staff, or by the Secretary to the Government, when necessary; and in cases in which the aid of any other authority may be requisite, the necessary communications will be made to such authority.

#### CORPS OF PIONEERS OR SAPPERS.

Constitution of the corps of Pioneers or Sappers.

The Commander in Chief, with the sanction of the Governor General in Council, is pleased to order a corps of Pioneers to be raised at Cawnpore; the corps to consist of three companies. G. O. C. C. 28th July 1856

G. O. C. C.  
 1st Apr. 1869  
 G. O. V. P.  
 3d Oct. and  
 15th Dec. 1869

With the sanction of the Governor General in Council, the Commander in Chief is pleased to authorize the corps of Pioneers to be augmented to the following strength and establishment,

*Corps of eight Companies of Pioneers or Sappers, with an Establishment of Artificers, &c. attached.*

|                            | 1st Comd | Officers | Sergeant | Subadar | Faradai | Head 1st | Head 2nd | Total |
|----------------------------|----------|----------|----------|---------|---------|----------|----------|-------|
| One Company, .....         |          |          |          |         |         |          |          | 80    |
| Seven Companies more ..... | 14       | 14       | 28       |         |         |          |          | 560   |
| <b>Total</b> .....         | 14       | 14       | 28       | 8       | 32      | 20       | 8        | 640   |

#### EFFEKTIVE STAFF.

Staff

One Assistant Surgeon  
 Two Native Doctors when the corps is in Cantonments or employed on ordinary duties, and one to each Company employed on Field Service

On the same allowances as in the Native Infantry Corps.

#### NON-EFFECTIVE STAFF.

One Adjutant—one Sergeant Major—eight Pay Havildars.

#### ESTABLISHMENT.

Establishment.

In Cantonments, and when employed on ordinary duties.

One Tindal  
 Eight Puckallies, one to each Company,  
 Sixteen Tent Lascars, two to each Company,  
 Eight Mate Smiths, .....  
 Eight Firemen, .....  
 Eight Polemen, .....  
 Sixteen Hammermen, .....  
 Eight Mate Carpenters, one to each Company,  
 Eight Carpenters, .....

A Forge to each company

On the same allowances as in the Native Infantry Corps—Vide Regulation 6, Chapter IV.

Eight carts complete, with a Driver and three Bullocks each, or one to each Company,

(When employed on Field Service an additional Carpenter is allowed to each Company and also a Hand Behishty when in the Field or marching.)

Regulations approved by the Commander in Chief  
 1st Apr. 1869

The Companies are to be numbered from one to eight.

The charge of vacant companies of the corps of Pioneers is subject to the same rule as directed for the Line.

Companies how to be numbered.

The Officer commanding the Corps is strictly to consider himself in a situation of superintendence and controul, excluding him from the immediate charge of a Company.

Rules for the command and charge of companies.

(An allowance of 50 Sonat Rupees perensem for writing, stationery, and for the provision of materials for the repairs of tools, is granted to each Company of the Corps of Pioneers.)

G. O. 1st Apr.  
 1st and 15th  
 Dec. 1869

The Corps of Pioneers and Sappers is placed under the general superintendence and direction of the Quarter-master General.

The Corps of Pioneers placed under the superintendence of the Quarter-master General.

G. O. C. C.  
 1st Dec. 1869

Lieutenant J. Swinton, of the 21st Regiment of Native Infantry, is appointed to the command of the Corps of Pioneers from the 1st of September last.

Commanding Officer appointed and his allowances fixed.

The Governor General in Council is pleased to determine that the Officer commanding the corps of Pioneers shall be allowed a personal salary of Sonat Rupees 200 per mensem in addition to the pay, batta and allowances of his Regimental Rank, in place of being allowed the batta of the next superior rank for commanding that corps.

Proc. G. O.  
12th June 1806

(The commanding Officer also receives the surplus off-reckonings of the corps.)

Allowances  
for Subaltern  
Officers of Pi-  
oneers and how  
to be drawn.

The Governor General in Council authorizes an allowance to each of the Subaltern Officers of the corps of Pioneers, equal to the allowance of an Assistant Field Engineer, viz. Sonat Rupees 112 per mensem.

Proc. G. G.  
18th Aug. 1803

The Subaltern Officers of Pioneers are ordered to draw their Staff Allowance in abstract.

G. O. C. C.  
7th Apr. 1804

Adjutant and  
Serjeant Major  
appointed.

The Governor General in Council having authorized, on the 15th July last, the appointment of an Adjutant and Serjeant Major to the corps of Pioneers, the Vice President in Council is pleased to direct that both be considered as Non-effective Staff.

G. O. V. P. 3d  
Oct. 1809

The Governor General in Council is pleased to authorize the Military Auditor General to pass to the Adjutant of Pioneers the established allowance to a Subaltern of Pioneers, viz. Sonat Rupees 112, in addition to the allowances of Adjutant to that corps.

Proc. G. G.  
16th Oct. 1807

The Military Auditor General is authorized to remit the retrenchment of Sonat Rupees 20 drawn as the established monthly allowance for Serjeant Neither, of the Corps of Pioneers, who likewise receives the Staff allowance of Serjeant Major to the same Corps, upon the same principle as the Military Auditor General was authorized to remit a retrenchment of a similar nature against the Adjutant of that Corps.

Proc. G. G.  
15th Dec. 1800

Allowances for  
the repairs of  
camp equipage.

The Adjutant of the Corps of Pioneers is authorized to draw for the repairs of the public Camp Equipage of that Corps a monthly allowance equal to that granted to a Battalion of Native Infantry for the same purpose.

G. O. V. P.  
12th Dec. 1809

A Serjeant, as to a Battalion of Native Infantry, is allowed to the Corps of Pioneers for the deposit of camp equipage, ammunition, spare arms, &c.

For the provi-  
sion of Targets,  
&c.  
Proportion of  
Petty Stores.

The Vice President in Council is pleased to direct that the allowance of Petty Stores granted to a Battalion of Native Infantry for the repair of arms, accoutrements, &c. and for providing Targets, shall be considered the fixed proportion for the Corps of Pioneers on its present establishment.

G. O. V. P.  
3th Dec. 1809

(Detached companies are to be furnished from the above allowance.)

Separate in-  
dents to be  
prepared for  
the purchase  
ammunition of  
detached com-  
panies.

The Officer in command of the Pioneer Corps to submit separate indents in future for the annual purchase of ammunition for each detached Company, to be drawn on the nearest magazine, in the proportion laid down on the 4th April last. (*Vide Chapter XIII.*)

Res. M. B.  
5th Dec. 1809

The Serjeants  
are to exer-  
cise authority  
next to the Eu-  
ropean com-  
missioned  
Officers.

The European non-commissioned Officers are to exercise authority and command next in succession to the European commissioned Officers, and are to be obeyed accordingly. (The Serjeants attached to the Corps of Pioneers receive a Staff allowance of Sonat Rupees 60 per mensem, each, in addition to the established pay and batta of that rank.)

Pioneer Orders  
11th Jan. 1810,  
approved by  
Comr. in Chief.

A Bugler, two  
Lascars and  
Forge establish-  
ment allowed  
to each com-  
pany & a Tin-  
dal to the  
Corps.

A Bugler, Hatter on the pay, &c. of a private to be allowed to each company of Pioneers. The Vice President in Council is pleased to direct that the full or field complement of one Forge and two Lascars per company, as fixed by the regulations of 1808, for the Corps of Pioneers or Sappers, be permanently allowed and maintained, and that one Tindal, to be borne on the rolls of the First Company, be added to the establishment for the duties of the camp equipage, ammunition and spare arms of the Corps.

G. O. V. P.  
15th Dec. 1809

All the Arti-  
ficers, &c. to  
be borne on the  
strength of  
companies and  
mustered and  
paid as enlisted  
soldiers.  
Regulations for  
the carts attach-  
ed to the  
Corps.

The Vice President in Council is pleased to direct that every description of Artificers allowed for the Corps of Pioneers, as well as the Buglers, Lascars, Carters, and every other person attached to the Corps, be made component parts of companies, respectively, and be borne upon the rolls and mustered and paid as enlisted soldiers not liable to be discharged but under the same rules as are in force for the Corps at large.

The carts furnished at the public expence for the carriage of the spare proportion of im-  
plements are to be maintained by Officers in charge of companies under the same regula-  
tions as are provided for the Quarter-master's carts with Native Corps. (*Vide page 219.*)

Pioneer Orders,  
14th Jan. 1819,  
approved by  
the Comr. in  
Chief.

The Bullocks, which are to be of the established standard height, are to be marked with the letter P on the right haunch, and the Drivers are to be regularly enrolled with the other establishments.

The fixed pay of a Driver is to be 5 Sonat Rupees per mensem, and to be regularly paid with the Corps, by Officers, respectively, out of the allowance granted for each cart.

Proc. V. P.  
24th Oct. 1809

The Vice President in Council passes the bill drawn by Lieutenant Baldoek for the cost of a bullock belonging to the established cart attached to the 4th company of Pioneers, killed at the assault of Bowenny.

Regulations ap-  
proved by the  
Comr. in Chief  
23d Apr. 1808

The Commander in Chief directs that it be particularly explained to the present Corps of Pioneers, as well as to all parties that may be employed to recruit for it, that the Corps, by the reformation it is now about to undergo, will be raised to the same honourable level with the other Corps of the Company's Regular Army, and that the same consideration, which attaches in every situation to the character of soldiers in the British Service, will attach to the Pioneers or Sappers.

Determining  
the duties to be  
performed by  
the Corps of  
Pioneers or  
Sappers in  
peace and war

While the advantages to be derived to the Corps of Pioneers or Sappers under its new constitution are made known to the men, his Excellency considers it proper and necessary, that they should at the same time be fully apprized of the duties expected from them in return, both in peace and war, and accordingly desires that these duties be explained to them as follows.

In time of peace they will be employed in making, cleaning, and repairing roads, in the construction and repairs of fortifications, in the demolition of dismantled forts and of other works, and in giving occasional assistance in magazines.

In time of war, they will be employed as Pioneers in clearing and making roads for the Troops, Artillery and Baggage of the Army, and as Sappers they will be employed at sieges in carrying on the approaches, making the places of Arms, Parallels, &c.—Another part of their duty on such occasions will be to cut down materials and prepare from them fascines, gabions, pickets, &c. &c.

It is however to be understood, and his Excellency desires that it may accordingly be explained to the men, that no degrading works, or works unusual for Pioneers or Sappers to perform, will at any time be exacted from them.

G. O. C. C.  
18th Nov. 1808

The companies of the corps of Pioneers, which may be at Stations from whence the Artillery march out to practise, are to march out and encamp with it.

The Pioneers are to be employed in preparing the ranges, in making fascines and gabions, constructing batteries, and in carrying on approaches, open and by sap, and they are to act in concert with the Artillery in all their operations.

The materials for the fascines, gabions, &c. are to be cut down at the nearest jungle, and the public cattle, either elephants or camels, are to be employed in sufficient numbers to bring it in.

Rope for tying the fascines to be indented for by the senior Officer of the Pioneer corps.

Pioneers are to supply the place of Bildars in the establishment entertained for the annual practise of detachments of Artillery, in such proportions as may be thought proper by the commanding Officer of the Station, on the application of the commanding Officer of Artillery.

Pioneer Orders  
13th May 1810  
approved by  
the Comr. in  
Chief.

Officers commanding detachments of Pioneers are directed, to exhibit in their details of works, a view of the labour of their detachments, comparatively with the expence which would otherwise have been incurred by the public for the same works executed by hired labourers, and charged for in contingent bills.

Monthly Re-  
ports of the  
work per-  
formed by  
Detachments to be  
made by Offi-  
cers command-  
ing them.

The rates to be according to what is understood to be the price of labour in the different situations in which the detachments may, from time to time, be employed; and the Native commissioned and non-commissioned Officers are to be charged for in proportion as overseers or head men.

Comparative statements, agreeably to the subjoined form, are to be prepared and continued monthly, always carrying on the amount of the last statement in continuation to the head of the subsequent accounts.

## FORM.

Detail of the several works and duties executed by the of Pioneers or Sappers, from the to the ; with a statement in detail of the comparative cost thereof, had the same been performed by hire and charged for on contingent bills.

| Dates.                   | On what works employed.                                                                                                                                                                                        | Amount<br>St. Rs.                   |
|--------------------------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------|

| From the 4th to --       | A party of--Havildars and--Privates sent on command with Stores, &c. by order of --                                                                                                                            |                                     |
| From the 20th to         | A party of--Naicks and--Privates furnished as a guard for the protection of -- by order of --                                                                                                                  |                                     |
|                          |                                                                                                                                                                                                                | Total Sonat Rupees. 1               |

Regulations for recruiting the corps.

The existing Regulations for recruiting the Native Corps of the Line are to be generally applied to recruits enlisted for the Pioneers.

Regulations approved by the Comm. in Chief 23d Apr. 1808

The greatest care to be taken that no men are admitted into the corps of Pioneers or Sappers but such as from age, strength, and activity, are capable of undergoing its laborious duties.

The Commander in Chief authorizes recruits, of the standard of 5 feet 5 inches and upwards, to be entertained for the corps of Pioneers.

G. O. C. C. 4th Feb. 1809

A proportion of the different classes of laborers to be entertained in each Company.

Officers commanding Detachments of the corps of Pioneers, in supplying vacancies which may occur, are directed to entertain (per Company) six men who understand the business of making mud walls, two men of the class of Masons, two kutchabrick Makers, and one man who understands and has practised the business of digging wells.

Pio or Order 24th October 1809, approved by Comm. in Chief

It is particularly to be explained to the above classes, whenever any of them may be entertained, that they are to constitute a part of the effective strength of the companies in which they are enrolled, and consequently will be expected to use some of the description of tools in use with the corps, when not employed on work of their peculiar profession.

A remark is to be made in the descriptive long rolls of each Company opposite the men's names of the above classes who may hereafter be entertained, stating their profession.

Rates of pay and batta allowed.

The Corps of Pioneers or Sappers will receive pay and half batta when performing the ordinary duties of Pioneers in time of peace, and full batta whenever employed as Sappers or Pioneers on actual Service in the field, according to the rates of pay and batta allowed to the corresponding ranks in the corps of Regular Native Infantry.

G. O. C. C. 23d Apr. 1808

The Governor General in Council, on consideration of the submitting Orders respecting the Pioneers in regard to pay and allowances, and admission to the benefits of the Invalid Establishment, is pleased to determine that the Native commissioned, non-commissioned Officers and Privates of the corps of Pioneers, shall be entitled to draw full batta under the same circumstances of situation or duty, in which, by the Rules and Regulations of the Service, full batta is allowed to the Native Infantry on this Establishment.

G. O. C. G. 27th Feb. 1809

His Lordship in Council also determines, that the Native commissioned and non-commissioned Officers and Privates of the Corps of Pioneers shall be admitted to the benefits of the Invalid Establishment on the same footing as the corresponding ranks in the Corps of Native Infantry.

The corps of Pioneers admitted to the Invalid establishment on the same allowances as the Native Infantry.

Regulations approved by the Comr. Chief and Apr. 1808

In the promotion of Native Officers to complete the Corps of Pioneers, attention to seniority, where merits are equal, is to be the general rule: conspicuous bravery and tried fidelity will be considered proper exceptions.

Rules to be observed in the promotion of Native Officers

Each man to be armed with a good hanger in a belt of black leather, and one pistol with a small pouch and pouch belt.

Equipment of arms, accoutrements, tools, &c.

Reg. Let. Qr. Master Genl. 8th Oct 1808 adopted by the Mily. Board.

Statement of Tools required for the complete equipment of a Company of Pioneers or Sappers, 80 Rank and File, to be carried in a cart.

|                                                                                   |     |
|-----------------------------------------------------------------------------------|-----|
| 80 Tools, and one fourth spare—make                                               | 100 |
| Fouras or Mamuties in the proportion of three to one Pickaxe will be, Mamuties—70 |     |
| Pickaxes                                                                          | 30  |

Besides these a Company should have

Felling Axes 20—Bill Hooks 25—Hand Hatchets 25—Iron Crow 2—Shovels (Iron shod) 20—Sap Forks 6.

G. O. C. C. 8th Dec. 1809

The uniform of the Corps of Pioneers is to be green with green facings, black buttons, and yellow lace.

Uniform of the corps.

G. O. V. P. 14th Dec. 1809

The same stoppages as are authorized on account of half mounting for the Native Infantry of the Army, under the same Regulations, are authorized for the corps of Pioneers or Sappers.

Regulations for the supply of half mounting.

The stoppages are to be made from the same month's allowances as are prescribed for the corps of Native Infantry.

From the first year's stoppage each Non-commissioned and Private in the Corps of Pioneers or Sappers is to be furnished by the Commanding Officer of the Corps, with one uniform Turban with blue wax-cloth covering, one breast-plate and one working jacket of strong double linen, of such form and colour as may be approved by the Quarter-master General.

In future years in which Turbans and breast-plates may not require to be renewed, such other useful articles of half mounting as may be approved by the Commander in Chief are to be supplied to the corps of Pioneers.

Pioneer Orders 4th Aug 1810 approved by the Comr. in Chief.

The Lascars are to provide themselves with caps, Junghees and Cummerbunds, of the same shape and colour as those now worn by the Privates of the Corps.

The Smiths, Carpenters, Puckally Behisties and Carters are also to furnish themselves with red linen Turbans and Cummerbunds, and lead coloured linen jackets.

Regulations approved by the Comr. Chief and Apr. 1808.

The commanding Officer of the Corps of Pioneers or Sappers is not to have the power of granting discharges to non-commissioned Officers or Privates, nor of discharging Privates not fit for the service nor entitled to be invalided, without the previous written sanction of the Commander in Chief.

Discharges how to be granted

Rolls of such men entertained who shall turn out unfit for the duties of the Corps, or who shall apply for their discharge, to be transmitted to the Quarter-master General.

#### CORPS OF MINERS.

G. O. C. C. 29th Apr. 1808

With the sanction of the Governor General in Council, the Commander in Chief is pleased to direct that a Corps of Miners, with an establishment of Artificers attached, be raised for the service of this Presidency according to the following detail.

Constitution and establishment of the corps of Miners.

Lieutenant Colonel Commandant Horsford, under whose superintendence the Corps of Miners is for the present placed, will form it conformably to the instructions which he will receive for the purpose from Head-quarters.

*Detail of the Corps of Miners, with an establishment of Artificers, &c. attached, exhibiting the monthly rates of pay, (exclusive of off-reckonings) and batta, &c. fixed for the different Ranks.*

|                                                                                | Pay.    |    | Full Batta |    | Total each |    |

| One Cart, .....                                                                |         |    |            |    | 30         | -- |
| Established allowance for writing & stationery, .....                          |         |    |            |    | 50         | -- |
| Repair of Paals, .....                                                         |         |    |            |    |            |    |

**Rates of batta.** The Governor General in Council is pleased to determine that the Native commissioned and non-commissioned Officers and Privates of the Corps of Miners shall be entitled to draw full batta under the same circumstances of situation or duty, in which, by the rules and regulations of the Service, full batta is allowed to the Native Infantry on this establishment.

G. O. G. G.  
27th Feb. 1809  
G. O. V. P.  
27th Jan. 1810

The corps of Miners eligible to the Invalid Establishment the same as Native Infantry. His Lordship in Council also determines that the Native commissioned, non-commissioned Officers and Privates of the corps of Miners, shall be admitted to the benefits of the Invalid establishment on the same footing as the corresponding ranks in the Native Infantry, viz.

Sirdars of the first class as Jemadars—Sirdars of the second class as Naicks.

Miners of the 1st class as Privates of Native Infantry.

Miners of 2d class as Gun Lascars.

The Miners to accompany the Artillery at the al practice. Uniform of the corps. The Corps of Miners when at a Station from whence the Artillery march out to practice, is to move out and encamp with it. (Miners' Tools, when required, are supplied to the Corps on indent from the Officer in charge.—The Uniform for the Corps of Miners is the same as that ordered for the Corps of Pioneers.)

18th Nov. 1808

#### ESCORT WITH THE RESIDENT AT HYDERABAD.

Establishment, allowances, &c. of the Escort with the Resident at Hyderabad, Resolved, that the Escort of the Resident at Hyderabad be considered from the first of the ensuing month as an Independent Corps.

M. C. 21st  
January 1793

The Escort to be formed into two companies as follows:

Each company to consist of One Subadar—One Jemadar—Three Havildars—Three Naicks—Two, Drummer and Fifer—Fifty-six Sepoys.

The following is to be the establishment with the Escort at Hyderabad.

M. C. 20th  
June 1796

One Sircar, at St. Rs. 20 per mensem.

One Native Doctor, ----

Two Puckallies, -- ----

Two Lascars, ---- ----

Two Bildars, ---- ----

} On the same allowances as are fixed in Native Infantry Corps.

#### Allowances to the Officer commanding the Escort.

For stationery and repairs of arms, per month, ---- Sonat Rupees 75

For supplying cattle for the carriage of the camp equipage, ---- 20

For tarpaulins, wax-cloth, &c. &c. ---- 6

The Natives composing the Escort with the Resident at the Nizam's Court are entitled to, and are to receive, the difference between the Bengal and Madras rates of pay and allowances, (for Regular Native Infantry) from the day of their crossing the Kistna.

G. O. 29th  
29th Mar. 1792

(Off-reckonings at the rates established for regular Native Infantry are allowed for the Escort at Hyderabad to be drawn for by the Commanding Officer, who provides the cloathing therefrom.—For regulations for the provision of cloathing to Independent Corps, *vide Chapter XVIII.*)

The same stoppages are allowed for the provision of half mounting to the Escort at Hyderabad, as in Native Corps of the Line, and drawn under the same regulations.)

#### ESCORT WITH THE RESIDENT AT POONAH.

M. C. 15th  
G. O. 15th June  
1837 Lieutenant Colonel William Palmer was appointed by the Governor General in Council, Poonah, on the 8th instant, to be Resident at Poonah.

The Governor General in Council has permitted Lieutenant Colonel Palmer to take with him the Escort at present attached to the Resident with Doulut Rao Scindeah.

(The detail, establishment, allowances to the commanding Officer, &c. &c. of the Escort with the Resident at Poonah, are the same as those of the Escort at Hyderabad.)

J. M. S. G.  
11 Sept 1801 The Government at Bombay has been desired to supply Military Stores for the use of the Escort to the Resident at the Court of Poonah, on indents signed by the commanding Officer, and bearing the counter signature of the Resident.

#### ESCORT WITH THE RESIDENT AT NAGPOOR.

G. O. C. C.  
15th Dec. 1802 The Officer commanding at the Presidency will be pleased to direct two Companies of Nagpoor, Sepoys to be immediately formed by Volunteers to constitute the Infantry Escort for the British Resident at the Court of the Rajah of Berar.

Each Company to consist of one Subadar—One Jemadar—Five Havildars—Five Naicks—Two, Drummer and Fifer,—and Ninety Sepoys.

The Volunteers are to be received from the 1st Battalion 7th Regiment Native Infantry, and the Volunteer Battalions and Companies now at the Presidency, and from the Marine Regiment, should a sufficient number not offer from the former corps.

Promotions of one step in each Rank of Native commissioned and non-commissioned Officers, to be made for the formation of the Escort.

The pay and batta of the Native Troops composing the Escort, the stoppages for half mounting and cloathing, and the pay of the establishment, &c. attached, are to be the same as those of the Escort at Hyderabad, and to be drawn for and adjusted in the same manner.

The complement of Sepoy pails with the requisite carriage cattle, arms, accoutrements and ammunition to be supplied to the Escort on indent, previous to its march from the Presidency.

#### Allowances to the Officer commanding the Escort.

|                                                                             |      |      |                  |
|-----------------------------------------------------------------------------|------|------|------------------|
| For Stationery and repairs of arms per month,                               | ---- | ---- | Sonat Rupees 100 |
| For Guides and Hircarrahs                                                   | ---- | ---- | 50               |
| For war-cloth and tarpaulins and repairs of camp equipage                   | ---- | ---- | 16               |
| For the carriage of camp equipage when cattle are not supplied by the Agent | ---- | ---- | 35               |

#### ESTABLISHMENT.

One Scribe or Native Writer—One Native Doctor.

Two Puckallies—Two Hand Behishties—Four Lascars—Two Bildars.

Proc. G. G.  
P. I. D. 18th  
Feb 1837 The Governor General in Council has been pleased to approve and sanction the disbursement of batta to the Troops forming the Escort to the Resident at Nagpoor at the rate of 10½ per cent. as reported by the Resident.

Proc. G. G.  
P. I. D. 18th  
Feb 1837 The Governor General in Council concurring in the expediency of the necessary supplies of stores, for the use of the Escort at Nagpoor, being furnished from Hyderabad, instead of Fort William; the Board do not consider the transmission of the indents to Bengal at all necessary, as the stores will be issued under the authority and regulations of the Government of Fort St. George.

Proc. G. G.  
11th Feb 1837 The Governor General in Council approves of the suggestion of the Military Board for having the unserviceable arms with the Escort to the Resident at Nagpoor broken up or destroyed by the commanding Officer, under the orders of the Resident.

G. G.  
Apr 1st  
May 1830 The Governor General in Council is pleased to direct that the Tindal and eighteen Lascars, entertained for the service of the Residency at Nagpoor, be considered as attached to

the Escort at that Residency, and their pay included by the commanding Officer in his General Abstract for the pay of the Escort.

The Governor General in Council approves of the rates of pay for the Tindal and Lascars, (the same as for Tent Lascars.)

The Residents at Nagpoor and with Doulut Rao Scindeah are to be instructed, from the Political Department, to make an arrangement for feeding and for replacing Casualties among the carriage Bullocks attached to the Escorts of their respective Residencies, charging the amount on their monthly account of disbursements. Proc. V. P.  
23d Jan. 1810

#### ESCORT WITH THE RESIDENT AT THE COURT OF SCINDEAH.

G. O. C. C.  
14th Feb. 1806.

And at the  
Court of Dou-  
lut Rao Scinde-  
ah.

The Infantry Escort for the Resident at the Court of Doulut Rao Scindeah, having been formed of the following detail, from the detachment commanded by Lieutenant Colonel Bowie, the whole are to be struck off the strength of their respective corps.

Two Subadars, two Jemadars—ten Havildars—ten Naiks—four Drummers and Fifers—one hundred and eighty Sepoys.

The complement of Sepoy Paals, with the requisite carriage cattle, arms, accoutrements and ammunition to be supplied to the Escort on indent, previous to its march from Agra.

Pay and full batta is always to be drawn for the Native Troops composing the Escort, and in consideration of the very high price of provisions and other necessaries in the countries in which the Escort will be employed, the Commander in Chief authorizes a fee of ottah to be served, gratis, daily, to each of the Native commissioned, non-commissioned Officers, Drummers, Sepoys and men composing the establishment of the Escort, subject to the confirmation of Government.

The Governor General in Council adopts the proposition of the Military Board for restricting the gratuitous issues of rice to the Escort with the Resident at the Court of Doulut Rao Scindeah, to the period in which a scarcity of grain may continue to prevail, viz. when less than 15 ferss for the Rupee. Proc. C. G.  
22d Feb. 1808

The Governor General in Council is pleased to acquiesce in the mode pointed out by Captain Broughton for the accommodation of the men composing the Escort at the Court of Doulut Rao Scindeah in making remittances through the channel of the Paymaster of the Escort, he giving drafts, for the amount of the several sums to be sent, in favour of the Collectors of the districts in which their families may reside. Proc. G. G.  
21th June 1807

The stoppages for half mounting and cloathing to be the same as those for the Escorts of Hyderabad and Nagpoor, and to be drawn and adjusted in the same manner. G. O. C. C.  
14th Feb. 1806

The Officer commanding the Escort will draw the following allowances.

\* One Sircar, or Native Writer, at 30 Rupees per mensem.

For stationery and repair of arms, per month, .... Sonat Rupees 100

For Guides and Hircarrahs, .... 50

For wax, cloth, tarpaulins and repairs of camp equipage, .... 16

For the carriage of the camp equipage when cattle are not supplied by the Agent, 35

The following establishment is fixed for the Escort. The rates of pay of the establishment to be the same as those allowed in the Regiments of Native Infantry in Bengal.

One Native Doctor—2 Puckalies—2 Hand Behilghies.

Four Lascars—Two Bildars.

The Officer commanding the Escort with the Resident at the Court of Doulut Rao Scindeah is authorized to draw for a cart, until the pleasure of Government may be known, to carry the spare arms, accoutrements, &c. of the sick of the Escort, in consideration of its peculiar situation, which will probably be in camp and moving about during many months of the year. G. O. C. C.  
14th Apr. 1806

The Governor General in Council is pleased to sanction the charge by Captain Broughton of a cart for the use of the Infantry of the Escort with the Resident at the Court of Scindeah. Proc. G. G.  
18th May 1807

M. C. 24th Apr.  
1793

**CORPS OF HILL RANGERS.**  
Resolved, that the Corps of Hill Rangers at Bhaugulpoor be transferred from the Revenue to the Military Department, and that the Commander in Chief be requested to issue the necessary Orders in consequence.

Constitution of  
Establishment,  
&c. of the Corps  
of Hill Rangers.

M. C. 27th  
May 1793 and  
Proc. G. G.  
25th Aug. 1803

The Governor General in Council has been pleased to resolve that the following be the Establishment of the Corps of Hill Rangers, and that the Rates of Pay be as annexed.

With a view to provide effectually for the duties at present performed by the Sebundies in the district of Bhaugulpoor, the Governor General in Council directs that an addition of one Hindostanee Havildar, one Naick and twelve Hindostanee Sepoys, to each of the four companies of the Corps of Hill Rangers, be made to that corps.

Establishment of the Corps of Hill Rangers, consisting of four companies, in conformity to Minutes of Council, of 27th May, 1793, and G. O. G. G. 25th August, 1803.

No batta allowed to the Natives of the Corps.

It is to be understood that the pay fixed for the several Ranks of the Corps of Hill Rangers, in the Minutes of Council of the 27th instant, includes every allowance, and that batta is not to be drawn for the Natives of the Corps in any situation.

G. O. 318  
May 1793

The Paymaster of Artillery and Garrisons is to be the Paymaster to the Corps of Hill Rangers.

Uniform.

The Uniform of the Corps of Hill Rangers to remain, as at present, red, with green facings, white buttons and lace.

G. O. C. 9  
8th Dec. 1809

Provision of half moustings.

The European Officer commanding the Corps is to be allowed to deduct from the pay of each man, monthly, eight annas, for which he is to furnish him annually with an uniform turban and cummerbund, two ungahs, two pairs of Jangheas and two crosses.

M. C. 27th  
May 1793

Rules for recruiting and promotion.

The Hindostanies belonging to this Corps, being intended to superintend the discipline and conduct of the Mountaineers, it is essential that they should themselves be well trained, and men of established characters: no new Recruits are therefore to be admitted into the Corps.

When vacancies happen among the commissioned and non-commissioned Officers of that description, promotions are to be made from the inferior ranks, provided there be in the Corps men fit for such promotion, and application is to be made to the Commander in Chief for Privates to fill up the vacancies, who will be ordered from some of the Regular Corps in the Service.

All promotions of the commissioned Officers are to be made by the Commander in Chief, and commissions will be issued by him to the Subadars and Jemadars, who shall be hereafter promoted.

The benefit of the Invalid Establishment extended to the Corps of Hill Rangers.

The men belonging to this Corps, whether Mountaineers or Hindostanies, when disabled or worn out, if they shall have served the Company the prescribed period, are to be admitted to the indulgence of the Invalid Establishment.

They are not to perform the duty of guarding convicts while working on the roads.

The Governor General in Council is pleased to direct that the Convicts at Bhaugulpore, whilst employed upon the roads, be guarded by Burkundazes, as heretofore, instead of by the Corps of Hill Rangers.

Proc. G. G.  
11th Dec. 1806

#### RAMGHUR PROVINCIAL BATTALION.

Establishment, &c. of the Ramghur Battalion.

The Governor General in Council having on the 29th ultimo resolved, that a Battalion should be raised for the Provincial duties of Ramghur, and having approved the details laid before him by the Commander in Chief, the above-mentioned Corps is to be immediately raised.

G. O. 14th July 1795  
G. O. P. C.  
26th Aug. 1806  
G. O. G. G.  
16th Oct. 1810

The Officer commanding the Ramghur Battalion will be pleased to level that Corps to one Subadar—one Jemadar—five Havildars—five Naicks—one Drummer—one Fifer—Eighty-five Privates, and one Puckallie per Company.

The Governor General in Council is pleased to direct that the Ramghur Battalion be augmented to eleven Companies of the present strength, and the Commander of the Forces is requested to issue the necessary orders accordingly.

The European Officers with the Ramghur Battalion to be as follows:

One Captain Commandant—two Lieutenants.

One Adjutant—one Assistant Surgeon.

One Serjeant Major—one Quarter-master Serjeant.

On the same allowances as are fixed for the corresponding Ranks in the Regular Native Infantry.

The establishment of Staff, Puckallies, Sircars, &c. to be the same as in the Regular Battalions, (previous to the Regulations of the 8th January, 1796) viz.

1 Native Doctor

1 Drill Havilder—1 Drill Naick

1 Drum Major—1 Fife Major

5 Sircars at, each, per month,

One Tindal

Twelve Lascars at each,

One Mistry Smith

One Fireman

Two Hammermen at each,

Two Mistry Armourers at each

Sonat Rupees

15

7 8

4 12

7

5

10

|                        |     |
|------------------------|-----|
| One Carpenter          | 5   |
| Two Siclegurs at each  | 5 8 |
| One Sailmaker          | 5   |
| Two Chucklers at each, | 4 8 |
| Six Bildars            | 3   |
| Two Hackeries          | 80  |

Allowance to the Commanding Officer, &c.

\* For Iron, steel and charcoal per month, Sonat Rupees 150

\* For the repairs of camp equipage, &c. 30

(These allowances, having been fixed when the corps consisted of eight companies, have been subsequently proportionately augmented; with reference to the increased establishment.)

Annual allowance for Butts and Targets same as a Battalion of Native Infantry. 45

The surplus of the off-reckonings to be given to the commanding Officer.

The commanding Officer also receives the batta of the rank superior to his Regimental Rank.)

The Men enlisted for the Ramghur Battalion are to be Natives of that District, and due regard must be paid to their height and strength.

The Native Officers for the Ramghur Battalion to be taken in the first instance, with the consent of the parties, from the Regular Battalions by promotion, but after the Battalion is completed, all promotion is to go in the Corps.

Native commissioned Officers are to be appointed by the Commander in Chief, at the recommendation of the Captain Commandant.

Rules for Recruiting and promotion in the corps.

G. O. C. C.  
2d May 1866

The Commander in Chief is pleased to promote Sumadan Sing, Jemadar in the Ramghur Battalion, to the rank of Subadar, in testimony of his Lordship's estimation of the judgment and gallantry displayed by that Officer in command of a party employed against a refractory Zemecendar.

G. O. C. C.  
July 1871

The Pay of the Ramghur Battalion, (exclusive of off-reckonings, which are the same as in the Regular Battalions,) to be as follows:

Rates of pay

|                                   |    |
|-----------------------------------|----|
| Subadar per month, Sonat Rupees   | 30 |
| Jemadar                           | 15 |
| Havildar                          | 10 |
| Naick                             | 8  |
| Drummer                           | 8  |
| Private                           | 5  |
| Puckallie, established allowance. | 12 |

No batta or half batta to be granted to this Corps.

Proc. V. P. 4th  
Feb. 1872 and  
G. O. 4th Off.  
1873

The Vice President in Council authorizes the same batta as is allowed to the 1st Battalion 18th Regiment to be passed to the Ramghur Battalion whilst the two Corps shall continue on the same Service. It is, however, to be clearly explained to the Native Officers and men of the Ramghur Battalion, that this indulgence is never to be expected or granted but whilst they may continue to act, under similar circumstances, with the Regular Troops of the Line.

Batta under what circumstances allowed.

G. O. C. C.  
8th Dec. 1879

The uniform of the Ramghur Battalion to remain, as at present, red, with green facings, white buttons and lace. Uniform.

G. O. C. C.  
July 1890

The benefit of the Invalid Establishments are not to extend to the Ramghur Battalion, excepting with respect to the Native Officers at first admitted into it.

(Men of this Corps disabled by wounds or otherwise in the Service are also admitted to the benefits of the Invalid Establishment.)

The benefit of the Invalid Establishment restricted to those men who were appointed from Corps of the Line.

M. C. 13th  
January 1897

Resolved, at the recommendation of the Commander in Chief, that two three-pounder Guns be attached to the Ramghur Battalion (at present two four-pounder Guns) with one European Gunner or Matrofs,—eight Sepoys trained to the Gun Exercise—one Tindal and twelve Lascars to each Gun. (For proportion of ordnance stores and practice Gun Ammunition allowed for the Ramghur Battalion, vide Forms No. 1 and 4, Chapter V.)

Establishment of Ordnance, Artillery men, &c. attached to the corps.

G. O. C. C.  
28th Jan. 1897

The Commandant of Artillery is directed to select two careful fiber gunners or Matrofs to be attached to the guns of the Ramghur Battalion.

Major Marshall is directed to entertain the Tender and Lascars allowed for the Guns, and to draw for the establishment of people, allowances for grease, charcoal, iron, &c. fixed for two guns by the Minutes of Council of 3d August, 1779. (vide page 302.)

#### Calcutta Native Militia.

Constitution,  
&c. of the  
Corps of Cal-  
cutta Native  
Militia.

The Governor General in Council having determined, on the 30th ultimo, that a Militia M. C. Corps should be formed for the express purpose of supplying all guards and detachments July that are now furnished from the Garrison of Fort William, for the Town and other duties; and thereby confining the Troops belonging to the regular corps to the duties of the Gar- rison and to the supply of those guards in the Town only, which are attached to the Go- vernor General and Commander in Chief, and furnishing the Sentinels for the Council House and Treasury;—the Governor General was requested to give the necessary orders for raising this corps.

The Governor General in Council, deeming it necessary to augment the strength of the Calcutta Native Militia for the purpose of supplying the place of the Sebundy Town G. O. G. G. Guards lately disbanded, and also of furnishing detachments for the duties under the Ma- 25th Sept. 1800 gistrates of the Twenty-four Pergunnahs, has directed that corps to be placed on an entirely new establishment.

The Governor General in Council, adverting to his orders of the 25th September, for G. O. G. G. augmenting the strength of the Calcutta Native Militia, his Lordship in Council directs 22d Nov. 1800 that an addition of five companies be made to that corps.

This increase is to provide for the duties at present performed by Sebundies at the un- dermentioned Stations.

Under the Magistrates at Hoogly—Jessore—and the Twenty-four Pergunnahs.

Under the Collector of the Twenty-four Pergunnahs.

Under the Salt Agents at Hidgelee—Tumlook—Twenty-four Pergunnahs—Roy- mungul—and Calcutta.

The commanding Officer at the Presidency is desired to instruct the Officer command- Proc. G. G. ing the Calcutta Native Militia to furnish the Superintendent at Chandernagore and the 20th Nov. 1807 Commissioner at Chinlurah with such Escorts as they may have occasion to apply for.

The Governor General in Council is pleased to determine, that all Guards or Escorts Proc. G. G. which may hereafter be required by the undermentioned Officers on any service connected 1st Feb. 1808 with their public duties, shall be furnished on application to be made by them, respectively, to the Officer commanding the corps of Calcutta Native Militia.

The Magistrates of Calcutta and of the Twenty-four Pergunnahs.

Sub-Treasurer.

Mint-master.

Secretary to the Board of Trade in the Opium Department.

Sub-Export Warehouse Keeper.

Judges of the Provincial Court of Appeal for the Division of Calcutta proceeding on the Circuit.

The duties at present performed by the Sebundies under the Collector of Jessore, and G. O. G. G. under the Collector of Government Customs at Hoogly, are to be performed in future by 4th Aug. 1803 parties to be detached from the Corps of Calcutta Native Militia.

The Corps of Calcutta Native Militia is to be immediately augmented to Sixteen Com- panies of the following strength:

Establishment,  
off. &c. of the  
1196.

#### EACH COMPANY TO CONSIST OF

One Subadar—one Jemadar—five Naicks—one Drummer—one Fifer—one hundred Sepoys—one Puckallee.

#### EFFORTIVE STAFF.

G. O. G. C. The Governor General in Council expects, that, at the establishment of Sebundies his  
22d Nov. 1800 therto allowed for performing the duties at the foregoing Stations, was formed upon an  
enlarged scale, with a view to provide for occasional chiefs and other contingencies, and  
as the men of the Militia Corps will be more efficient in every respect than the Sebundies,  
that the duties will in future be not only better performed by the men in the Militia  
Corps, but by smaller detachments.

Proc. G. C. The Officer commanding at the Presidency will issue the necessary orders for a monthly  
20th Mar. 1809 present state of the Corps of Calcutta Native Militia being transmitted to the Adjutant  
General for the information of his Excellency the Commander in Chief. Monthly Re-  
turn to be sent  
to the Adju-  
tant General.

G. O. G. C. The Governor General in Council has appointed Captain George Downie to the com-  
25th Sep. 1800 mand of the Corps of Calcutta Native Militia. Commanding  
Officer ap-  
pointed, and  
his allowances  
detailed.

G. O. G. C. The Commandant of the Calcutta Native Militia is to be allowed, in addition to the  
25th Nov. 1800 usual pay and allowances of his rank, the same personal Staff allowance as was granted to  
Captain Mouggach as commanding Officer of the Sebundy Town Guards, viz. 250 Rupees  
a month, as well as the full batta of the next superior rank above his Regimental Rank, and  
80 Rupees per month for keeping the lines in repair. (Upon the augmentation of the  
Corps to sixteen companies, the latter allowance was increased to 100 Rupees.)

Ref. M. B. Agreed to recommend to Government to authorize the work in Captain Downie's esti-  
5th Jan. 1808 mate for painting, repairing, and white-washing the house at Alipoor, occupied by the  
Approved by commanding Officer of the Calcutta Militia. The commande-  
the Gov. Gen. in Council. ing Officer's  
quarters re-  
paired at the public  
expense.

G. O. G. C. The Governor General in Council directs that the arms and accoutrements of the Cal-  
25th Nov. 1800 cutta Native Militia Corps shall be repaired in the same manner as those of the Regular  
Regiments of Sepoys, and that the same allowance, viz. 50 Some Rupees per month, for  
each company, be accordingly granted to the Commandant, in order to enable him to pro-  
vide for the repair of arms and stationery.

Allowance for  
repair of arms,  
stationery, &c.

(The allowance for the provision of butts and targets is the same as for a Battalion of  
Regular Native Infantry. For the proportion of exercising ammunition, petty stores, &c.  
vide Chapter XIII.)

The surplus of the off- reckonings of the Calcutta Native Militia are also received by  
the commanding Officer.—For the provision of clothing, vide Chapter XVII.

The uniform of the Calcutta Native Militia is red, with white facings and trimmings. Uniform of the

Notes of Pay  
to the Native  
Officers and  
Privates.

Monthly Pay (exclusive of off- reckonings) fixed for the Corps of Calcutta Native Militia by Minutes of Council of the 10th July, 1795.

Batta under  
the direction  
of the  
Officers allow-  
ed.

The Native commissioned, non-commissioned Officers and Privates of the Corps of Calcutta Native Militia, when serving on board ship, are to receive the same pay and batta as the corresponding Ranks of the Regular Native Corps.

Proc. G. G.  
31st May 1804

The Vice President in Council authorizes the full batta of their respective ranks being passed to the Havildar, Naick and eight Sepoys of the Calcutta Native Militia, ordered to proceed with Lieutenant Canning to Ava, from the date of their departure from Fort William until their return from Foreign Service.

Proc. V. P.  
19th May 1809

The benefit of  
the Invalid Es-  
tablishment ex-  
tended to the  
Calcutta Native  
Militia.

The Governor General in Council observes that exclusive of the duties performed by the Calcutta Native Militia at Fort William, and in the Town and vicinity of Calcutta, the corps frequently furnishes efforts to proceed to distant parts of the country, both by land and water, and also guards to do duty on board ships: His Lordship in Council, in consideration of these circumstances, determines that the Native Officers and Sepoys of the Calcutta Native Militia shall be entitled to the benefits of the Invalid Establishment, according to the existing Regulations with respect to length of service and wounds.

G. O. G. G.  
23rd Nov 1803

Indulgences  
granted to Na-  
tive Officers,  
&c. who vol-  
unteered for  
Foreign Ser-  
vice.

The Native Officers and Sepoys of the Corps of Calcutta Native Militia who have volunteered to proceed on Service are immediately to join the Volunteers at Barrackpore. Those Native Officers and Sepoys will be on the same footing with respect to pay and allowances as the Volunteers from the Regular Native Corps of the Line, and, on their return from their present Service, an option will be given them to join and be incorporated with any of the Native Battalions of the Line, or to rejoin the corps of Calcutta Native Militia.

G. O. G. G.  
25th Aug. 1803

#### SEBUNDY CORPS AT FORT MARLBOROUGH.

Establishment  
and allowances  
of the Sebundy  
Corps at Fort  
Marlborough.

The Governor General in Council has judged it expedient to fix the strength of the Sebundy Corps at Fort Marlborough at One Subadar,—One Jemadar,—Five Havildars,—Five Naicks,—Two, Drummer and fifer,—and Eighty Sepoys,—exclusive of a Detachment of One Havildar,—One Naick,—and Twelve Sepoy, serving at Croce and paid by the Resident at that place.

Proc. G. G.  
22nd Feb. 1811

The Vice President in Council approves and sanctions the arrangements suggested by the Resident at Fort Marlborough for having the pay of the Sebundy Corps agreeably to the rates which are established in the Regular Service, and assimilating that corps, in its internal constitution, with a company of the Line, viz.

Proc. V. P.  
24th Sept 1809

|                                    |         |         |
|------------------------------------|---------|---------|
| One Captain commanding, per month, | Dollars | 100 0 0 |
| One Subadar                        |         | 39 9 60 |
| One Jemadar                        |         | 13 1 47 |
| Five Havildars, at each            |         | 9 0 18  |
| Five Naicks                        |         | 8 0 46  |
| Two Drummers                       |         | 4 0 0   |
| Eighty Sepoys                      |         | 4 0 1   |
| Contingencies                      |         | 30 0 0  |

The expense of cloathing is exclusive of the monthly charge; and the cloathing, after the present year, will be procured from Bengal, being provided at Fort Marlborough at a greatly enhanced rate, owing to the high price of materials and labour.

Proc. G. G. 3d Oct. 1808 The Governor General in Council deems it to be proper that the men transferred from the 10th Regiment Native Infantry, into the Sebundy Corps at Fort Marlborough, should be allowed to retain their claim to admission on the Bengal Invalid Establishment, agreeably to the prescribed Regulations, and that service in that Corps, in the instance of Volunteers from the Bengal Native Infantry, should be considered as equivalent to Service in the Line.

Native Officers, &c. transferred from the Bengal Native Infantry, remain entitled to the Invalid Establishment.

After the expiration of the term of their engagements for that service they will be conveyed to Bengal.

Proc. G. G. 22d Feb. 1811 The Governor General in Council, in consideration of the great utility and efficiency of the Buggucks Corps at Fort Marlborough, as represented by the Resident, is pleased to determine that it shall continue a part of the Military Establishment at that Settlement, and be maintained in its present effective state, and at the same rates of pay, viz.

Establishment, &c. of the Buggucks Corps at Fort Marlborough.

|                                                |       |         |    |   |

| For oil, repairs of arms, contingencies, &c.   | ----- |         | 20 | 0 |

Proc. G. G. 3d Oct. 1808 Muster Rolls and Returns of the several Corps, constituting the Irregular Force at Fort Marlborough, are to be forwarded to the Secretary in the Military Department at such periods as the opportunities of communication may admit, agreeably to the practice observed in regard to Troops of the Line.

#### PROVINCIAL BATTALIONS.

Proc. G. G. 25th Nov. 1807 The Governor General in Council orders and directs that Provincial Battalions shall be established for the purposes of supplying detachments for the performance of the duties at present assigned to the whole of the Sebundy Corps in the Lower Provinces.

Constitution of the Provincial Battalions for the duties of the Lower Provinces.

The reformed Corps are to be commanded by European commissioned Officers, and to be subject to Martial Law.

The strength of each Company of the Provincial Battalions to be as follows:

One Subadar—One Jemadar—Four Havildars—Four Naicks—Two Drummers—Ninety-six Privates.

#### STAFF OF EACH CORPS.

|                                                |       |                                                                                                   |
|------------------------------------------------|-------|---------------------------------------------------------------------------------------------------|
| One European commissioned Officer, commanding, | ----- | } On the same allowances as are fixed for the corresponding ranks in the regular Native Infantry. |
| One Adjutant,                                  | ----- |                                                                                                   |
| One Sergeant Major,                            | ----- |                                                                                                   |
| One Native Doctor,                             | ----- |                                                                                                   |
| One Drill Havildar, (non-effective)            | ----- |                                                                                                   |

Staff and establishments &c. of each corps.

#### ESTABLISHMENT.

|                                      |       |              |     |
|--------------------------------------|-------|--------------|-----|
| Two Sicars, at per month, each,      | ----- | Sonat Rupees | 15  |
| Four Puchahs—(established allowance) | ----- |              | 12  |
| One Tindal                           | ----- |              | 7 8 |
| Five Lascars at each                 | ----- |              | 5   |
| One Sicligur                         | ----- |              | 5   |
| One Chucker                          | ----- |              | 5   |

The Provincial Battalions are to be stationed at the following places, which are to be considered the Head-quarters of the respective Corps,

Alina—Burdwan—Mooshedabad—Dacca—Purneah—Chittagong.

Stations at which the Head quarters are fixed.

Proc. G. G. 1st Decr 23d July 1807 The Governor General in Council, having before him the latest returns of the Provincial Battalions, is pleased to direct that the reductions specified be made in the strength of those Corps respectively.

The Governor General in Council observes, that the reductions have been made on the principle of allowing One Subadar—One Jemadar—Four Havildars—Four Naicks—Two Drummers,—and One hundred Sepoys to remain in cantonments after providing the several guards, detachments and escorts required, on the scale exhibited in the latest Returns of the Provincial Battalions.

Details of the  
several corps

*Establishment of the several Provincial Battalions as exhibited by the Returns for June 1911.*

803 The General Officers on the Staff, or the Officers commanding for the time being, at the Presidency, Danapoor and Berhampoor, are directed to inspect, occasionally, the Provincial Battalions stationed in the vicinity of their respective commands, and to report, at least once every six months, the state of the Corps with respect to discipline, cloathing and equipments to the Governor General in Council; the General Officers at Danapoor and Berhampoor will have constant opportunities of inspecting the Provincial Battalions, the Head-quarters of which are to be fixed at Patna and Moorsheadabad.

The Officer commanding at the Presidency is to inspect the Corps stationed at Burdwan, and the Officers commanding at Danapoor and Berhampoor will occasionally depute Officers to inspect and report on the state of the Corps at Purneah, Dacca and Chittagong.

The Provincial Battalions to be periodically inspected by the Officers commanding the districts they are stationed in, and to be made the concern of the Magistrate.

going, if it shall be inconvenient for the General Officers themselves to proceed to so great a distance from their respective Stations.

The Provincial Battalions shall be subject to the authority of the Magistrates of the districts to which they are respectively attached.

All applications from the Officers commanding Provincial Battalions, which they may have to make to Government on the subject of their respective Corps, are to be transmitted to the Governor General in Council in the Judicial Department through the Magistrates.

Monthly Returns of the Corps are to be transmitted through the Magistrates to the Governor General in Council in the Judicial Department.

Monthly Returns to be sent to the Secretary to Government and the Commander in Chief.

Ordered, that the Magistrates be desired to instruct the Officers commanding the Provincial Battalions at the several Stations to transmit monthly to the Adjutant General, for the information of the Commander in Chief, duplicates of the returns of those Corps submitted to Government.

Proc. G. G.  
25th Aug. and  
3d Oct. 1803

Proc. G. G.  
Jud. Dept 28th  
Apr. 1809

Allowances to the commanding Officers.

The Officers appointed to command the Provincial Battalions will be allowed, conformably to the general rule of the service, the batta of the superior rank to their Regimental Rank.

The Officers will provide the cloathing of their respective Corps from the established off-reckonings.

The following allowances, which have been authorized at different times, will be continued to the Provincial Battalions until further orders.

|                                                                                             |      |        |    |
|---------------------------------------------------------------------------------------------|------|--------|----|
| Allowance for a Writer and Stationery, per month,                                           | ---- | Rupees | 40 |
| ----- for keeping the public buildings in repair,                                           | ---- | ----   | 80 |
| ----- for supplying hides, Europe twine, and whatever comes under the head of Petty Stores, | ---- | ----   | 10 |
| Allowance for the provision of butts and targets, annually,                                 | ---- | ----   | 20 |

Proc. G. G.  
25th Aug. 1803  
3d Oct. 1803  
and 2d Febr  
1810

The Governor General in Council considers the allowance of ten Rupees per month for each company of the Provincial Battalions to be sufficient for the repair of arms, accoutrements, &c.

Proc. G. G.  
13th June 1805

All Officers serving with Provincial Corps to exercise authority of command according to the date of their rank.

The Right Honorable the Commander in Chief does not conceive the circumstance of Officers commanding or serving with Provincial Corps, can preclude them from exercising the powers of authority and command with which they are invested by the commissions they hold in His Majesty's or the Honorable Company's Army; and, accordingly, all Officers in those situations will necessarily exercise the authority of command over all Officers and Troops, whenever any Officer serving in the Provincials shall be the senior Officer present at the post or Station to which he may belong, or be otherwise ordered on duty.

Ext. Let. Adj.  
Gen. 26th Oct.  
1806

The command of Provincial Battalions restricted to Officers under the rank of Major.

In pursuance of the orders passed by the Governor General in Council, on the 10th of April last, for restricting the command of Provincial Battalions to Officers under the rank of Major, no Officer above the rank of Captain will, in future, be appointed to command a Provincial Battalion, nor will any Officer under the rank of Major, appointed to command one of those Battalions, previously or subsequently to the 10th April last, be permitted to retain such command after he shall have obtained the rank of Major.

G. O. G. G.  
4th Dec. 1806

Adjutants appointed

An European commissioned Officer will be allowed to perform the duties of Adjutant with each of the Provincial Battalions, when Officers can be spared for that purpose from the regular corps, upon the usual staff allowance.

Proc. G. G.  
25th Aug. and  
3d Oct. 1803

And Serjeants Major.

The Officers appointed to command the Provincial Battalions will apply to his Excellency the Commander in Chief for permission to select from the European corps, proper non-commissioned Officers for the performance of the duties of Serjeant-major to their respective Battalions.

Native Officers and Privates, when appointed on the formation of the Corps.

Commanding Officers will also apply to his Excellency the Commander in Chief for such Native Officers and Sepoys as may be desirous of being transferred from the regular corps to the Provincial Battalions.

Such of the present Subundies as are willing and able to serve in the reformed Battalions

are to be received and enrolled in those corps, and the Officers appointed to command the Battalions, shall immediately ascertain the number of men of this description and shall recruit the deficiency.

The establishment of the Provincial Battalions being formed upon a scale calculated to supply the place of regular corps in the performance of Provincial duties, as well as to provide for occasional reliefs and other contingencies, the Governor General in Council deems it of the greatest importance that particular attention should be paid to the efficiency and discipline of the said Battalions.

Commanding Officers to preserve the discipline and efficiency of their respective Corps.

His Excellency in Council accordingly declares his expectation that the Officers commanding those battalions will be unremitting in their endeavours to improve the discipline and preserve the efficiency of their respective corps.

Rates of pay (exclusive of off-reckonings) fixed for the Native commissioned, non-commissioned Officers and Privates of Provincial Battalions: Rates of Pay.

|                     |               |    |
|---------------------|---------------|----|
| Subadar, per month, | Sonat Rupees, | 30 |
| Jemadar, ---- ..    |               | 15 |
| Havildar, ---- ..   |               | 10 |

| Drummer, ---- ..    |               | 8  |
| Privates, ---- ..   |               | 5  |

No batta is to be drawn for the Native Officers and Sepoys of Provincial Battalions in any situation.

Res. M. B.  
14th February  
G. G. 3d April  
1809

Quilts for Drummers of Provincial Corps not being authorized by the Regulations; the bill for quilts for the Drummers of the Dacca Provincial Battalion is rejected by the Governor General in Council.

Quilts for the Drummers of Provincial Battalions inadmissible.

Proc. G. G.  
25th Aug. 1803

The commanding Officers of the Provincial Battalions will transmit indents for Arms for the use of the corps under their respective commands to the Military Board, who will take measures for having serviceable repaired Arms supplied from the nearest magazines.

Proc. G. G.  
24th Nov. 1803

The Military Board are directed to take measures for furnishing immediately the swords and Pikes required for the equipment of the Havildars of Provincial Battalions.

Arms, accoutrements, &c. how to be supplied.

Proc. G. G.  
9th Oct. 1806

The Governor General in Council is of opinion that the countersignature of the Magistrate to Indents for arms, accoutrements, &c. for Provincial Battalions is unnecessary and may be dispensed with.

In the event of the strength of any of the Provincial Battalions being increased or diminished, due information on the subject will be communicated by Government to the Military Board.

When an Officer in command of a Provincial Battalion shall indent for Arms to supply the place of such as have become unserviceable, his Indent is to be accompanied with a return of the unserviceable Arms, a copy of which Return is to be transmitted by him to such magazine as the Military Board may direct, with the unserviceable Arms, which are to be surveyed and reported on to the Military Board.

Res. M. B. 6th  
and 17th Sept.  
1808

For the Arms, &c. at the Head-quarters of the Provincial Battalion at Moorshedabad, a Survey Committee can always be composed of the Officers cantoned at Berhampoor, and on such a Survey Report alone should the renewal of the unserviceable Arms be indented for; this practice can be followed whenever a Detachment joins the Head-quarters of its Corps with any portion of its Arms repairable or unserviceable.

In cases where the arms or any other part of the accoutrements belonging to a detached guard become unserviceable, the same are to be exchanged from those in the Lines, and replaced after being regularly surveyed, by Indent on the Magazine.

Proc. G. G.  
25th Aug. and  
2d Oct. 1803

Officers appointed to command Provincial Battalions will indent for the established proportions of ball and light ammunition for the annual practice (*Vide Chapter XIII*).

The cloathing of the Provincial Battalions is to correspond as nearly as possible with the uniform of the regular Native Corps.

Bounty cloathing will be allowed in the first instance in the usual manner.

Practice ammunition allowed. Uniform to correspond with that of the Regular Native Corps.

Half mounting  
how furnished  
in Provincial  
Battalions.

If mounting, inclusive of turbans that may be necessary to be used by Provin-  
cial Corps, should continue to be provided by the Individuals of the Corps, and no  
pages should be authorized to be made from the men for the provision of these articles.

Ext. Let. Adj.  
Gen. approved  
by Gov. 23d  
Jan. 1810

Rules to be ob-  
served in re-  
cruiting & pro-  
motion.

In filling up vacancies of Native Officers and Privates the Commanding Officer of the  
Provincial Battalions will give a preference to those who have served in the Regular  
Battalions.

Proc. G. O.  
3d Oct. 1803

Commissions  
granted to the  
Native Officers.

Government having authorized the issue of commissions to the Native commissioned  
Officers of Provincial Battalions, the Commander in Chief directs that correct Rolls of  
of the Subadars and Jemadars of Provincial Battalions under this Presidency, be forwarded  
to the Adjutant General's Office without delay.

G. O. C. C.  
5th Dec. 1806

The Rolls are to express the date of the present rank of each person, as well as the date  
of the Rank immediately preceding that which they now hold, and particular attention is  
is to be paid to the orthography of the names.

The benefits of  
the Invalid Es-  
tablishment re-  
stricted to those  
men who were  
received from  
the Regular  
Corps or have  
been severely  
wounded.

The Native Officers and Sepoys of Provincial Battalions are not to be considered enti-  
tled to the Invalid Establishment, excepting such of them as shall have been transferred  
from the Regular Native Battalions, or such of the Native Officers and men as shall be  
rendered incapable of further service from wounds received in the execution of their duty.  
(For the regulations for invaliding men of Provincial Battalions *vide Chapter XIV*).

Proc. G. G.  
25th Aug. and  
3d Oct. 1803

Muster Rolls  
and Abstracts  
how to be pre-  
pared.

The Muster Rolls and Abstracts of Provincial Battalions shall be signed by the Magis-  
trates of the Cities or Zillahs at which the corps are stationed, they taking such steps as  
may be necessary to satisfy themselves that the men returned on command and on detach-  
ment are effective, personally attending the monthly Muster of the corps, when not pre-  
vented by absence from their Station.

The Governor General in Council has been pleased to order that the monthly Muster  
Rolls and Abstracts of Provincial Battalions be transmitted by the Officers commanding  
those corps to the Military Auditor General, for examination and audit, after they shall  
have been countersigned by the Magistrate of the City or Zillah at which the Head Quar-  
ters of the different corps are stationed.

Proc. G. G.  
30th Oct. 1803

Pay Abstracts  
to be discharged  
by the Paymas-  
ters of the sever-  
al districts.

His Excellency in Council has further been pleased to direct that the Abstracts of the  
Provincial Battalions shall be discharged by, and entered upon the disbursements of the  
Paymasters of the Stations to which those corps are respectively attached, and that the  
Amount admitted on them be afterwards transferred to the Civil Department.

The Military Paymaster General is accordingly directed to issue the necessary instruc-  
tions to the Deputy Paymasters at the different Stations.

The pay of the  
Detachments  
how to be  
transmitted  
from the Head-  
quarters of the  
Corps.

The Governor General in Council is pleased to prohibit the hire of Hackeries or any  
similar charge for the conveyance of Treasure from the Head-quarters of Provincial Bat-  
talions for the payment of detached parties therefrom, and to direct that the small monthly  
sums required for that purpose be conveyed by the establishment of Lascars attached to  
those corps.

Proc. G. G.  
23th Nov. 1810

Payments un-  
der what cir-  
cumstances to  
be made by  
Collectors to  
Officers com-  
manding Pro-  
vincial Battal-  
ions.

The Collectors are not permitted to make any payments to commanding Officers of Pro-  
vincial Battalions, except on bills of exchange drawn in their favor by their respective  
Paymasters upon the Military Paymaster General.

Proc. G. G.  
18th and 19th  
April 1804

In cases of emergent Service the Collector will make advances, not on account of bills  
or abstracts drawn by the Officer, but on his personal receipt, which will become the  
voucher to the Collector for charging the amount on his accounts, and will, in course, be  
brought to the debit of the Officer in the books of the Military Paymaster General.

Contingent ex-  
pences under  
what authority  
to be incurred  
and how to be  
charged.

No contingent expence is to be incurred by the Officers Commanding the Provincial  
Battalions, without the previous sanction of the Magistrate of the city or Zillah where the  
Battalion is stationed; when any such expence shall be incurred, the bill for the amount  
to be attested in the usual form by the Officer commanding the Battalion, and to be  
countersigned by the Magistrate.

Proc. G. G.  
25th Aug. 1803

The bills are to be then transmitted by the commanding Officer to the Paymaster of the  
extraordinaries, to be reported on by the Military Auditor General and Military  
and laid before Government.

In the event of the bill being passed by the Government, the amount is to be carried to the debit of the Civil Department, with the other expenses of the Provincial Battalions.

Proc. G. G.  
2d May 1805

The Governor General in Council directs that previously to the erection of any new Public Buildings for the use of Provincial Battalions, the sanction of Government for the construction of these buildings be obtained by the Officers commanding Provincial Battalions, through the channel of the Magistrates; and that estimates of their expense be transmitted for the examination of the Military Board, unless the nature of the case appear to the Magistrate so urgent as to require immediate execution.

Buildings required for Provincial Battalions how to be constructed.

Res. M. B. 22d  
Dec. 1807

The Orders of Government directing that one hundred Rank and File, only, are to be retained at the Head-quarters of Provincial Battalions; all the buildings necessary for the Dacca Provincial Battalion are; one hall of Arms, a Store-room, and a Bungalow and Offices for the Serjeant Major.

G. O. G. G.  
12th Aug. 1807

The Benarus Provincial Battalion is to be paid up and discharged on the 31st instant; or as soon after that date as the duties on which the corps is now employed can be taken by the Regular Troops stationed in the Zemendary of Benarus.

Rules observed for the transfer of Native Officers, &c. on the reduction of the Benarus Provincial Battalion

The Native commissioned and non-commissioned Officers of the Benarus Provincial Battalion, who are desirous of remaining in the Service, are to be transferred with their rank and pay to the undermentioned Provincial Battalions, consisting of the following number of Companies, in proportions corresponding to the strength of each, and in which they are to be retained as Supernumeraries until vacancies occur.

Patna nine—Furneah eight—Moorsheadabad eight.

Any of the Native commissioned or non-commissioned Officers who may have been received from the Regulars, and may prefer returning to that branch of the Service, will have the option of doing so in the rank next above that which they held in the Regulars, previous to their transfer to the Benarus Provincial Battalion.

Descriptive Rolls of such as may make this selection are to be transmitted to the Adjutant General's Office, specifying the corps from which received, the rank they held in those corps, with date of transfer, &c.

As soon as the men of the Benarus Provincial Battalion shall be relieved off duty, the Officer commanding at Benarus will be pleased to order a minute survey to be taken of all the arms, accoutrements, stores, ammunition, &c. in use with that corps, and cause the whole to be dispatched to the Magazine at Chunar, accompanied by one copy of the Survey Report, another copy of which is to be sent to the Military Board.

Captain Ludlow will furnish the requisite Descriptive Rolls and Certificates to all who may be transferred to other corps, and transmit separate Rolls to Officers commanding corps, respectively.

#### CORPS OF INDEPENDANT CAVALRY.

G. O. G. G.  
12th Feb. 1809

The Ruffallahs of Irregular Horse at present in the employ of Government in the Pergunnahs of Soanput and Paniput, having been ordered to rendezvous at Kurnal, are placed under the command of Captain James Skinner.

Constitution of the Corps of Independant Cavalry under the command of Captain Skinner.

The Commander in Chief authorizes Captain Skinner to entertain a further number of good and select Irregular Horse to make up the complement of 100 Sowers or Privates, inclusive of the number that may be placed under his command from Soanput and Paniput, as above ordered.

The whole are to be formed into three Ruffallahs, for which purpose one Ruffaldar is authorised to be entertained: the other Officers required to make up the complement of three Ruffallahs are to be drawn from those in the Pension Establishment at Hapur.

Proc. — 3.  
20th May 1809

The Governor General in Council requests his Excellency the Commander in Chief will be pleased, in communication with the Resident at Dehli, to adopt the necessary measures for augmenting the Corps of Irregular Horse under the command of Captain Skinner to eight Ruffallahs, and for attaching to it the Galloper Corps formerly belonging to the Corps.

Let. Adj. Gen.  
23d April 1899

|                                                                              |  |              |     |

| One Neftan Burdar                                                            |  |              | 28  |
| One Nuggarchee                                                               |  |              | 25  |
| One hundred Sowars, at each                                                  |  |              | 20  |
| One Wakeel                                                                   |  |              | 20  |
| Two Behishties, at each                                                      |  |              | 5   |
| Allowance for Match, Powder, Ball, &c. for each Ruffallah per month, St. Rs. |  |              | 125 |

The Governor General in Council sanctions the proposed allowance of Rupees 500, per annum, to Captain Skinner during his employment, exclusive of the provision assigned to him in reward for former Services.

Lieutenant Robert Skinner is directed to join and do duty in the Corps of Irregular G. O. C. C. Hortic. under Captain Skinner's command, 13th Mar. 1899

The Governor General in Council is pleased to authorize an allowance of 300 Rupees per month being granted to Lieutenant Robert Skinner, who has been appointed by his Excellency the Commander in Chief to do duty with the Corps of Irregular Horse commanded by Captain Skinner.

The Vice President in Council is pleased to authorize a Native Doctor at 30 Rupees per month from the 9th May, 1809, a writer of English at 40 Rupees per month, and a Whoordic Major for the general duties of the Corps, from the 21st June, 1809, to Captain Skinner's Corps of Irregular Horse.

Proc. V. P.  
30th Jan. and  
G. G. 16th  
Sept. 1810

A Whoardie Major having been allowed to the Corps commanded by Captain Skinner from the 1st June, 1809, on the monthly pay of Sonat Rupees 105, the Military Auditor General is accordingly authorized to pay that allowance.

The Governor General in Council is pleased to authorize two additional Native Doc-  
ters for the Corps commanded by Captain Skinner. (A Persian Writer at 30 Rupees  
and a Naksh at 20 Rupees per month are also allowed to Captain Skinner's Corps.)

Regular Monthly Review Rolls and Pay Abstracts to be prepared of the Ruffallans, according to the practice of the Regular Service. G. O. C. C. all Feb. 1809

Captain Skinner is directed to be very particular in entertaining only such as may be in every respect fit for the Service, with respect to men, horses, their arms and appointments; and the Officer commanding at Kurnul will be pleased to cause all horse, that may be presented by Captain Skinner for admission to the Service, to be inspected by Officers possessing qualifications for this duty, previous to their being actually enrolled.

\* None are to be entertained but such as are in every respect fit for active service, and approved, accordingly, by the Officers who may be appointed to inspect them.

The uniform of the whole to be red Tarbears and Cammabunds, with yellow jackets.

Deputy Paymaster Arnold is directed to advance to Captain Skinner, commanding the C. O. C. C. Corps of Irregular Cavalry, 2400 Rupees on account of for-horses purchased and admitted 18th Nov. 1899 by a Committee of Officers on the 1st plume, for the Service of the Gallipoli March to that Camp.

Deputy Paymaster Arnold is directed to advance to Captain Skinner, commanding the 1st Corps of Irregular Cavalry, the sum of £371 Rupees on account of the purchase of 1000 Horses for the Gallopers attached to that Corps, which were admitted by a Committee of Officers on the 25th November, 1899.

Proc. V. P. 27th Mar. 1810 The Vice President in Council was pleased to sanction on the 23d instant an augmentation of four Gun Horses and four Golundaz to the present establishment of the Corps of Irregular Cavalry commanded by Captain Skinner.

Proc. G. G. 16th June 1810 The construction of a Gun-shed for the Ordnance and a stable for the Horses attached to the Gallopers of Captain Skinner's Corps of Irregular Horse at Hansi, is sanctioned by the Governor General in Council.

G. O. C. C. 5th Sept. 1809 Deputy Paymaster Arnold is directed to advance four hundred and twenty Rupees to Captain Skinner, commanding a corps of Irregular Horse, on account of the purchase of four camels for the carriage of the Galloper Ammunition with that corps.

(The established allowance of grain for the horses and camels appertaining to the Gallopers is to be furnished and charged for at the Buzar price current: the allowance for the repairs of saddles, harnesses, &c. and for providing muskallahs, head and heel ropes, shoeing the horses, &c. is the same as fixed in the Native Cavalry. An allowance of 40 Sonat Rupees per month is granted for the supply of tar, grease, iron, steel, &c. for the Guns.)

Proc. G. G. 15th Apr. 1810 The Governor General in Council is pleased to authorize the Military Auditor General to pass the bill drawn by Captain Skinner for compensation, at the usual rate of Sonat Rupees 125 per horse, for the two horses stated to have died of wounds and fatigue.

Compensation allowed to the men for horses killed in action; or becoming unserviceable in consequence of wounds or fatigue.

The Governor General in Council considers it advisable that the usual compensation be granted to the men, for the injury which the horses belonging to Captain Skinner's Corps have sustained through fatigue, and the Military Auditor General is accordingly authorized to pass compensation to those persons when the bills shall have been properly attested and countersigned by the Resident at Delhi.

Proc. V. P. 6th Sept. 1809 The Vice President in Council, entirely concurring with the sentiments of his Excellency the Commander in Chief, requests his Excellency will give immediate orders for withdrawing from the Residency with Doulut Rao Scindeah, the detail of Regular Native Cavalry doing duty there, and supplying its place by a party from the Irregular Horse, commanded by Captain Skinner.

Detachments of the Corps to be stationed with the Residents at Lucknow and at the Court of Scindeah.

His Excellency is also requested to issue orders that the detail required for the Resident at Lucknow may be furnished from Captain Skinner's Corps.

Augmented  
rates of pay to  
the Detachment  
on duty with  
the Resident at  
the Court of  
Sindiah,

The Vice President in Council is pleased to authorize the following increased rates of pay being granted, in certain situations, to the Native Officers and men of Captain Skinner's Corps, when employed on escort duty with the Resident at the Court of Dowlat Rao Sindiah.

#### CORPS OF INDEPENDANT PROVINCIAL CAVALRY.

Constitution of  
the Corps of  
Provincial Ca-  
valry for the  
duties of the  
Ceded & Con-  
quered Pro-  
vinces,

Resolved, that a Corps of Irregular Horse be raised for the support of the Police and for other local duties in the Ceded and Conquered Provinces, agreeably to the details subjoined to this resolution.

Proc. G. G.  
Jud. Dept 18th  
May 1809

That the above-mentioned corps be commanded by an European Officer, aided by an Adjutant, not being in the service of his Majesty or of the Honorable Company.

His Excellency is pleased to appoint Mr. J. D'Camars, to be an officer in the Corps of Irregular Horse commanded by Colonel Gardner, with a salary of Sonat Rupees 150 per mensem.

Proc. V. P.  
18th Jan. 1810

Head-quarters  
of the Corps es-  
tablished at  
Ahais Gunge.

The Governor General in Council is pleased to resolve that the Head-quarters of the Corps of Irregular Horse under the command of Lieut. Colonel Gardner shall for the present be established at Mynporey instead of Furruckabad. The permanent Head-quarters of the Corps will be hereafter determined.

Proc. G. G.  
Jud. Dept 29th  
July 1809

It being considered desirable that a perambulator should be attached to the Corps of Irregular Horse under the command of Lieut. Colonel Gardner, the Vice President in Council desires that the Military Board will furnish one of those instruments, and forward it to that Officer at Khassigunge, the Head quarters of that corps.

Proc. V. P.  
5th Jan. 1810

The Corps to be  
periodically in-  
spected by the  
General Officer  
commanding in  
the dist R.

That the General on the Staff, or other Officer commanding the Troops at Cawnpore, be directed to inspect, from time to time, the Corps of Irregular Cavalry, and to report the state of it to the Governor General in Council, with respect to cloathing, discipline and equipment.

Proc. G. G.  
Jud. Dept.  
12th May 1809

Muster Rolls  
how to be pre-  
pared

That the above-mentioned corps be considered subject to Martial Law.

That the Muster Rolls of the Corps be transmitted, monthly, to the Military Auditor General after they shall have been countersigned by the Magistrate of Furruckabad, (now Etawa) who is to take the necessary measures to satisfy himself that such rolls are correct.

Pay Abstracts  
to be discharged  
by the Deputy  
Paymaster of  
the district.

That the abstracts of the Corps of Irregular Cavalry be discharged by and entered upon the disbursements of the Deputy Military Paymaster, at Furruckabad, (now Meerut) and that the amount admitted on them by the Military Auditor General be transferred to the Civil Department.

Circumstances  
under which  
Guards & De-  
tachments are  
to be furnished.

That in cases actually requiring the co-operation of Military Force, permanent guards and detachments be stationed from the above mentioned corps, with the Civil Officers in the Ceded and Conquered Provinces, of such strength as the Governor General in Council, on consideration of the reports to be made by such Officers, shall from time to time direct.

That the Officer commanding the corps be authorized and required to comply with applications from any of the Magistrates, (but not from any of the other Civil Officers) for the temporary aid of parties from the corps commanded by him, for the suppression of any public disturbance, or for the apprehension of public offenders, or for other duties of Police, the nature of which will not admit of a return to Government; but that after the performance of the specific duty requiring the return without loss of time to Cantonments.

The Monthly Returns of the Corps be transmitted through the Magistrate of Furruckabad (now Bawa) to the Secretary of Government of the Judicial Department, for the information of the Governor General in Council; and that the duplicates of these Returns be at the same time transmitted by the commanding Officer to the Adjutant General, for the information of His Excellency the Commander in Chief.

Monthly returns how to be transmitted.

Contingent expenses incurred on account of the Corps of Irregular Cavalry, without the previous sanction of the Magistrate of Furruckabad (now Bawa); and that whenever such sanction shall have been obtained, the bill for the expenses so incurred be attested, in the usual form, by the commanding Officer and countersigned by the Magistrate: that it be then transmitted by the former to the Paymaster at Ferozpur, who will discharge the amount and forward the bill to the Paymaster of Extraordinaries to be reported on by the Military Auditor General and Military Board, and to be laid before His Majesty's sanction.

Contingent expenses under what authority to be incurred and how to be charged.

Establishment and allowances of the Corps of Irregular Cavalry, consisting of eight Ruffallahs, as exhibited on the Returns for June, 1811, and in conformity to the orders of the Governor General in Council of the 14th May. 1800

Establishment and allowances of the Corps.

|                                                                                  |     |
|----------------------------------------------------------------------------------|-----|
| One Captain (commanding) per month) Sonat Rupees                                 | 300 |
| One Adjutant                                                                     | 150 |
| One Officer (doing duty)                                                         | 150 |
| Eight Ruffaldars—at each, per month                                              | 70  |
| Eight Naib Ruffaldars                                                            | 40  |
| Eight Jemadars                                                                   | 35  |
| Eight Khote Duffadars                                                            | 30  |
| Forty Duffadars                                                                  | 25  |
| Eight Standard Bearers                                                           | 25  |
| Eight Drummers                                                                   | 15  |
| Eight Vakeels                                                                    | 17  |
| Eight Behishties                                                                 | 4   |
| Eight Hundred Troopers                                                           | 20  |
| One Writer                                                                       | 30  |
| One Nakeeb                                                                       | 20  |
| Allowance for furnishing Matches, Powder and Ball, for each Ruffallah, per month | 101 |

## CHAPTER XII.

*Military Buildings—Barrack-masters—Cantonments, &c.*

*Regulations for the construction and charge of Military Buildings, in Fort William and at the different Stations and Posts of the Army; and for their being annually surveyed and maintained in repair under the superintendence of Barrack-masters, or on fixed allowances.*

*Superintendent of Military Buildings in the Field.*

*Barrack-masters—Regulation for Quarters and House-rent—Barracks—Barrack Furniture, Lights, &c.—Provision of Tatties—Supply of Stationery for public Guards.*

*Regulations to be observed in the distribution, allotment, &c. of ground, in the several Military Cantonments; and in the disposal of the Quarters of Staff and other Officers.*

Regulations for the construction and repair of Military buildings.

**RESOLVED**, that the following Regulations be observed in future in constructing and repairing Military Buildings in Fort William and elsewhere. M. C. 27th July 1787

All new and expensive Buildings, exceeding the expence of ten thousand Rupees, shall be performed by contract; and repairs and trifling Buildings under that sum by estimate.

We have agreed, by way of experiment, agreeably to the suggestion in your last dispatch, to vest you with a discretionary power to authorize the construction of public works by Agency, in cases where the difference between the estimates of the proper Officers and the lowest proposals of contract, may afford grounds for expecting a certain and considerable saving from it. Let. C. 8th July 1795

Plans of the several descriptions of Military buildings & statements of the kind and quantities of materials to be used, to be lodged with Staff Officers of Stations, according to which all buildings are to be erected.

The Governor General in Council deems it proper that the Military Board should have Plans, Elevations and Sections, not only of the Temporary Buildings, but also of the different kinds of Permanent Military Buildings, with statements of the kinds and quantities of the materials used in the construction of such Buildings, prepared and submitted for his Excellency's approbation; after which they shall be lodged in their Office for reference.

All Buildings are to be erected according to the respective plans so made and approved, and no variation in the kind and quantity of materials to be used in their construction is to take place, without the special sanction of his Excellency in Council. G. O. C. G. 25th June 1802

The foregoing statements to be lodged in the Office of the Barrack Masters or Brigade Majors of Stations, as a guide for the construction of all future Buildings, and when those Officers are changed or relieved, the plans and statements are to be regularly delivered over to the succeeding or relieving Officer.—(For statements of the dimensions of the several descriptions of Buildings, quantities, &c. of materials, vide *Form No. I.*) Ref. M. B. 3d July 1802

Buildings when required at Stations or out-posts, &c. under what authority to be constructed.

That no Building be undertaken at any cantonment, station or fixed camp, without the previous approbation of the Governor General in Council, the Commander in Chief, or the Military Board. G. O. C. 11th July 1788

The Governor General in Council does not deem it necessary to vest General Officers or other Officers in command of stations with discretionary authority to order the construction of temporary buildings, without obtaining, conformably to the standing orders of the service, the previous sanction of the Governor General in Council through the prescribed channel. G. O. C. G. 25th June 1802

The Governor General in Council requests that the Commander in Chief, whenever

Troops shall be directed to march in order to occupy any new Post or Situation at which it is intended the Troops shall remain for a period of time not less than two or three months, will give directions, either in public orders or otherwise as he may think proper, for transmitting to the Military Board the estimates for such temporary buildings as shall be deemed necessary.

(The authority of ordering the construction of temporary Buildings, on emergent occasions not admitting of delay, is exercised by the General Officer commanding in the Field.)

G. O. 11th July 1788 That when buildings are required at Stations the commanding Officer shall report the purposes and necessity for them to the Military Board; he is to require from the public Officer, to whose direction such works fall, estimates to accompany his Report; and he is at the same time to transmit certified lists of the average rates of materials at the market of the Station.

G. O. G. G. 25th June 1801 The certificates of the rates of materials must be countersigned by the commanding Officer; and in the event of there being no commissary of Bazaar, the certificates are to be furnished by the Commanding Officer.

M. C. 27th July 1787 When buildings are to be performed by contract, plans, elevations and sections, with musters of materials and the necessary instructions, will be prepared by the Chief Engineer and exhibited to the public in the usual manner (having been previously approved by the Military Board and sanctioned by Government) and that the Chief Engineer do superintend each building or depute a junior Officer of his Corps for that purpose.

The construction of Buildings performed by contract, how to be superintended.

When buildings are performed by estimate, plans, elevations and sections, with a particular specification of dimensions, shall be presented to the Military Board. The kind of materials shall be particularly specified, and the best always used; the estimate shall always express the number of solid, superficial, or running feet of work, such as walling, roofing, terracing and plastering, &c.

Rules for the preparation of estimates for buildings, to be erected by agency.

G. O. G. G. 25th June 1801 All estimates are to be made with the strictest conformity to the plans transmitted, (and lodged with Staff Officers of Stations) and the Military Board will also furnish forms of estimates to be filled up by the Officers to whom they may be directed, and any deviations from these forms shall be immediately remarked by the Military Board and the estimates returned, that they may be drawn up in strict conformity to the models transmitted.

The estimate of erecting any temporary building is to be kept separate and distinct, and if the estimates of any two buildings are blended and united, it shall be the duty of the Military Board to reject such estimate, or return it for correction as the case may require.

M. C. 7th April 1786 Whenever estimates for the repairs or construction of public works are brought forward, certificates of the average rates of materials at the station are to accompany the estimates.

G. O. G. G. 11th Mar. 1808 All estimates for public buildings at Stations or Out-posts above Allahabad shall, in the first instance, be transmitted to the Superintendent of Buildings.

Estimates for buildings above Allahabad to be sent to the Superintendent of Buildings.

M. C. 27th July 1787 Payments or advances on account of buildings are to be made in the usual manner, viz: The sanction of Government having been obtained, one third of the amount will be allowed to be drawn in advance on account of the purchase of materials.

Rules for the payment of the amount of works executed by contract

One third when the walls of the building are as high as the beams or springs of the arch; and the last payment when the whole is completed with the best materials and workmanship.

Previous to the last payment being made, surveys of such public works are to be made by a Committee of Officers, should the Board deem it necessary.

When the last payment shall be applied for, a certificate or Survey Report of the goodness and sufficiency of the workmanship and materials shall accompany it.

(Payments for works executed by contract are generally made with reference to the above principles, the precise periods and amount of each being stipulated in the contract deeds.)

Proc. G. G. 26th Sep. 1810 The Governor General in Council approves the proposition of the Military Board, for And agency

having to the Officers employed in the execution of public works on estimate the full amount of the estimate, except in cases where the amount of the sum to be expended and the length of time which the execution of the work will occupy, render the issue of the whole at once undeviable; in such cases the Governor General in Council observes the advance ought to be regulated by the nature and extent of the work, and the Military Board is, accordingly, in future applications for advance on account of Executive Officers, to be guided by the principles here stated.

Rules to be observed in the construction & survey of brick buildings.

The site of any public building shall not be determined on until after a very particular report shall have been made to the Military Board of the nature of the soil, on which must, in a great measure, depend the construction or mode of laying the foundations.

The Superintending Officer shall report that before laying any brick work, the bed of the foundation had been found upon actual trial to be perfectly level throughout; and if, in making the excavation, any observations relative to the nature of the soil, different from the original report on the subject, shall appear to render a representation to the Military Board necessary before the foundation be laid, such report shall accordingly be previously made.

In all buildings of great length, such as barracks, the side walls ought to be connected and strengthened cross-ways by piers or arcades at convenient distances; or by rows of pillars surmounted by an architrave so placed as to prevent an excess of pressure on the side walls of such long buildings.

Upon the same principle that gun carriages are surveyed before painting, it shall be a rule that every brick building be surveyed and reported on before the walls are plastered.

Every public building, intended to be of two stories, shall not, without the express order of Government, be reared the first year more than to the height of the first story, and the walls shall be left during a rainy season to settle before the walls of the second story be carried up.

The necessary provision is accordingly to be made in all future advertisements for proposals of contract to execute public buildings.

*General regulations to be observed in the survey of buildings, particularly previous to their being plastered.*

The Superintending Engineer will lay before the Committee the plans and sections of the building or buildings to be surveyed, and in cases of contract the advertisement appertaining thereto: and will attend to such directions as he may receive from the Committee.

The committee will direct that a level be carried along the plinth of the Building to shew whether it be correct or otherwise; they will also direct the walls of the several faces to be plumbed to ascertain if they be perpendicular.

The Masonry must be examined very minutely to observe whether the several dimensions of the walls, &c. correspond with the plans and sections, and whether the bricks are laid in regular courses and the cement appears good and the work well finished.

The Roof will then be examined to observe whether there are any material cracks in the terrace, and whether the whole surface appear well finished.

They will then proceed to the examination of the timber-work, the scantling of the beams and burghs, as well as the dimensions of the work in general, and remark how far the beams have preserved the prescribed camber, and whether they appear sound.

Ordered, that copies of the preceding Regulations be sent to the Officers commanding at the Presidency, Benarnpore, Dacca and Chunar, and to the Chief Engineer, informing that they are to be considered as instructions to Committees of Survey on Buildings, which, however, are not to preclude such further remarks as they may deem it necessary to make.

Monthly Reports of the progress of all buildings or works to be sent by commanding Officers of Stations.

The Vice President in Council is pleased to direct that Officers commanding Stations O. O. V. P. shall consider it their duty hereafter to obtain and transmit to the Military Board, Monthly Reports of the progress of all public Buildings or Works in course of execution within their command, to be prepared in the most clear and detailed manner by the Officer or person who may be employed on such work.

Reports and certificates of the due performance of the Chief Engineer.

When Buildings are executed by contract, the Chief Engineer shall report on such as may be done at the Presidency; and at the Out-ports the Superintending Engineer through the Chief Engineer.

Res. M. B. 8th  
June 1789

All Officers who may at any time be entrusted with the responsibility of inspecting works to be executed by contract are to certify whenever the work is completed to the due performance of the contract in all its points; and it is moreover required of the inspecting Officers to sign to the written affirmation upon honor, that they have not, directly or indirectly, any participation or connection in the provision or sale of the materials used; nor derived any benefit or emolument whatever from the works carried on under their inspection, over and above the stated allowance assigned them by Government.

works executed by contract how to be delivered.

The situation of the Chief Engineer at the Presidency rendering him the General Inspector of all works carrying on there, the spirit of the Regulations for certificates on works performed by contract, requires the Chief Engineer to join in all these certificates or affirmations which are given in by subordinate Officers acting at the Presidency as Inspectors of particular works in the Department of the Chief Engineer.

The Quarter-master General shall join in all certificates or affirmations in the terms above prescribed, relative to any cantonment works that may happen to be carried on in his Department at the Presidency or wherever he may be present; and this Regulation is to extend to the Heads of all the Military Departments, in which contract works may be carried on by subordinate inspection.

These certificates or affirmations are to be lodged with the Secretary to the Military Board; and the delivery of them is to be reported by him to the Secretary to Government for the information of the Governor General in Council.

Res. M. B.  
17th July 1799

When works have been authorized at different times, or on separate estimates at the same time, they are to be separately surveyed and reported on.

M. C. 27th July 1787

Such buildings as are executed on estimate at the Presidency by an Engineer Officer, or by any other person, shall be surveyed or reported on by some members of the Military Board (specially deputed by the President, assisted by the Civil Architect).

Works executed on estimate how to be surveyed and reported on.

When buildings are executed by junior Officers of Engineers at any Out-stations of the Army, the commanding Officers on the spot shall order a committee of Survey to examine and report thereon.

Res. M. B. 31st  
January 1791

In the survey reports of temporary buildings the kind and quality of the timber (also the scantling of the several component parts) is to be specified.

G. O. G. G.  
11th Mar. 1808

A duplicate of each survey report of buildings at Stations above Allahabad shall be transmitted, in all instances, to the Office of the Superintendent of Buildings.

G. O. 11th  
July 1788

Copies of the survey reports of buildings, duly certified, are to be transmitted to the Military Board Office.

Copies of survey reports are also to accompany the bills of charges for the works.

Res. M. B.  
29th July 1809  
G. O. 9th Apr.  
1790

Separate and distinct bills are to be transmitted for the works of each distinct period or estimate.

Bills for public buildings, how to be prepared and transmitted.

In all bills for money expended in public buildings, or expences of any kind incurred by Individuals under the sanction of Government or the Military Board, the person making such demand shall particularly express on the face of the bill the authority and date of the order or orders by which he became authorized to make the charge.

No bills of the above description are to be laid before the Board on which the information now required is not fully expressed, but the Secretary is immediately to return them to the persons from whom they shall have been received.

G. O. V. P.  
31st Oct. 1809

Bills for work executed by authority, conveyed through the Military Board, are to be forwarded directly to the Secretary to that Board, instead of being transmitted to the Paymaster of Extraordinaries.

Proc. V. P.  
19th Aug. 1809

The Vice-President in Council is pleased to grant to Major Peake, of the 29th Native Infantry, an allowance of Sonat Rupees 600 per mensem in addition to the pay, batta, gratuity and tent allowance of his Regimental Rank from the 1st January last, and to authorize that sum being continued to him so long as he may be employed in the superintendence and execution of public buildings upon trust.

Allowance and Gratuity to Officers employed in the execution of public buildings upon trust.

The Vice President in Council, in consideration of the very creditable testimony borne to the zeal, activity and integrity of Cornatker in the construction of the new Cantonment at the Post of Goorgawan, is pleased, as a special case, to authorize a remuneration of Sonat Rupees 2,500 being made to him on that occasion.

Proc. V. P.  
8th May 1810

**Circumstances under which pukka masonry is to be adopted for buildings.** Ordered, that the Superintendent of buildings be informed that good pukka masonry should be adopted for walls and pillars at all Stations where such work can be well executed at or under 14 Rupees per hundred cubic feet, plaster included.

Res. M. B. 2d  
July 1811

**Officers employed in the construction of masonry work to stake their own lime.** The Vice President in Council is pleased to direct that all Engineers, Barrack-masters and other Officers who may be employed in the construction of ordinary masonry work to any considerable extent, in the Upper Provinces, where conker chunam is used, bring their lime to the work unslaked, under all circumstances which may admit of their establishing their own kilns, instead of the practice which at present prevails of purchasing it after it has been slaked, as in this state it is frequently so adulterated with earth by the merchants as to be unfit for use.

G. O. V. P.  
10th Oct. 1809

**Saul Timber to be used in temporary buildings.** Saul Timbers are to be used in all temporary buildings at Cawnpoor and Futtighur. Ordered, that the dimensions of timbers be hereafter inserted in all nerricks.

Res. M. B. 3rd  
Jan. 1791  
Res. M. B. 1st  
January 1802

**Nureool mats on what occasions to be used.** Nureool mats are hereafter to be considered inadmissible in all estimates of expence to be incurred on the public account at any of the Stations in the Dobaub or to the westward of the Jumna, excepting only in the construction of choppers for permanent Barracks or stables, when they are to be used as a first layer under the grafs; and that for all other purposes except jhamps (to which seerkies are to be appropriated) the paterah mats are to be invariably made use of.

Res. M. B.  
13th Dec. 1808

The only instances in which a deviation from the Board's Orders of the 13th ultimo will be considered allowable, are on occasions where Nureool mats may be required as walls to temporary buildings, or jhamps to arcades of pukka buildings inhabited by Europeans.

Res. M. B.  
24th Jan. 1809

**The Lock Tile to be adopted for all Tiled buildings that may be erected.** The Officer commanding in Cuttack is requested to instruct the Officers hereafter to be employed on Public Tiled Buildings in that Province, to make such arrangements with the Tile-makers in their employ, as shall induce them to furnish tiles of the coolfidar pattern, which are very little, if any, more expensive than the common ones now used.

Res. M. B.  
20th Mar. 1810

The Superintendent of Public Buildings is requested to devise measures for bringing the above-mentioned description of tile into general use, where tiled buildings are or may be erected, throughout the Upper Provinces.

**Officers employed in the execution of public works to pay all duties collected by Government charging the same in their accounts.** The Executive Officer at Chunar should pay all duties collected by Government on materials he may require for the Public service, charging for the same in his accounts, which should be accompanied by sufficient vouchers for all charges of that particular description.

Res. M. B. 3rd  
July 1810

**Flat roofs adopted in the construction of Barracks for European Troops at Meerut.** The Military Board will furnish Major Penson with instructions for new roofing the five ranges of Barracks of his Majesty's 17th Regiment lately burnt at Meerut, with flat pukka roofs to be supported by a row of pillars in the center of the building, according to the plan suggested by that Officer.

Proc. G. G.  
16th June and  
14th July 1810

The Governor General in Council, approving of the plan recommended by the Military Board to be adopted regarding the barracks and stabling for the Horse Artillery at Meerut, directs that the Board will issue the necessary instructions to Major Penson, to give effect to their suggestions, viz.

Proc. G. G.  
28th July 1810

That the buildings be constructed with flat roofs.

That there be no doors and windows in the lower room of the barrack.

That the whole of the veranda doors should be panelled in preference to vanishing.

That the walls should be two feet thick.

Where companies of European Artillery are stationed, and require temporary buildings.

G. O. 1st

the same accommodation as is specified for a company of Infantry is to be provided, and to have two small offices, a cook-room, and Privy, (a small Quarters Room and Hospital are also allowed, vide Form No. 1.)

for detached companies of Artillery.

Parties of European Artillery detached to Stations are to have accommodation of barracks and offices, according to the strength of their complement.

G. O. C. C.  
18th Jan. 1807  
G. O. G. C.  
6th Mar. 1811  
G. O. V. P.  
21st May, 1812

In all situations where separate Hospitals are allowed, Government has been pleased to authorize the Hospitals for Native Corps to be constructed on the enlarged scale hereafter detailed.

Regulations to be observed in the construction of hospitals for Native Troops

#### HOSPITAL AND OFFICES FOR A REGIMENT OF NATIVE CAVALRY.

##### Hospital.

Sixty feet long by twenty feet broad, interior measurement, with a veranda of eight feet wide, and neat light thumps all round.

Height of inner walls, thirteen feet eight inches—and of outer veranda pillars, seven feet—from the floor to the wall plate.

The floors to be raised eighteen inches above the level of the ground, and to be either flagged or terraced on flues.

Doors and windows, four feet wide, alternately; with intervals of seven feet wall between each, and not more space than for one cot, or about four feet, between the end walls and the first door in the side walls. The upper part of the frames of the doors and windows to be seven feet from the floor. The bottom of the window frames to be not more than one foot and a half from the floor.

##### Offices.

Two rooms enclosed in the northern end of the veranda of the Hospital; one for the accommodation of the Native Doctor; the other as a depository for the medicines.

##### Cook-room.

Thirty-six feet long, and fourteen feet wide in the clear; with a partition wall, dividing it in two equal parts. One room to be appropriated as a cook-room for the Mussulmen, and the other for such Hindoo Patients as are not precluded, by peculiar delicacy of cast, from preparing in it their regulated diet.

#### HOSPITAL AND OFFICES FOR A BATTALION OF NATIVE INFANTRY.

##### Hospital.

Eighty feet in length by twenty feet in breadth, interior measurement; in all other respects the same as the Cavalry Hospital.

##### Offices.

The same in every respect as those for the Cavalry, except that the partition wall of the cook-room is to be so disposed, as to make the apartment allotted for Hindoos twenty-two feet by fourteen, and that for Mussulmen fourteen feet square.

G. O. P. C.  
14th Apr. 1807

The directions for the floors of the Hospitals for Native Corps being raised on flues is to be considered as restricted to the several Posts and Stations in the province of Cuttack, the Posts of Kilsengunge, Dacca and Chittagong, and such places in Bundelkund or elsewhere, as the measure of constructing the floors of Hospitals on flues may, in the judgement of commanding Officers respectively, appear absolutely useful and necessary, with reference to the nature of the soil and dampness of situation.

The floors are, nevertheless, in all other situations to be raised eighteen inches above the level of the ground, with burnt bricks, and to be terraced as before directed. The walls are also to be built of burnt bricks, and cement made of conker chunam.

G. O. V. P.  
21st May 1812

The Vice-President in Council authorizes and directs the immediate construction of spiracles, of the diameter of one foot each, at intermediate distances of six feet, and at such a height from the ground as to be nearly at an equal distance from a level with the eaves of the chopper and the summit of the walls, in the wards of all Native Hospitals; as well as of circular apertures in the window shutters of those Hospitals that are not furnished with ventilation.

**Stables to be constructed in the Hospitals of European corps.** The Governor General in Council sanctions the construction of stables in the Hospitals of His Majesty's 24th Dragoons and 17th Foot, and the Corps of Horse Artillery at Meerut, Proc. G. G. 25th Sept. 1810

**Dimensions of Cavalry Stables.** The Governor General in Council is pleased to direct that the following dimensions be in future observed in the construction of Cavalry Stables. G. O. G. G. 3d June 1809

Extreme breadth of the stables thirty-two feet, which space will be occupied as follows:

|                                                                     | Feet. |
|---------------------------------------------------------------------|-------|
| Center floor in the clear, .....                                    | 2     |
| Two center pillars, each two feet, .....                            | 4     |
| Two out-side pillars, .....                                         | 4     |
| Double stall, each yielding for head or tail for every horse, ..... | 20    |
| Total, .....                                                        | 30    |

Each stall to be eight feet wide from center to center of the pillars.

**Stamps to be included in all estimates for Cavalry stables.** It not being expressly stated in the regulations relative to the construction of Cavalry stables, that the expense for stamps should form part of the estimates to be framed on that account. The Vice President in Council is pleased to resolve that those articles be included in all future estimates for the construction of Cavalry stables. G. O. V. P. 29th Aug 1809

**Dimensions of Store rooms.** The Vice President in Council authorizes an extension to the Store-rooms of Corps, for the purpose of affording cover for the dobles, not in constant use at the Hospital of each Corps, as follows: G. O. V. P. 21st May 1811

|                                                             |          |
|-------------------------------------------------------------|----------|
| To the Store-room of a Regiment of European Infantry, ..... | 25 Feet. |
| Dragoons, .....                                             | 20       |
| Native Cavalry, .....                                       | 8        |
| Battalion of Native Infantry, .....                         | 10       |

**The Roofs of all bells of Arms to be tiled.** The Governor General in Council having been pleased to authorize tiles to be used instead of thatch for bells of arms of Corps in all situations where temporary buildings are allowed; tiles fastened with mortar are to be used, accordingly, for the bells of arms in all situations where temporary buildings may be hereafter erected. G. O. P. C. 18th Apr. 1807

**Officers, &c. to be constructed at Setra.** The cook-room and privy of the Offices to the Quarter-master, Serjeant's bungalow to be constructed at Setra, are to be separate buildings, as recommended by the Military Board. Proc. V. P. 2d May 1810

Stout battened doors, with door frames, are to be included in the estimate for the Serjeant's Bungalows in the cantonment ordered at Goruckpoor. Res. M. B. 6th November 1810

**Accommodation authorized for guards, Picquets, &c. in cantonments.** The Vice President in Council is pleased to direct that whenever shelter for the accommodation of extra Guards, Picquets, and other such like purpose, in Cantonments and at Out-posts shall be required; commanding Officers will submit an estimate, accompanied by the detail of the Guard or Picquet, &c. or such other document as may be necessary to shew the extent of accommodation wanted, of the expense of erecting a light shed for the purpose. G. O. V. P. 14th Nov. 1809

**The construction, repairs, &c. of buildings at the different Stations by what Officers to be executed.** The Barrack-masters at Benarespoor and Danapoor, (also at Ghazepoor, Chunar, Cawnpoor, Agra and Meerut) and the (senior) Quarter-master at the other Stations shall continue to execute all works of temporary buildings and repairs under the present regulations. M. C. 25th January 1793

**Charge of permanent buildings for whom vetted at the Stations of Agra, Meerut, Cawnpoor and** The Vice President in Council is pleased to direct that the charge of all the public buildings within the Fort of Agra, which are unconnected with the fortifications and have been hitherto assigned to the department of the Garrison Engineer, as well as the future construction and repair of those buildings, be transferred to the department of the Barrack-master at that Station. G. O. V. P. 16th Apr. 1811

The future custody and preservation of the public Military Buildings at Cawnpoor and Muttra (now Meerut) shall be committed to the charge of a Barrack-master. G. O. G. G. 12th Mar. 1807

The buildings requisite for the Artillery and for a Battalion of Native Infantry at F  
 ighat to be placed, as at Ouda and in the Ceded and Conquered  
 vinces, under charge of Quarter-master or other Staff Officer at the Station.

Ref. M. B. 17th July 1807 The following occupied buildings only are to be maintained at the Station of Futli  
 ghat.

Four Powder Rooms—One Lumber Room—One Bankshall }  
 One Dry Store Room—One Sepoy Guard Room } at the Magazine.  
 One Workshop }  
 One Barrack and Offices—One Serjeant's Bungalow }  
 One Guard Room—One Artillery Store Room—One Gun-shed. } for the Artillery.  
 Lines complete for one Battalion of Native Infantry.  
 European and Native Hospitals and Offices.  
 Buildings appropriated to the Cloathing Department as follows:  
 Two Serjeants' bungalows, the workshop and store room.

Proc. G. G. 8th June 1809 The Governor General in Council entirely approves the proposition of the Military Board as far as regards the repairs of temporary buildings (on the established allowances of the 22d April, 1802) but he is apprehensive that the extension of the same system to buildings of a permanent nature might be attended with inconvenience and ultimate loss and expence to Government; this observation applies to the proposed introduction of the same system with regard to the buildings at Cawnpoor and Meerut. Permanent buildings are not to be repaired on fixed allowances.

G. O. V. P. 15th June 1811 The Vice President in Council observing that the General Order under date the 29th of August, 1809, does not provide for maintaining in constant good repair the jhamps of the permanent stabling at Cawnpoor and Meerut, extends the operation of that order to the jhamps attached to the stables at those stations, and allows Sonat Annas  $\frac{1}{2}$  per mensem for each jhamp at Cawnpoor, and Sonat Annas 2 at Meerut, in consideration of the difference in the prices of materials at those stations, respectively. Allowance for keeping in repair the jhamps attached to permanent stabling

M. C. 27th July 1807 If any repairs are necessary to any of the Company's public buildings at the Presidency or elsewhere, such as new-roofing, &c. and are not contracted for, they are to be done in the following manner. Regulations for repairs to permanent buildings.  
 The Chief Engineer is to order a Survey of such repairs to be made; to cause plans, elevations and sections to be furnished, and lay before the Board an estimate of the expences

G. O. 15th July 1788 When repairs are required to be made to any public buildings, Surveys shall be taken by committees composed of the Quarter-masters of the corps present at the station, and such other Officers as the Commanding Officer may please to appoint.  
 These Surveys shall specify the nature of the buildings and the extent of the repairs which may appear requisite, and an estimate is to be formed accordingly, under the same Regulations as are directed for new buildings, the estimate being formed upon the principle on which the building may have been constructed.

G. O. V. P. 17th Mar. 1810 The Vice President in Council directs, that in all future estimates for the repairs of public buildings the dimensions of each building requiring repair shall be fully and accurately expressed.

I. C. 13th Augolt 1792 Resolved, that it be made a standing Regulation that annual committees shall be appointed to survey and report to the Military Board, in writing, the state of the works and buildings in Fort William and at all the subordinate Military Stations: to commence at Fort William on the first Wednesday of December, and at the subordinate Stations on the first day of November year. Annual Committees of Survey ordered to report on the state of all buildings and how to be repaired.

G. O. 17th Sep. 1793 The Committee, ordered in the Minutes of Council under date the 13th ultimo to be assembled annually for the purpose of inspecting the works and buildings in Fort William and at the subordinate Military Stations, are to be composed as follows:  
 In Fort William—The Commanding Officer of the Garrison, Commandant of Artillery, Chief Engineer and Quarter-master General.  
 At the subordinate Stations,

A Field Officer, three Captains and the Engineer of the Station—the Deputy Quarter-master General to be a member of the committee at whichever of the Field Stations he may happen to be present.

The Barrack-masters of Stations and Quarter-masters of Corps to attend at the above Survey.

The Reports of the several committees to be transmitted to the Secretary to the Military Board.

No Officers to be appointed to the survey of works upon which they may eventually be employed.

It is to be considered as a standing Regulation that no Engineer Officer is in future to be a member of a committee of Survey assembled for any purpose which renders it likely that he may be employed as an Executive Officer, or on any works in the re-construction, alteration or repairs of which he is to be or may be employed; on all such Surveys, however, commanding Officers are to require the presence of the Engineer Officer on the part of Government for the purpose of assisting the committee with any information they may require on professional points.

G. O. G. G.  
26th Apr. 1807

That in the like manner and on the same general principle, Quarter-masters of Corps, Barrack-masters, and generally all Officers who may be employed in the execution of public works, be precluded from being members of committees of Survey that may be ordered to assemble for the purpose of reporting on the expediency of such works.

That with the above restrictions, the General Orders of the 17th September, 1792, which direct that the Chief Engineer and Quarter-master General at the Presidency, the Engineer Officer at subordinate Stations, and the Deputy Quarter-master General at whichever of the Field Stations he may be present, shall be members of the committees of annual survey, be considered as still in force, and the instructions now laid down as explanatory of those Orders.

Repairs to permanent buildings how to be authorized, surveyed and charged.

The Public Officer in whose trust the repairs are vested shall prepare a written statement and estimate of the proposed repairs which shall be preferred to the commanding Officer of the Station.

M. C. 13th  
Jan'y. 1789

The survey and statement of proposed repairs with estimates shall be transmitted by the commanding Officer to the Military Board for consideration and approval, previous to any repairs being engaged in.

It is required that a general repair be made annually, which is to be changing the thatch or tiles of buildings and replacing with new what may be decayed, replacing decayed uprights or rafters, and repairs of walls, jambs, &c.

When the repairs are completed, the buildings shall undergo a further survey, and the completion being duly certified, the bill of charge, framed in conformity to the prescribed mode in such cases, shall be transmitted to the Secretary to the Military Board, in order to be recommended for payment.

All public mud works to be annually surveyed and repaired; and no alterations, &c. to be undertaken without the authority of Government.

The Vice President in Council is pleased to resolve, that it be considered a standing regulation of the service, that all public mud works be in future carefully surveyed on the first of November in each year, and the reports transmitted to the Military Board, accompanied by estimates of all such repairs as may be found necessary; as at that season of the year all such damage as works of the description in question, may have sustained during the preceding rains will be apparent, and the time admit of the repairs being made, and the works acquiring a proper degree of hardness and strength, previously to the setting in of the following rainy season.

G. O. G. G.  
15th Aug. 1809

The Governor General in Council is pleased to direct that no works, unless of an emergent nature, either in the improvement of mud Forts or the destroying such places, be undertaken without the special authority of Government.

G. O. G. G.  
7th July 1810

Officers giving over charge of appointments to deliver over all unfinished works to their successor.

Agreed to inform Captain Skulldham, that in delivering over charge of the office of Barrack-master at Berhampoor to his successor, the unfinished works must of course be also delivered to Captain Lamberg, with whom he must make the requisite arrangements for the completion of them. (On occasions of transfer of similar appointments a specific provision is in general made for each case with reference to existing circumstances.)

Ref. M. R.  
11th July 1800

Regulations for the repair of masonry

The Governor General in Council, directing to the state of the public temporary

G. O. G. G.  
2nd April 1808

buildings at Out-posts in Oude, and in the provinces lately ceded to the Company by the Nawaub Vizier, is pleased to pass the following rules and orders.

buildings by Staff Officers at out posts, &c. on fixed allowances.

A fixed monthly allowance, proportioned to the number of buildings of every description, as hereafter detailed, will in future be made to the Senior Quarter-master or Adjutant at all Stations, where temporary buildings have been or may be erected by order of Government, for keeping such buildings in constant repair; this allowance is to provide for all casualties, fire only excepted.

Proc. G. C.  
4th July and  
15th Aug. 1808

Officers drawing the established allowances, on account of repairs of buildings, shall be held responsible for all repairs which may be necessary for the complete preservation of the buildings placed under their charge, with the exception, only, of damage occasioned by fire.

G. O. C. C.  
15th Jan. 1809

The monthly allowances for keeping the public Military buildings at Saharunpoor and Meerut in repair, are to be continued to be drawn for and applied to the preservation of the Cavalry and Infantry Lines at both those Posts, by the Staff Officer at each place, when there shall happen to be one, and by the Officer commanding when there is no Staff present, as is now the case at Meerut.

When no Staff Officer is present the allowances to be drawn by the Officer commanding.

G. O. G. C.  
22d April 1802

When any Station at which temporary buildings have been erected shall be evacuated by the Troops, it will be in the discretion of the Commander in Chief or General Officer commanding in the district, to direct that a Guard shall be left for the protection of the public buildings, according to the probability of the early re-occupation of such Post, but in all such cases the risk shall be borne by Government, and on the return of the Troops, the temporary buildings shall be repaired or re-built (as the case may require) at the expence of Government, in the usual mode of survey report and estimate; the allowance for the repair of such buildings shall cease from the time when the Troops shall leave the Post, and shall not recommence until the buildings shall be again reported ready on regular survey.

The allowances to cease on the removal of the Troops and under what circumstances to recommence

G. O. G. C.  
21st May 1807

The Governor General in Council deems it to be necessary to publish for general information that in future the construction or repair of public buildings at Out-posts, is to be restricted to such as are actually necessary for the Troops at those Posts, respectively.

Such buildings only to be kept in repair as are occupied by the Troops.

G. O. G. C.  
22d April 1802

The commanding Officer at each Post, where temporary buildings have been or may be erected, shall certify at the bottom of his monthly Review Rolls that the several buildings are in good condition, and the Military Auditor General is to admit the allowance for such buildings, only, as shall be thus certified to be in good and serviceable condition.

Certificates and reports by Commanding Officers of the due appropriation of the allowances, and of the serviceable state of the buildings.

G. O. C. C.  
10th July 1806

The Commander in Chief is pleased to direct with a view to give more regular effect to the Regulations of the 22d April, 1802, that Officers in command of Out-posts and at Stations, where temporary buildings have been constructed, do satisfy themselves that the established Allowances for keeping the buildings at their respective Posts and Stations in constant repair, are regularly drawn and appropriated to that purpose by the Staff Officers, and that they will report to the Military Board every quarter that the allowances are so drawn and appropriated.

The Commander in Chief is further pleased to direct, with the sanction of Government, that the allowances above alluded to for keeping in repair the public buildings at all Out-posts dependant on the Government of Bengal, are always to be drawn by the Senior Officer present holding the appointment of Quarter-master, or the Senior Officer present holding the appointment of Adjutant, when there may be no Quarter-master at the Post where such allowances are authorized to be drawn.

Determining the Staff Officer by whom the allowances are to be drawn.

Res. M. B. 9th  
April 1811

Agreed, that the Superintendent of public buildings be informed that where a monthly allowance is granted for maintaining buildings in complete and serviceable order, it is not by means of periodical general repairs that essential object is expected to be attained, but by timely repairs, however trifling, whenever they may be required, and that, at all times and under all circumstances, (fire and hurricanes excepted) is the Officer drawing such allowance responsible for the condition of the buildings.

Repairs to the buildings to be made whenever required, not at any fixed period.

Commanding Officers to report which buildings are under repair.

The Governor General in Council is pleased to direct commanding Officers of Stations and Posts where there are temporary buildings for which the fixed allowance for maintaining them in repair is drawn, to report to the Military Board when any of them are actually under repair; and the Military Auditor General is authorized to pass the monthly allowances for such buildings on the repairs being certified to be completed.

G. O. G. G.  
17th Nov. 1802

The buildings to be surveyed on the relief of corps or whenever the charge of them may be transferred.

Whenever a Quarter-master or Adjutant shall be relieved at any Out-post or Station, a Committee of Officers shall be assembled to inspect the buildings; and the Commanding Officer shall direct such repairs to be made to them, by the relieving Quarter-master or Adjutant, as to the Committee may appear necessary and proper at the expense of the Quarter-master or Adjutant relieved.

G. O. G. G.  
22d Apr. 1802

Temporary buildings shall be surveyed whenever the charge of them is transferred from one Officer to another.

G. O. G. G.  
Sept. 1788

The Committee of Survey to be constituted in such manner as the Officer commanding may think proper to direct; making the Quarter-masters, where there are such staff present, members of it.

The survey report to bear the signature of the Officer relieved as well as of the Officer who receives charge of the Station.

Officers receiving charge of buildings as serviceable are held responsible for all expense attending any repairs that may be requisite.

The Vice President in Council is pleased to determine that any Officer who may hereafter receive charge of public buildings as "serviceable" and draw the allowance for maintaining them in repair, shall be held responsible for all expense attending the repair, which such buildings may be afterwards found to require, during the period of his charge, however great the extent may be.

G. O. V. P. 3d  
October 1809

Allowances fixed for the several buildings and how to be drawn.

The allowance for each building is to be drawn separately, and is to commence for the temporary buildings hereafter erected, from the period when such buildings shall have been regularly reported fit for use, or shall have been delivered over.

G. O. G. G.  
22d Apr. 1802

Ordered, that the Military Auditor General be informed; that the allowances for the repair of the public buildings are to be passed in Sonat Rupees.

Res. M. R.  
23d Jan. 1809

The following is a detail of the monthly allowances for keeping in constant repair the several buildings.

G. O. G. G.

| (The allowances for keeping in repair Picquet sheds, etc. and other descriptions of temporary buildings not included herein, are fixed on the same principles with valuation as above) |    |

G. O. V. P. 29th Aug. 1809 The Vice President in Council is pleased to direct that the jhamps for Cavalry Stables may be maintained for the future in constant good repair by the Officer drawing the allowance granted for the repairs of Cavalry stables, as component parts of such buildings; and that in all future reports of public temporary buildings it be certified whether or not the full complement of jhamps attached to them are in perfect good repair, to entitle the Officer to the allowances for keeping the stabling in that condition.

G. O. V. P. 21st June 1811 The Military Auditor General is prohibited from passing any monthly allowance for maintaining in repair the stalls of Cavalry stables which shall not be vouched by certificates of commanding Officers, expressly declaring that the jhamps are positively in good order, and all the props complete, upon which latter the preservation of the jhamps so materially depends.

G. O. G. G. 26th Nov. 1806 The Governor General in Council is pleased to direct that the Regulations of 22d April, 1802, for keeping in constant repair the temporary buildings in Oude and the Conquered Provinces be extended to all Stations and Posts in the Conquered Territories, where temporary buildings have been or may hereafter be erected for the use of the Troops.

G. O. G. G. 26th June 1809 The Governor General in Council is pleased to determine that the system of providing for the constant repair of temporary buildings on the monthly allowances fixed by the Regulations of the 22d April, 1802, be adopted with respect to the buildings of that particular description at the Stations of Muttra and Nomuhla.

The allowances for the buildings at Nomuhla to be drawn by the Barrack-master at Agra.

Proc. V. P. 2d July 1811 The Vice President in Council is pleased to authorize a monthly allowance of Sonat Rupees six for maintaining in constant repair the additional cook-room lately erected for the Hospital at the left lines at Nomuhla.

Proc. G. G. 13th Nov. 1810 The Governor General in Council is pleased to authorize the commandant Staff Officer at Muttra to be continued in charge of the buildings of the vacant Native Cavalry Lines at that Station until further orders, and to authorize him to draw the established allowances for that purpose, putting up the jhamps in one of the ranges to preserve them from the effects of the weather.

G. O. V. P. 19th Dec. 1809 The Vice President in Council is pleased to fix the allowance to be drawn for maintaining in repair the two ranges of Pioneer Sergeants' Barracks at the station of Kurnal, at 17 Rupees per month, for each range of Barracks with its Out-office.

Proc. G. G. 24th Nov. 1809 The Governor General in Council entirely concurs with the Military Board in the expediency of committing to the exclusive charge of the Senior Staff Officer at Delhi and Rewari the whole of the public temporary buildings at those places; and the Military Board will be pleased to advise the necessary communications to the commanding Officer to this effect.

Proc. G. G. 4th June 1807 and G. O. G. G. 29th Apr. 1808 The Governor General in Council authorizes the following monthly allowances to be drawn for the service of keeping the undermentioned temporary public buildings in constant repair:

One Picquet shed  
Four — at each,  
Auxiliary Hospital  
Guard Room

## At Dehli.

Eight Guard Rooms corresponding with Quarter Guards, at each  
Seven Rear Guards

The Governor General in Council has been pleased to sanction the arrangement proposed by the Military Board for committing the several Magazine Buildings at Dehli to the charge of Mr. Deputy Commissary Cormack, the whole being previously reported in complete repair, and to grant to Mr. Cormack, an allowance of Sonat Rupees one hundred per mensem, for keeping those buildings in repair in future.

Proc. G. G.  
30th June 1810

Mr. Cormack's monthly bill to be vouched by a detail of the buildings specifying the dimensions of each, with a certificate by the commanding Officer at Dehli that the whole are in a perfect state of repair.

Lucnow.

The Governor General in Council is pleased to authorize a monthly allowance of Sonat Rupees 4 for keeping in constant repair each of the Picquet Guard Rooms attached to the new lines lately erected at the Post of Lucnow.

G. O. G. G.  
13th June 1808

Secrota.

The Vice President in Council is pleased to authorize the Artillery Barrack at Secrota being maintained in repair on a monthly allowance of Sonat Rupees twelve, for the accommodation of Inlying Picquets, small Detachments, treasure Escorts, &c. arriving at that Post.

Proc. V. P.  
5th Aug. 1809

Keitah.

The Vice President in Council is pleased to authorize a monthly allowance of Sonat Rupees 2 for the Rear Guard, and 2 8 for each of the Picket sheds at Keitah for the purpose of maintaining those buildings in constant repair.

Proc. V. P.  
18th June 1811

Sultanpoor.

The Governor General in Council is pleased to assign the future custody and repair of the public buildings, newly erected at the cantonment of Sultanpoor, to the Barrack-master at Chunar, under the Regulations of Government of the 22d April, 1802.

G. O. G. G.  
25th Jan. 1812

His Lordship in Council is further pleased to authorize the Barrack-master to draw the fixed monthly allowances on account of those buildings at all times, whether they may or may not be occupied.

Berhampoor.

The Governor General in Council sanctions the monthly allowances proposed by the Military Board for keeping in constant repair the following public temporary buildings at Berhampoor, viz. One Sepoy Hospital.

Proc. G. G.  
25th Apr. 1805

Two Serjeants' Bungalows with cook-rooms and necessaries

Ten Bells of Arms

One Quarter Guard

One Rear Guard

One Store-room

One Guard Room at the Magazine

Two Sentry Boxes at—

One Hearse shed.

The temporary buildings erected at Berhampoor subsequent to the Regulations of the 25th April, 1805, as detailed by the Barrack-master, are to be repaired annually on Survey Report and Estimate.

Res. M. B.  
22d May 1810

Midnapoor.

Public buildings for one Battalion only are to be maintained at Midnapoor.

Proc. G. G.  
21st Feb. 1805

The Governor General in Council approves the public buildings (unoccupied) at Midnapoor, which are constructed of putka materials, being repaired, when necessary, on Survey Report and Estimate.

Proc. G. G.  
15th Jan. 1807

The Governor General in Council is pleased to authorize a monthly allowance of 28 Rupees being paid to the Staff Officer at Midnapoor, for the purpose of maintaining the Native Hospital at that Station in constant repair, upon its present scale.

Proc. G. G.  
10th Oct. 1808

Chittagong.

The Governor General in Council directs that the future repair of the buildings at Chittagong be provided for under the Regulations of the 22d April, 1802.

Proc. G. G.  
12 Nov. 1802

Res. M. B. 18th Nov. 1804 The repairs of the temporary buildings at Cuttack are to be provided for under the Regulations of the 22d April, 1802. Cuttack

Proc. G. G. 21th Aug. 1807 The Governor General in Council authorizes a monthly allowance of Sonat Rupees 8 for keeping the Store-room at Balafore in repair. Balafore

G. O. V. P. 23th Aug. 1811 The Vice President in Council is pleased to authorize the same monthly allowance being drawn by the senior Quarter-master or Adjutant at Barrackpoor, from the 27th June, 1811, for the repair of the public buildings at that Station, as is fixed by the General Orders of the 22d April, 1802, for keeping temporary buildings in constant repair. Barrackpoor

Proc. V. P. 11th June 1811 The Vice President in Council approves of the repairs of the public buildings in the Colundaz Lines near Ballooghaut being in future provided for under the Regulations of the 22d April, 1802, on fixed allowances, to be drawn and appropriated to that purpose by the senior Quarter-master of Artillery at the Presidency. And the Colundaz Lines at Fort William

SUPERINTENDANT OF PUBLIC MILITARY BUILDINGS.

G. O. V. P. 9th Jan. 1810 The Vice President in Council is pleased to appoint Brevet Major Thomas Penfon to be Superintendent of Public Military Buildings at Stations above Allahabad.

The Superintendent of Military Buildings is to draw a Salary of Sonat Rupees 1000 per mensem, in addition to the pay, gratuity and tent allowance of his Regimental Rank.

Appointment of the Superintendent of public Military Buildings; his allowances, establishment & the duties of his office.

Proc. V. P. 16th Apr. 1811 Brevet Major Penfon, Superintendent of Buildings, is to draw the full batta of his Regimental Rank in addition to his other allowances.

G. O. G. G. 11th March 1808 The following establishment is to be allowed, under the foregoing arrangement, for the Office of the Superintendent of Public Military Buildings

|                                                                          |                 |                                                                                                                                                 |
|--------------------------------------------------------------------------|-----------------|-------------------------------------------------------------------------------------------------------------------------------------------------|
| One Moonshce, at per month                                               | Sonat Rupees 40 | } To correspond with Native merchants and others on the subject of materials,                                                                   |
| Two writers at—each,                                                     | 40              |                                                                                                                                                 |
| One Tindal per month, Sonat Rupees                                       | 10              | } For the use of his Office.                                                                                                                    |
| Eight Lascars at—each,                                                   | 6               |                                                                                                                                                 |
| Three Serjeants at—each, Staff Allowance,                                | 20              | } To assist in the examination of buildings, and to detach occasionally for information regarding materials and other duties of his Department. |
| (N. B. Only one Serjeant with the Superintendent is at present employed) |                 |                                                                                                                                                 |
| Two Lascars at—each                                                      |                 | } One to be stationed at Muttra (Veerut), one at Cawnpoor, and one with the Superintendent.                                                     |
| Allowance for the Provision of an Office tent                            | 30              |                                                                                                                                                 |
|                                                                          |                 | } For pitching the Tent of the Serjeant with the Superintendent.                                                                                |
|                                                                          |                 |                                                                                                                                                 |

The general Superintendence of the Public Buildings at the Stations above Allahabad shall be vested in the Superintendent of Public Military Buildings.

It shall be the duty of the Superintendent of Public Military Buildings to inspect the buildings at Muttra, Agra, Cawnpoor, &c. at two fixed periods of the year, viz. as soon after the 1st of October and 1st April as possible, and to state through the Military Board, for the information of the Governor General in Council, the particular condition of each building in detail, offering at the same time such suggestions as to the improvement, enlargement, or reduction of those buildings, as may appear to be beneficial to the Public Service.

It will also be the duty of the Superintendent of Public Buildings, when ordered to do so by the Governor General in Council, the Commander in Chief, the Military Board, or by the Officer commanding in the Field, to repair to any of the other Stations or Outposts in the Upper Provinces where his presence may be deemed to be necessary, for the inspection of buildings already constructed, or to furnish his sentiments or advice in respect to the construction of new buildings that may be required to be erected at such Posts or Stations.

All estimates for Public Buildings at Stations or Outposts above Allahabad shall, in the first instance, be transmitted to the Superintendent of Buildings, who, after carefully

examining the rates, and ascertaining that the quantities of materials stated, are in conformity to the Regulations, shall forward the estimates to the Military Board, with his particular remarks upon them, for the information of the Board, stating, at the same time, his opinion whether the works might not be more beneficially executed by contract.

Proposals for contract for the repairs or construction of buildings at and above Allahabad, shall be invited, under the usual sanction of the Governor General in Council, by public advertisement to be inserted in the Calcutta Gazette and promulgated through the Office of the Superintendent; but, in order to give additional publicity to such advertisements, copies thereof, drawn out in the English and Persian or Hindoostany languages, are to be at the same time forwarded by the Superintendent, to the several Magistrates and Collectors in the Upper Provinces, who will be instructed to cause the same to be affixed in some conspicuous part of the Sudder Cutcherry, and also copies of them to be published in like manner, at the subordinate Cutcheries, throughout their respective districts, for general information.

A duplicate of each Survey Report of buildings, at Stations above Allahabad, shall be transmitted in all instances to the Office of the Superintendent of Buildings.

It shall be the duty of the Superintendent of Buildings to ascertain the rates of materials and labour in the vicinity of all the Stations and Out-posts above Allahabad, and to suggest such arrangements, from time to time, to the Military Board, as he may conceive likely to conduce to economy, by the provision of materials at cheaper rates than they are procurable at Stations.

A zealous attention to this part of his duty will, it is expected, be productive of very great economy in the execution and repair of buildings in the Upper Provinces.

The Superintendent of Buildings to correspond free of Postage with all Officers he may have occasion to refer to on the public service.

The Superintendent of Public Buildings is authorized to correspond with Officers employed in the execution of public works, whose estimates are, by the existing Regulations, to be presented to him, and such Officers are directed to afford the Superintendent prompt and full explanations on all points connected with their estimates, whenever they are called upon by that Officer to do so.

G. O. G. G.  
30th Oct. 1810

The Vice President in Council is pleased to permit Major Thomas Penon, Superintendent of Buildings, to correspond, free of all charge on account of postage, with any of the Officers of Government under this Presidency, whether in the Civil or Military Service, with whom he may in future find it necessary to communicate on subjects connected with his duties as Superintendent of Military Buildings.

G. O. V. P.  
7th May 1813

#### BARRACK-MASTERS.

The appointment of Barrack-master incompatible with the Rank of Field Officer

It being incompatible with the good of the Service, and inconsistent with that attention due to the discipline of the army, that a Field Officer, regimentally so, should hold any of the inferior Staff Appointments on this Establishment; the situation of Barrack-master at the Cantonment of Barrackpoor, held by Captain A. Grant, has become vacant by the promotion of that Officer to the rank of Major of a Regiment.

G. O. G. G.  
29th May 1800

Barrack-masters are not to draw tent allowance.

Barrack-masters of Stations and Garrisons are not to draw tent allowance.

G. O. G. G.  
23d Sep. 1802

Behishties and Sweepers when to be supplied by Barrack-masters, and in what proportion, to Officers not in receipt of tent allowance,

Behishties and Sweepers, allowed by the Regulations of the Service to European commissioned Officers not drawing tent allowance, nor otherwise provided with Quarters by Government, are to be furnished and drawn for in the same manner as heretofore until further orders, viz.

Proc. G. G.  
30th July 1801  
Res. M. B.  
30th Oct. 1804

To a Field Officer—one Head Behishty and one Sweeper.

To a Captain, —————

To Two Subalterns, —————

Proc. G. G. 7th Nov. 1799 The Governor General in Council resolves, that Behishties and Sweepers shall not, in any future instance, be drawn for quarters occupied by Officers receiving tent allowance.

G. O. G. G. 10th June 1802 The Governor General in Council deems it to be necessary to separate the duties of Barrack-master from those of the Town Major of Fort William. Appointment, Salary, Establishment, &c. of the Barrack-master of Fort William.

The following salary is fixed for the Barrack-master of Fort William  
per mensem, ----- Sonat Rupees 300

Let. C. D. 1st April 1809 PARA 192d.—If, when the salary of the Barrack-master of Fort William was fixed at 300 Sonat Rupees per month, it was not intended he should pay for writers for the Office out of that salary, we shall not object to this addition—viz.

One Writer, at per month, ----- Sicca Rupees 20  
One ----- 10

as authorized by the Governor General in Council 23d April, 1807.

G. O. G. G. 10th June 1802 The Barrack and Pound Serjeant and Barrack Corporal allowed for the Department of the Barrack-master in Fort William, to be under the directions of that Officer, and their allowances to be drawn in his monthly abstract,—viz.

Barrack Serjeant, per month ----- Sonat Rupees 20  
Pound Serjeant ----- 20  
Barrack Corporal ----- 14  
(The Offices of Barrack and Pound Serjeant are at present held by the same person.)

The following establishment of workmen, &c. are fixed for the Barrack-master of Fort William.

One Sircar, at per month ----- Sonat Rupees 15  
One Carpenter Mistry ----- 12  
One Blacksmith Mistry ----- 12  
One Painter Mistry ----- 12  
One Sirdar Cooly ----- 5  
Twenty-seven Coolies——at each ----- 3  
Ten Carts ----- 30  
One Dome Mistry ----- 6  
Three Domes——at each ----- 4

G. O. G. G. 27th March 1803 The Barrack-master of Fort William is directed to entertain, for the use of the establishment fixed for his Department,  
One Head Hand Behishty, at per month ----- Sonat Rupees 6  
One Head Sweeper ----- 4

G. O. G. G. 11th Feb. 1803 Ordered, that the following establishment be allowed in the Department of the Barrack-master of Fort William.  
Eleven Puckallies or Bullock Behishties, at each, per month ----- 9  
Eighteen Hand Behishties ----- 6  
Thirty-eight Sweepers at each ----- 38

## DETAIL.

|                                                                                                                                                                                                                                                | <i>Puckallies</i> | <i>Hand Behishties</i> | <i>Sweepers</i> |

| Garrison Bazar -----                                                                                                                                                                                                                           |                   |                        | 5               |
| Garrison Roads -----                                                                                                                                                                                                                           |                   |                        | 5               |
| Attending the four Engines to wash the Platforms round all the Barracks, all the Garrison Drains and Sewers and the Roads before the cook-rooms. -----                                                                                         |                   |                        | 8               |
| Executive Officer -----                                                                                                                                                                                                                        |                   |                        | 1               |
| Total                                                                                                                                                                                                                                          | 11                | 18                     | 38              |

The Barrack-master of Fort William is permitted to entertain an additional Sweeper for the Adjutant of Engineers. Proc. G. G.  
23d Apr. 1807

The Governor General in Council authorizes, in addition to the establishment of the Barrack-master of Fort William, Proc. G. G.  
20th June 1808

Six Domes for the purpose of killing dogs in Garrison at each per month St. Rs. 3 8

One Sweeper for the use of the Town Guard in Calcutta ----- 3 8

The Governor General in Council is pleased to direct that the Barrack-master of Fort William, in addition to his present establishment of Sweepers, be allowed to draw for ten Sweepers at the usual rate for the purpose of cleaning the Privies attached to the Barracks occupied by the non-commissioned Officers and Private Soldiers of all European Corps quartered in Fort William; and for sweeping the Barracks, Cook-rooms and Privies of all Detachments or Parties of Europeans to whom no Quarter-master is attached or Officer acting in that capacity. G. O. G. G.  
29th Jan. 1807

The Governor General in Council is pleased to authorize the Barrack-master of Fort William to employ a Sweeper for every fifty men of the Detachments of his Majesty's 14th and 56th Regiments, until the arrival of the Quarter-masters. Proc. G. G.  
14th Dec. 1807

The strength of the Detachment to be authenticated by a certificate from the commanding Officer, stating the number of men actually in Fort William.

The Governor General in Council also authorizes the Barrack-master in Fort William to draw by contingent bill, monthly, at the usual-rate, for one Hand Behishti for every fifteen European non-commissioned Officers and Privates, who are not supplied with Behishties by the Quarter-masters of Regiments or by Officers acting in that capacity. G. O. G. G.  
29th Jan. 1807

The Governor General in Council approves the Barrack-master of Fort William supplying the families of the European Troops, who have proceeded on Service, with water, in the same manner as he supplies all Europeans in Garrison who are not furnished by Quarter-master's establishments. Proc. G. G.  
26th Sep. 1809

Gov. Orders  
Fort William  
25th Mar. 1796

In order to preserve cleanliness within the Garrison and its out-works, the Governor General directs that four of the new constructed Engines, now in the Arsenal, be delivered to the Barrack-master.

Establishment  
for working  
the engines em-  
ployed in keep-  
ing it  
clean.

The above Engines are to be employed in washing the drains and necessaries round the Soldiers' Barracks; as also round the Garrison Bazar, the drains under the Rampart Barracks, those at each end and in the rear of the Royal Barracks, with such other drains as may require washing.

Proc. G. G.  
1st June 1810

The Governor General in Council is pleased to authorize the Barrack-master of Fort William to entertain ten coolies, at 4 Rupees each per month, for each of the four Engines, and two in addition for the large Barrel Engine for the purpose of washing the drains and preserving cleanliness in the Garrison; the people to be charged for monthly, in a contingent bill, attested in the usual manner.

G. O. G. G.  
20th May, 1802

The following addition is ordered to the establishment of the Barrack-master at Fort William.

Establishment  
for the General  
Hospital.

One Lascar at per month, Sonat Rupees

5

Six Bildars or Harrimen, at ————— each,

4

To be employed in removing the  
soil from the General Hospital.

And two carts with casks to be supplied by the Agent for Gun Carriages.—The Bullocks and Drivers to be furnished by the Contractor (now Commissariat.)

Proc. G. G.  
8th Feb. 1808

An establishment of ten Hand Behishties—eighteen Sweepers and six Coolies for the service of the General Hospital is authorized by the Governor General in Council; the amount of the establishment to be drawn for by the Barrack-master in a monthly contingent bill, certified by the Surgeon of the General Hospital.

Let. M. S. G.  
18th June 1811

The Vice President in Council approving of the suggestion of the Military Board, the necessary orders have been issued authorizing the Barrack-master of Fort William to draw monthly an advance on account of the establishment employed in his Department to the amount of Sonat Rupees three hundred; should the advance exceed the actual expence in any month, the surplus is to be carried to the account of the succeeding month; and in the event of its falling short a further advance may be applied for, if necessary, or the account adjusted on the bill of expenditure being audited.

Additional con-  
tingent Estab-  
lishment for  
keeping in order  
the buildings of  
the Fort, &c.

Proc. M. R.  
28th May 1811

Estimated additional establishment requisite for conducting the ordinary repairs of, and keeping in order the several buildings, &c. in the Barrack-master's Department in Fort William (including the General Hospital.)

|                                             |                |   |                                                                                                         |

Total Sonat Rupees. 295 8 8

The workmen employed on account of the ordinary repairs to the buildings, &c. in the department of the Barrack-master of Fort William, are neither to be mustered as, nor considered, public servants; and the Barrack-master is at liberty to entertain, discharge and pay those people in such manner, numbers, and at such times, as he may deem most beneficial to the public interest, taking care to make any excess in the disbursements to the authorized advance appear to have been properly incurred.

Res. M. B.  
2d July 1812

Materials for buildings, stationery, oil, &c. for the Barracks how to be provided and charged for by the Barrack-master of Fort William.

Resolved, that the Barrack-master of Fort William be allowed to submit an estimate for each month of the materials which he may think likely to be required, which estimate is invariably to be forwarded so as to reach the Military Board Office at least a week or ten days before the commencement of the month to which it may be applicable; in order to allow sufficient time to obtain the necessary advances in proper season.

Res. M. B.  
30th July 1812

The wages of a Sircar for the purchase of materials are also to be included in the proposed monthly estimates.

The Barrack-master is directed to charge for the oil, candles and cotton furnished for the Garrison and Hospital lights, and for stationery, in monthly contingent bills, properly attested and countersigned, and in like manner, when necessary, for any of the other articles, which may be furnished by him for the use of the Troops in Garrison, of the nature of those described as not coming under the head of materials for ordinary repairs, viz. water jars, earthen mugs, pans and the like, annexing to his bills, however, on the latter account, the receipts of Quarter-masters of the Corps for which such articles may be furnished, which are to be considered as indispensable vouchers.

The Barrack-master is also authorized to submit his bill to the Military Board, monthly, for the chunam and charcoal-dust furnished by him for the purpose of being strewed in the drains and sewers.

The bills of actual expenditure in each month to be submitted to the Board at the end of the same, minutely exhibiting each item of expence and vouched by a particular detail or certificate of the works performed, and quantities of materials and proportion of labour applicable to each, and accompanied by an account current shewing, on the debit side, the sums received by him in advance on account of that month, and on the credit side the amount charged on his bill, and the balance, in order that they may be passed eventually, under the sanction of Government, for the final adjustment of his account, in the Offices of Pay and Audit.

Period determined during which Tatties are to be supplied to the Guards and the Roads watered in Garrison.

The Vice President in Council is pleased to authorize the Barrack-master of Fort William to commence watering the Roads in that Garrison on the 15th instant, instead of the 1st of March as has been hitherto the practice.

Proc. V. P.  
6th Feb. 1812

Should the Rains at any future season not have commenced at the expiration of the period of the year for which the establishment of Behishties is allowed for watering the Roads and Tatties of the Public Guards, &c. in Fort William, the Military Board will bring the circumstance under the notice of Government, when authority will be granted for the extra charges which may be necessary to incur on that account being drawn for in a contingent bill duly attested, in the usual manner.

Proc. V. P.  
11th June 1812

Quarterly Returns of all stores in the Barrack-master's Department to be made to the Military Board.

Agreed, that the Barrack-master of Fort William be directed in future to make quarterly Returns of all stores, belonging to the department under his charge, exhibiting their condition at the end of each quarter.

Res. M. B.  
5th Dec. 1812

Regulations for the periodical repairs of the

The Governor General in Council orders and directs that the following Regulations for the Department of the Barrack-master in Fort William shall be observed in future.

G. O. G. G.  
10th May 1802  
and  
6th May 1809

The exterior walls of all the buildings in the Garrison of Fort William and the General Hospital, to be repaired and thoroughly cleaned with a covering of lime and sand, and the ornamental parts with lime-only, once in four years; and the painting of both the exterior and interior doors, windows, beams, burchahs, &c. to be executed at the same time.

The inside of the Barracks of the Private Soldiers, the Guard-rooms, and General Hospital, to be white-washed annually; and the Officers' Barracks once every two years.

The painting of the doors and windows to be done with Europe paint and Europe oil; the whole of the works to be done by public contract, provided the rate shall, on comparison with estimates to be formed on the opinions and experience of the Officers of Government, be thought reasonable.

(For further regulations relative to the charge, construction, &c. of buildings in Fort William, as applicable to the Barrack-master and Executive Officer, *vide* page 288.—By G. O. V. P. 6th February 1810, the accounts, &c. of the Barrack-master of Fort William are directed to be verified on oath half yearly. For the prescribed form of Affidavit *vide* Form No. 4, Chapter III.)

buildings in the Department of the Barrack-master of Fort William.

17 C. 27th  
January 1793 Resolved, in respect to the Cantonments at Barrackpoor, that a permanent Barrack-master be appointed to that Station under the controul and superintendence of the Quarter-master General. He shall have charge of the Cantonments, Head-quarters, Cox's Bungalow and Stables, the Artillery Quarters at the new Powder Works, and the Banks of the River near the Cantonments and Head-quarters.

The charge of the Cantonment of Barrackpoor vested in the senior Quarter-master and establishment appointed under his orders.

G. O. G. G.  
and April 1802 The Governor General in Council is pleased to order that the duty of taking care of the Cantonments at Barrackpoor shall be performed by the senior Adjutant and Quarter-master at the Station.

The following establishment is allowed for the senior Quarter-master,—viz.

|                                    |      |      |      |              |    |
|------------------------------------|------|------|------|--------------|----|

June 1796

\* Two Sweepers, one for the Barrack Guard, one for the Main Guard.

The Governor General in Council authorizes the proposed addition to the establishment of the Barrack-master at Berhampoor so long as the Barracks at that Station are occupied by an European Regiment. Proc. G. G.  
23d Oct. 1806

One Fileman.

One Fireman.

Two, Hammerman and Bellowsman;

Two Carpenters.

One Brassman.

One Siclegur.

The Governor General authorizes a cart and six Sweepers being allowed the Barrack-master at Berhampoor for the drains, spare quarters and barracks, as recommended by the Military Board. The Coolies already allowed to be employed in airing the barracks and quarters occasionally. Proc. G. G.  
24th July 1806

The Governor General in Council has been pleased to allow two Behishties, and four Sweepers, in addition to the present establishment of the Barrack-master at Berhampoor, during such period of time as European Troops shall be quartered there, for the purpose of keeping clean the Area of the Hospital compound. Proc. G. G.  
21st Dec. 1807

Under the circumstances stated (for the use of the sick room) the Barrack-master at Berhampoor is authorized by his Lordship in Council to entertain one Sweeper and one Behishti, in addition to his usual establishment during the continuance of one of His Majesty's Regiments at that Station. Proc. G. G.  
11th Feb. 1809

The Governor General in Council is pleased to sanction the following establishment for the Barrack-master at Berhampoor, in consequence of the departure of His Majesty's 22d Regiment from that Station. G. O. G. G.  
26th Sept. 1810

Two Hand-Behishties,

One Head Sweeper,

Two Sweepers,

Eleven Sweepers,

Eight Chokeydars,

(Cattle for the carts, attached to the Barrack-master's establishment, are supplied from the Commissariat.)

} For the Barrack-master and the Main Guard.

} For cleaning the public drains, barracks, and driving filth carts, until an European Corps shall again be cantoned at the Station

} For the protection of the Soldiers' Barracks, &c. during the temporary absence of the Troops from Berhampoor.

ing the charge of a Serjeant, Sircars and Camp Colourman, be Sonat Rupees per month 254 (the same as at Berhampoor.)

G. O. G. G. The following reduced establishment is ordered for the Barrack-master at Danapoor.  
 2nd April 1808 One mate Smith—One mate Carpenter—One Sircar—One head }  
 Cooly—Twelve Coolies or Bildars—Four Gurry-men. } As at Berhampoor.  
 \* M. C. 20th June 1796 \* One Puckallie, for the Main Guard.  
 \* Two Sweepers, 1 for the Barrack Guard, 1 for the Main Guard.

Proc. G. G. The Governor General in Council authorizes the additional establishment recommended  
 25th March 1807 by the Military Board, being entertained by the Barrack-master at Danapoor so long as the Barracks at that Cantonment shall be occupied by an European Regiment.  
 One Fire-man—One File-man—Two, Bellow-man and Hammer-man.  
 Two workmen Carpenters—One Bials-man—One Siclegur.

Proc. G. G. The Governor General in Council authorizes the making up of two carts for the use of  
 21st Aug 1800 the Barrack-master at Danapoor. (Cattle being provided as heretofore from the Contractor (now Commissariat.)

Proc. G. G. The necessary instructions will be issued from the Judicial Department, for placing,  
 23th Jan. 1808 under the orders of the Barrack-master at Danapoor, the number of convicts proposed to be employed in repairing the Parades at that Station, and for such part of that number as may hereafter be required, for the purpose of keeping the Parades in a serviceable condition, being permanently retained on that duty.

(The Barrack-master at Danapoor has also charge of the Hospital wine. *Vide page 336.*  
 The Barrack-masters at Berhampoor and Danapoor receive the pay, full batta, and gratuity of their Regimental Rank.

Sweepers, &c. according to the established proportion for the European Corps, and European commissioned Officers not receiving tent allowance or house rent at the Cantonments of Danapoor and Berhampoor, are drawn for by the Barrack-masters.)

G. O. G. G. The Governor General in Council is pleased to determine that the situation of Adjutant and Quarter-master at Ghazeepeer, Ghazeepeer,  
 15th Jan. 1811 tant and Quarter-master at Ghazeepeer be abolished, and the Officer in charge of the Barracks and other public buildings at that Station be designated Barrack-master at Ghazeepeer.

The personal salary and establishment of the Barrack-master at Ghazeepeer, to be the same as those annexed to the Office of Adjutant and Quarter-master.

G. O. G. G. The salary and consolidated Staff Allowance of the Adjutant and Quarter-master at Ghazeepeer is fixed at Sonat Rupees 275 per mensem, the same as for the Fort Adjutant at Chunar—(*Vide page 39.* The Barrack-master also draws an allowance of Sonat Rupees 16 per mensem for a Barrack Serjeant.)

G. O. G. G. The following establishment is fixed for the Adjutant and Quarter-master at Ghazeepeer.  
 27th June 1801

|                                        |    |   |   |                                                                                               |

| Two Paunchways, .....                           | 25 | 0 | c | For examining Passengers.                                                   |

One Barrack and Key Serjeant is also allowed in the department of Barrack-master at Chunar, at St. Rs. 16 per mensem.

(For the allowances to the Fort Adjutant and Barrack-master of Chunar, *vide page 39.*)

Allahabad.

Resolved, that the Office of Fort Adjutant and Barrack-master in one person, be established for the Fort of Allahabad with the same salary and Staff Allowances as are annexed to that situation at Chunar (*vide page 39*)—viz. Sonat Rupees 309 per month, including a Staff Allowance of Sonat Rupees 20 for the Fort Serjeant, and Sonat Rupees 14 for a Barrack Serjeant.

M.C. 23d Mar.  
and 9th July  
1796

The following establishment is fixed for the Barrack-master at Allahabad.

|                    |      |      |      |                                                                       |
|--------------------|------|------|------|-----------------------------------------------------------------------|
| One mate Smith     | .... | .... | .... | On the established allowances.<br><i>Vide Form No. 6, Chapter IV.</i> |
| One Fireman        | .... | .... | .... |                                                                       |
| One Fileman        | .... | .... | .... |                                                                       |
| One Bellowsman     | .... | .... | .... |                                                                       |
| One Mate Carpenter | .... | .... | .... |                                                                       |
| Two Workmen        | .... | .... | .... |                                                                       |
| Four Gutter-men    | .... | .... | .... |                                                                       |

An allowance to the same amount as that drawn by the Barrack-master of Danapoor to be made to the Barrack-master at Allahabad for a Writer, Sircar and Stationery.

(A Sircar at Sonat Rupees 15 per month is allowed to the Fort Adjutant, the same as to the Barrack-masters at the Stations of Danapoor and Behampoor.)

The expence of lighting lamps to be charged in a monthly contingent bill.

The Governor General in Council is pleased to fix the following establishment for the Barrack-master at Allahabad for keeping clean the interior of that Fort, including the Barrack Compounds, Drains, &c. G. O. G. G.  
13th Mar. 1808

|                                                          |      |      |      |              |     |
|----------------------------------------------------------|------|------|------|--------------|-----|
| Two carts, at each per month                             | .... | .... | .... | Sonat Rupees | 30  |
| One Overseer (to be obtained from the European Invalids) | .... | .... | .... |              | 20  |
| Four Puckallies at each,                                 | .... | .... | .... |              | 12  |
| Six Hand Behishties at each,                             | .... | .... | .... |              | 8 8 |
| Sixteen Sweepers                                         | .... | .... | .... |              | 4   |
| One Dome or Harriman                                     | .... | .... | .... |              | 4   |

With the usual proportion of Puckallies, Behishties and Sweepers for the Officers present, not in receipt of tent allowance, and the usual proportion for the Troops.

The Governor General in Council sanctions the revision recommended to be made in the establishment of the Garrison at Allahabad. Proc. G. G.  
26th June 1809

## BARRACK-MASTER'S DEPARTMENT.

| <i>Reduction.</i> | <i>Increase.</i>              |
|-------------------|-------------------------------|
| One cart          | Two Bildars.                  |

Meerut,

That a Barrack-master be appointed at Muttra on a monthly salary of Sonat Rupees 100, with the pay, full batta, gratuity and house-rent of his Regimental Rank. G. O. G. G. 11th Mar. 1805

The following establishment is allowed for the Barrack-master at Muttra.

|                                   |            |                                                                                                                                |
|-----------------------------------|------------|--------------------------------------------------------------------------------------------------------------------------------|
| One Mutsuddie, at per month ..... | St. Rs. 15 | } To keep accounts, prepare estimates, and perform other incidental duties of the Office.                                      |
| One Writer, .....                 | 30         |                                                                                                                                |
| One Tindal, .....                 | 10         | } To examine and report the state of the buildings after bad weather, and to perform other incidental duties of the department |
| Eight Lascars, at each, .....     | 6          |                                                                                                                                |

Upon the march of His Majesty's 17th Foot from Muttra, the Barrack-master is to proceed from Muttra to Meerut, to which latter Station he is transferred from that date. G. O. G. G. 23d Sept. 1805

The Governor General in Council is pleased to approve of the instructions given for the provision of water-pots and ladders, to be kept near the several public buildings at Meerut, for use, in the event of fire. Proc. G. G. 8th Feb. 1811

And Cuttack,

The duties appertaining to the office of Barrack-master at Cuttack are to be executed by the senior Quarter-master at the Station, or by the senior Adjutant, when there is not a Quarter-master present. G. O. V. P. 30th Jan. 1806

Regulations to be observed by Barrack-masters for the charge, allotment and preservation of Officers' quarters.

As by the appropriating a certain proportion of Officers' quarters to different Corps, the Company would become liable to an expence of house-rent for the Officers of some Corps, while the quarters appropriated to others might be vacant; it is directed, in all situations where Officers are furnished by Government with quarters, they shall be supplied to each individual, according to his Rank, upon application to the Fort Major or Fort William, and by the Public Staff in the Garrison of Allahabad. G. O. G. G. 10th June 1805

Supernumerary or unappointed Chaplains and Surgeons at the Presidency are to be furnished with quarters in Fort William, and in the event of there not being quarters for any Officers of the above descriptions, they are to be furnished with the certificate to that effect prescribed by the regulations. Proc. V. P. 13th Dec. 1805

To obviate difficulties and prevent references, Officers shall be put in possession of their Quarters by the Barrack-master, personally, who shall exhibit an inventory or statement of the quarters and offices, shewing the number and condition of the doors, windows, locks, bolts, hooks, bars, and every article of furniture or stores belonging to them, which the Officer is to compare and sign with his name, rank and corps, as a receipt for the same. G. O. G. G. 10th June 1805

When an Officer quits or changes his quarters, he shall deliver them over to the Barrack-master, agreeably to this inventory and receipt, and shall receive from the Barrack-master an acknowledgment that he has done so.

Every Officer shall be answerable for the doors, windows, glass of the windows,

locks, hooks, hinges and every part of his quarters, and if they shall have sustained any damage, reasonable tear and wear excepted, the Barrack-master shall present a bill for the amount of the damages so done, which the Officer shall either pay or accept.

If the bill be accepted, the Paymaster of the Station shall pay it on presentation, and shall recover the amount from the Officer in the mode in which retrenchments are recovered.

In case of any dispute between the Officer leaving his quarters and the Barrack-master, as to the extent of the damage done, the case shall be referred to the commanding Officer of the garrison or cantonment, whose decision shall be final.

The commanding Officer shall order Committees of Survey, if necessary, on all questions of delapidation or injury.

Res. M. B. 7th  
January 1803

The Military Board are of opinion that all Officers occupying quarters, whether by indulgence or otherwise, are subject to the Regulations published in General Orders of the 10th June, 1802.

Garrison Or-  
ders Ft. Will-  
iam 25th Mar.  
1789

The quarters in the Fort are hereafter to be allotted in the manner following.

The Calcutta Gate to the Town Major's Office,

The Royal Gate to Chief Engineer,

The Water Gate to the Arsenal, for the Commissary.

The Plassey Gate to the Commandant of Artillery when he is not in command of Garrison; and to the second Officer doing duty with the Corps, when he does command.

The Treasury and St. George's Gates to the Officers who command the two Battalions of Infantry.—(The Treasury Gate is at present appropriated to the General Officer commanding the Presidency Station.)

Three houses of the Rampart Barrack, laid into one and fitted up accordingly, for a Field Officer not in command of a Corps, or for the Major of each.

One of the same houses, or a north room and a south room, with the Godowns beneath them, in the North or in the South Barracks, to a Captain or a Surgeon.

Two Subaltern Officers or two Assistant Surgeons are to occupy a Captain's Quarters.

The Fort Adjutant, Fort Surgeon and Assistant Commissary are to be considered as fixed Staff, and quarters now occupied by the two former are to remain appropriated to them.

The Assistant Commissary is to have a similar apartment in the Bazar end of the South Barracks.

Appropriation of the several buildings in Fort William allotted for quarters; proportion of accommodation to be allowed to the several ranks and descriptions of Officers; and rules to be observed on applying for or relinquishing quarters.

Garrison Or-  
ders 2nd July  
1794

The quarters now occupied by the Captains and Staff in the Rampart Barracks are, in future, when vacancies occur, to be allotted to the senior Captains attached to the Garrison.

Garrison Or-  
ders 9th May  
1795

The Governor General has been pleased to direct that the Rule of Seniority be adhered to in the allotment of quarters in the new Barrack.

The new Barrack being supposed to afford superior accommodation to any other in Fort William, the quarters hereof are to be allotted to the senior Captains attached to the Garrison (should they prefer them) and to the Brigade Major of Artillery.

Garrison Or-  
ders 2nd Feb.  
1797

The Order of the 9th May, 1795, by the Governor General, regarding the appropriation of the new Barrack to the senior Captains, is to be extended to the Field Officers doing duty in Garrison, and unprovided with Field Officer's quarters.

The proportion of quarters to be allotted are, two Captain's quarters to one Field Officer,

Garrison Or-  
ders 25th July  
1794

Aids-du-Camp, and Brigade Majors doing duty in Fort William, are to be allowed quarters in the following proportion:

A Brigade Major, two Captain's quarters; one being allotted for his Office;

An Aid-du-Camp, one Captain's quarters.

Ext. Let. Adjt.  
Genl. 20 April  
1790

The Commander in Chief is of opinion that Staff Officers, for the convenience of executing the duties of their Departments, should have their Offices in Cantonments; and he does not think it necessary to fix any pecuniary allowance for that purpose, but desires that they may be always provided with quarters for their Offices in preference to any other Officer.

The following Staff Officers, exclusive of the quarters for the rank in which they receive pay, are to have a set of Subaltern's quarters for the use of their Office:

Brigade Major—Barrack-master.  
Adjutants of European Battalions.  
Quartermasters. ———  
Adjutant and Quartermasters of Native Corps.

Officers of the Engineer Corps and others, occasionally in duty on Garrison, are themselves to return the keys of their respective quarters to the Barrack-master, whenever from removal, leave of absence exceeding one month, or otherwise, they quit them.

Garrison Orders 31st July, 1791

Officers are expressly forbid taking possession of any vacant quarters which may be left open for repairs, or accidentally; they will be allowed to exchange upon giving intimation to the Barrack-master.

Officers, once allotted to quarters, are on no account whatever to remove without previously obtaining the permission of the Town Major.

Garrison Orders 33d March 1797

The Standing Regulations, which direct that all applications for quarters in Port William shall be made to the Town Major, are in future to be particularly attended to.

Garrison Orders 26th July 1794

Monthly Report of the State of the quarters, &c. to be furnished by the Barrack-master of Port William

The Barrack-master of Port William is, hereafter, as soon as possible after the expiration of each month, to transmit for the Board's inspection a report, drawn out agreeably to the annexed form, of the state of the Officers' quarters and their appurtenances, being the result of a minute monthly inspection by himself assisted by his Barrack-Sergeant, to which he will add any remarks or suggestions of a general nature that occur to him as being calculated to improve order and regularity, or connected with the preservation of the quarters and barracks in a perfect state.

Res. M. B. 11th June 1811 and 10th Aug. 1817

The Barrack-master of Port William reports that in the preceding month of ——— he and his Sergeant carefully inspected the several Quaswyt and other Officers' Barracks, and the Surgeons' House at the General Hospital, in the performance of which duty the following remarks on the State of the buildings have occurred.

*Gateways and Barracks.*

*Remarks.*

St. George's Gate Quarters

These quarters require to be thoroughly whitewashed; some of the brass door locks are irreparable and require to be replaced by new ones; all other locks, bolts, hooks, &c. are in excellent condition; and the quarters in good repair.

Royal Gate Quarters

Clean and complete in all particulars.

South Barrack

The center Veranda of this Barrack much in want of white-washing—Five lamps broken by the violence of the wind on the night of the ——— also—Seven of the door locks and a few bolts out of condition, but now under repair: in all other respects complete.

The Barrack-master further reports that by frequent attendance, and by the inspection of his Sergeants in his presence, he has furnished himself that the public necessities, verandas, and their stair-cases, are maintained in a constant state of cleanliness.

The Barrack-master also declares that he has personally attended the delivery and receipt of quarters to and from Officers during the last month, with due attention to the 13th, 14th and 15th Paragraphs of the Regulations of Government, published in General Orders of the 10th June, 1802.

FORT WILLIAM,

(Signed) A. B.  
Barrack-master.

28 of ——— 1811.

When there may be a deficiency of quarters, Officers who cannot

When there shall be a deficiency of quarters for the Officers doing duty, house rent, agreeably to the Regulations, it to be allowed to those Officers who cannot be supplied, but only upon a certificate being produced, signed by the commanding Officer in Garrison.

G. O. G. 10th June 1802

and the Barrack-master, that no quarters are vacant in the Garrison, and that no Officer has more than his regulated share of quarters. not be supplied are permitted to draw house rent.

M. C. 16th June 1786 Officers who cannot be supplied with quarters in the Garrisons where their Corps are stationed, are to be allowed house rent in lieu of quarters, to be drawn in arrears as follows. Rates of house rent allowed to the different Ranks, and Regulations under which it is to be drawn.

|                                                                                                                                     |             |

| A Subaltern, Assistant Surgeon and Deputy Commissary,                                                                               | 30          |
| A Cadet, Conductor and Apothecary,                                                                                                  |             |

All Staff Officers not specified herein are to draw house rent according to the Rank for which they receive staff pay.

Officers in the receipt of full batta are not to draw house rent, except those particularly specified as entitled to house rent, in lieu of quarters.

The following Staff and commissioned Officers not having house rent consolidated in their staff allowances, and the nature of their employments and appointments rendering their residence in Calcutta necessary, are to draw house rent according to their respective ranks in the Service.

Surgeon and Chaplain to the Commander in Chief.

Assistants in Military Offices, when holding commissions.

Officers who may have neglected to apply for quarters shall not be entitled to house rent previous to the date of such applications.

When there shall be a deficiency of quarters in the Garrison of Fort William for the Officers doing duty there, house rent is to be allowed for those Officers who cannot be supplied upon a certificate being produced, signed by the Barrack-master, which certificate is to be countersigned by the Officer commanding; and is to run in these words.

"This is to certify that Lieutenant A. B.—doing duty at———, applied for quarters on the———day of———, and could not be supplied for that month, there being no quarters vacant or more than the due proportion occupied by any Officer."

(Signed) C. D.

The above certificate is to be produced monthly to entitle any Officer to draw house rent, and is to accompany his bill as an authority to the Paymaster to discharge it.

Barrack-masters and commanding Officers are to be held responsible for a strict attention to the spirit of these Orders, by immediately appropriating any quarters that may become vacant to the use of the Officers who are in receipt of house rent; in doing which the Officer who has been longest in receipt of house rent, is to be first called upon to occupy such vacant quarters.

House rent is to be allowed for the whole month in which an Officer dies if he dies after the 15th, and for a half month if he dies before the 15th.

The same rule is to be observed with regard to Officers who from their situation are entitled to house rent for any broken part of a month.

No Bills for arrears of house rent to be countersigned or paid unless presented within the month succeeding that in which the Garrison or other duty is performed, for which the charge of house rent is made.

House rent bills for the Garrison of Fort William are to be paid by the Garrison Paymaster, and for all other places by the Paymaster of the Station or Corps to which the Officer belongs.

Let. M. S. G. 14th Nov. 1791 House rent is to be allowed to Officers, who from their situations are entitled to it, only from the day of their arrival at the Station to which they have been ordered.

M. C. 16th June 1786 Conductors of Ordnance are to be quartered in the Barracks allotted to the Corps of Artillery: the Officer commanding will therefore please to allot them separate quarters, but in the same Barracks with the non-commissioned and Privates, at the rate of one apartment for four Conductors; and in cases only where they cannot be so accommodated, they will be entitled to draw house rent. Proportion of quarters allowed to Conductors of Ordnance.

(The above Regulation is not now observed in the provision of quarters for Conductors.)

And non-com-  
missioned Staff,  
Privates, &c.  
attached to the  
Garrison in Fort  
William.

Agreed to request the commanding Officer in Garrison will give orders to the Barrack-master, to prepare accommodation for the non-commissioned Staff and Overseers, attached to the several departments in Garrison, and that their future residence within the compounds allotted to the different departments may be strictly prohibited.

Res. M. B.  
4th April 1809  
approved Gov.  
Genl. 29th  
April.

Regulations to  
be observed by  
Barrack-masters  
and Quarter-  
masters of  
corps, for the  
charge and  
preservation of  
the furniture,  
quarters, &c. of  
non-commis-  
sioned Officers  
and Privates.

Ordered, that the following rules and regulations for the conduct of Barrack-masters and other Officers in charge of the public Barracks in the several Garrisons and Cantonments be duly attended to.

G. O. O. G.  
10th June 1802

All public Barracks, Guard Rooms, Quarters and Offices, with the furniture and utensils belonging to them, shall be under charge of the Barrack-master, in all places where there shall be an Officer of that denomination, who shall be responsible for the well keeping and good condition of the same.

The Barrack-master shall, in person, deliver over to the Quarter-master of a Corps coming into Garrison or Cantonments, the Barracks or Quarters required for the actual effective strength of such Corps, with the Offices, utensils, furniture and cots appropriated to them, and the Quarter-master must attend before they march in to receive them.

The Barrack-master will deliver an inventory of the Barracks or Quarters, offices, utensils, cots and furniture, signed with his name and office, as an authority by which the Quarter-master is to receive them. The Quarter-master will compare the whole with the inventory, and return the inventory signed with his name and office, which is to be his official receipt for them, as to number and condition, and shall be considered as the receipt of the Officer commanding the Corps.

All Troops in quitting their Barracks are to leave them in a state of cleanliness, and every article they have received or found there in perfect order; and when a Corps quits the Garrison or cantonments, or shall change its Barracks, the Quarter-master shall deliver personally to the Barrack-master, the Barracks or quarters with their offices, utensils, cots and furniture, agreeably to his inventory and receipt, and the Barrack-master shall grant a receipt in duplicate for the same.\*

Previous to Corps taking possession of or quitting their quarters, a survey by a committee of Officers shall, if time will admit, be taken of the quarters, utensils, cots, furniture and stores, and if there shall not be time for a survey, the receipt shall specify, as nearly as possible, the state and condition of the quarters and articles received and delivered.

If at the examination it shall appear that the Barracks, &c. have received any improper damage, or that any utensils or furniture have been lost or destroyed by the non-commissioned Officers and Privates of the Corps, such damage shall be made good by them; and the Quarter-master shall give an account by whom the several portions of the expence are to be paid, countersigned by the Officer commanding the Corps; the whole shall be immediately paid by the Paymaster of the Corps or Station, and charged to the account of the commanding Officer, who shall recover it by stoppages from the men.

If during the time a Corps remains in Garrison or Cantonments, the Quarter-master should quit his Post and another should be appointed, the Quarter-master coming into office shall examine the state and condition of every thing committed to the charge of the former Quarter-master, and shall take an inventory of the whole at the time of taking charge. On failure, the inventory and receipt of his predecessor shall stand good.

But if the Quarter-master presents a new inventory, differing from the former one, the Barrack-master shall demand immediate payment of the damages which may have been done.

He shall then deliver up the former Quarter-master's inventory, and receive the new one in exchange.

Having received the amount of the damages done in the mode above directed, the Barrack-master shall replace the articles which may have been lost, and repair the damage which may have been done: he shall then demand a new inventory and receipt from the Quarter-master of the Corps, which shall be considered the receipt of the commanding Officer of the Corps, and by it, the accounts of damages afterwards committed, shall be adjusted.

The Regulations respecting the Barracks and furniture shall be hung up in the Barracks, in order that the men may not plead ignorance.

All reports by committees of Officers upon Barracks, quarters, utensils, cots and furniture, and the duplicates of the receipts passed by the Barrack-masters and Quarter-masters of Corps, shall be transmitted to the Secretary to the Military Board, through the commanding Officers of Stations.

All reports of  
surveys, Receipts, &c. re-  
lative to furni-  
ture, Barracks  
and quarters to  
be sent to the  
Military Board.

Res. M. B. 7th  
January 1809

Ordered, that the Barrack-master do himself attend to the cots of Invalids and Detachments of men, to whom no Quarter-master, or other Officer acting in that capacity, is attached; but as all such men are under charge either of the Town Major or Brigade Major of Artillery, those Officers are held responsible to the Barrack-master for injuries done to the cots or Barracks by the men under their charge, in the same manner as commanding Officers and Quarter-masters of corps are by the Barrack Regulations made responsible, in the first instance, for all damage done by the non-commissioned Officers and Privates of their respective Corps.

Responsibility for the preservation of furniture, Barracks, &c. allotted to small Detachments of Europeans, to whom attached.

Res. M. B. 23d  
April 1809

Agreed, that it be a standing Regulation in future that the Barrack-masters who have cots under their charge belonging to the Company for European Soldiers, do make quarterly returns of the same to the Military Board, expressing the number of serviceable, repairable and unserviceable—in and out of use.—(Quarterly returns are also sent of all furniture, stores, &c. in charge of Barrack-Masters.)

Quarterly returns of Barrack cots to be sent to the Military Board.

G. O. C. C.  
26th Jan. 1809

Government having determined that Barrack cots for the use of the European Troops at the several Stations of the Army, shall in future be furnished by contract instead of as heretofore by the Agency of Barrack Masters; Officers commanding Stations where European Troops are quartered, are ordered to furnish the Military Board with timely notice when cots are likely to be wanted, that the necessary measures may be taken to provide them.

Barrack cots to be provided by contract at the several Stations of the army.

G. O. G. G.  
29th Apr. 1809

The Governor General in Council has been pleased to accept the proposals of contract tendered by Mr. John Taylor, for furnishing Barrack cots for three years under the terms of the advertisement published in the Calcutta Gazette of 23d February last, and at the following rates; each cot to be painted with two coats of paint, composed of white lead and oil, instead of red paint, as provided in the advertisement above mentioned.

|                                    |      |
|------------------------------------|------|
| At Fort William each, Sicca Rupees | 7 8  |
| Berhampoor                         | 7 12 |
| Danapoor                           | 7 14 |
| Chunar                             | 8    |
| Allahabad                          | 8    |
| Cawnpoor                           | 8    |

Proc. G. G.  
28th May.  
Res. M. B. 12th  
June 1810

The Governor General in Council is pleased to authorize the Military Board to direct Mr. Taylor, contractor for cots, to introduce a curved cross bar into such cots as he may in future supply for the public service at an expence not exceeding four annas for each cot.

The Board are of opinion that the curved cross bar for cots constructed at the Presidency, where they are not liable to be affected by the hot winds, may be dispensed with.

Proc. G. G.  
8th July  
Proc. M. B.  
26th July 1809

The Governor General in Council entirely approving of the Proceedings of the Military Board on this subject, and concurring in the propriety of all cots for European Hospitals being in future constructed on the enlarged scale recommended by the Medical Board, directs that the Military Board will issue the necessary orders to the Barrack-masters of Fort William, Berhampoor, Danapoor, Chunar and Agra, in conformity to their suggestion, to indent for a complement of new cots of the increased dimensions, viz.

Increased Dimensions to be observed for the cots to be appropriated to the use of the Hospitals

Length six feet in the clear, within the head board,

Breadth including the frame, two feet eight Inches.

For the Hospitals at each of those Stations, to be marked and lettered "Hospital cots."

The complement for each Station to include ten cots in every hundred, of extra size, viz. six feet six inches in length, by three feet six inches in breadth for patients of more than ordinary stature; to be marked and lettered "extra sized Hospital cots."

G. O. V. P.  
26th Aug 1809

The Vice President in Council is pleased to resolve that an increase of four annas be allowed on each cot of the enlarged dimensions which may be supplied by the contractor at the several Stations, in addition to the existing rates for ordinary Barrack cots, which were published in General Orders under date the 29th April last.

Res. M. B. 23d  
January 1809

Ordered, that the contractor be informed he is not to mark any more cots, which is to The Cots here

nished by the contractor how to be marked.

be done by a Painter, to be sent from the Magazine of the Station; and that the necessary communication be made to commanding Officers that it is quite sufficient to have the cots marked as follows.

B. C. for Barrack Cots—H. C. for Hospital Cots—and E. H. C. for extra sized Hospital Cots.

Barrack-masters of Stations, where cots are furnished by the Contractor, to send those requiring to be marked to the Magazine for that purpose.

Res. M. B. 2d  
January 1810

The Painter furnished by the Deputy Commissary being incapable of performing that work, agreed to request the commanding Officer at Bhamphoor will authorize the Barrack-master to have the cots marked, and charge in a contingent bill for the actual expence, which, at the Presidency, is two pice per letter.

Res. M. B.  
13th Feb. 1810

All repairs of Barrack cots to be performed by the Contractor on survey report and estimate,

Whenever a certain number of cots shall be found to require repair, the Barrack-master will, as usual, apply for a Committee to survey them, before whom he will lay a minute detail of the nature and extent of the repairs required, the same having been previously ascertained by a careful examination of them by his people.

Res. M. B. 6th  
June 1809

The report of the Committee is then to be delivered to the Contractor or his Agent, who will frame an estimate of the expence of all such repairs as shall be found necessary, which will be presented to the Barrack-master, by whom the report and estimate are to be transmitted to the Secretary to the Military Board, with his opinion on the reasonableness or correctness of the estimate.

If the estimate shall be duly sanctioned by Government, the repairs will be immediately commenced, and the efficiency of the workmanship and materials will of course be ascertained, in the usual manner, by a subsequent survey; the report of which is to be delivered to the Contractor or his Agent as a voucher for his charge on each occasion.

Provision of tables, forms, &c. for the Barracks of European Corps,

The Governor General in Council authorizes the making up of forms, tables, &c. for the Barracks of His Majesty's 53d Regiment at Danapoor, limiting the expence to the amount of the estimate furnished, viz.

Proc. G. G.  
15th Feb. 1806

One table, large enough for twelve men, eight feet long by four feet wide, the frame to be of saul wood, the planks of sissoo, together with six forms or seats; at Rupees 25.

Ten tables as above for each company, being one hundred for the Regiment.

(Racks for the musquets, and rows of wooden pegs for hanging the accoutrements on, are likewise provided in the Barracks of European Corps.)

And of furniture, for Guard Rooms,

The Vice President in Council judges it to be proper to limit the articles of furniture for the Main Guard at Cawnpoor to the following—One table—Six chairs—Two wall-shades.

Proc. V. P.  
5th Nov. 1801

The Fort Adjutant and Barrack-master at Agra to make up a strong single saul-wood table, to be placed in the Officer's Guard Room at the Dchly gate, to accommodate Garrison Courts Martial.

Res. M. B. 1d  
Dec. 1807

No candles to be allowed for Guards, Picquets, &c.

No candles are to be allowed for Guards, Picquets or Lines.

Res. M. B.  
27th Apr. 1776

Regulations to be observed for the lights, &c. in Fort William.

The Governor General in Council directs that the following regulation, respecting the lights in Fort William, shall be strictly observed.

G. O. G. G.  
10th June 1808

The lights allowed to the public Guards to be continued, as at present, calculated to burn all night.

That all the lights allowed to the Soldiers' Barracks be extinguished at gun-fire or tattoo beating, except one to each Barrack, which shall be allowed to burn all night.

That each lamp shall have two wicks, and that for each lamp to be extinguished at gun-fire or tattoo beating, one chittack of mustard seed oil be allowed, and for each lamp intended to burn all night three chittacks.

For each of the large lamps at the Main Guard, Prison Guard, and Vizier Ally's Guard eight chittacks.

And in the Barracks at Bhamphoor, Danapoor, Ghazepoor, Meerut.

The Governor General in Council is pleased to confirm the arrangements for the lighting the Barracks and other buildings occupied by the European Troops at the Stations of

Proc. G. G.  
16th Oct. 1810

Berhampoor, Danapoor, Ghazepoor and Meerut, subject to such checks as shall from time to time be found consistent with the details of European Troops at each place, and the number of buildings necessarily occupied.

Proc. G. G.  
24th July  
1810.

The Governor General in Council is pleased to sanction a monthly establishment Cawnpoor. amounting to Sonat Rupees thirty-two—and a charge, monthly, for ten maunds, thirty one seers and one chittack of oil for lighting the Barracks, Hospitals, Guard Rooms, &c. of the European Troops at Cawnpoor,—viz.

Three coolies at each per month, Sonat Rupees 4—for lighting the Barracks, Main Guard, Rear Guard, Sick Room and Privies of H. M. 53d Regiment } 12

Three Coolies at——for the Barracks, Standard and Rear Guards, Hospitals } 12  
and Privies of H. M. 8th Dragoons

One Cooly at——for the Artillery Barracks, Guard Room and Privy } 4

For wicks and pots for the whole; per month 4

Total Sonat Rupees 32

#### LAMPS.

#### H. M. 53d REGIMENT.

Ten Barracks—each, two lamps to burn till Tattoo beating; at each, in short nights, 1 Chittack of oil; in long nights 1½

Ten lamps, which burn all night, each three chittacks in short nights; and four and a half in long nights

Main Guard two lamps to burn all night

Barrack Guard one lamp to burn all night

Sick Room one lamp to burn all night

Three Privies—one lamp each, allowed to burn out; three chittacks any night.

Serjeant Major one lamp to burn all night

Quarter-master Serjeant one lamp to burn all night

and for the other occupied buildings upon the same principle and in the same proportions; the total daily expenditure being

Proc. G. G.  
8th Sept. 1810

The additional monthly establishment of Sonat Rupees 4 and a charge monthly for oil Mds: 1 21 4½

Being altogether for establishment St. Rs. 36 8 and for oil Mds. 12 12 5½

for lighting the Barracks and other buildings for the European Troops at Cawnpoor, is sanctioned by his Lordship in Council, who also approves of the Military Board having authorized lamps for the Hospital Buildings at that Station.

The Governor General in Council is further pleased to sanction a monthly establishment And Agra. and a monthly charge for oil for lighting the Buildings for Europeans at Agra.

Res. M. B.  
13th Aug. 1797

Indents for fumigating Barracks are prohibited; fumigation being unnecessary, except upon occasions which very rarely occur.

The Military Board having taken the opinion of the Medical Board on the necessity of fumigations in Barracks, direct the following practice to be adopted during the rainy months, only, in the Barracks of Danapoor, Berhampoor and Fort William—viz. a red hot bar of iron, to be put into a bucket of common tar and moved through the Barracks once a day so as to fill the rooms with the wholesome vapour of that substance.

Fumigation of Barracks in what situations and under what circumstances to be practised.

G. O. C. C.  
6th Jan'y. 1807

Officers commanding at Allahabad, Cawnpoor, Futtighur, Muttra, Agra, Delhi and Regulations for at all Stations and Posts of the Army where Tattoes are allowed for European Troops, Tattoo at the

Several Stations  
the Army  
by the Barrack-  
masters.

will be pleased to cause estimates of the probable expence of providing the number of Tatties required for the Troops under their command, together with a statement of the size and description of Tatties and materials to be used; and the number of Behishties necessary for watering them, to be forwarded to the Military Board Office, on or before the 20th day of February, of every year.—(Tatties are also allowed for the European Guards in Fort William.)

Under the change of system in the Department of the Deputy Quarter-master General, the charge and provision of Tatties devolves on the Barrack-masters of Stations. Reg. M. B.  
23th Sept. 1808

Number of  
Tatties allow-  
ed to each  
building, and  
establishment  
for watering  
them.

The Governor General in Council is pleased to direct that the number of Tatties to be in future provided for each building, be restricted to half the number of apertures (doors or windows) in such building, that the wages of the Behishties and coolies be subject to check by the nerrick rate of labour at the Station where the Tatties may be supplied; that no more than one Behishty and one cooly be passed for watering two Tatties; and that the actual expences for providing and watering Tatties for each season be charged in contingent bills, countersigned, attested and vouched in the usual manner.

G. O. G. G.  
10th Mar. 1807

Tatties to be  
allowed for  
Sergeants with  
Native Corps.

Tatties and Behishties are to be supplied for the use of Sergeants and Corporals of Artillery attached to the Cavalry Guns.

G. O. C. C.  
30th Apr. 1802

The Vice President in Council is pleased to determine that only one Tattie be in future allowed for a Sergeant's Bungalow.

G. O. V. P.  
12th Sept. 1809

And for the  
Tents of an  
European corps  
marching dur-  
ing the hot  
season.

The Surgeon of His Majesty's 8th Dragoons having represented that great benefit would result to the health of the men of that Corps by one Tattie being allowed to each tent during the march of the Corps from Meerut to Cawnpoor, the Commander in Chief authorizes the Officer commanding His Majesty's 8th Light Dragoons to order thirty-four Tatties to be immediately made up for that purpose, at an expence not exceeding 5 Rupees each, in addition to the Tatties previously authorized with the sick in Hospital in that Corps.

G. O. C. C.  
15th and 10th  
April 1809

One Behishty and two Coolies per Troop, and two Behishties for the Standard and Rear Guard, to be entertained for attending and watering the Tatties.

Those people, as well as the cost of the Tatties, are to be charged for in a contingent bill; and are to be paid up and discharged on the day on which the Regiment arrives at Cawnpoor.

Regulation for  
the provision of  
Tatties at the  
several Stations  
the year

Commanding Officers of Divisions, Stations, &c. will be pleased to issue the necessary directions for the timely provision of Tatties for the European Troops, during the ensuing hot season, at the undermentioned Stations and Posts of the Army, vizt.

G. O. C. C.  
26 Feb. 1811

For the Artillery Details at Lodhiana, Kurnal, Rewarie, Muttra and Agra.

For the Horse Artillery, one Regiment of his Majesty's Dragoons, and one Regiment of his Majesty's European Infantry at Meerut.

For a Regiment of his Majesty's Dragoons, and a Regiment of his Majesty's European Infantry at Cawnpoor.

For the Artillery Details appertaining to the Stations of Futtighur, Cawnpoor and Allahabad.

For the Artillery Details at Chunar and Benarus.

For a Regiment of his Majesty's Infantry at Chazeepoor and generally in every situation where European Troops are employed above the Province of Behar.

The Provision of Tatties and the establishment of Behishties, &c. for the Stations of Chazeepoor, Cawnpoor and Meerut, to be regulated according to the following scale of establishment for those cantonments; in all other situations, Tatties and establishments are to be provided conformably with the directions on this head, contained in General Orders by Government under date the 10th March, 1807.

*Statement of Tatties, Behishties and Coolies, required for the European Troops at Cawnpoor, for 1811.*

|                                                                                         | <i>Apartures in each.</i> | <i>Total Apartures</i> | <i>No of Tatties</i> | <i>Behishtie</i> | <i>Coolies.</i> | <i>Male Behishties.</i> | <i>Male Coolies.</i> | <i>Meat.</i> |

Detail of the  
establishment  
required at  
Cawnpoor.

The foregoing to be considered applicable, proportionably with the number of Tatties to be provided, to the Barracks, &c. at Ghazeepoor and Meerut.

A pair of Bullocks to be provided for each of the wells at the two Lines at Meerut, to keep the Reservoirs full.

Proc. V. P.  
8th Oct. 1801

The Vice President in Council authorizes the usual proportion of Paper, Quills and Candles for the use of the Officers on the Main Guard duties at the Station of Cawnpoor to be drawn for in a contingent bill by a Public Staff Officer at the Station.

Stationery,  
candles, &c. for  
the use of Of-  
ficers on the  
Main Guard  
duties to be  
furnished by  
Barrack-mas-

M. B. Sh  
11th 1808

Ordered, that the Brigade Major at Muttra be informed that the Barrack-master is the Officer who should properly furnish candles and stationery for the Officers on duty at the Main Guard.

G. O. C. C.  
19th Apr. 1806

The Commander in Chief directs that the Cantonments ordered to be established at the several Stations and Posts in the Field be built with the strictest attention to regularity, and that no more ground be occupied than is indispensably necessary.

Regulations for  
the establish-  
ment of can-  
tonments in the  
Conquered Pro-  
vinces.

The Deputy Quarter-master General will visit as many of the Stations and Posts as he can where new cantonments are forming for the purpose of describing the limits, marking out the extent of the streets and lines; as well as the space of Ground for the Bungalows of Officers of the respective Ranks; for such of the new Posts as he may not have time to visit he will be pleased to forward to the commanding Officers, plans, describing the extent of ground and situations of the several public buildings allowed for Corps of Native Cavalry and Infantry, agreeably to the instructions he has received from Head-quarters, (*vide Form No. 2.*)

His Lordship moreover strongly recommends to all Officers to expend as little money as possible on the buildings they may have occasion to erect at the Stations and Posts now

ordered to be occupied, as the relief of Corps will be frequent and the positions may be often changed.

Prohibition of the occupation of any mosques or religious buildings in the vicinity of or within any of the Military Cantonments.

On no account will his Lordship sanction the occupation as a dwelling house of any mosque, temple or other building of a religious description, without the most positive assurance on the part of the Natives and parties concerned, that such an act will in no way be objectionable to them; or in the smallest degree offensive to their religious habits or feelings.

For such assurances, and for the most rigid forbearance, in every sense, from any act or measure that can in the most distant degree affect or disturb the prejudices of the Natives, his Lordship holds commanding Officers responsible, and therefore looks for their enforcing those principles of conduct, and for the necessary reports on the occasion, before his Lordship's decision or sanction can be finally obtained.

Ext. Lt. Dep. Adj. General  
24th Apr. 1806

The limits of Cantonments which have been approved by Government, how to be defined.

Government having approved and confirmed the local limits assigned to the undermentioned Cantonments and Garrisons by the joint reports transmitted to Head-quarters by the Civil and Military authorities at those places, respectively, commanding Officers in the situations referred to are directed to cause pillars of masonry of a suitable construction to be immediately erected at appropriate distances, for the purpose of permanently distinguishing the boundaries of those Cantonments and Garrisons, as described in the reports transmitted to Head-quarters, and now confirmed by Government, in all situations where these or other sufficient means have not been adopted for that purpose.

G. O. C. C.  
3rd July 1801

The ground within the Military Cantonments is not to be cultivated.

As admitting the ground within the boundary of cantonments to be cultivated at all by the Ryots, may lead to its becoming a general practice, the Military Board request Colonel Dunn will be particularly careful the cultivation in the cantonment of Midnapoor is not renewed.

Res. M. B. 11th  
Sept. 1801

The ground on which Officers' gardens may be situated, to be considered eventually re-quirable, if required for public purposes.

The Governor General in Council considers it to be highly advisable not to grant any of the ground within the limits of the Military Cantonments for the purpose of making gardens.

Proc. G. C.  
25th June 1801

It is not however his Excellency's intention to deprive any Officers, at present possessing gardens within the limits of the Military Cantonments, of the use of the ground, upon which these gardens are situated, so long as such ground shall not be required for public purposes.

Whenever ground, upon which gardens are situated, shall be required for public purposes, it will be the duty of the commanding Officer of the Station to remove the gardens with as little inconvenience to their proprietors as circumstances will admit.

Regulations for the disposal of the quarters of Staff Officers, &c. within the Military Cantonments.

Ordered, that on occasions of the disposal of premises and dwellings which have been occupied by Staff Officers within the limits of any Military Cantonments, so situated as to render them in a peculiar manner adapted for the residence or due discharge of the official duties of Officers succeeding to such Staff situations, the vender of such premises and dwellings shall be bound to dispose of, and the successor to such appointment to purchase them, at a fair valuation by a Committee of Arbitration, constituted in the usual manner.

G. O. G. C.  
18th Sept. 1807

It is at the same time notified as a regulation for future observance, with a view to preclude expensive improvements or additions that may be made by the actual possessor, from becoming burthenome in the purchase to his successor, that no additions or improvements to premises or dwellings of the description above adverted to, shall be included in the valuation of the property on its transfer, except such as have been previously sanctioned by the Military Board.

The Governor General in Council considers the present to be a proper occasion to call the attention of Officers commanding Stations to the subjoined orders of the Governor General in Council published in April, 1801, which they are expected to see duly carried into effect, viz.

That no Bungalows or Quarters at any of the Cantonments shall be allowed to be sold to or occupied by any person who does not belong to the Army.

If individuals, not Officers, shall purchase, they must remove the materials, as the ground within the limits of Cantonments is to be kept and appropriated exclusively to the use of the Troops.

Officers on quitting the Station are to sell or rent their quarters to the Officers who may relieve them, at a moderate rate, and in the event of the death or resignation of any Officer his quarters are to be sold or rented under the instructions of the commanding Officer of the Station, and in no case to be made over in any shape to any person not belonging to the Army.

Reg. No. B.  
29th Mar. 1858

The Regulations impose no restriction whatever in respect to the sale or renting of the quarters, which are private property, beyond that of their being relieved for the Officers and Staff of the Army; and Lieutenant Colonel Dalrymple can have no preference of claim from his Rank to the occupation of quarters either the property of, or rented by, any other Officer at the Cantonments.

Officers derive no preference of claim from their rank to the purchase or hire of any particular quarters.

Proc. G. G.  
13th Feb. 1859

The Governor General in Council approves the suggestion of the Military Board for not allowing any person to occupy the quarters at Beharapoor, which are public property; and desires the necessary communication may be made to the commanding Officer.

No person to occupy the quarters at Beharapoor, which are public property.

Proc. G. G.  
On 13. 1859

It will be sufficient for the due performance of the public duties of the Officers under the Orders of the commanding Officer at the Station of Barrackpoor, and of the Officers commanding the respective Corps, that they be required to build their Bungalows within the limits of the Cantonment.

Regulations to be observed in the construction or disposal of Officers' Bungalows in the Cantonment of Barrackpoor.

His Excellency in Council, however, thinks it proper that uniformity should be preserved as much as possible in the principal lines of direction of the Bungalows, in their distances from one another, and also in the dimensions of the Bungalows; and his Excellency in Council desires that this may be attended to with reference also to his former Orders, which require that all public ground held or possessed by indulgence must be appropriated for Bungalows or for other public purposes whenever such ground shall be wanted.

Proc. A.  
25th Feb. 1859

Such Bungalows at the Station of Barrackpoor as may be for sale are to be offered in the first instance to such Officers belonging to the Corps quartered there, as may not already be provided with Bungalows; and the privilege of purchasing Bungalows at Barrackpoor is to be confined to Officers of Native Corps.

G. G.  
10. 1859

The Governor General in Council approves of the regulation proposed by the Military Board, respecting the Cantonments at Barrackpoor, and accordingly directs and orders:

And for preserving uniformity and Regularity in the several buildings, &c. of that Cantonment.

*First.*—That the ground granted to each Bungalow be no otherwise enclosed in front and rear of the Bungalow than by a railing not exceeding six feet in height.

*Second.*—That whatever enclosures for compounds may be made they shall be at the ends of the Bungalows, and shall be made with pucca bricks.

*Third.*—That the ground round or appertaining to the offices shall not be enclosed, but remain as at present.

*Fourth.*—That no ditch, banks of earth, mud walls, straw or matted buildings (except Officers' Bungalows) shall be allowed within the space occupied by the Officers.

*Fifth.*—That no stables, dog kennels, cattle houses, or gardens shall be erected, or made within the lines either of the Officers or Sepoys.

*Sixth.*—That the bank of the river, from the boundary of the ground allotted to the Bungalows down to the water's edge, shall be left open.

1st Barr.  
1st Can.  
27th  
1759

The Battalions are to keep their respective lines clear, and the houses of the men regular; to dress and preserve uniform the streets of the Companies; to keep the Lines of the Native commissioned Officers at proper intervals from the ends of the men's main streets; to prevent cattle from being picketted in the Lines; and to be careful that no workmen, washermen or others, are suffered to build huts within the Battalion Lines: this duty to be performed by the Quarter-master Serjeants of Battalions, and the Staff people, under the responsibility of the respective commanding Officers.

All stables for Officers, houses for their servants, and other building, are to be restricted to the ground purposely allotted, on the right or left of the Line of Rear Guards.

The Cantonment or great Buzar, and all other Buzars belonging to the Station, are to be restricted to the ground purposely marked out for them.

It will be the duty of the (senior) Quarter-master to give occasional inspection, that these Regulations are attended to.

No lighted Muffals or other lights to be carried about the Lines, except candles in lanterns.

No Budgerows or Boats to be put to within the limits of Cantonments or Head-quarters, except for the time of loading or unloading.

No fires of any kind are on any pretence to be suffered on the banks of the River.

|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Eighteen feet taken off from both ends of each Barrack for the Sergeants; and divided, each end, into two rooms of 11½ feet by 18, with three doors to each room (one to the end, one to the side veranda and one to the Barrack); two corner rooms 13 feet each way, enclosed in the Northern veranda for Staff Sergeants, each room having two plain doors, 6 feet by 3, and two venetian windows 3½ feet by 2½.                                                                                                                                                                                   |
| Partisan walls 12 feet high and a foot thick—double pillars at the corners of the veranda.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| The whole of the best Masonry plastered and white washed inside and out; a buttress of Masonry, and a drain 1½ feet in diameter all round the Barrack, with two Refervoirs at the lower end.                                                                                                                                                                                                                                                                                                                                                                                                         |
| Sixteen plain doors 8 feet by 4 (including the four inner doors in the Sergeants' rooms) and thirty-eight plain windows 6 feet by 4; the sots of the frames of the windows to be one foot from the floor; the doors and windows to be flat or plain, in contradistinction to raised panels: to be painted and furnished with hinges and sliding bars for fastening them.—Ricks and pegs to be fixed to the walls for the arms and accoutrements of a hundred men. Ventilators in the Walls, 1½ feet deep by 6 inches wide, 10 feet from the ground, and 6 feet asunder.                              |
| Floor of tiles 12 inches square and 3 inches thick, laid in sand and cemented with the best mortar.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Roof grafted on mata, upon a Bamboo frame laid over the timber, corners covered with Serkee, with Bamboo work over it to keep off the birds.                                                                                                                                                                                                                                                                                                                                                                                                                                                         |
| Divided into two rooms by a partition wall in the center, 1½ feet thick, extending from end to end.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| Walls of Masonry surrounded with a buttress, drain, &c. the same as those of the Barracks.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                           |
| Ventilators in the walls to let out the smoke 1½ feet deep by 6 inches wide, 5 feet from the ground and at intervals of 8 feet asunder, three plain doors 6 feet by 3 in each room. fitted and painted the same as those in the Barracks.                                                                                                                                                                                                                                                                                                                                                            |
| Floor fitted with the requisite cooking conveniences and terraced with mortar, well beat—eight drains through the walls leading into eight Refervoirs.—Roof.—Timbers 14 feet long 5½ inches by 4½ thick, and 14 inches asunder from center to center; upon the timbers are laid two flat bricks, each 14 inches by 7, and 8 inches thick; the bricks to be ground and fired with the greatest attention, to be laid one upon another carefully, bedded in and cemented with the very best mortar; and covered with 5 inches of Lime Terrace well beat, finished with a projecting cornice all round. |
| Exactly the same as the preceding building, except having two plain doors 6 feet by 3, one on each side, and one door-way 6 feet by 3 in the center wall, to unite the two apartments.                                                                                                                                                                                                                                                                                                                                                                                                               |

# DESCRIPTION OF EACH BUILDING.

## DESCRIPTIONS OF EACH BUILDING.

### BUILDINGS REQUIRED

### ROOF.

| Length. | Breadth. | Height of a rooming floor. | Depth. | Thickness of the walls. | Height from the ground to the top of the roof. | Thickness of the roof. | Height from the ground to the top of the roof. | Thickness of the roof. | Height from the ground to the top of the roof. |
|---------|----------|----------------------------|--------|-------------------------|------------------------------------------------|------------------------|------------------------------------------------|------------------------|------------------------------------------------|
| Feet.   | Feet.    | Feet.                      | Feet.  | Feet.                   | Feet.                                          | Feet.                  | Feet.                                          | Feet.                  | Feet.                                          |

Walls of Mafony with a battress, &c. all round the same as the Barracks; the north veranda enabled for two sleeping rooms: one 8 feet by 10, the other 14 feet by 10, having a partition wall one foot thick between them—Four sleeping rooms: one 7 feet by 7, one 7 feet by 10, one 10 feet by 10, and one 10 feet by 14, having a partition wall one foot thick between the sleeping rooms: six windows: four in the sleeping rooms, four in the veranda, and two in the smaller room—four in the outer walls being veranda and two plain into the veranda.—The whole painted and furnished as those in the Barracks; the outer room fitted with a cornice and cloth and shelves for the Regimental Books, &c.—Floor and Roof the same as those of the Barracks.

Walls of Mafony with gable ends, having a projecting cornice to fix and shelter the tiled roof—one door 6 feet by 3 in the gable end; Floor the same as those of the cook rooms to the Barracks; Roof a bamboo frame covered with mats, over the timber, upon which the lock tiles are laid and carefully fixed; the ridge tiles cemented with mortar, a row of eaves board round the edges.

Walls of Mafony with gable ends, combed—one plain door in the gable 6 feet by 3, a screen wall before it; floor, terraced with mortar and requisitely fitted with seats.—Roof of thatch.

Divided by a partition wall 1 1/2 feet thick, into two apartments, one 7 1/2 feet by 18 for the men, the other 18 feet square for the Officer; the North veranda enclosed for a prison room and the South veranda for the Officers' accommodation; two partition walls a foot thick in the veranda, dividing the space allotted for the Officer from that for the men.

Walls of Mafony surrounded with a battress and drain with reference to the same as the Barracks; Racks for arms and pegs for accoutrements for thirty men fixed to the walls; two plain doors 8 feet by 4 and ten plain windows 6 feet by 4 in the men's guard room; three veranda doors 8 feet by 4 and four plain windows 6 feet by 4 in the Officers' Apartments; two doors 6 feet by 3, fitted with iron bars in the prison; the doors are used and furnished as those in the Barracks, the Officers' apartments fitted with cloths and cornices.—Floor and Roof the same as those of the Barracks.

At the house of the Surgeon: one for the Surgeon Major's Bungalow.

• •

Of the same construction as those described with the buildings for a Regiment of European Infantry.

When buildings are required for the accommodation of Guards or Picquets of Native Troops, they will be provided on the same scale as Rear Guards, viz. 14 feet in breadth, the length being determined with reference to the strength of the party, allowing for the absence of one fourth as Sentinels, &c. and allowing a space of 3 feet in breadth for each man to be sheltered.

# Buildings required for the Shelter, Etc. of CATTLE (CAMELS and BULLOCKS) and their Attendants, Etc.

| No.   | BUILDINGS REQUIRED.                                                                     | DIMENSIONS OF EACH BUILDING.      |        |                      |            |              |            |                                     | ROOF.     | DESCRIPTION OF EACH BUILDING.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                |

|       | { Ranges of double sheds for camels, each containing forty camels, at 5 feet to each.   | 204                               | 27     | 1                    | 3 and 3½   | —            | 2½ and 3   | 1                                   | Thatched. | Each building having nine center pillars equidistant from each other, each 17 feet high and 4 feet by 3 thick—two rows each of 17 side pillars 9 feet high and 4 feet by 2½ thick—gable walls at the ends 17 feet high and 3 feet thick, with two door-ways in each, walls of unburnt brick and cement.—Floor raised with earth, well beat down and sloped outwards.—Roof of timber, bamboo and grass laid on 5 inches thick.                                                                                                                                                                                                                |
|       | { Ranges of double sheds for Servants to contain 133 each, at 2½ feet for each Servant. | 100                               | 26     | ½                    | 2          | 6            | 1½         | ½                                   | Thatched. | Divided from end to end by a center wall 13 feet high and 2 feet thick—three door-ways 6 feet by 4, on each side, with jambs attached to them.—Walls of unburnt brick and cement.—Floor filled with earth, beat and levelled.—Roof of bamboo and straw laid on 3 inches thick.                                                                                                                                                                                                                                                                                                                                                               |
|       | { Ranges of double sheds for Bullocks, each to contain 84 Bullocks, at 4 feet for each. | 180                               | 20     | 1                    | 3          | 9            | 2½         | 1                                   | Thatched. | Each building having two rows, each of 16 side pillars, 9 feet high and 2½ feet square, the end walls 9 feet high and 2½ thick—One range of troughs for fodder, in the center of each shed, 170 feet long 4 wide and 2½ high, including foundation; and a feet wide and a deep within—walls of unburnt brick and cement.—84 pins of foul wood, each 3 feet long, fixed in the side pillars for hanging the jholis upon.—Floor filled with earth, well beat and sloped outwards.—84 ball pickets of foul wood each 2½ feet long—84 out or dressing pickets of the same size, &c.—Roof of foul-wood, bamboos and grass laid on 6 inches thick. |
|       | { Sheds Godown, to contain 24,000 manna, (calculated for 1000 head of cattle).          | 200                               | 24     | 1                    | 3          | 6            | 2 and 2½   | —                                   | Thatched. | Excavated below the surface of the ground ten feet; and having the side and end walls 6 feet high above ground.—and surrounded by a sloping bank on the outside 4 feet high and 4 feet thick at bottom.—The building is divided by three walls, built up to the roof and 3 feet thick, into four rooms of equal size with a door-way of communication between each.—One door to each room, 6 feet by 3 in the outer wall.—Floor of earth dressed and levelled—walls and roof the same as those of the Bullock sheds.                                                                                                                         |
|       | Godown for Grass, &c. &c.                                                               | 56                                | 16     | 1                    | 2          | 7            | 1½         | 1                                   | Thatched. | Divided by a partition wall 2 feet thick built up to the roof, into two rooms, one 28 feet by 16, the other 16 feet square; walls of unburnt brick and cement—one door 6 feet by 3 to each room, with hinges, padlock, chain, staple, &c. floor of tiles 12 inches square and 2½ thick bedded in sand and cemented and pointed with mortar.—Roof the same as that of the Bullock sheds.                                                                                                                                                                                                                                                      |
|       | Sheds for Sleeping Party.                                                               | —                                 | —      | —                    | —          | —            | —          | —                                   | —         | Of earth raised 2 feet high, 2½ feet wide and 20 feet long, having ten pans in each.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |

The same as those for the Troops—the reservoir 10 feet square and 4 feet deep; its foundation  $\frac{1}{2}$  feet, and into walls 1 foot thick; having a pucca communication with the well 6 feet square and 3 high.—The drinking trough, communicating with the reservoir, 10 feet long and 5 broad; side walls 3 feet high and 1 foot thick; Foundation 1 foot thick.—The whole of the very best masonry.

The same as the corresponding buildings for Staff Sergeants of Native Infantry,

Of the same construction as is directed for **Piquet Sheds for Native Troops**, with reference to the strength of the Party to be sheltered.

[illegible]

Sheds for the reception of sick camels or bullocks, to prevent the communication of infectious disorders, will be provided in proportion to the number of Cattle at each cantonment and with reference to the space allotted to each description of animal, viz. to a bullock 4 feet by 10—to a camel 5 feet by 12—To prevent the Cattle being stolen, or the Gram, &c. being pilfered by the attendants, at places where large numbers of Cattle are kept, the buildings will be surrounded by a deep ditch, or by a mud wall 7 feet high covered with tiles, having, in either case, two or more gates or doors at which Sentinels may be posted.

**I. PATON,**

*Statements exhibiting the Proportions of Materials and Labor required in the construction of Masonry and Roofing, as computed in different Public Buildings recently constructed.*

| MASONRY.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                             |  | ROOFING.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                        |  |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--|
| <p><b>MATERIALS, PLAISTER INCLUDED.</b></p> <p>The best burnt bricks to be used: the number required in a hundred cubic feet must depend upon the size in general use.</p> <p>The bricks to be fixed in mortar composed of good konker chunam brought pure and unflaked to the works, when affixed to be good, it will bear a proportion of one third of Sootkey finely sifted.</p> <p>Twenty two millions of Mortar, as above, will be required in a hundred cubic feet of Masonry.</p> <p>The ingredients termed Mullallah by the Natives, viz. goat, ata, and funn, which have no real conception with good Masonry, are to be excluded, except in terracing (roofing and flooring) in which a small proportion of good may be used with advantage to prevent the mortar from cracking by too rapidly drying.</p> |  | <p><b>THE WOOD-WORK TO BE OF SANDAL.</b></p> <p>The scantling of rafters to be proportioned to the description of buildings they are used in. Couplings to be placed, in Thatched Roofs, <math>6\frac{1}{2}</math> feet asunder, and their scantling to be 5 inches by 4. Burghs or Battens to be placed in rows <math>4\frac{1}{2}</math> feet asunder in Thatched Roofs, and their scantling to be <math>3\frac{1}{2}</math> inches by <math>4\frac{1}{2}</math>.</p> <p>The Scantling of wall plate to be <math>3\frac{1}{2}</math> inches by <math>4\frac{1}{2}</math>.</p> |  |
| <p><b>LABOR IN A HUNDRED CUBIC FEET OF MASONRY, PLAISTER INCLUDED.</b></p> <p>Nine Bricklayers, including Mats, &amp;c.</p> <p>Eleven Coolies and Bidadars.</p> <p>One Waterman.</p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                 |  | <p><b>TILED ROOFING.</b></p> <p>The couples will be from <math>3\frac{1}{2}</math> to 4 feet asunder.</p> <p>The Rows of Burghs <math>3\frac{1}{2}</math> feet asunder.</p> <p>And an additional proportion of one fourth of bamboos, twine, &amp;c. to that which is used in Thatched Roofing.</p>                                                                                                                                                                                                                                                                             |  |
| <p><b>Materials (Wood excepted) and Labor in a Hundred superficial feet of Thatched Roofing, as computed in the Buildings at Meerut.</b></p>                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |  | <p><b>Materials.</b></p> <p>470 Bundles of straw, each weighing 40 Rupces.</p> <p>56 Bamboos at from 9 to 11 cubits each.</p> <p><math>2\frac{1}{2}</math> Seer of coarse string for the Frame.</p> <p>1 Seer 14 chks. of fine ditto in the Thatch.</p> <p><math>2\frac{1}{2}</math> Seer of hemp rope</p> <p>3 large Mats, 6 cubits long by <math>2\frac{1}{2}</math> broad, each.</p> <p>1 Pr. of Sckerkes (for ridge and corners)</p> <p>2 Seer of Iron. Nails, &amp;c. in the wood work.</p>                                                                                |  |
|                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      |  | <p><b>Labor.</b></p> <p>Three Carpenters, including Mats, &amp;c.</p> <p>Two Sawyers.</p> <p>Eight Grammies.</p> <p>One waterman (including all expenses of procuring water)</p>                                                                                                                                                                                                                                                                                                                                                                                                |  |

In cases where cartage may be required, the amount is to be calculated and added to the estimated cost of each Article, the necessary explanation being at the same time afforded to account for the increased expense. All contingent expenses for scaffolding, &c. &c. not included in the above items, are considered as being provided for by the allowance of 10 per cent. which is added to all estimates to cover such contingencies. All duties levied by Government on Building Materials to be paid by the Officer executing the work, and to be charged separately, accompanied by the requisite documents to establish the exact amount.

J. PATON,  
*Quarter-master General.*

Form No. II.—CHAPTER XII.

Distribution of the Ground for the Cantonment of a Regiment of Native Cavalry, occupying a space of four hundred and ninety yards by seven hundred and fifty.

- A street of 12 yards wide to extend on a perpendicular from the Standard Guard to the Rear Guard, the whole distance.
- Four parallel streets 12 yards wide, each, to extend from right to left, the whole breadth of the Line.

B R E A D T H.

Extreme breadth, from the outer extremity of the Gunshed on the right, to the outer extremity of the Quarter-master Serjeant's Bungalow on the left, four hundred and ninety yards.

D E T A I L.

From the outer extremity of the Gunshed to the Serjeant Major's Bungalow, . . . . . 60  
From the outer extremity of the Serjeant Major's Bungalow to the right Stable, . . . . . 50  
Six ranges of Stables, each range 32 feet wide, are 192 feet, or yards, . . . . . 64  
Four intervals between the 1st and 2d, 2d and 3d, 4th and 5th, and 5th and 6th ranges, . . . . . 800  
Each of 50 yards, . . . . . 66  
Center interval between the 3d and 4th ranges, . . . . . 50  
From the left Stable to the outer extremity of the Quarter-master Serjeant's Bungalow, . . . . . 490

Total Breadth . . . . . 430  
Breadth of Officers' Bungalows extending in the rear in a parallel direction from the outer extremity of the Serjeant Major's Bungalow, to the outer extremity of the Quarter-master Serjeants, leaving the space to the rear between the Gunshed and Serjeant Major's Bungalow vacant, . . . . . 430

One range of six Bungalows, for Subalterns, . . . . . 418  
Center street, between the 3d and 4th Bungalows, . . . . . 12  
Total . . . . . 430

One range of six Bungalows, for Subalterns, the two flank Bungalows, being for either the Adjutant, the Quarter-master, or the Assistant Surgeon, . . . . . 418  
Center street, between the 3d and 4th Bungalows, . . . . . 12  
Total . . . . . 430

One range of four Bungalows, for three Captains, and the Senior of the three following Regimental Staff—Adjutant—Quarter-master, or Assistant Surgeon, . . . . . 418  
Center street, between the 2d and 3d Bungalows, . . . . . 12  
Total . . . . . 430

One range of four Bungalows, for three Field Officers and the Surgeon, . . . . . 418  
Center street, between the 2d and 3d Bungalows, . . . . . 12  
Total . . . . . 430

For the public Canteen, Syce's, Graft-cutters, &c. in rear of the right, . . . . . 869  
For the Bazar, in rear of the left, . . . . . 809  
Center streets . . . . . 12

D E P T H.

Extreme depth from the outer extremity of the Standard Guard, between the 3d and 4th ranges of Stables, to the outer extremity of the Rear Guard, seven hundred and fifty yards.

D E T A I L.

Stables, each 388 feet long or yards, . . . . . 159  
From the Stables to the Lines of the men, including the space for the Bells of Arms, . . . . . 44  
Depth of the men's Lines, including Native Officers's houses, . . . . . 110  
Four Parallel Streets, each 12 yards wide, . . . . . 48  
One between the Lines of the men, and the first range of Bungalows, . . . . .  
One between the second and third ranges of Bungalows, . . . . .  
One between the third and fourth ranges of Bungalows, . . . . .  
One in rear of the fourth range of Bungalows, . . . . .  
Four ranges of Officers' Bungalows, each range 80 yards deep, . . . . . 320  
Bazar, Public Canteen, Syce's, Graft-cutters, &c. . . . . 102  
Total depth . . . . . 750

The Bungalow for the non-commissioned, attached to the guns, to be 80 yards in rear of the Gunshed.  
The Hospital Stable to be 80 yards in rear of the Bungalow, for the non-commissioned attached to the Guns.

The Riding-master's Bungalow to be 80 yards in rear of the Quarter-master Serjeant's Bungalow.  
The Regimental Store-room to be 80 yards in rear of the Riding-master's Bungalow.

The Hospital to be towards the rear on whichever flank it may be most advantageously placed.

*Distribution of the Ground, for the Contourment of a Battalion of NATIVE INFANTRY, with Guns attached, occupying a space of five hundred yards by five hundred and fifty.*

A street of 12 yards wide to extend on a perpendicular from the Quarter Guard to the Rear Guard, the whole distance.

Four parallel streets, each 12 yards wide, to extend from right to left, the whole breadth of the Line.

**BREADTH.**

*Extreme breadth, from the outer extremity of the Gun-shed on the right, to the outer extremity of the Quarter-master Sergeant's Bungalow on the left, five hundred yards.*

**DETAIL.**

From the outer extremity of the Gun-shed to the Sergeant Major's Bungalow, 60  
 From the outer extremity of the Sergeant Major's Bungalow, to the right Bell of Arms, 50  
 Ten Bells of Arms, each five yards square, 50  
 Eight intervals of 30 yards between the Bells of Arms, and one of 50 yards between the two center Bells of Arms, 290  
 From the left Bell of Arms to the outer extremity of the Quarter-master Sergeant's Bungalow, 50  
**Total** 500

Breadth of the Officers' Bungalows, extending in the rear in a parallel direction from the outer extremity of the Sergeant Major's Bungalow, to the outer extremity of the Quarter-master Sergeant's Bungalow, exclusive of the space to the rear between the Gun-shed and Sergeant Major's Bungalow, 440

One range of six Subaltern Officers' Bungalows, 428  
 Center street between the 3d and 4th Bungalows, 12  
**Total** 440

One range of six Subaltern Officers' Bungalows, 428  
 Center street between the 3d and 4th Bungalows, 12  
**Total** 440

One range of six Bungalows for four Company, the Adjutant and Assistant Surgeon, 428  
 Center street between the 3d and 4th Bungalows, 12  
**Total** 440

One range of four Bungalows for two Field Officers, a Surgeon, and an Assistant and Quarter-master, 274  
 Center street between the 2d and 3d Bungalows, 12  
**Total** 286

For the public Cattle, &c. in rear of the right, 274  
 For the Bazar in rear of the left, 214  
 Center street, 12  
**Total** 500

**DEPTH.**

*Extreme depth from the outer extremity of the Quarter Guard, between the 5th and 6th Bells of Arms, to the outer extremity of the Rear Guard, six hundred and fifty yards.*

**DETAIL.**

From the outer extremity of the Bells of Arms to the Lines of the men, 30  
 Depth of the men's Lines, including Native Officers' houses, 120  
 Four parallel streets, each 12 yards wide, 48  
 One between the 2d and 3d ranges of Bungalows, 30  
 One between the 3d and 4th ranges of Bungalows, 30  
 One in the rear of the 4th range of Bungalows, 30  
 Four ranges of Officers' Bungalows, each 80 yards deep, 320  
 For the public Cattle, Bazar, &c. 192  
**Total** 650

If the detail of Artillery be Europeans, their Barrack to be seventy yards in rear of the Gun shed and the Lines of the Lascars, &c. seventy yards in rear of the Barrack.  
 If the detail be Natives, their Lines to be a hundred yards in rear of the Gun-shed.  
 The ground for the Bungalow of the Officer of Artillery will be 60 yards by 80, adjoining to and in Line with the second range of Bungalows.

The Regimental Store-room to be eighty yards in rear of the Quarter-master Sergeant's Bungalow.

The Hospital to be towards the rear, on whichever flank it may be most advantageously placed.

At Frontier Posts, the Quarter Guard will be advanced from 150 to 180 yards in front, instead of being in Line with the Bells of Arms, at the discretion of the commanding Officer.

J. PATON,  
*Quarter-master General.*

## CHAPTER XIII.

*Ordnance Department.*

*Regulations relative to the Rank, Allowances, Furlough, Retirement, &c. of Ordnance Officers; and for the performance of the several duties appertaining to the charge and controul of Magazines.*

*Arsenal of Fort William, including the Regulations for indenting for and receiving Stores from Europe, and for supplying them to H. M. Navy, and to Country Ships, &c. &c.*

*Expence Magazine in Fort William—Magazines at Garrisons and Stations.*

*Regulations for indenting for, transporting, receiving, supplying, &c. Ordnance Stores, Arms and Accoutrements, Colours, Standards, &c. Camp Equipage, Exercising and Service Ammunition, Petty Stores, &c. and for the relative Surveys and Returns; as applicable to Ordnance Officers and Quarter-Masters of Corps.*

*Agencies for the Manufacture of Gun-powder and of Gun Carriages and Powder Barrels*

Reln. M. B.  
22d Sept. 1793

THE Station of a Conductor of Ordnance is to be considered as open to deserving men of all corps in the Service, indiscriminately.

Regulations relative to the appointment,

Let. C. D. 7th  
April 1839

PARRA. 94th—We have appointed John Heillhouse a Conductor of Stores at your Presidency, and as he has been a Serjeant Major in the Horse Artillery in this country, we direct that he may be employed in that line of service under your Presidency, provided you shall find him in every respect fitly qualified.

M. C. 17th  
Dec. 1781

Resolved, that all Conductors shall have rank above Serjeants Major in the Army; and that amongst themselves they take rank according to the dates of their appointments.

Rank

G. O. C. G.  
21st Mar. 1809

The Governor General in Council determines that Conductors of Ordnance, when employed in the Province of Bundelkund, or at any Stations above Allahabad, shall be permitted to draw Sonat Rupees 35 per month for a tent, in addition to the pay and full batta of their rank,

And allowances of Conductors of Ordnance.

| (viz. pay per menssem Sonat Rupees | ---- | ---- | ---- | 50 |
| full batta per diem                | ---- | ---- | ---- | 2) |

and in lieu of all claim to quarters; and that all Conductors shall in like manner receive the same allowance for a tent; and Sonat Rupees 30 per month for a horse when actually employed in the Field, or when marching in charge of stores.—(For the Regulations for quarters for Conductors of Ordnance in Fort William *vide* page 397.)

Provision of Quarters, Behisties, &c. for them at Fort William, & Dum Dum.

Reln. M. B.  
18th Feb. 1803

Ordered, that the following extract of the Acting Military Auditor General's letter be transmitted to the Commandant of Artillery for his information and guidance.

“Whilst in Garrison, Conductors would be provided with behisties and sweepers from the establishment of the Barrack-master without any augmentation of it on their account;—whilst encamped at praesite at Dum Dum, they should be supplied with behisties and sweepers from the establishments of those people allowed for the Non-commissioned and Privates of the Artillery Corps.”

G. O. V. P.  
19th Jan. 1810

The Vice President in Council is pleased to authorize all Conductors of Ordnance having the immediate charge of Field Magazines, or Dépôts of Ordnance or other Military Stores, to draw an allowance of 20 Sonat Rupees per menssem for stationery.

Allowance for Stationery to them when in charge of Dépôts of Ordnance, Stores, &c.

Detail of the  
Ordnance Estab-  
lishment.

The Governor General in Council, having had under his consideration the present state of the Ordnance Department at this Presidency, is pleased to determine that the establishment of Conductors of Ordnance shall be augmented from 32 to 47.

The appoint-  
ment of Com-  
missionary of  
Ordnance to be  
held by Officers  
of Artillery on-  
ly.

The Offices of Commissary and Deputy Commissary of Ordnance shall be filled by Officers of the Corps of Artillery only.

M. C. G.  
20th Feb. 1809

The Governor General in Council considers the nature of the appointment of Commissary of Ordnance to be such as to render it inexpedient to confer the appointment upon an Officer of Infantry. The Provincial Commander in Chief is requested to recommend an Officer of Artillery to be appointed to the situation vacated by Captain Annet.

G. O. C. G.  
16th Feb. 1809

Commissaries  
of Ordnance al-  
lowed for the  
Expence Maga-  
zine,

A full Commissary of Ordnance is to be allowed for the duties of the Expence Maga-

M. C. G.  
March 1809

And the Maga-  
zines of Alla-  
habad and A-  
gra.

The Governor General in Council is pleased to resolve that the Office of Commissary of Ordnance, at each of the Magazines at Allahabad and Agra, be held by commissioned Officers of Artillery not below the rank of Captain.

G. O. C. G.  
31st Mar. 1811

Allowances to  
Commissaries  
and Deputy  
Commissaries  
of Ordnance.

The Governor General in Council has been pleased to fix the staff pay of full Commissary of Ordnance at Sonat Rupees 250 per mensem.

(The staff pay of Deputy Commissary of Ordnance is Sonat Rupees 2 per diem. Deputy Commissaries of Ordnance, when not commissioned Officers, receive also the full batta of Lieutenant.)

Staff Officers by warrant, not bearing Commissions, are not entitled to, nor are they to draw gratuity.

M. C. G.  
August 1779

Commissaries and Deputy Commissaries of Ordnance are entitled to the full batta of their ranks in Cantonments within the Provinces.

M. C. G.  
Jan. 1786

(For the allowance for lodging money to Ordnance Officers at the Eastern Settlements vide page 130.)

Commissaries and Deputy Commissaries of Ordnance are also allowed house rent when not furnished with quarters.)

**Proc. G. G.** The Governor General in Council, under the Regulations which allow Deputy Commissaries of Ordnance to draw full batta and house rent, authorizes house rent for the Deputy Commissary of Ordnance at Allahabad, while he is not supplied with quarters.

**Proc. G. G.** The Governor General in Council has permitted Mr. Moran, Deputy Commissary of Ordnance, attached to the Arsenal in Fort William, to draw the house rent of his rank, viz. Sonat Rupees 60 per mensem.

**G. O. G. G.** The following Ordnance Officers are not to draw tent allowance; Commissaries and Deputy Commissaries of Ordnance.  
The Commissary of Ordnance Expence Magazine is to draw half tent allowance, while in Fort William, and full tent allowance when he moves out with the Artillery to their annual Praetile at Dum Dum.

**Proc. V. P.** Ordered, that the tent allowance to Mr. Deputy Commissary Jeffs (on service at the French Islands) be restricted to that of a Subaltern Officer, or Sonat Rupees 50 per mensem.

**G. O. G. G.** The Governor General in Council is pleased to direct, that whenever the Service may require the movement by land of the undermentioned Officers, camp equipage be supplied to them from the Public Stores in the proportion hereafter laid down.

Proportion of Camp Equipage allowed them in the field.

#### FOR A COMMISSARY OF ORDNANCE.

A Captain's Marquee...One Private Tent...One Necessary Tent.

#### FOR A DEPUTY COMMISSARY OF ORDNANCE.

A Subaltern's square one-poled Tent...One Private Tent...One Necessary Tent.

**G. O. G. G.** To prevent the frequency of references on the subject of boat allowance, the Commander in Chief thinks fit to notify to the Army, that the Governor General in Council considers warrant Officers, who are not entitled to tent allowance in cases of removal, or when ordered on duty from one Station to another, to be entitled to the boat allowance of their rank, although not ordered to proceed on duty by water, with, or in charge of Troops, stores or treasure.

Rates of Boat allowance granted them when proceeding by water.

**M. C.** Resolved, that the boat allowance of Conductors be encreased from 50 to 70 Rupees, a month.

1797

(The boat allowance to Deputy Commissaries of Ordnance is the same as that of Lieutenants.

The boat allowance of Commissaries of Ordnance the same as that of Captains.)

**G. O. V. P.** The Vice President in Council is pleased to promote Mr. Thomas Robinson, senior Conductor of Ordnance on this Establishment, to the rank of Deputy Commissary; and to appoint him permanent Deputy Commissary of Ordnance and Military Store-keeper, at Prince of Wales's Island.

Appointment and allowances of the Deputy Commissary & Store-keeper at Prince of Wales's Island.

**Proc. V. P.** The Vice President in Council is pleased to determine that the undermentioned allowances shall be drawn by the person holding the situation of Deputy Commissary at Prince of Wales's Island, not being a commissioned Officer.

|                                     |      |      |      |              |    |

| Candles, .....                                                          | 10          |

Total per month, St. Rs. 70)

The Governor General in Council is pleased to fix the allowance for Writers and Stationery, to be drawn by the Commissary of Ordnance at Allahabad, at Sonat Rupees 200 per mensem. Proc. G. C.  
25th June 1807

The Vice President in Council is pleased to direct that the present monthly allowance of Sonat Rupees seventy, (70) for Writers and Stationery, for the service of each of the Magazines of Dehli, Agra and Futtighur, shall be increased to Sonat Rupees 110. G. O. V. P.  
13th Mar. 1810

The Vice President in Council, with reference to General Orders, under date the 13th March, 1810, is pleased to grant an additional allowance of Sonat Rupees 40, per mensem, to the Deputy Commissaries in charge of the Magazines at Dehli and Futtighur, respectively; and of Sonat Rupees 20 per month, to those at Chunar and Cuttac, to meet the necessary expenses of Writers, Stationery, &c. and to ensure the due performance of the extensive duties of their respective offices. G. O. V. P.  
23d July 1811

Warrants to be granted to all Officers of Ordnance, not being commissioned Officers, and rates of fees fixed. M. C. 7th July 1794

Resolved, at the recommendation of the Military Board, that warrants be granted to all Conductors of Ordnance, and to all Commissaries and Deputy Commissaries of Ordnance, not already holding commissions.

Agreed, that the fees for warrants to Officers of Ordnance be fixed as follows :

|                               |                 |
|-------------------------------|-----------------|
| Commissary of Ordnance, ..... | Sonat Rupees 40 |
| Deputy Commissary, .....      | 30              |
| Conductor, .....              | 20              |

M. C. 13th Feb. 1795

Uniform fixed for Deputy Commissaries and Conductors of Ordnance. G. O. C. C.  
22d July 1789

The Commander in Chief is pleased to order, that the following Uniforms be worn in future by Deputy Commissaries and Conductors of Ordnance.

The Deputy Commissaries to wear long plain blue frocks with capes, round cuffs and facings of the same colour, and plain yellow gilt buttons, four on the cuffs and pockets, and ten on each lappel.

The dress of Conductors to be without lappels, but, in all other respects, the same as that ordered for Deputy Commissaries.

Applications for leave, for invaliding, &c. from Ordnance Officers, to be made to the Commander in Chief. Reg. M. R.  
16th July 1786

Agreed, that all applications for the invaliding or removal of Conductors should be referred to the Commander in Chief; and that he be requested to direct the Adjutant General to inform the Secretary to the Military Board whenever he grants permission of absence to any of the Officers of Ordnance.

The indulgence of furlough, in event of sickness, and of retiring from the service, extended to Deputy Commissaries. M. C. 11th January 1797

Agreed, in conformity to the opinion of the Commander in Chief, that in cases of sickness, duly certified, Deputy Commissaries of Ordnance be permitted to return to Europe on furlough, with their established pay, viz. that of Lieutenants.

Agreed, that Deputy Commissaries of Ordnance be permitted to retire from the service, upon the principle of the late regulations established by the Honorable the Court of Directors, after the prescribed period of service in India.

And Conductors of Ordnance. M. C. 21st July 1797

Agreed, that the regulation, published in Minutes of Council of the 11th January last, by which Deputy Commissaries of Ordnance are permitted to proceed to Europe on furlough, in cases of sickness only, and to retire from the service, after having served the prescribed period, on their full pay, be extended to Conductors of Ordnance.

Proc. V. P. 18th Sept. 1809 The Military Auditor General is authorized to pass the Bill drawn by Mr. Murphy, Conductor of Ordnance, for an advance of six months' pay to enable him to proceed to St. Helena, and eventually to Europe, for the recovery of his health.

Advance allowed them proceeding to Europe.

(The same advance of six months' pay has been also allowed to Deputy Commissaries, proceeding on furlough for the benefit of their health.)

Ext. Lt. M. S. G. 9th Jany. 1809 " Mr. Deputy Commissary Burnet having produced a certificate of sickness entitling him to furlough, Government have been pleased to allow him to receive the passage money of a Subaltern Officer."

And passage money when proceeding on furlough on account of sickness.

Let. C. D. 7th Sept. 1808 PARA. 181st.—In compliance with your recommendation, we have agreed to extend the benefits of retiring from the Service to Conductors of Ordnance under the usual regulations, and have resolved, that their retiring pay shall be 60 £. per annum.

Amount of pension to Conductors retiring from the Service

Let. C. D. 8th April 1807 We direct that the following periods of relative length of service, required from the Officers in the Ordnance Department, in proportion to the whole of their services in India, to entitle them to full pay on retirement, may be established.

Periods of Service determined, at the expiration of which, Ordnance Officers are entitled to retire.

Commissaries or Deputy Commissaries of Ordnance, not being commissioned Officers, who have served 27 years altogether in India, must have served 12 years in the Ordnance Department.

Those who have served 25 years altogether, must have been 14 years Ordnance Officers.

Those who have served 23 years in India, must have been 17 years in the Ordnance Department.

Let. C. D. 8th July 1795 As we find, by your subsequent advices, that you have come to a resolution of granting warrants to all Conductors of Ordnance, and to all Commissaries and Deputy Commissaries of Ordnance, not holding commissions, which Resolution, for the reasons stated in the Proceedings of the Military Board, has met with our approbation; the widows of persons of this description now become entitled to a pension from the Military Fund.

The widows of Ordnance Officers admitted to the benefit of Lord Clive's Fund.

M. C. 29th April 1796 Resolved, in addition to the existing Regulations for the Pension Fund, that the Widows of Commissaries, Deputy Commissaries and Conductors of Ordnance, be disqualified to participate in the benefit of the Fund, unless they can produce affidavits of property, similar to those now directed to be taken by the Widows of commissioned Officers of the rank of Captains, Lieutenants and Ensigns, respectively; it having been considered by Government consistent with the spirit of the deed between the Company and Lord Clive, that the Officers of Ordnance receiving pay equal to commissioned Officers of the above ranks, their Widows should be equally restricted by Regulations, with regard to the extent of their property, previous to the admission of their claims on the Fund.—(For further Regulations relating to the payment of pensions from Lord Clive's Fund to Widows of Ordnance Officers, vide page 161.)

Res. Gen. Man. Orphan Society, 1st Dec. 1784 Resolved, that Commissaries, Deputy Commissaries and Conductors of Ordnance be admitted to become Subscribers to the Institution (of the Military Orphan Fund).

|                                                                   |      |
|-------------------------------------------------------------------|------|
| (Commissaries of Ordnance subscribe as Captains per month St. Rs. | 6    |
| Deputy Commissaries as Lieutenants,                               | 3    |
| Conductors of Ordnance,                                           | 1 8) |

And their children to the benefit of the Orphan Institution.

G. O. V. P. 14th Nov. 1805 The Vice President in Council deems it to be proper to notify in Public Orders, that the appointment of Deputy Commissary of Ordnance is incompatible with the situation of an Officer, holding the Regimental Rank of Captain, and is not therefore to be held by Officers of that description.

The appointment of Deputy Commissary and Commissary of Ordnance incompatible with the rank of Captain and Field Officer, respectively, except in particular cases.

G. O. G. G. 15th May 1806 The Governor General in Council, at the particular recommendation of the Commander in Chief, and in consideration of the particular circumstances of the case of Captain Lieutenant A. Mathews, Deputy Commissary of Ordnance at Futtighur, is pleased to determine that Captain Lieutenant Mathews shall be exempted from the Orders of Government of the 14th November last, declaring the situation of Deputy Commissary of Ordnance to be incompatible with the rank of Regimental Captain.

This exception from the general rule, established by Orders of Government above adverted to, is admitted by the Governor General in Council, in the present instance, as a mark of attention and indulgence to a deserving Officer, who has suffered severely, in the execution of his duty, while on active Service against the enemy.

Major Nelly being unable at present to perform active Field duty, in consequence of a wound which he received during the late war, the Governor General in Council, at the recommendation of the Commander in Chief, has been pleased to permit Major Nelly to retain the appointment of Commissary of Ordnance at Allahabad, notwithstanding his Promotion to the rank of Field Officer. G. O. C. C.  
4th Dec. 1806

**Rewards granted to Ordnance Officers distinguishing themselves by an active and zealous discharge of their duty.** The Commander in Chief, in reward of the exertions of Messrs. Gore and Hunt, Conductors of Ordnance, during the present campaign, is pleased to appoint them to act as Deputy Commissaries, from the 1st of October last, and during the continuance of the Army in the Field, subject, however, to the approbation of the Governor General in Council. G. O. C. C.  
27th Jan. 1805

In consideration of his diligent and faithful discharge of the increased duties and responsibility which devolved on Mr. Conductor Donald, during the late Service in the district of Coel, Mr. Donald is permitted to draw the pay and allowances of a Deputy Commissary of Ordnance, from the day that he received charge of the Ordnance and Stores at Agra, until they were re-delivered into that Magazine. G. O. C. C.  
27th July 1803

The Commander in Chief having represented to the Governor General in Council, the zeal, alacrity and good conduct of Mr. Catts, Deputy Commissary of Ordnance at Futtighur, his Excellency in Council is pleased to appoint Mr. Catts to be Commissary of Ordnance at Futtighur. The appointment of Commissary of Ordnance at Futtighur is to be restricted to the time Mr. Catts shall remain in charge of the Magazine there; after which period the Magazine at that Station is to be placed under the charge of a Deputy Commissary of Ordnance, according to the present establishment. G. O. C. C.  
30th Aug. 1803

**Disposition of Ordnance Officers to be directed by the Commander in Chief.** When a Brigade or any part of the Army shall be ordered to take the Field, the Deputy Commissary of Ordnance, with Conductors, according to the nature of the Service, are not to be directed by the Military Board, but by the Commander in Chief, to attend such Brigade or detachment for the issuing of Stores, of which the Military Board will be duly informed by the Adjutant General. Res. M. B.  
14th June  
M. C. 2d July  
1787

**Directions for their observance in receiving charge of Magazines or Stores.** Every Commissary or other Officer of Ordnance receiving charge of a Magazine or stores, shall examine their quantities and not depend upon the returns delivered by the Officer relieved or quitting charge; as the person in office at the time of any Survey will be made answerable for the balance remaining in store, according to the Books. Res. M. B.  
27th Jan. 1776

Relieving Officers shall mutually sign an actual state of the ammunition, stores, &c. the one delivers to the other. Res. M. B. 2d  
January 1789

Whenever the charge of any Magazine is transferred from one Officer to another, the relieving Officer shall attest, at the bottom of the Survey usually held on such occasions, the period to which the Books and Records of the Office, of which he has assumed charge, have been brought up, which attestation shall be verified, on the spot, by the Committee of Survey, whose report will in due course be transmitted to the Board. Res. M. B. 9th  
July 1806

**Injoining their attention to the arrangement and preservation of the stores.** The Commissaries and other Officers of Ordnance are diligently to attend to the preservation of the stores under their charge, to keep them always arranged and disposed in the most regular and proper manner; so as they may be enabled to obey orders for issues with facility and dispatch. Res. M. B.  
28th Oct. 1776

**Indents are not to be detained at Magazines, or stores issued or received without being surveyed.** Ordered, that the Deputy Commissary at Dehli be instructed not to detain Indents of any description at his Office in future, but to forward them immediately to the Military Board, keeping copies, if necessary, of such as cannot be previously complied with; and on no account is he to issue stores from or receive them into the Magazine, in future, Res. M. B. 3d  
April 1810

without being previously surveyed, as he will be held responsible for all stores so issued or received.

**Res. M. B.** The Military Board are of opinion that it is the duty of Commissaries, or other Officers of Ordnance in charge of Magazines, to attend the Committees of Survey without being members, and they shall be respectively at liberty to offer any remarks to the Military Board which may occur to them on points regarding which they may happen to differ from the Committee of Survey, concerning the condition of the stores.

Ordnance Officers are to attend all Committees of Survey held at their Magazines.

**Res. M. B.** Whenever a supply of stores dispatched from the General Magazine shall be received at the subordinate stations for which it was destined, the Officer of Ordnance is to report to the Military Board whether any of the Articles contained in the Invoice are deficient or damaged.

To report to the Military Board when receiving stores from the Arsenal.

**G. O.** Previous to all Surveys of stores to be received into or dispatched from Magazines, the Officer of Ordnance is to send a list of them to the Commanding Officer of the Station, that he may order such Officers to survey them as he may judge best qualified for that duty.

And to the commanding Officer when receiving or dispatching stores.

**Res. M. B.** It is the express duty of a Commissary to put all repairable articles in his Magazine into serviceable condition by means of his establishment, without any previous reference.

Repairs to be executed in the Magazines without previous reference.

**Res. M. B.** No Stores shall be issued from any of the Magazines without an order from the Military Board or from the Commander in Chief of the Forces, when in the Field, or upon Indent approved by the Board; except in cases of emergency.

Stores on what authority to be issued from Magazines.

**G. O. C. C.** Commissaries, Deputy Commissaries, and all other Officers of Ordnance in charge of Magazines above and including Chunar, are directed to comply, without delay or further reference, with all indents on emergency, which may be countersigned by Commanding Officers of Stations or Detachments, and to obey all instructions and requisitions which they may receive from the acting Commandant of Artillery; when that Officer is in the Field, transmitting to the Military Board regular reports of their compliance with all such indents, instructions or requisitions.

Regulations for Ordnance Officers in the Field complying with emergent demands and replenishing their Magazines from those contiguous.

**G. O. C. C.** Commissaries and other Officers of Ordnance in charge of Magazines at and above Chunar, are directed to comply with all indents severally made on them to replace issues from Magazines contiguous to or remote from their own Magazines.

In the event of the Commissary at Allahabad and the Deputy Commissary at Chunar being unable to comply with Indents which may be made on them in succession, by the Ordnance Officers in charge of Field Magazines, they are to indent forthwith on the Military Board for such articles as can only be supplied from the Presidency.

All issues from an advanced Magazine are to be replaced without delay from that contiguous to it, which must again be replenished from the next in succession to it.

**G. O. C. C.** The proportion of Stores, &c. for the Chunar Magazine being calculated only to answer the demands of that District and Corps dependant on it,—all Indents of any magnitude, or for articles of importance, to replenish the Magazine at Allahabad, are to be made on the Arsenal of Fort William, and transmitted direct to the Military Board.

**Res. M. B.** Whenever Ordnance or Ordnance Stores of any kind are issued from the Allahabad or the Field Magazines on emergency, or whenever any emergent orders for the supply of Ordnance stores shall be sent to those Magazines, the Commissaries or other Officers in charge of them shall immediately report the same for the information of the Board, stating to what extent they have been able to comply with such orders, and what balance of stores will remain thereafter in their respective Magazines, in order that the Board may take immediate measures for the replacing or supply of such Ordnance or Stores, as the case may be.

**Res. M. B.** Agreed, that it be considered a standing Regulation, that the Commissary of Stores and all other Officers of Ordnance shall notify to the Military Board, the dates of the dispatches of stores from the Magazines under their respective charge.

28th March, 1794.

Period for the dispatch of stores to the Presidency, from the 1st of November until the 1st of June. Any person offending against this Regulation shall instantly be removed from his Office. Res. M. B. &h. May 1788

Invoices of stores dispatched by water to be furnished to the Commissariat. Commissaries are required to furnish the Contractor for Boats (now Commissariat) with Invoices of all stores dispatched from their Magazines on Boats supplied by him. Res. M. B. 10th May 1808

Control to be exercised by Officers in charge of Magazines over Conductors. Conductors of Ordnance, being the Official Assistants of Commissaries, and Deputy Commissaries, are placed under their authority without any exemption from their orders, with respect to writing or other duties, whilst those required shall be confined to the business of the Commissary's or Deputy Commissary's Department. Res. M. B. 10th Oct. 1778

Officers in charge of Magazines are under the direction of the Officer commanding the Artillery at the Station. With respect to the making up of stores and ammunition, the Commissaries and Deputy Commissaries of Ordnance shall perform that business and all laboratory work, under the direction of the Commanding Officer of Artillery at their respective Stations; but the custody and charge of all materials and stores shall remain with the Commissaries and Deputy Commissaries. Res. M. B. 29th February 1777

"The Court, in consequence of the matter being called into question, cannot close its Proceedings without observing that, as far as it has been able to procure any light upon the subject, the custom of this and all other services has placed the Commissaries and Deputy Commissaries of Ordnance, subject to the Commanding Officer of Artillery, in so far as his orders do not interfere with those of a superior authority." Ext. Proc. General Court Martial, published in G. O. C. C. 26th May 1799

Orders to Ordnance Officers are to be conveyed through Commanding Officers of Stations. Commanding Officers of Stations, where there are Commissaries of Ordnance, are directed to permit those Commissaries to carry into execution such Resolutions of the Military Board as may be conveyed to them by the Secretary. G. O. C. C. 25th Apr. 1792

The correspondence with the Officers belonging to the Departments under the Superintendence of the Military Board conveying orders to and receiving reports from them, or when relative to any increase or diminution of the Public Force under Commanding Officers of Stations, is to be carried on through such Commanding Officers, and not otherwise. Res. M. B. 24th Oct. 1806

Who will visit the Magazines monthly, and report accordingly to the Military Board. Agreed, upon the same principle, that the Members of the Military Board visit the Arsenal in monthly rotation: that it be made a standing Regulation, that the Commanding Officers of subordinate Stations visit the Magazines at their respective Stations, once, at least, in every month; reporting to the Military Board that they have done so; stating whatever they may deem worthy of remark relative to the Magazine and the Stores. The foregoing Regulation is to be strictly attended to. Res. M. B. 17th Sept. G. O. C. C. 21st Sept. 1792

Ordered, that the Commissaries, and all other Officers of Ordnance in charge of Magazines, shall report monthly to the Commanding Officers of Stations, all deficiencies of Ordnance, Ordnance Carriages, Arms, Accoutrements, Camp Equipage and Ammunition of all descriptions, of the proportion of stores fixed for their respective Stations; that the same may be forwarded to the Board, with the monthly report of the Commanding Officer's visit to the Magazine. Res. M. B. 20th Oct. 1795

Periodical reports to be made by Ordnance Officers in the Field to the General Officer commanding. The several Officers of Ordnance in charge of Magazines in the Field are strictly required to report to the General Officer commanding in the Field, on the 1st and 15th days of every month, the balance of Ordnance Carriages, Ammunition, Arms, Accoutrements, Camp Equipage and entrenching Tools remaining in store; to the end that the Military Board may receive early and regular information, through that channel, of all deficiencies in the due proportion of those Magazines, of any material articles of stores or equipment. G. O. C. C. 27th Nov. 1807

Directions for the transmission of monthly reports of receipts and issues. Monthly returns of all receipts and issues shall be made from every Magazine to the Military Board; Commissaries or any other Officers of Ordnance, having charge of Magazines or Stores, shall make the like monthly returns to the Officers commanding and also to the senior Officer of Artillery, whether on detachment or at fixed Stations. Res. M. B. 26th Oct. 1775

All returns of receipts and issues are to be systematically arranged, and shall particularly specify the Magazine or stores from which supplies shall have been received, and the service for which every issue shall have been made; and the Commanding Officer on the spot shall sign a declaration annexed to the return of Issues, in these words:

"I do hereby certify that, I sincerely believe the issues, contained in this account of Issues, were necessarily expended for the service therein mentioned."

(Signed) A. B.

After which the return, with the original vouchers, shall be immediately transmitted to the Military Board by the Officer of Ordnance.

Ref. M. B. 13th July. 18th July 1789. The Board resolve to adopt as a General Regulation throughout every Department of the Service, that all accounts of Issues, conversions or expenditures, of stores, shall bear an affirmation upon honor, from the person by whom such stores shall have been issued, converted or expended, in the following form:

"I, A. B. do declare upon my honor that the preceding account does contain, to the best of my belief, a faithful and true statement of the Issues, conversions or expenditures therein mentioned."

(Signed) A. B.

Ref. M. B. 14th May 1789. Officers of Ordnance are required to be very minute in their accounts of receipts and issues, by conversion.

Ref. M. B. 1st Jan. 1810. Ordnance Officers in charge of Magazines are to furnish, on the first day of each month, a return exhibiting, in distinct columns, the fixed Magazine Proportion of every description of stores, the quantity actually in the Magazine; the quantity ordered to be supplied but not yet received or due on Indent, (specifying the date or dates of such Order or Orders and number of the Indents,) the quantity deficient of, and the quantity surplus to, the fixed proportion, agreeably to the following form.

Monthly Return to be sent to the Military Board of stores deficient of, & surplus to the proportions of Magazines.

Return of the Stores deficient of, and surplus to, the proportion of the Magazine on the 1st—1811.

| Names of Stores. | Proportion on the 31st of — | In Store | Indented for. Not received. | and Date of the Indents or Orders on which due | Deficient | Surplus | Remarks |
|------------------|-----------------------------|----------|-----------------------------|------------------------------------------------|-----------|---------|---------|
|                  |                             |          |                             |                                                |           |         |         |

Ref. M. B. 12th Oct. 1775. All Commissaries and Officers of Ordnance are to keep their Books, agreeably to the form sent them, and they shall transmit to this Board a fair and authentic copy of them on or before the 15th May, annually, brought up to the 30th of April. (Vide Form No. 1.)

Copies of the books of Magazines, to be transmitted to the Military Board, annually

Ref. M. B. 5th July, 1777. All returns, accounts of Receipts and Issues, and Invoices, to be transmitted to the Military Board, are to be written on paper of one size, viz. Demy Royal.

Returns, accounts, &c. on what paper to be prepared.

Ref. M. B. 2nd Aug. 1800. When there are any differences in the pattern or construction of stores in the Arsenal or Magazine, the articles are to be distinguished from each other in all Returns and Surveys.

Articles of Stores of different patterns how to be returned.

Ref. M. B. 27th Feb. 1807. Ordered, that all new Camel Ammunition Boxes, to be made hereafter for the Public Service, be constructed on the improved principle as follows.

Regulations for the construction of Camel Ammunition Boxes.

Dimensions of a Camel Ammunition Box for small musket Balled Cartridges, with a Bin for the Reception of Flints for the same.

Length in the 1st Feet 6 Inches.—Width 1 Foot.—Depth 10 Inches.

Width of the Bin, 2 Inches.—Depth, the whole of the Box or 10½ Inches.

Thickness of the Planks of the Box, 8-10th of an Inch.—Thickness of the Binn partition, 4-10th.

Weight of the Box, made of deal plank, without the covering of Gunny, &c. 31.—Length of the canvas bag to hold the flints in, 1 Foot 3 inches.

The canvas bag to be made of the size of the Binn, except that it is longer.—The flints are put into this bag.

In order to pack the flints the bag is first of all to be inserted in the Binn, and then the flints to be put into the bag; when the flints are all in, the mouth of the bag is to be rolled hard, and close down to them; lastly, as much Ordance is to be used as will fill up the vacant space.—The flints so packed cannot stir in the least.

And for packing or covering Bullock, and Camel Ammunition Boxes,

Officers of Ordnance, in charge of the Arsenal and subordinate Magazines, are ordered. Ref. M. D. 6th Dec. 1809  
to conform to the directions transmitted herewith for packing or covering Camel or Bullock Ammunition boxes.

*Directions for packing or covering Camel and Bullock boxes containing Balled Ammunition.*

The box having its lid fixed on with two hinges of Buffalo or other strong leather, and the ammunition and flints stowed in it, is ready for packing up.—Get ready a cover of what is called double gunny, in length 4 feet 3 inches, and about 5 or 6 inches wider than the box is long.—Have ready also two pieces of the same gunny, each piece of the breadth and depth of the end of the Box.—Lastly, a sufficiency of thick Tar must be at hand for paying the top, bottom and four sides of the box.—Proceed to cover as follows.

*First.*—Nail with a few tacks one end of the gunny cover to the edge of the lid of the box in front.

*Second.*—Pay over with the Tar the whole box, except the two ends.

*Third.*—Immediately as the paying is finished draw tightly and evenly the gunny cover down the front round under the bottom, up the back, and over the lid of the box; a loose flap of the cover, about 5 inches in depth, will then pass down the front of the box.

*Fourth.*—Sew down, with a packing needle and fine twine, this loose flap to the part of the gunny cover which is under it.

*Fifth.*—Pay with tar the ends of the box, and then turn in the part of the cover which projects beyond the ends.

*Lastly.*—Sew on over all the two end pieces of gunny prepared for this purpose.

In order to perform this work with neatness, the box should be placed on one end, mounted on four pins of 5 or 6 inches in height, and a man should stretch out the gunny cover until every thing is ready to admit of its being passed round the box.

When the cover is on and the flap sewed down, the box to be placed on its bottom, and then finished as directed in No. 5.

The tar must be very thick, if too thin it will not hold on the gunny cover to the box; if, however, too thick, it cannot be laid on with a brush.

Regulations for the preparation of Pawlins,

The Board having attentively considered and weighed the advantages and disadvantages of the several Pawlins of the descriptions specified, the preference due to those made of "Europe canvas waxed" was fully admitted.—Agreed, that the Commissary of Stores be informed accordingly, and confined to the use of canvas made by Europeans in this country, in cases, only, where there may be a scarcity of Europe canvas, enjoining him, whenever it shall be found necessary to use that description of canvas, to examine by holding it up to the sun that it is not irregularly wove; i. e. the threads drawn close in some places and left open in others.

The foregoing Regulation to be extended to all Officers in charge of Magazines, and the use of Tar for paying pawlins to be prohibited, except for such as are always stretched, or, more properly speaking, for covers of Tumbrils, Boxes, &c.

the dispatch of  
pulverized and  
other

open air, is to have them so packed as to render it unnecessary to do more than to open the package or packages, (which should be in cannisters of about 10 feet each,) merely to ascertain the article; and to specify distinctly, in the invoice, the weight of the package and that of its contents, which former will of course be deducted from the gross weight, when both are weighed at the Magazines into which they may be received.

And for the charge, cleaning &c. of Mathematical Instruments in the Magazines.

The Commissary of Stores and Officers, in charge of Magazines, are on no account to allow Mathematical Instruments, or others of fine constitution when received into store, to be put into the hands of a Siclegun, or any other person wholly unacquainted with their nature and use, for the purpose of their being disjoined, put in order and polished; but merely to have them well oiled and wiped; so as repeated use occasion may require, and never allowing even a screw of them to be turned, except by a person able from experience to clean them thoroughly and properly.

Ref. M. B.  
24th Apr. 1810

Nails, &c. not to be indented for,

Nails or tacks are not to be nailed on any future indent, if the persons indenting have Smiths to make them.

And for the erection of a flag staff.

On the insertion, of a Flag Staff, a layer of Charcoal, next the bed of masonry in which it may be placed, is to be inserted to prevent injury from white ants.

Ref. M. B.  
24th July 1810

Fixing the standard weight to be observed in all Magazines.

Resolved, that the Bazar or pucea maund of Calcutta, containing 82 lbs in the last and equal to 82 pounds Avoirdupois, be made the standard weight in all accounts of Stores; that the Commissaries, Deputy Commissaries and Conductors of Ordnance be directed to furnish themselves with Tables of the weights, of every different Station, reduced to this standard, and that the indents, invoices, receipts and issues do always specify this weight.

Ref. M. B.  
18th Oct. 1776

Committees of survey to be assembled annually to examine the weights and measures of the Magazines.

It having come under the notice of the Military Board that frequent reports of "Short Weight," in the delivering of Stores from one Magazine to another, have been lately received, the Commander in Chief is pleased to direct that all Officers, in charge of Magazines, shall invariably receive and issue all Stores which are usually weighed, upon the same fixed principle, viz. the full and accurate balance of the scale. Committees of survey are also directed to cause a strict observance of this rule; and Officers commanding at Magazine Stations are directed to assemble a Committee on the 15th October, annually, to make a minute inspection of the weights, scales and measures in use in the several Magazines, with orders to cause all to be destroyed which may not exactly correspond with the musters, which will be deposited in the General Magazine, by order of the Military Board.

#### FORM OF

Form of the Survey Report,

Report of a Committee, assembled by order of ———, commanding in chief, for the purpose of inspecting the weights and measures in use at ———, Fort William, 15th October, 1811.

Ext. Proc. M.  
B. 24th Oct.  
1809

PRESIDENT, *Captain A. B.*

Lieutenant C. D.

MEMBERS

Lieutenant E. P.

The Committee inspected the weights, and, on comparing them with a set recently adjusted at the Calcutta Mint, found that they corresponded exactly.

The Committee inspected the yard measures, and found them perfectly correct.

The Committee inspected the measures, copper and tin, for oil, &c., and found them correct.

The Committee inspected the Europe weights, and, on comparing them with each other, found there was no variation.

The Committee inspected the scales in use, and found them in good order and upon an even balance.

J. D.

(Signed)

*A. B. President.*Commissary of Stores  
Attending.

C. D.

E. P.

*Members.*Res. M. B.  
24th June 1787

In all Indents for tools by Quarter-masters and other Officers, each particular article wanted should be specified by name, and not included under the general Head of "Tool Chest complete."

Indents for Tools to specify each particular article.

G. O. C. C.  
7th June 1806

It having been brought under the notice of the Commander in Chief that tools, originally deposited in the Magazines to answer occasional demands of the public service, had been used by the Commissary in performing Magazine work, and afterwards issued on indents in a worn-out and defective state; so improper and irregular a practice is strictly prohibited in future.

Tools are not to be used in the Magazines which have been deposited there to answer the demands of the service.

Application for tools required for Magazine purposes should be made to the Military Board by Indents, specifying the particular uses for which they are required, and on such Indents being passed by the Board, the tools are to be written off the Magazine Books.

Res. M. B. 5th  
July 1777

Alphabetical Lists of all the Artificer's tools and utensils in use at all the Magazines, and belonging to Corps, are to be annually transmitted to the Military Board, with the other yearly returns.

Alphabetical lists of Tools to be included in all annual returns.

G. O. G. G.  
26th Oct. 1807

Ordered, at the recommendation of the Military Board, that the following rules be preferred for the employment of all establishments of Train Artificers and workmen of every description in the Ordnance Department, and that they be invariably adhered to.

Regulations for the employment of Train Artificers and Workmen in the Ordnance Department.

*First.*—The Train Artificers, &c. are first to put in repair all Carriages, Implements and their component parts, which in any respect fall under the denomination of "Ordnance and their Equipments," that may stand in the Park or Magazine under the Head "Repairable."

*Second.*—As soon as the above desirable object is attained, they are next to be employed in replacing, with "Serviceable," all carriages, &c. that may have been condemned as "Unserviceable"; using for this purpose the half-wrought materials in store, a certain proportion of which will annually be sent up from the Gun Carriage Agency Yard at Fort William, and taking the iron work of the old for the service of the new carriages, as it seldom happens but that the whole principal iron work of an old carriage, as the axletrees, cap squares, trunnion plates, flays, frotks of the wheels, &c. with a trifling assistance from the forge, will do again.—It is, however, clearly to be understood, that this article is not to be construed as giving any authority for the entire new construction of carriages of any description; a work exclusively confined by Government to the Gun Carriage Agency at the Presidency.

*Third.*—Whenever the proportion of carriages shall, by means of the Train Establishments, be rendered complete and serviceable, either by repairs or re-construction, the establishments must then be employed in making for store, from the half-wrought state, new spare wheels, new spare axles, &c. for carriages; new file axes for the Field Pieces; and all the implements and various lesser articles of equipment in use in the Ordnance Branch of the Service.

For the Reports by the Commanding Officers of Artillery of the work per Train Artificers, &c. *vide page 210.*

And for the preparation of indentments, &c. for Stores issued to them.

The following Regulations are published for the future guidance of Officers in charge of Magazines, whose implicit attention to them is particularly enjoined.

G. O. C. C.  
11th June 1808

At all the Stations where Train Artificers are employed, the several articles of stores which may hereafter be issued to those Artificers by the Officers of Ordnance, for repairs or conversions, and those which may be expended in the Magazine for ordinary repairs and conversions by the Magazine Establishments, are to be separately and distinctly accounted for by two Indents, instead of the whole being included, as at present, in one general monthly Indent. The Indent for Issues to the Train Artificers is invariably to be presented for the countersignature of the Commanding Officer of Artillery, previous to transmission as a voucher, with the Magazine Monthly Return.

Contingent charges for the hire of extra establishments, &c. at Magazines by what authority, and under what circumstances to be incurred.

All bills for extra contingent charges for Ordnance and Military Stores that may be incurred by orders or authority of Commanding Officers of Detachments or Stations, are to be transmitted to the Military Board by such Commanding Officers, assigning his reasons for having ordered the charges to be incurred, otherwise the bills will be rejected.

Ref. M. B.  
17th May 1788

The Governor General in Council has observed from the Proceedings of the Military Board, that artificers and workmen have occasionally been hired at a very heavy expense to the Public, under the authority of Station Orders for the purpose of making up stores, and this authority, it appears to his Lordship in Council, has in many instances been exercised when the demands for such stores were by no means whatever of so urgent a nature, as to require an immediate compliance with the application of the Officer of Ordnance for such extra aid. The Governor General in Council is pleased, in consequence, hereby strictly to prohibit Officers in charge of Magazines from applying for, and Officers in command of Stations from authorizing the hire of extra people, except in cases of obvious and urgent emergency, the particulars of which are to be immediately reported to the Military Board by Commanding Officers of Stations, for the information and sanction of Government.

G. O. C. C.  
17th Oct. 1808

The Governor General in Council, advertent to the principle upon which the Establishments of Magazines are always framed, is of opinion that occasions for extraordinary assistance can very rarely occur, provided the labours of those Establishments be superintended with vigilance, and judiciously directed to the timely preparation of those articles most likely to be wanted for the public service.

Rates at which the hire of extra establishments is to be charged.

The Vice President in Council is pleased to notify for general information, that all contingent charges for the hire of extra establishments are to be considered subject to check by the Nattick rates of the place, where such people may be entertained for the public service.

G. O. V. P.  
14th Nov. 1807

(When assistance cannot be rendered by the Train Artificers to the Officer in charge of the Magazine, certificates to that effect are to be given by the Officer commanding the Artillery at the Station.—*Vide page 210.*)

Ordnance Officers in charge of Magazines are to distinguish the work reported weekly under the head of the workmen who execute it, thus: Carpenters' work, under the head &c. &c.

Ref. M. B.  
16th Aug. 1808

Weekly Reports of work done by the Magazine Establishments, to be transmitted to the Military Board.

Ordered, that the following form of Weekly Reports be adopted and prescribed for the future guidance of the Commandaries in charge of the Arzawl, Allahabad and Chunar Magazines, in lieu of those hitherto furnished. *Vide Form No. 2.* The same to be applicable to all Magazines.

Ref. M. B.  
24th July 1810

Resolved, that the Commandary or Officer in charge of Magazines be directed to consider it as a rule, in future, to make their Establishments at the hour of dismissal from their daily work, and to see that allentees are properly accounted for.

Ref. M. B.  
16th Feb. 1808

The Establishments of Magazines to be mustered on leaving off work.

No off- reckonings are to be deducted for any Magazine men, but their full pay to be drawn for them, and their clothing to be provided by themselves.

M. C. 18th August 1788

that the Magazine men attached to the Field Magazines be allowed full Batta in all situations in which Gun Lascars receive it.

M. C. 24th April 1795

Res. M. B.  
17th May 1858

When Tents are pitched for survey at the different Magazines, a party of Magazine men are to be furnished for their protection from thieves, &c. during the night, and to be regularly told off and posted in the evening, after the workmen break off.

Parties of Magazine-men to be furnished for the protection of Camp Equipage pitched for survey.

G. O. V. P.  
1st Jan. and  
24th Feb. 1810

The Vice President in Council is pleased to determine that the Commissary of Stores in charge of the Arsenal of Fort William, the Agents for the manufacture of Gun-powder, and Gun Carriages and Powder Barrels, and Officers of Ordnance in charge of the Magazines, be required to declare on oath half yearly, that every article of Stores for which they respectively applied during the preceding six months were absolutely, and to the best of their knowledge and belief, wanted, for the purposes stated in their Indents; that the whole of such articles either were, or will be hereafter, conscientiously and faithfully applied or expended for the service of Government, and accounted for to the best of their knowledge; and that the full number of Artificers and workmen composing their fixed establishments, or authorized in addition thereto, for the occasional performance of extra work, were necessarily and actually employed, to the best of their knowledge and belief, in the service of the Public.—(For the Form of Affidavit vide Form No. 4. Chapter III.)

Regulations for the attestation of accounts by all Ordnance Officers, &c.

His Excellency in Council is further pleased to direct that all Military Officers in charge of Public Magazines or other extensive property; and all Agents of Government accountable to the Public for buildings, machinery or other stock of any kind in the Military Department, do signify to Government in writings, through the regular channel of correspondence, their wish or intention to resign such trust, at least three months before the period of their proposed resignation, to afford sufficient time for the necessary survey and transfer of such property, and an adjustment of accounts.

#### ARSENAL OF FORT WILLIAM.

Gen. Orders  
Fort William  
25th July 1787

The Arsenal and its Store Rooms are exclusively in charge of the Commissary of Stores; but the Commandant or Officer commanding in Garrison has authority to visit any part of them, whenever he thinks proper.

Control and charge of the Arsenal, in whom vested,

For Bengal  
Military Regulations  
published 1st  
January 1791

#### “ COMMISSARY OF STORES.

Salary per mensem ..... Sonat Rupees 750  
Allowance for Writers, Sircars, Serjeants, &c. .... 580

(The latter allowance has been subsequently augmented to Sonat Rupees 700 per mensem.)

Allowance, Establishment, &c. of the Commissary and Assistant Commissary of Stores.

Let. C. D. 7th  
Sept. 1808

PARA. 111th.—From the flattering terms in which the Governor General in Council and the Military Board have represented the services of the Commissary of Stores, Captain Amburey, we have been induced to yield to your recommendation, and authorize you to add Sonat Rupees 450 per month, to the Salary of the Commissary of Stores.

Proc. G. G.  
3d April 1809

The Governor General in Council is pleased to determine that the additional allowance, granted by the Honorable the Court of Directors to Captain Amburey, shall be continued to the Officers by whom the Office of Commissary of Stores has been held in succession to Captain Amburey as a component part of their salary, until the instructions of the Honorable Court shall be received.

Proc. G. G.  
25th May 1809

The Governor General in Council functions the revised Office Establishment of the Commissary of Stores, exhibited by the Statement transmitted by the Military Board.

|                                             |                         |     |
|---------------------------------------------|-------------------------|-----|
| One European Assistant .....                | Sonat Rupees per mensem | 200 |
| One " " .....                               | " " "                   | 100 |
| Two " " at each .....                       | " " "                   | 50  |
| One Native Assistant at .....               | " " "                   | 30  |
| Two " " at each .....                       | " " "                   | 25  |
| One " " at .....                            | " " "                   | 20  |
| Two Duties at each .....                    | " " "                   | 6   |
| One Head Street .....                       | " " "                   | 10  |
| Two Boudry and Cudown Sircars at each ..... | " " "                   | 1   |

Agreed, to inform the Commissary of Stores, that, although in consideration of the Establishment of his Office in detail, particular salaries were mentioned as adequate to particular duties, he is at liberty to apportion the salaries, as the long service, diligence, and merits of individuals, may appear to give each a claim to his particular notice, not however exceeding, in the whole, the total sum allowed by Government.

Ref. M. C. 24th July 1870

The Office of Assistant Commissary of Stores in Fort William has been admitted an effective Staff appointment in the Establishment of the Army.

M. C. 6th Nov. 1786

Resolved, that the allowances to the Assistant Commissary of Stores be limited to the original salary of 200 Sonat Rupees per mensem. (The salary has been subsequently increased to 350 Sonat Rupees per mensem.)

M. C. 28th August 1789

The Commissary and Assistant Commissary of Stores are entitled to the full batta of their Rank in Garrison and Cantonments within the Provinces.

M. C. 16th June 1786

The Commissary and Assistant Commissary of Stores are not to draw tent allowance.

O. G. G. 23d Sept. 1802

The appointment of Assistant Commissary of Stores, not incompatible with the rank of Captain

Establishment allowed for the Arsenal,

Ordered, that the Commander in Chief be informed that, with respect to the appointment of Assistant Commissary of Stores in Fort William, the Government fees no objection to that appointment being held by an Officer of the rank of Captain, Regimentally.

Prov. 14th Nov. 1805

With a view to attach good and able workmen to the Arsenal at Fort William, the wages of the Sirdars and Workmen in that department are to be fixed according to the annexed table, and the establishment of the Arsenal is to be as follows. (Vide Form No. 3.)

M. C. 6th March 1797

The Vice-President in Council is pleased to authorize an addition of one Tindal and twenty Magazine-men to the Arsenal Establishment for the purpose of rolling and airing the Gun-powder in the several Magazines.

G. O. V. P. 27th Mar. 1810

Agreed, that an addition of 13 Rupees per month be made to the pay of the European Cooper in the Arsenal of Fort William, so long as the situation is held by a person not in the Military service.

M. C. 3d Feb. 1797

Resolved, that the wages of the head European Carpenter and Cooper in the Arsenal do remain at the usual fixed rate of 20 Rupees per month, when furnished from the Military Establishment, as they will then receive their pay and batta as Soldiers, independent of their Arsenal pay.

M. C. 6th March 1797

The Vice President in Council is pleased to authorize the salary of Sonat Rupees 14 per mensem, being paid to each of the Serangs at the Arsenal as formerly.

P. P. 16th July 1811

And for the Conductors at Pultah and Duckenfore,

The Vice President in Council authorizes a Behishty, a Sweeper and a Cooly for each of the Conductors at the Magazines at Pultah and Duckenfore, to be drawn for by the Commissary of Stores. The Vice President in Council deems it unnecessary to establish any monthly allowance for Stationery for these Conductors, as they may be supplied with such country paper, &c. as may be deemed sufficient, by the Commissary of Stores.

P. P. 2d Sept. 1801

Directions for the prevention of accidents by fire at Pultah and Duckenfore.

The Vice President in Council authorizes the Military Board to give such directions as may be proper and necessary to the persons in charge of the Powder Magazines at Duckenfore and Pultah, for effectually preventing such accidents as may happen from boats, with fire on board, passing near the banks of the river, within the limits allotted for those Magazines; conformably to the suggestions of the Board, under date the 3d and 17th July 1811, viz. that boats passing with fire on board while the powder boats are loaded, loading or unloading at the Magazine Chauts, either extinguish their fire or pass to the opposite side of the river; and to prevent boats from stopping or being at any time made fast to or anchored near the banks, within the boundaries of those Magazines.

P. P. 29th Oct. 1801

- Res. M. B. 16th Jan. 1801 The Commissary of Stores will distinguish in his future weekly reports the quantity of Powder in the Duckenfield and Fulham Powder Magazines and in the Magazine at Fort William.
- Res. M. B. 8th May 1810 The Military Board approve of the Bomb Proof in the north-west face of Vereist's Counter Guard being again used as the Laboratory of the Arsenal, as soon as the boarded floor can be laid.
- Res. M. B. 11th Sept. 1806 The Commissary of Stores is to furnish any information or returns, that may be called for by a Member of the Military Board, being at the same time a Member of the Quarterly Committee for visiting the Arsenal; or the Monthly Visiting Member.
- Res. M. B. 31st August 1804 The Commissary of Stores will send, on the morning of every Friday, a weekly report of work done in the Arsenal, and also, at the same time, a weekly report of Stores dispatched, and of Stores remaining to be dispatched, with the reasons why they are not so, referring to the orders of the Military Board under which the several Stores have been dispatched or prepared.
- Res. M. B. 11th June 1808 The Commissary of Stores is directed to state in future, in the Arsenal Weekly Reports, the hours of attendance of the Artificers and Workmen:—(For the Form of Report, *vide Form No. 2.*)
- Res. M. B. 21st March and 2d October 1791 The Commissary of Stores is to furnish the Military Board, every Friday morning, with reports of the quantity of Powder, Camp Equipage, Accoutrements, and other capital articles of Military Stores, which he shall have received into the Arsenal in the course of the preceding week—(The Form of the Report of Powder and Regulations, for receiving it into the Arsenal, will be found under the head "Agencies for the Manufacture of Gunpowder".)
- Res. M. B. 16th December 1794 The Commissary of Stores is to report to the Board, on the first day of every month, the quantities of Arms, Ammunition of all descriptions, Plints, Accoutrements and Camp Equipage, that may have been deficient of the established proportions of those Articles on the last day of the preceding month.
- Res. M. B. 12d May 1793 The Commissary of Stores is directed to furnish the Military Board, monthly, with an Abstract of Arms, transferred from the Head "Repairable" to the Head "Serviceable," and of such other capital articles as he will find specified in a list with which he will be furnished by the Board.
- Res. M. B. 3d October 1791 The Commissary of Stores is to transmit to the Military Board, by the 15th of the Month, August, November, February and May, of every year, Returns of the Arsenal for the quarters preceding the first day of these respective months.
- Pres. M. B. 5th Oct. 1775 No stores shall be admitted into the Arsenal, excepting articles sent from Europe by the Company, without a special order from the Military Board, specifying each sort, with the quantity to be supplied.  
The Commissary of Stores is not to receive any supply of Ordnance or Powder into the Arsenal, until they shall be reported fit for service, upon the proof to be made.
- Res. M. B. 11th Dec. 1807 Resolved, in conformity with the Orders of the Honorable the Court of Directors, that in future the Annual Europe Indents be made out by the Commissary of Stores, on receipt of the Annual Survey Reports, which are directed to be transmitted so as to reach the Military Board Office on or before the 10th of January, and to be sent for the consideration of the Board on or before the 15th of April.
- Res. M. B. 7th March 1803 All the Reports made to the Court of Directors are to contain four additional columns:—the first, exhibiting the proportion of such Stores for the Arsenal and subordinate Magazines; two others, wherein the average Annual Expenditure in times of Peace and War is to be inserted; and a fourth, shewing the balance remaining in Stores in the Arsenal and different Magazines, agreeably to the latest quarterly returns that may have been received.
- Powder in the Magazines to be noticed in the Arsenal Report.
- Laboratory: allotted to the Arsenal.
- Returns to be furnished by the Commissary of Stores to the members of the Military Board.
- Weekly Reports of work done in the Arsenal and of Stores dispatched, to be sent to the Military Board.
- And a weekly report of all Powder, &c. received,
- And of Arms, Accoutrements &c. &c. deficient of the established proportion.
- Also a monthly abstract of Arms, &c. transferred to the head "Serviceable."
- Periods for the transmission of the Arsenal Quarterly Returns.
- Stores under what circumstances to be received into the Arsenal.
- Regulations for the preparation of the Europe Indents on the Honble the Court of Directors by the Commissary of Stores.

The Secretary to the Military Board is to furnish the Commissary of Stores with statements of the proportions of Ordnance, Ordnance and Military Stores of every description, laid down for the different Garrisons and Magazines, that by comparing them with the latest returns, with which he will also be furnished by the Secretary, he may be enabled to judge what supplies will be required from Europe, as well to complete deficiencies as to answer the probable exigencies of the Service.

The Commissary of Stores, previous to making out an Indent on Europe, is to ascertain from the Import Warehouse Keeper what articles required can probably be furnished from those already sent out by the Hon'ble Company, and to regulate his Indent accordingly.

Res. M. B. 7th  
March 1789

Specification of  
various articles  
which are to be  
included in the  
Indents.

We direct in future that whenever any paper is indented for, the size or sizes required, be particularly specified.

Let. C. D. 18th  
February 1789

In the Lifts of Stores sent in by the Agent, as recorded on your Consultations of the 5th May, 1803, several articles are inserted which might be procured from the Company's Stores, or indented for from Europe, such as paints, tar, bolts, hinges, locks, nails, hides, &c. as also materials for hoops for Powder Barrels.

Let. C. D. 18th  
July 1803

We therefore direct that the Military Board furnish an annual Indent for articles of these various descriptions, formed on an average of the annual supply provided by the Agent.

We direct that you will transmit annually to us an Indent for the quantity of sea coal required at your Presidency.

Ordered, that the Commissary of Stores include, in the General Indent on the Hon'ble the Court of Directors, the requisite number of polishing bits for 12 and 6-Pounders.

Res. M. B.  
17th Sept. 1801

Regulations for  
the receipt of  
Military Stores  
from Europe  
and for the acknowledgment  
to be granted to  
the commanders  
of the vessels  
on which they are imported.

The Governor General in Council has directed, that the Commanders of the Company's ships having on board any articles of Military Stores, for which the certificates of this Government are required, be called upon, on their arrival, to furnish immediately, on the delivery of such stores, the receipts of the Commissary of Stores corresponding exactly with the endorsement on the cockets of their respective ships; which are also to be submitted for the inspection of the Board with such receipts, and if there be any difference between the cockets and receipts, that they particularly explain the same for the information of the Hon'ble the Court of Directors.

Proc. M. B.  
23d Jan. 1795

Whenever the Commissary of Stores grants certificates and accounts of short deliveries to Captains or Purfers of Indiamen, copies in triplicate are also to be sent immediately to the Military Board.

Res. M. B. 12th  
August 1799

PARA. 15th.—You will be careful to furnish us with the certificates which are required of such stores as shall be landed at your Presidency, taking care that the certificates contain an exact copy of the endorsement of the cockets sent by the ships, whereon such stores are laden, and not the particular contents of each package.

Let. C. D. 13th  
February 1810

Ordered, that the following extract of the Honorable Court's letter of the 9th August, 1809, to the Madras Government, be transmitted for the further and more particular observance of the Commissary of Stores, with instructions to report timely to this Department any difficulties that may occur, on any future occasion, in carrying the Honorable Court's orders into effect.

Res. M. B.  
24th May 1811

PARA. 21st.—It is our positive injunction that in future you are particularly careful that accounts of all damage and deficiencies of our outward Military consignments to your Presidency be prepared in duplicate, and presented to the Commanders and Purfers for their signatures and objections thereto, conformably to the terms of their Charter Parties; and that the proper Officers in the Military Department do countersign the same, accompanied with their replies to the objections so made, stating whether they are or are not well founded, and adding every information in their power, particularly with respect to the condition in which the several packages were received from the ship, as may tend to elucidate the subject on its final adjustment in England; and as a variety of short deliveries have appeared to originate from mistakes, either in the invoices, or from mislabeled

Let. C. D. to  
Madras 9th  
August 1809

ing them abroad, we direct that, in future, whenever any short delivery is reported, such report do specify the quantity said to be sent by the Invoice, as well as the quantity actually received, and that it further specify whether the loss is likely to have occurred from the damages done to the packages on ship board, or that the nails appear to have been drawn, so as to lead to a belief that it has been opened.

PARA. 214th. In all unserviceable or damaged stores, you will particularly specify whether it is sea damage, or original defect, and the report must be signed by the officers who attend at the opening of the packages; and that the Commander or Purser of the ship in which they may have been imported, be desired to attend at this examination, as, in many cases, the liability of the owners for damages and deficiencies depends on the condition of the packages when delivered from the ship: and we further direct, that the several amounts of the damages and deficiencies, and the state in which the packages were received, be also stated on the endorsements on the respective bills of lading.

Res. M. B. 1st  
May 1787 All articles invoiced from Europe as Military Stores, or directed on the packages as such, will be delivered to the Commissary of Stores immediately after they are landed.

Res. M. B.  
29th Dec. 1807 The Military Board direct the Commissary of Stores will not remove any stores from the Import Warehouse to the Garrison, the packages of which appear to have been opened or broken, without a particular previous examination at the Import Warehouse.

Res. M. B. 13th  
June 1809 Resolved, that in all future calculations of the value of Europe articles, which may at any time, hereafter, under the orders of Government, be sold from the public stores, the Secretary be authorized to add 50 per cent. to the Europe invoice prices, to cover the expence of freight, insurance, and other export charges from England. Rates at which Europe stores, permitted to be sold, are charged.

Res. M. B. 19th  
Dec. 1788 Agreed, that it be in future a standing rule; that all articles used for the package of Store, issued to accommodate individuals, be paid for in ready money. Package for such stores as may be sold, to be paid for immediately.

Let. C. D. 12th  
July 1805 PARA. 32d. We direct that in future, if any article of Military Stores should prove defective or unserviceable upon their arrival in India, such articles be returned to us, except those which may be rendered unserviceable by ship or sea damage. Regulations for the survey and return to England of such Articles of Military stores as may be received of a defective construction.

Res. M. B.  
16th Mar. 1804 Resolved, in conformity to the orders of the Honorable the Court of Directors, conveyed in their letter under date the 17th August, 1803, that the following Regulations be established, in addition to those already in force for providing a more effectual check on the quality of Ordnance and all Military Stores sent from England for the use of this Presidency.

*First.* That when it shall appear to Commissary of Stores, that any Ordnance, Arms, or Military Stores of any description arrived from England, are in any way defective, either in make or materials, the same shall be immediately reported to the Military Board, in order that the necessary application for a Committee of Survey to be held upon them may be made.

*Second.* That the Committee, which may be appointed to survey such Ordnance, Arms or Military Stores, as may be declared by the Commissary to be bad or defective, shall, after a minute and careful examination, particularize the faults, if any, noticing, if Fire Arms, whether the deficiency is in the stock, the barrel, the lock, the sling and scabbard, or in the ram-rod, bayonet screws or brass work, and so on.

*Third.*—In respect to other Stores, the particular store is to be mentioned, and, if it is formed of more materials than one, the report is to specify which of the materials is deficient, whether it is the wood, the leather, the iron or any other article, which may be a component part of such Stores.

*Fourth.*—The name of the Contractor or Manufacturer, who may have made or furnished the Ordnance, Arms or Military Stores, is, whenever the same can be ascertained, to be carefully noted in the report.

Res. M. B.  
10th Oct. 1807 All articles imported from Europe, which, by the observation of Committees, appear to have been condemned in consequence of original defects which there may be reason to believe existed previous to shipment, and on which the maker's name may be legible, are to be collected by the Commissary of Stores, assorting and keeping separate

such as shall have been made by each different mechanic, in order to their being separately packed, for the purpose of being returned to the Honorable the Court of Directors, in compliance with their orders of the 1<sup>st</sup> July, 1805.

When the several articles shall have been thus prepared, the Commissary of Stores is directed to submit them for inspection to the visiting Member of the Arsenal, with a paper of reference to and extracts from the Survey Reports, on which they have been severally condemned, after which the whole are to be carefully packed, and an invoice exhibiting the contents of each case or parcel, with a similar reference in the reports, is to be at the same time transmitted.

Report by the  
Commissary of  
Stores on Arms,  
&c condemned  
by Committee.

The Commissary of Stores is directed, in future, to submit his opinion upon any muskets or swords which may be condemned by Committee of Survey, and his reason for considering them unserviceable or otherwise.

Res. M. B. 21<sup>st</sup>  
March 1809

Established  
proof for Ca-  
valry swords.

Directions on the Table received from Europe for proving Cavalry swords.—“Each blade to spring 5 $\frac{1}{2}$  in 33 inches, flapped upon a flat slab of wood, and struck on a round piece of wood, back and edge; every sword not standing the above proof to be rejected.”

Ext. Proc. M.  
B. 30<sup>th</sup> January  
1809

And rate of  
Compensation  
allowed for  
proving them.

The payment of the compensation, recommended by the Military Board to be made to Sergeant R. Broughton, Armourer Sergeant of H. M. 17<sup>th</sup> Dragoons, on account of proving swords, and of the instructions which he afforded to the people of the Arsenal with regard to the application of the machine employed for that purpose.—(viz. 5s. 6d. at the rate of two-pence per sword,) is sanctioned by his Lordship in Council.

G.  
1<sup>st</sup> Oct. 1808

All tools recei-  
ved into the  
Arsenal to be  
proved and  
marked accord-  
ingly.

Agreed, in consideration of the bad state of many of the tools which have been, at various times, dispatched to the Upper Stations, to authorize the Commissary of Stores, on all future receipts of tools, to put them to such trial in the Arsenal, previous to their being surveyed, as will constitute proper grounds upon which the Committee, hereafter to be assembled for that purpose, will be enabled to report their real quality, thereby guarding the public service, as much as possible, against the serious disappointment which must arise from the dispatch of a supply of tools, of which a considerable portion may be found, on being brought to use, to be unfit for service, owing to the bad quality of the materials and other defects, which are not to be discovered on the mere inspection of them, by persons who are not professionally acquainted with the properties of such articles.

Res. M. B. 21<sup>st</sup>  
Novr. 1809

Ordered, that the Commissary of Stores be further directed, on all future Survey Reports of tools in the Arsenal, to certify his having previously and minutely examined and proved them, and to state his opinion whether or not they correspond in every respect with the report, after which he will mark on the wooden handles of all such as shall be received into the service, with hot iron, the word “Arsenal” and figures expressive of the year in which admitted.

Regulations for  
the charge and  
custody of  
“Models and  
Musters” in the  
Arsenal.

Ordered, that the Commissary of Stores be directed to introduce under a new head, to be denominated “Models and Musters” in the Arsenal Book and Returns, a complete list of all models and musters of every kind, which are now in store, or may be hereafter sent there, annexing, to each article, a memorandum, shewing by whom it was made or presented, when received, whether it has been adopted as a model or muster, by which similar articles are to be made, and, if the latter, the date of the order of Government, or of the Military Board, by which it has been so adopted.

Res. M. B. 11<sup>th</sup>  
August 1800

The whole of the models and musters are to be kept in one room, so that they may always be ready for inspection. (For musters of gun carriages vide “Agency for the Manufacture of Gun Carriages”.)

And for reports  
upon such as  
may become  
defective.

The Commissary of Stores is to report to the Board whenever any articles of Stores, approved as musters or patterns, shall have become defective.

Res. M. B.  
18<sup>th</sup> Mar. 1789

The Vice President in Council desires that strict attention may be paid to the orders contained in the following paragraph of a Res. of Directors, dated the 10<sup>th</sup> June, 1801.

Proc. V. P.  
31<sup>st</sup> Dec. 1801

Let. C. D.  
10th June 1801

**PARA. 43d**—On future supplies to His Majesty's ships, bills for the amount are to be regularly taken from the Commanders on the Admiralty, Navy, Victualling, or Ordnance Boards, as the case may require.

The accounts for supplies furnished to H. M. ships how to be adjusted.

Ex. Let. Mily.  
And General  
adopted by the  
Mily. Board  
and Jany, 1802

"In conformity to the request of the Military Board, I beg to state that the Orders of the Hon'ble the Court of Directors, conveyed in the 43d Paragraph of their General Letter of the 10th June, 1801, may be carried into effect as follows:

The Secretary to the Military Board will ascertain in the usual manner the value of Naval, Ordnance or Victualling Stores to be supplied to His Majesty's Ships, and require bills for the amount in favour of the Hon'ble the Court of Directors, on receipt of which he is to grant certificates to that effect, which will be the authority to the Commissary of Stores, and the Garrison Store-keeper, for issuing the articles severally required from the Arsenal or the Depot.

Bills for Stores to be issued from the Arsenal for the use of His Majesty's Navy will be drawn on the Commissioners of the Navy.

Bills for Ordnance, Ordnance Stores, Gun-powder, Arms and Accoutrements, will be drawn on the Board of Ordnance.

Bills for Provisions, Liquors and Water Casks, on the Commissaries for Victualling His Majesty's Navy.

All bills, so received, to be forwarded without delay to the Governor General in Council for the purpose of being transmitted to Europe, and information thereof communicated to the Military Auditor General, in order that "Account Current London" may be debited and the Military Board be credited on the Books of the Department of Audit."

Res. M. B.  
25th Oct. 1808

Previous to submitting for the Board's sanction Indents for Ordnance Stores, &c. for His Majesty's ships, the Commissary of Stores is invariably to obtain the Indents drawn out in the proper form.

Regular Indents to be prepared for stores required for the Navy.

#### GENERAL MEMORANDUM.

Ex. Circular  
Naval Orders  
15th Oct. 1809

It having been made appear to me, by a representation from the Government of Bengal, that a Rule has been established since the month of June, 1801, which provides that supplies of Ordnance Stores, furnished from the Hon'ble Company's Arsenal for the use of His Majesty's Ships and Vessels, shall be paid for by bills drawn by the Commanders on that Board; It is my direction, that such system be uniformly attended to by the Captains and Commanders of His Majesty's Ships and Vessels until further orders. It is likewise to be observed that upon every application made by the Military Board to the respective Captains and Commanders for any useful or necessary information required in the making or repairing, fitting or refitting any Ordnance Stores, that all possible aid and satisfactory assistance be afforded; and as the return of the condemned Ordnance Stores to the Hon'ble Company's Arsenal at Calcutta is stated to be attended with much serious inconvenience, the same are in future to be delivered into the charge of the Naval Agent, who will be directed to dispose of them as circumstances may render necessary.

Given on board H. M. Ship Russell.

MADRAS ROADS.

(Signed) W. O'B. DRURY.

To

The respective Commanders, and Commanding Officers of H. M. Ships and Vessels employed in the East Indies.

Proc. G. C. 3d  
April 1809

The Governor General in Council approves generally of the proposition submitted by the Military Board for relieving the Officers of the Arsenal of the additional duties and responsibility of receiving from His Majesty's Ships and holding in deposit a variety of bulky Stores, which are inapplicable to Military purposes, and are stated essentially to interfere with the internal arrangements of the Arsenal for the accommodation of the Stores belonging to that Department. The Governor General in Council accordingly desires that the Military Board will take measures, in communication with the Marine Board, to provide for the future custody of the Stores which the Commanders of His Majesty's ships may be desirous of leaving at this Presidency, either by the transfer of them to the charge of the Marine Store-keeper, or by such other measures as may be most convenient and effectual.

Ordnance Stores from H. M. ships are not to be received in Deposit in the Arsenal.

Not in part value of new Stores supplied

The Governor General in Council approves the rule, proposed by the Military Board, not to receive in exchange for, or in part of the value of supplies to His Majesty's ships, old Ordnance and Stores, and concurs in opinion that they should be left at the disposal of His Majesty's Officers.

M. C. 8th July 1796

Powder from H. M. ships to be deposited at Moyapoor

The Governor General in Council, adopting the recommendation of the Military Board for all temporary deposits of Gun Powder from His Majesty's ships being in future made in the Magazine at Moyapoor, has directed the necessary measures to be taken for carrying the proposed arrangement into effect.

Proc. G. G. 29th Apr. 1809

Regulations under which Military Stores are permitted to be supplied from the Arsenal to ships employed in the Country trade.

No Stores shall be issued to Owners or Commanders of Country ships or vessels without their depositing, in the Treasury, the prime cost, with 50 per cent. in advance; and entering into an obligation to return them at the end of the voyage, if demanded; and to make good all damages and deficiencies: every such obligation is to be lodged at the Military Board Office with the Treasurer's receipt for the sum deposited.

Res. M. B. 28th Oct. 1775

No Brass Guns shall be issued to ships, nor English mulquetry, when there are Foreign Store. (By a resolution of the Military Board, dated 17th June, 1793, Gun Powder is permitted to be supplied for the defence of English ships employed in the Country trade.)

Form of the obligation to accompany the application for Guns, Stores, &c. for ships employed in the Country trade.

"The Right Hon'ble the Governor General in Council and Members of the Military Board, having been pleased to comply with my request for a supply of Military Stores for the defence of the ship —, on her present intended voyage to —, the value of which, with 50 per cent. in advance, being Current Rupees —, I have deposited that sum in the hands of —, Sub-Treasurer; and I do further engage, that, such of the said Stores as are not expended in the course of her present Voyage to —, and during her return from thence to the River Hoogly, shall be delivered, immediately thereafter, into the Company's Stores, and I will pay for such as shall be expended, lost or damaged during the time they are on board the same ship, which is to be deducted out of the deposit made in the hands of the Sub-Treasurer, and he is, upon my producing the Commissary of Store's receipt for the Stores which I shall deliver into the Arsenal, to repay me their amount."

In future all applications from Owners or Commanders of ships and vessels exporting from this River, for the loan of Guns, Arms, or other articles of Military supply from the Hon'ble Company's Stores, are to be accompanied by a certificate, attested upon affidavit before a Magistrate, that the ship or vessel for which the supply is desired is, bona fide, British property, and the Military Board are desired to withhold their compliance with any application not accompanied by such certificate.

M. C. 22d January 1796

#### FORM OF OATH.

I do hereby declare on Oath, that the ship —, commanded by —, and for the defence of which a supply of Military Stores is now requested, is bona fide, British property —.

Sworn before me,  
this — day of —,  
1811.

(Signed) A. B.

C. D.

The bill for such Stores is to be made out in the Military Board Office, and as soon as the Owner or Commander shall produce a certificate from the Sub-Treasurer of the deposit having been made, an order for the issue of the Stores is to be granted by the Secretary to the Military Board.

M. B. Oct. 1787

The Orders of the 17th May, 1793, which require that all deposits for Stores supplied to Commanders of ships are to be made in cash and to be paid into the hands of the Military Paymaster General, are rescinded, and it is resolved, that the duty of taking such deposits, either in cash or Company's paper, at the option of the Commanders, and the account of them, shall be assigned to the Sub-Treasurer.

Proc. G. G. 23d Aug. 1808

If the deposit is to be made to the exact amount. If in paper to the nearest sum in even hundreds to the amount required, including, in both instances, the per centage charged in advance.)

Proc. G. G. 6th June 1809 The Governor General in Council sanctions in future the Sub-Treasurer's delivering up the deposits made on account of Stores received from the Arsenal for the defence of Country Ships, upon his receiving an application to that effect from the Military Board.

Proc. G. G. 7th Dec. 1807 The Governor General in Council directs that Messrs. Palmer and Co., Agents for the Government of Ceylon, be furnished with 50,000 Flints and six dozen Rubber Flies for the use of the Government of Ceylon, provided the accommodation can be given without inconvenience to the Public Service. And to the Agents for the Ceylon Government.

Messrs. Palmer and Co. must be desired to pay the value of these articles into the General Treasury, which must also be reported to Government.

Res. M. B. 4th Dec. 1808 The Commissary of Stores is to prepare and transmit to the Military Board, on or before the first day of every month, a statement or indent for the probable quantities of articles of every kind which will be required in his Department, during the course of the month (from that of the Commissariat.) Military Stores required in the Arsenal, how to be procured from the Company's Warehouses or the Commissariat.

Res. M. B. 7th March 1809 The Commissary of Stores is to be cautious not to indent on emergency on the Contractor (Commissariat) except when the nature of the case renders it quite unavoidable.

Res. M. B. 1st May 1787 Should any Stores be required in the Arsenal, which are imported on account of the Company, the Commissary of Stores is directed not to receive such articles from the Agent of Supplies (Commissariat) until he has been informed that there are none of the kind in the Company's Warehouses.

Res. M. B. 7th March 1789 The Commissary of Stores, when requiring a supply of Europe Articles, is to apply to the Import Warehouse-keeper and Naval Store-keeper to know whether the articles required (of which he shall send a list) can be supplied from the Company's Stores: if they can be so furnished, the Commissary will make out his indent accordingly, to be laid before the Military Board, and shall grant his receipt to the Warehouse-keeper or Naval Store-keeper for the Stores. If they cannot be furnished from the Company's Stores, the Commissary of Stores must indent upon the Agent of Supplies (Commissariat); the Indents to be accompanied to the Military Board by the Import Warehouse-keeper or Naval Store-keeper's Certificates that the articles are not in the Company's Warehouses.

Res. M. B. 13th Mar. 1789 adopted by Government. That the Import Warehouse-keeper and Naval Store-keeper be directed to inform the Commissary of Stores (on his requisition) whether the particular articles he is in want of are in the Company's Stores.

That the Indent of the Commissary of Stores, after it shall have been regularly passed by the Military Board, together with his receipt for the articles, shall be considered by the Import Warehouse-keeper and Naval Store-keeper as sufficient vouchers for the delivery of the Stores indented for, or for such part of them as may then be in the Company's Warehouses.

Res. M. B. 7th March 1789 adopted by Government. Agreed to recommend to the Governor General in Council to direct the Board of Trade to comply with such applications for Stores as may be made to them by the Military Board, carrying to the debit of Military charges the amount of such supplies.

Res. M. B. 26th June 1783 The Commissary of Stores is not to indent on the Agent of Supplies (Commissariat) for any articles which can be made from the rough and raw materials in the Arsenal.

Res. M. B. 27th June 1809 The Commissary of Stores is enjoined to transmit the Quarterly Statements of Stores due from the Contractor (Commissariat) immediately after the expiration of each quarter.

Statement of Stores due from the Commissariat to be furnished quarterly.

Res. M. B. 26th July 1789 The Commissary of Stores is to regulate his Indents for the supply of Camp Equipage in lieu of what has been condemned as unserviceable, so as to keep up always the proportion intended to be reserved in Store.

Regulations for indenting for and receiving camp equipage required in the Arsenal.

Res. M. B. 16th Nov. 1808 The Contractor (Commissariat) is to be requested not to send any Camp Equipage to the Arsenal until the day of survey shall be appointed, communication of which is to be immediately made to him by the Commissary of Stores.

All Accoutrements received into the Arsenal to be marked at the time they are surveyed.

The Commissary of Stores is to mark all Accoutrements at the time they are surveyed, and to notice in the Survey Reports that they were marked in the presence of the Committee. Res. M. B. 19th Oct. 1795

The Commissary of Stores is to be accountable for all unserviceable Stores received, until they are finally condemned; and directions for their disposal.

(For Regulations for the supply and receipt of Camp Equipage and the various articles of Military Stores by and from the Commissariat *vide Chapter XVII.*)

The Commissary of Stores is to be accountable for all unserviceable Stores dispatched from the subordinate Magazines, from the time of receiving them, until they shall be finally condemned by survey, and sold, destroyed, or returned to Europe. Res. M. B. 18th Oct. 1775

Agreed, that the unserviceable shot be issued as kentledge and for ballast to such shipping as may require it. Res. M. B. 9th Oct. 1787

Immediately on the receipt of unserviceable Arms, the Commissary of Stores is to break them up, under the inspection of the Committee of Survey appointed to examine them, when such parts as are found "Serviceable" are to be brought on the Arsenal Books. Res. M. B. 4th January 1790

When "unserviceable" musquet barrels shall be issued from the Arsenal in future, every barrel shall be cut or broken in two pieces; and the Commissary of Stores is to report the same to the Board. Res. M. B. Sept. 1789

Agreed, to inform the Commissary of Stores, that no fusil, pistol, or carbine ram-rods, are to be thrown into the river, which might be convertible to serviceable ram-rods. Res. M. B. 8th January 1811

Orders for the construction of Elevating Screws.

The Military Board being of opinion that the Arsenal Establishment of Artificers are fully equal to the performance of the work, ordered, that the elevating screws required be made up in the Arsenal. Res. M. B. 13th Aug. 1800

Gins,

The Commissary of Stores is to make it a rule to construct gins of sissoo timber, which the Military Board understand answers as well, while it is considerably less expensive than teak duggies. Res. M. B. 18th July 1806

And bamboos for tent poles.

Bamboos, ordered to the Upper Stations for tent poles, shall in future be prepared in the Arsenal, to the lengths respectively in demand, and shod with iron. Res. M. B. 19th Oct. 1789

Bamboos to be marked previous to their dispatch from the Arsenal.

The Commissary of Stores is to be instructed to make a marking iron, for the purpose of marking bamboos previous to their being dispatched from the Arsenal. Res. M. B. 14th Feb. 1809

Staves for spears and pikes how to be procured and issued.

The Commissary of Stores is to indent on the Contractor for Military Stores, (Commissariat,) for a complete set of staves, agreeable to the proportion herewith detailed, to be hereafter considered as part of the Arsenal proportion of Stores, and retained at all times as complete as possible; and that he be also directed, with a view to distinguish the age of each, to paint on one side of them the month and two last figures of the year in which they may be received into the Arsenal, arranging in a similar manner every succeeding supply, and on all issues to use the precaution of delivering those which have been the longest period in Store, they being consequently the best seasoned. Res. M. B. 27th Dec. 1808

Proportion of seasoned Powder barrels to be maintained in the Arsenal.

Resolved, with a view to ensure a stock of well-seasoned Powder Barrels in future, that the Agent be directed to make up good barrels, and send them to the Arsenal, there to remain at least three months before they are issued, and when indented for they are to undergo the operation of having their hoops fresh drove previous to being issued, and are to be carefully inspected by the Arsenal Coopers, to see that their staves do not gape at any place. Res. M. B. 30th Jan. 1810

The Commissary of Stores will keep up, by permanent indents on the Agency, this surplus stock of seasoned barrels, by which means it will be impossible that the gun powder should hereafter sustain injury, or be liable to decomposition from any dampness imparted to it from the barrels.

Hammocks how to be made.

Hammocks for the use of the Troops are to be made of gunny putty only.

Res. M. B. 1st Dec. 1811

Res. M. B. 7th Nov. 1798 All Guns, cast in the Foundry at Fort William, shall be marked numerically, and have the date of the Proof engraved on them, after the following Form; viz.

Regulations for casting Ordnance in the Foundry at Fort William.

N<sup>o</sup>. I.

2d NOVEMBER, 1798.

FORT WILLIAM.

Res. M. B. 2d Feb. 1808 On change of Commissaries the numerical account of Ordnance cast is continued, not recommenced.

Res. M. B. 25th Feb. 1799 The Commissary of Stores will consider it as a standing Regulation, in future, to report, after every cast of Guns, the quantity of metal put into the furnace, the time the fire was lighted; the time of running the metal; the number of Guns cast and their Calibres, together with the condition in which they appeared on breaking the moulds.

### FORM.

Report of Guns cast in the Arsenal Foundry on the 24th instant, in conformity to the Orders of the Military Board, dated the 10th ultimo.  
FORT WILLIAM, 27TH JULY, 1801.

| Quantity of Metal put into the Furnace. | Time the Fire was lighted. | Time of running.      | No of Gun cast. | Calibre. | Condition of the Guns when taken out of the moulds.                               | Weight of the Guns when taken out of the moulds. |

(Signed) A. B.  
Commissary of Stores.

Res. M. B. 2d July 1810 All future reports of Brass Ordnance, cast in the Arsenal Foundry at Fort William, are to bear particular reference to the authority under which such Ordnance may have cast.

Res. M. B. 19th July 1801 The Commissary of Stores will send to the Military Board a Quarterly Statement of the Weight of Guns cast, and of the old Metal remaining in Store.

Res. M. B. 2d Jan. 1810 Agreed to prohibit the preparation of Gun Moulds, without special authority, for that purpose.

Res. M. B. 6th June 1800 The allowance for Gun Moulds supplied by the Assistant Commissary of Stores is made in Arcot Rupees.

Gun Moulds when to be prepared, and Rates at which charged.

### List of Prices of Moulds, supplied by the Assistant Commissary of Stores.

| Moulds | Gun Clay      | 18 Pounder | each | Arcot Rupees |
|--------|---------------|------------|------|--------------|
|        |               | Do.        | --   | 35           |

|        |               | Do.        | --   | 25           |
|        |               | Do.        | --   | 20           |
|        | Hawtiser Clay | 8 Inch     | --   | 45           |
|        |               | Do.        | --   | 30           |

|                           |               |      |    |
|---------------------------|---------------|------|----|
| Moulds—Howitzer Clay..... | 4 2-5ths Inch | each | 30 |
| Mortar.....               | 8 Do.         |      | 45 |
| .....                     | 5 1/2 Do.     |      | 30 |

Resolved, that all future bills by the Assistant Commissary of Stores, for Gun Moulds, be required to bear the date of the Board's authority for casting the Ordnance for which such Gun Moulds are charged. Res. M. B. 5th June, 1810

Rates of Commission allowed

Agreed, to recommend the Bill by the Commissary of Stores, for commission on Brass Ordnance, cast in the Foundry of Fort William, agreeably to the orders of the Military Board, under date the 5th November 1810, and 2d January 1811; and received into Store by the Board's order of the 3d April last, amounting to Arcot Rupees 613 9 7. —(The Ordnance Cast is valued at 2 Arcot Rupees per lb. upon which rate a commission of 10 per cent. is allowed.)

Res. M. B. 8th May, 1811.

And directions for the boring and proof of the Ordnance cast.

All Guns are in future to be bored horizontally.

Res. M. B. 5th Feby. 1788.

Ordered, in conformity to the opinion of the Commander in Chief, that the established Calibre of a 6-Pr. Gun be 3 In.  $\frac{668}{1000}$ ; and that when a polishing bitt has failed from use, the Commissary of Stores be directed to lay it aside, and never to repair it.

Res. M. B. 17th Sept. 1802

The Military Board have no objection to the Commissary of Stores sending all Guns for proof without being completely finished, or having the dead tails cut off.

Res. M. B. 16th Sept. 1803.

When the Commissary of Stores shall report ready for proof any Guns made of new metal cast by him, he shall specify the proportions of metal used in the composition, and the thickness of the sides of all Guns near the muzzle and at the touch-hole which he may call, either of new or old materials.

Res. M. B. 19th April, 1790

All Ordnance arriving from Europe to be sent for proof.

Ordered, that the Commissary of Stores be directed to consider it as a Standing Regulation to send all Guns for proof on their arrival from Europe, consulting with the Commandant of Artillery on the subject.

Res. M. B. 3d Oct. 1796

Trunnions of condemned Guns to be broken off.

Resolved, that it be a Standing Regulation, that the Trunnions of all Guns, finally condemned by the Board, be broken off in the presence of the Committee, who proved them, and that a report thereof be made to the Board.—(For Regulations for the proof of Brass Ordnance, vide page 212.)

Res. M. B. 5th Jan'y. 1795

Carriages received from the Agency are to be immediately fitted with guns and marked accordingly.

When Carriages are tendered by the Agent, the Commissary of Stores is immediately to measure the Guns for which they are intended, and to report to the Committee, who may survey them, whether they will fit the Guns, and immediately to mark the number of the Guns on the Carriages when ordered to be received into Store.

Res. M. B. 2nd Oct. 1798.

All muskets requiring fitting to be sent to the Arsenal and stocked with wood of Indian growth.

It has been determined that all Muskets requiring to be new stocked, shall be sent to the Arsenal of Fort William for that purpose.

Proc. V. P. 3d Oct. 1809.

PARA. 16th.—As there is great difficulty as well as expence in procuring good seasoned Walnut Tree, and the room it occupies on Ship board being material, we direct that old Muskets may be fitted in India with stocks of Indian wood.

Let. C. D. 7th Jan'y. 1807

Serviceable Barrels to be carefully selected for stocking.

The Commissary of Stores is to make a selection of such Barrels as are perfectly serviceable for stocking, taking care that none of them are too thin to render their being fired dangerous.

Res. M. B. 3d Oct. 1806

Muskets not to be stocked too thick.

Resolved, that the attention of the Commissary of Stores be called to the too great straightness of the Musquet Stocks made in the Arsenal, which the Board consider a very great defect.

Res. M. B. 30th Jan'y. 1810

Rates at which Muskets and Pistols are to be stocked & how to be surveyed, marked, and charged for.

The Proceedings of the Military Board, relative to the employment of the Commissary of Stores, in stocking Muskets in the Arsenal, at the rate of Sicca Rupees 3 for each,

Proc. V. P. 19th Sept. 1809.

including every expence on account of well-seasoned Toon plank, workmanship and tools, are approved and sanctioned by the Vice President in Council.

Proc. V. P. 18th Sept. 1809 The Vice President in Council approves and sanctions the measure suggested by the Military Board, for bringing the serviceable component parts of Pistols in Store in the Arsenal into use, and authorizes the charge of 1 Rupee 12 Annas for the workmanship of each Stock.

Res. M. B. 4th April 1809 Agreed, that Musquets stocked in the Arsenal be in future inspected by a Committee of the Military Board, before the bill is recommended to Government.

Res. M. B. 18th Sept. 1809 The Commissary of Stores is directed to prepare proper marking irons, and to mark the month and year on every Musquet new stocked, previous to their being submitted monthly to the inspection, either of the usual Committee of Survey; or of the Visiting Member, agreeably to existing orders.

Res. M. B. 26th Sept. 1809 The bills of the Commissary of Stores should specify the number of Musquets or Pistols stocked according to the authorized rate, like any other contingent bills, without stating it to be performed by an establishment which is not allowed.

Proc. V. P. 19th Jan'y 1810 The Vice President in Council, concurring in the view taken by the Military Board, of the terms of the engagements with the Commissary of Stores for new stocking Musquets and Pistols in the Arsenal, for a fixed sum, for each Musquet and Pistol; is pleased to dispense with the verification on oath of his accounts of disbursements on that account, while the present system continues in force.

Res. M. B. 28th Jan'y 1803 No Stores shall be issued on any pretence whatever from the Arsenal, without an order from the Governor General or Commander in Chief, or from the Military Board, or upon indent approved by the Board. Stores under what authority to be issued from the Arsenal,

No orders issued by the Commanding Officer of the Garrison of Fort William, when neither Vice President nor a Member of the Military Board, shall be a sufficient warrant to the Commissary of Stores for issues from the Arsenal.

Res. M. B. 18th March 1789 The Commissary of Stores is to furnish the Chief Engineer with Transport Carriages, whenever he may require them.

Res. M. B. 27th Jan'y 1804 The Commissary of Stores is directed to apply for the authority of the Military Board, on all future occasions of dispatching Stores by land. Or dispatched by land.

Res. M. B. 28th Oct. 1775 No Stores shall be dispatched from the Arsenal at the Presidency to the subordinate Magazines before the 15th June or after the 20th of October, annually. Periods for the dispatch of Stores from the Arsenal.

Ext. Proc. M. B. 25th Jan'y. 1805 It is the duty of the Commissary of Stores to report to the Military Board when Stores are ready for dispatch, although he should not be expressly directed to do so. The Commissary to report when Stores are ready for dispatch.

Res. M. B. 28th Sept. 1795 and 29th Jan'y. 1804 The Commissary of Stores is immediately to report to the Board his inability to comply with any Indent or Order for the issue of Stores to the subordinate Magazines; and to assign his reasons for such inability, so as to enable the Board to take such measures as may be expedient for the supply of the Stores required. And also his inability to comply with any Indents or Orders of the Board.

Res. M. B. 7th Feb'y. 1809 The Commissary of Stores is required to transmit, regularly, a quarterly report of all Stores due on indents or orders from this Department, assigning the reasons why such indents or orders could not be fully complied with. Quarterly statements of Stores due from the Arsenal to be sent to the Military Board.

Proc. V. P. 10th Oct. 1809 Under the circumstances stated, the construction of a Shed at Baldo Chaut, for the safe custody of Stores preparing for dispatch to the Upper Stations of the Army, is authorized by the Vice President in Council. Shed erected for the reception of Stores preparing for dispatch.

Res. M. B. 10th April 1789 and 30th Nov. 1795 Resolved, that previous to the dispatch of the supplies of Stores from the Arsenal to the subordinate Magazines, a Committee of Officers be appointed to survey them, and to be assembled for the Survey

of all Stores dispatched from the Arsenal, and their reports to what Officers furnished.

report in writing the condition of the Stores; copies of the reports of which Committees are to be transmitted, with the invoices, to the Officers in charge of the respective Magazines for which the supplies are intended; G. O. C. C. 27th April 1789

That on every such occasion the Commissary or Assistant Commissary of Stores, together with the person under whose charge the Stores are to be dispatched, do attend the Committee of Survey, and that they be, respectively, at liberty to offer any remarks to the Military Board which may occur to them on points regarding which they may happen to differ from the Committee of Survey, concerning the condition of the Stores.

The Officer commanding the Garrison of Fort William, upon application from the Commissary of Stores, will assemble Committees composed of such Officers as he may think proper, for the purpose above specified.

In compliance with a requisition of the Military Board, it is directed, that a copy of the Proceedings of all Committees that may be ordered by the Commanding Officer in Garrison for the survey of Stores in the Arsenal, shall be sent by the President of such Committees to the Commissary of Stores; on their transmitting their report to the Commanding Officer. Gar. Orders Fort William 13th Oct. 1789

A duplicate of all Survey Reports of Stores received into or issued from the Arsenal, signed by the Committee of Survey, is to be transmitted to the Military Board. G. O. C. F. 4th April 1798

All Stores dispatched by Sea to be surveyed; and accompanied by Invoices, copies of which are to be sent to the Accountant General.

Resolved, that no Military or Naval Stores shall be dispatched from Bengal, without having undergone the prescribed survey. M. C. 18th Feb. 1793.

When Stores are issued from the Arsenal for any of the other Presidencies, the Commissary of Stores is to transmit an Invoice thereof to the Military Board Office. Res. M. B. 22d March, 1790

Ordered, that the Commissary of Stores be required to furnish the Accountant General with invoices of all future supplies that may be shipped, on the public account, from his department. Res. M. B. 22d May 1811

Invoices ought to accompany whatever Civil and Military Stores are consigned to Prince of Wales's Island, that regular credit may be given in account for these supplies: Princ. G. C. 5th Jan'y. 1807

Stores supplied to Prince of Wales's Island to be struck off the Books.

Stores supplied from this Presidency to Prince of Wales's Island are to be immediately written off the General Books, and no account of them hereafter kept. Princ. G. C. 5th March 1807

Camphor to be put in the packages of Stores for Bencoolen.

The Commissary of Stores is directed to put a lump of Camphor into each package of articles under dispatch to Bencoolen, subject to destruction by insects. Res. M. B. 30th August 1808

Caution to be given to persons proceeding in charge of Stores to Chittagong.

The necessary information to be communicated to such Military Officers as may be employed in sending Stores, &c. to Chittagong, in order that directions may be given for every boat and sloop dispatched thither, to call at Haytiab for the purpose of taking on board a Pilot, to prevent the accidents liable to occur from the ignorance of the people conducting them of the navigation of the river. Princ. G. C. 2d May 1806  
Res. M. B. 30th May 1806

Regulations for the Survey to be held on transferring the charge of the Arsenal, Stores, &c.

The Military Board having reported that, agreeably to the Orders of Government, the whole of the Ordnance and Stores of every description in the Arsenal of Fort William have been surveyed by a Committee in presence of Captain J. D. Sherwood, Assistant Commissary of Stores, by whom acknowledgments have been furnished of the receipt of all the Ordnance and Stores, &c. according to the numbers, quantities and condition detailed in the report of the Committee, Captain T. Howell is permitted, at his own request, to resign the situation of Commissary of Stores from the 1st instant, and Captain Sherwood is appointed to be Commissary of Stores from the same day, and to take charge of his appointment accordingly. (For attestation of accounts, &c. by Ordnance Officers; and notice previous to the resignation of their appointments, vide page 421, and Form No. 4, Chapter III.) G. O. G. C. 9th Jan'y. 1809

**EXPENCE MAGAZINE AT FORT WILLIAM.**

Res. M. R. 28th Oct 1775 The Stores under charge of the Commissary of Ordnance at Fort William are to be considered as an Expence Magazine; to be expended as the Commandant of Artillery shall direct. Control and charge of the Expence Magazine in whom vested.

Gen. Orders Fort William 15th July 1787 The Expence Magazine is in charge of the commanding Officer of Artillery in Garrison and subject to the authority of the Commandant or Officer commanding in Garrison for immediate defence.

M. C. 25th January 1793 The commanding Officer of Artillery is entitled, by the existing Regulations, to draw for an Establishment for the repairs of the Gun Carriages mounted on the works, and attending the Practice at Dum Dum, such establishment performing also the necessary duties of the Expence Magazine in Fort William; but as the principle, on which these Resolutions are adopted, renders it necessary that the establishment should be placed under some other Officer whose duty it will be to execute therewith every necessary public service called for by the commanding Officer of Artillery, who will then be placed in his proper sphere of controuling and directing the establishment in question: Resolved, and Ordered, that the same be transferred to the Commissary in charge of the Expence Magazine, that the Pay Abstracts of the People composing it be drawn and disbursed by him; and that their muster be taken by the commanding Officer in Garrison; but the employment of them is to be subject to the orders of the commanding Officer of Artillery. Establishment of Artificers, &c. and their allowances.

(For the salary and allowances of the Commissary of Ordnance Expence Magazine *vide* page 408; for the allowance for Stationery, *page* 409.)

M. C. 6th Mar. 1797 The wages of Sirdars and workmen belonging to the Field Train at the Presidency are to be the same as the wages of these descriptions of people in the Arsenal of Fort William.

Proc. G. G. 9th August 1804 The Governor General in Council authorizes an addition of four Siclegurs, at 5 Sonat Rupees each per month, for keeping in good repair the Elevating Screws of the Iron Guns mounted on the works of Fort William, to the Establishment of the Expence Magazine. (For the Establishment attached to the Expence Magazine *vide* Form No. 3.)

Res. M. R. 29th Mar. 1808 A Weekly Report of the work executed by the Establishment of the Expence Magazine, similar to that furnished from the Arsenal, is directed to be transmitted in future for the Military Board's inspection by the Commissary of the Expence Magazine. (*Vide* Form No. 2.) A weekly report of work done in the Expence Magazine to be transmitted to the Military Board.

Res. M. R. 20th Sept. 1808 Whenever component parts of Gun Carriage work may be required in the Department of the Expence Magazine, for the purpose of repairing Carrillon or other carriages under charge of the Commissary of Ordnance, the same are to be obtained by Indent on the Agency Yard at Collipoor, instead of being made up, as at present, from whole timbers and planks received from the Arsenal. Component parts of Gun Carriage work to be procured by indent on the Agency Yard.

Res. M. R. 10th July 1808 When Stores are to be returned from the Expence Magazine into the Arsenal, application should be made to the Military Board for an order for their receipt. Stores how to be returned into the Arsenal.

**MAGAZINES AT GARRISONS AND STATIONS.**

Proc. G. G. 4th July 1808 The Governor General in Council determines that the Magazine at Fort Marlborough shall be maintained on its present establishment. The Military Board are authorized to instruct the Commissary of Stores immediately to take measures for effecting the relief of the Artificers and for the relieving party being forwarded to Fort Marlborough by the earliest opportunity that may offer. Establishment for the Magazine at Fort Marlborough to be furnished from Bengal and at what period to be relieved.

Proc. G. G. 3d Oct. 1808 Ten Gun Lascars are authorized to be retained at the ensuing relief, by the Resident at Fort Marlborough, for the purpose of being employed in the different Magazines at that Settlement.

The Governor General in Council is pleased to determine that the period of Service at Fort Marlborough of the Artificers and Establishments entertained in Bengal for the Magazine at that Residency; shall be in future fixed at four years. Proc. G. G.  
15th Dec. 1810

The Artificers sent thither to be previously employed on trial at the Arsenal;

The Vice President in Council approves the proposition contained in the concluding paragraph of Major Parlbys letter of the 30th March, 1809, and his Excellency desires the Military Board will direct it to be adopted in future, viz.—“On any future occasion of a relief of the Magazine Establishment at Fort Marlborough, the men intended to be sent there should be previously employed for six weeks or two months in the Arsenal of Fort William, to ascertain if they are really fit for the duties of that Department.” Proc. V. P.  
20th Mar. 1810

And are allowed to assign a portion of their pay to their families.

Lieutenant Nott, the Officer charged with the payment to the families of Troops absent or foreign service, has been instructed to pay monthly to the families of the Artificers, &c. proceeding to Fort Marlborough, the ticket money which they have assigned over for that purpose. Proc. G. G.  
23d Aug. 1808

No returns of Ordnance, &c. to be sent from Prince of Wales's Island.

The Deputy Commissary at Prince of Wales's Island is to discontinue sending returns of Ordnance, Stores, &c. to the Military Board in Bengal. Res. M. B.  
20th Mar. 1807

Allowances for an European Assistant employed in Cuttack Magazine.

The Governor General in Council is pleased to authorize an allowance of Sonat Rupees 10 per month, being granted to William Pickard, Matros of Artillery, as a temporary arrangement during the period of his being employed by the Deputy Commissary at Cuttack, as an Assistant in the Magazine at that Station. Proc. G. G.  
15th Dec. 1808

Half-wrought materials for Cuttack Magazine will be supplied from the Presidency.

When the Deputy Commissary at Cuttack has occasion for materials to repair Ordnance Carriages, he is to transmit a statement of such articles in the half-wrought state as may be required for that purpose, with reference to the Survey Report, shewing the extent of the repairs required for each carriage, when the Board will take measures for supplying the same from the seasoned stock of materials at the Gun Carriage Agency Yard. Res. M. B.  
10th Nov. 1807

The Carpenters and Smiths at Berhampoor Magazine to be discharged when they may not have work. Magazine Establishments for Monghyr and Buxur.

The Deputy Commissary at Berhampoor is authorized to discharge the Carpenters and Smiths of the Establishment of that Magazine so long as there shall be no work for them. Res. M. B.  
24th Apr. 1808

No establishments for the Magazines at Monghyr and Buxur are to be kept up in future, excepting a Magazine Serjeant and four Lascars at each place, for the purpose of taking care of such inconsiderable portions of musquet ammunition, for the use of the Invalids, as may be found necessary to be lodged in those Magazines. G. O. G. G.  
30th July 1801

Directions to be given by the Ordnance Officer at Danapoor to return store boats.

The Deputy Commissary of Ordnance at Danapoor will advise the Officer commanding the Hill Rangers, when boats are likely to pass Bhaugulpoor, and that the persons in charge of the boats have been directed to receive such stores as he may have to send to the Presidency. Res. M. B. 6th  
March 1807

No stock of half-wrought materials is to be supplied to the Chunar Magazine.

Ordered, that the Deputy Commissary at Chunar be informed, that the Military Board do not think it necessary to supply the Magazine at Chunar with a stock of half-wrought materials, as proposed in his letter, for the repair of Gun Carriages. Res. M. B.  
18th Sept. 1809

Circumstances under which the Mint at Benares is to be supplied from Chunar.

The Military Board authorize a compliance, by the Deputy Commissary at Chunar, with applications from the Mint-master at Benares, on the Chunar Magazine, whenever the Officer commanding at Benares may be of opinion they can be conveniently afforded. Res. M. B. 4th  
Dec. 1810

Half yearly list of Articles not in demand, to be sent from the Allahabad Magazine.

The Commissary of Ordnance at Allahabad is to transmit to the Military Board, on the 1st of May and 1st of November in each year, a list of any articles remaining in that Magazine, that are not in course of regular demand or expenditure, with the reason, as far as he may be able to ascertain, why they are not so, in order that the same may be enquired into, and that such stores, if found really inapplicable to the public use at Allahabad, may be otherwise advantageously disposed of. Res. M. B. 7th  
Nov. 1809

(The form of reports of Gun-powder in the Magazine at Allahabad, and regulations for its reception, will be found under the head “Agencies for the Manufacture of Gun-powder.”)

- Proc. G. G.**  
15th Dec. 1807     The Governor General in Council is pleased to order the Mint-master at Furruckabad to indent upon the Magazines of Cawnpoor and Allahabad, for such articles as cannot be supplied from the Magazine at Futtighur; the Officers in charge of the Magazines will furnish the prices of the articles issued to the Mint-master. Circumstances under which the Mint at Furruckabad may be supplied from the Field Magazines
- Res. M. B. 12**  
Oct. 1807     The Officers of Ordnance are to report to the commanding Officer in the Field, should the demands be considerable, for lead or any other useful article of Military Expenditure.
- Proc. V. P.**  
22d Aug. 1809     In consequence of the number of leather articles lodged in the Cawnpoor Magazine, in excess to the fixed proportion, the Vice President in Council, under the concurrent testimony borne by his Excellency the Commander in Chief and the Military Board to the expediency of authorizing the establishment of Moochies, proposed by Colonel Horsford to be employed in that Magazine, including the authority to the Commissary of Ordnance to charge for extra Moochies, in a contingent bill, when any are required in excess to such establishment, is pleased to sanction the adoption of that measure. (Two Sirdars and fourteen Moochies to be permanently entertained.—*Vide Form No. 3.*) Establishment of Moochies authorized for the preservation of accoutrements, &c. in the Cawnpoor Magazine.
- Proc. V. P.**  
31st Oct. 1809     The Vice President in Council is pleased to determine, that the Commissary of Ordnance at Cawnpoor shall submit all contingent bills for work, executed in that Magazine, in the first instance, to the commanding Officer of Artillery at that Station, for his examination, and that the commanding Officer do certify at the foot of the bill, whether the charges are, in his judgment, reasonable or otherwise. (For orders relative to the Light Field, Battering Train, &c. deposited at Cawnpoor, *vide page 211.*) All contingent bills from the Cawnpoor Magazine, to be submitted to the commanding Officer of Artillery there.
- Res. M. B. 9th**  
Oct. Field Ar-  
my Orders 8th  
Nov. 1810     The commanding Officer of Artillery in the Field will be pleased to detach one Sirdar and ten Magazine-men from the Cawnpoor Magazine, for the care and preservation of the Battering Train and Stores lodged at the post of Kalpee, and in charge of which he will continue Mr. A. Walker, Conductor of Ordnance, attached to the Cawnpoor Magazine. (The usual prescribed returns of the Battering Train, Ordnance Stores, &c. at Kalpee are to be transmitted by the Ordnance Officer in charge.) Establishment authorized for the charge of the Ordnance Stores, &c. at Kalpee.
- Proc. V. P.**  
30th Apr. 1811     The Vice President in Council, under the circumstances stated, is pleased to authorize a Behisfty being allowed for the Magazine Establishment at Kalpee.
- Proc. G. G.**  
29th Sept. 1807     The Officer of Ordnance at Futtighur is to supply, from that Magazine, such quantities of lead and other articles of stores as may be indented for by the Mint-master at Furruckabad, provided the supply does not interfere with the wants of the service at that Magazine. Supplies to be furnished to the Mint from the Magazine at Futtighur.
- Proc. G. G.**  
29th July 1809     With reference to their demands for increased rates of wages, and under all the circumstances of the case, the Governor General in Council is pleased to grant to each Artificer on the Establishment of the Magazine at Dehli, an allowance of one Sonat Rupee per month, in addition to the rates of pay established by the orders of the Governor General in Council, of the 27th February, 1809. Additional allowance granted to the Artificers, &c. at the Dehli Magazine.
- Res. M. B.**  
13th June 1809     Ordered, that the Deputy Commissary of Ordnance at Dehli be acquainted, that a proportion of stores have been ordered from the Arsenal to the Agra Magazine, to enable the Deputy Commissary there to comply with his indents to complete the corps dependant on the Dehli Magazine, and for their annual exercising ammunition, and instructing him to indent, from time to time, on the Depot at Agra, for a proper supply to remain in store for occasional Magazine purposes, and to answer the eventual demands of the Corps dependant on the Dehli Magazine. The proportion of Stores for the Magazine at Dehli, included in that for Agra, whence it will be supplied.
- G. O. C. C.**  
6th Apr. 1809     One Sirdar and thirty Magazine-men from the Futtighur Establishment are to be stationed at Kurnal. Establishment of Magazine-men, &c. for the Depot at Kurnal.
- G. O. C. C.**  
16th May 1809     A Behisfty from the Futtighur Magazine Establishment is to be detached to Kurnal, to do duty with the party of Magazine-men from Futtighur.  
(For the Artificers attached to the Light and Battering Train at Kurnal, *vide page 211.*  
For regulations for Train Artificers employed in the Magazines under the control of the commanding Officer of Artillery, *vide page 210.*

For the table exhibiting the establishments of the several Magazines, *vide Form No. 3.*

#### PREPARATION AND TRANSMISSION OF INDENTS FOR STORES, &c.

**Indents for stores, &c. where to be transmitted & how addressed.** All indents or applications for Stores, &c. are to be made to the Military Board Res. M. B. 28th Oct. 1775 through the Secretary, and the forms of indent and certificate are to be strictly observed. All indents are to be addressed to the Commissary or other Officer of Ordnance, at or nearest the place, where stores are required.

**Indents to replace condemned articles are to be accompanied by the Survey Reports.** Agreed, that it has standing regulation, that whenever stores of any description, whatever are indented for, to replace those found unfit for service, such indents shall be accompanied by a Survey Report of the condemned articles, stating the period or periods at which they were served out. Res. M. B. 4th July 1791

**Annual indents to be transmitted for the supply of Magazines.** Annual indents shall in future be transmitted to the Board, for the supply of fixed subordinate Magazines. Res. M. B. 28th Oct. 1775

**The purposes for which articles are severally required to be distinctly stated in the Indents.** In all cases, where the supply contained in one Indent is to meet the demands of Magazines for divers purposes, the particulars and quantities of each are to be expressly detailed, as to enable the Board to comprehend, at one view, the exact purposes to which every part of the Indent may be applicable. Res. M. B. 7th Nov. 1809

**Rules to be observed in the transmission of Indents, from Corps.** Corps at fixed Stations of the Army shall deliver in their Indents to the Brigade Major's Office on Muster Day of every month, accompanied by reasons, in writing, to express the particular purpose for which the Stores are required. G. O. 15th Nov. 1788

The Brigade Major of the Station will submit them to the Officer commanding, for his approval and countersignature, and such as shall be approved of are to be transmitted by this public Officer, as soon as possible, to the Secretary of the Military Board.

Corps detached shall regulate their Indents in the manner directed for those at Stations, and where there may be a public Officer serving, the Indents shall pass through his Office.

In cases where there may not be a public Officer, they are to be transmitted by the Officer commanding the Corps or Detachment to the Secretary.

(Indents for Arms and Camp Equipage for European Corps are always to specify the number of men present effective with the Corps.)

**All Indents for annual supplies are to accompany the Annual Survey Reports.** The General Orders of the 25th November, 1806, directing all Indents for supplies of Stores, &c. required for Magazines, Corps or Departments to be forwarded to the Military Board, with the Survey Reports, which are closed the 31st of December of each year, are to be understood to extend to all supplies and stores, required for all Magazines, Garrisons, Stations and Corps, including all exercising Ammunition and Stores, which order is to be strictly attended to. G. O. C. C. 30th Nov. 1807

**Regulations to be observed when indenting on Emergency.** Occasions for emergent Indents can very seldom occur; whenever they arise the discretion of the Officer commanding at such Station must be used, and the responsibility for all issues made in such cases, is with him only. G. O. 15th Nov. 1788

The general rule for his guidance in all occasions of emergency shall be as follows:

The public orders which detach any part of his force shall express the general proportions of Stores, which he may deem requisite to the immediate Service, comprehending the nature and number of the Ordnance, the number of rounds to each piece, also the number of rounds of Mullet Ammunition and Flints per man, and Camp Equipage Stores.—The Indents, in such cases, shall be superscribed "Emergent Service," and are to be made out in the usual form directed for Indents, and to correspond with the Public Orders.

The respective Corps will deliver in their Indents to the Commissary or other Officer in charge of the Magazine or Stores, who will previously receive an authenticated copy of the Orders of the day from the Public Officer of the Station; and such Orders shall be considered a sufficient warrant for the issue of Stores on Emergency.

Cases which may occur, of Arms or Stores wanting to complete, or to replace damaged or unserviceable, when Corps may be ordered on Service, will also be considered "Emergent," and the issues are warranted to be made, accordingly, on the judgment and direction of the Officer commanding.

attention of the Officer commanding at the Station; but he will be more particularly responsible to the Public, for all issues of Stores on such occasions, if the strictest attention is not had to the necessity.

It shall be the duty of all Officers commanding Stations or Detachments of the Army to transmit, to the Secretary to the Military Board, the earliest intimation, whenever Issues of Stores are made on Emergency. These Indents shall also be transmitted, accompanied by the reasons for the issues.

G. O. C. 6.  
4th May 1850. Instances having occurred where Indents for Ammunition, &c. have been made on emergency, when neither distance of situation or any other plausible reason could be urged in excuse of such a deviation from the Regulations of the Service, the Commander in Chief finds it necessary to prohibit so irregular a practice in future.

Occasions, on which it would be either proper or allowable to indent on Emergent Service, so rarely happen, that it seldom can be found necessary to resort to this expedient, and it is never to be used, except in cases, where forwarding the Indent through the regular channel to the Military Board would be attended with delay, obviously injurious to the public service. Under such circumstances an Officer must use his discretion, and immediately transmit to the Secretary to the Military Board information of the issues which have been made on emergency, accompanied with a copy of the indent, and his reasons for authorizing its being complied with.

At the same time it is to be clearly understood by every Officer who countersigns an Indent of this nature, that the responsibility for all issues of Stores, beyond what the Regulations allow, will rest solely with him, and it therefore behoves him to be careful that issues of this nature are made only to the extent, which the Service to be performed shall require.

To indent on Emergency for Exercising Ammunition is positively forbid.

R. & M. S. 18th  
Oct. 1808. In indenting for articles on emergency, such as are not positively so required are on no account to be included, but in all cases of emergent and probable demands coming together, separate Indents, conformably to the Regulations, are to be submitted.

Indents for articles on Emergency are not to include any that may be eventually wanted.

Officers delivering articles on Emergent Indents, part of which may be intended for eventual use, will be held responsible for such delivery. It will therefore be their duty always to withhold such articles, until an Indent for them shall have been submitted for the Board's consideration and eventual sanction, and, in all cases where emergent and eventual demands appear on the same Indent, to comply with the emergent only, (if not already passed by the Military Board); and, in cases of the emergency of a demand not being fully expressed on the Indent, they should make themselves acquainted with it previous to granting compliance.

G. O. 24th  
Sept. 1788. Lord Cornwallis directs that the following form be published in General Orders, and that all Indents be drawn out agreeably thereto.

#### FORM.

Indent No. , on the Magazine at , for Stores, &c.  
wanted for the use of , (Corps or Department). 1st January, 18—

| Names of Stores.    | Total no of force of May 18— | Balance of former supplies remaining in Store. | Number Indented for. | Purposes for which wanted. | Admitted by the Military Board. |
|---------------------|------------------------------|------------------------------------------------|----------------------|----------------------------|---------------------------------|
| A. Axes Pick, ----- | ..                           | ..                                             | ..                   | ..                         | ..                              |
| " " Hand. ....      | ..                           | ..                                             | ..                   | ..                         | ..                              |

" I do hereby certify, in pursuance of General Orders, that the articles specified in the within Indent are indispensibly necessary for the use of -----, according to the best of my judgment and belief, after the most careful examination."

(Signed by the Ordnance or Staff Officer indenting and by the Officer commanding the Corps, &c.)

The above certificate is to be subscribed by the commanding Officer of the Garrison, Detachment, or separate Corps for which the supply is required.

Informal Indents, not drawn out agreeably to the prescribed form, are to be immediately returned by the Secretary to the respective Officers who sent them. Res. M. B. 28th August 1788

Indents passed by the Military Board are to be immediately sent to the Magazines. Great inconvenience and confusion having arisen from Officers not sending in Indents which have been passed by the Military Board, within the prescribed time, the Commander in Chief finds it necessary to republish the following standing Regulation, and directs that it be strictly attended to in future. G. O. C. 21st July 1804

When Indents are passed by the Military Board and returned, they are to be sent to the Magazine upon which they are drawn, with as little delay as possible, to enable the Commissary to ascertain the extent of the demands on the Magazine under his charge, and to provide, accordingly, the means to answer them.

Indents of a year's standing, that may not have been complied with, are to be cancelled. Agreed, that it be a standing regulation, that all indents, partially or totally uncomplied with, if above twelve months standing, should be considered as cancelled, and the Officer, in whose possession they may be, directed to forward them to the Military Board. Res. M. B. 28th July 1798

#### REGULATIONS FOR THE DISPATCH, CHARGE, AND RECEIPT OF STORES.

Regulations for Officers proceeding in charge of Stores, &c. for their receipt and delivery at Magazines, respectively; and attaching responsibility for their safe custody. It is to be considered as a standing Order, that no Military Stores are to be given in charge to an Officer to be conducted to the Presidency, from any of the Stations of the Army, or from one Station to another, without a particular Order from the Commander in Chief. G. O. 28th March 1788

It appearing there will soon be several fleets of Store Boats to be dispatched from the Presidency to the Upper Stations, the Governor General in Council thinks it proper to direct the Military Board (in the absence of his Excellency the Commander in Chief) to apply to the General Officer commanding at the Presidency, for an Officer to proceed in charge of the boats when ready. Proc. G. C. 30th July 1801

Officers belonging to Corps at the Upper Stations are to be nominated to proceed in charge of Store Boats, whenever such Officers can be found at the Presidency, and who are not prevented from sickness or other causes from joining their Corps.

The General Officer commanding the Troops at the Presidency is to make an immediate Report to the Commander in Chief, as often as he shall direct any Officer to proceed from the Presidency in charge of Store Boats.

In order to enable the Officers who may be appointed to the charge of Store Boats to draw their boat allowance,—Ordered, that the necessary information on the subject be given to the Military Auditor General.

The following rules, recommended by the Military Board to be observed in future dispatches of Stores to and from Magazines, are to be considered as standing Regulations. G. O. C. C. 28th June 1808 and G. O. 14th August 1797

In all cases of Stores ordered up the Country, or from one Station of the Army to another, being entrusted to the charge of an Officer, whether Commissioned or Non-Commissioned, such Officer shall, on receiving charge of them, subscribe a certificate underneath the Survey Report, to be submitted to the Military Board, as follows:

"I do hereby certify, that the Stores borne upon the above Survey Report have been delivered in charge to me, to all intents and purposes, agreeable to the Report, and completed, as invoiced for the Magazine at—"

(Signed) A. B. Lieutenant

or

Conductor of Ordnance."

He shall also add, on the Stores being packed and put on board the boats, as follows:

"I do further certify, that I have seen the above-mentioned Stores packed and stowed into the boats: their Packages are unexceptionable, and the Stowage of them appears to have been carefully attended to, in every respect."

(Signed) A. B. Lieutenant, or Conductor of Ordnance."

The Commissary, by whom the Stores are delivered over, shall, after these acknowledgments on the part of the Officer taking charge, be divested of all responsibility on account of any injury which they may receive, after having left his hands; and that Officer shall be held accountable for their arriving in good order and condition at the Magazine to which they may be destined.

Immediately on the Officer in charge delivering them over to the Commissary, a survey shall be held on them, as heretofore, both at the same time being careful to attend.

Should the Military Board, on reference to the Survey Report, be of opinion that the Stores have received any injury through the want of due attention being paid to them by the Officer to whom they were committed, the circumstances will be duly submitted to his Excellency the Commander in Chief, to take what measures he may deem proper, and should there be any deficiency which that Officer cannot satisfactorily account for, he must hold himself obliged to make it good.

G. O. P. C. 1st May 1807. Conductors of Ordnance and all other Officers proceeding in charge of Stores, &c. from the Presidency, or from one Station to another, are always personally to deliver the Stores at their respective destinations, and on no account to be intermediately detained, until that duty shall be completely discharged, excepting in cases of paramount necessity, which can seldom occur, and are to be reported accordingly to Head-quarters.

G.O. 14th Aug. 1797. Surveys on Stores, arrived at any Station, are to take place without loss of time, in order that persons going further, in charge of supplies for other Stations, may not be delayed.

Res. M. B. 23d February 1789. No lights are on any pretence whatever to be suffered on board Store Boats, excepting in lanterns.

Res. M. B. 11th Sept. 1807. Agreed to direct that all Invoices of Stores intended for the Station of Cawnpore, or passing it to other Stations, be invariably communicated to the Officer commanding the Artillery in the Field.

G. O. C. P. 4th April 1791. The following Regulation of the Military Board, under date the 28th March last, is to be strictly attended to.

Every Officer, who may be hereafter appointed to receive charge of Store Boats proceeding from or to the Presidency, is to send Weekly Reports to the Secretary to the Military Board of the progress made in the voyage; and to intimate, at the end thereof, the date of his arrival at the place of destination: but as it may sometimes happen that the Officer may not have an opportunity of making these Reports Weekly, he is to send them in such case from the first Station whereat there is an established Dák."

Res. M. B. 7th March 1809. Commissaries or other Officers in charge of Magazines are to furnish all persons receiving charge of Stores, with the existing Regulations on that subject, and on the arrival of any Stores, should any difference be found between the quantity actually delivered, and the quantity invoiced, to report the same immediately to the commanding Officer of the Station and to the Military Board, accompanied with such explanations as the person who may arrive in charge shall be able to afford; it being the Board's intention, in future, to make the person, who shall receive charge of Stores at one Magazine, answerable for their due delivery at the place of their destination, conformably to the Invoice.

Res. M. B. 25th July 1809. Resolved, that copies of the Form of Diary, proposed by Lieut. Colonel Hardwicke, be transmitted to the Commissaries of Ordnance at Allahabad and Agra, with instructions to furnish a corresponding one to each of the Conductors, who may henceforward proceed, in charge of Military Stores from either of those Stations, on the River Jumna, directing them at the same time to keep a Diary after the manner specified in the form, during their passage, noting such occurrences of a particular nature, as may take up more than six or eight lines in the column of Remarks, on a separate paper, to be submitted, after having accomplished the trip, to the Military Board.

No lights but in lanterns to be used in Store Boats.

Invoices of Stores passing Cawnpore to be communicated to the commanding Officer of Artillery in the Field.

Weekly Reports to be transmitted to the Military Board by Officers proceeding in charge of Stores.

Ordnance Officers to furnish Persons proceeding in charge of Stores with all Regulations on that head; and to report immediately any deficiencies that may appear on the arrival of Stores.

Diary to be kept by Officers proceeding in charge of Stores up the Jumna.

Diary of Progress up the River Jumna, from Allahabad to Agra, with Store Boats, commencing the ———, 18——, Conductor ——— in charge.

Allowance to a Sergeant in charge of Store Boats.

The Governor General in Council is pleased to authorize a Staff allowance of 20 Rupees being granted to Sergeant Davis, of the Artillery Corps, monthly, during the period of his remaining in charge of the Fleet of Boats, proceeding with Ordnance Stores to Allahabad.

Proc G. G. 20th  
March 1809

Accommodation for Sergeant Davis will be provided in one of the spare boats with the fleet.

Compensation for loss sustained by Officers from their boats sinking, &c. while in charge of Stores, inadmissible.

Ordered, that Mr. Conductor Smart be informed that similar claims to his, (for remuneration on account of property lost by the sinking of his boat, when proceeding in charge of Stores) having been submitted and deemed inadmissible on all occasions, the Military Board cannot recommend it to the favorable consideration of Government.

Res M. B. 20th  
Dec. 1808

Directing the most particular Surveys to be held on all Ordnance Stores, &c. dispatched from Magazines and attaching responsibility to Ordnance Officers for any that may be dispatched in an unserviceable state.

Instances having frequently occurred, during the last war, of Ordnance, Ordnance Carriages, Ammunition and Military Stores of every description, having been dispatched from Magazines to the Army in the Field, or to the Frontier Posts, in so defective a state as to be unserviceable on their arrival at their respective destinations, although at the period of their dispatch they were known to be required for immediate actual service; the Commander in Chief is pleased, with the view to prevent, in future, a species of neglect, so unpardonable in itself, and so pregnant with danger to the public interest, to direct, that, whenever Ordnance, Ordnance Carriages, or any other description whatever of Military Stores or Equipments, shall be ordered from the Presidency or from any Magazine, to another Magazine, Post, Station or Detachment; such Ordnance, Stores, or Equipments, shall, previous to the dispatch of them, and independent of all usual surveys, undergo a minute examination or Survey by Artillery or Ordnance Officers only, if such are at the Station, otherwise by Officers specially selected for the duty by the commanding Officer of the Station, who will be careful to appoint none but the most competent Officers for this important duty.

G. O. C. C.  
7th June 1806

The Survey must be made with the most minute scrutiny. The Gun, Carriage, Elevating Screw, Limber, Yokes, Chains, &c., must be examined, not only as separate and independent articles, but the whole as a compound Machine, in which every article is connected, has reference to, and must be fitted to each other.

Such an examination is to be effected by viewing the Compound Machine.

First.—In its capacity to fire on the enemy.

Second.—In its capacity to travel with an Army.

In order that the piece be complete in its first capacity, care must be taken that it has all and each of its appurtenances perfect, that none are deficient, that the trunnions are properly placed, and the Elevating Screw properly fixed.

In examining Ordnance Carriages with respect to their second capacity, the surveying Officers will see that the draft chains are of the proper length, well fitted, and properly put to the carriage.

In cases when, from the small number of Officers present at a Station, Surveys by Committees of Officers, according to the above principles, cannot be taken, Committees or other Officers of Ordnance, but more especially those in charge of Field Magazines, are enjoined themselves to examine and survey all Ordnance, Stores, &c. in the manner

above described; as they will more particularly be held responsible for the condition of such Ordnance, Stores, &c. as they may have dispatched, and the Brigade Majors, or other Public Staff Officers of Stations, are to attend such inspections, and to report the result for the information of the commanding Officer previous to the dispatch of the Stores, &c.

Commissionaries, Deputy Commissioners and other Officers of Ordnance, are reminded of the serious consequences to which they are subject by any neglect of duty in the above instance, by the following Regulation of Government, which is hereby republished, and which it is the determination of the Commander in Chief rigidly to enforce.

Extract General Orders 6th November 1778.

"If it shall appear that any of the Stores, invoiced under the head 'Serviceable,' have been dispatched in a state not actually fit for Service, the Commissary or Deputy Commissary who shall have dispatched them, shall be liable to dismissal from his office."

Upon every Survey to be held on Ordnance, &c. dispatched on service, a copy of these Orders is to be laid before the Committee for their guidance.

Whenever Military Stores are dispatched from any Magazine to the Army in the Field, parties of Magazine-men, in proportion to the nature and quantity of the Stores dispatched, should be sent in charge of them, instead of their being made over to Hackery Drivers, which frequently occurred during the late war, but which the Commander in Chief trusts will never again be allowed.

Parties of Magazine-men are to be sent with all dispatches of Stores, &c. to the Army in the Field.

The Magazine Establishments of Futtighur and Cawnpore always remaining undivided in order that the Commissioners of those Magazines may have the fullest means of sending such people in charge of Stores, they will be held particularly responsible for the observance of the above Orders, which the commanding Officers of those Stations, respectively, are enjoined to enforce, by a vigilant exercise of their authority.

In all large dispatches of Stores from Magazines, a Conductor (whenever the establishment will admit of it) with at least ten Magazine-men to every hundred Hackeries, should be sent in charge.

If, from the frequent dispatches of Military Stores from Magazines, the Magazine-men be reduced to one half, or to such a number that the ordinary or extraordinary Service be impeded, the Commissary will report the circumstance to the commanding Officer of the Station, who, if he should see occasion, will direct extra people to be hired according to circumstances.

G. O. C. C. 21st July 1804. It is to be a standing Regulation, that when Indents from Corps on the Frontiers or at Out Stations West of the Ganges, or in Rohilkund, are forwarded to any of the Field Magazines, the Commissary of the Magazine on which the Indent is drawn, is to report to the commanding Officer of the Station the quantity of carriage which will be required for the transportation of the Stores; who will, thereupon, order the same and an Escort for its protection.

Ordnance Officers having occasion to transport Stores, are to report to Commanding Officers the carriage that will be required.

G. O. P. C. 20th March 1807. No established supplies of Stores, Ammunition, &c. are to be dispatched by land from any of the Magazines to the Troops or Posts on the Frontier, or in other detached situations, during the Rainy Season, excepting on occasions of special Emergency, and the Officer commanding the Troops in the Field is required to regulate the dispatch of all supplies for Corps on the Frontier, and in detached situations, in such manner, as may make the recurrence of dispatch as seldom as possible, and that the duty may be performed at the most favorable season of the year.

Regulations for the dispatch of Stores to Frontier Stations and Out-Posts.

On all such occasions the Public Draft Bullocks and Store Carts, and other Public Cattle, are to be made use of as often as may be practicable.

Res. M. B. 28th Oct. 1775. Whenever a supply of Ordnance or Stores is sent to any Detachment, an invoice thereof shall be sent by the Officer of Ordnance to the commanding Officer of such Detachment.

Invoices to accompany all Stores transmitted.

G. O. C. 7th June 1805. The Major General commanding the Forces directs, in addition to the standing Regulations respecting Surveys, that on all occasions of Corps receiving complete or partial supplies of Arms, Accoutrements, Camp Equipage, &c. and where the proximity of a Station of Corps may afford opportunity for such previous inspection, of Quarter-masters of Regiments, or Adjutants of Battalions, where the same may not be present, to direct the Artificers, Magazine-men, &c. where such Arms may be issued, for the purpose of making a minute and careful inspection of

Whenever circumstances admit, Staff Officers are to attend at the Magazines to receive the Stores &c. for their respective corps.

the several articles, previously to their removal from the Magazine; for this purpose the Staff Officers of Corps are, on such occasions, to be accompanied by such a proportion of the Quarter-master's Establishment as commanding Officers may think proper to direct.

# ORDNANCE AND ORDNANCE STORES.

All Ordnance and Ordnance Stores to remain in charge of the Officers of Ordnance.

All Ordnance and Ordnance Stores are to be delivered over to the Officers of Ordnance, at the fixed Stations of the Army, and when any considerable body of Troops shall take the Field on actual Service, a Commissary or such Officer of Ordnance as the Board may judge proper, shall attend for issuing Stores; but no Ordnance or Ordnance Stores shall be transported with Troops moving between fixed Stations in time of Peace.—(The movement of Ordnance Officers is now directed by the Commander in Chief—*vide page 412.*)

Res. M. B. 28th  
Oct. 1775

Regulations for repairs to Ordnance that may be issued to Artillery Officers, being performed in the Magazine.

Resolved, that when Artillery is drawn from the Ordnance Stores, it is no longer under the care of the Commissary of Ordnance, but under that of the senior Officer of Artillery, serving with the Corps to which such Artillery appertains; who, as often as any part of that Artillery requires repairs, (circumstances permitting) is to apply to the commanding Officer present to direct the Commissary of Ordnance to cause such repairs to be made; which repairs are to be made conformably to the instructions of the commanding Officer of Artillery, whose orders are to be obeyed by the Commissary of Ordnance, and the necessary reciprocal receipts or certificates are to pass.

M. C. 13th April  
1790

On the issue of a Battering Train, new appurtenances &c. are not to be indented for until the train returns.

In the event of a Battering Train being detached with the necessary appurtenances, the Commissary of Ordnance should wait until the train returns, before he indents for another set of appurtenances, in order previously to ascertain if they are necessary or not.

Res. M. B. 9th  
January 1810

Directions for the issue of the Ordnance, Stores, &c. required for the annual Practice of the Artillery

The Guns and appurtenances necessary for Practice and attached to Corps are to be delivered out by the Commissary of Ordnance to the commanding Officers when demanded; but the annual supplies of Ammunition and Stores required for exercise or occasional Service, are to be indented for to the Military Board.

Res. M. B. 28th  
Oct. 1775

Resolved, that the practice which has hitherto prevailed of striking off or issuing from the books, the Ordnance Carriages, &c. which are in use with Artillery Detachments from any Magazine, during the Practice season, including all those Articles which are not likely to be expended in the course of the Practice, be discontinued; and that the same be considered in future as a part of the Magazine Store, during that period, making the necessary issues on the return of those articles remaining unexpended, into the Magazines, as may be found proper on regular Survey.—(For proportions of Stores allowed for the Practice and Exercise of the Artillery *vide Form No. 4, Chapter V.*)

Res. M. B. 28th  
June 1811

The usual Indents for Ordnance Stores to be presented as heretofore.

Indents for Carriages to specify the dimensions of the Guns they are required for.

Whenever carriages are indented for, the dimensions of the Pieces of Ordnance for which they are required are to be specified in the most particular manner, in order that such as are furnished may fit well.

Res. M. B. M. C.  
28th Feb. 1793

When Ordnance carriages are sent from the Presidency they are to be completed with all Appurtenances, &c.

When Ordnance Carriages are sent from the Presidency to the different Stations or Magazines, they are to be sent complete with spunges, ladles, handspikes, droppets and every such like necessary, excepting Draft-chains, which are not subject to decay; after carriages have been received thus complete at Chunar and in the Field, they are to be kept up so by the Establishment of Artificers allowed for those Stations.

G. O. 20th Sept.  
1788

The Commissary of Stores and the Commissaries and Deputy Commissaries of the subordinate Magazines are to observe as an invariable rule in future, previous to the dispatch by water of Carriages from the Arsenal and Magazines, that the separate appurtenances and equipments of such Carriages be numbered and marked with a parchment label, so that each elevating screw may easily be fitted to its corresponding bar, and each to their corresponding carriages, and all other parts be in the number duly supplied.

Res. M. B. 28th  
Oct. 1775

Res. M. B. 21st  
June 1808

Agreed, that it be a standing regulation that in all future dispatches of Battering Field Carriages and Tumbrills for the service of the Provinces above Allahabad, each Carriage be dispatched complete at all points; except wheels, in lieu of which the Commissary of Stores is directed to obtain on Indent, from the Gun Carriage Agency Yard, a complete set of the component timber materials in the half-wrought state, and a set of brass nave boxes, previously fitted to the arms of the Axletrees, for each Carriage or Limber; on the arrival of such Carriages at Cawnpore, the commanding Officer of Artillery will chuse out for each a set of the spare wheels in store, and insert in them the Nave Boxes received with the Carriages from Fort William; reserving the several sets of half-wrought wood work, to be set up on the spot by the Train Artificers, to replace the Wheels thus supplied.

Except wheels, which are to be supplied in the Field Magazine.

Res. M. B. 31st  
July 1808

Resolved, that, in future, when Ordnance Carriages of any kind are condemned as unserviceable, the iron work of such carriages is not to be carried to the Head "Old Iron" or "Old Work", but to be entered on the Ordnance Return under a distinct Head, in the following manner, vizt.

The Iron work of condemned Ordnance carriages is to be carefully preserved and included in the Returns.

#### IRON WORK OF CONDEMNED CARRIAGES.

|                                                                   |       |       |      |      |        |

And in on of other descriptions of Carriages.

The Commissaries and other Officers in charge of Magazines, will be held responsible that the iron work complete of all condemned Ordnance Carriages, ordered to be broke up, be separately packed, and that there be no intermixture of the iron work of Carriages of different nations; they must especially direct their attention to this essential object, that the large assemblies of iron work, which stood on a former Carriage, may be ready to use for any other new Carriage of the same

Res. M. B. 4th  
July 1808

Resolved, that no new  
large pieces of any

the Country, and that the items "Ax-  
of the Magazine proportions of Stores.

Spare Axle  
to be dis-  
posed in  
dispatches  
Stores.

The name of the maker to be noticed in all Survey Reports of Gun Carriages. Res. M. B. and May 1796

Agreed, that it be established as a standing regulation, that in all Survey Reports of Stores, whereof Gun Carriages form any part, the maker's name (which on most Carriages is marked by an initial on the breast Transom) be expressly noticed, and that in cases where no such mark is to be found, the same be also entered in the Reports, for the Board's information.

The exact dimensions and weight of all Ordnance to be specified in the Returns and Survey Reports. Res. M. B. and Sept 1794

Resolved, that in all future Returns and Survey Reports of Ordnance, the exact dimensions and weight of each piece be particularly expressed.

When any piece of Ordnance varies in dimensions from the ordinary size of English Guns of the same nature, the difference shall be specified in the Returns. Res. M. B. and Feb. 1777

Yokes for Ordnance how to be inserted in the Returns. G. O. C. C. 11th June 1808

It is to be considered an invariable rule, that "Pole Yokes" and "Trace Yokes" for Carriages shall appear on the Magazine Returns, separately, under their respective heads; the former being confined to such as are spare, i. e. not fixed to Carriage Poles, and the latter being described as follows:—

Yokes Trace for two Bullocks each.

Ditto ditto for four Bullocks each.

The Pole Yoke fixed to its Pole, being a constituent part of the Carriage, as much as the Pole itself, is not to be separately noticed in the return.

Table exhibiting the Dimensions of Draft Chains for the different descriptions of Ordnance—as approved by the Military Board, 1st October, 1811; calculated on the number of Cattle allowed for the Draught of each Piece.

|                               | Number of Links to each Branch. |                        |                          | Length of each Branch.    |                              |                               | Length of the Chain       |                              |                               | TOTAL length of the Chain |

| 6-Pounder " . . . . .         | 3                               | 5 1/2                  | 2 1/2                    | 8                         | 9                            | 57                            |                           |                              |                               | 27                        |
| 8-Inch Howitzer, . . . . .    | 3                               | 5                      | 2 1/2                    | 10                        | 4                            | 27                            | 5                         |                              |                               | 32                        |
| 5 1/2-Inch " . . . . .        | 6                               | 4 1/2                  | 2 1/2                    | 9                         | 2                            | 19                            | 1                         |                              |                               | 25                        |

Dimensions &c. to be observed for Spunges. Res. M. B. and Dec. 1798

Agreed, that all Spunges be made with Wool thrown up on wooden heads, and that the Wool be left as long as it can, regard being had to its being held fast by the head.

That the following dimensions be in future adhered to, for Sponges of Brass 12 and 6 Pounds.

|                      | Sponges. |      | Wadding. |      | Staff. |      | Wood. |      | Total. |      |

|                      | Feet     | Inch | Feet     | Inch | Feet   | Inch | Feet  | Inch | Feet   | Inch |
| 12 Pounds, . . . . . | —        | 10   | —        | 2    | —      | 9    | —     | 3    | 6      | 2    |
| 6 Pounds, . . . . .  | —        | 8    | —        | 1    | —      | 4    | —     | 4    | 2      | 3    |

Res. M. B. 31st  
Jan. 1809

The following proportion of Rammer Heads, to be cut from a Sison Timber, whose girth is 7 feet at one end, 5 feet at the other, and 12 feet in length, have the sanction of the Military Board for future guidance.

Proportion of  
Rammer heads  
in Timbers of  
a specified size.

25 Pounder 30—24 Pounder 60—18 Pounder 70  
12 Pounder 80—6 Pounder 90—3 Pounder 100  
4 Pounder 110—3 Pounder 120.

Res. M. B. 2nd  
June 1810

Resolved, that in future Saltpetre, intended for Fuze or other Composition, be applied for and forwarded in the refined state from the Gun Powder Manufactories, instead of being obtained by Commissaries, in the raw, and refined in the Magazine, as heretofore.

Materials for  
Fuze composition  
how to be  
procured.

Res. M. B. 7th  
May 1811

Ordered, that the Resolution of the 6th June, 1810, which makes the Gun Powder Manufactories the source of supply for refined Saltpetre for Fuze Composition, be also considered applicable to refined Sulphur.

Res. M. B. 14th  
June 1811

Ordered, that in future the cheeks, bellies, and spokes of old condemned Gun Carriages, instead of being converted into firewood, be heretofore, in the Magazine, be cut into lengths sufficient for an 8 or 13-inch fuze; and brought on the Magazine Returns under the heads "Blocks Old Wood for Fuzes," and issued on regular demand for the purpose of making these articles.

Res. M. B. 2d  
March 1812

Ordered, that the following Regulations for the preparation, &c. of Fuzes be observed by Ordnance Officers in charge of Magazines.

Directions for  
the preparation  
and issue of  
Fuzes.

All filled Fuzes for either Mortars or Howitzers, which have been driven and have been in use above the period of one year, to be condemned as unserviceable in that state.

That the old composition be soaked and washed out of these condemned Fuzes, and that such proportion of them as shall prove found and free from splits from the former driving be selected and reserved for filling with fresh composition.

The several Commissaries and Deputy Commissaries in charge of Magazines are directed to apply, from time to time, to the commanding Officers of Artillery at the Stations to which they are attached, for such working parties from that Corps, as they may require, to assist their Department in preparing and making up a stated proportion of fresh Fuze Composition, which, after it has undergone the inspection and trial of the commanding Officer of Artillery, is to be carefully kept in Store, for the purpose of filling any proportion of Fuzes, that it may be deemed necessary to keep in readiness to meet the exigencies of the Public Service.

In all cases where the time will admit, a reasonable quantity of Fuze Composition carefully flowed in barrels, with a proportion of fermented empty Fuzes, to be delivered by the Commissaries in charge of Magazines in the Field, for detached Parks of Artillery and for Ordnance proceeding on actual service, and this is to be considered in future as an essential part of equipment.

In all cases where it may be practicable, the filled Fuzes delivered from the Magazine for use of Detachments or Batteries, in charge of Officers of Artillery, proceeding on actual service, shall be previously inspected and tried before the Officer, under whose guidance they are to be adapted to the nature of the service he may have in prospect.

Res. M. B. 1st  
June 1812

Resolved, that in future, in every instance where there is an Establishment, Fuze Composition be made.

Establishment  
Fuze Composition  
be made.

**Tubes for Ordnance how cut.** All tubes for Ordnance are to be cut square and to the thickness of the metal of the piece for which they are intended. Res. M. B. 18 Jan. 1787.

**Directions for preparing Cannon Ammunition.** The Military Board prohibit the use of Curwah Cartridges for any purpose in future. Flannel or Serge are to be used instead of Bafts for Cartridges. Res. M. B. 9th October 1787.  
Res. M. B. 28th October 1788

In fixing Cartridge Bags to bottoms they are to be tied in two grooves, and fast in that which is furthest from the Powder; the Cartridge to be cut off just above the groove nearest the shot; and the shot to be painted. Res. M. B. 22d February 1777

**Which is to be packed in wrappers when required to be issued from the Magazine.** All filled and fixed cannon Ammunition are to be wrapped up in pieces of cotton cloth (now red curwah) longer than the Cartridges, so that they may fold under the ends of the Cartridge, when packed.

Ordered, that the Deputy Commissary at Cuttack be informed, that, if he keeps up a proper supply of curwah in the Magazine, it is unnecessary to make up wrappers, until they are likely to be required. Res. M. B. 9th January 1810

**Proportion of Stores to be conformed to in fitting out Battalion Guns.** Commissaries and other Ordnance Officers in fitting out Battalion Guns are always to comply with what is laid down in the list published in General Orders of this date—(Vide Form No. 1, Chapter V; and for Cavalry Gallopers Form No. 1, Chapter VII.) G. O. C. C. 19th Nov. 1809

**Register to be kept of all Garrison Carriages mounted.** All Officers of Ordnance, in charge of Garrison Carriages mounted on public works, are to keep a Register of the dates when these carriages were mounted on the works. Res. M. B. 27th Sept. 1805

**Indents for Arms, &c. are to account for deficiencies.** ARMS, ACCOUTREMENTS, COLOURS, STANDARDS, DRUMS, &c. &c. In all Indents for supplies of arms and accoutrements the number deficient to be accounted for. Res. M. B. 22d February 1777

Repaired Arms to be issued for partial supplies of arms, unless the contrary be directed. Res. M. B. 4th April 1791

**Repaired Arms to be issued for partial supplies.** Repaired Arms are to be granted to Factories when they can be spared. Arms or parts of Arms are not to be sold. Res. M. B. 29th August and 2d Dec. 1786

**New and repaired Arms to be inserted under different heads in the Returns.** Resolved, that it be made a Standing Regulation, that the books of the Ordnance Department, and the Returns of the Arsenal and all Magazines, shall hereafter exhibit Muskets, Carbines and Pistols under the distinct Heads of "Serviceable new" and "Serviceable repaired," in order to distinguish the new from the repaired Arms. Res. M. B. 2d Sept. 1796

**Directions for an alteration in the construction of Pistols and Carbines.** "I am directed by the Commander in Chief to send herewith a Pistol with an alteration and addition for securing the Ramrod and facilitating quick loading, to be submitted to the Military Board, with his Excellency's desire that the necessary orders may be issued for causing the requisite alteration to be made upon all the Pistols at present belonging to this Presidency, and that application may be made to the Hon'ble the Court of Directors, for causing all Pistols that may hereafter be sent out from England for the Public Service, to be made with the improvement now proposed.

"The spring for retaining the Ramrod when returned into the pipe is an important part of the improvement requiring to be well executed."

The Commissary of Stores is directed to prepare six musket Pistols according to the above directions, for distribution to the several Magazines, in order to the instructions of his Excellency being carried into effect. Res. M. B. 5th Dec. 1809

Ordered, at the recommendation of His Excellency the Commander in Chief, that Swivel for securing the Ramrod be adopted, and ordered for all the Carriages in the service, in the same manner as adopted on the 6th December, 1809, for all Pistols in the service of the Army under this Presidency. Res. M. B. 23d Jan. appointed by V. P. in Council, 6th Feb. 1810

**Extra charge allowed.** The Deputy Commissary at Berhampore is to share the number of extra Magazines. Res. M. B. 2d Jan. 1810

men and Sielegurs that may be absolutely necessary for cleaning the Arms in a contingent bill, properly attested and countersigned, and accompanied by a Return of the Arms in Store, in excess to the Magazine proportions.

cleaning Arms  
surplus to the  
Magazine pro-  
portion.

Res. M. B. 11th  
Oct. 1806

The Commissary of Stores is to issue the corbs received from Europe, as far as they may go, with the Musquets.

Musquet Corbs  
to be issued  
with the Mus-  
quets.

Res. M. B. 10th  
June 1796

Captains or commanding Officers of Troops or Companies are to repair the Arms and Accoutrements of their respective Troops or Companies, (on the established allowance, vide page 126) and commanding Officers of Corps are to be answerable that they are kept in proper and serviceable order, and that an establishment of artificers, sufficient for that purpose, is kept up in the Corps jointly by the Commandants of Companies.

Regulations for  
the repair of  
the Arms, &c.  
in use with the  
Troops.

Arms are to be sent to the Arsenal for such repairs as cannot be made with the Corps, the expenses attending these repairs to be charged to Commandants of Companies; and the Military Board are desired to fix the rates at which the repairs are to be charged, and to arrange in what manner the amount is to be deducted.

Res. M. B. 24th  
May 1806

Arms are to be marked by the Forge Establishment kept up by Officers in the command and charge of Troops and Companies, on the established allowance of 50 Rupees per month, without any additional charge.

Res. M. B. 16th  
July 1814

Ordered, that all Officers in charge of Magazines be directed to observe as a rule for future particular observance, that whenever horse hair can be procured, it is to be substituted for swine's bristles, when materials for making Prickers and Brushes are required.

Pricker Brushes  
how to be  
made.

G. O. C. C.  
6th May 1809

The Governor General in Council is pleased to resolve, that all new Accoutrements which shall in future be tendered for the Public Service, and sent to the Arsenal or subordinate Magazines for the purpose of being surveyed, shall, previously to such survey being held, be separately, minutely and leisurely examined in the Arsenal or Magazine to which they are sent, and carefully compared with the approved musters; and none but such as shall be found in all respects of pattern, quality, materials, workmanship, &c. equal to such musters, shall in future be submitted for the inspection of Committees of Officers.

Regulations for  
the Survey of  
all Accoutre-  
ments received  
into the Ma-  
gazines.

As by the preceding Regulation it is the intention of Government to attach the most serious responsibility to the Officer at the head of the Arsenal or Magazine at which deliveries of new Accoutrements shall in future be made, this Lordship in Council directs that all Survey Reports shall bear the following certificates, viz.

"I do hereby declare that the several articles of Accoutrements, mentioned in this Survey Report, were every one separately and minutely examined in the Arsenal; (or in the Magazine) previously to being submitted to this Committee, and that I hold myself responsible for their being unexceptionably good, and equal to muster."

(Signed)

A. B. Commissary of Stores,  
or Commissary of Ordnance.

"I hereby certify that the Commissary of Stores (or the Commissary of Ordnance of the Magazine) was actually present during our examination of the Accoutrements, &c. specified in this Survey Report.

(Signed)

E. F. President of the Committee."

Res. M. B.  
17th June 1793

The Commissary of Stores is directed to apply the following Composition for the preservation of all leather belts and pouches, immediately after they are received into the Arsenal or Magazine, viz.

Composition to  
be used in the  
Magazines for  
the preservation  
of black leather  
Accoutrements

Beeswax and lamp black, in the proportion of four of the former to one of the latter, and to be rubbed well in on a smooth piece of wood; the leather being well extended on a board, so the above is applicable to all Magazines, at which new leather accoutrements may be received. The leather accoutrements at the principal Magazines of Agra and Calcutta are to be lodged in subterraneous Store-rooms, to preserve them from the effect of the burning wind.

Officers in charge of Magazines are particularly required to rub with oil, so as to make the leather pliant, and to dispatch to Corps at a distance from their Stations.

Which are to be  
rubbed with oil  
previous to  
being dispatched  
to Corps.

Serviceable  
Pouch Buckles, &c. to  
be sent to the  
Arsenal and is-  
sued to the  
Commissariat.

The boxes of Pouches, of which the leather may be reported decayed, are to be sent to the Arsenal, because if they shall be found serviceable, the Wood, as being long seasoned, will be preferable to new wood; and the expense of an equal number of new boxes may thereby be saved.

Res. M. B. 15th  
Oct. 1790

The Military Board are authorized by Government to furnish the Commissariat for the Supply of Accoutrements (Commissariat) with the number of Task-wood Pouch Boxes and Brass Pouch Buckles specified, from the Arsenal of Fort William.

Proc. V. P. 5th  
Aug. 1809

No alterations  
to be made in  
the pattern of  
Accoutrements  
with Corps.

The commanding Officer of the Forces having reason to suppose that certain alterations have been made in the accoutrements of some of the Native Corps of the Army, and no Officer of any rank having authority to deviate from the approved pattern—Colonel Mackenzie thinks it fit to prohibit any alterations being made in the accoutrements of the Troops in future.

G. O. C. F.  
15th July 1791

Pouch Plates  
not to be al-  
lowed.

Pouch plates are not to be made up in future for any of the Corps of the Army.

G. O. C. C.  
24th Jan. 1797

Composition to  
be used for  
cleaning black  
leather Accou-  
trements in use  
with the Troops

It being ascertained by experiment that Linseed Oil and Gum Copal, which are at present generally employed by the Troops for polishing their accoutrements, destroy leather in a short time, that varnish is therefore prohibited: and Bees Wax and Lamp Black being found to make a better composition for the preservation of leather accoutrements, a preparation of these materials in the proportion of four parts of the former to one of the latter, is directed to be used for the above purpose in future.

G. O. 9th June  
1798

Regulations for  
the issue of  
Buff Accoutre-  
ments to the  
Troops and for  
their being sub-  
stituted gradu-  
ally for those  
of black leather  
hitherto used.

A supply of buff accoutrements and Europe Pouches for Cavalry and Infantry having been received from Europe, and a portion thereof forwarded to the Magazine at Allahabad, the Commander in Chief directs, that whenever the accoutrements now in use with the several Corps of the Army shall become unserviceable, and be regularly condemned by Station Committees, Buff Accoutrements and Europe Pouches are to be issued on Indents to be submitted to the Military Board; those from Corps appertaining to the Field Command to be made on the Allahabad Magazine; those from all other Corps to be made on the Arsenal at Fort William; the Indents to include Sword Belts for the Native commissioned Officers of Infantry as well as Cavalry.

G. O. C. C.  
20th Mar. 1810

The Commander of the Forces directs that when the entire set of accoutrements or nearly so belonging to a Corps shall be deemed unserviceable, it is to be officially reported to the General or other Officer commanding in the District, who will give orders for the assembling of a Committee to be composed of Officers from different Corps, minutely to inspect and report upon the same; the reports so framed to be transmitted, as directed in General Orders of the 20th ultimo, with the usual Indents for new buff accoutrements.

G. O. C. F.  
24th April 1810

The intervention of more partial demands, where a smaller proportion may be deemed unserviceable, will be attended to and supplied in the usual manner by Indents upon the Magazine for the black Belts and Country Pouches now in use.

Buff leather  
sword belts is-  
sued to the Na-  
tive Commis-  
sioned Officers  
gratiously.

The Vice President in Council is pleased to authorize the Military Board, on the issue of European Buff Accoutrements to Corps, to supply the requisite number of Sword Belts to the Native commissioned Officers as a part of the Indent generally, without making the distinction of requiring them to be paid for.

Proc. V. P. 13th  
Feb. 1810

Officers' Buff  
leather sword  
belts to be pro-  
vided for the use  
of the European  
and Native com-  
missioned Offi-  
cers.

The Vice President in Council, with the view to establish a suitable distinction between the Native Commissioned and Non-commissioned Officers, is pleased to authorize "Officers' Buff Sword Belts" of Country manufacture being in future issued to the Native commissioned Officers of the Army, serving under this

G. O. V. P.  
18th Aug. 1811

For the accommodation of the European Officers of the Bengal Army, the Secretary in Council is pleased to direct that a supply of buff sword belts, corresponding with a pattern which has been approved by Government and the Military Board, shall be sent to each of the Magazines at this Presidency, for the purpose of affording Officers the means of furnishing themselves with this necessary article of equipment at the exact full paid by Government, in the first instance, towards such.

- Proc. V. P.** The Vice President in Council, with a view to ascertain by a fair comparative trial, whether the leather manufactured by Mr. Beaumont, possesses superiority, in point of durability as well as cheapness, over that article manufactured in Europe, is pleased to authorize the Military Board to direct Mr. Beaumont to prepare immediately a complete set of Buff Belts with Pouches for a Regiment of Native Infantry, to be served out on the same day with a set of Europe Manufacture to another Regiment, in the manner recommended by the Military Board.
- The supply of buff leather Accountments manufactured in India, sanctioned.
- On delivering these sets of accoutrements to the two Regiments, the Board will, agreeably to their suggestion, require from each Corps regular periodical Reports of the wear, appearance, &c. of those accoutrements.
- Proc. G. G.** The Governor General in Council authorizes the Military Board, under the circumstances mentioned in their Secretary's letter of the 26th ultimo, to receive from Mr. Beaumont, on the same terms, such further supplies of Buff Accountments and Pouches, not exceeding, without renewed licence, 5000 sets for Infantry, 1000 sets for Cavalry and 1000 for Artillery, as he may be able to prepare, of a quality, in all respects, unexceptionable, to be ascertained by minute previous examination in the Arsenal, and subsequent regular Survey.
- G. O. C. C.** Indents for one Bass Drum, and one Bugle Horn, for each Battalion of Artillery and Infantry on the Establishment, are to be forwarded to the Military Board.
- Bass Drums furnished to the several Corps.
- Res. M. B.** The Commissary of Stores is directed to receive into the Arsenal thirty Bass Drums from Mr. Taylor, the Contractor, provided they shall be found in every respect unexceptionable by a Committee assisted by the Master of the Band of H. M. 67th Regiment, in the same manner as similar articles have been before received from Mr. Taylor.
- Upon what survey to be received into the Arsenal.
- Ext. Let. Adjt. Gen.** "The Commander in Chief is clearly of opinion that Bass Drums being in the first instance supplied by Government gratuitously to each Corps, no further expense ought to be entailed on Government for the renewal of those Instruments."
- Bass Drums being coming unreplaceable are not to be renewed by Government.
- Res. M. B.** The Military Board are of opinion that furniture for the occasional repair of Bass Drums may be admitted on Indent.
- Drum furniture when to be supplied.
- Res. M. B.** Resolved, that Drum Cords or any other such articles, when actually necessary, may be indented for without waiting for the Annual Survey.—(For the provision of Drum Heads in European and Native Corps *vide* pages 183 and 220.)
- G. O. C. C.** Two Bugle Horns and five Whistles are allowed for each Company of Light Infantry.
- Proportion of whistles and bugles for each Corps.
- G. O. C. C.** Government having been pleased to authorize Gurries with their appendages to be supplied from the Public Stores, to all the Corps which may have lost those articles while under Colonel Monson's command; Officers commanding Corps that have not been already supplied, will transmit indents, accordingly, to the Military Board.
- Gurries under what circumstances allowed to Native Troops.
- Res. M. B.** A Gurry and two hour glasses are admitted upon indent for the 1st Battalion of the 7th Regiment; the old Gurry being ordered to be returned into Store.
- Res. M. B.** Gurries are not allowed by the Regulations of the Service, but only granted as an indulgence to the Native Corps.
- Res. M. B.** Colours, when requiring to be renewed, are to be provided on a separate indent counter-signed by the Adjutant General. Materials for Colours are prohibited being issued on any indent.
- Regulations for the provision of Colours and honorary Standards.
- Proc. V. P.** The Military Board are authorized to instruct Messrs. Lewis, Simpson and Wallace, Tailors, of Calcutta, to make up a pair of new Colours for the Hon'ble Company's European Regiment, at an expense not exceeding Sicca Rupees 400; they delivering them to that Corps free of any other expense, and charging the amount in a bill properly vouched.

The Regiments of Native Infantry shall be furnished with two stands of Colours for each Battalion, made of the best China silk. The size of each colour shall be seven feet wide, and six feet six inches deep on the Pike. M. C. 7th May 1781

The Pikes from the top of the spear to the end of the ferrule shall be one foot; the Coys and Taffels to be crimson and gold.

The first Colour of each Battalion shall be the Great Union throughout; and the second, the Colour of the Facings of the Regiment.

The number of the (Battalion and) Regiment to be embroidered in gold Roman Letters, within a wreath in the center of the Regimental Colour of each Battalion.

That 400 Sonat Rupees shall be allowed to the Officer commanding the Regiment for making up the Colours of each Battalion of their respective Regiments.

The Commander in Chief is pleased to restrict the additional expence of making up Colours of Regiments or Battalions which have been, or shall hereafter be authorized by Government to bear in the Regimental Colour an Honorary Device to perpetuate the remembrance of distinguished services, to the sum of Sonat Rupees 500. G. O. C. C. 3d June 1802

The Governor General in Council directs that the Flags of the Honorary Colours be of the same colour with the Facings of the Regiment, and that the Devices be executed in gold, silver and colours mixed. Proc. G. G. 4th Sept. 1800

The Governor General in Council is of opinion that Honorary Standards, granted upon occasions of the nature of those in question, should be made up in the handsomest manner and with the most durable materials, and that the actual expence should be charged.

The Governor General in Council sanctions the expence of Sonat Rupees 956 3 9 for the Honorary Colours granted to the 15th Regiment Native Infantry under the authority of the Governor General in Council of the 4th September, 1806. Proc. G. G. 16th Oct. 1807

Colours how to be repaired. Accidental trifling repairs that the colours may require, are to be performed and charged for in the same manner that new Colours are, vizt. by the commanding Officers of Corps, upon contingent bills vouched by very particular Survey Reports, held on their condition immediately before and after repair. Res. M. B. 3d July 1812

Colour cases and belts allowed. Wax-cloth for new Colour Cases will be granted whenever it is absolutely requisite.

Ordered, that only six yards of wax-cloth, or half a piece, be allowed for cases for a pair of Colours for a Battalion. Res. M. B. 8th Augt. 1804

The indent for Colour Belts, for the 1st Battalion 5th Native Regiment, is passed by the Military Board. Res. M. B. 6th April 1808

Provision of Standards, &c. for Regiments of Native Cavalry. Three Standards are allowed for each of the Regiments of Native Cavalry on this Establishment. G. O. 14th Sept. 1797

The bill for three Standards for the 8th Regiment of Native Cavalry, made of silk embroidered, &c. is passed by the Vice President in Council, at Sonat Rupees 600. Proc. V. P. 28th Novr. 1809

The indent for Standard Belts, required for the 2d Regiment of Native Cavalry, is passed by the Military Board. Res. M. B. 26th April 1808

Arms, Accoutrements, &c. becoming unserviceable how to be surveyed. Whenever Arms, Accoutrements, &c. are considered to be unfit for Service, a Survey thereof shall be made by three Officers of the Corps to which the Arms belong; a report whereof, assigning the reasons for returning them repairable or unserviceable, shall be transmitted to the Military Board with the Indents for new supplies. Res. M. B. 28th Aug. 1778

Whenever Arms or Accoutrements are considered as unfit for service, they are to be reported to the commanding Officer of the Station, who will order a Survey to be taken by such Field and Staff Officers as he may think proper. The reports of these surveys, with the indents for fresh supplies, are to be sent to the Military Board. M. C. 20th June 1796

Report of a Committee, assembled by order of \_\_\_\_\_, at \_\_\_\_\_, on \_\_\_\_\_, to survey Arms, Accoutrements, &c. belonging to the 1st Battalion, 20th Regiment Native Infantry, proceeding on Foreign Service, which are deemed unserviceable.

Form of Survey Report.

### CAMP EQUIPAGE.

R. M. B.  
11th June 1813

Ordered, that the whole of the Camp Equipage for the Commander in Chief and Staff, hitherto lodged in the Allahabad Depot, be sent into the Cawnpore Magazine, where it is to be deposited, and kept at all times complete in future, agreeably to the statement published in General Orders of the 10th January, 1811.—(Vide Form No. 1, Chapter I.—For the proportion to be kept in Store for the Governor General's Staff, vide page 2.)

The established proportion of Camp Equipage for Headquarters to be kept at Cawnpore.

G. O. G. G.  
6th June 1808

The Governor General in Council is pleased to direct that whenever the Service may require the movement by land of the undermentioned Officers, Camp Equipage be supplied to them from the Public Stores in the following proportions; and that an adequate number of Tents be made up and reserved in Store for that purpose in the Magazine at Cawnpore.

Proportion for Ordnance Officers, Field Hospital, &c. to be kept at Cawnpore.

The requisite proportion of Tents for a Field Hospital are also to be kept in Store at Cawnpore, as hereafter laid down,

|                                         | Field Officer's<br>Sleeping. | Capt's Marquee. | Square one-poled<br>Ditto. | Hospital new pat-<br>tern Private. | Private old pat-<br>tern. | Necessary or useful<br>Routie to receive<br>for men. | Necessary old pat-<br>tern. |

| <b>Total</b>                            | <b>2</b>                     | <b>2</b>        | <b>5</b>                   | <b>25</b>                          | <b>4</b>                  | <b>12</b>                                            | <b>6</b>                    |

The Deputy Quarter-master General, or an Officer in that Department, to indent for Camp Equipage for the above Officers, whenever it may be necessary, as directed in Minutes of Council of the 18th November, 1796. (*Vide page 293*).

▲ complete set of Camp Equipage to be served to the Troops; and a third extra reserved in Store for occasional exigencies.

Resolved, that a complete set of Camp Equipage, equivalent to the wants of the Troops when in the Field, be ready for occasional service, and that every Corps be supplied with its proportion.

M. C. 24th July 1786

In addition to the statement of the full complement which may be deemed requisite, agreed, that an extra proportion of one third of each description be provided, and kept in Store for occasional exigencies of the Service: this extra proportion to be equally divided in Store; one part to be kept at the Frontier Magazine, the other part in the Arsenal of Fort William.

Res. M. B. 26th Aug. 1788

Private tents of an improved pattern adopted for European Soldiers.

Resolved, on a particular inspection of the Private Tent, with the improvements suggested in the Adjutant General's letter of the 22d May last, compared with the Private Tent of the present pattern, that it is, in the opinion of the Board, complete in all respects, combining every attainable requisite for comfort and convenience for sixteen European Soldiers, without involving the necessity of any augmentation in the numbers of Public Cattle for the carriage of such Tents; which may be described as follows:

Res. M. B. 28th Nov. 1809

#### MATERIALS.

#### Ascertained Weight at the Arsenal.

|            |                                                                                            |                                                                                                       |        |

Ordered that the Old Pattern Private Tents remaining in the Service be no longer held applicable to general purposes, but reserved for the exclusive use of European non-commissioned Officers of Corps of Native Cavalry, Native Infantry and Pioneers, to be

Res. M. B. 20th Dec. 1809

exhibited hereafter in all statements of Camp Equipage for those distinct purposes ; and that the full proportion of New Pattern Private Tents (entirely independant of them) be completed as early as possible.

jeants with Native Corps.

G. O. C. C.  
19th and 22d  
Nov. 1796

The following Camp Equipage is to be allowed to the 4th and 10th Native Regiments.

Proportion of  
Camp Equipage  
allotted for Na-  
tive Troops.

### FOR EACH BATTALION.

a Private Tents for the Serjeants.

11 Sepoy Tents of 3 Paals each (one to each Company, and one for the Quarter and Rear Guard, Picquets, &c.)

G. O. C. C.  
22d July 1803

The Tents for Native Corps are to be encreased to 4 Paals per Troop or Company.

G. O. C. C.  
28th Jan. 1807

One Sepoy Tent of 4 Paals has been authorized for each Regiment of Native Cavalry and each Battalion of Native Infantry, in all situations when in Camp, excepting where General Hospital Tents are provided ; and henceforward the complement of Camp Equipage with Corps of Native Cavalry and Infantry is to be regulated accordingly.

Res. M. R.  
16th Dec. 1809

Ordered, that the following proportion of Camp Equipage be added to the present general proportion, for the Corps of Pioneers, viz.

8 Private Tents, old pattern, being in the proportion of one for the Serjeants of each Company.

8 Sepoy Tents of 4 paals each, being in the proportion of one for each Company.

G. O. G. G.  
21st Aug. 1806

The Governor General in Council is pleased to direct that Sulleetahs be hereafter supplied, in the first instance, with all and every description of Camp Equipage issued to the Army ; and that those Sulleetahs be kept in constant good repair, and replaced by new ones, as often as necessary, by the Officers drawing the allowance granted for straw, tent poles, mallets, gunny bags, camp lines, camp colours, &c., which allowance is to be considered hereafter, as providing, not only for the supply of the articles above mentioned, but likewise for the repair and replacing the Sulleetahs for the Camp Equipage, which in the first instance are to be furnished by Government.

Sulleetahs to be  
supplied with  
Camp Equipage  
and how to be  
kept in repair.

Commanding Officers of Corps and Detachments will be held responsible for the due performance of this duty, and will be made to defray any expence which shall appear to have been rendered necessary by the neglect of Quarter-masters or those receiving the allowance, from a want of the proper exercise of authority on their parts.

Res. M. B. 17th  
July 1797

Resolved, that instead of two Sulleetahs for one Sepoy Tent of 4 paals, a separate Sulleetah be in future allowed for each paal.

Res. M. B. 15th  
Sept. 1806

Bags for pins and mallets are in future to be issued with the Camp Equipage, as well as Sulleetahs.

Pin bags, &c.  
to be issued  
with Camp E-  
quipage.

Res. M. B. 20th  
October 1789

Tent poles are always in future to be made of Bamboos, except for the tents of Field Officers.

Bamboos to be  
used for Tent  
Poles.

Res. M. B.  
27th Mar. 1787

Ordered, that new tents be on no account issued to Corps, when there may be half-worn serviceable tents in the Magazine. (Corps, to which repaired tents shall be issued, will enter them on their books as such.)

New Tents are  
not to be issued  
when there are  
repaired Tents  
in Store.

Res. M. B.  
25th Oct. 1787

All indents for Camp Equipage are to be made out according to the real effective strength of the Corps at the time. (This order is not applicable to Native Corps.)

Indents for  
Camp Equipage  
in European  
Corps how pre-  
pared.

Res. M. B. 28th  
Oct. 1780

All tents belonging to every Corps in the Service, whether in the Field or in fixed Cantonments, are to be pitched every muster day and carefully inspected by the respective commanding Officers of each Station or Detachment, who are directed to report the state of them quarterly to the Board, and to the Commander in Chief.

G. O. C. C.  
20th June 1806

The Commander in Chief desires that Officers commanding Divisions, Stations, Detachments and Corps, will consider it their particular duty to ascertain, that no Public Camp

Regulations for  
the periodical  
survey of Camp

Equipage; and previous to and after a march; and reports accordingly. Equipage be ever used, whilst Corps are cantoned, except on those occasions for which it is expressly allowed, and that it be properly taken care of and kept in constant repair, for which purpose it should be regularly pitched and inspected at least once a quarter, or oftener, as commanding Officers may judge necessary.

Previous to the march of a Corps, and also within four days after it comes off a march to any fixed Camp or Cantonments, a survey shall be taken of the state of its Camp Equipage, and Reports thereof transmitted to the Secretary to the Military Board, accompanied, (in European Corps) by an estimate of the materials and expence of workmanship, requisite to render them serviceable.

G. O. 25th  
Oct. 1787

Regulations for the charge and repair of Camp Equipage in European Corps for which no allowance is drawn.

The tents of the several European Corps in the Field shall be under charge of their respective Quarter-masters, who are to make the occasional repairs, and be held responsible for them. (A fixed allowance is granted for keeping all Camp Equipage attached to Native Corps in complete repair.)

Res. M. B. 15th  
June 1789

Such Quarter-masters or other Officers, as are not authorized by the regulations to draw an established sum monthly for keeping their Camp Equipage in repair, are to indent occasionally, on the Military Board, for materials for that purpose.

Ordered, that Quarter-masters of European Corps, in charge of Camp Equipage belonging to the Company, having establishments of people and drawing for monthly allowances of Petty Stores for the repair of Camp Equipage; be enjoined to perform all the trifling repairs of tents under their charge, whenever such repairs may be found necessary.

Res. M. B. 6th  
July 1789

Agreed to recommend that directions be given for the repair of Camp Equipage, both in use (with European Corps; excepting the trifling repair above described,) and in store, and that these repairs be effected by the Commissaries of Magazines, and at Stations where there are no Magazines, by the Quarter-masters of Corps, on previous report, survey and estimate of the expence of materials and workmanship, to be approved by the Military Board.

Res. M. B. 20th  
August 1788

Committees surveying Camp Equipage to specify the materials required for its repair.

The Governor General in Council is pleased to direct that Committees of Survey on Camp Equipage be very particular in future, in detailing, in their Reports, the quantity, weight and number of each description of materials, which will be sufficient, in their opinion, to put the repairable Tents of each denomination into perfectly good and serviceable condition.

G. O. G. G.  
9th June 1810

A Report to be transmitted to the Board after the repairs have been executed.

When any considerable repairs are made to the Camp Equipage, a Survey Report of the proper execution thereof is to be immediately transmitted to the Military Board.

Res. M. B. 9th  
January 1799

Regulations to be observed by Committees surveying Camp Equipage.

The Committees, which may be assembled for the Annual Survey of Stores, are enjoined to be very particular in their reports upon the Camp Equipage; and to state in them the periods when the Tents were received new from the Magazines, and the length of time they have actually been in use with the Corps, as well as their present condition.

G. O. C. C.  
20th Mar. 1799

In all future Surveys of Camp Equipage, especially when Tents are declared unserviceable, the Report is to express the condition of the several parts of the Tent, particularly the linings of the Field Officer's Tents, as it has been found by experience that purpet lining will commonly wear out two sets of canvas flies or walls.

G. O. 25th  
October 1787

At the conclusion of the Survey, all the unserviceable Camp Equipage to be destroyed.

Immediately following the Annual Surveys, all Camp Equipage declared to be unserviceable shall be broken up and written off the Books, and the same shall be replaced by Indents on the Agent of Supplies. (Commissariat.)

Res. M. B.  
26th July 1789

The Governor General in Council is pleased to direct that all Tents, returned to Magazines from Corps, be immediately submitted to Committees of Survey, without being received into the Magazine; that such of them as may be found unserviceable shall be burnt in the presence of the Committee, and that a certificate of their having been so destroyed, be annexed to the Survey Report.

G. O. G. G.  
28th July 1810

## SMALL ARMS AMMUNITION FOR SERVICE AND EXERCISE.

G. O. C. C.  
8th Dec. 1839

On the recommendation of the Military Board, the Commander in Chief is pleased to direct, that the following proportions of Gunpowder for Musquet, Fuzil, Carbine and Pistol Balled Cartridges, be established for the service of this Presidency, according to which all Cartridges are to be henceforward prepared; and commanding Officers of Stations, Corps, and all Officers employed in the Ordnance Department, are enjoined to cause all the powder measures now in use to be reduced and made conformably to the proportions undermentioned.

Proportion of  
Gunpowder  
for balled and  
light Cartridges*Drachms of Powder.*

For Musquet Balled Cartridge for Service or for Practice.....5  
For Fuzil or Carbine .....3  
For Pistol.....2

Light Cartridges for exercise are likewise to be made in the same measures and proportions as above described.

By this reduction in the quantity of Powder for Balled Cartridges, the proportion of Powder allowed to Corps for annual Ball Practice will yield an increased number of rounds of Balled Cartridges, conformably to which the Indents from Corps for Balled Practice Ammunition are to be made out in future.

For European and Native Infantry, Cartridges Balled Musquet, per man...  
For European and Native Artillery.....Fuzil.....  
For European and Native Cavalry.....{ Carbine .....  
Pistol .....

Res. M. B.  
28th Sept. 1834

Ordnance Officers in charge of Magazines are directed, whenever Musquet Balls are cast, to mix a small proportion of tin, viz.  $1\frac{1}{2}$  feet to 1 maund of lead.

Proportion of  
tin to be used  
in the composition  
of Balls.Res. M. B. 9th  
Sept 1788

Musquet Ammunition for Store is to be made up of Europe Cartridge paper, if there be any in the Magazine.

Paper to be  
used in making  
cartridges.Res. M. B. 23d  
October 1810

Resolved, that the use of Country paper for making wrappers for Musquet Balled Cartridges be discontinued, substituting Europe paper for that purpose, and that the same be observed by the Ordnance Officers in charge of the Arsenal and the subordinate Magazines.

Res. M. B.  
16th Mar. 1796

All Musquet, Carbine, Fuzil and Pistol Balled Cartridges are to be in future gauged before they are made up into bundles.

All balled cartridges to be  
gauged.Res. M. B.  
17th May 1808

The Magazine at Cawnpore, and upon the same principle those at Agra, Allahabad and Futtighur, should severally contain, at all times, a store of Musquet Ammunition equal to 200 rounds per man, for the number of Corps dependant upon them for supplies in ordinary.

Proportion of  
Musquet Ammunition to be  
kept in Store in  
the Field Magazines.Res. M. B.  
9th August 1808

Upon the return of every Escort or Detachment to its Station, it shall be the duty of the Commissary of Ordnance to require the commanding Officer to deliver into Store such ammunition and flints as he may have in his hands, accounting, at the same time, for any deficiency in the quantity of ammunition or flints which may have been issued to him; on all such occasions the issues of ammunition and flints, as well as the quantity which may be afterwards returned into Store, shall be distinctly and separately stated in the monthly returns of each Magazine.

Ammunition  
issued to Escorts or Detachments how  
to be returned  
and accounted  
for.Res. M. B.  
18th Oct. 1775

Commanding Officers of Corps shall indent for the annual provision of exercising ammunition for their Corps, on the nearest fixed Magazine, and transmit their indents for the previous approbation of the Military Board.—(All indents for annual supplies are to accompany the Annual Survey Reports.)

Indents for exercising Ammunition how to be prepared.

Res. M. B.  
10th Nov. 1778

The Troops are to make up their own musquetry light cartridges for their annual exercise, for which purpose the established quantities of materials shall be issued to each Regiment or Battalion, upon indent, in the usual form.

Light Ammunition for exercise to be made up by the Troops.

Great care to be taken to guard against accidents by fire.

Balled Ammunition for exercise to be issued from the Magazine.

Musquet Balled Cartridges are to be issued to the Troops for their Annual Practise, instead of materials for making them. Res. M. B. 9th Sept. 1788

This Ammunition to be issued from that which has been longest in Store, and an equal quantity is to be immediately made up to replace it in the Magazine, so that there may not be a deficiency in the quantity directed to be kept up for service.—(For the proportion of Exercising Ammunition for the different Corps, *vide Form No. 4.* For rules for indenting for detached Companies of Pioneers *vide page 346.*)

Proportion of Ammunition for training Recruits.

Resolved, that the proportion of Ammunition, to be granted hereafter for the training Recruits, be fixed at 50 rounds of Light and 150 rounds of Balled Cartridges, per man, with the usual complement of Flints, viz. 1 to every 10 Cartridges.—(This allowance is only applicable to new levies, not to men entertained to supply the places of ordinary Casualties.) Res. M. B. 9th Aug. 1810

And for Light Infantry.

The Commander in Chief is pleased to determine that the proportion of Annual Practise Ammunition for a Battalion or Company of Light Infantry shall be 90 rounds of Musquet Balled Ammunition and 180 rounds of light Ammunition per man, with the usual proportion of Flints. G. O. C. 11th Jan. 1809

Proportion of powder measures allowed to the several Corps.

The Commander in Chief directs that powder measures, to be made of copper, be indented for in the following proportions, for the purpose of making up Practise Ammunition with Corps, respectively, and that as soon as received they be entered on, and accounted for, in the returns of Corps. G. O. C. 11th Oct. 1810 and 13th Nov. 1810

|                                                                              |                               |   |   |
|------------------------------------------------------------------------------|-------------------------------|---|---|
| For a Regiment of European Infantry or a Battalion of Native Infantry, ..... | } <i>Musquetry Measures</i> 6 |   |   |
| Corps of Golundauze, .....                                                   | <i>Fuzil</i>                  | " | 6 |
| A Company of Artillery, .....                                                | "                             | " | 2 |
| For a Regiment of Dragoons, and .....                                        | } <i>Carbine</i> " 4          |   |   |
| A Regiment of Native Cavalry, .....                                          | } <i>Pistol</i> " 4           |   |   |
| For the Corps of Pioneers, .....                                             | "                             | " | 4 |

The measures to be prepared in the several Magazines of the proper size, according to the description of Ammunition for which they are required, and are to be issued upon indent, in the proportion specified.

Whenever the powder measures at the Head-quarters of the Corps of Pioneers are so few as to be inadequate to supply the wants of a detached Company, the commanding Officer is to indent on the nearest magazine for an extra one, stating the circumstance on the indent to be submitted for the sanction of the Military Board. Res. M. B. 12th Dec. 1809

Targets how to be made.

All Targets are to be made of white dungaree with black circles.

A butt to be erected for the preservation of the balls.

A butt of earth is to be erected behind the target to preserve the balls, which are carefully to be collected when the practise for the season shall be over, and delivered into the nearest Magazine. Res. M. B. 27th Jan. 1776

(The annual allowance for the preparation of Butts and Targets will be found under the heads of the several Corps.)

The allowance for butts and targets for each Corps provides for all Detachments.

Ordered, that the bill for erecting a Butt and Target for the left wing 1st Battalion 3d Regiment be returned to the Drawer, referring him for reimbursement to the Adjutant, who drew the allowance for a Butt for the Battalion. Res. M. B. 20th Sept. 1808

#### SUPPLY OF PETTY STORES, &c. TO THE MAGAZINES AND TO CORPS.

Regulations for Ordnance Officers, receiving supplies of Petty Stores, &c. from the Commissariat.

Commissaries, Deputy Commissaries or other Officers of Ordnance, shall on no account act as Commissaries for the Supply of Stores, nor on any occasion whatever be concerned in purchasing or procuring Military Stores; the regulations of the Service placing them in their proper situations, of Officers of custody, check and controul in the department to which they belong. G. O. C. 11th Sept. 1806

The Commissaries, Deputy Commissaries or other Officers in charge of Magazines are to be furnished with a copy of the List of the Stores to be supplied by the (Commissariat) at the different Stations of the Army, by which their Indents are to be regulated, and they are positively enjoined not to indent for any articles not specified therein, except in cases

of different sections of the British Army, the British Board was to be the Judge of the quality of the articles, and the Board was to be composed of British and American Staff Officers for the purpose of examining the quality of the articles.

Indents for articles of clothing, such as uniforms, hats, shoes, and other articles of clothing, were to be made by the Quartermaster-General of the Army, and the Quartermaster-General of the Army was to be responsible for the quality of the articles. The Quartermaster-General of the Army was to be responsible for the quality of the articles, and the Quartermaster-General of the Army was to be responsible for the quality of the articles.

In all such cases, the Quartermaster-General of the Army was to be responsible for the quality of the articles, and the Quartermaster-General of the Army was to be responsible for the quality of the articles.

It is hereby ordered that the Quartermaster-General of the Army be and he is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles. The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

The (Quartermaster-General) is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles. The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

(For further regulations for the supply of Army Stores by the Quartermaster-General and specification of the Stores—see Chapter VII.)

G. O. P. C.  
30th Mar. 1807

To prevent as much as possible accounts being sent in Indents on Army Stores, Officers in charge of Magazines are required to forward to the Military Board, as often as they can, to prevent inconvenience or delay in the public service, and to prevent any articles that may be required from the Quartermaster-General, and to prevent any articles that may be required from the Quartermaster-General.

Quarterly indents to be transmitted to the Board, for articles that may be probably required.

Reg. M. R. 9d  
April 1807

With reference to the General Orders of the Military Board, the Quartermaster-General is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles. The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

G. O. P. C.  
24th May 1807

Quartermaster and other Officers of the Army are to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles. The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

Which are to be previously submitted to the Quartermaster-General for his instructions of the Board.

Reg. M. R.  
10th May 1808

Indents for small Stores, such as candles, soap, and other articles, will be made by the Quartermaster-General of the Army, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

All such quarterly indents to be separately filed and sent to the Board.

Reg. M. R.  
24th Dec. 1789

All Officers of the Army are to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles. The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

Officers of the Army are to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles. The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

Reg. M. R.  
10th Aug. 1790

The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles. The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

Reg. M. R.  
10th Nov. 1790

The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles. The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

Reg. M. R.  
10th Dec. 1790

The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles. The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

Officers of the Army are to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles. The Quartermaster-General of the Army is to be responsible for the quality of the articles, and the Quartermaster-General of the Army is to be responsible for the quality of the articles.

thicker end 20 inches one way and 16 inches the other : and at the smaller end 12 inches one way and 12 inches the other.

**And Charcoal.** When an uncommon demand for charcoal is made, the reasons should be stated in the Indent. Res. M. B. 2d Dec. 1778

**Whip-cord** to be supplied for Drummers' cats. Whip-cord is in future to be substituted for log line for Drummers' cats. Res. M. B. 10th August 1788

**And Buffalo or Bullock Hides** at the option of Commanding Officers. Resolved, that instead of the quarterly allowance of Corah Buffalo Hides, now made to Corps for the repair of accoutrements, &c. it be optional to the commanding Officers of Corps to indent for Corah Buffalo Hides. Res. M. B. 14th July 1792  
(For the proportions of Petty Stores, and Wax-cloth, allowed to the several descriptions of Troops, vide Form No. 5.)

#### REGULATIONS FOR THE PRESERVATION OF ARTICLES OF PACKAGE, CARRIAGE, &c. IN USE IN THE MAGAZINES.

**Prohibiting the practice of cutting the hoops of Powder Barrels issued to the Troops.** Representation having been made to the Commander in Chief, of a very reprehensible practice stated to have prevailed of cutting or clipping the copper hoops of Powder Barrels issued to Corps with service or Practice Ammunition, his Excellency enjoins the strictest attention, on the part of commanding and Staff Officers of Corps, to prevent the recurrence of any such practice in future. G. O. C. C. 9th Oct. 1809

**Powder Barrels** how to be included in the returns, and directions to be observed in dispatching them to Magazines. All Powder Barrels for fixed Musquetry Ammunition shall have copper hoops, which shall be entered on the Returns, and stamped with their weight; the several Magazines to which they belong to be charged with, and the Commissaries answerable for those hoops. All empty serviceable barrels, and all copper hoops, rivets, &c. which are not indispensably necessary for the service of the subordinate Magazines, are to be sent to the General Magazine at Fort William, annually, by return boats. Res. M. P. 23d Oct. 1775 and 6th August 1815

Empty barrels are not to be retained for the stowage of cartridges, which are to be kept in boxes, made for the purpose, of mango plank properly seasoned.

Whenever it shall be found necessary for empty Powder Barrels to be broken up with detached Corps, for the purpose of being returned into Store, the Quarter-master or other Staff Officer under whose charge such Barrels may be, is carefully to pack the Staves, Heads and Hoops of each, in separate parcels, in order that they may be again set up with facility, by Officers in charge of Magazines; and all Commissaries or other Officers having opportunities of sending empty Barrels to the Arsenal at Fort William, or the Magazine at Allahabad, are, in like manner, enjoined to pack the component parts of Barrels in separate parcels, and on no account to dispatch them in the confused and mixed manner, which at present prevails, to the great inconvenience of the public service. G. O. P. C. 30th Mar. 1807

Whenever conveyance may offer for returning empty barrels into Store, without breaking them up, they are to be sent in that manner in preference to any other.

**An annual return of all Powder Barrels &c. to be sent from Magazines to the Military Board.** The Commissary of Stores and Officers in charge of Magazines are to transmit to the Military Board, on the 1st May, annually, a return of all Powder Barrels, Staves, Heads and Hoops remaining in Store on that day, and received and issued during the past year. Res. M. B. 2nd May 1810

**Gunnies** not to be used for packing Powder Barrels. No Gummies are to be used in future for package of Powder or Ammunition Barrels. Res. M. B. 3d Nov. 1779

**Arm chests, &c.** to be returned from Magazines to the Arsenal. It is to be considered as a standing Regulation that the Arm Chests which may be received at the Subordinate Magazines with Arms from the Presidency, be carefully preserved and returned to the Arsenal, by the first opportunity, reserving only such a small proportion of them, as may be occasionally necessary in the several Magazines. G. O. C. C. 24th Nov. 1797

Officers of Ordnance in charge of Magazines are required to be very particular in sending to the Arsenal, by returned boats, the following articles of package, viz. chests, wax-cloth, gunnies, oakum, &c. &c. Res. M. B. 10th July 1804

**Wrappers** for saddlery to be included in the Magazine Returns; and not to be issued to the Troops. Ordered, that the Commissary of Ordnance at Cawnpore be instructed to bring the whole of the wrappers in the Magazine on his future returns, and on the issue of any supply of saddlery, hereafter, to Corps, to dispatch it without wrappers. Res. M. B. 15th Dec. 1809

Res. M. B. 7th  
August 1840

For short distances, as from Agra to Cawnpoor, it is wholly unnecessary to wrap up any articles in wax-cloth. The bulky articles should be well stowed in gunnies (merely for the purpose of preventing their being injured by chafing on the carts,) and the smaller ones properly packed in boxes.

The package of Gunter's scales, Gunner's quadrants, and instruments of that nature, in wax-cloth, is very exceptionable; they ought to be carefully packed in boxes, not jumbled with file cases, files, rasps and such articles.

The Stores to be prevented from injury from rain, by covering them (well stowed on the carts,) with pawlins, a much securer protection than common wax-cloth, and which will supercede the necessity of that expensive article.

The Cawnpoor pawlins to be relieved, half way at Mynpoory, by others from Agra. A common cart from Cawnpoor will bring the pawlins back.

Directions for  
the Package and  
transmission of  
Stores by land.

Res. M. B.  
26th July 1808

Resolved, that it be considered a standing regulation of this Department, that whenever Commissaries, or other Officers of Ordnance in charge of Magazines, have occasion to dispatch, with Stores to Posts or Stations, tumbrills, ammunition carts, barrels with copper hoops, casks, arm chests, boxes, and, in general, any other articles of Stores not authorized to be issued by order of the Commander in Chief, by indents passed by the Military Board, or by order of the commanding Officer of the Station on Emergency, (but which are only lent out for a time and are to be returned to the Magazine) such Officers in charge of Magazines are not to strike the articles off their books, or take any notice of them in their returns of receipts and issues, but are to notice them on the back of their returns, monthly, quarterly or yearly, in the following manner:

Articles dis-  
patched to  
Corps as Carriage,  
Package,  
&c. how to be  
included in the  
Magazine Ac-  
count.

Rope, gunnies, wax-cloth, twine, oakum, grease and tar, and all other petty stores used in packing, are to be issued off as usual.

|                                          |                                                                                       |

G. O. C. C.  
10th Aug. 1808

It having been represented to the Commander in Chief, by the Military Board, that a number of Camel ammunition boxes, with their appendages, have been issued from Magazines to different Corps dependant on them, which have not in a single instance been acknowledged in the returns of those Corps, the Commander in Chief directs all Officers in command of Battalions immediately to account for all articles of that description, already received by them, and to be careful in future to enter all receipts of camel or bullock ammunition boxes, slings, waxed pawlins, &c. in their quarterly returns.

Attaching responsibility to  
Staff Officers  
for the prefer-  
ential of camel  
boxes, &c. if-  
faced to Corps.

With a view to secure a due attention to those necessary and expensive articles, the Commander in Chief hereby declares, that Staff Officers of Corps will, in future, be held accountable and personally responsible for them.

#### REGULATIONS FOR QUARTERLY RETURNS AND ANNUAL SURVEYS OF STORES, &c.

Res. M. B.  
26th Oct. 1775

Quarterly Returns of all Ordnance, Military Stores, Arms, Accoutrements and Camp Equipage shall be made from every Magazine to the Military Board.

Quarterly re-  
turns of Arms,  
Accoutrements,  
Stores, &c. to  
be transmitted  
from all Maga-  
zines and  
Corps.

Commissaries, and all Ordnance Officers having charge of Magazines or Stores, shall make the like Quarterly Returns to the Officers commanding, and also to the Senior Officer of Artillery, whether on Detachment or at fixed Stations.

All the articles exhibited in the Quarterly Returns are to be arranged alphabetically and distinguished as serviceable, repairable, or unserviceable. (Vide Form No. 6.)

Res. M. B.  
28th April 1809

Ordered, that the Officers in charge of the Magazines at Chunar, Danapoor and Benares, be required to furnish Quarterly Returns to the Acting Commandant of Artillery, so long as that Officer may be employed in any situation away from the Presidency. (Returns are also sent from all Magazines in the Field to the Officer commanding the Artillery in the Field.)

Quarterly Returns of Arms, Accoutrements, Camp Equipage, and all Military Stores, are to be transmitted by Commanding Officers of Regiments and Battalions of European and Native Artillery, Cavalry and Infantry, &c. and also by Officers commanding Companies of Artillery, directly to the Military Board. (See Form No. 6.)

Res. M. B. 11th  
October 1781

(The Quarterly Returns are transmitted on the 1st of the months, May, August, November and February. For Regulations relative to the Regimental Quarterly Returns of Regiments of Native Infantry, vide page 227.)

Enjoining the  
punctual trans-  
mission of all  
quarterly re-  
turns.

The Military Board having represented to the Commander in Chief that owing to the delay which frequently arises in the receipt of the 3d Quarterly Returns of the Arms, Accoutrements, Camp Equipage, &c. in use with Corps, and in store in the Magazines, the preparation and transmission of the annual accounts of that department are greatly retarded, to the manifest inconvenience of the public service, His Excellency strictly enjoins all Officers commanding Corps and Detachments of the Army, and Officers in charge of Magazines, to be punctual in forwarding their Quarterly Returns at the prescribed periods, and to be particularly careful that those of the 3d Quarter of each Year, (viz. for the months of November, December and January,) shall be transmitted so as they may invariably reach the Office of the Secretary to the Military Board, on or before the 1st of March annually.

G. O. C. C.  
4th Jan. 1812

Committees to  
be annually as-  
sembled for the  
Survey of all  
Stores in the  
Magazines and  
with Corps;  
period at  
which the re-  
ports are to be  
transmitted.

A Survey of all the Ordnance, Arms, Accoutrements, Camp Equipage and Military Stores in the Arsenal and Expence Magazine at Fort William, and at all subordinate Stations and Magazines (and in use with Corps and Detachments) shall be taken annually.

Res. M. B.  
30th Apr. 1778

Officers commanding at the different Stations of the Army, where there are Magazines, will be pleased to assemble Committees, composed of three Officers, to take the Annual Surveys, at which the Commissary of Ordnance or Officer in charge of the Magazine is to attend, to give such information regarding the Stores as may be necessary. (For the Form of Annual Survey Reports, vide Form No. 7.)

G. O. C. C.  
Mar. 1789

Committees of Officers for the Survey of all Stores in the Magazines, the Arms, Accoutrements, Colours, Camp Equipage, &c. in use with the several Corps of the Army; also the Ammunition Barrels, Flints, Carts, Tools, &c. remaining with the Quarter-masters of Corps, are to be assembled so as their Proceedings may be closed on the 1st of December, of each year, and the Reports are to be transmitted so as to reach the Military Board Office on or before the 30th January, following.

G. O. C. C.  
3d Mar. 1808

Regulations for  
the observance  
of Committees  
of Survey and  
for the prepara-  
tion of Survey  
Reports, to  
which a strict  
attention is en-  
joined.

The Commander in Chief, disapproving the present irregular practice which appears to prevail in the manner of preparing Survey Reports, is pleased to order the following rules to be strictly observed in future.

G. O. C. C.  
12th June 1806

The Officer or Person in charge of the Magazine, is to prepare the Form and He

Description of Stores, Cattle, Boats, Camp &c.

The number, as well as quantity, and con-  
tained by the inspecting Officers or Com-  
numbers, and their allotment under the  
Unsurveyable, according as they may appear, after the most minute inspection, is to  
be made together with the Total of each, and such observations and statements in the  
Column

the (last) condition of the articles surveyed.

In all Surveys in the Magazine Department the Formulas or Heads of the Report are  
to be prepared by the Officer in charge.

In Surveys of Cattle, Boats, Camp Equipage, &c. by the Persons in charge of the De-  
partment to which they belong.

Of Buildings by the Officer in whose custody they may be, or by whom they may have  
been erected.

Of all Regimental and Battalion Surveys by the Regimental and Battalion Staff Offi-  
cers; and in all other cases, not particularly specified, according to the spirit and intent  
of these directions. (For Regulations relative to the employment of Officers on Surveys  
vide page 129.)

Cattle, &c. is to  
be, in which is to be exhibited the names and  
articles ordered to be surveyed,  
unless surveyed, is to be ascer-  
Survey: by whom the entry of the  
heads of "Serviceable, Repairable,  
after the most minute inspection, is to  
be made together with the Total of each, and such observations and statements in the  
Column

the (last) condition of the articles surveyed.

In all Surveys in the Magazine Department the Formulas or Heads of the Report are  
to be prepared by the Officer in charge.

Of Buildings by the Officer in whose custody they may be, or by whom they may have  
been erected.

Of all Regimental and Battalion Surveys by the Regimental and Battalion Staff Offi-  
cers; and in all other cases, not particularly specified, according to the spirit and intent  
of these directions. (For Regulations relative to the employment of Officers on Surveys  
vide page 129.)

**G. O. C. C.** In consequence of a representation from the Military Board, stating the almost total neglect, by Officers composing the late annual and other Committees of Survey, of the various Regulations heretofore published regarding the preparation of Reports, but more particularly the General Orders of the 18th June, 1806, the Commander in Chief enjoins the most strict and uniform attention to the existing Regulations on this head; and all commanding Officers are to consider it their particular duty, on no account to admit of the transmission of any Survey Reports whatever, which may be in any respect at variance with the forms prescribed.

**G. O. V. P.** The Vice President in Council is pleased to direct, that in all future Surveys of unserviceable Stores, returned into the Magazines from Corps, Detachments, &c. the Committees do certify, at the foot of the Report, both the quantity and quality of the convertible component parts thereof, which may be brought to some useful account in the Magazine, and also that the whole of the articles, which shall be considered as unfit for any purpose of the Service, have been actually destroyed in their presence, specifying particularly the manner in which they have been destroyed.

All unserviceable Stores returned from Corps into the Magazines, or condemned at Out-Posts to be immediately destroyed with exception to such component parts as may be useful.

**G. O. G. G.** Bills having lately come under the notice of the Military Board, for boats and hackery hire for the conveyance of condemned Accoutrements and other small Stores from Out-Posts to the Arsenal and subordinate Magazines, wherein the value of the articles have borne no proportion to the expence to which the Public has been thereby subjected; Ordered, that in future such articles, having being previously condemned on regular Survey, be immediately broken up in presence of the Committee, and that only the component parts, convertible to use, be dispatched to the nearest Magazine, the commanding Officer availing himself of the first opportunity of loading them on return boats or cattle.

The Governor General in Council is also pleased to direct that all articles condemned on Survey at Out-Posts, or the component parts thereof which may not be considered convertible to any use in a Magazine, shall be immediately destroyed in the presence of the Committee, in the manner prescribed by General Orders of the 5th December last, with regard to Stores received from Corps into the Magazines.

#### PREPARATION OF THE ANNUAL RETURNS AND ACCOUNTS FOR THE HON'BLE THE COURT OF DIRECTORS.

**Let. C. D.** PARA. 9th.—We desire that you will order the Military Board to send us annually, in duplicate, by the two first ships, a return of the Arms and Stores, &c. &c. in the Arsenal and Expence Magazine at the Presidency, and in all Stores at subordinate Stations, together with the number in charge of the different Corps serving under your Government, specifying "Serviceable" and "Repairable," to enable us to judge of what supplies may be required to complete our respective Establishments.—(For the Form of Return, including the established value of the Stores, vide Form No. 8.)

Annual returns of arms &c. to be sent to the Court of Directors exhibiting the total remaining of serviceable and repairable.

**Res. M. B.** Ordered, that the system laid down in the following Resolutions be immediately carried into effect, and entered in the Book of Standing Regulations for this Department.

*First.*—That as soon after the receipt of the Annual Survey Reports of the 30th April 1794, as may be possible, a General Return be made out, of all the Military Stores remaining on hand under the head "Serviceable" in the Arsenal, Magazines, and with Corps, and a similar General Return of all the articles reported "Repairable," so as to exhibit the whole of the articles of every denomination in Store, under the above different heads, agreeably to the form herewith annexed.

*Second.*—That, instead of the present mode of affixing a variable rate to Stores of the same description at different Stations, and calculating separately the value of the Stores on hand at each Magazine or Station, a medium Table of Rates be formed, to be applied generally to the serviceable Stores contained in the General Return, abovementioned, and to the repairable Stores in the other General Return, estimating the latter at two thirds of the former, so as to exhibit the estimated value of the whole by the application of the same rule at the end of each Official Year.

*Third.*—That the rule for the formation of the above medium Table of Rates be as follows :

The medium of the Europe Invoice Rates for a series of 6 years past, comprehending 3 years of peace and 3 years of war, to be applied to all articles upon the return which are usually sent out by the Company from England, and the contract prices to all articles which are supplied under any specific engagements.

The rates fixed by Minutes of Council, dated the 27th June, 1788, to be applied to such Stores as, by the above regulation, are permitted to be furnished by the Commissaries of Supplies (Commisariat) at the different Stations.

The rates fixed for Stores to be furnished by the Agent of Supplies at the Presidency (Commisariat) to be applied to all articles in the above General Return, which are not comprehended under either of the two foregoing descriptions.

Should any article of Stores be found upon the General Return, to which no rate is applicable by either of the above rules, the Secretary is directed either to annex the prices fixed by the book of rates of 1775, or to ascertain, as nearly as he can, the current value of such articles, and insert it accordingly with the sanction of the Board.

*Fourth.*—The Table of Rates so formed shall continue in use until the Supreme Board may think proper to order its being revised.

*Fifth.*—When the value of the Military Stores, on hand, on the 30th April, 1794, shall have been ascertained, as above directed, it shall be notified to the Military Auditor General in order to be brought on the Books of his Office, and hereafter, by communication from him, on those of the Military Paymaster General, to the debit of the head "Military Board."

*Sixth.*—Instead of the cost of all Stores furnished by the Agent, or by the Commissaries of Supplies (Commisariat) being entered after audit as heretofore on the disbursement of the Paymaster, the amount of these supplies likewise are to be charged on the Books of the Military Auditor General and Military Paymaster General, to the debit of the Military Board.

*Seventh.*—In order to give a complete view of the aggregate of Ordnance and Military Stores, on the Books of the Military Auditor General and Military Paymaster General, it is necessary that the cost of all Military and Ordnance Stores, sent out by the Company, should also appear : Resolved, therefore, to recommend to Government, to direct the Accountant General to furnish the Military Auditor General, from time to time, with Invoices of the Stores received either from Europe, or from the other Presidencies, and the receipts of the Commissary of Stores for the quantities received, and the amounts allowed on Audit, to be included in the Accountant General's accounts of advances to the Military Department, in order that the same may be likewise carried to the debit of the Military Board, on the Books of the Auditor General and Paymaster General.

*Eighth.*—Upon the same principle the Accountant General will be directed to furnish the Military Auditor General, from time to time, with accounts of all Stores, supplied to the Military Department, either from the Import Warehouse or by the Naval Store keeper, with the receipts of the Officers to whom issued, which is, in like manner, to be included after Audit in the account of advances to the Military Department and brought to debit as abovementioned.

*Ninth.*—As by the above process the Military Board will have been charged with the whole expence both of the Military and Ordnance Stores on hand on the 30th April, 1794, as well as of those received into Store in the course of the year 1794-5, it is further directed that the estimated value of the Stores remaining on the 30th of April, 1795, shall, as soon as ascertained in the mode already prescribed, be deducted from the total amount standing to the debit of the Military Board, and the difference, which will shew the amount of the actual expenditure of Ordnance and Military Stores in the course of the Official Year, shall be transferred to the debit of Charge Ministry of the year 1794, and this process is to be observed annually.

#### AGENCIES FOR THE MANUFACTURE OF GUNPOWDER.

The Provision  
of Gunpowder  
is connected  
with Agencies.

The Vice President in Council having taken into his consideration the whole of the papers connected with the subject of the proposed change in the system for supplying Gunpowder for the service of this Presidency, considers it to be most advisable that this impor-

Proc V, P. 10th  
Dec. 1809

tant branch of the Public Service should be conducted, as heretofore, by Agents receiving fixed Salaries.

Proc. G. G. 21st Feb. 1801 The Governor General in Council has adopted the propositions of the Military Board for fixing the Salaries of the Agents for the Manufacture of Gunpowder.

Allowances &c. established for the Agents at Pultah and Allahabad.

The Salary of the Agent for the Manufacture of Gunpowder at Pultah is accordingly fixed at Sicca Rupees 1,500 per month, without any commission.

The Salary of the Agent for the Manufacture of Gunpowder at the New Works in the vicinity of Allahabad is fixed at Sicca Rupees 1000, per month, exclusive of the pay, batta and other allowances of his rank.

Proc. V. P. 22d Dec. 1801 The Vice President in Council does not consider the late Regulations of Government, abolishing the practice of maintaining at the public expence Barracks and Bungalows for Military Officers at the Military Cantonments, to be applicable to the situation of Captain Taylor as Agent for the Manufacture of Gunpowder at Allahabad.

Proc. M. B. 22d Nov. 1801 Agreed to inform the Commanding Officer at Allahabad, that, on consideration of the reasons adduced by Captain Taylor, the Military Board deem it proper and necessary that Officer should be exempted from the duty of Surveys.

Proc. G. G. 13 Nov. 1801 The Agents for the Manufacture of Gunpowder are not to draw Tent allowance.

Proc. G. G. 22d Dec. 1800 The Governor General in Council has been pleased to appoint Mr. Brice, to be Assistant to the Agent for the Manufacture of Gunpowder at Pultah, with a salary of Sicca Rupees 500 per month, in the room of Captain Taylor.

And for the Assistant to the Agent at Pultah

The Governor General in Council, in fixing the salary of the Assistant to the Agent for the Manufacture of Gunpowder at Pultah, at Sicca Rupees 500 per month, included, in that sum, the same allowance for House Rent that was granted to Captain Taylor; consequently no further allowance can be granted on that account.

Proc. G. G. 12th Oct. 1800 The Governor General in Council considers the Assistant to the Agent for the Manufacture of Gunpowder at Pultah to be entitled to receive the full amount of the consolidated allowances of Sicca Rupees 500 per mensem, notwithstanding his being in receipt of pay, batta and gratuity, provided he draws the latter allowances for the actual performance of public duties in another capacity.

Proc. M. B. G. 10th M. B. 1799 The Agent for manufacturing Gunpowder are prohibited from making any for private sale.

No powder is to be manufactured by the Agents for private sale.

Proc. M. B. 14th Feb. 1800 The Agent for the Manufacture of Gunpowder at Allahabad is to transmit punctually to the Military Board Office, during the continuance of the Manufacture, a weekly Report of the quantity of composition milled, stating the extent of the machinery from which each quantity has been produced, agreeably to the practice which obtains at Pultah.

Weekly reports of the progress of the Manufacture to be transmitted by the Agents at Allahabad and Pultah.

Proc. M. B. 22d Nov. 1801 The Weekly Reports from the Manufactories of Gunpowder shall specify the kind of charcoal that may have been used in the composition.

Proc. M. B. 14th Feb. 1796 The Agent to insert, in his Weekly Reports, the quantity of manufactured Gunpowder remaining at the Works, distinguishing the quantity proved, from that which is unproved.

Proc. M. B. 17th Oct. 1801 The Board being of opinion that the principal improvement in the Manufacture of Gunpowder is to be expected from improved charcoal, the Agents are to char as much wood, according to Mr. Coleman's method, (in iron cylinders, and sailing of iron cylinders in cylindrical brick kilns) as their means will admit, according to the mode described in a memoir with which the Agents have been respectively furnished.

Directions to be observed in the preparation of charcoal.

The charcoal to be used in the manufacture, both at Pultah and Allahabad, is, as far as may be practicable, to be made according to Mr. Coleman's method; and the powder made with it must be kept and proved separately, and the proof carefully noted in the Returns and on the Barrels.

And Gunpowder.

Only two kinds of powder, viz. one fine for the musquetry, and the other answering to that formerly called medium for the Ordnance, are to be manufactured in future: both descriptions of Powder to be distinguished, as hereafter directed.

The Powder is also to be marked, C. for Cylindrical Powder, and P. for Pit Powder, with the addition of the distinctive letters A or B, according as the Powder shall have been made at Allahabad, or in Bengal; and of M and O, according to its quality, thus:

A. C. M. for Allahabad Cylindrical Musquetry.—B. P. O. for Bengal Pit Ordnance.

Agreed to inform the Agent for the Manufacture of Gunpowder at Pultah, that the Military Board leave to his discretion the proportioning the ingredients, and rely on his exertions for producing such Musquetry and Ordnance Powder, as shall be unexceptionable in every respect.

Res. M. B.  
10th Feb. 1804

No Powder is ever to be remade or repaired, but on order from the Military Board; and in all such cases, a separate account of the expence is to be laid before the Board by the Agents.

Res. M. B. 7th  
Oct. approved  
by Govt. Gen.  
27th Oct. 1803

When Powder Barrels are required how to be procured.

Whenever Powder Barrels are required they will be obtained on application to the Military Board. The Agent at Pultah indenting on the Arsenal at Fort William, for such as may be wanted for the Manufacture under his charge; and the Agent at Allahabad on the Magazine there, for such as may be required at the Works in the vicinity of that Fortress; and in case there should not be a sufficient number in Store, then the Agent will make up such a number of new Barrels as he may require.

No new Powder Barrels are to be furnished while there may be hoops, heads or staves in Store sufficient to make Barrels for the demands of the Service.

The Manufacture to continue throughout the year.

The Manufacture will continue throughout the year without any formal interruption; the Agents of course carrying on, during the Rains, such parts of the Manufacture only as may on trial appear for the public benefit.

When the Powder is manufactured, it is to be delivered to the proving Officer.

After the Powder is manufactured it shall be delivered over by the Agent to the Proving Officer, who will be responsible that it is kept one month before it is proved.

For this purpose the Proving Officer will have one Magazine for his use, and the Agent another for his use.

Directions for the appointment of the Officers for the duties of proving powder; & Regulations for their observance and for the provision of the mortar, shells, scales, &c. required for proof.

An Artillery Officer is to be appointed by the Commanding Officer of Artillery at the Presidency, under the orders of the Commanding Officer there; and by the Commanding Officer of Artillery at Allahabad, under the orders of the Commanding Officer of that Garrison, who shall make proof of all Powder before it is received into the Arsenal at Fort William, or the Magazine at Allahabad; and submit the reports to the Military Board, through the Commanding Officer of Artillery.

On each relief, the Officer selected for the duty at the Powder Works is to be ordered to make himself perfectly acquainted with the subsisting Regulations for the Proof of Powder, previously to entering upon the duties required of him.

Res. M. B. 10th  
December 1808

On every future Report of the Proof of Powder the Officer is to state, exactly, the period of its having been under his charge, previous to that process, and it is particularly expected that he will pay implicit attention to the Regulations on this subject.

The above is to be considered a standing Regulation in future, for the observance of the Officers appointed to the duty of proving Gunpowder, both at Pultah and Allahabad.

Two ounce avoirdupois weights are to be made and accurately adjusted in the Arsenal and sent for the inspection and mark of the Military Board.

Res. M. B. 5th  
Nov. 1800

One of these to be lodged in the Arsenal as a standard weight, and the other, together with an accurate pair of scales, deposited with the Brigade Major of Artillery, to be delivered at the commencement of every Proving Season to the Officer of Artillery, first ordered up to the Powder Works on the proof duty, which scales and weights are to be used by the Officer in weighing the proof-ounces of Powder, (whose duty it is to be considered to weigh the Powder himself) and to be regularly delivered over to the relieving Officer at each Relief; and at the close of the season to be annually re-logged with the Brigade Major, until the next season shall commence.

Res. B. M. 15th Feb. 1801 The Agent for the Manufacture of Gunpowder to send a Cooper and Painter, whenever an Officer is detached on the Proof Duties, on application from the Officer.

Res. M. B. 21st March 1809 The Reports of Proof at Allahabad are to be hereafter made out in duplicate, one of which is to be delivered by the Commanding Officer of Artillery to the Agent, the other to the Commissary of Ordnance at the time when the Powder may be sent to the Fort from the works.

Res. M. B. 3rd July 1809 The attention of the Commissary at Allahabad is particularly enjoined to a careful examination of the Mortar and Shells, to be issued to the Agent for Gunpowder, for the purpose of Proof, seeing that those Articles are strictly conformable to what are required by the Regulations of the Service, for establishing the sufficiency and good quality of the Gunpowder manufactured at the Works.

REGULATIONS FOR THE PROOF OF GUNPOWDER, AND ITS DELIVERY AND RECEIPT INTO THE ARSENAL AT FORT WILLIAM AND MAGAZINE AT ALLAHABAD.

Res. M. B. 7th approved G. G. 27th Oct. 1803 That each barrel of powder be proved, as at present, with an eight-inch iron or brass mortar, shell 7 inches 75 tenths, weight of shell 50 lbs, elevation 45 degrees, weight of powder 3 ounces, proof picket 63 yards. Directions for the proof of Gunpowder

That tin boxes large enough to hold 4 ounces, and sufficiently narrow to go with ease into the chamber, be used for holding the proof quantities, instead of paper.

The following instructions are to be carefully attended to by the proving Officer.

The time for proving the powder should be between sunrise, and 10 o'clock in the morning, and between 3 in the afternoon, and sunset. The proof should never be made when it is foggy, or the air very damp: if the morning is foggy it should be put off till at least half an hour after it clears up; and if it continues till 9 o'clock, it should be deferred till the afternoon.

The barrels should be numbered with chalk, and arranged according to their numbers: similar numbers are to be marked on the tin boxes, which receive the proof quantities; these boxes are to be placed in regular order on a table, and when every thing is ready, the Officer shall first carefully examine each barrel, to see that the powder is of a good colour, and a regular and firm grain, according to its quality. He is next to try if it is free of dust, by flapping half the powder into another barrel, and taking an handful from the middle, which he is to pour on a white piece of paper, held obliquely so as to admit of its running slowly and regularly off, and if it leaves but little or no dust, then the prescribed quantity of *three ounces* is to be carefully weighed, (also from the centre of the barrel) and put into the tin box, numbered the same as the barrel, after which the powder flatted is to be returned to the barrel, and the same process to be followed with the rest. Previous to weighing, care must be taken that the scales and weights are exact, and in good order, and that they are not affected by a draft of air. When all the quantities to be proved are weighed, the tin boxes should be put carefully into the barrel or box, used for the purpose of conveying them the next day to the battery for proof. In placing them in the barrel or box, the highest number should be put in first, so that the number next to that with which the Officer discontinued his former day's proof will be uppermost, and the first to be proved; and any vacancies between the boxes are to be filled up with oakum, to prevent their being shook. If the powder should be dusty, and the grains so soft as to break with a small pressure between the thumb and finger, it should be retained for the orders of the Board without being proved.

In making the proof, the Officer is first to examine that the mortar bed is level, and the mortar at the ~~proof~~ elevation of  $45^{\circ}$ ; that it is dry and clean, and the vent clear, and that the shells are of the prescribed weight of 50 lbs. and exactly of the same diameter. He is very accurately to take the diameter of the shells, and calibre of the mortar, and insert the same in the heading of his report: every thing being found correct, he is then to pour the proof quantity from the tin box, (beginning as already directed, with the lowest number) into the chamber, and as close to the bottom as possible; but it is not to be set up with the hand, or to be touched after it is thus poured in, great care being taken that no grains remain in the box or are spilt in loading the mortar. The shell is then to be placed perfectly even in the mortar, and finally a piece of quick-match of 5 inches long

is to be introduced into the vent; it must go in with ease, and is on no account to be forced; if it is too thick it is to be thrown away, and another piece used; the Mortar is then to be fired, and if it ranges to the Proof distance of 63 yards, or over, the Powder is to be considered as Serviceable. If it fall short of 63 yards, it is to be considered as unfit.

out after every fifty  
minutes or a 1/4 of an hour to cool.

Quick-match to be invariably used in all Proofs of Powder.

If any considerable quantity, out of any Batch should be found under proof, the Officer will immediately report the circumstance to the Commanding Officer of Artillery, and to the Secretary of the Military Board.

The Powder proved as above directed (and each Barrel weighing 100 lbs avoirdupois) is to be marked on the head of each Barrel with white Paint in the following manner, and according to the nature of it, thus:

B. O. P. BENGAL ORDNANCE PIT,

OR

A. M. C. ALLAHABAD MUSQUETRY CYLINDER.

with the day of the month and year when proved and the proof distance; and as the Officer who attends the proof and weighing the Powder must be answerable that both were duly executed in his presence, he shall sign his name on a piece of Paper pasted on the head of each Barrel. When the proof and weighing is over, such Powder as has stood proof is to be sent immediately from the Works at Pultah to Fort William, or to the Magazines at Pultah and Duckensore, as may be ordered; and from the Works near Allahabad to the Magazine there; and delivered to the Commissary of Stores at Fort William, or Conductors of Ordnance at the two former Magazines, and to the Commissary of Ordnance at Allahabad, who will lodge it in their respective Magazines.

Two Reports are to be presented by the Proving Officer at Allahabad and Pultah, respectively, one for transmission to the Military Board through the Commandant of Artillery, and one for the Commissary of Stores at the Presidency, or the Commissary of Ordnance at Allahabad.

The following is the form of a Report of the Proof of Powder.

## FORM OF THE REPORT.

REPORT of a PROOF of POWDER taken at the (PULTAH or ALLAHABAD) POWDER MANUFACTORY, in the year 1803-4, by Order of \_\_\_\_\_ with an 8-inch Mortar, weight of Shell 50-lbs. Elevation 45 Degrees \_\_\_\_\_ weight of Powder 3-oz. \_\_\_\_\_ Prof Picket, 67 yards distance; Diameter of the Calibre of the Mortar \_\_\_\_\_ inches and \_\_\_\_\_ tenths; Of the Shell, \_\_\_\_\_ inches and \_\_\_\_\_ tenths.

| Day and Month.        | Time of the day.                              | State of the air. | Quality of the Powder.        | No. of the Barrels.                       | Period the Powder has been in charge of the proving Officer. |       | No. of Rounds.             | RANGE.                        |                            |                            |                                    | REMARKS. |

| Total Barrels proved, |                                               |                   |                               |                                           |                                                              |       |                            | 10                            |                            | 4                          |                                    | 14       |

(Here insert Officer's Name and Rank.)

All Reports of the Proof of Gunpowder, made at Pultah and Allahabad, are to express in the fullest manner the external appearances of the Powder and the conclusions the Proving Officers draw from those appearances.

The Artillery Officer on duty at the Powder Works, either at Pultah or Allahabad, shall carefully inspect all Barrels containing Powder which shall have been received as Proof, before they are dispatched to the Arsenal or Magazines at Duckenore or at Pultah and Allahabad, and he shall be held responsible, if any barrels with Powder be sent to the Arsenal or to any of the beforementioned Magazines that are not perfectly tight.

When Powder is dispatched for the Powder Works at Pultah to the Arsenal, or Duckenore, and from the Powder Works near Allahabad to the Magazine there, a copy of the Proof Report is to be sent down with it by the Artillery Officer on that duty, at either of those places; to the Commissary of Stores, at Fort William, and to the Commissary of Ordnance at Allahabad; at the same time the other Proof Reports are to be forwarded to the respective Officers and Departments before named.

Regulation for the dispatch and receipt of Powder into the Arsenal and Magazine.

(By Refn. M. B. 21st March, 1809, no new Gunpowder, manufactured at the Allahabad Works, is on any account to be received into the Magazine there without being accompanied with the Proof Reports.)

The Commissary of Stores or his Deputy at the Presidency, and the Commissary of Ordnance or his Deputy at Allahabad, as well as the Conductors in charge of the Magazines of Pultah and Duckenfore, shall attend at the landing of every supply of Powder, and carefully examine the Barrels at the landing place before they are admitted into either of the Garrisons of Fort William or Allahabad; and such as are not perfectly tight shall not be admitted into those Garrisons or Magazines, but returned to the Agents to be properly coopered.

The barrels of Powder, received upon proof into the Arsenal of Fort William or Magazine of Allahabad, shall be marked numerically with white paint, from No. 1 upwards from the beginning to the end of each official year, and with the exact proof given.

The Commissary of Ordnance at Allahabad shall furnish the Military Board monthly with a Report of Powder received and issued by him during the month, and of the Balance remaining, agreeable to the annexed form, as is now done by the Commissary of Stores at the Presidency.

(By Refn. M. B. 16th January, 1801, the Commissary of Stores is directed to distinguish the quantity of Powder in the Duckenfore and Pultah Magazines and in the Arsenal at Fort William.)

(Signed)

A. B.

Commissary of Ordnance.

Proc. V. P. 21st  
Jan. 1802.

The Vice President in Council authorizes the flooring of the two Gunpowder Magazines at the Powder Works at Pultah, in the manner proposed by the Board, viz.

The interior of each room to be excavated to the depth of the foundation walls; a floor of brick to be laid, upon which Jamma bricks are to be filled in, and well beat down and levelled; then to be covered with another floor of brick-work one foot thick, which will effectually prevent the damp from rising, and keep the boarded floor perfectly dry.

Directions to be observed in flooring Magazines for the reception of Gunpowder.

Proc. V. P. 19th  
Sep. 1809.

The Military Board are authorized to purchase, on account of Government, the House and Offices at Pultah, late the Property of Mr. Brice, which is to be assigned to the future reception and accommodation of the Members of the Military Board, whenever they may find it their duty to visit the Powder Works there. The Agent for the Manufacture at Pultah is authorized to entertain a Durwan to take care of the house, whose salary is to be charged in his monthly accounts.

The Purchase of a House at Pultah authorized for the accommodation of the Military Board and how to be repaired

Proc. V. P.  
26th Dec. 1809

The Vice President in Council is pleased to authorize the Military Board to instruct the Agent for the Manufacture of Gunpowder at Pultah to repair the house lately purchased by Government there for the accommodation of the Military Board.

Res. M. B.  
30th Aug. 1799

The expence of the necessary and ordinary repairs, as well as the amount of losses of buildings and materials by explosions (at the Powder Works) of which exact accounts must be rendered by the Agent, shall be written off as chargeable to the Manufacture.

Repairs &c. of Buildings how to be charged in the account.

Res. M. B.  
1st Nov. 1808.

The Agent for the Manufacture of Gunpowder at Allahabad is to draw in future by separate bill for new or repairing old buildings.

Res. M. B. 7th  
Oct. approved  
by Govr. Genl.  
27th Oct 1803

Straw Choppers are prohibited within the limits of the Powder Works.  
The following to be the future fixed Establishments for each of the Agents at Pultah and Allahabad.

No straw buildings admitted within the Powder works. Establishments for the Agents at Pultah and Allahabad.

|                                          | Arcot Rs. | 108  | or 100 8 10     |
| Six Men for keeping the Ground clean     | ----      | ---- | 18              |
| Four Ghurree Wallahs, at 4 each,         | ----      | ---- | 16              |
|                                          |           |      | <u>286 8 10</u> |

The number and description of people, (whether Europeans or Natives) to be entertained by the Agents monthly, in addition to the above, will of course depend on the quantity of Powder to be manufactured, the degree of expedition with which it may be required for the public Service, and other circumstances, of which they alone, in the first instance, will be the judges. They are to be detailed in their Monthly Bills under the head, "Extra People;" and as the discretionary authority now vested in the Agents affords the fullest proof of the confidence reposed in them, the Board trust that the moderation of their monthly charges for Extra People (of which their report of work done during the month will always enable the Board to form an accurate judgment,) will evince that this confidence has not been misplaced.

(N. B. For the Regulations granting Pensions to the Relatives of Persons killed by explosion at the Gunpowder Manufactories, *vide Chapter XIV.*)

All Officers of Govt. at the Presidency to comply with Indents from the Agent at Pultah.

All Officers of Government at the Presidency, who may have charge of Stores that shall be wanted for the Manufacture of Gunpowder, shall comply, immediately, with all the Agent's Indents that have been previously passed by the Military Board, or assign a reason in the event of non-compliance.

Res. M. B. 30th Aug. 1790.

Regulations for the supply of Saltpetre and Sulphur to the Gunpowder Agencies.

The Agent is always to use, in the Manufacture of Gunpowder, Saltpetre of the Province of the Doab, when it can be procured, but the want of it is on no account to impede the Manufacture.

Res. M. B. 8th Nov. 1790

The necessary orders are to be issued to the Board of Trade for the quantity of Saltpetre, to the extent specified by the Military Board, being furnished to the Agents for the provision of Gunpowder at Allahabad and Pultah, to enable them to manufacture the annual supply of Gunpowder at their respective Agencies.

Proc. V. P. 24th Oct. 1809

The Vice President in Council authorizes the Agent for the Manufacture of Gunpowder at Pultah to purchase Buzar maunds 400 of Sulphur, agreeable to a sample stated to have been furnished for the inspection of the Military Board, at an expence not exceeding the sum of Sicca Rupees six per maund.

Proc. V. P. 7th Nov. 1809

An application will be made to the Government of Bombay, for an annual supply of rough or unrefined Sulphur equal to 3,000 Calcutta maunds, or of 1,500 maunds of that article purified, as may be found most convenient or economical.

(For Regulations directing the supply of refined Sulphur and Saltpetre from the Gunpowder Manufactories for Fuze Composition required in the Magazines, vide page 447.)

Proc. G. C. 18  
Sept. 1803

The Governor General in Council approves of the rules proposed by the Military Board for keeping and adjusting the accounts of the Agents for the Manufacture of Gunpowder as follows.

The Agents shall, in all practicable cases, obtain from the Honourable Company's Storehouse every article that may be required for the Manufacture, provided the quality and price of such materials shall appear to the Board to be unobjectionable.

Materials required for the Manufacture how to be obtained and carried to account,

The following are the Forms and Rules to be observed by the Agents in all applications for Stores required from the Company's Export, Import, or Marine Warehouse, as well as from the Arsenal in Fort William, and the Magazine at Allahabad.

(Signed,)  
 Export Warehouse Keeper,  
 Import Warehouse Keeper,  
 Marine Store Keeper,  
 Secretary Military Board,  
 Commissary of Ordnance at Allahabad,

After the Agent at Pultah shall have drawn out his Indent, under the form above prescribed, his first step will be to present it to the Export, Import, or Marine Warehouse Keeper, who will insert in the transverse column, allotted for that purpose, the rates of the article or articles applied for, and the Agent will thereafter transmit it to the Military Board Office. With respect to the Indents on the Arsenal by the Agent at Pultah, and with respect to the Indents on the Magazine at Allahabad, by the Agent there, they may be sent direct to the Secretary of the Military Board, who will insert the rates previous to submitting the Indents.

With respect to the Indents of the Agent at Pultah the Secretary will then fill up the 6th and 7th columns, and when the Indents shall have been passed by the Board, add the

usual certificate, and return the Indent to the Agent, who will present it to the Military Paymaster General, to whom he will grant receipts and receive drafts for the materials specified in the Indent, at the rates therein stated, for the whole amount of which he will, in the first instance, be debited on the Books of the Military Paymaster General. In the event of short delivery of the whole, or any part, of the articles of Stores included in the Paymaster General's draft, the Agent is to report, within one month, the amount thereof to the Military Board, in order that the necessary steps may be pursued for bringing the amount of the short deliveries to the Agent's credit.

With respect to the Indents of the Agent at Allahabad, he will, when they shall have been returned to him by the Secretary of the Military Board, in the manner above described, present them to the Commissary of Ordnance at Allahabad, who will issue the articles mentioned therein in whole or in part, according to the state of the Stores. Upon receipt of the Commissary's return for the month in which the issues shall have been made, the Secretary of the Military Board is to inform the Military Paymaster General of the particulars of the Stores furnished from the Magazine to the Agent at Allahabad upon Indents, specifying the number and date, in order that the Agent may be debited for the same on the Military Books.

The Military Paymaster General will, in pursuance of this rule, have to charge in future the Agents for the Manufacture of Gunpowder with the amount of their respective supplies in Stores, and the Agents will charge the same amount in their monthly accounts of Stores when expended; but the check on the expenditure will, of course, remain, as at present, with the Military Board.

Conformably to the Orders of his Excellency the Most Noble the Governor General in Council, under date the 24th Feb. and 17th March last, the Military Paymaster General will in future keep the accounts of the Agents for the Manufacture of Gunpowder under two distinct heads:—the first, An Account Current of Cash received, and disbursed; the second, An Account Current wherein the Agents will be debited for the Stores issued to them from the Honorable Company's Stores, at the Company's rates, and they will be credited for the Stores at the same rates after the accounts of the expenditure of them shall have been approved and passed; but the Balances of cash, which may become due to the Agents from time to time, are always to be discharged without regard to the balance of Stores, which is meant to shew the value of Stores for which the Agents are responsible to the Company.

Residuum Saltpetre sold and remaining in Store to be reported monthly to the Military Board.

The Agents shall sell, under the orders of the Board, all the residuum Saltpetre, which, after refinement, shall be rendered unfit for the purpose of the Manufactory; the quantity of residuum Saltpetre in Store, and the quantity sold, is to be reported monthly to the Military Board, who will send the necessary information to the Paymaster General to enable him to debit the Agents in their respective cash accounts for the amount of the sales.

Advances of cash to Agents, how to be made,

The Agents will receive advances of cash on application to Government through the Military Board: their applications for advances must always be accompanied by a statement of the Balance of cash remaining in their hands, or due by Government to them, as the case may be; they are also to furnish to the Military Board Monthly Accounts Current of Cash received and expended, according to the following form.

K. E.

(Signed) A. B.

PULTAH,

21<sup>st</sup> February, 1812,

A. for M. G. P.

A monthly account of Cash Disbursements shall be kept by the Agents for the Manufacture of Gunpowder at Pultah and Allahabad, respectively, agreeably to the Form No. 9, which account must be sent to the Secretary of the Military Board, on or before the 20th day of every month, for the month immediately preceding, attested in the manner prescribed in the Form; to this account is to be annexed a statement of the quantity of Gunpowder received, and rejected, and of the quantity repaired or remade during the course of the preceding month, specifying whence the Gunpowder repaired or remade was obtained, to which is to be added an estimate of the expence of repairing and remaking it, in the mode pointed out in the Form.

Accounts of  
Cash disburse-  
ments;Of Gunpowder  
received, rejected,  
repaired or  
remade;

A monthly account of the Stores received and issued by the Agents shall be kept by them, alphabetically arranged, agreeably to the Form No. 10. This account, attested in the manner specified in the Form, must be transmitted to the Secretary of the Military Board, at the same time as their respective accounts of the Cash Disbursements, in order that, if approved, the amount of the Expenditure may be written off to their Credit. The Agents are, however, to understand, that their accounts of Expenditure of Materials will be liable to review and strict scrutiny afterwards, upon an annual comparison of the quantity of Powder manufactured with the materials received and expended; and, to enable the Board to make this comparison, the Secretary will, as soon as possible after the 1st of May in each year, lay before them a Statement of the number of Barrels of Powder manufactured, and of the materials received and expended during the preceding official year.

And of Materials  
and Stores  
received and is-  
sued, to be fur-  
nished monthly.Annual State-  
ment of Pow-  
der manufactu-  
red and of Ma-  
terials received  
and expended,  
to be prepared,  
by the Secreta-  
ry to the Mili-  
tary Board.

The accounts of the Agencies for the Manufacture of Gunpowder will be closed in future on the 30th of April for the preceding official year, at which time the Agents are to prepare their annual statement of the expence of the Manufactory, and of the quantity of Gunpowder made, repaired, received, and rejected, according to Form No. 11. Being themselves responsible for the accuracy and fidelity of all accounts rendered by them to the Board, they must transmit them, made out in the prescribed forms, direct to the Secretary, who is positively enjoined to return to the Agents all accounts received from them that are not made out according to the forms, and orders, prescribed in the foregoing Regulations.

Annual State-  
ment of the ex-  
pense of the  
quantity of Gun-  
powder made,  
repaired, recei-  
ved and reject-  
ed, to be trans-  
mitted, by the  
Agents, to the  
Secretary to the  
Military Board.

(For the attestation of Accounts, &c. by the Agents for the Manufacture of Gunpowder, and notice previous to the resignation of their Appointments, vide page 421 and Form No. 4, Chapter III.)

# AGENCY FOR THE MANUFACTURE OF GUN CARRIAGES AND POWDER BARRELS

Provision for  
the supply of  
Gun Carriages  
and Powder  
Barrels by  
Agency.

The Governor General in Council having had under his consideration the Proceedings of the Military Board, on the subject of the Gun Carriage Agency, his Lordship in Council has been pleased to determine, that Mortar Beds, Gun Carriages, Ammunition Tumbrils, and Carts, and other Carriages, for Military purposes for the Service of this Presidency, shall be provided by an Agent with a fixed personal salary.

Proc. G. G.  
30th Oct. 1859

The Agent is to be subject to the controul and direction of the Military Board.

His Lordship in Council has also resolved, that the Barrels required for the purpose of packing the Gunpowder in, shall be supplied by the Agent during the continuance of the Agency.

Allowances and  
Establishments,  
&c. of the  
Agency.

The Governor General in Council has been pleased to fix the salary of the Agent for the supply of Gun Carriages and Gunpowder Barrels at Sicca Rupees 1200 per mensem; exclusive of the pay, gratuity, half batta and house rent, (if not provided with quarters) of his Regimental Rank.

The Agent for the Manufacture of Gun Carriages is not to draw tent allowance.

G. O. G. G.  
23d Sept. 1859

Agreed, under the authority from Government to that effect, conveyed in the Military Secretary's Letter of the 8th instant, to desire the Agent for Gun Carriages to charge his actual expences for writers and stationery in his monthly accounts, subject, in common with his other disbursements, to be verified in the manner heretofore prescribed.

Res. M. B.  
15th May 1859

The salary of the Agent for Gun Carriages is not to be included in the advance necessary for the establishment, but is to be paid at the same time as the salaries of other Officers at the Presidency

Proc. G. G.  
18th Oct. 1859

The Agent for Gun Carriages is to send his bills for salary to the Paymaster of Artillery and Garrisons, instead of transmitting them to the Military Auditor General.

Res. M. B. & G.  
Oct. 1859

The following is the fixed Establishment of permanent people for the Agency.

Regulations approved by G. G.  
18th Dec. 1859

Regs. approv-  
ed by G. G.  
18th Dec. 1800

All iron or copper required for the Agency is to be drawn from the Company's Stores, on indents, previously passed by the Military Board; but in the event of its not being procurable from thence, it is to be purchased in town by the Agent, under the previous sanction of the Governor General in Council, obtained through the Military Board.

Directions for  
the supply of  
Iron, Copper,  
Tools, &c. for  
the Agency.

Whatever tools or other articles shall also be required for the Agency, they shall be drawn in a similar manner from the Company's Stores.

Res. M. B. 2d  
Jan. 1810

In the event of the Agent for Gun Carriages being furnished from the Import Warehouse at any future period with sea-coal of a quality inferior to what may be required by him, and procurable therefrom, he will report the circumstance immediately to the Military Board, in order that measures may be taken for obtaining the supply; if practicable; of the quality required.

Regs. approv-  
ed by G. G.  
18th Dec. 1800

The Timber shall be surveyed by a Committee of Members of the Military Board, who will be assisted by such persons as they may find competent to judge of the qualities of the timber, at which surveys such pieces of timber as may appear unfit to be applied to the construction of Gun Carriages shall be laid aside for Powder Barrels, and such as may be unfit for either purpose shall be rejected altogether, and sold or otherwise disposed of, as the Military Board may direct.

Timber for  
Gun Carriages  
and Powder  
Barrels how to  
be surveyed.

The approved timbers, both for Ordnance Carriages and Powder Barrels, to be marked and numbered progressively, in the presence of the Committee, according to the purposes to which they are to be applied, and a return of the number, length and scantling of each piece to be sent to the Military Board Office, where the reports are to be bound up and preserved.

Proc. G. G.  
30th Jan. 1809

The Governor General in Council is pleased to authorize a store of seasoned timber, being always maintained at the Agency Yard at Cossipoor, consisting of the quantity and description of wood stated to be required for the occasional demands of the public service, viz.

A store of sea-  
soned Timber  
to be maintain-  
ed at the Agen-  
cy.

These are to be returned in the Agent's Reports to the Military Board, and never to be appropriated to any use without the sanction and orders of the Board.

Proc. V. P 43d  
July 1811

The future Provision and Supply of the various articles of half-wrought materials required for the use of the Gun Carriage Agency, is to be transferred to the Committee, subject (for the present) to the prevailing Rules with respect to previous examination and survey, (as sanctioned by Government on the 2d May, 1808) viz.

Rules observed  
for the supply  
and receipt  
of half-wrought  
Materials for  
the Manufacture  
of Gun Carriage.

The several articles to be supplied on Indents passed by the Military Board, and to be delivered at the Gun Carriage Agency Yard at Cossipoor.

As soon as they shall be collected on the spot allotted for their reception, it will be the special duty of the Agent, assisted by his Artificers, to examine minutely every article, and to separate such as may appear to him defective in any respect. (In the performance of this duty the Agent will be considered by Government particularly called upon to protest against all Articles which shall not appear to him to have been constructed from well-seasoned Timber; as he will be held responsible for any, admitted with his consent, which may afterwards be found unfit for the purposes for which they were intended, from defects that might have been observable at the time of delivery.)

The result of the examination is to be reported by the Agent to the Military Board, when a Committee of that Board will proceed to survey the materials, at which survey the Agent will be expected to offer objections, arising from his previous and more particular inspection, to any part of the supply, either with respect to their quality or non-conformity with prescribed musters; and he shall sign a declaration on the report, previous to its being signed by the Committee of the Board, of his opinion of the materials therein detailed.

The Proportion of half-wrought materials allotted for the Agency to be kept complete.

Ordered, that the Agent for Gun Carriages be informed, that an ample stock of materials, to be reserved in Store for all future demands, of the Public Service being laid down as a proportion for the Agency Yard, the Board consider it to be his special duty to keep up that proportion by Indents on the (Commisariat) from time to time, to replace all issues, whether for the service of the Field Stations, or for the purpose of being put together at the Yard.

Res. M. B. 18th Oct. 1808

Proportion of half-wrought materials to be reserved for the construction of Ammunition Waggon;

Agreed to authorize the Agent for Gun Carriages to lay up in the Depot, and to preserve at all times as complete as possible, a supply of half-wrought materials equal to the construction of a double set of the new Pattern Ammunition Waggon, for Horse Artillery and Cavalry,—viz for 92 Waggon.

Res. M. B. 16th Oct. 1810

And for Carts of the different descriptions.

Resolved, that the Agent for Gun Carriages be directed to construct the 121 carts and 726 casks, composing the first Equipment of carts and casks for the conveyance of Liquor for the European Troops, as authorized by the Vice President in Council on the 5th September last.

Res. M. B. 27th March 1810

Agreed, that the proportion of materials in the half-wrought state for the several descriptions of carts to be maintained in Store at the Gun Carriage Agency Yard be fixed as follows:

Res. M. B. 27th August 1814

|                       |      |      |      |      |      |     |
|-----------------------|------|------|------|------|------|-----|
| For Carts Artificers' | ---- | ---- | ---- | ---- | ---- | 30  |
| " Store               | ---- | ---- | ---- | ---- | ---- | 100 |
| " Stout Plt. form     | ---- | ---- | ---- | ---- | ---- | 40  |
| " Spirit (or Dray)    | ---- | ---- | ---- | ---- | ---- | 50  |

Sissoo of considerable width being difficult of procurance,—Ordered, that the Agent be authorized to receive from the Commisariat, and work up in the bottoms and sides of carts, planks of lesser breadth, which, if fully seasoned and well put together, will not be less strong or durable than broad planks.

Monthly accounts of Balances of half-wrought materials due on indent to be transmitted to the Military Board.

Resolved, that the Agent for Gun Carriages be informed, that the accuracy of the monthly statements of the balances of half-wrought materials, due from the (Commisariat) is of the greatest importance: countermanded supplies, or any for which musters have not been prepared, should of course be excluded. The Statements are in future to be transmitted as early as possible after the conclusion of each month.

Res. M. B. 27th March 1810

Materials, of which balances are due, not to be indented for

The Agent for Gun Carriages is directed not to indent for half-wrought materials of the same descriptions of which balances are due.

Res. M. B. 20th Sept. 1809

Timber for Gun Carriages to be seasoned previous to being worked up.

The Timber required for each year's supply for Carriages, and Mortar Bods, shall be blocked out and laid to season twelve months before it is worked up.

Res. approved by G. C. 28th Dec. 1800

As soon as the different parts of the wood work, Soondry excepted, are also blocked out, they shall be lodged in Store Rooms, appropriated for the purpose, adjoining to the work-shops, one key of which Store Rooms shall be deposited with the Commandant of Artillery, and the other with the Agent.

All the parts of Soondry wood shall be placed in convenient situations over the forge to season.

- Proc. G. G. 2d May 1805** The Governor General in Council approves of the instructions, given to the Agent for the Manufacture of Ordnance Carriages, to allot in separate piles the materials to be blocked out in each month, so as to enable him at any time to point out the periods when they were formed, Materials received in each month to be separately piled.
- Res. M. B. 16th August 1808** The Agent for Gun Carriages is directed always to lay aside, for the express purpose of making Fuzes for shells, such pieces of Soondry wood as cannot be brought into use in the Agency Yard, but which will answer for that purpose. Soondry Wood to be reserved for Fuzes.
- Res. M. B. 18th October 1808** Agreed to authorize the Agent for Gun Carriages to strike off the unserviceable half-wrought materials from his Books, and to receive them, as fire wood, by weight. Circumstances under which unserviceable half-wrought materials are to be transferred to fire wood.
- Res. M. B. 8th January 1811** The Agent for Gun Carriages is not at liberty to destroy any articles of unserviceable half-wrought materials, or even to turn them over to fire wood, without express authority.
- Res. approved by G. G. 18th Dec. 1800** The Carriages are to be made in every respect equal and similar to such masters as shall be from time to time approved by the Military Board.  
The checks of every description of Carriages shall be made of one piece of Timber, except in such cases as the Board shall think fit to direct otherwise. Directions to be observed in the construction of Gun Carriages of various descriptions
- Proc. G. G. 3d June 1801** The Governor General in Council authorizes and directs that in future all Garrison Carriages shall be made up with joined checks of two pieces.  
His Excellency also authorizes the use of Sissoo wood in the construction of all Garrison Carriages.
- Res. approved by G. G. 18th Dec. 1800** The Felloes and Naves of Wheels and Axletree Beds should be made of Sissoo: the Spokes of Teak or Sissoo.
- Proc. G. G. 11th Oct. 1804** The Governor General in Council approves the orders given by the Military Board to the Acting Agent for Gun Carriages, to use seasoned Soondry in the construction of the Spokes of Gun Carriage Wheels, and, when that wood cannot be procured sufficiently seasoned, to use Sissoo Timber for that purpose, in place of Teak as heretofore.
- Res. approved by G. G. 18th Dec. 1800** The clamps of the Tumbrill Bodies and Limber Boxes to be fixed with screws or rivets, instead of nails.
- Proc. G. G. 18th Feb. 1807** The Governor General in Council approves the proposition of the Military Board for lining all Ammunition Tumbrills in future with thin copper, and authorizes the Military Board to prepare an Indent on Europe accordingly, for the future Service of the Ordnance Carriage Manufactory.
- Res. M. B. 18th October 1776** No lining is to be put in Limber Boxes.
- Ext. Let. Adj. Genl 18th March 1805** The Commander in Chief has directed me to express his desire that the following remarks on the construction of Gun Carriages be implicitly complied with.

#### ON THE WHEELS,

The Wheels of the 24 and 18 Pounder Carriages to be 5 feet in diameter, and those of their respective Limbers 4½ feet.

The five feet Wheels being too high for the Battery are intended only for the more easy travelling; when the Guns are to be drawn into the Battery, these Wheels are to be taken off, and the Limber Wheels of 4½ feet put on in their room.

The Limber Wheels must therefore be made of equal strength with the Carriage Wheels; that is, they must have the same thickness of Felloes and Spokes and the same length and diameter of Nave. The Nave Hole must also be of precisely the same dimensions, in order to receive the Axletree Arm of the Gun Carriage.

**ADDITIONAL REMARKS ON THE WHEELS.**

The iron Streaks are to be in six pieces, each of the breadth of the Felly : they are to be held to the Felly by 24 Streak nails, or 4 for each Streak, whose heads are to be counter-sunk. These nails or bolts are to pass through the Fellys and to be rivetted over a plate firm of an inch square and  $\frac{1}{4}$  of an inch thick ; this plate is by no means to be let into the wood, as is commonly done, but to stand upon it, having the edges a little levelled off. The Streak nails or bolts are to be at equal distances from each other, or nearly so, to do which the streak must not have a hole bored at each end near the edge, as is usually done, and then the intermediate space divided into equal parts for the nails ; for, by doing so, when the streaks come to be put on, and two ends of them are placed together on the Felly, two nails or bolts will also come together, two holes must be made close together, and the Felly be much weakened on that part.

Every streak nail should be equi-distant as much as possible, care being taken however not to bring any bolt over a mortise or tenon.

The surest way is to have the wheel ready for putting on the streaks, and then to mark on its Fellys, with chalk, the spot where the nails or bolts are to be inserted. The streaks may then be put to, and the place for the nails marked in the same manner.

The dimensions of the Spokes, Fellys and Naves should be as follows :

Fellys—thick  $4\frac{1}{2}$  inches, broad 6 inches.

Spokes,—thick  $2\frac{1}{2}$  inches, broad  $4\frac{1}{2}$  inches.

Nave,—long 15 inches,—diameter at the shoulder end 13 inches,—at the middle 16 inches,—at the lynch end 12 inches.

**ON THE AXLETREE.**

The iron Axletree of the Carriage and its Limber to be made exactly alike, and of the very same dimensions.

That belonging to the Limber should be previously fitted to the Carriage, and not inserted into the bed or bolster of the Limber, until it has been so done. The shoulders on the body of the iron Axletree can be easily let into the wood of the bed or bolster.

The lower part of the iron Axletree to be a continued straight line, that is, the arms are not to be bent downwards.

The body of the Axletree to be of the same dimensions all along, and not made thinner in the middle than at the shoulders.

By making the iron Axletree of the Limber to serve the Carriage on occasion, a spare Axletree will be always at hand, and little or no impediment will arise to the service, should a Carriage Axletree break in the battery ; and the broken Axletree, which takes much time to repair, may be done at leisure.

The iron Axletree of the Carriage is to be let in flush into the cheeks, the Axletree band will then be only a flat piece of iron, coming immediately under the Axletree, through which band the holding bolts pass ; no wooden bed is then required. (Although it is said that the iron Axletree is to be let in flush, it must be observed that it ought not to be quite so, but the Axletree must project the lower part of the cheeks about  $\frac{1}{2}$  a tenth of an inch, in order to allow the holding bolts and band to feel and grip strongly the Axletree, and hold it tight to the cheeks ; an iron stay fixed to each washer, at the shoulder end of the Axletree Arms, extends to the Bolt Plates of the center Transom, and is fixed to them ; the Bolt Plate is part of the Stay, serving a double purpose )

(By directions from the Military Board under date 16th July, 1811, the attention of the Agent is particularly directed to preparing the Axletree Bands of the very best iron.)

**ON THE CHEEKS.**

The Cheeks are to be 5 inches thick. No iron work is to be let into the wood of the cheeks, such as Transom Plates, Bolt Heads, &c. which weakens the Carriage by diminishing the thickness of the wood, and often at the very place where the wood is of necessity weakest, from perforation, to admit Bolts, &c. All iron work of the above description (and in general whenever it can be conveniently done) to be put on the outside, and the edges of it to be levelled off.

## ON THE LIMBER.

The Pintle to be moveable and to stand on a wooden bolster immediately over the Axletree; not on a sweep of  $2\frac{1}{2}$  or 3 feet radius behind the Axletree. The wooden bolster will be in height about 9 inches at the middle.

## ON THE CONSTRUCTION OF GALLOPERS.

His Lordship desires that Gallopers be hereafter constructed as follows.

The Limber and Gun Wheels to be high, and both of the same height.

The Axletrees of Gun and Limber to be of the same length.

The Iron and Wood Work of the Carriage and Pole to be made much stronger.

The weight of the Gun and length of the beam to be increased.

Let. Adj. Genl.  
13th Apr. 1808

The Commander in Chief sanctions the discontinuance of the Wooden Bolster or Bed over the iron Axletrees of Field Carriages of the description mentioned,—viz. Brs 12 Pounders.

Res M. B. 3d  
May 1808

The Agent for Gun Carriages is to be informed, that the iron Axletree should be sunk into the cheeks except about  $\frac{1}{2}$  tenth of an inch, which is allowed to project the wood, in order that the iron plates, substituted for the old fashioned Axletree Bands, may, when held under the axletree by the bolts and screws, press hard and keep it tight and close up; iron stays to join obliquely the shoulder of the axletree, with the cheek on each side, are authorized.

Ref. M. B.  
27th Aug 1811

Resolved, on the recommendation of the Acting Commandant of Artillery, to establish the carts of the four following descriptions to the exclusion of all others, viz.

Regulations for the construction of the several descriptions of carts established for the different Branches of the Service

## No. 1.—CART ARTIFICERS,

Having boarded sides and bottom of Teak, stout built—wheels 5 feet high, and having a tilt.

No. 2.—CART STORE, -----  
This cart to be used either as an Ordnance Store Cart, or a Quarter-master's Cart—Those of the latter description are only supplied to new Corps at the public expence,

Having railed sides, pannel front, and back like a door—wheels 5 feet high—bottom of board of any strong wood, and having a tilt.

## No. 3.—CART STOUT PLATFORM. --

Merely a Platform on wheels intended to transport mortars and their beds, and to move in the rear of Trains of Artillery, to take up broken-down Carriages, and prevent the halt of the Line.

## No. 4.—CART SPIRIT, (OR DRAY,)

Particularly constructed to carry four casks of Rum.

Regns. approved by G. G.  
18th Dec. 1800

The work and workshops shall at all times be open to the inspection of any Member or Members of the Military Board, to the Commandant or senior Officer of Artillery at the Presidency; or to that of any person or persons, nominated by the Military Board.

The workshops to be open to the inspection of the Military Board, &c.

Proc. G. G.  
23d July 1804

The Governor General in Council desires that the Military Board will submit for his information, a monthly report of the progress of the work executed at the Gun Carriage Agency Yard, specifying the number and description of Carriages and Gunpowder Barrels made during the month.

A monthly report of the progress of work at the Agency Yard to be furnished.

Res. M. B. 3d  
August 1804

The Agent for the Manufacture of Gun Carriages is to insert, in his future reports, the date of putting Carriages in hand, and the dates of their being completed and sent to the Arsenal.

Dates of commencement and completion of Carriages to be inserted in the report.

*Directions as to what part of the Manufacture is to be carried on in the rains.* No part of the wood work of any Carriages shall be put together, or the parts of them finished between the 15th June and 15th November, annually, without particular orders to the contrary. Regns. approv- ed by G. G. 18th Dec. 1800

The Military Board, under the sanction of Government of the 28th July, 1810, authorize the Agent for Gun Carriages to perform the following works during the rainy season. Res. M. B. 2d Aug. 1810 and 6th August 1811

Drays for Spirit Casks.

The carriage parts (not wheels) of 24, 18 and 12 pounders and their limbers.

Garrison Carriages.

8 Inch and 4 2.5th inch Mortar Beds.

The frame work, poles and axletrees of Tumbrills, Artificer's Carts and Store Carts.

No wheels of any description are to be put together, until the return of dry weather.

*The year in which constructed to be stamped on each Carriage.*

The Agent for Gun Carriages is in future to stamp the year, in which Carriages are constructed, in some conspicuous and superior part of the iron work of each Carriage. Res. M. B. 27th Sept. 1805

*Rates at which the iron work is to be charged,*

Ordered, that the Agent for Gun Carriages be informed, that his charges for iron manufactured at the Agency Yard, are, on no account, to exceed Six Rupees 25 per maund, and that the expences which may, hereafter, be necessarily incurred in the operation of completing each Carriage, will be separately considered and provided for. Res. M. B. 2d August 1808

*Carriages to be surveyed before they are put together.*

The wood work of all Ordnance Carriages, before they are put together, and the iron work, when forged, to be surveyed by a Committee, constituted in the same manner as that for the survey of timber when purchased, and if found unserviceable to be broken up in the presence of the Committee. Regns. approved by G. G. 18th Dec. 1800

*The Carriages to be classed in the order in which they are to be prepared.*

The Governor General in Council approves the instructions given by the Military Board to the Acting Agent for Ordnance Carriages, with respect to classing the descriptions of Carriages, in the order of priority, in which they are to be prepared. Proc. G. G. 9th Feb. 1804

*Regulations for the Survey of Ordnance Carriages constructed by the Agent.*

All Carriages received from the Agent shall be brought into the Garrison of Fort William, on the first Tuesday of every month, where, previous to being painted, they will be surveyed by a Committee, composed of the Commanding Officer in Garrison, the Commandant and one Field Officer of Artillery, the Chief Engineer and the Quarter-master General. Regns. approved by G. G. 18th Decr. 1800

The Carriages are not to be painted by the Agent.

Should any Carriage upon survey be found defective, and be rejected by the Committee, they will report to the Board, whether it is to be broken up altogether, or only the objectionable or defective parts changed or altered; and whether the defects or deficiencies which condemn the Carriage are to be imputed to the neglect of the Agent, in which case he shall abide by the loss. Copies of these reports are to be regularly transmitted to the Governor General in Council by the Military Board.

Agreed, that it be considered a standing regulation, for the observance of all Committees assembled for the survey of new Gun Carriages and Tumbrills, tendered for the Public Service, that it is to be expressed in their reports, that every Carriage has been carefully and separately examined, and that every defect observed has been stated. Res. M. B. 2d May 1796

The reports of the above Committees are to be forwarded to the Secretary to the Military Board. G. O. 10th October 1789

| <i>Description of Carriages.</i>                                         | <i>No.</i> | <i>Remarks.</i>                                                                                                                                                                 |

Res. M. B. 17th April 1810. The four Carriages of new and improved construction, described in the above report, having been prepared under the particular instructions and occasional superintendence of the Commandant of Artillery, upon the most approved modern principles, and appearing to the Military Board perfect in all respects,—Resolved, to adopt them as pattern Carriages for the future guidance of the Agent in making up Carriages of those particular descriptions; the 5½ Inch Howitzers and 6 Pr. Carriages, as superceding the present musters, being equally well adapted for the service of Horse or Foot Artillery—The 12 Pr. Carriage as confined to the demands of the service for light brass Guns of that Calibre, or such as weigh from 8 to 9 Cwt.—The Waggon for the service of the Corps of Horse Artillery on this Establishment, (also for Cavalry Gallopers.)

The Commissary of Stores to mark and receive on his Books, under the head of "Musters," the four Carriages mentioned in the foregoing resolution, and to lend them (as occasion may require) to the Agent for his guidance; taking care always to produce them at the future Surveys of new Gun Carriages of corresponding descriptions, which may be submitted to the Board at the Arsenal.

Res. M. B. 30th Aug. 1799. The Staves of Powder Barrels shall be ¾ths of an Inch in thickness. The Ends..... 1 ..... Inch thick. Each Barrel to be hooped with 4 copper hoops, which are to be stamped with their weight—viz. 8lbs. Breadth of the Hoops 1¼ Inches—Thickness 1-10th of an Inch.

Powder Barrels how to be constructed.

Res. M. B. 3rd Jan. 1810. The Agent for the Manufacture of Powder Barrels is directed to make the Heads with two, instead of three pieces.

Res. M. B. 2nd May 1810. Resolved, that it shall be henceforth considered unnecessary to hold any Survey on new Hoops, previous to the Barrels and their Hoops complete being delivered over to the Arsenal Department. The standard weight of a set of copper hoops for a Powder Barrel is to be considered, as heretofore, 8lbs: none however are to be rejected, that shall not exceed or fall short of that weight in a greater proportion than 4 Oz. in each set.—Previous to fixing the Hoops on the Barrels they shall be stamped by the Agent, according to their weight, and when delivered into the Arsenal, they shall be surveyed, and one in every ten sets of the Hoops taken off their Barrels, promiscuously, and if found to correspond with the weight marked on them, the whole shall be received, agreeably to the weight stamped thereon, without further examination. The report is to specify the number weighed in the presence of the Committee, and the result, as well as the aggregate amount of the weight, stamped on the whole number of Hoops surveyed.

Hoops of Powder Barrels furnished by the Agent how to be surveyed.

Res. M. B. 4th April 1809. Resolved, with a view to maintain in future an ample supply of staves for the construction of Powder Barrels, that a supply, equal to the construction of 5000 Barrels, be laid up in Store; and that it be in future considered the fixed proportion for Store in the Agency Yard: all issues from which, for the purpose of putting Barrels together, are to be replaced by Indent, in the same manner as the half-wrought materials for Gun Carriages are required to be kept complete.

Proportion of Staves to be maintained at the Agency Yard.

Ordered, that the Agent be authorized to receive, in the usual manner, the scrap or re-

Task wood materials for

the construction of Powder Barrels & Liquor Casks how to be received and included in the Returns

jected Teak Board, and that he be informed that the Board confidently depend on his scrupulous previous examination of the quality of all Teak Board tendered for this branch of his Agency.

Ordered, that the Agent be informed that the component parts of Powder Barrels, that may hereafter be received from cuttings of Teak Board, are to be acknowledged in his Books in the rough state as "Teak materials equal to the construction of so many 100lb Powder Barrels," and that his receipts, granted for Teak materials equal to the construction of a certain number of Powder Barrels, will prove sufficient vouchers for the charge for the same.—(Teak materials were charged under the Contract system as follows.

Materials for 8 Powder Barrels, at the rate of one Shinbin;

Materials for 4 Spirit Casks, at ditto ditto.

In the event of the materials not furnishing the stipulated number of Barrels, the deficiency to be supplied by the Contractor.)

Res. M. B. 22  
Feb. 1808.

Annual Survey of half-wrought Materials, &c. at the Agency prohibited.

Resolved, that it does not appear to the Military Board to be at all necessary that the half-wrought materials at the Agency Yard should be unstacked for examination; and that, instead of the usual annual Report by a Committee, the Board will be satisfied by a report from the Agent, fully attested as to the number and condition of the extensive stock of public property confided to his charge, on the state of which he must, in the Board's opinion, be better qualified to pronounce than any Committee.

Res. M. B.  
20th June 1809

Reports to be made of the decay of any part of the Stock,

Whenever the Agent may have cause to suspect decay in any part of the half-wrought materials at the Yard, the Military Board look to him for an immediate Report to that effect.

Regulations for Advances of Cash to the Agent.

The Agent is to be supplied with advances of cash, on the recommendation of the Military Board, for the pay of Workmen, &c.

The amount of the advances of Cash, which shall be made by Government to the Agent shall be charged, in the first instance, to his personal debit.

Regns. approved by G. G.  
18th Dec. 1800

The Governor General in Council has been pleased to authorize the Military Paymaster General to make an advance to the Agent for Gun Carriages of Rs. 8000, and to renew this advance, whenever it shall appear, from the Agent's accounts, that the balance of cash remaining with him is less than 2000 Rupees.—(Advances are applied for by the Agent, when required, through the Military Board.)

Proc. G. C.  
28th Oct. 1804

Accounts of Receipts and Issues of Stores, for making Gun Carriages and Powder Barrels, and reports of balances of Materials, how to be kept and transmitted.

The Agent shall keep two sets of Books, containing a daily account of Receipts and Issues of Materials and Stores, agreeable to Form No. 12. One of these sets of Books for the Materials and Stores, used in the construction of Ordnance Carriages, and the other for those of Powder Barrels, which accounts of quantities must be balanced on the last day of every month; and an abstract of the Totals of the balances remaining on the 1st of the Month, and of the Receipts and Issues during the course, and of the balances remaining on the last day of the Month, agreeable to Form No. 13, must be sent to the Secretary of the Military Board, on or before the 10th day of every succeeding Month.

Regns. approved by G. G.  
18th Dec. 1800

Accounts of Artificers and work people how to be prepared.

The Agent shall also keep two other sets of Books, the one for Ordnance Carriages, and the other for the Powder Barrels, containing daily accounts of the Artificers and Work People of every description employed, during the month, beyond the fixed Establishment, with the rates of daily pay assigned to each; copies of which are to be sent monthly to the Secretary of the Military Board with the Totals summed up, and when these accounts are passed and returned to the Agent, their respective amounts are to be charged by him in his cash accounts for the subsequent month.

The Agent for the Manufacture of Gun Carriages is to conform in future to the following Form of Monthly Accounts of the Agency; the Iron-work to form a separate bill, (the verification of his account with respect to which will be dispensed with,) accompanied with a detail of the Work performed. (Vide Form No. 14.)

Res. M. B.  
13th Mar. 1810

Cash account when to be transmitted.

A monthly cash account shall be kept by the Agent in the following Form, (vide Form No. 15) containing on one side the advances, and on the other the actual disbursements in the course of the month, which account, attested in the prescribed form, shall be trans-

R. B. approved by G. G.  
18th Dec. 1800

mitted to the Secretary of the Military Board on or before the 10th day of every succeeding month.

When the said monthly cash account shall have been examined by the Military Board, the Secretary shall certify, on the face of it, the amount for which it shall be passed, and which is to be brought to account under instructions from the Military Auditor General.

On the 15th of June, annually, being the period when the making of Carriages is to cease, or as soon after that period as possible, the Agent is to make up a statement of the quantity and description of work executed during the preceding season; a statement of his Cash Disbursements and of Stores expended, and a calculation of the amount and value of Stock in hand; which being deducted from the last mentioned statement, and from the value of Stock in hand of the preceding year, will exhibit the aggregate cost of the number of Carriages completed during the season.

Statements of the comparative cost of Carriages and Barrels to be prepared by the Secretary to the Military Board.

On the receipt of these statements, the Secretary will check and compare them and the accounts; and bring, under the notice of the Board, a comparative statement of the cost of Carriages and Barrels of one year's Manufacture with those made by former Agents or Contractors, the result of which shall be reported to the Governor General in Council, that he may see from time to time the effects of the present system of Agency compared with the former ones or with former Contractors.

Proc. G. G.  
13th Oct. 1803

The Governor General in Council desires that the comparative statement of Medium Prices of Gun Carriages, &c., with those made by former Agents and Contractors, may be so formed hereafter as to exhibit at one view the quantity and price of materials used, and the expence of Workmanship incurred in the construction of each description of Carriage, by the present and former Agents.

Proc. G. G.  
15th Dec. 1803

The Governor General in Council desires the Military Board will adopt such measures as will enable them to submit to his Excellency in Council an accurate and perfect comparative statement of the Expence of the Ordnance Carriages, &c. constructed under the existing Agency, and of those constructed under former Agencies or Contracts.

(For the verification of accounts, &c. by the Agent for the Manufacture of Gun Carriages and Powder Barrels, and notice to be given previous to the resignation of the appointment, *vide page 421. and Form No. 4, Chapter III.*)

G. O. G. G.  
6th Nov. 1807

The Military Board having reported, that, agreeably to the Orders of Government, the whole of the Stock of Materials, Timbers, &c. at the Gun Carriage Agency Yard has been surveyed and inspected by that Board, in the presence of Captain James Young, of the Artillery, appointed to take charge; and that Officer having expressed himself satisfied as to the correctness of the quantities and condition of the various Stores appertaining to the Department, as detailed in the Survey Reports, Captain Young is accordingly to be considered as having received charge of the Gun Carriage and Powder Barrel Agency on the 3d instant, until further Orders.

Regulations observed on the transfer of the Agency.

# Form No. I.—CHAPTER XIII.

*Instructions and Forms to be observed by Officers of Ordnance in charge of Magazines, in conformity to the Regulations of the Board of Ordnance (Military Board) under date the 28th October, 1775.*

All Indents (either from the Magazine or upon it) are to be entered in the Book called the Indent Book ; at the end of the column exhibiting the articles passed on Indent is to be written the number of the page in the Day Book, where each article is mentioned as received or issued.

Period of attendance of the Artificers, &c. from

A. M. till P. M.

N. B.—After this manner the work performed by the several descriptions of Artificers composing the Establishment is to be exhibited,

(Signed.)

A. B.

Commissary of Ordnance,

Magazine.

TABLE exhibiting the Establishments attached to the ORDNANCE DEPARTMENT at the several Stations of the Army, agreeably to the Returns for August, 1811.

An Establishment was fixed by the Orders of Government, of the 4th July, 1808, for the Magazine of Fort Marlborough, but has never been conformed to. For the Establishments of Train Artificers attached to the Stations of Cawnpore, Agra and Kurnal, *vide page 910.* By General Orders of the 16th May, 1809, one Behildity and thirty Magazine-men are attached to the Depot of Ordnance Stores at Kurnal.

**TAB** *exhibiting the PROPORTION of ANNUAL PRACTICE AMMUNITION, as red the set at Corp. he Army, as of ably G*  
**TRA** *Ordnance*

## ( \* 150 ROUNDS PER MIN. )

Allowed in the same proportion as to the Native Infantry, according to the actual strength of each Corps.

## 6-11

The above allowance will be checked and paid by the Military B and, according to the actual strength of the respective Corps,

\* By General Orders of the 16th January and 24th December 1899, the light Companies are to be allowed 180 rounds of light, and 120 of Ballist Ammunition, per man, with a corresponding number of fuses.  
† The Carbines (which were formerly carried by each Troop of Native Cavalry) having been reduced to 12 per Troop, the allowance of Carbine Ammunition is reduced in like manner.  
‡ For the Havildars of light Companies who carry Fuzils.

Table exhibiting the Annual and Quarterly Proportions of Wax-cloth, Petty Stores, Hides and Twine, &c. allowed to the several Corps of the Army.

\* No Wax-cloth is allowed to the Corps of Pioneers. Nor for either European or Native Invalids.

† When both Battalions of a Regiment of Native Infantry are together, either in the Field or Campments, only one Dupper is to be indented for annually by the Regiment.

Oil and Dupper for European Corps are only indented for at Stations where there is no Barrack-master, when the requisite supply is to be furnished monthly, on Indents transmitted to the Military Board, properly touched as to the number of men and extent of the Barrack. A proportion of dupper and twine are allowed to the Battalion of Madras Fusiliers for the service of a Battalion.

PULTAH, 1st of June, 18—

(Signed) A. B.

Agent for Manufacture of Gunpowder at—

I hereby declare, upon my honor, that the Sums, charged in the preceding account of Disbursements, have been or will be actually disbursed by me for the purposes set forth; that the expence was necessary, according to the best of my judgment and belief, after the most careful examination; and that I do not, and will not derive any benefit from my situation as Agent for the Manufacture of Gunpowder, either directly or indirectly, at this, or any future time beyond the salary allowed to me by Government.

(Signed) A. B.

## EUROPEAN ANNUAL INVALIDING COMMITTEES.

Annual Medical Committees for invaliding European Non-commissioned and Privates, at what period to be assembled.

**COMMITTEES** of Surgeons for the purpose of examining men who may be recommended for the Invalid Establishment from European Corps are to be assembled annually on the 31st of August, (at Stations above Allahabad on the 31st July) when lists of the men are to be forwarded without delay to the Adjutant General's Office, so that all such as are ordered to be sent home for the benefit of Lord Clive's Pension, or otherwise, may be dispatched from the most distant Stations, to the Presidency, by the 1st of November at latest; and such as are deemed fit objects to remain in the Country are to be sent at the same time to Chunar, and enrolled, on the 1st of each November, on the strength of the Invalid Companies.

M. C. 9th Mar  
1788

Commanding Officers of Stations are required to examine the men very particularly, and with the lists to transmit to the Adjutant General an account of the pretensions of such men as they conceive have claims to be indulged with a residence and retreat in this Country; which pretensions the Commander in Chief considers can only arise from wounds or disorders contracted in the Service, which have entailed on them a helpless infirmity, or more than common length of service, in the course of which they may have conducted themselves with sobriety and attention to their duty, claiming such indulgence.

The Non-commissioned and Private Europeans who may be considered by the Annual Committees of Surgeons as proper objects for the Invalid Establishment are to remain with and on the strength of their respective Corps, until the Commander in Chief shall issue orders for their future destination.

Committee at the Presidency how to be composed.

The Commander in Chief is pleased to direct that, in future, the Head Surgeon of the Hospital at the Presidency, and the Surgeon to the Garrison of Fort William, shall always be members of the Committee ordered to be assembled annually to examine the Non-commissioned Officers and Soldiers belonging to the Corps in Garrison who may be considered as proper objects for being invalided.—(For the Report of an Invaliding Committee vide Form No. 1.)

G. O. 23d  
October 1789

Regulations for the transfer of European Non-commissioned, Privates, &c. found unfit for Field Duty by the annual Committees, from their sever-

The following Non-commissioned and Private Men belonging to Corps of the Hon'ble Company's Service appertaining to the Field Command, having been examined by Committees of Surgeons, and found unfit for Field Service, are transferred to the Invalid Establishment.

G. O. C. C.  
27th Aug. 1813

The Men invalided by the foregoing General Orders are to be paid up to the 30th proximo, and struck off the strength of their respective Corps from that date; and all who belong to Corps and Detachments beyond the Jumna and above Etawa and Mynpoory (with

exception to those at Lodhiana and Kurnal, who are to be sent to Meerut) are to be assembled at Agra without delay, whence they will be directed by the Officer commanding there to embark and proceed down the Jumna to their respective destinations, under charge of a careful non-commissioned Officer.

Corps to the  
different Branches of the Invalid  
Establishment.

The Invalids from all other Stations and Posts of the Field Command, excepting Allahabad, are to assemble at Cawnpore.

The Major General commanding the 24 Division of the Field Army will be pleased to appoint an Officer to proceed in charge of the Invalids of His Majesty's and the Hon'ble Company's Services from Meerut to Cawnpore.

The Officer Commanding in the Field will be pleased to appoint an Officer to the general charge of the Invalids of His Majesty's and the Hon'ble Company's Services from Cawnpore, who will also take charge of all the Invalids of both Services at the intermediate Stations to the Presidency.

All destined for Chunar are to be left at that Station ; descriptive rolls of such men as are reported fit for Garrison duty, describing rank, age, length of service, and all other requisite information, to be sent to Lieutenant Colonel Grant, commanding the European Invalids at Chunar, by Staff Officers of Stations, Detachments, Out-posts, or Corps ; and each man to be furnished with the prescribed pay and cloathing certificate.

G. O. C. C.  
19th Sept 1811

The undermentioned non-commissioned Officers and Privates belonging to Corps of the Hon'ble Company's Service stationed below Allahabad, having been examined by Medical Committees, and found unfit for Field Service, are transferred to the Invalid Establishment.

The men invalidated by the foregoing General Orders are to be paid up to the 30th Instant, and struck off the strength of their respective Corps from that date ; those destined for Chunar to be sent thither by water from Danapoor under charge of the senior non-commissioned Officer invalided.

Descriptive Rolls of the men reported fit for Garrison duty, specifying rank, age, length of service, and all other requisite information, are to be transmitted to the Officer commanding the European Invalids at Chunar ; and each man is to be furnished with the prescribed pay and cloathing Certificates.

All Invalids destined for Europe to be sent to the Presidency with the Officer proceeding in charge of European Invalids from Cawnpore.

G. O. C. C. ad  
January 1808.

The Commander in Chief having reason to suppose that it will happen, in particular cases, that men recover in their way to the Presidency, or intermediately to their embarkation for Europe, from the effects of accidental hurts, of wounds received on service, or from temporary loss of health owing to relaxation in this climate,—on which account they may have been sent down from their Corps as Invalids ; it is directed to be considered a standing order of the Service that the whole, when assembled annually at Fort William, shall undergo a re-examination at the General Hospital by a Special Committee of Surgeons, to be composed as follows.

A Member of the Medical Board, President.

The Surgeon in charge of the General Hospital and the Garrison Surgeon of Fort William, permanent Members of the Committee ; one Surgeon from His Majesty's Service and one from the Regiment of Artillery, members for the time being.

The General Officer Commanding at the Presidency will be pleased to direct the regular attendance of every man, and of such Officer and Surgeon as may have arrived in charge, to furnish the Committee with every information in their power ; for the same purpose copies of the original Invaliding Rolls are to be submitted to the Special Committee, whose Report is to be transmitted to the Commander in Chief's Military Secretary for His Excellency's consideration.

Medical Committee to be assembled at the Presidency to re-examine all men invalidated and ordered to return to Europe.

M. G. 25th Feb  
January 1791.

Resolved, that it be made a standing order, that a Committee, consisting of the Head Surgeon at the Presidency Hospital, the Garrison Surgeon, and a Surgeon from the Troops in Fort William, be assembled sometime previous to the period fixed for the dispatch of any ship, on which Invalids and discharged men are proposed to be embarked, to examine the condition of such persons in respect to health, and report the same to the Commanding Officer in Fort William, who shall direct that Invalids, &c. who cannot proceed to Europe with safety, or without evident risk that they will not be able to

Medical Committee to report on the state of health of all Europeans invalidated or discharged and proceeding to Europe, immediately previous to their embarkation.

endure the passage, shall not be permitted to embark, but be kept in the Hospital until their cure has been sufficiently effected to admit of their proceeding to England.

The Regulation contained in the Minutes of Council under date the 25th of February, relative to invalided and discharged men who may be ordered to be sent to Europe, is to be strictly attended to, and the Town Major or Officer officiating as such is to consider it as his duty to give timely notice to the Officer commanding in Garrison when men of the above description are ordered to embark, that the necessary Committees of Surgeons may be immediately ordered for their inspection, as directed in the Minutes of Council.

G. O. 5<sup>th</sup>  
March 1791.

Hammocks and quilts allowed to all Invalids returning to Europe.

The Governor General in Council is pleased to resolve, with a view to the greater comfort of the Invalids of His Majesty's and the Hon'ble Company's Services proceeding to Europe, that a hammock and a quilt shall be delivered to every Invalid previous to his quitting Fort William; in the case of Invalids of His Majesty's Service, the Brigade Major of the King's Troops will indent on the Commissary of Stores for the hammocks and on the Commissariat for Quilts; both indents to be countersigned by the Officer commanding at the Presidency.

G. O. C. G.  
19<sup>th</sup> October  
1807

The Town Major will indent in the same manner for Invalids of the Company's Service.

The issue of quilts to the Invalids of both Services is to be restricted to those men who have not received quilts within a period of six months; and a certificate to this effect from the Adjutant of the Corps to which the men belonged must accompany the indents.

#### CORPS OF EUROPEAN ARTILLERY AND INFANTRY INVALIDS.

Establishment of the Corps of European Artillery and Infantry Invalids.

The Governor General in Council has been pleased to determine that the establishment of European Artillery and Infantry Invalids for this Presidency, shall consist of two Companies of European Artillery Invalids, and two Companies of European Infantry Invalids.

G. O. C. G.  
January 1827.

The Station of the European Invalids is Chunar, from whence a small party is to be detached to Buxur.

G. O. 26<sup>th</sup> Feb.  
February 1793.

(A detachment from the European Artillery Invalids is also stationed at Allahabad.)

The Detachment for the Service of Buxur is to be commanded by a Subaltern Officer of the Invalid Establishment, and to be composed of one Serjeant, one Corporal, and twelve Privates from each Company of the European Infantry Invalids; and, to complete this arrangement, the Commanding Officer at Chunar is authorized to send men to Buxur, or to call them from thence, as circumstances may require.

G. O. 27<sup>th</sup>  
May 1788.

The Commanding Officer at Buxur, on the occurrence of any casualties, will apply to the Commanding Officer at Chunar for men to fill up vacancies.

Proportion of Commissioned Officers to be attached to the Corps.

The Establishment of Officers for each Company of European Invalids to be one Captain and three Subalterns, to be selected from the Invalid Officers, if there shall be so many of that description; or otherwise the Companies to be provided with such a proportion of Officers from the Effective Establishment, as the Commander in Chief shall please to appoint to do duty with them.

M. C. 9<sup>th</sup> May  
1788.

A Field Officer, either of the Invalid or Effective Establishment, may at any time be appointed to the general superintendence of the European Invalids, if the Commander in Chief shall see occasion for it.

Commissioned Officers under what circumstances transferred to the Invalid Establishment.

Officers who, from age, wounds, or decline of health, find themselves unfit for active service, are required to send their names to the Adjutant General's Office so that they may arrive there by the first of August, in order to their being removed from the Corps to which they belong and appointed with their respective ranks to the new Establishment of Invalids.

G. O. 27<sup>th</sup>  
May 1788.

To guard against misapprehension with respect to the principle of the Invalid Establishment, the Commander in Chief thinks it proper to apprise the Officers of the Army that, agreeable to the former Rules of this Establishment, as well as the general Regulations of other Services, whenever an Officer is transferred to the Invalid Establishment, his pro-

motion in the General List of the Army will cease ; and that, after having been once invalided, he cannot be re-admitted upon any other part of the Establishment.

(Officers doing duty with European or Native Invalids receive the pay, full batta and gratuity of their Regimental Rank, and are provided with the established proportion of Behishties and Sweepers.)

- G. O. G. G. 23d Sept. 1892. The European Officers attached to the Corps of European and Native Invalids are not to draw tent allowance. And what allowances to receive.
- G. O. 26th February 1790. The Artillery Invalid Companies are to be considered as appertaining to the Artillery Brigade. Artillery Invalid Companies to be attached to the Brigade of Artillery.  
Returns of them are accordingly to be sent to the Commandant of that Brigade, who will regulate all matters of interior detail in the same manner, as in the other detached Companies.—The Invalid Officers of Artillery attached to this Company are consequently to command, or to be subject to the orders of any Officer of the Brigade of Artillery, who may be at the same Station, according to their respective ranks in the Army.
- G. O. G. C. 24th Decr. 1806. Whenever Invalids of Artillery are sent from Chunar to the Presidency, the Officer commanding or in charge of the Company is directed to transmit by Dak to the Brigade Major of Artillery, Rolls of such men, specifying for what purpose they are sent, together with certificates of the last pay and clothing received by each ; and duplicates of these certificates are to be furnished to each individual.
- G. O. C. C. 7th January 1807. The Officer Commanding the European Invalids will be pleased to post Infantry Invalid Officers to the charge of Artillery Invalid Companies, as he may judge necessary, when there may not be Officers of the Artillery Corps on the Invalid Establishment to fill those situations. Infantry Invalid Officers under what circumstances to be posted to the Artillery Companies.
- G. O. G. G. 1st January 1807. The proportion of non-commissioned Officers for each Company of the European Artillery Invalids, to be six Serjeants, six Corporals, and six Gunners, with Drummers and Privates as at present,—(viz. two Drummers and one hundred Matrosses for each Company.) Proportion of Non-commissioned, &c. established for the European Artillery and Infantry Invalids.
- M. C. 6th May 1783. The Establishment of non-commissioned Officers to each Company of European Infantry Invalids is to be six Serjeants and six Corporals, who, so long as they form part of that Establishment, are to receive the pay of those Ranks.
- G. O. 27th May 1783. The non-commissioned Officers to complete the several Companies of European Invalids, according to the fixed Establishment, are to be taken in the first instance by seniority ; and future vacancies are to be supplied from amongst the men who may have leaved in those situations, according to seniority also ; for which purpose the Adjutant will keep a register.
- M. 26th Sep. 1796. Resolved, that, in future, all non-commissioned Officers, wounded or disabled on Service, be invalided in their respective Ranks, conformably to the orders of the Court of Directors. Non-commissioned Officers disabled by wounds received on service to retain their rank on being invalided
- M. C. 10th 1798. Resolved, that Gunners be hereafter admitted on the Invalid Establishment, with pay as such, when coming under the description which, by the Minutes of Council of the 26th September, 1796,—entitles non-commissioned Officers, when invalided, to the pay of their rank.
- M. C. 6th May 1783. European Invalid Drummers are to be proportioned among the Companies of European Invalids, on the pay of Privates. Proportion of Drummers, Privates, &c.
- The Privates, with the excess of non-commissioned Officers, are to be equally divided among the Companies, and should this mode encrease the number of each Company above a hundred, the surplus are to be mustered and returned with the several Companies as Supernumeraries, until Government shall think fit to incorporate them into an additional Company.

**Rates of Net Monthly Pay (exclusive of Off-allowances) and Half Batta to the Non-Commissioned, Drummers and Privates of European Artillery and Infantry Invalids.**

Rates of Pay, Batta, &c. for European Invalids.

No European Invalid, in whatever situation employed, is to receive more than half batta. M. C. 9th May 1788.

Resolved, that the European Artillery Invalids on duty at Secrole be allowed the full Batta of provisions, the same as the men of the Effective Corps, and that this Rule be observed in future, whenever the services of European Invalids are called for out of Garrison. M. C. 16th October 1797.

Pay for what periods to be drawn for Invalids dying. The pay of Non-commissioned and Private Invalids, both European and Native, may be drawn for the whole month if they die on or after the 15th, and for half a month in case they die before the 15th. Let M. S. G. 21st July 1797.

Companies how to be mustered. Companies of European Invalids to be mustered as nearly as possible according to the same form and in the same manner as is prescribed for Companies of European Infantry. M. C. 22d August 1796.

European Invalids who may be employed away from their Corps how to be returned, &c. Such European non-commissioned and Privates as may have been invalided, and may obtain permission to be employed in the Military Department, in situations where Europeans of that description form a part of the Regular Establishment of Government, shall be returned on the strength of the Invalid Corps; on the Muster Rolls opposite the names of such persons, they shall be returned "absent by leave, employed at—, or by—": no pay shall be drawn for such men in abstract, but they shall receive their pay in the department in which they shall be employed. G. O. C. G. 22d April 1803.

These men shall remain entitled to the benefits of the Invalid Establishment and to clothing.—(For the Provision of half-mounting to men of the above description vide page 171, and for the Provision of clothing, Chapter XVII.)

Such men as have been Invalided, and shall prefer employment in any situation, not comprehended in the preceding Article, shall be returned in the Corps of Invalids.

These men shall be paid by their employers, and shall not be entitled, during the period of such employment, to any pay or clothing from the Company or to any allowance in lieu of clothing.

Wooden legs required for Invalids how to be provided. Agreed, to pass the Indent of the Officer commanding His Majesty's 67th Regiment upon the Barrack-master for two wooden legs, required for two Privates of that Corps, in consequence of their having suffered amputation in the General Hospital. Res. M. B. 12th January 1808.

The bill drawn by Lieutenant Macleod, Barrack-master of Fort William, amounting to Sicca Rupees 40 for two wooden legs prepared by Messrs. Bruce and Smith for two Invalids of His Majesty's 67th Regiment of Foot, is passed by the Governor General in Council. Proc. G. C. 14th March 1808.

Staff, establishments, &c. allowed to the Corps of European Invalids. The following effective Staff to be allowed to the Corps of European Invalids:—One Assistant Surgeon—One European Adjutant, to do the duty also of Quartermaster, with a Staff allowance of 3 Rupees per day, and 30 Rupees per month for furnishing Stationery, Oil for the Barrack Guard, and all other charges whatever, incidental to those departments. M. C. 9th May 1788.

Serjeant Major, One Serjeant to perform the duties of Serjeant Major and Barrack Serjeant to the Corps, with a Staff allowance of 12 Rupees per month, (exclusive of the pay, &c. of a Serjeant of Infantry Invalids.)

An Allowance of 1 Rupee per month to be given to one of the Sergeants of each Company to act as Pay Sergeant, and no Sergeant Major or other Staff whatever to be allowed to the Companies. Pay Sergeants,

Two Doolies are to be allowed for the Corps; and two Puckallies and two Sweepers Doolies, for the men of each Company.

The Adjutant to draw for Behishties and Sweepers for the Officers present, in the proportion allowed for their respective Ranks. Puckallies, Sweepers, &c.

M. C. 10th July 1789. Resolved, that an Establishment of 3 Gentry-men be allowed for the Corps of European Invalids stationed at Chunar, on the customary Allowance.

G. O. 15th Dec. 1790. The Behishties, Sweepers and other people allowed to the Companies of European Invalids at Chunar, are to be under the Adjutant and Quarter-master of that Corps, and their allowances to be drawn in the same manner as the allowances of the people of that description under the Quarter-masters of European Battalions. Establishment how to be drawn for,

M. C. 9th May 1786. The duty of repairing and cleaning the Arms to be performed at the requisition of the commanding Officer by the Commissary of Ordnance. Arms how to be repaired,

G. O. C. C. 8th Dec. 1809. The Uniform of the European Invalids to continue as at present, viz.  
Artillery Invalids—Blue with Red Facings.  
Infantry Invalids—Red with Blue Facings. Uniform of the European Invalids.

(For Regulations for the preparation of Annual Long Rolls, Casualty Lists, and Quarterly Returns of the Corps of European Invalids *vide page 180.*)

By General Orders of the 16th Sept. 1810, European Invalids doing duty in detached stations, who may be deemed no longer fit for Garrison duty, are to be sent for examination and Report to the Native Invaliding Committee ordered to assemble annually on the 31st March.)

#### PROVISION BY LORD CLIVE FOR INVALID OFFICERS AND SOLDIERS.

Ext. G. O. 23d July 1771. The Court of Directors having taken into consideration the Covenant between the East India Company and the Right Hon'ble Lord Clive for establishing a Fund for the Relief of European Officers and Soldiers, Invalids or Superannuated, their Widows, and the Widows of Officers and Soldiers dying in the Service, Regulations relative to admission to the benefits of the Military Fund, established for the relief of Invalid Officers and Soldiers and their widows.

Resolved, that the following Rules and Regulations, founded on the said deed, and as nearly conformable as the nature of it will admit to the Regulations for paying Chelsea Pensioners, are proper to be observed in transacting the business of this Fund, and that the Paymaster thereof do govern himself thereby in paying such Pensions as shall be assigned upon the same.

That every petitioning Officer and Soldier shall produce a certificate from the Commanding Officer of his being an Invalid, and rendered incapable of further service in India, together with an approbation of such certificate from the Governor and Council of the Presidency where such Officer or Soldier shall have served.

All Commissioned, Staff, and Warrant Officers (including Army Surgeons, and Officers of Ordnance, *vide Letters Court of Directors 13th April, 1783, and 8th July, 1795.*) shall have half the stated pay they enjoyed while in the Service.

Every Commissioned, Staff or Warrant Officer, (Army Surgeons and Officers of Ordnance included as above) shall previously make oath before the Governor in Council that he is not possessed of, or entitled to real or personal estate to the value, as follows :

|                                                        |       |
|--------------------------------------------------------|-------|
| A Colonel,                                             | 4,000 |
| A Lieutenant Colonel,                                  | 3,000 |
| A Major,                                               | 2,500 |
| A Captain, Surgeon, or Commissary of Ordnance,         | 2,000 |
| A Lieutenant, Assistant Surgeon, or Deputy Commissary, | 1,000 |
| An Ensign or Conductor of Ordnance,                    | 750   |

Non-commissioned Officers and Privates to receive as follows :

|                                                                  | S. | D. |
|------------------------------------------------------------------|----|----|
| Serjeants of Artillery, per diem, ----                           | 9  |    |
| “ “ who have lost a limb, ----                                   | 1  |    |
| Privates of Artillery, per diem, ----                            | 6  |    |
| “ “ who have lost a limb, ----                                   | 9  |    |
| All other non-commissioned Officers and Privates, per diem, ---- | 4  |    |

The several Pensions to commence from the dates of debarkation in England.

Commissioned, Staff, and Warrant Officers and their widows shall be paid half yearly, at Midsummer and Christmas, as their pensions become due, either in person or by power of attorney, at the Company's Office in London only.

Non-commissioned Officers and Privates and their widows upon admission to be paid in advance the remaining number of days of the current half year, and at the expiration thereof every succeeding half year in advance.

Those residing within 25 miles of London shall be paid only at the Company's Office in London.

Those residing at a greater distance, in Scotland or Ireland, to be paid at such times, by such persons and in such manner, as the Court of Directors shall from time to time find convenient, in Person and not otherwise.

One Shilling to be allowed by such Pensioners to the person paying them for his trouble.

All other Pensions are paid without fee or deduction.

Non-commissioned Officers and Private Men shall receive on admission a certificate thereof, signed by the Paymaster of the Fund, containing a description of such Pensioner, his age and other particulars, which certificate the Pensioner shall exhibit to the person directed to pay him at each time of payment, and no person shall be paid unless this certificate is produced by the Pensioner.

Country Pensioners shall receive in advance for the first half year, from Midsummer or Christmas next ensuing the date of their admission, on producing the above certificate, only, to the persons appointed to pay them, but immediately after receiving such half yearly payment every person shall make two affidavits of the same tenor and date before a Magistrate, conformably to the printed instructions he shall receive from the Paymaster of this Fund.

If a Pensioner does not appear to claim his pension for three half years, he shall be considered as dead, and his name omitted in the half yearly warrant; but if such Pensioner shall appear personally at the Company's Office in London, or furnish satisfactory proof otherwise, to the Court of Directors of his being alive, he shall again be put on the list and receive all arrears.

According to the Deed of Agreement the several widows of all such Officers and Soldiers are allowed one quarter or fourth part of the ordinary stated pay their respective Husbands were entitled to when in the Company's Service. — (*Vide pages 161 and 176.*)

Pensions granted to Widows are to continue during their Widowhood and no longer.

That in case of insanity, satisfactory proof be made thereof to the Court of Directors and the Pension paid to the Church-warden in behalf of the Parish towards the Pensioner's subsistence.

Directions for the preparation of certificates for persons to be admitted to the Fund.

It is recommended to every Commanding Officer not to grant a certificate which may entitle any person to be admitted a Pensioner without the fullest evidence of such person being actually an Invalid, and incapable of further service in India; and this must be certified to the Commanding Officer under the hand of the Surgeon of the Regiment, or at least of one of the Army Surgeons; and the greatest circumspection must be observed in all cases where the reality of the cause alleged for the application for a certificate is not apparent or easily ascertained; in every certificate which may be granted to a Non-commissioned Officer or Private Soldier, the place of birth, age, stature, and other descriptive marks are to be inserted, the better to defeat any attempts at imposition by persons into whose hands such vouchers may fall,

M. C.  
March 21

G. O 6th OA. 4774. Commanding Officers of every Corps, in which non-commissioned Officers or Private Soldiers may be found entitled to the Pensions of the Invalid Fund, are hereby directed to furnish such non-commissioned Officers or Private Soldiers, previous to their being struck off the strength of the Corps in which they serve, with the requisite certificates to qualify them for the Pension, and to transmit duplicates of the said certificates to the Town Major to be laid before the Board and transmitted to Europe by the ship on which such non-commissioned Officers and Private Soldiers, so recommended, take their passage.

Let. C. D. 13th Apr. 1783. PARA. 78th—Recommendations having been granted to entitle Persons to the benefit of the Military Fund, to several persons who are not within the description of the deed, we cannot but express our disapproval of such recommendations, and positively direct that particular attention be paid to the circumstances on which the claims of every person are granted who shall hereafter apply for a certificate to be admitted a Pensioner.

Let. C. D. 27th May. 1778. PARA. 50th—We have resolved that every Military Officer who shall hereafter be admitted to the Company's Service, and henceforth become Pensionary upon, partake of, or receive any allowances or benefit from the Military Fund, established by agreement between the East India Company and the late Right Hon'ble Lord Clive, shall be considered as having totally relinquished and absolutely given up every pretension to the Company's Service; and shall on no account or pretence whatever be restored to the said Service.

No Military Officer who has been admitted to the benefits of the Fund can be allowed to return to the Service.

EUROPEAN INVALID PENSION ESTABLISHMENT FOR COMMISSIONED, WARRANT, AND NON-COMMISSIONED OFFICERS.

M. C. 5th Dec. 1784. Resolved, that an option be given to Invalid Officers either to go to Europe, (the usual allowance being granted for their passage) with a recommendation to the Hon'ble the Court of Directors that they should receive the Pensions of their respective Ranks, from the late Lord Clive's Military Fund, provided the amount of their property does not preclude them from this benefit; or to remain in the country on the same allowances as are now given to the Supernumerary Officers, viz. the half pay and half batta of their rank to Captains and all superior Ranks, and the full pay and half batta of their rank to Lieutenants and inferior ranks.

Establishment of the Invalid Pension list for commissioned Officers.

M. C. 30th January 1797. Resolved, that Captains; put on the pension list, shall receive in future full pay and half batta instead of half pay and half batta.

M. C. 5th Dec. 1788. Ordered, that the Paymaster of Artillery and Garrisons be directed to issue their Monthly Pensions, upon pay bills being produced in the usual form, with a certificate on the back of each bill from the Officer commanding the Station or Detachment most contiguous to the Pensioner's place of residence, that the Pensioner is actually alive at the date of the bill which is intended to be presented for payment.

Resolved, that those Officers, who prefer remaining upon these terms in the country, be placed on a separate list, and denominated Invalid Pensioners; and that they be indulged with permission to reside wherever they may find it most convenient to themselves within the Company's Provinces.

Let. C. D. 7th Sept. 1808. PARA. 176th—We have taken into our consideration the unfortunate case of this Officer, and in compassion to his sufferings, occasioned by his exertions in the gallant performance of his duty, have resolved to grant him the full pay of his rank, with such an addition thereto as will complete his Pension on the retired list to 1000<sup>l</sup>. per annum.

Provision for Capt. Martin incapacitated from further service by the loss of both eyes from a wound received in action.

M. C. 26th June 1798. Resolved, that Mr. Deputy Commissary Shaw be placed on the Invalid Pension List, with his present pay of 62 Rupees per month and half batta of 2 Rupees a day.

The benefit of the Invalid Pension Establishment extended to Warrant Officers.

Mr. W. Meaden, Riding Master to the 8th Regiment of Native Cavalry, is transferred to the Invalid Establishment, on the same monthly allowance as is granted to a Conductor of Ordnance when invalided. (Viz. the pay and half Batta of that Rank.) G. O. G. C. 18th Sept. 1806

Pension established for Serjeants; and circumstances under which they are permitted to receive it.

Resolved, on the recommendation of the Military Board, that Serjeants, who shall have actually served in the Company's Army in India twenty-two years, (the last eight years at least in the capacity of Serjeant) or who shall be distinguished for good conduct and are disabled by being wounded on actual service, be recommended to the Hon'ble the Court of Directors, to allow them, during their respective lives, one shilling per day in any part of His Majesty's dominions in Europe, over and above the pension derivable from the Fund called Lord Clive's, upon such testimony being produced as shall satisfy the Commander in Chief, and ultimately the Governor General in Council, that the persons claiming the indulgence have merited it; and under such Regulations as shall be established by the Hon'ble the Court of Directors relative to the payment of it.

M. C. 11th January 1797

Their allowances fixed and Regulations for their payment, &c.

That, upon the like satisfactory documents being furnished, a Pension of thirty Sonaut Rupees per month, including their net pay and batta, shall be granted to Serjeants of the above description, who may be permitted by the special indulgence of the Governor General in Council, on the recommendation of the Commander in Chief, to reside in India.

That these indulgences shall extend to persons already invalided and coming within the description above mentioned.

The Serjeants admitted to the Pension are directed to report to the Adjutant General the places of their residence, in order that measures may be taken for the regular payment of their Pensions. G. O. 6th June 1797.

Rules to be observed in transmitting their applications.

Whenever applications may be made to Head-quarters in behalf of non-commissioned Officers who may be desirous of being admitted to the benefit of the Pension established by Minutes of Council of the 11th January, 1797, such applications are invariably to be accompanied by Extracts of the Regimental Orders on the occasion of the parties' last promotion to the rank of Serjeant, and by certificates of the periods of their service in that rank in the different Corps or Departments in which they may have served in India; the records of the Adjutant General's or Town Major's Office not being competent to ascertain the point which is the object of this Regulation.

G. O. C. C. 31st Oct. 1811.

No allowance to be made to the wives of Serjeants receiving the Pension.

The allowance of 8 Sonaut Rupees a month is not to be granted to the European Wives of such Serjeants as are admitted to the Pension established by the Minutes of Council of 11th January, 1797. Let M. S. G. 24th June 1800.

Deduction to be made from the Pension during the period the Serjeants may be in the General Hospital.

The Governor General in Council is pleased to determine that a deduction, at the rate of 15 Sonaut Rupees per month, shall be made from each of the Serjeants on the Pension Establishment of the 11th January, 1797, for the period he may remain in the General Hospital, leaving the Surgeon to charge for the diet, &c. of the patient, according to the fixed rate authorized by Government, (viz. one Rupee per diem) to be passed upon production of a certificate of admission and discharge signed by the Superintending Surgeon.

Proc. G. C. 14th Nov. 1808

Amount of advance and allowance of passage money to Serjeants proceeding to England on the Pension.

The Vice President in Council was pleased to grant, on the 27th ultimo, to Serjeant Longstrech, transferred to the Pension established by the Minutes of Council of the 11th January, 1797, an allowance for his passage to England equal to the Charter Party, or £14; also, in consideration of his long service and as a matter of indulgence, the same allowance for his wife; and, farther, an advance of six months of his Pension of 1 Shilling per diem.

Proc. V. P. 1d May 1810

Annual Medical Committees for invaliding Native Officers, Privates, &c. at what period to be assembled, and Regulations for their observance.

#### NATIVE ANNUAL INVALIDING COMMITTEES.

The Committees of Surgeons for the purpose of examining men who may be recommended for the Invalid Establishments from the Native Corps, are to assemble annually on the 31st March, when the lists of men examined are to be forwarded without delay to the Adjutant General's Office.

G. O. 27th May 1788

G. O. 27th May 1788. At the period prescribed for inspecting the men of the Regular Native Corps, recommended for the Invalid Establishment, an examination is also to be made of the men forming the Invalid Companies, that such as are unfit for Garrison duties may be transferred.

M. C. 9th May 1788. No man shall be recommended for, or entitled to, the benefit of the Invalid Establishment, who shall have served the Company less than 15 years, excepting such as may have been wounded or contracted incurable disorders in the Service; disorders which men may have brought on themselves, or which may not have arisen from wounds received on duty, shall give them no claims to the benefit of this Establishment, which is only intended for those who are worn out, or who may have suffered from actual service.

No Native commissioned or non-commissioned Officer, who has not been disabled on actual service, shall in future be entitled to the benefits of the Rank he may hold at the time of being invalided, unless he shall have actually served in that rank for three years; if he has served a shorter period he shall receive the subsistence only which is allowed to the next inferior rank in which he may have served three years; and the same rule to apply in filling up vacancies of commissioned and non-commissioned Officers in the Companies of Native Invalids.

G. O. C. C. 23d December 1787. The Commander in Chief expects the Committees of Surgeons to be very correct in describing the disorders which render men no longer fit for Field Service, and that they will be particular in distinguishing those who are capable of performing Garrison duty and serving as Escorts, from such as are unfit for any kind of duty.

It being the Commander in Chief's intention to place the Corps of the Army on the most respectable footing, by retaining in them only such men as are capable of contributing to their effective strength, and rendering them fit at all times for service; and as it may happen that some men have contracted incurable disorders in the Service, from having been employed on particular duties and in unhealthy situations, who might not be deemed entitled to the benefit of the Invalid Establishment from the length of their service, according to the rules for invaliding now in force, the claims of such men are to be particularly certified and noticed in the lists by their Commanding Officers, that every attention may be paid to their pretensions to a future provision from Government.

G. O. C. C. 16th May 1794. Whenever any particular instances happen to occur, which, in the opinion of Commanding Officers, it may be proper to make exceptions to the existing Regulations, these should be fully detailed for the information of the Commander in Chief, who will always attend to them with due indulgence.

G. O. C. C. 16th December 1808. The Commander in Chief directs, that the cases of men who may have suffered severely in the Service, either by loss of limbs, by blindness contracted on service, or by the number and severity of their wounds, and who are consequently fit objects for every indulgence that can be shown them consistently with the Regulations of Government, be particularly and pointedly noticed by Invaliding Committees; and the General Committees are, moreover, required to state on their proceedings, for the consideration of the Commander in Chief, all instances of men coming under any of the above descriptions whom they deem proper objects for the provision of full Invalid Pay.

M. C. 18th March 1793. Resolved, that authority be given to the Commander in Chief to place Native Doctors upon the Invalid Establishment on extraordinary occasions, when he shall think their services entitle them to a provision from Government.

Native Doctors under what circumstances to be invalided.

G. O. C. C. 28th June 1806. In preparing the Rolls for the Annual Invaliding Committees, the Commander in Chief directs that the Rolls of all those who may be deemed fit objects for the Invalid Establishment from Corps and Departments, respectively, be prepared by the Staff Officers, to be carefully inspected and compared with the Long Rolls by Commanding Officers of Corps; whose signatures, as well as those of the Staff Officers, are always to be annexed in testimony of the statement of length of service, date of present rank, wounds, &c. being correct, which original Rolls are to be forwarded to Head-quarters, with the remarks and proceedings of the Medical Committees recorded on them.

Directions to be observed in the preparation of the Reports of Invaliding Committees.

They will recommend to be invalided all such as may appear entitled and no longer capable of Field duty, and draw their pen over the names of such as may not appear fit objects for the Invalid Establishment.

In addition to the orders of the 18th instant, regarding the manner of preparing the G. O. C. C. 24th June 1806  
Rolls of men recommended for the Invalid Establishment, the following form is prescribed for such Rolls, which are always to be prepared in duplicate and to be sent to the Medical Committee, by which the Rolls are to be forwarded to Head-quarters with the Proceedings of the Committee recorded in a column for remarks, which is to be left vacant when sent from Corps for that purpose.

The Rolls are to be made out on paper larger than foolscap.

The number of the Golundauze and Lascar Companies is to be always inserted.—  
(For the form of report of the proceedings of an Invaliding Committee, *vide Form No. 1.*)

In addition to the form prescribed for preparing Rolls to be presented to the Medical G. O. C. C. 2d Nov. 1806  
Committees, with men deemed unfit for Field service, it is to be described in the Rolls of all men belonging to the Marine Regiment or to the Corps of Golundauze or Gun Lascars, whether, in case of their being eventually invalidated, they prefer being sent to Chittagong or Allahabad.

All Arrears, accounts, &c. to be adjusted previous to the Invalids leaving their Corps, and certificates of pay and cloathing to be furnished them. The Commander in Chief will hold Commanding Officers responsible for a complete adjustment of all arrears and accounts with Invalids being made up to the date ordered previous to their leaving their Corps, and for the certificates, which are to be furnished to individuals in duplicate, being made out in the clearest and most correct manner; these are to be signed by Officers in command of Troops or Companies, and by the Staff and Commanding Officers of Corps. For the Form of the certificate Officers are referred to the Minutes of Council of the 9th May, 1786, viz. G. O. C. C. 15th June 1806

#### FORM OF CERTIFICATE.

Form of the Certificates

This is to certify that the bearer hereof———, Subadar in the———Company———Battalion———Regiment of Native Infantry, (or other Corps) having actually served in that Rank 3 years; and the whole of his service being———years and———months, is transferred to the Invalid Establishment as a Subadar (not having served 3 years in that rank, as Jemadar,) agreeable to the General Orders of———, and is directed to proceed to———, having first received all arrears of pay and batta up to the———instant, cloathing for the year———, and compensation in lieu of cloathing for———.

The above man is reported fit for Garrison duty (or unfit for any duty, owing to wounds or otherwise, as the case may be.)

*Exad.*

Certificates to be furnished to Half-cast Drummers. The Major General Commanding the Forces directs, that, on all occasions of Drummers and Fifers being recommended for the Invalid Establishment, the certificates furnished from Corps on such occasions shall specify their Cast and parentage, with a view to ascertain whether or not they are entitled to the benefit of the augmented rates of pay (for Drummers being the sons of European Fathers): duplicates of such certificates are to be forwarded to the Adjutant of Native Invalids at Allahabad, or to the Fort Adjutant at Monghyr, according as Corps may be situated at the time, to enable those Officers to make the requisite specification of claim, or otherwise, to the augmented stipend, in the descriptive Rolls of the parties. G. O. C. F. 24th Apr. 1806

The Arrears, &c. of Invalids who may be absent from their Corps to be carefully adjusted.

The Invalids from each Station to proceed to the General Rendezvous under the senior Officer,

In cases where Corps may have in distant Hospitals men who are recommended for the Invalid Establishment, Commanding Officers of such Corps will take the necessary measures for the adjustment of their arrears, for the certificates being furnished, and for the men proceeding to Allahabad (or Monghyr) in due time. G. O. C. C. 15th June 1806

From each Station and Post, respectively, the Invalids are to be directed to proceed under the charge of the senior Native Officer.

G. O. C. C.  
19th May 1807

All casualties that may occur by death in Native Corps of Officers or men recommended for the Invalid Establishment by the Annual Committees of Surgeons, previous to their being ordered to Allahabad, (or Monghyr) are to be reported to the Adjutant of Native Invalids at that Garrison, and any casualties of this description that may occur at intermediate Stations, are in like manner to be reported by the Staff Officers of the Stations or places at which the casualties may happen.

Casualties that may occur previous to their arrival how to be reported;

Proc. G. G.  
22d Dec. 1807

Such of the Native commissioned, non-commissioned Officers and Privates of the Provincial Battalions, as shall be deemed fit objects for the Invalid Establishment, shall be assembled annually at Monghyr, at such period of time as the Commander in Chief may be pleased to appoint for assembling a Committee of Surgeons at that Station, and it will be the duty of the Fort Adjutant at Monghyr to present to that Committee for examination such of the Native commissioned, non-commissioned Officers and Privates of Provincial Corps, as may be considered proper objects for the Invalid Establishment.

Regulations for the Annual invaliding of Native Officers, Privates, &c. of Provincial Battalions.

The men from each Provincial Corps will proceed to Monghyr under the orders of the Senior Native Officer who shall be furnished with a Roll, signed by the Commanding Officer of the Provincial Battalion, and addressed to the Fort Adjutant at Monghyr; stating the Regular Corps in which they formerly served; the period of time the commissioned and non-commissioned Officers may have served in their respective ranks; and the time and particular service on which those men were employed who may have been rendered incapable of further duty by wounds.—(For the Regulations under which the Native Officers, &c. of Provincial Battalions are admitted to the Invalid Establishment *vide page 364.*)

The Roll is to be accompanied by a certificate signed by the Civil or other Surgeon in attendance upon the Provincial Corps, and countersigned by the commanding Officer, specifying the particular case of each man, with the circumstances which may have induced the Surgeon to consider him as a fit object for the Invalid Establishment.

No commissioned or non-commissioned Officer of a Provincial Corps, who has not been disabled on actual service, shall be entitled to the benefit of the Rank he may hold at the time of being invalided, unless he shall have actually served in that rank for three years; if he has served a shorter period he shall receive the subsistence only of the next inferior rank in which he may have served three years.—Such commissioned, non-commissioned Officers and Privates of Provincial Corps, as shall be found eligible to the Invalid Establishment, shall be allowed to retire on the Invalid Pay of their respective ranks, according to the prescribed rates, conformably to which an advance of six months will be allowed, to enable them to retire to their homes.—(Invalids from Provincial Corps are not eligible to be appointed to the Invalid Battalions, and receive their stipends under the same regulations as are fixed for the Invalid Pensioners from the Regular Native Corps.)

Ext. Let. Adj.  
Gen. 1st April  
1808

"The Commanding Officers of Provincial Battalions should, on the 31st March, annually, in compliance with the standing Regulations of the Service, cause such men of their Corps as they deem no longer fit for duty, to undergo an examination by the Civil Surgeon, or the nearest local Committee, as may be most expedient, and transmit Rolls in the prescribed form, accordingly, to the Adjutant General's Office, of all men who may be deemed fit objects for the Invalid Establishment, in order to enable the Commander in Chief to issue the necessary directions for assembling a General Committee at Monghyr for the final inspection and allotment of the Invalids of Provincial Battalions, in consequence of the rule adopted by his Lordship in Council on the 21st December, 1807."

G. O. V. P.  
13th Feb. 1810

The Vice President in Council is pleased to resolve; that the clause in the Regulation of Government, under date the 9th September 1802, for the Native Invalid Establishment under this Presidency, directing that "all Native Officers invalided by the Station Committees which are held annually on the 31st March, shall be kept on the Rolls of their Corps until re-examined by a General Committee at Allahabad and afterwards finally transferred to the Invalid Establishment by the Commander in Chief," be rescinded; and that all Native Commissioned, Non-commissioned Officers, Privates and others of Regular Native Corps and Departments, as well as of Provincial Corps, who may be deemed proper objects for the Invalid Establishment by the Annual Station Medical Committees, shall, for the future, be struck off the strength of Corps, as formerly practised, upon the publication, in General Orders by the Commander in Chief, of the proceedings of the several Station Committees, and that all who may not be finally admitted to the

Native Officers, Privates, &c. recommended for the Invalid Establishment at what period to be struck off from their respective Corps;

Invalid Establishment, by the General Committees, shall rejoin their own Corps, and be returned as Supernumeraries until vacancies may occur, (receiving, until they rejoin, invalid pay. *Vide page 234.*)

What rates of pay to receive previous to their final transfer to the Invalid Establishment;

The Vice President in Council is pleased to authorize the highest rates of Invalid Pay, or those fixed for persons who lose limbs or become blind in the Service, to be drawn for all Native Invalids during the intermediate period between their being struck off the strength of Corps and their final transfer to the Invalid Establishment.

G. O. V. P.  
30th July 1812

And under whose charge to be placed at Allahabad and Monghyr.

All Native Officers and Men, temporarily transferred to the Invalid Establishment, are to be placed under the charge of the Adjutant of Native Invalids, (and the Fort Adjutant at Monghyr) by whom their pay is to be drawn, until finally allotted to the several branches of the Invalid Establishment.

G. O. P. C.  
15th May 1807

Two Native commissioned and two non-commissioned Officers from the Battalion of Native Invalids at Allahabad are directed to do duty permanently with the Supernumerary Invalids at that Station, as Assistants to the Officer in charge of Supernumerary Invalids. (Medical allowances for Supernumerary Invalids are the same as for the Invalid Battalions; for Dooly allowance *vide page 330.*)

G. O. C. C.  
5th July 1806

Regulations for the Assembly of the General Invaliding Committees, and for final allotment of the Invalids.

After the Assembly at Allahabad (and Monghyr) of the Native Officers and Men who may be sent from the different Corps recommended as proper objects for the Invalid Establishment, Committees of Field Officers and Surgeons are to be assembled to investigate the claims of the men so recommended, reporting the result of their investigation to the Commander in Chief, and particularly distinguishing such Officers and men as are fit for duty in the Invalid Battalions, from such as are incapable of all duty.

G. O. G. G.  
9th Sept 1802

All the Privates capable of doing duty in the Invalid Battalions are to be enrolled in those Battalions.

All Native Commissioned and Non-Commissioned Officers, supernumerary to the Establishment of the Invalid Battalions, to be allowed to retire on the reduced pay of their respective Ranks to any of the villages in the Company's Dominions.

Invalided Lascars, Bhetties, &c. to fill vacancies of those classes in the Invalid Battalions.

All Invalided Lascars, Classies and Behishties, not required for the Invalid Battalions, are to receive the advance allowed by the Regulations, and to be allowed to reside where they please on the Invalid Pay.

G. O. C. C.  
16th Dec. 1808

Any deficiency of Lascars in the Battalions of Native Invalids may supplied by such of the invalided Gun Lascars as may make choice of that situation in preference to reduced Invalid Pay.

G. O. P. C.  
19th Aug. 1807

Subadars are permitted to fill the place of Jemadars in the Invalid Battalions.

Subadars, who may offer themselves to supply the place of Jemadars in the Invalid Battalions, are to be permitted to do so, when there may be a deficiency in the number of the latter Rank.

G. O. C. P.  
9th Dec. 1800

Regulations for the temporary transfer of Native Officers &c. found unfit for Field Duty by Medical Committees, to the Invalid Establishment; and for the assembly of the General Committee for the year 1811.

The undermentioned Native Commissioned, Non-Commissioned Officers and Private Men of the several Corps and Departments of the Army, having been examined by Committees of Surgeons, and reported unfit for Field duty, are recommended for the Invalid Establishment.

G. O. C. C.  
23d May 1812

All Arrears of pay and batta to be finally adjusted and paid with their Corps up to the 30th of the ensuing month of June, after which all Invalids belonging to Corps stationed above Danapoor are to be directed to proceed under charge of the senior Native Officers invalided from Stations, Posts and Corps, respectively, to Allahabad, furnished with the usual certificates in duplicate; and all those from Corps stationed at and below Danapoor are in like manner to be instructed to repair to Monghyr, furnished with certificates, as above directed.

Compensation in lieu of cloathing for the year 1810 to be drawn for and paid to the Invalids previous to their leaving their Corps, as directed by the orders of Government under date the 26th February and 4th August, 1807.

Officers commanding Corps will take early measures for settling all arrears due to men recommended to be invalided, in order that they may not be detained with their Corps after the 1st of July ensuing.

All are to be strictly enjoined, by Commanding Officers of Corps, to reach their res-

pective destination on or before the 1st October next, and it is at the same time to be intimated to them that those who do not arrive at Allahabad or Monghyr by the prescribed period, will not be examined until the following year; and be further liable to forfeit all claim to the benefits of the Invalid Establishment, unless prevented by sickness or other urgent necessity, of which the most satisfactory testimony will be required.

Native Officers in charge of parties from Corps and Stations are to receive positive orders not to suffer any one to quit his party, unless sickness should render such permission indispensably necessary; and, in all cases where leave of absence may have been granted by Native Officers under such circumstances, they are to report the same, immediately on their arrival, to the Adjutant of Native Invalids at Allahabad, or the Fort Adjutant at Monghyr, as the case may be.

Agreeably to directions contained in the orders of Government under date the 13th February, 1810, the Native commissioned and non-commissioned Officers, Drummers, Privates and others of the Corps and Departments hereafter named, are to be struck off the strength of those Corps and Departments, and returned "transferred to the Invalid Establishment" from the 1st July ensuing, and the vacancies thereby occasioned are to be filled up without delay.—In the event of any persons now recommended not being finally admitted to the Invalid Establishment by the General Committees, such persons shall rejoin their own Corps, and be returned as Supernumeraries until vacancies occur, according to orders which will be hereafter issued for that purpose.

Officers commanding Corps, from which Drummers, being the sons of Europeans, are recommended for the Invalid Establishment, are enjoined to pay due attention to the directions contained in the General Orders of the 24th April, 1810, (*vide page 496*) prescribing the nature of the certificate with which such Drummers are to be furnished, previous to quitting their Corps.

General Committees of Officers and Surgeons on the principles laid down in the orders of Government under date the 9th September, 1802, (*vide page 498*) are to be assembled at Allahabad and Monghyr on the 15th October next, for the re-examination of all men recommended for the Invalid Establishment.

The Committee to assemble at Allahabad, to be composed of Field Officers and Surgeons, as directed in the orders of the 9th September, 1802, above adverted to.

The Committee at Monghyr to be composed of the Commanding Officer and next senior Officer of the Invalid Establishment residing there, of the Fort Adjutant, the Garrison Surgeon, and the Surgeon of the Civil Station of Bhaugulpoor.

The above Committees are also to examine and report on all Native Officers, Non-commissioned and Privates of the Battalions of Native Invalids, who may be deemed no longer fit for Garrison duty, and to forward Reports, accordingly, of all coming under that description; all such with detached Companies or parties of Invalids are to be sent to Allahabad or Monghyr by the 1st of July ensuing.

All Invalids who may have lost limbs, been severely wounded, or become blind in the Service, are by the General Committees to be allotted as Invalid Pensioners on full Invalid Pay.

All who are reported insane are to be sent direct from Corps to Monghyr, with such assistance from their Corps as their situation may require.

The General Invaliding Committees are enjoined to be very exact and particular in the performance of the important duties assigned them, and the Adjutant of Native Invalids is directed to prepare two copies of all General Orders and Instructions which may have been issued for the guidance of such Committees, from the time of their being instituted, up to the present date, one of which is to be transmitted to the Fort Adjutant at Monghyr, and the other to be laid before the Allahabad Committee.

Reports of the Proceedings of the General Committees to be assembled at Allahabad and Monghyr are to be transmitted in duplicate to Head-Quarters as soon after the Committees may have closed their proceedings, as possible.

The utmost attention to be bestowed in the preparation of these Reports by the Adjutant of Native Invalids and the Fort Adjutant of Monghyr, respectively, so as to ensure correctness in the orthography of the names, the Corps the individuals belong to, and the provision which may have been assigned to each, by the General Committees.

To each of these reports is to be annexed an abstract accounting for every man whose name is borne on the Proceedings of the Committee, and exhibiting the numbers of each Rank allotted to the several branches of the Invalid Establishment, as "Garrison Duty," "Invalid Full Pay," "Invalid Reduced Pay."

Regulations for the final transfer of Native Invalids examined and allotted by the General Committees, to the different Branches of the Invalid Establishment for the year 1810

The Commander in Chief having had before him the proceedings of the Annual General Committees assembled at Allahabad and Monghyr for the final examination and allotment of all Invalids of the Native Corps and Departments of the Army stationed above and below Danapoor for the present year, 1810, his Excellency approves and confirms those Proceedings.

Ext. G.O.C.C.  
auth Decr. 1810

The Committees are accordingly to be dissolved when there may be no further duty for them to perform with respect to Invalids of the present year, and the Adjutant to the Corps of Native Invalids at Allahabad and the Fort Adjutant at Monghyr will carry into execution the final distribution of the Invalids, as directed on the Proceedings of the General Committees at those places, respectively, as soon as practicable; settling their accounts and arrears up to the end of the month, whatever it may be, in which they may be furnished with the funds requisite for that purpose, and for the customary advance of six months' Invalid Pay to such as may be entitled to it, agreeably to the allotment assigned them.

All Privates found fit for Garrison Duty to join the Native Invalid Battalions; and all commissioned and non-commissioned Officers who may remain in excess to the Establishment of those Corps, after they shall have been completed (and all Privates unfit for Garrison Duty) are to be allowed to retire on the Invalid Pay of their respective Ranks with an advance of six months.—(Vide page 506.)

The whole are to be furnished with all requisite and prescribed certificates, and each is to express the provision or allotment to which every individual is entitled.

The undermentioned commissioned, non-commissioned Officers and Privates being considered by the Committee fit for Field Duty, are to rejoin their respective Corps without delay, with which they are to be borne and returned as Supernumeraries, until vacancies occur to bring them on the fixed Establishment.

They are to be paid their arrears of Invalid Pay up to the 31st instant, and furnished with certificates accordingly.

Vacancies for Native commissioned and non-commissioned Officers, in the two Battalions of Native Invalids, are to be filled up by seniority from the whole Invalids of the year of those Ranks who may be deemed fit for Garrison duty, and who are to be allotted accordingly by the Adjutant of Native Invalids, to whom the requisite Rolls are to be forwarded of those at Monghyr by the Fort Adjutant.

The Sepoys fit for Garrison Duty to be allotted to Battalions and Companies according to existing vacancies.

Regulations to be observed on occasions of distributing prize money, gratuities, &c. to men who may have been transferred to the Invalid Establishment.

The Commander in Chief, with a view to facilitate the adjustment of the claims of all Native commissioned, non-commissioned Officers, Drummers, Privates, &c. who may have been transferred to the Invalid and Pension Establishments, to the gratuity of two months' pay and full batta granted by the Hon'ble the Court of Directors to the Native Troops who composed the Detachment commanded by Colonel Monlon, during its retreat, is pleased to direct, that the Officers Commanding the Corps which served with Colonel Monlon's Detachment during the retreat, will be pleased to prepare and transmit to the Adjutant of Native Invalids at Allahabad, and to the Fort Adjutant of Monghyr, according to the Stations at which the Invalids from Corps, respectively, may have been assembled, Rolls and Abstracts of all Native commissioned, non-commissioned, and Privates, &c. who were present with their corps during the retreat and have since been invalided, specifying the Rank each held at the time of the retreat, and the date of the transfer to the Invalid Establishment. (Similar Rolls will be required from the new Corps of any men that may have been invalided, who were received from Corps that served in that Detachment during the retreat.)

G. O. C. C.  
31st Jan'y. 1810

On receipt of these Rolls, the Adjutant of Native Invalids and the Fort Adjutant of Monghyr will furnish the necessary information to Officers commanding Battalions of Native Invalids, and to the Regulating Officers of the Tannah Establishments, to enable them to prepare correct Abstracts of the persons now under their authority who may be entitled to this Gratuity; and with regard to all Out-pensioners so entitled, the Adjutant of Native Invalids and the Fort Adjutant of Monghyr will transmit the requisite Rolls and Abstracts to the Military Auditor General, after ascertaining from Collectors of Districts and Paymasters by whom the pensions are paid, that the Parties are now living.

## NATIVE INVALID BATTALIONS, &amp;c.

M. C. 9th May  
1788 and  
8th May 1795

The Commanding Officer at Monghyr will proceed to form the Native Invalids who are fit for Garrison duty into Companies of the following strength:

Establishment  
of the Corps of  
Native Invalids

Two Subadars—Four Jemadars—Eight Havildars—Eight Naicks and Ninety Sepoys. The Companies so constituted are to be formed into two Battalions (of ten Companies each.)

Agreed, at the recommendation of the Commander in Chief, that four Drummers or Fifers, on the pay of Privates, be added to the strength of each Company of Native Invalids, when the number of Invalid persons of that description will admit of it.

Each Battalion will be commanded by an Officer, either of the Invalid or Effective Establishment, as the Commander in Chief shall think proper.

A Serjeant Major is allowed to each Battalion of Native Invalids, with a Staff allowance of 12 Rupees a month (exclusive of the established pay, &c. for a Serjeant of Infantry Invalids.)

Staff, &c. al-  
lowed to each  
Battalion.

M. C. 10th  
March 1795

Resolved, that the following Establishment be fixed for each of the Battalions of Native Invalids; the allowances fixed for the Artificers to be in full for pay and batta.

## NATIVE STAFF.

|                                                        |    |
|--------------------------------------------------------|----|
| A Subadar to act as Adjutant, per mensem, Sonat Rupees | 10 |
| One Jemadar for the duties of Havildar Major, ---      | 5  |
| One Sircar, ----                                       | 15 |

## LASCARS AND ARTIFICERS.

|                                                                                                                      |    |    |
|----------------------------------------------------------------------------------------------------------------------|----|----|
| Four Lascars, at each per mensem, Sonat Rupees, ----                                                                 | 4  | 12 |
| One Mistry Armourer, ----                                                                                            | 10 |    |
| One Sicligur, ----                                                                                                   | 5  | 8  |
| One Chuckler, ----                                                                                                   | 4  | 8  |
| Two Bildars, at each, ----                                                                                           | 3  |    |
| Allowances for a hackery for conveying the pay, per mensem, ----                                                     | 10 |    |
| Allowance for iron, steel, charcoal and stationery, and also to include the in-ferior Smith's work, per mensem, ---- | 60 |    |

M. C. 11th Oct.  
1793

It having been represented that the two Battalions of Native Invalids are exposed to several inconveniences from the want of the assistance of Native Doctors and Behishties; and the number of men in these Battalions being considerably increased since their first Establishment, Resolved, that one Native Doctor and three Puckallies be allowed to each of the Battalions of Native Invalids, above mentioned.

G. O. 27th May  
1788

The vacancies which occur in the several Companies for Havildars and Naicks are to remain open, as well as the vacancies which may fall among the commissioned Officers, until the ensuing period of invaliding.

Vacancies in  
the Ranks of  
Native Officers  
are to remain  
open until the  
Annual period  
of invaliding.

M. C. 2nd Aug.  
1795

The Companies of Native Invalids to be mustered as nearly as possible according to the same form and in the same manner as prescribed for Companies of Native Infantry.

Companies  
how to be mus-  
tered.

**Rates of net Monthly Pay (exclusive of Off- reckonings) and Half Batta to the Native Commissioned and Non-commissioned Officers, &c. of the Battalions of Native Invalids.**

**Rates of Pay and Batta to Native Invalids.**

|                                           | Pay. |     | Half Batta. |     | TOTAL. |     |
|-------------------------------------------|------|-----|-------------|-----|--------|-----|
|                                           | St.  | Rs. | St.         | Rs. | St.    | Rs. |
| Subadar,.....                             | 40   |     | 15          |     | 55     |     |
| Jemadar,.....                             | 18   |     | 7           | 8   | 20     | 8   |
| Havildar,.....                            | 9    |     | 5           |     | 14     |     |
| Naick,.....                               | 7    |     | 5           |     | 12     |     |
| Drummer, (Native).....                    | 5    |     | 5           |     | 10     |     |
| Ditto, being the Son of an European,..... | 6    |     | 5           |     | 11     |     |
| Private,.....                             |      |     | 1           | 8   | 6      | 8   |
| Native Doctor,.....                       |      |     |             |     | 10     |     |

The Vice President in Council is pleased to fix the pay of Drummers of Native Corps on the Invalid Establishment, being the Sons of Europeans, at six Sonat Rupees per month—(Drummers, being the sons of Europeans, when transferred to the Invalid Pension Establishment, receive 7 Rupees per month by General Orders 15th February, 1811.) G. O. V. P. 3d April 1810

Native Invalids are not to receive batta.

The Vice President in Council is pleased to determine that the half batta allowed to the Native Invalids, stationed at Allahabad and Chunar, shall be continued to them in all situations where they may be employed on separate and detached duties from the Divisions of Invalids at those Stations, respectively. M. C. 9th May 1788  
G. O. V. P. 6th Feb. 1810

His Excellency in Council is further pleased to resolve, that half batta shall be granted from this date to all Native Invalids, belonging to the Stations of Monghyr, Patna and Buxur, who may be occasionally employed on any separate or detached duties, as long as they are absent from the Head-Quarters or fixed Stations of the Divisions to which they may respectively belong.

Pay of those deceasing to what period to be drawn.

The pay of Native Non-commissioned and Private Invalids may be drawn for a whole month if they die on or after the 15th, and for half a month if they die before the 15th. L. M. S. G. 2nd July 1797

Uniform of the Native Invalids

The uniform of the Battalions of Native Invalids to remain as at present, - viz. Red with Blue Facings. G. O. C. C. 8th Dec. 1809

Head-Quarters of the Corps established at Allahabad.

The Head-Quarters of the Invalid Battalions are to be at Allahabad, instead of Monghyr. G. O. C. C. 9th Sept. 1808

The 1st Battalion to be stationed there and what lines to occupy.

The 1st Battalion Native Invalids is to occupy the Lines of the late Provincial Battalion at Allahabad. G. O. C. C. 4th Oct. 1806

The same allowances as were drawn by the Commanding Officer of the late Provincial Battalion at Allahabad, to be granted to the Officer commanding the Battalion of Native Invalids under the existing Regulations for temporary buildings. Res. M. R. 6th March approved by G. C. 19th Mar. 1807

The Governor General in Council is pleased to direct that the Head-quarters of one of the Battalions of Native Invalids be transferred from Allahabad to Chunar. G. O. C. C. 5th June 1806

The 2d Battalion to be stationed at Chunar.

The Head-Quarters of the 2d Battalion Native Invalids is to be at Chunar. Lieutenant-Colonel Forbes, with the three Companies of the 2d Battalion Native Invalids now at Allahabad, will proceed to Chunar; on the arrival of Lieutenant-Colonel Forbes at Chunar the three Companies of the 1st Battalion Native Invalids are to proceed to Allahabad, and the two remaining Companies of the 1st Battalion now at Chunar are to proceed to Buxar, to relieve the two Companies now there from the 2d Battalion, which, when relieved, are to proceed to Chunar. G. O. C. C. 12 July 1808

Detachment of Invalids at Ghazepoor how to be furnished.

The Detachment of Invalids at Ghazepoor is still to be furnished from the 2d Battalion of Native Invalids.

Detachments of Invalids to be stationed at Patna and Buxur, and to be commanded by European commissioned Officers.

Resolved, that the following disposition of the Native Invalids, fit for Garrison duties, be made; and that for this purpose the Companies to be detached be completed to their full complement. M. C. 27th March 1789  
G. O. C. C. 6th April, 1789

To Patna three Companies,  
To Buxur one Company.

G. O. C. C. 13th Decr. 1796 The Detachment of Native Invalids doing duty at Buxur is to be augmented to two complete Companies.

M.C. 27th Mar. 1789 An European Commissioned Officer of the Invalid Establishment is to be appointed to the command of the detachments of Native Invalids at Patna and Buxur.  
G. O. C. C. 6th April 1789

The Officers appointed to command the Detachments of Native Invalids are to be continued on the strength of the European Companies to which they at present belong, and are not to be noticed in the Returns of the Invalid Battalions.

An European Serjeant from the Invalids at Chunar is to be allowed to the Detachment at Patna, to whom a staff allowance of 7 Rupees per month is granted for performing the duties of Serjeant Major.

A Serjeant allowed to the Detachment at Patna.

The most deserving Serjeants are to be selected from the Invalids at Chunar to do duty with the Companies stationed at Patna, but to be continued on the strength of their respective Companies.

The Officers commanding the Detachments of Native Invalids are to draw for their own pay and allowances, and also for the pay and allowances of the Serjeant, and of whatever part of their Detachments may happen to remain present with them, in an Abstract to be transmitted to the Paymaster of Artillery and Garrisons, who will provide for the disbursement in the usual manner.

Allowances, &c. of the Detachment how to be drawn and paid.

Res. M. B. 13th Oct. 1801 A monthly allowance of Sonat Rupees 8 is in future to be made by Officers Commanding Battalions of Native Invalids, out of the sum allowed them for Artificers, iron, steel, charcoal, stationery, &c. (viz. Sonat Rupees 75 8 per month, including an Armourer and Sicligur) for the repair of Arms of each Company detached from the Head quarters of the Battalion (to the Officer Commanding such Detachment.)

Allowance for the repair of Arms, Stationery, &c. for each Company detached.

M.C. 27th Mar. 1789 Monthly Returns of the Divisions and Detachments are to be sent by the Officers Commanding them to the Commanding Officers of the Battalions, who are to include them in their Battalion Returns.

Returns of the Detachments how to be made.

The Detachment of Native Invalids at Buxur will be reserved for the Garrison Duties of that Station.

The men at Patna will be employed as Escorts with Military Stores, or on other occasional duties that may be required of them, and in assisting the Magistrate in preserving the peace.

Duties to be performed by the Invalids at Monghyr, Patna, Buxur, &c.

G. O. C. C. 13th April 1789 The Officer Commanding the Division of Invalids at Patna is directed to comply with such requisitions for Military Guards and assistance as may be made to him by the Magistrate of that City.

The Officer Commanding the Division of Invalids at Patna is to be subject to the orders of the Officer Commanding at Danapoor.

Proc. G. G. 21st March 1808 The Governor General in Council adopts the sentiments of his Excellency the Commander in Chief, viz.

“ That the fixed Guards in Patna or its immediate vicinity may be taken by the Native Invalids, but that, on every ground, it would be highly objectionable to employ these men on Escort of marching duties;” and requests the Commander in Chief will cause the necessary orders to be issued.

G. O. C. C. 31st Jany. 1807 All Escorts proceeding from Danapoor downwards by water are, during the months in which the Cossimbuzar river is not navigable, to be relieved at Monghyr by Invalids.

Escorts proceeding upwards by water are also to be relieved at Monghyr as often as practicable.

The Officer commanding the Invalids at Patna will comply with all directions from the Officer commanding at Danapoor for furnishing parties of Invalids for Escorts proceeding by water.

Detachment of Native Invalids at Monghyr.

(A Detachment of two Companies from the Battalion of Native Invalids at Chunar, is stationed at Monghyr.)

Native Invalids on Detachment duty, incapable of further service, how to be replaced.

When any of the men composing the above Detachments shall become totally incapable of performing any duty, they are to be sent to Monghyr (or Allahabad,) and an equal number is to be furnished to supply their places from the Battalion to which they may belong; men so supplied are to be paid with their Battalion up to the end of the month in which they may be appointed for Detachment duty.

G. O. & April 1789

Proportion of Native Doctors to the Invalid Battalions and Detachments.

The Native Doctors fit for Garrison duty are to be disposed of as follows:

One with the Invalid Detachment, ..... at Buxur.

One with, Ditto ..... at Patna.

One with, Ditto ..... at Monghyr.

and the remainder to be equally divided at the Head-quarters of each Battalion of Native Invalids.

G. O. C. C. 25th May 1806

European or Native Invalids doing Garrison Duty who may become incapable of further service how to be examined and reported on.

Whenever Invalids of any description attached to the European Invalid Companies or Native Invalid Battalions, who may be doing duty in detached situations, shall be deemed no longer fit for Garrison duty, such persons shall be ordered to attend the nearest Station Committees which are ordered to assemble annually on the 31st March, furnished with the prescribed Descriptive Rolls in duplicate, on which being received at Head-quarters, their names, in the event of their being passed by the Committee, will appear in General Orders with those of the other Invalids of the season who may be directed to be struck off the strength of Corps, and ordered to repair to Allahabad or Monghyr for the purpose of undergoing final examination at those Stations.

G. O. C. C. 26th Decr. 1810

The preceding directions are not to be considered applicable to Invalids doing duty at either of the Stations of Allahabad and Monghyr, where such Invalids, as may be incapable of further Garrison duty, will continue on the strength of their Corps and Companies, until the period when the General Invaliding Committees assemble at those Stations.

Adjutant appointed to the Corps of Native Invalids; his allowances fixed; and Regulations established for the duties of his Office.

An European Adjutant is to be allowed to the Corps of Native Invalids, with a staff allowance of 4 Rupees per day, and 50 Rupees per month for writers, stationery and all incidental charges. (Subsequently augmented to 100 Rupees.)

M. C. 9th May 1738

It will be the duty of this Officer to form one General Register of all the Invalids who may appear at the General Muster ordered to be taken on the 1st October; the Register is to be kept agreeable to a form, which will be furnished by the Adjutant General, and all casualties are to be carefully noted therein, from time to time; to enable the Adjutant to do which, casualty lists are to be sent with each Monthly Return, containing the names and rank of each man dying, deserting, or who may desire his discharge, expressing also the Corps in which he served when first transferred to the Invalid Establishment.

The Governor General in Council is pleased to direct that the Office of Adjutant to the Corps of Native Invalids, which was abolished by General Orders of the Governor General in Council of the 16th June, 1797, be re-established with the same allowances as were drawn by the Officer holding that appointment, previous to its abolition.

G. O. G. G. 16th Oct. 1806

As the Adjutant of the Corps of Native Invalids is to superintend the annual distribution and allotment of the Native Invalids of the Army, he is to be stationed at Allahabad, where the Invalids assemble, although the senior Officer doing duty with the Corps of Native Invalids may be stationed elsewhere.

G. O. G. G. 19th Feby. 1807

The Adjutant to the Corps of Native Invalids is directed to prepare, annually, correct Registers of all the men of the several Native Corps and Departments of the Army who may be finally transferred to the Invalid Establishment by the General Committees, which are to be carefully preserved in his Office for reference.

G. O. P. C. 29th Mar. 1807

It will also be the duty of this Officer to draw the arrears and advances for the Invalids, according to their several destinations; and to furnish to each distinct certificates thereof, agreeably to the allotment made by the General Committee when confirmed in General Orders.

Monthly Returns from all Corps and Detachments of Native Invalids are to be forwarded to the Office of the Adjutant of Native Invalids, by whom a General Return of the Native Invalids is to be prepared and forwarded for the signature of the Senior Officer doing duty on the Invalid Establishment; by whom it is to be transmitted to Head-quarters.

Returns of the Corps of Native Invalids, how to be transmitted and prepared.

M.C. 20th June 1798

Resolved, with a view to accommodate the men of the Marine Battalion and Gun Lascars, Natives of the Province of Chittagong, who may be invalidated, that an Invalid Company of Sepoys and an Invalid Company of Lascars be formed and stationed at Chittagong, under the command of an European Officer.

Establishment of a Company of Invalid Sepoys, and of Lascars, at Chittagong.

The Establishment of the Sepoy Company in Native Officers and men to correspond with that of the Companies at Monghyr, viz. 2 Subadars—4 Jemadars—8 Havildars—8 Naicks—90 Privates.

The Establishment of the Lascar Company to be 2 Serangs—4 First Tindals—4 Second Tindals—90 Lascars.

M. C. 15th Feb. 1799

Resolved, that the undermentioned disabled and worn-out men belonging to the Arsenal be sent to Chittagong and enrolled on the strength of the Invalid Lascar Company lately established there; the Sirdars to receive the pay of First Tindals, and the workmen the pay of Lascars.

M. C. 1st Augt. 1799

It appearing from representations laid before the Vice President in Council that several Invalid Lascars, who were sent to Chittagong in the year 1786, have not obtained possession of Lands as was intended, nor received any Pensions in lieu of Lands; resolved that the Commander in Chief be requested to issue orders for enrolling, on the strength of the Invalid Lascar Company in that Province, such of the Lascars, as upon an investigation of their claims, shall appear to his Excellency to be of the above description; and that they be entitled in future to the Invalid pay of their rank until lands can be provided for them.

G. O. G. G. 13th Augt. 1801

The indulgence granted by Government by the Orders dated 1st August, 1799, conformably to which several Invalid Lascars, who from unavoidable causes had not been furnished with lands in the District of Chittagong, as was intended, were enrolled on the strength of the Invalid Company at that Station, having brought forward a considerable number of similar claimants; the Governor General in Council, with a view to prevent improper objects being placed on the Invalid Establishment, orders and directs all future similar claimants to be referred in the first instance to the Regulating Officer at Chittagong, who will report the result of the investigation to the Commander in Chief, in order that such of the Lascars as the Commander in Chief shall consider to be entitled to the indulgence, may be enrolled accordingly on the strength of the Invalid Company at Chittagong.

G. O. G. G. 21st May 1807

The Invalid Company of Sepoys and that of Lascars, authorized to be formed at Chittagong by the orders of Government of the 20th June, 1798, having been intended as a temporary measure only, on account of Native Invalids then waiting for Lands in that District, and not as a permanent Establishment, the Governor General in Council directs, that in future no Native Invalids be sent to Chittagong except such as may be entitled, under the Regulations of the 9th September, 1802, to be sent to that District for the purpose of receiving their Pensions of Invalid pay.

Prohibition of the transfer of any persons hereafter to those Companies.

M.C. 17th May 1787

The Paymaster of Artillery and Garrisons is the Paymaster of all Divisions of Native Invalids.

Regulations for the payment of the Corps and Detachments of Native Invalids

M.C. 11th Oct. 1785

The Commanding Officers of the Invalids at Patna and Monghyr, Native Supernumerary Invalids, &c. are, at the beginning of every month, to forward their Abstracts and Vouchers for the established monthly charges of their respective Corps, to the Pay-

master of Artillery and Garrisons, and bills of exchange will be immediately returned in payment of their Advances.

Any errors which may be discovered, by the Military Auditor General, in the audit of the accounts of any one month, are to be deducted from the next month's remittance.

#### NATIVE INVALID PENSION ESTABLISHMENT.

Provision esta-  
blished for In-  
valid Native  
Officers & Pri-  
vates unfit for  
Garrison Duty.

I.—By the rules in force for the maintenance of Invalid Native Commissioned and Non-commissioned Officers, who may not be fit for Garrison duty, an option is allowed to such Officers of receiving lands on the Jagheerdar Establishment, and of enjoying at the same time the reduced Pay of their respective Ranks, or of retiring on that Pay to any part of the Company's Territories. In assigning lands for the support of the Invalid Commissioned and Non-commissioned Officers, it was of course the intention of Government to render the latter part of their lives as comfortable as possible; but material inconveniences have arisen from that arrangement both to the Government and to the Invalids themselves and their families. A difficulty has frequently occurred in obtaining the lands required for their support: considerable delay has consequently been experienced in assigning to them that provision. The Lands, when purchased and rendered fit for tillage, being ordinarily situated in the vicinity of other Lands overgrown with extensive forests, have necessarily proved in many instances very insalubrious; the habits, age, and infirmities of the Invalid Soldier disqualify him in a great measure for the labour and pursuits of an Husbandman: the tendency of the existing arrangements to draw his immediate connections from the Villages, in which they had been accustomed to reside, to places recently reclaimed from jungle (frequently, as already noticed, extremely insalubrious) has had a prejudicial influence on the comfort and health of that class of people. For these and other reasons, connected with the happiness of the Native Soldiery, and the convenience of the public Service, the Vice President in Council has been pleased to pass the following rules, to be in force from the period of their promulgation, throughout the Territories immediately dependent on the Presidency of Fort William.

A. D. 1811  
Regulation II.  
G. O. V. P.  
4th June and  
30th July 1811

Certain Provi-  
sions in Regu-  
lation I, 1804,  
and Regulation  
XI, 1806, re-  
scinded.

II.—The Provisions contained in Regulation I, 1804, which declare, that all Native Commissioned and Non-commissioned Invalid Officers, not being fit for Garrison Duty, shall be allowed the option of being transferred to the Jagheerdar Establishment, and Section XX, Regulation XI, 1806, by which it is enacted, that Native Commissioned and Non-commissioned Officers, who may be transferred to the Jagheerdar Establishment, shall be entitled to the reduced Pay of their Rank, at the established rates, in addition to the benefits which they may derive from the Lands assigned to them, are hereby rescinded. (The Provisions above referred to continue in force with respect to the Invalids at present on the Jagheerdar Establishment.)

Native Officers  
& Privates inva-  
lided & unfit for  
Garrison duty,  
to receive six  
months Invalid  
Pay with per-  
mission to retire  
to such part of  
the Company's  
territories as  
they may prefer.

III.—First. Commissioned and Non-commissioned Native Officers, who may be Invalided subsequently to the date of this Regulation, shall not be deemed entitled to lands on the Jagheerdar Establishment: but such of those Officers, as shall not be considered fit for Garrison Duty, as well as Privates not fit for such duty, shall be entitled to an advance of six months Invalid Pay of their respective Ranks according to the rates hereafter specified, with permission to retire to any part of the Company's Territories which they may prefer.

Such Officers  
and Privates en-  
titled to draw  
the reduced pay  
of their Ranks  
for life.

Second. All Commissioned and Non-commissioned Native Officers, as well as Privates, who may be invalided subsequently to the date of this Regulation, and who may not be fit for Garrison Duty, shall be entitled to receive for their future support, during their lives, the Pay of their respective Ranks established by the Orders of Government, under date the 15th February, 1811, as follows:

Rates of pay for  
Invalids of the  
Regular Corps.

| Rates of Pay of Invalid Officers and Privates of the Regular Corps, comprising Cavalry, Golundauze, Infantry, Miners, Pioneers, Gun Lascars, and Ordnance Drivers. |                |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|----------------|
| Subadars,                                                                                                                                                          | Sonat Rs. 25 0 |
| Jemadars and Serangs,                                                                                                                                              | 18 0           |
| Havildars, Naicks, Native Doctors, Tindals, and half-cast Drummers,                                                                                                | 7 0            |
| Troopers, Sepoys, Drummers (not half-cast) Trumpeters, Pioneers,                                                                                                   |                |
| Miners of 1st class, and Gun Lascars,                                                                                                                              | 4 0            |
| Ordnance Drivers, Miners of 2d class, Farriers, Bhoeffics, Syces,                                                                                                  |                |
| Grass-cutters, and Quarter-master's Lascars.                                                                                                                       | 3 0            |

Rates of additional pay to persons of the description included in the above statement, who may have lost a limb, or become blind on service, or have been reduced to a helpless state by wounds received on service.

|                                                                                                                   | Additional Pay. | Total |

Rates of additional pay on account of wounds or infirmities.

Rates of invalid pay for all Invalids of Provincial Corps, who may, under the rules established in the Military Department, be admitted to the Pension Establishment.

|                                       |            |  |
|---------------------------------------|------------|--|
| Subadars,                             | St. Rs. 15 |  |
| Jemadars,                             | 7          |  |
| Havildars, Naicks and Native Doctors, | 5          |  |
| Drummers and Sepoys,                  | 3          |  |

Rates of pay to Invalids of Provincial Battalions admitted to the Pension Establishment.

Rates of additional pay to persons of the description included in the foregoing statement, who may have lost a limb, or become blind on service, or have been reduced to a helpless state by wounds received on service.

|                                        | Additional Pay. | Total. |
|----------------------------------------|-----------------|--------|
| Subadars,                              | St. Rs. 10 0    | 25 0   |
| Jemadars,                              | 5 0             | 12 8   |
| Havildars, Naicks, and Native Doctors, | 3 0             | 8 0    |
| Drummers and Sepoys,                   | 2 0             | 5 0    |

Rates of additional pay on account of wounds or infirmities.

These rates not applicable to persons to whom reduced invalid pay had been granted prior to the 15th of February, 1811.

*Third.*—The rates, specified in the preceding tables, are not to be considered applicable to persons to whom reduced invalid pay had been granted previously to the date of the Orders of Government above noticed, viz. the 15th of February, 1811.

Regulations for the payment of the stipends to Native Invalids on the Pension Establishment.

IV. The rules contained in Sections XXIII, XXIV, XXV, and XXVI, Regulation I, 1804, shall be strictly observed in issuing the pay to the persons, who may become entitled to that provision, under the present Regulation, viz.

SECTION XXIII.—Every Native Commissioned, Non-commissioned and Private Invalid, admitted on the Pension Establishment, shall, on being allowed to retire on Invalid Pay, receive a descriptive Roll addressed to the Collector of the District specifying the name, age and height of the Invalid, the place at which he was born as well as that at which he may choose to reside; the period of his services and in what Regiment or Regiments he may have served; his wounds, if he shall have received any; and any corporal peculiarities or marks tending to identify his person; copies of these Rolls shall be regularly forwarded to the Military Auditor General. Regulation I, 1804

XXIV.—The half yearly or annual presentation of this Roll to the Collector of the District to whom it is addressed, shall entitle the Invalid Pensioner to receive the Invalid pay of his rank, and on receipt of the Roll, after his death, the Collector shall pay to his heirs, or other person properly empowered to receive the same, the amount of the arrears which may have been due at the time of his decease.

XXV.—At every half yearly or annual payment, the Invalid Pensioner shall give a receipt for the amount of pay then due to him, which shall be transferred by the Collector to the Military Auditor General for Audit, by whom it shall be returned to the Collector in order to its being received as a voucher by the Accountant General, to be charged in the Military Department.

After the decease of an Invalid Pensioner the Collector shall transmit his Descriptive Roll to the Military Auditor General, having first noticed upon it the amount paid to the heirs of the deceased.

XXVI.—Whenever a voucher of a Pensioner's existence shall not be furnished within twelve months from the date of his last receipt of pay, he shall be struck off the Roll of the Collector, and not again be admitted without the orders of Government.

Native Invalid Pensioner allowed to reside at Fort Marlborough.

The Vice President in Council is pleased to comply with the request of Munnoo Meahjee, Naick of the Invalid Jagheerdar Establishment, to be transferred to the Invalid Establishment at Bencoolen, on the full invalid pay of his rank. Proc. V. F. 27th Mar. 1810

Regulations for the payment of the stipends of Native Invalid Pensioners of the Establishments of Fort St. George and Bombay.

The undermentioned Tindals and Lascars, who were recruited in these Provinces for the Service of the Coast, having been invalidated and pensioned at Fort St. George, conformably to the Regulations of that Presidency, and having expressed a desire to return to their Native Country, they have accordingly been sent to Bengal. G. O. G. G. 26th June 1800

These men are to be paid, monthly, the sums specified opposite to their respective names by the Collector of the District in which they shall reside, or by the nearest Paymaster of a Military Station, if more convenient to the Invalids.

The Governor General in Council judges it proper to signify in Public Orders, that Sepoys and Lascars, recruited for the service of the Coast, will have the option of returning to their Native Country, or of remaining on the Coast after being invalidated; and that the pensions of those who return to Bengal will be paid to them, monthly, during their lives, by a public Staff Officer of the District in which they shall reside.

Bulden Sing, Havildar on the Bombay Establishment, pensioned by the orders of that Government on six Rupees per mensem, having expressed a wish to receive his pension at Benarus, the Town Major is directed to furnish him with a certificate to enable him to draw his pension from the Collector of Benarus. G. O. G. G. 17th July 1806

#### ESTABLISHMENT OF NATIVE INVALID JAGHEERDARS.

Establishment of Native Jagheerdar Invalids.

(Regulations for the Jagheerdar Invalids, and which continue applicable to those at present on the Establishment.)

Districts in which they are settled.

SECTION III.—The establishment of villages for the Invalids and the appropriation of lands for their support is confined to the Zillahs of Behar, Shahabad, Sarun, Tirhoot, Bhaugulpoor and Chittagong. Regulation II 1804

IV.—The general superintendence of the Invalid Jagheer Establishments is hereby vested in the Board of Revenue.

Superintendence of the Establishment vested in the Board of Revenue, and in Regulating Officers under the orders of the Board.

V.—The immediate superintendence of the Invalid Jagheer Establishments shall be entrusted to Officers, who shall be denominated Regulating Officers.

One Officer shall be appointed to superintend the Jagheer Tannahs in the zillahs of Bhaugulpore and Tirhoot.

One Officer shall be appointed to superintend the Tannahs in the Zillah of Behar : one Officer shall be appointed to superintend the Tannahs in the Zillahs of Shahabad and Sirsagar Sarun : and one Officer shall be appointed to superintend the Tannahs in the Zillah of Chittagong.

VI.—The Regulating Officer in each District shall be subject to, and shall act under the orders of the Collector and of the Board of Revenue ; and all matters relative to the duties of the said Officers, which it shall be proper to submit for the information or orders of the Governor General in Council, shall be communicated by the Collector of the Zillah to the Board of Revenue, who shall submit the same to the Governor General in Council.

G. O. G. G. 9th Sept. 1822 Each Regulating Officer shall be allowed, in addition to the pay of his Regimental Rank, a monthly Salary of 876 Sonant Rupees, in lieu of gratuity, batta, tentage, stationery, elephants, surveying charges, Moonshies, and all contingencies whatever. He shall in consequence declare at the bottom of his Monthly Bill and upon his honor, that he does not, directly or indirectly, receive any advantage or emolument whatever from his situation, beyond the allowance made to him by Government. (By General Orders of the 2d January, 1810, the accounts of the Regulating Officers are required to be verified half yearly ; for forms of Affidavit *vide* Form No. 4—Chapter III.)

Allowances fixed for the Regulating Officers.

Extra M. C. 29th Feb. 1793 The Regulating Officer being Superintendent of the Establishment in the District, all communications to the Commander in Chief relative to the Invalids shall proceed from him ; as also all communications to the Collector.

All Communications, &c. from the Invalids to be made through them.

All Arzees from the Invalids, intended for the consideration of the Collector, to be previously signed by the Regulating Officer.

Annual Returns are to be transmitted by the Regulating Officer to the Commander in Chief of the quantity of land in cultivation.

Annual Returns to be transmitted of the quantity of land in cultivation

The Collector of each District is to be furnished with a monthly Return of the men of every rank on the Establishment in his District, by the Regulating Officer, who is to transmit to the Commander in Chief a monthly Return of all the men on the establishment.

Monthly or half yearly Returns to be furnished by the Regulating Officers.

It is to be the duty of the Regulating Officer to see the pay issued at the stated periods.

The Regulating Officer, after pay has been issued at the stated periods, shall make up a general Return of all the men on the Establishment, specifying the villages they belong to. One copy to be sent to the Adjutant General for the Commander in Chief ; and one to the Military Auditor General.

Regulation 1804 I. SECTIONS VII and XXII.—The following are the proportions of the lands granted to the several descriptions of Invalids.

Proportions of land granted to the several ranks of Invalids.

|                                                     |      |      |      |     |
|-----------------------------------------------------|------|------|------|-----|
| A Subadar of Infantry and Cavalry—Begahs            | ---- | ---- | ---- | 100 |
| A Jemadar of Infantry and Cavalry and Serang        | ---- | ---- | ---- | 50  |
| A Havildar of Infantry and Cavalry and First Tindal | ---- | ---- | ---- | 30  |
| A Naick of Infantry and Cavalry and Second Tindal   | ---- | ---- | ---- | 26  |
| A Private, Trumpeter, Drummer, Behishty or Lascar   | ---- | ---- | ---- | 20  |

(Terms on which the land is occupied by the Invalids.)

SECTION IX. First. When a Collector shall have received information of a spot of waste land, calculated for the purpose of establishing a Tannah, or for the accommodation of an Invalid, in one of the Tannahs already established, he shall make a proposal in

Collector to make proposals in writing to the proprietors of lands selected

for the Inva- writing to the proprietor of the land to take a lease of it in portions or entire, according  
lids. as it may be wanted for one or more Invalids, on the part and in the names of the Invalids  
respectively, and on the terms specified in the following articles.

Terms on which the lease is to be concluded. *Second.—Art. 1st.* The land shall continue the property of the Zemindar or other proprietor, and shall not be separated from his estate.

*Third.—2d.* The pottah, or deed of lease, shall include the julker, bunker, and phulker, or all trees and the produce of them, fisheries and pasture land.

*Fourth.—3d.* The Invalids shall hold the land free of rent, or any demand whatever during their lives; and after their decease the land shall devolve to their heirs.

*Fifth.—4th.* The heirs of Invalids, for the first five years after they shall come into the possession of land, shall pay to the Zemindar a sum equal to one-tenth of the produce of the land as Malikanah.

*Sixth.—5th.* After the expiration of the period of five years, the payment of Malik-anah shall cease, and the proprietor of the land shall be entitled to rent it in the proportion of two-fifths of the annual produce, whether it be in kind or in money, as may be agreed on between the parties concerned in the adjustment. This rent shall not be liable to any variation; and shall be paid to the Zemindar, or other proprietor.

*Seventh.—6th.* If the original grantee shall die within seven years from the date of his being put in possession of his lands, his heir shall continue to hold them rent-free until the expiration of such period of seven years, from which time the lands shall become subject to the rules contained in the two preceding articles, in the same manner as if the heir had then first succeeded to them, and his ancestor had held them for a term exceeding seven years.

*Eighth.—7th.* If an Invalid shall die without heirs, it shall be left to the option of a fresh man coming upon the Establishment, to supply his place in the Tannah, upon such fresh man agreeing to take the lands upon the terms to which he would have succeeded to them, had he been the heir of the deceased. If no fresh man will agree to take the lands upon these terms, the lands shall revert to the Zemindar or other proprietor, who shall be entitled to dispose of them in such manner as he may think proper.

*Ninth.—8th.* If an Invalid shall die, and leave heirs who are not willing to receive the lands upon the foregoing terms, or are incapable of cultivating them, the heirs shall be allowed to dispose of their rights to any of the Invalids belonging to the Tannah, the purchaser becoming subject to all the conditions in the articles regarding such heirs.

*Tenth.—9th.* If an heir to a jagheer, without reasonable cause, leave the land uncultivated for one year after he may claim it, and shall have been ordered to be put into possession, the land shall be deemed forfeited, and shall be transferred to any other Invalid, who will take it upon the same terms as he would have been entitled to hold it had he been the heir of the deceased. In the event of no Invalid agreeing to take the jagheer upon the above terms, the jagheer shall revert to the Zemindar or other proprietor, as in the cases provided for in the Seventh Article.

*Eleventh.—10th.* Upon the arrival of the period for assessing lands which shall have devolved to the heirs or successors of Invalids, such parts of the lands as might have been cultivated, and are not brought into cultivation, shall be resumed; and the Zemindar or other proprietor shall be at liberty to grant pottahs for them to whomsoever he shall think proper, unless the person who shall have omitted to cultivate them, shall enter into an engagement to bring them into cultivation in the course of one year, calculating from the commencement of the year in which they became liable to the final assessment, and in all future years, to pay for them as cultivated lands.

*Tenth.—11th.* The malikanah and rent, to which the lands are declared liable in the Fourth and Fifth Articles, shall be recovered from the incumbent in the same manner as from his other renters and ryots. No increase of revenue shall be levied from the Zemindar or other proprietor, on account of the rent or malikanah, which shall become payable to him from the lands of the Invalids.

*Thirteenth.—12th.* Whenever an Invalid, or successor, shall be put in possession of a jagheer, previous to its being charged with the permanent assessment, the Regulating Officer shall obtain from the proprietor, through the Collector, a separate pottah for such person, which shall express the terms on which he is to hold the land, as specified in the preceding articles. When a jagheer shall become liable to the permanent assessment, the Regulating Officer shall obtain from the Zemindar, or other proprietor, through the Collector, a pottah in the name of the possessor, specifying the rate of the rent or assessment; the quantity of land; the boundaries of it; and the terms of the tenure, as above defined.

*Fourteenth.—13th.* The Zemindars, or other proprietors, shall be allowed to station a mutsuddie in the tannahs, to take copies of the accounts of the rent and malikanah which may become due to them, and to inform them of every infringement of the terms under which the lands in the Tannahs are held, as specified in the agreement between them and the Zemindar or proprietor.

*Fifteenth.—14th.* Whenever all the lands included within the limits of a Tannah shall have become liable to the permanent rent or assessment specified in the Fifth Article, Government shall withdraw the authority of the Regulating Officer, and the Tannah shall be considered to be upon the same footing as other Villages in the Zeminderry or estate; the heirs and successors of the original grantees continuing to hold their lands upon the terms specified in their Pottahs.

*Sixteenth.—15th.* After the Officers of Government shall have been withdrawn from a Tannah, in the case specified in the Fifteenth Article, if an Invalid, or his heirs or successors, shall die without heirs and intestate, the Jagheer, or such parts of it as may have been held by the deceased, shall devolve to the Zemindar or proprietor, who shall be at liberty to grant a pottah for it, or to dispose of it to such person, and upon such terms, as he may think proper.

*Seventeenth.—16th.* Any other stipulations which shall be made between the Invalids and the Zemindar, or other proprietor of the land, shall be binding on the parties. All differences between the Zemindar, or other proprietor, and the Invalids, or their heirs or successors, respecting the nature of the Invalid tenures, shall be decided in the Dewanny Adawlut of the Zillah.

X. If the estate, or any part of the estate of a Zemindar or other proprietor, in which lands leased to Invalids under this Regulation shall be situated, shall be disposed of at public sale, or be transferred, or devolve in any manner to any other person, neither the lease nor the terms of the tenures of the Invalids, or their heirs or successors, shall be in any respect affected; but the new proprietor shall be bound by the terms of the deeds in the same manner, as the proprietor who granted them would have been, had he retained the property, notwithstanding any thing that may be expressed to the contrary in Regulation XLIV, 1793, or any other Regulation passed on the 1st May 1793, or on any subsequent date.

XI. Whenever Invalids shall be established upon lands the property of Government, they shall hold the lands of Government upon the same terms, as Invalids settled upon lands belonging to Zemindars, or other proprietors of land paying revenue to Government, or upon such other terms as the Governor General in Council shall judge it proper to prescribe, previous to establishing the Invalids upon the lands.

Invalids to hold lands the property of Government upon the same terms as those of individuals.

XII. Widows being heiresses to the Jagheers of their husbands, shall be allowed to marry whom they please without forfeiture of their Jagheers, which, after their death, shall devolve to their heirs at law.

Widows being heiresses may re-marry with out forfeiting their Jagheers.

Regulating Officers to settle all internal affrays, differences, &c.,

XIII.—It shall be the duty of the Regulating Officer to settle, as far as he may be able by his advice and admonitions, all internal affrays, differences, and claims, which may arise between the Invalids themselves and between them and other inhabitants of the District, in such manner as shall be deemed equitable; leaving the parties, if his endeavours prove ineffectual, to have recourse to the established Courts of Justice. Provided however, that the rule contained in this section shall not be construed to empower the Regulating Officer to exercise any authority whatever without the limits of the Tannahs under his charge.

Vakeels of Government to plead the causes of Invalids free of cost.

XIV.—To prevent Invalid Jagheerdars from being harassed with law suits, and to enable them to defend or prosecute suits, in the Courts of Judicature, without being obliged to attend in person, or being subjected to trouble and expense, it shall be the duty of the Vakeel of Government, on the requisition of the Collector, to plead the causes of such Invalids free of cost.

Process of civil and criminal Courts, to be current in the Invalid Tannahs.

XV.—The process of the Civil and Criminal Courts of Judicature and of the Police Officers shall be current, in the Invalid Tannahs, in the same manner as in other parts of the Country; and the Invalids, and all inhabitants of the Tannahs, shall observe a strict obedience thereto, under pain of paying such fine or suffering such punishment, as the Courts are empowered by any Regulation passed and printed in the manner directed in Regulation XLI, 1793, to impose or inflict on persons disobeying or resisting their process.

Jagheers not to be assigned as security for money borrowed; and in what cases to be answerable for debts.

XVI.—Jagheers, whilst possessed by Invalids, shall not be assigned as security for money borrowed by them, nor be answerable after their decease for debts contracted by them. But when Jagheers shall devolve to heirs or successors of Invalids, such Jagheers shall be answerable for debts contracted by such heirs and successors.

Distribution of lands to be made by the Regulating Officers under the orders of the Collectors.

XVII.—The distribution of the lands in Tannahs shall be made by the Regulating Officers under the orders of the Collector, agreeably to the instructions with which they shall be furnished; and the Courts of Judicature shall not interfere in any manner, or receive any complaints or representations whatever regarding such distribution.

Rules in Section IX. in what manner to be applied to lands granted to Invalids.

XIX. The rules contained in Section IX. shall be considered to be immediately applicable to such lands as shall henceforward be granted to Invalids. With a view however to ascertain and fix the tenure of the occupants, and to protect the rights of the proprietors, and to establish, as nearly as may be practicable, an uniformity of system throughout the Invalid Tannahs, the Collectors shall endeavor to conclude agreements with the Zemindars, rendering all lands now held by Invalids, (excepting the lands granted to Invalids under the Regulations of the 18th February, 1789, *vide page 514*) subject to the conditions specified in Section IX. of this Regulation.

It shall likewise be the duty of the Collectors to new-model the Tannahs as far as relates to the proportions of land, and to fix for each Invalid now on the Establishment the quota of land assigned for his rank by Section VII. The Collectors shall also extend this rule to the heirs and successors of Invalids, who have come into possession of Jagheers; resuming both from Invalids and from the heirs and successors of Invalids, whatever quantity of land shall appear to have been granted to them exceeding that proportion; excepting where the occupants have brought into cultivation a larger quantity of land than is now fixed for their respective Ranks, or for the ranks of their ancestors and predecessors; in which cases the occupants shall not be deprived of any part of the land, which is in actual cultivation, but shall continue to possess the whole under the conditions above prescribed. Provided however, that nothing contained in this Section shall be construed to annul or set aside any of the rights of the Jagheerdars, or of the proprietors of the land under any existing engagements, or under the rules contained in Regulation XLIII, 1793, and Regulation LVI, 1793, until the arrangements prescribed in this Section shall, with the consent of the Zemindars concerned, have been carried into complete effect.

Particulars to be specified in Pottah for

XXI.—*First.* The land required for the residence of an Invalid, and comprehended within the boundary of his House, Garden, and Offices, shall be included under a distinct head in the Pottah for his Jagheer, and the rate which he is to pay for this portion

of land shall be fixed by the Collector at two-thirds of the usual rates of the District for such land. Invalid heers, Jagheers.

**Second.** Any land which shall be required in each Village for Roads, Wells, or other public purposes, shall be purchased by Government, and shall be bestowed on the Tannah gratis; the amount of the purchase money shall be inserted in the contingent bill of the Collector. Lands required for roads, &c. to be purchased by Government and bestowed on the Tannahs.

M. C. 25th Feb. 1793 Leave of absence is to be granted by the Regulating Officer; and if an Invalid exceeds his time of Furlough, although he should be present on the day of payment, a portion of his pay for the number of days he has exceeded his leave shall be stopped and carried to the account of Government, if good and sufficient reason be not assigned to cause a mitigation of such severity. Leave of absence under what Regulations to be granted.

The several Invalids are required to be present at their respective Villages at the two stated periods of inspection and payment: and in failure thereof they are to be struck off the Establishment and not re-admitted but by the express authority of the Commander in Chief, excepting in cases in which the Invalids shall be absent with permission, or from sickness, or other unavoidable cause, which shall appear satisfactory to the Regulating Officer and to the Collector. The Courts of Judicature shall not receive any complaints or representations which shall be presented to them by an Invalid for having been struck off the Establishment under this Section.

Regulation XI. 1806 **SECTION XX.**—With the view of promoting the convenience and happiness of the Native Commissioned and Non-commissioned Officers, &c. who may be transferred to the Invalid Jagheerdar Establishment; such Officers shall in future be entitled to the reduced pay of their Rank at the established Rates, in addition to the benefits which they derive from the lands assigned to them, viz. Rates of Pay allowed to the several Ranks of Invalid Jagheerdaars:

|                                                                                         |         |      |
|-----------------------------------------------------------------------------------------|---------|------|
| Subadar of Cavalry, Golundauze and Infantry, per mensem,                                | St. Rs. | 18   |
| Jemadar of " " " "                                                                      | ----    | 7    |
| Serang of Gun Lascars, ----                                                             | ----    | 6    |
| Half-cast Drummer, ----                                                                 | ----    | 6    |
| Havildar of Cavalry, Golundauze and Infantry, ----                                      | ----    | 4 8  |
| Naick of " " " "                                                                        | ----    | 4    |
| First Tindal of Gun Lascars, ----                                                       | ----    | 4    |
| Second Tindal (Coffob) ----                                                             | ----    | 3 8  |
| Native Trumpeters and Drummers—Privates of Cavalry, Golundauze and Infantry, Bheesties, | }       |      |
| Lascars, ----                                                                           |         |      |
|                                                                                         |         | 2 12 |

M. C. 25th Feb. 1793 The pay is to be issued every six months; viz. on the 1st April and the 1st October. And at what periods to be issued.

G. O. G. G. 9th Sept. 1808 A monthly sum of one Rupee eight Annas is to be allowed to each of the existing distressed widows of Invalid Jagheerdaars, as long as she lives; and to each orphan child of an Invalid Jagheerdar, until such child shall attain the age of 15 years, to be drawn in separate Abstracts, but no allowance of this kind is to be made in Tannahs hereafter, without previous reference of each particular case to the Governor General in Council. Allowance granted to the Widows and Orphans of deceased Jagheerdar Invalids; under what Regulations to be drawn and Abstracts how to be prepared and vouched.

All the casualties of the widows and orphans of Invalid Jagheerdaars are to be carefully reported to the Office of Audit.

M. C. 19th Dec. 1794 In addition to the Rules laid down, it is ordered, that the bills shall be accompanied by lists of the widows and orphans, on whose account disbursements shall have been made, specifying the names and rank of the deceased persons whose widows and children are thus aided; the ages and casts of the widows and orphans; and the Villages and Tannahs to which they belong.

M. C. 25th Feb. 1793 The heirs of deceased men who may be claimants for portions of pay due to any Invalid dying in the intermediate periods of Muster, shall attend the Inspecting Officer and be paid their dues at the same time and in the same manner as ordered for the disbursement of pay at the respective Villages. Payment of Arrears due to men deceased how to be made.

Any claims not preferred at the first ensuing period of payment after the casualties have happened shall be deemed inadmissible.

Regulations for the payment of the Invalid Jagheers by the Collectors of the several Districts.

The Collector is to be considered the Paymaster of the Establishment, and the pay is to be disbursed by his Servants in the presence of the Regulating Officer, who is to carry with him a Roll of the men in the several Villages exhibiting the claims when they were actually put in possession of their portions of land; and the Officer under whose inspection the pay is issued is to certify at the end of his circuit to the Commander in Chief, that the just claims of the several men have been satisfied in his presence.

As the Native Invalid Jagheers suffer much inconvenience by not receiving their pay until such time as the Collectors obtain a Bill of Exchange from the Paymaster, upon the Military Paymaster General, for the amount of the Abstract; Resolved, with a view to prevent such inconvenience in future, that the Collectors be directed to disburse the periodical payments regularly on the 1st April and 1st of October, or as soon after as may be practicable, instead of retaining the pay until Bills of Exchange shall have been granted to them for the amount, on the Military Paymaster General.

M. C. 22d May 1797

The Governor General in Council is pleased to direct that disbursements shall not on any account be made by the Regulating Officers, but that the pay of the Native Jagheer Invalids, and all other expences of the Tannahs, shall be paid at the stated half yearly periods, either by the Collector or by persons deputed by him to the Tannahs for that purpose, according to the Review Rolls which it is the duty of the Regulating Officer to prepare and furnish to the Collector; which Review Rolls should accompany the Pay Abstract of the Collector to the Office of Audit, as the voucher for the disbursements made by him.

G. G. G. C. 20th Mar 1800

The authorized disbursements made by the Collectors of Revenue to Native Invalids, Pensioners, and occasionally on account of ferrying Troops over Rivers in their respective Districts, will continue to be made as heretofore; the Pay Abstracts or Bills for such disbursements are not, however, to be charged on the Treasury Account of the Collector, until they shall have been passed in the Office of the Military Auditor General.

Arms, Ammunition, &c. under what circumstances allowed to the Invalids.

A proportion of Balled Ammunition and a few Stands of Arms are to be given to some particular Tannahs, where they happen to be much exposed to the devastation of wild beasts, and the Regulating Officer is to indent for those articles through the Military Board.

M. C. 25th Feb. 1793.

XXIII. Section XXXIII. Regulation XLIII. 1793, is hereby declared to remain in force.

Regulation I. 1804 Regulation XLIII. 1793

Native Invalids who formerly accepted a double portion of land in lieu of all claims upon Government, are not affected by any subsequent Regulations.

XXXIII. No part of the Rules in the preceding Sections of this Regulation are to be considered applicable to the Invalids who have accepted of double portions of land under the Regulations of the Governor General in Council, passed on the 18th February, 1789, and 24th December, 1790.

Those Invalids are dispersed in different parts of the Country, receive no pay, are under no Military controul, and are entirely unconnected with the Service.

They are to be considered as Tenants of the Landholders in whose estates they are settled, and are subject to the Jurisdiction of the Civil and Criminal Courts of Judicature in the same manner as other individuals.

To secure them and their Heirs in possession of the lands which have been made over to them, the Collectors are to apply to the Zemendars to grant them Pottahs, confirming the land to them and their heirs, as Pottah Talooks, agreeably to the terms of the above-mentioned Regulations under which they received the lands, and by which all questions regarding any such grants as may have been made are to be decided.

Appointment of the Superintending Officer at the Invalid Establishment as Haupper and Regulations for his observance.

ESTABLISHMENT FOR INVALIDS AND PENSIONERS OF IRREGULAR NATIVE CORPS.

The Governor General in Council concurs in the appointment by the Right Hon'ble the Commander in Chief of Lieutenant Hunter to be Superintendent of the Invalid Establishment at Haupper, with a Salary of two Hundred Rupees per mensem, and an

Proc. G. G. 17th April, 1806.

allowance of one hundred and twenty Rupees per mensem for Moonshies, Native Writers, &c. independent of the Pay, Batta, Tent Allowance, &c. of his Regimental Rank.

Ext. Let. Adj.  
Gen. 27th Mar.  
1806

A Monthly Return of the whole Establishment, under their several denominations, to be sent to Head-quarters; and a Quarterly Muster Roll to the Military Auditor General to correspond with the Pay Abstracts.

The Superintending Officer will always consult the Collector and attend to any suggestions he may offer for the better Regulation of the Department.

A Monthly Return of the Establishment to be furnished to the Collector.

The Superintending Officer will personally superintend the issue of pay, and see that every individual's claims are fairly adjusted.

In all cases of trivial dispute among the parties he will arbitrate and decide upon them, and whenever they have occasion to appeal to the Collector or Magistrate, he is to sign their Arzees in testimony of their application not being frivolous.

The Superintending Officer will grant leave of absence from time to time to such extent as may gratify the wishes of the men under his charge, without allowing the indulgence to be abused; at the same time it is desirable to excite emulation and afford every encouragement, and when occasion may require it, by application to the Collector, to promote the cultivation and improvement of the lands held by the parties under his charge.

G. O. C. C.  
13th Mar. 1806

The Native commissioned and non-commissioned Officers of the 1st Telinga Battalion are to be paid up and transferred to the Pension Establishment at Haupper on the full pay of their respective ranks, as received in Hindoostan in the service of Doulut Rao Scindab, with a corresponding allotment of land.

G. O. C. C.  
28th Apr. 1806

The Native commissioned and non-commissioned Officers of the 2d Telinga Battalion are transferred to the Pension Establishment at Haupper.

Native Officers,  
&c. of Irregular Corps admitted to the Establishment.

G. O. C. C.  
30 Aug. 1806

The following Native commissioned, non-commissioned Officers and Privates of the reduced Irregular Brigades in Bundelkond, who have been disabled by wounds, received in the Service of the British Government, are by the direction of the Governor General in Council transferred to the Haupper Invalid Establishment, from the first day of September next, to which date they are to be paid in Bundelkond and furnished with certificates by the Major of Brigade, countersigned by the Officer Commanding in that Province, to identify their persons to the Officer superintending the Haupper Invalid Establishment.

Ext. Let. Adj.  
Gen. 19th Feb.  
1807

"The Commander in Chief recommends that the Pension of Subadars of the Telinga Battalions should be assigned to the Native Adjutants of Irregular Corps, received on the Haupper Establishment from Colonel Shepherd's Brigade.

Ext. Let. Adj.  
Gen. 19th June  
1806

The Commander in Chief desires that the pay and land allowed to Drummers and Sepoys, or others invalided from the late Telinga Battalion, may be the same as heretofore allowed to corresponding Ranks on the Haupper Invalid Establishment, which are To a Sepoy, 4 Rupees per month and 10 Beegahs of land.

To Drummers (as Naicks) 5 Rupees, and 15 Beegahs.

Proc. G. G.  
14th May 1807

The payment of the Haupper Invalid Establishment is to be transferred from the Superintending Officer to the Collector of Saharnpore, who will transmit, quarterly, to the Military Auditor General, Abstracts of the pay of the Invalids and Pensioners.

Regulations for the payment of the Pension Establishments at Haupper

Proc. G. G. 6th  
June 1808

The Military Auditor General is instructed to pass an allowance of Sonam, Rupees 30 per month for a Moonshie, whom the Collector of Saharnpore was authorized to entertain, for the purpose of keeping the accounts of the Haupper Establishment of Invalids.

Proc. G. G. 6th  
October 1806

The Governor General in Council directs the amount of the Pay Abstracts of the Haupper Invalids to be charged to the Civil Department.

And in the Districts of Cawnpore, Furruckabad,

The Collectors of Cawnpore and Furruckabad are to transmit quarterly to the Military Auditor General Abstracts of the pay of the Military pensioners disbursed by them respectively. Proc. G. G. 14th May 1807

And Agra

The Governor General in Council sanctions the Establishments of Invalids in the Pergunnahs of Bah, Penahut, and Futtipoor Sicree, in the district of Agra. Proc. G. G. 16th Apr. 1807

The statements of payments made to the Invalids to be sent to the Military Auditor General, for Audit, in the same manner as those of the Haupper Establishment, paid by the Collector of Saharunpoor.

#### REGULATIONS FOR PENSIONS TO NATIVES IN THE ORDNANCE DEPARTMENT.

Circumstances under which Pensions are to be granted to Artificers, &c. of the Ordnance Establishments.

The Governor General in Council considers it to be of the highest importance to the Military Service of the Company, as well in a political point of view as from considerations of proper economy, that neither the Invalid Establishments or pension lists should be loaded or increased by improper objects, but that those privileges and indulgences, which are considered rewards for long services, should be granted exclusively to those entitled to them by the Public Regulations. Proc. G. G. 30th July 1801

The Governor General in Council observes that Magazine-men are not entitled by the Regulations to the Invalid Establishment, nor does his Excellency consider it to be either necessary or proper to extend the benefit of the Invalid Regulations to men of that description.

Similar objections occur against authorizing a Pensionary Establishment for Magazine-men.

The Governor General in Council is not aware of any circumstance which would afford grounds for admitting a deviation from the general rule, and for placing any of the Magazine-men upon either of the Invalid Establishments, excepting that of being rendered incapable of further duty by wounds received on actual service in the Field.

The orders of the Governor General in Council of the 30th July, 1801, are to be particularly adverted to by Officers of Ordnance upon all occasions, where claims to the benefits of the Invalid or Pensionary Establishments are preferred by Magazine-men. Proc. M. B. 27th Aug. 1801

As the grant of Pensions to ordinary Artificers of the Magazines, on account of length of service, would entail on the public a burthen some and unnecessary expence, the Military Board positively direct that no similar pretensions may ever again be so far countenanced as to be made the subject of an application to this Department. Res. M. B. 18th Oct. 1808

The Governor General in Council, adverting to the Orders of Government communicated to the Military Board under date the 30th July, 1801, concurs generally in the sentiments expressed by the Board in regard to the inexpediency of extending the indulgence of pensions or the privileges of the Invalid Establishment to people employed in the Magazine Departments under this Presidency, including the Arsenal of Fort William, and is in consequence pleased to resolve, that the mode in which provision is made for these people shall continue in force, and that each particular case shall be separately reported for the consideration and orders of the Governor General in Council, who will at all times be desirous of affording a reasonable support to persons in situations requiring such a provision to be made for them. Proc. G. G. 3 April 1809

In consideration of the circumstances stated by the Military Board relative to the situation of thirteen Sicligurs belonging to the Arsenal of Fort William, the Governor General in Council is pleased to grant to each of the persons in question a pension of Sixty Rupees three per mensem, during the period of their respective lives. The Board are accordingly directed to state where these men with their pensions, respectively, may be paid them. Proc. G. G. 18th Oct. 1807

The Governor General in Council, on a consideration of the length of service of the three Magazine-men formerly attached to the Magazine at Chunar, and of the principle Proc. G. G. 10th Apr. 1809

adopted by Government with regard to people of this description in former instances of a similar nature, is pleased to authorize their being admitted to the benefits of Pensionary support during the periods of their respective lives.

*Regulations for Pensions to the Families of Men killed at the Powder Works—and to Persons belonging to the different Establishments in the Military Department.*

Proc. G. G. 14th May 1783 Resolved, that a pension of 4 Rupees per month be granted to the Widows and Children of men who have served at the Powder Works, and who have been killed by explosions, upon the necessary certificate being produced. Amount of Pensions to be granted to the widows & children of men killed by explosion at the Powder Works

Proc. G. G. 11th June 1801 The Governor General in Council referring to the Proceedings in the Department of Inspection of the 14th May, 1783, establishing Pensions for the families of men killed at the Powder Works, observes that the Pensions are confined to the Widows and Children of such men.

The Pensions, which are to be equal to the pay of the men killed, are to be paid to Widows during their widowhood, and to Children until such time as they are capable of providing for themselves.

All future certificates to be prepared according to the above explanation.

Proc. G. G. 13th Aug. 1801 The Governor General in Council directs that the Regulation of 1783, regarding the pensions to the relatives of men killed at the Powder Works, be adhered to, in future, conformably to the orders of the 11th June last.

Children becoming entitled are to receive the pensions until they arrive at the age of twelve years, excepting in the case of females marrying before that period, in which case such females are not to receive the pension after marriage.

No children are to receive it after they shall have attained the age of twelve years.

All persons, (from the Pultah Manufactory) widows and children, entitled to the pension, are to appear before the Military Board; and the certificates to be granted them by the Agent for the Manufacture of Gunpowder, are to contain the names, age and description of each person, with the name of the village and Pergunnah or District in which they intend to reside for the future. And Regulations for authentication of their claim and for payment of the amount.

All persons receiving the pension who reside near the Presidency should be required to appear before the Military Board once or twice in each year, to prevent the pension being paid to persons not entitled to receive it.

Those at a distance from the Presidency are required by the Regulations to appear personally before the Collectors by whom they are respectively paid.

Proc. G. G. 19th Mar. 1803 The Governor General in Council authorizes the application of the Regulations for pensioning the Families of men, who lose their lives by explosion at the Powder Works to the families of such men as may lose their lives at the Gun Powder Works in the vicinity of Allahabad.

The Governor General in Council, however, does not deem it necessary that the persons preferring claims for Pensions should appear before the Commanding Officer at Allahabad.

The claims are to be examined into by the Agent at Allahabad in the same manner as claims of a similar nature are by the Agent at Pultah, and to be submitted to Government through the Military Board.

**FORM OF CERTIFICATE.**

Res. M. B. 14th Sept. 1802 This is to certify, that the bearer hereof, Mahomed Huseyn, aged about 7 years, is the only child of the late Dooft Mahomed, who was killed by the explosion of the Pilon Mill No. 7, on the 7th April last; that his residence is in the Pergunnah of Abdunugur in Chittagong, whither he purposed to return; that there being no other person who has any claim on the deceased, three Sicca Rupees per mensem, from the above date, will be an adequate provision for him.

(Signed) A. B.

PULTAH, 1st of ————  
1807.

Agent for Manufacture of  
Gunpowder.

The certificates of the Pensioners are to be sent to Government, with a request from the Military Board, that the Board of Revenue may be instructed to issue orders for the Pensioners being paid the arrears that may be due, and the monthly stipend, by the Collectors.

The certificate will be returned to the Military Board, whence a duplicate on parchment is to be issued to the Pensioner.

Directions to be observed in fixing the amount of Pensions which may be granted to Natives, &c. for whom no Provision is made on the Invalid Establishment.

PARA. 146th.—We do not object to the principle of granting, in particular instances, Pensions to Natives who have served the Company long and faithfully; but we are of opinion that a pension considerably less than the whole pay received by such Native servants, during the time of their efficient employment, would be an adequate remuneration and provision for them.

147th.—This rule is invariably observed in all pensions granted to Invalid Native Officers and Soldiers, and we direct that in future no more than the same proportional pension be granted to any Native servant.

Pensions granted under different circumstances to persons of the above description.

The Governor General in Council, in consideration of the circumstances stated, is pleased to grant to the undermentioned persons the following monthly Pensions:

|                                                            |                 |
|------------------------------------------------------------|-----------------|
| Munglun, Head Compounder, Cawnpore General Hospital, ..... | Sonat Rupees 10 |
| Subbooree, Common Compounder, .....                        | 8               |
| Loll Mahomed, Sirdar Behistee, .....                       | 6               |
| Beekary, Sirdar Cooly, .....                               | 6               |

The Governor General in Council authorizes a pension of Sonat Rupees 20 per mensem, being granted to Mr. D'Abico, Apothecary to the late General Hospital at Dacca.

The Governor General in Council has been pleased to grant a pension of 20 Rupees per mensem to Mr. Johnstone, late an Apothecary at the General Hospital.

The Medical Board are informed that Mr. Sherry, Chief Compounder in the Dispensary, is allowed to draw a pension of Sonat Rupees 100 per mensem from this date.

The Vice President in Council, in consideration of the valuable and important services rendered to the Government, by Roop Ram, Hircarrah, who fell in the breach at the assault of the Town of Bhowanny on the 29th August last, is pleased to resolve that a pension of 10 Rupees per mensem be granted to his family, consisting of Father, Mother, Wife, and infant Daughter, during the period of their joint and several lives.

The Governor General in Council, in consideration of the circumstances stated (viz. long service and having become blind) authorizes a pension of Sicca Rupees 50 per mensem, during life, to be paid to Ramperasad, the Sirdar of the Pay Office at Cawnpore.

CHAPTER XV.

*Departments of Pay and Audit.*

*Military Paymaster General — Paymaster of Extraordinaries — of Artillery and Garrisons, and King's Troops — Deputy Paymasters of Stations — Regulations for their observance in the receipt and disbursement of cash ; and in the preparation and transmission of their respective accounts.*

*Military Auditor General — Deputy and Assistant Military Auditor General.*

*Regulations for the Office of the Military Auditor General ; and for the preparation of Pay Abstracts, &c. &c.*

The above Chapter has been excluded, in obedience to instructions from the Military Secretary to Government under date the 19th January, 1811.

## CHAPTER XVI.

*Courts of Enquiry and Courts Martial.*

*Articles of War, &c. established for the Government of the Hon'ble East India Company's Army.*

*Judge Advocate General—Deputy Judge Advocates.—Interpreters.*

*Regulations to be observed in assembling and conducting Courts Martial, European and Native.*

*Memoranda from different Authorities relative to the established Forms of Proceedings in Courts of Enquiry and Courts Martial.*

*Commission from the Hon'ble the East India Company for the appointment of Courts Martial under the Presidency of Bengal.*

TO THE PRESIDENT AND COUNCIL AT FORT WILLIAM, IN BENGAL.

TO all to whom these presents shall come

The Court of Directors of the United Company of Merchants of England, trading to the East Indies, send greeting ; Whereas by an act made and passed this present session of Parliament, held at Westminster, entitled an act for punishing mutiny and desertion of Officers and Soldiers, in the Service of the United Company of Merchants of England, trading to the East Indies, and for the punishment of offences committed in the East Indies, and at the Island of St. Helena ; it is amongst other things enacted, that His Majesty may grant a Commission or Warrant, under His royal sign manual, unto the Court of Directors of the said United Company, who by virtue of such Commission or Warrant, have power, under the seal of the said United Company, to authorize and empower their President and Council, for the time being, at their principal Settlements respectively, or the major part of them, and their Governor and Council, for the time being, or the major part of them at the Island of St. Helena, from time to time, to appoint Courts Martial, and to authorize and empower the Commander of any Detachment of any of the Officers and Soldiers employed in the said Company's Service, to appoint Courts Martial for the trial of any of the Officers or Soldiers under their respective commands, in which Courts Martial all the Officers in the act mentioned should be tried and proceeded against in such manner as by the said act is directed. And whereas it is enacted in and by the aforesaid act of Parliament, that it shall and may be lawful to and for His Majesty to form, make and establish Articles of War, for the better government of the said United Company's Forces, and for bringing offenders against the same to justice, and erect and constitute Courts martial, with power to hear, try and determine any crime or offence by such Articles of War, and inflict penalties by sentence or judgment of the same, as well within the said United Company's limits of trade, as in the said Island of St. Helena ; and whereas in pursuance of the said act of Parliament His Majesty hath made and established Articles of War, for the better government of the said United Company's Forces, and for bringing offenders against the same to justice, and His Majesty by His Commission or Warrant under His sign manual bearing date 6th March, 1754, hath given power to the Court of Directors of the said United Company, under the seal of the United Company of Merchants of England, trading to the East Indies, to authorize and empower each President and Council, or the major part of them, for the time being, at the said Company's principal Settlements at Fort William, at Calcutta in Bengal, Fort St. George, and the Island of Bombay respectively, and the Governor and Council, or the major part of them, at

the island of St Helena, to give power to them respectively, to authorize and empower the Commander-in-Chief, for the time being, of any Detachment of Officers and Soldiers in the Company's Service, to appoint, from time to time, General or Regimental Courts-martial, to be constituted and consist of a President (who is not to be the Commander-in-Chief, nor Governor of the Garrison where the offender shall be tried) and such a number of Officers of such ranks and quantities as by the Articles of War are directed and required, which Courts-martial shall be held where and when the person or persons empowered to appoint Courts-martial shall think proper and necessary, for the trial and punishment of mutiny, desertion, immoralities, misbehaviour, neglect of duty, or other offences, mentioned in the said act of Parliament and Articles of War; and to authorize and empower the person or persons, by whose warrant or authority the Courts-martial should be held, to cause sentence to be executed according to the judgment pronounced by the Courts-martial so constituted and appointed aforesaid, against the person or persons so offending, either pain of death, or such other pains or penalties as shall be thought fit to be inflicted by the said Courts-martial, or to mitigate, pardon, or suspend the same, as in their discretion they shall see cause; and that the said Court of Directors shall give authority for appointing persons to officiate from time to time as Judge-Advocate, at such General Courts-martial and on all other occasions. Now know ye, that the Court of Directors of the United Company of Merchants of England, trading to the East Indies, in pursuance of His Majesty's aforesaid Warrant or Commission, under His royal sign manual, bearing date St. James's, 6th of March, 1754, do authorize and empower the President and Council, or the major part of them, for the time being, of the said United Company's Settlement at Fort William, in the East Indies, to authorize and empower the Commander in Chief, for the time being, of any Detachment of Officers and Soldiers in the Company's Service, detached from the aforesaid principal Settlement of Fort William, to appoint, from time to time, General or Regimental Courts-martial, for the trial of any of the Officers or Soldiers under his command, to be constituted and consist of a President, (who is not to be the Commander in Chief, nor Governor of the Garrison where the offenders shall be tried) and such a number of Officers of such ranks and quantities, as by the act of Parliament and Articles of War are directed and required, which Courts-martial shall be held when and where such Commander in Chief for the time being, shall think necessary, for the trial and punishment of mutiny, desertion, immoralities, misbehaviour, neglect of duty, or other offences mentioned in the said Act of Parliament and Articles of War; and the said Court of Directors, in pursuance of the said Commission or Warrant, do further authorize and empower the said President and Council, or major part of them, for the time being, at Fort William, to authorize such Commander in Chief, for the time being, to cause sentence to be carried, according to the judgment pronounced by the Courts-martial so constituted and appointed as aforesaid, against the person or persons offending, either of pains of death, or such pains or penalties as shall be thought fit to be inflicted by the said Courts-martial; or to mitigate, pardon, or suspend the same, as in discretion he shall see cause; and the said Court of Directors do hereby give authority for appointing persons to officiate, from time to time, as Judge-Advocates at General Courts-martial, and on all other occasions. In witness whereof, the said Court of Directors have caused the common seal of the United Company of Merchants of England, trading to the East Indies, to be hereunto affixed, at the East India House in London, this twenty-seventh year of the reign of our Sovereign Lord, George the Second, by the Grace of God, of Great Britain, France and Ireland, King, Defender of the Faith, &c. and in the Year of our Lord, One Thousand Seven Hundred and Fifty-four.

## RULES AND ARTICLES

*For the better Government of the Officers and Soldiers in the Service of the United Company of Merchants of England, trading to the East Indies.*

## SECTION I.

## DIVINE WORSHIP.

GEORGE R.

ART. I.—All Officers and Soldiers, not having just impediment, shall diligently frequent Divine Service and Sermon, in the places appointed for the assembling of the Regiment, Troop, or Company, to which they belong; such as wilfully absent themselves, or, being present, behave indecently or irreverently, shall, if Commissioned Officers, be brought before a Court-martial, there to be publicly and severely reprimanded by the President; if Non-commissioned Officers, or private soldiers, every person so offending shall, for his offence, forfeit twelve-pence, to be deducted out of his next pay; for the second offence, he shall not only forfeit twelve-pence, but be laid in Irons for twelve hours; and for every like offence shall suffer and pay in like manner: which money so forfeited, shall be applied to the use of the sick soldiers of the Troop or Company, to which the offender belongs.

ART. II.—Whatsoever Officer or Soldier shall use any unlawful Oath or execration shall incur the Penalties expressed in the First Article.

Whatsoever Officer or Soldier shall presume to speak against any known Article of the Christian Faith, shall be delivered over to the Civil Magistrate to be proceeded against according to Law.

Whatsoever Officer or Soldier shall profane any place dedicated to Divine Worships or shall offer violence to a Chaplain of the Army, or to any other Minister of God's word; he shall be liable to such penalty or corporal punishment, as shall be inflicted on him by a Court-martial.

Divine Service and Sermon to be frequented.

The penalty of absenting from Divine Service, and of irreverent behaviour, s. If Commissioned Officers.

s. If Non-commissioned Officers, or soldiers.

How the Forfeiture is to be applied.

The Penalty of Swearing or Cursing.

The Penalty of speaking against any Article of the Christian Faith.

The Penalty of profaning Churches, or offering Violence to Chaplains or Ministers.

## SECTION II.

## MUTINY.

ART. I.—Whatsoever Officer or Soldier shall presume to use traitorous or disrespectful Words against the Sacred Person of His Majesty, His Royal Highness the Prince of Wales, or any of the Royal Family; if a commissioned Officer, he shall be cashiered; if a non-commissioned Officer or Soldier, he shall suffer such Punishment as shall be inflicted upon him by the Sentence of a Court-martial.

The Penalty of speaking traitorous or disrespectful Words against the King or any of the Royal Family.

ART. II.—Any Officer or Soldier who shall behave himself with Contempt or Disrespect towards the General, or other Commander in Chief of the Forces, or shall speak Words tending to his Hurt or Dishonour, shall be punished according to the Nature of his offence, by the Judgment of a Court-martial.

The Penalty of disrespectful Behaviour to the General or Commander in Chief.

ART. III.—Any Officer or Soldier who shall begin, excite, cause, or join in any Mutiny or Sedition in the Troop, Company, or Regiment, to which he belongs, or in any other Troop or Company in the Service, or on any Party, Post, Detachment, or Guard, on any Pretence whatsoever, shall suffer Death, or such other Punishment as by a Court-martial shall be inflicted.

The Penalty of Mutiny.

ART. IV.—Any Officer, Non-commissioned Officer or Soldier, who being present at any Mutiny or Sedition, does not use his utmost Endeavours to suppress the same, or coming to the Knowledge of any Mutiny, or intended Mutiny, does not without Delay give Information thereof to his Commanding Officer, shall be punished by a Court-martial with Death, or otherwise, according to the Nature of the offence.

and of not suppressing, or the concealing of mutiny.

ART. V.—Any Officer or Soldier who shall strike his superior Officer, or draw, or offer to draw, or shall lift up any weapon, or offer any Violence against him, being in the execution of his office, on any pretence whatsoever, or shall disobey any lawful command

The penalty of striking, or drawing any weapon against a superior Officer, or disobeying orders.

of his superior Officer, shall suffer Death, or such other Punishment as shall, according to the Nature of his offence, be inflicted upon him by the Sentence of a Court-martial.

### S E C T. III.

#### MUSTERS.

What an Officer must do in order to the muster.

**ART. I.**—Every Officer commanding a Regiment, Troop, or Company, shall, once in every month, assemble the Regiment, Troop, or Company, under his command, in the next convenient place for their being mustered or reviewed.

Field Officers residing with the Regiment may grant furloughs.

How long time a soldier may be absent, and by what leave.

**ART. II.**—Every Colonel or other Field Officer commanding the Regiment, Troop, or Company, and actually residing with it, may give Furlough to non-commissioned Officers and Soldiers, in such numbers and for so long a time, as he shall judge to be most consistent with the good of the service; but no non-commissioned Officer or Soldier shall by leave of his Captain, or inferior Officer commanding the Troop or Company, be absent above twenty days in six months, nor more than two private men be absent at the same time from their Troop or Company, excepting some extraordinary occasion should require it, of which occasion the Officer present with, and commanding the Regiment, Troop, or Company, is to be the judge.

Commanding Officer to give certificates of the time, and reason of any not appearing at muster.

which are to be inserted in the Muster-rolls.

The certificates and Muster-rolls to be remitted to the President of the Company's Settlements, or the Governor of Saint Helena.

The penalty of signing false certificates.

**ART. III.**—At every Muster or Review the commanding Officer of each Regiment, Troop, or Company there present, shall give or transmit certificates signed by himself, signifying how long such Officers who shall not appear at the said muster, have been absent, and the Reason of their Absence; in like manner the commanding Officer of every Troop or Company shall give certificates, signifying the Reasons of the Absence of the non-commissioned Officers and private Soldiers; which Reasons and time of absence shall be inserted in the Muster-rolls opposite to the Names of the respective absent Officers and Soldiers: the said certificates shall, together with the Muster-rolls, be transmitted with as much Expedition as the opportunity of time, and distance of place can admit, to the President of the said United Company's principal Settlements, or the Governor of the Island of Saint Helena respectively.

**ART. IV.**—Every Officer who shall be convicted before a General Court-martial, of having signed a false certificate, relating to the absence of either Officer or private Soldier, shall be cashiered.

The penalty of making false musters;

or signing false Muster-rolls.

**ART. V.**—Every Officer who shall knowingly make a false muster of man or horse, and every Officer who shall wittingly sign, direct, or allow the signing of the muster-rolls, wherein such false Muster is contained, shall, upon proof made thereof by two Witnesses before a General Court-martial, be cashiered.

Penalty on Officer taking money on a muster or on signing the Muster-roll.

**ART. VI.**—Any Officer who shall be convicted of having taken money by way of Gratification on the mustering any Regiment, Troop, or Company, or on the signing the muster-rolls, shall be cashiered or dismissed the Service.

Penalty of mustering any accustomed to wear a Livery, or not doing Duty as a Soldier.

**ART. VII.**—Any Officer who shall presume to muster any person as a Soldier, who is at other times accustomed to wear a Livery, or who does not actually do his duty as a Soldier, shall be deemed guilty of having made a false muster, and shall suffer accordingly.

### S E C T. IV.

#### RETURNS.

Penalty on Officer making false Returns.

**ART. I.**—Every Officer who shall knowingly make a false Return to the Commander in Chief of the Forces, or to any Officer authorized to call for such Returns, of the State of the Regiment, Troop, or Company, or Garrison, under his Command, or of Arms, Ammunition, Clothing, or other Stores thereunto belonging, shall by a Court-martial be cashiered.

Penalty of not remitting a monthly Return to the Commander.

**ART. II.**—The Commanding Officer of every Regiment, Troop, or Company, shall, in the beginning of every Month, remit to the Commander in Chief of the Forces, or to the President of the said United Company's principal Settlement, or the Governor of Saint

*Helena* respectively, an exact Return of the State of the Regiment, Troop, or Company, under his Command, specifying the Names of the Officers not then residing at their Posts, and the Reason for, and Time of their Absence : Whoever shall be convicted of having, through Neglect or Design, omitted the sending such Returns, shall be punished according to the Nature of his Crime by the Judgment of a General Court-martial.

der in Chief, or  
President of the  
Settlements, or  
Governor of  
Saint Helena.

## S E C T. V.

### DESERPTION.

ART. I.—All Officers and Soldiers, who having received pay, or having been duly enlisted in the Service, shall be convicted of having deserted the same, shall suffer death, or such other punishment as by a Court-martial shall be inflicted.

The penalty of  
Desertion.

ART. II.—Any Non-commissioned Officer or Soldier, who shall, without leave from his Commanding Officer, absent himself from his Troop or Company, or from any Detachment with which he shall be commanded, shall, upon being convicted thereof, be punished according to the nature of his offence at the discretion of a Court-martial.

Soldiers absenting from their Company, or Detachment, without leave, to be punished at the Discretion of a Court-martial.

ART. III.—No Non-commissioned Officer or Soldier shall enlist himself in any other Regiment, Troop, or Company, without a regular discharge from the Regiment, Troop, or Company, in which he last served, on the penalty of being reputed a deserter, and suffering accordingly. And in case any Officer shall knowingly receive and entertain such Non-commissioned Officer or Soldier, or shall not, after his being discovered to be a deserter, immediately confine him, and give notice thereof to the Corps in which he last served, he the said Officer so offending shall by a Court-martial be cashiered.

Penalty of enlisting in other Regiments, without a discharge from the former Regiment.

Penalty on Officers entertaining and not confining such as deserters.

ART. IV.—Whatsoever Officer or Soldier shall be convicted of having advised or persuaded any other Officer or Soldier to desert the Service, shall suffer such punishment as shall be inflicted upon him by the Sentence of a Court-martial.

The Penalty of persuading any one to desert.

## S E C T. VI.

### QUARRELS & SENDING CHALLENGES.

ART. I.—No Officer or Soldier shall use any reproachful or provoking speeches or gestures to another, upon pain, if an Officer, of being put in arrest; if a Soldier, imprisoned, and of asking pardon of the party offended, in the presence of his Commanding Officer.

The Penalty of provoking by Speech or Actions.

ART. II.—No Officer or Soldier shall presume to send a Challenge to any other Officer or Soldier, to fight a Duel, upon pain, if a Commissioned Officer, of being cashiered; if a Non-commissioned Officer, or Soldier, of suffering corporal punishment, at the discretion of a Court-martial.

The Penalty of sending a Challenge.

ART. III.—If any Commissioned or Non-commissioned Officer commanding a Guard shall willingly and knowingly suffer any Person whatsoever to go forth to fight a Duel, he shall be punished as a Challenger; and likewise all Seconds, Promoters, and Carriers of Challenges, in order to Duels, shall be deemed as principals, and be punished accordingly.

The Penalty if an Officer suffer any to go out to fight a Duel.

The seconds carrying Challenges, shall be reputed as Principals.

ART. IV.—All Officers, of what condition soever, have power to part and quell all quarrels, frays, and disorders, though the persons concerned should belong to another Regiment, Troop, or Company; and either to order Officers into arrest, or Non-commissioned Officers or Soldiers to Prison, till their proper superior Officers shall be acquainted therewith; and whosoever shall refuse to obey such Officer (though of an inferior Rank) or shall draw his Sword upon him, shall be punished at the Discretion of a General Court-martial.

All Officers have power to part Frays.

Penalty of refusing.

ART. V.—Whatsoever Officer or Soldier shall upbraid another for refusing a Challenge, shall himself be punished as a Challenger; and we hereby acquit and discharge all

Penalty for upbraiding any for refusing a Challenge.

Officers and Soldiers of any Disgrace, or opinion of disadvantage, which might arise from their having refused to accept of Challenges, as they will have only acted in obedience to our Orders, and done their Duty as good Soldiers, who subject themselves to Discipline.

## S E C T. VII.

### SUTTLEING.

Suttlers not to sell any Thing after Nine at Night, or before the Reveilles or upon Sundays, during Divine Service.

Liberty given for bringing Provisions into Garrisons, &c.

ART. I.—No Suttler shall be permitted to sell any Kind of Liquors or Vittuals, or to keep their Houses or Shops open, for the Entertainment of Soldiers, after Nine at Night, or before the Beating of the Reveilles, or upon *Sundays*, during Divine Service or Sermon, on the Penalty of being dismissed from all future Suttleing.

ART. II.—All Officers, Soldiers, and Suttlers, shall have full Liberty to bring into any of the Forts or Garrisons, any Quantity or Species of Provisions, eatable or drinkable, except where any Contract or Contracts are or shall be entered into for furnishing such Provisions, and with respect only to the species of Provisions so contracted for.

Commanding Officers are to see the Soldiers supplied with Provisions at the Market Price.

ART. III.—All Officers commanding in the Forts, Barracks, or Garrisons, are hereby required to see, that the Persons permitted to suttle shall supply the Soldiers with good and wholesome Provisions at the Market Price, as they shall be answerable for their Neglect.

Penalty of exacting in the letting out of Stalls to Suttlers, or laying a Duty on, or being interested in the Goods sold by them.

ART.—No Officers commanding in any of the Garrisons, Forts, or Barracks, shall either themselves exact exorbitant Prices for Houses or Stalls let out to Suttlers, or shall connive at the like Exactions in others; nor by their own Authority and for their private Advantage, shall they lay any Duty or Imposition upon, or be interested in the Sale of such Vittuals, Liquors, or other Necessaries of Life, which are brought into the Garrison, Fort, or Barrack, for the Use of the Soldiers, on the Penalty of being discharged from the Service.

## S E C T. VIII.

### OF CRIMES PUNISHABLE BY LAW.

Commanding Officers are, upon application, to use their utmost endeavors to deliver over to the Civil Magistrate any Officer, or Soldier, accused of crimes punishable by the known Laws of the land.

and to be aiding to the Officers of justice in securing such offender.

and upon wilful neglect or refusal, to be cashiered.

The penalty if an officer protect any from his Creditors,

ART. I.—Whenever any Officer or Soldier shall be accused of a capital Crime, or of having used Violence, or committed any Offence against the Person or Property of Our Subjects, such as is punishable by the known Laws of the Land, the Commanding Officer and Officer of every Regiment, Troop, Company, or Party, to which the Person or Persons so accused shall belong, are hereby required, upon Application duly made by, or in Behalf of the Party or Parties injured, to use his utmost Endeavours to deliver over such accused Person or Persons to the Civil Magistrate; and likewise to be aiding and assisting to the Officers of Justice, in apprehending and securing the Person or Persons so accused, in order to bring him or them to a Trial. If any Commanding Officer or Officers shall wilfully neglect, or shall refuse, upon the Application aforesaid, to deliver over such accused person or persons to the Civil Magistrate, or to be aiding to the Officers of Justice in apprehending such Person or Persons, the Officer or Officers so offending shall be cashiered.

ART. II.—No Officer shall protect any Person from his Creditors on the Pretence of his being a Soldier: Any Officer offending herein, being convicted thereof before a Court-martial, shall be cashiered.

## S E C T. IX.

### OF REDRESSING WRONGS.

What an Officer &c. must do if he thinks himself wronged.

ART. I.—If any Commissioned Officer, or inferior Officer or Soldier, shall think himself wronged by his Superior, or other Officer, he is to complain thereof to the Commanding Officer of the Regiment, Troop, or Company, who is hereby required to summon a Court-martial for the doing Justice to the complainant.

## S E C T. X.

## OF STORES, AMMUNITION, &amp;c.

**ART. I.**—Whatsoever Commissioned Officer, Store-keeper, or Commissary shall be convicted at a General Court-martial of having sold (without a proper Order for that purpose) embezzled, misapplied, or wilfully or through neglect suffered any of the Provisions, Forage, Arms, Cloathing, Ammunition, or other Military Stores committed to his charge to be spoiled or damaged; the said Officer, Store-keeper, or Commissary so offending shall, at his own charge, make good the loss or damage, and be dismissed from the Service.

Penalty of Officers selling Military Stores without order; or embezzling, or misapplying them, or suffering them to be damaged by neglect.

**ART. II.**—Whatsoever Non-commissioned Officer or Soldier shall be convicted at a Regimental Court-martial of having sold, or designedly, or through neglect, wasted the Ammunition delivered out to him to be employed in the Service, shall, if a Non-commissioned Officer, be reduced to a private Centinel, and shall besides suffer corporal Punishment, in the same manner as a private Centinel so offending, at the discretion of a Regimental Court-martial.

The penalty of wasting Ammunition delivered out for the Service.

**ART. III.**—Every Non-commissioned Officer or Soldier, who shall be convicted at a Court-martial of having sold, or lost, or spoiled through his neglect, his Horse, Arms, Clothes, or Accoutrements, shall undergo such Weekly Stoppages (not exceeding the half of his Pay) as a Court-martial shall judge sufficient for repairing the loss or damage; and shall suffer Imprisonment, or such other corporal Punishment, as his crime shall deserve.

The Penalty if a Soldier sell or lose his Arms, &c.

**ART. IV.**—Every Captain or commanding Officer of a Troop or Company is charged with the Arms, Ammunition, Accoutrements, Cloathing, or other warlike Stores belonging to the Troop or Company under his command, which he is to be accountable for, in case of their being lost, spoiled, or damaged, not by unavoidable Accidents, or on actual Service.

The Captain to be accountable for the Arms, &c. of his Company.

## S E C T. XI.

## OF DUTIES IN QUARTERS, IN GARRISON, OR IN THE FIELD.

**ART. I.**—All Non-commissioned Officers and Soldiers, who shall be found one mile from the Camp, without leave in writing from their commanding Officer, shall suffer such Punishment as shall be inflicted upon them by the Sentence of a Court-martial.

The penalty if a Non-commissioned Officer or Soldier be found a mile from the Camp without leave in writing.

**ART. II.**—No Officer or Soldier shall lie out of his Quarters, Garrison or Camp, without leave from his superior Officer, upon the Penalty of being punished according to the Nature of his Offence by the Sentence of a Court-martial.

The penalty of lying all night out of Camp, or Quarters.

**ART. III.**—Every Non-commissioned Officer and Soldier shall retire to his Quarters or Tent at the Beating of the Retreat; in Default of which, he shall be punished according to the Nature of his Offence, by the Commanding Officers.

The penalty if a Non-commissioned Officer or Soldier do not retire to his Quarters, at the Beating of the Retreat.

**ART. IV.**—No Officer, Non-commissioned Officer or Soldier, shall fail of repairing, at the time fixed, to the place of Parade of exercise, or other Rendezvous appointed by his Commanding Officer, if not prevented by Sicknels, or some other evident Necessity; or shall go from the said place of Rendezvous, or from his Guard, without leave from his commanding Officer, before he shall be regularly dismissed or relieved, on the Penalty of being punished, according to the nature of his offence, by the Sentence of a Court-martial.

The penalty if an Officer, &c. does not repair, at the time fixed, to the Parade of exercise, or other rendezvous; or of quitting his guard, &c. without being dismissed, or relieved.

**ART. V.**—Whatever Commissioned Officer shall be found drunk on his Guard, Party, or other Duty, under Arms, shall be cashiered for it; any Non-commissioned Officer or Soldier so offending, shall suffer such corporal Punishment as shall be inflicted by the Sentence of a Court-martial.

The penalty of Drunkenness.

**ART. VI.**—Whatever Centinel shall be found sleeping upon his Post, or shall leave it before he shall be regularly relieved, shall suffer Death, or such other Punishment as shall be inflicted by the Sentence of a Court-martial.

Penalty of Centinel sleeping on his Post, or of quitting it before he is relieved.

The penalty if a soldier hire another to do his Duty.

**ART. VII.**—No Soldier shall hire another to his Duty for him, or be excused from Duty, but in case of Sickness, Disability, or leave of Absence; and every such Soldier found guilty of hiring his Duty, as also the Party so hired to do another's Duty, shall be punished at the next Regimental Court-Martial.

The penalty of an Officer's conniving at the hiring of Duty.

**ART. VIII.**—And every Non-commissioned Officer conniving at such hiring of Duty as aforesaid, shall be reduced for it; and every Commissioned Officer, knowing and allowing of such ill practices in the Service, shall be punished by the Judgment of a General Court-martial.

The penalty of making false alarms in Camp or Quarters.

**ART. IX.**—Any person belonging to the Forces; who, by discharging of Fire Arms, drawing of Swords, beating Drums, or by any other means whatsoever, shall occasion false alarms in Camp, Garrison, or Quarters, shall be punished at the discretion of a Court-martial.

The penalty if an Officer or Soldier shall quit his Peloton or Division.

**ART. X.**—Any Officer or Soldier, who shall, without urgent necessity, or without the leave of his superior Officer, quit his Peloton or Division. shall be punished according to the nature of his offence by the Sentence of a Court-martial.

The penalty of doing violence to any who bring provisions to the Camp, or Quarters.

**ART. XI.**—No Officer or Soldier shall do violence to any person who brings Provisions, or other necessities, to the Camp, Garrison, or Quarters of the Forces, on pain of being punished at the discretion of a Court-martial.

The penalty of misbehaving before the enemy, &c.

**ART. XII.**—Whoever Officer or Soldier shall misbehave himself before the Enemy, or shamefully abandon any Post committed to his charge, or shall speak words inducing others to do the like, shall suffer Death.

The penalty of running away from the enemy or speaking words to induce others to do the like, or of plundering

**ART. XIII.**—Whatever Officer or Soldier shall misbehave himself before the Enemy, and run away, shamefully abandon any Fort, Post, or Guard, which he or they shall be commanded to defend, or speak words inducing others to do the like; or who, after victory, shall quit his Commanding Officer or Post, to plunder and pillage: every such offender, being duly convicted thereof, shall be reputed a dilobeyer of Military Orders; and shall suffer Death, or such other punishment, as by a General Court-martial shall be inflicted on him.

The penalty of casting away Arms or Ammunition

**ART. XIV.**—Any person belonging to the Forces, who shall cast away his Arms or Ammunition, shall suffer such Punishment as shall be ordered by the Sentence of a Court-martial.

The penalty of making known the watchword or giving a false one.

**ART. XV.**—Any person belonging to the Forces, who shall make known the Watch Word to any Person, who is not intitled to receive it according to the Rules and Discipline of War, or shall presume to give a Parole or Watch Word different from what he received, shall suffer such punishment as shall be ordered by the Sentence of a Court-martial.

Officers and Soldiers are to be orderly in quarters, and on their march.

**ART. XVI.**—All Officers and Soldiers are to behave themselves orderly in Quarters, and on their March; and whosoever shall commit any Waste or Spoil, either in Walks of Trees, Parks, Warrens, Fish-ponds, Houses, or Gardens, Corn-fields, Inclosures, or Meadows, or shall maliciously destroy any property whatever, unless by Order of the then Commander in Chief of the Forces (where the Service may require it), he or they that shall be found guilty of offending herein, shall be punished according to the nature and degree of the offence, by the judgment of a Court-martial.

The penalty of spoiling the property of any person, unless by order to annoy the enemy.

**ART. XVII.**—Whosoever shall relieve the Enemy with money, victuals, or ammunition, or shall knowingly harbour or protect an enemy, shall suffer such punishment as by a Court-martial shall be inflicted.

The penalty of relieving or harbouring an enemy.

The Penalty of holding a correspondence, or giving intelligence to the enemy.

**ART. XVIII.**—Whosoever shall be convicted of holding correspondence with, or giving Intelligence to, the Enemy, either directly or indirectly, shall suffer Death, or such punishment as by a Court-martial shall be inflicted.

**ART. XIX.**—All Public Stores taken in the Enemy's Camp, Towns, Forts, or Magazines, whether of Artillery, Ammunition, Cloathings, Forage, or Provisions, shall be secured for the Service. Public Stores to be secured for the Service.

**ART. XX.**—If any Officer or Soldier shall leave his Post or Colours to go in search of Plunder, he shall, upon being convicted thereof before a Court-martial, suffer Death or such other punishment as by a Court-martial shall be inflicted. The penalty of going in search of plunder.

**ART. XXI.**—If the Governor or Commander of any Garrison, Fortress, or Post, shall be compelled by the Officers and Soldiers under his command to give it up to the Enemy, or to abandon it, the Commissioned Officer, Non-commissioned Officer, or Soldier, who shall be convicted of having so offended, shall suffer Death, or such other punishment as may be inflicted upon them by the Sentence of a Court-martial. The penalty of compelling the Commander of any Fortress, or a Post, to give it up to the enemy.

**ART. XXII.**—All Suttlers and Retainers, to a Camp, and all persons whatsoever serving with the Forces in the Field, though not enlisted Soldiers, are to be subject to Orders, according to the Rules and Discipline of War. Suttlers and Retainers to the Camp to be subject to Military Orders.

**ART. XXIII.**—Officers having Brevets, or Commissions of a prior date to those of the Regiment in which they now serve, may take Place in Courts-martial and on Detachments, when composed of different Corps, according to the Ranks given them in their Brevets, or Dates of their former Commissions; but in the Regiment, Troop, or Company, to which such Brevet Officers and those who have Commissions of a prior Date, do belong, they shall do duty, and take Rank both on Courts-martial and on Detachments, which shall be composed only of their own Corps according to the Commissions by which they are mustered in the said Corps. Brevets.

## S E C T. XII.

### ADMINISTRATION OF JUSTICE.

**ART. I.**—A General Court-martial in the East Indies shall not consist of less than nine Commissioned Officers, and the President of such Court-martial shall not be the Commander in Chief, or Governor of the Garrison, where the offender shall be tried, nor under the degree of a Captain. General Court-martial in the East Indies.

**ART. II.**—A General Court-martial in the Island of Saint Helena shall not consist of less than five Commissioned Officers, and the President of such Court-martial shall not be the Commander in Chief, or Governor of the Garrison, where the offender shall be tried, nor under the degree of a Lieutenant. General Court-martial in the Island of Saint Helena.

**ART. III.**—The Members both of General and Regimental Courts-martial shall, when belonging to different Corps, take the same Rank which they hold in the Army; but when Courts-martial shall be composed of Officers of one Corps, they shall take their Ranks according to the dates of the Commissions by which they are mustered in the said Corps. Members of Courts-martial are to take the same rank in their Sitzings, as they hold in the Army.

**ART. IV.**—The person officiating as Judge-Advocate shall prosecute in His Majesty's name; and, in all trials of Offenders by General Courts-martial, administer to each Member the following Oaths: Exception.  
Judge Advocate to prosecute, and administer the Oaths.

*YOU shall well and truly try and determine, according to your Evidence, in the matter now before you, between Our Sovereign Lord the King's Majesty, and the Prisoner to be tried.* The Oaths to be administered to the Members of the Court.

*I, A. B., do swear, that I will duly administer Justice according to the Rules and Articles for the better Government of the Officers and Soldiers in the Service of the United Company of Merchants of England trading to the East Indies, and according to an Act of Parliament now in Force, for the Punishment of Mutiny and Desertion of Officers and Soldiers in the Service of the United Company of Merchants of England trading to the East Indies, and for the Punishment of Offences committed in the East Indies, or at the Island of Saint Helena, without Partiality, Favour or Affection; and if any Doubt shall arise,*

*which is not explained by the said Articles, or Act of Parliament, according to my Confidence, the best of my Understanding, and the Custom of War in the like Cases. And I do further swear, that I will not divulge the Sentence of the Court, until it shall be approved by the General or Commander in Chief, or the Person or Persons by whose Warrant or Authority the Court-martial shall be held; neither will I, upon any account, at any time whatsoever, disclose or discover the Vote or Opinion of any particular Member of the Court-martial, unless required to give Evidence thereof as a Witness by a Court of Justice in due Course of Law.*

The Judge-Advocate to be sworn.

And so soon as the said Oath shall have been administered to the respective Members, the President of the Court shall administer to the Judge Advocate, or the Person officiating as such, an Oath in the following Words :

The Oath.

*I, A. B., do swear, that I will not upon any Account, at any time whatsoever, disclose or discover the Vote or Opinion of any particular Member of the Court-martial, unless required to give Evidence thereof, as a Witness, by a Court of Justice in the Course of Law.*

Decency to be observed in Courts, and the youngest to give his vote first.

ART. V.—All the Members of a Court-martial are to behave with Decency ; and, in the giving of their Votes, are to begin with the youngest.

Rules to be observed in the Proceedings of a General Court-martial.

ART. VI.—All Persons who give Evidence before a General Court-martial, are to be examined upon Oath ; which Oath the General Court-martial is hereby required and impowered to administer to every Witness, in order to the Examination or Trial of any of the offences that shall come before them ; and no Sentence of Death shall be given against any offender by any General Court-martial, unless two Thirds of the Officers present (or Four, where the General Court-martial consists of no more than Five) shall concur therein.

Rules to be observed in the trial of Field Officers.

ART. VII.—No Field Officer shall be tried by any Person under the Degree of a Captain ; nor shall any Proceedings or Trial be carried on, excepting between the Hours of Eight in the Morning, and of Three in the afternoon ; except in cases which require an immediate Example.

Rules to be observed before execution of the Sentence of a General Court-martial.

ART. VIII.—No Sentence of a General Court-martial shall be put in Execution, till after a Report shall be made of the whole Proceedings to the General or Commander in Chief, or the Person or Persons by whose warrant or authority the Court-martial shall be held, and his or their Directions shall be signified thereupon.

Rules to be observed in composing the Members of Courts-martial.

ART. IX.—For the more equitable Decision of Disputes, which may arise between Officers and Soldiers belonging to different Corps, we direct, that the Courts-martial shall be equally composed of Officers belonging to the Corps in which the Parties in question do then serve ; and that the Presidents shall be taken by Turns, beginning with that Corps which shall be eldest in Rank.

Every Regiment may hold a Regimental Court-martial for trial of lesser offences

ART. X.—The Commissioned Officers of every Regiment, Troop, or Company, may, by the appointment of their Commanding Officer, hold Regimental Courts-martial for the enquiring into such Disputes, or criminal matters, as may come before them, and for inflicting corporal Punishments for small offences, and shall give Judgment by the Majority of Voices ; but no Sentence shall be executed till the Commanding Officer (not being a Member of the Court-martial) or the Governor of the Garrison shall have confirmed the same.

Rules to be observed in Regimental Courts-martial.

ART. XI.—No Regimental Court-martial shall consist of less than Five Officers, (excepting in cases where that Number cannot be conveniently assembled, when three may be sufficient) who are likewise to determine upon the Sentence by the majority of Voices ; which Sentence is to be confirmed by the Commanding Officer, not being a Member of the Court-martial.

Officers commanding in Forts, or Barracks, may appoint Regimental Courts-martial

ART. XII.—Every Officer commanding in any of the Forts, Castles, or Barracks, or elsewhere, where the Corps under his command consists of Detachments from different Regiments, Troops, or Companies, may assemble Courts-martial for the trial of Offenders, in the

same manner as if they were Regimental, whose Sentence is not to be executed till it shall be confirmed by the said Commanding Officer. tal Court-martial.

ART. XIII.—No Person whatsoever shall use menacing words, signs, or gestures, in the presence of a Court-martial then sitting, or shall cause any Disorder or Riot, so as to disturb their Proceedings; on the Penalty of being punished at the Discretion of the said Court-martial. The Penalty of menacing Words, Gestures, or Disturbance, before a Court-martial

ART. XIV.—To the end that offenders may be brought to Justice, we hereby direct, that whenever any Officer or Soldier shall commit a crime deserving Punishment, he shall by his Commanding Officer, if an Officer, be put in Arrest; if a Non-commissioned Officer or Soldier, be imprisoned till he shall be either tried by a Court-martial, or shall be lawfully discharged by a proper Authority. How a Commanding Officer is to proceed when an Officer is put in Arrest, or Soldier committed to Custody.

ART. XV.—No Officer or Soldier who shall be put in Arrest, or imprisoned, shall continue in his confinement more than Eight Days, or till such time as a Court-martial can be conveniently assembled. The Time limited for Confinement.

ART. XVI.—No Officer commanding a Guard, or Provost-martial, shall refuse to receive, or keep any Prisoner committed to his charge, by any Officer belonging to the Forces; which Officer shall, at the same time, deliver an account in writing, signed by himself, of the crime with which the said Prisoner is charged. Officer of the Guard, or Provost-martial, to receive Prisoners.

ART. XVII.—No Officer Commanding a Guard, nor Provost-martial, shall presume to release any Prisoner committed to his charge, without proper Authority for so doing; nor shall he suffer any Prisoner to escape, on the Penalty of being punished for it by the Sentence of a Court-martial. The Penalty if an Officer, or Provost-martial release a Prisoner without Orders.

ART. XVIII.—Every Officer or Provost-martial, to whose charge Prisoners shall be committed, is hereby required, within twenty-four hours after such commitment, or as soon as he shall be relieved from his Guard, to give in writing to the Commanding Officer of the Regiment, Troop, or Company, to whom each Prisoner belongs, their names, their crimes, and the names of the Officers who committed them; and where the Prisoner is confined, on the Penalty of his being punished for his disobedience or neglect, at the discretion of a Court-martial. Prisoners' names and crimes to be returned within 24 Hours.

ART. XIX.—And if any Officer under arrest shall leave his confinement, before he is set at liberty by the Officer who confined him, or by a superior power, he shall be cashiered for it. The Penalty if an Officer break his Arrest

ART. XX.—Whatever Commissioned Officer shall be convicted before a General Court-martial, of behaving in a scandalous infamous manner, such as is unbecoming the character of an Officer and a Gentleman, shall be discharged from the Service. Officers convicted of ill behaviour to be cashiered.

#### GEORGE R.

Additional Articles of War for the better Government of the Officers and Soldiers in the Service of the United Company of Merchants of England, Trading to the East Indies.

ART. XXI.—In all trials by any Courts-martial (other than General Courts-martial,) the Person appointed to be President thereof shall administer to each of the other Members thereof the following Oaths: President of Courts-martial, other than General Courts-martial, to administer oath to Members.

“You shall well and truly try and determine, according to your evidence, the matter now before you.—So help you God.” Oaths.

I, A. B., do swear, that I will duly administer Justice according to the Rules and Articles for the better Government of the Officers and Soldiers in the Service of the United Company of Merchants of England, Trading to the East Indies, and according to an Act of Parliament now in force, for the punishment of Mutiny and Defection of Officers and Soldiers in the Service of the United Company of Merchants of England, Trading to the East Indies, or at the Island of St. Helena, without partiality, favor, or affection; and, if any doubt shall arise which is not explained by the said Articles or Act of Parliament, ac-

Appointment  
of President.

tording to my conscience, the best of my understanding, and the custom of War in the like cases, "So help me God." And as soon as the said Oaths shall have been administered by the President to the other Members, any one of the said Members shall administer the said Oaths to the President: and the President of every Court-martial, other than a General Court-martial, (not being under the rank of a Captain,) shall be appointed by the Commanding Officer of the Regiment, Detachment or Brigade, or the Governor or Commander of the Garrison, Fort, Castle or Barrack, directing such Court-martial.

Evidence to be  
given on oath.

ART. XXII.—All persons, who give evidence before any General or other Court-martial, are to be examined upon oath.

(Signed) G. R.

## S E C T. XIII.

### EFFECTS OF THE DEAD.

The Officer  
commanding  
the Regiment,  
&c. to take care  
of the  
Officer's  
effects when he  
dies;

ART. I.—When any Commissioned Officer shall happen to die, or be killed in the Service, the Officer commanding the Regiment, Troop, or Company, to which he did belong, shall immediately secure all his effects or equipage then in Camp or in Quarters; and shall, before the next Regimental Court-martial, make an Inventory thereof, to the end that his Executors may, after payments of his debts in Quarters, and Internment, receive the overplus, if any be, to his or their use.

and also of the  
effects of a non-  
commissioned  
Officer or Sol-  
dier.

ART. II.—When any Non-commissioned Officer or Private Soldier shall happen to die, or to be killed in the Service, the then Commanding Officer of the Troop or Company shall, in the Presence of two other Commissioned Officers, take an Account of whatever Effects he dies possessed of, above his Uniform Clothings, Arms, and Accoutrements: which said Effects are to be accounted for to his lawful Heirs, as is above directed.

## S E C T. XIV.

### ARTILLERY.

These rules to  
be observed by  
the Officers and  
others of the  
Trains of Artil-  
lery.

ART. I.—All Officers, Conductors, Gunners, Matrosses, Drivers, or any other Persons whatsoever receiving Pay or Hire in the Service of the Artillery, shall be governed by the aforesaid Rules or Articles, and shall be subject to be tried by Courts-martial, in like manner with the Officers and Soldiers of the other Troops.

Courts-martial  
to be held by  
them.

ART. II.—For differences arising amongst themselves, or in matters relating solely to their own Corps, the Courts-martial may be composed of their own Officers; but where a number sufficient of such Officers cannot be assembled, or in matters wherein other Corps are interested, the Officers of Artillery shall sit in Courts-martial with the Officers of the other Corps, taking rank according to the dates of their respective Commissions, and not otherwise.

## S E C T. XV.

### RELATING TO THE FOREGOING ARTICLES.

These articles  
to be read once  
every two  
months.

ART. I.—The foregoing articles are to be read and published once in every two months at the head of every Regiment, Troop, or Company, mulctured or to be mulctured in the Service; and are to be duly observed, and exactly obeyed, by all Officers and Soldiers who are or shall be in the Service.

Crimes not ca-  
pital, prejudi-  
cial to order  
and discipline,  
cognizable and  
punishable by  
Court-martial.

ART. II.—All crimes not capital, and all disorders, or neglects, which Officers and Soldiers may be guilty of, to the prejudice of good Order and Military Discipline, (though not mentioned in the above Articles of War) are to be taken cognizance of by a Court-martial, and to be punished at their discretion.

The foregoing  
Rules to be ob-  
served by His  
Majesty's Land  
Forces sent to  
the East Indies.

ART. III.—And it is our further will and pleasure, that whenever any of our Land Forces shall be sent into the *East Indies*, they shall, whilst employed there, duly observe and obey the foregoing rules and articles for the better Government of the Officers and Soldiers in the Service of the United Company of Merchants of *England* trading to the *East Indies*; and be subject to the pains and penalties therein specified for crimes and offences against the same.

**ART. IV.**—The Officers of our said Land Forces, so employed in the *East Indies*, are on all Detachments, Courts-martial, or other duty, wherein they may be joined with Officers of the said United Company, to command and take Possession of the said United Company's Officers, though the Commissions of the said Company's Officers, of the like rank, should be of elder dates. (The Officers of the Company's Army receive His Majesty's Commissions corresponding to those of the rank they attain in the Company's Service.)

Officers, on Duty, of the King's Forces, to command and take Possession of the Company's Officers.

**ART. V.**—Whenever any of the Troops shall be employed, where there is no Court of Civil Judicature, the Officer Commanding in Chief, having the Warrant or Power of appointing General Courts-martial, shall order any person of the said Troops, who may be guilty of wilful murder, theft, robbery, rapes, coining, or clipping the current coin of the Country where they may be, or of any other capital crime or offence, to be tried by such General Courts-martial, and be punished with death or otherwise, according to the sentence of the Court. And whenever any of our Forces shall be employed in the *East Indies*, the Officer Commanding in Chief shall appoint General Courts-martial for trying and punishing offenders in our said Forces; who may be guilty of the aforementioned crimes, in the manner above directed.

Commander in Chief to appoint Courts-martial for Trial of Capital and other offences, where there is no Court of Civil Judicature.

Regulation 11, 1809. passed 14th Feb. 1809

I. By the annual Acts of Parliament for the Government of His Majesty's Forces; provision is made for empowering Officers Commanding in Chief, not only to appoint Courts-martial, but to authorize Officers under their command with certain restrictions to convene such Courts, and a similar provision for the delegation of this authority is contained in the Act passed in the twenty-seventh year of GEORGE the Second, for the prevention of mutiny and desertion in the Company's Force. But this latter act applies only to European Officers and Soldiers in the Company's Service, and no regular provision has hitherto been made for enabling the Commander in Chief to delegate the power of appointing Native General Courts-martial. When detachments from the Bengal Army may be sent on Foreign Service; or to Stations beyond Sea; it is obviously necessary, that such a power should exist; in such cases it may frequently be difficult to procure the number of Officers at present requisite for the formation of a General Native Court-martial. In the acts above referred to, in contemplation of the same difficulty, it is provided, that in Africa, and New South Wales, (in respect of the King's Troops,) and in St. Helena (in respect of the Company's Troops;) General Courts-martial may consist of any number of Officers not less than five; but no sentence of death is to be passed unless two-thirds of the Officers present, or four where the Court consists of five, may concur therein. With a view to uniformity in the Law Martial for the Government of the Native Troops, the following rules are enacted by the Governor General in Council.

Regulation enabling the Commander in Chief to delegate the power of appointing General Courts-martial on Native Officers and Soldiers of the Bengal Army serving beyond sea.

II. Whenever a Detachment of the Bengal Native Troops may be on Foreign Service, or at Prince of Wales's Island, Fort Marlborough, Malacca, or any other part of the British possessions beyond sea, the Commander in Chief of the Forces in Bengal shall have power to issue his warrant to the Officer Commanding in Chief where such Detachment is stationed or serving, authorizing him to convene Native General Courts-martial as occasion may require. The Commander in Chief may also delegate by his Warrant to such Commanding Officer, either absolutely or under such restriction as he shall think fit, the power of confirming or directing the revision of the sentence of Courts-martial.

Commander in Chief may issue his warrant to the Commanding Officers of Native Detachments on Foreign Service, or beyond sea, to convene General Courts-martial.

III. A Native General Court-martial shall not consist of fewer than nine Native Commissioned Officers, Subadars, or Jemadars, unless such Court-martial be holden by virtue of a Warrant from the Commander in Chief, in the situations and under the circumstances mentioned in the preceding section. In cases of General Courts-martial to be holden, where the number of nine Officers cannot, in the judgment of the Officer convening the same, be conveniently assembled, any number of Native commissioned Officers, Subadars, or Jemadars, not less than five, shall be competent to form such General Courts-martial for the trial of Native Officers or Soldiers belonging to such Detachments. But no sentence of death shall be passed by such Courts-martial, unless two-thirds of the members, or four where the Court consists of five, shall concur therein.

Of what number of Native Officers such Courts-martial shall consist and what number to concur in sentence of death.

Extract. Let. Adv. General 25th Sept. 1806

"I am of opinion Government cannot legally adopt the Articles of War referred to, (those established for His Majesty's Troops) with regard to any British Subjects in the

Articles of War for his Majesty's Troops

cannot be adopted for the European Troops in the Company's Service.

Company's Military Service, because the Law, as to them, is fixed by the Act of the 27th of George the 11th and the Articles of War made under it, which this Government has no power to alter or extend."

The Commander in Chief for the time being may give directions on the Proceedings of Courts-martial held under the Orders of his Predecessor.

"I request you to report to the Right Hon'ble the Governor General in Council, that I am of opinion the Commander in Chief for the time being has authority to give directions upon the Proceedings of Courts-martial appointed by his predecessor. Ext. Let. Adv. Genl. 10th July, 1807

The words of the 8th Article 12th Section of the Company's Articles of War are, that a report shall be made to the General or Commander in Chief, or the person by whose Warrant the Court-martial shall be held; their meaning appears to me to be very plain, independantly of the reason of the thing, and the mischief which would follow from a contrary construction.

As the cases are those of Officers and Soldiers in the Hon'ble Company's Service, it is upon this Article alone that the question turns."

### JUDGE ADVOCATES.

Appointments of Judge Advocate General, &c whence to originate.

Conformably to the orders of the Governor General in Council, dated 9th April, 1801, on the appointment of Captain W. Hawkes, to be Deputy Judge Advocate General to the Stations of Danapoor and Chunar, the nomination or recommendation of persons to fill the situation of Judge Advocate General, or Deputy Judge Advocate General, should originate with the Governor General. Proc. V. P. 12th Sept 1805

Allowances to the Judge Advocate General.

|                                                                                 |      |              |     |                                                          |
|---------------------------------------------------------------------------------|------|--------------|-----|----------------------------------------------------------|
| Salary to the Judge Advocate General, per mensem,                               | ---  | Sonat Rupees | 400 | Ext. Code of Bengal Milit. Regts published 1st Jan. 1791 |
| Allowance for Writers,                                                          | ---- | ----         | 150 |                                                          |
| The Judge Advocate General is also allowed for Office Rent, per mensem, St. Rs. |      |              | 250 |                                                          |

The Board concurring in opinion with the Commander in Chief as to the inadequacy of the allowances of the Judge Advocate General to the importance of the Office; Agreed, that an increase of Salary of 300 Sicca Rupees per mensem be annexed to that Office. M. C. 17th Oct. 1796

Deputy Judge Advocates General appointed and their allowances fixed

Resolved, that the Governor General be requested to appoint two Gentlemen of ability to officiate as Deputy Judge Advocates General, one at the Stations in the Field, and the other at those of Danapoor and Chunar. M. C. 25th Dec. 1787

Resolved, that the Gentlemen who shall be nominated to these Offices be permitted to draw the following allowances, viz. the Pay and Batta of their Military Rank, and Staff allowance, 210 Sonat Rupees, per month, in lieu of all charges whatever, except the boat allowance of the Rank of Captain, which they are permitted to draw when they shall have occasion to remove from one Station to another in discharge of their duties.

Agreed, at the recommendation of the Commander in Chief, that the Staff allowance of 210 Sonat Rupees, per mensem, to the Deputy Judge Advocates, be increased to Sonat Rupees 300, including every charge. M. C. 3d July 1795

The Deputy Judge Advocate in the Field is to receive the Tent allowance of Captain if not entitled to superior Tent Allowance by his established rank. M. C. 24th June 1796

The Governor General in Council confirms the Retrenchment made by the Military Auditor General of the Tent allowance drawn by Captain Hawkes, Deputy Judge Advocate at Danapoor and Chunar. Proc. G. G. 19th May 1803

Allowances to be received by Officers officiating as Deputy Judge Advocates General

The whole allowance to be received by persons appointed to do the duty of Deputy Judge Advocate, as occasion may require, is to be Sonat Rupees 7 per diem during the sittings of Courts-martial, as well within as without the Provinces. M. C. 28th Aug. 1789

To ascertain the number of days for which the occasional Deputy Judge Advocates are to draw the allowance of Sonat Rupees 7, it is resolved, that the sittings of the Courts. G. O. C. 14th Sept 1786

martial shall be considered to commence with the day upon which the Court assembles, and to end with the date of the order directing it to be dissolved, both days inclusive.

G. O. 18th  
March 1787

It having been represented to Earl Cornwallis, that the Officers belonging to the Danda-poor Station have declined to officiate as Judge Advocates on the allowance at present granted for such occasional duty, it is directed, in order to remove the inconvenience in the present instance and to provide against it in future, that the Adjutants of the several Native Corps at that Cantonment shall be ordered to superintend, by turns, the Proceedings of all Native General Courts-martial that may be assembled there.

Provision for the performance of the duties of Judge Advocate at Native General Courts-martial in event of Officers declining to officiate.

The only allowance to be granted during the sittings of the Court is two Rupees per day to an European Non-commissioned Officer for transcribing the Proceedings and furnishing Stationery.

This allowance is to be drawn in a bill, signed by the Brigade Major, and accompanied with a certificate to ascertain the number of days for which it may be due.

This Regulation to extend to every Station of the Army where it may be found necessary to carry it into execution.

G. O. C. C.  
27th June 1811

It having come to the knowledge of the Commander in Chief that the Public Documents and Records, appertaining to the Office of Deputy Judge Advocate General, have not always been preserved and delivered over to the Officers who have successively held that situation, with that care and attention which the importance of all documents of this nature deserves,—His Excellency is pleased to prescribe the following Rules for the future guidance of the Deputy Judge Advocates General on this Establishment, and all Officers who shall hereafter officiate in that capacity.

Regulations for the preservation and transfer of the records in the Office of the Deputy Judge Advocate General.

All Official Letters written by the Deputy Judge Advocates General are to be fairly entered into a Book specially appropriated for that purpose, and all original papers and documents of every description which they may receive in their official capacity must be carefully preserved and docketed.

Office Copies of the Proceedings of all Courts-martial and Courts of Enquiry are in future to be carefully preserved by the Deputy Judge Advocates General, and a Register made of them: a transcript of which is annually to be sent, on the commencement of every year, to the Judge Advocate General in Calcutta.

In the event of any established Deputy Judge Advocate General being removed by promotion or otherwise, an inventory is to be made of all documents and books in his Office, which are to be delivered over to his successor on his giving his receipt for the same.

A Copy of this Inventory, together with the succeeding Deputy Judge Advocate General's acknowledgment that the Office and Records have been delivered over to him in due form, is to be sent for record to the Judge Advocate General in Calcutta, and a similar Copy to the Adjutant General at Headquarters.

Whenever it may happen that the Proceedings of a Court-martial may not be conducted by one of the established Deputy Judge Advocates General, the Officer who shall officiate in that capacity will lodge, in the Office of the Deputy Judge Advocate General of the Division in which such Court-martial shall have been assembled, as early as may be practicable, the original Draft of its Proceedings, with all original documents connected therewith, taking a receipt for the same for his own security and indemnification, in the event of their being required subsequently for reference.

Ext. Let. Adv.  
Genl.  
Dec. 1806

"There is not only no legal objection to the Deputy Judge Advocate General's officiating in that capacity at a Court-martial after having assisted at a Court of Enquiry ordered for the purpose of ascertaining whether there were sufficient grounds for ordering such Court-martial, but I apprehend that it is regularly a part of the duties of his Office to assist, when he is required to do it, at Courts of Enquiry for the purpose of informing the Court, as well as at Courts-martial for the purpose of prosecuting."

Judge Advocates may officiate at Courts-martial held in consequence of Courts of Enquiry at which they have assisted.

#### Interpreters.

G. O. G. C.  
15th May 1806

Whenever it may be necessary to employ Interpreters at Courts-martial, a temporary appointment during the sittings of the Courts-martial, with an allowance proportioned to the nature and extent of the Service, will be authorized.

Regulations for the appointment of Interpreters at Courts-martial, &c. and for their allowances while employed.

The Vice President in Council is pleased to vest a discretionary power in all General Officers, or others possessing authority to order Courts-martial or Courts of Enquiry, to appoint Interpreters whenever such a measure may appear to them necessary, and to authorize the Military Auditor General, upon the Orders for such purpose being confirmed by the Commander in Chief, to pass the allowance granted to Interpreters at General Courts-martial. G. O. V. P.  
19th Decr. 1809

In future Officers appointed to officiate as Interpreters at General Courts-martial, with the sanction of Government or of the Commander in Chief, will be allowed, during the actual sittings of the Court, (to be certified by the President) at the rate of a Gold Mohur per diem. Proc. G. C.  
4th Aug. 1803

All Interpreters assisting at Courts-martial are to be sworn. The Vice President in Council is pleased to direct that all Interpreters to Courts-martial be sworn when officiating in such capacity. G. O. V. P.  
19th Decr. 1809

Form of the Oath. The Oath to be administered to Interpreters may be as follows :

" You shall well and truly interpret and translate in all cases in which you shall be applied to in the course of the present trial ; and you shall not communicate or discover to any person or persons any part of the Proceedings, until the Sentence to be pronounced shall have been approved by his Majesty or by the Commander in Chief." Ext. McArthur's  
Treatise, Vol.  
II. page 24.

(No Form of Oath being prescribed for Interpreters in the Mutiny Act or Articles of War, the above is given from McArthur's Treatise on Martial Law.)

The Commander in Chief highly disapproves of the Proceedings and Sentence of the Native General Court-martial, of which Subadar Loll Sing is President. Ext. G. O. C. C.  
22d Feby. 1809

The Proceedings of the Court appear to the Commander in Chief to be illegal, there being no record on the whole course of the trial from which it can be understood that the Interpreters employed on the occasion were duly sworn.

#### REGULATIONS TO BE OBSERVED IN ASSEMBLING AND CONDUCTING COURTS-MARTIAL, &c.

All offences which are cognizable by a civil power to be referred to the appropriate Courts. The Commander in Chief directs that all offences which properly fall under the cognizance of the Civil Power, be referred to the appropriate Courts of Judicature. G. O. C. C.  
1st Oct. 1808

When the arrest of an Officer has been reported to Headquarters, he is not to be released without permission from thence. Whenever any Officer is put under arrest and has been reported to the Commander in Chief, he is on no account to be released from such arrest without his Excellency's previous approbation, signified to the Commanding Officer of the Brigade, Station or Detachment of the Army to which the Officer may belong. G. O. 19th Novr  
1781

Restrictions to be observed by Officers when under arrest. The Commander in Chief takes this occasion to explain that whenever an Officer is put under arrest, he is strictly and invariably to consider himself confined to his Quarters, Tent or other place of Residence, until regular application be made to the Commanding Officer for the liberty or range of the Garrison, Cantonment or Camp ; by whom it will in most instances be granted, or when necessary referred to the Commander in Chief. G. O. C. C.  
8th June 1805

No European Officer to be tried by Court martial but by the Orders of the Commander in Chief. Earl Cornwallis orders that in future no European Officer shall be tried by a General Court-martial without the particular sanction of the Commander in Chief. G. O. C. C.  
26th Jan'y. 1787

Native Drummers, &c. professing the Christian Religion to be tried by Courts composed of European Officers. The Commander in Chief directs that in future all Drummers, Fifers and Soldiers of every description professing the Christian Religion, whether born in Europe or in India, and without reference to their parentage, be tried, on any crime of a Military nature which may be preferred against them, by Courts-martial composed of European Commissioned Officers only. G. O. C. C.  
6th July 1808

Courts of Enquiry to be assembled for the investigation of charges. The frequent assembling of General Courts-martial being productive of much inconvenience to the Public Service, the Commander in Chief directs that when a charge shall be preferred against either an European or Native, the Senior Officer on the spot shall order a full investigation to be made into the grounds of the complaint, the result of

which, accompanied by his own report and a list of the witnesses who have been examined, is to be forwarded to the General Officer Commanding in the District.

preferred  
against any  
persons, previ-  
ous to the ap-  
pointment of  
Courts-martial

In the event of the General Officer Commanding in the District not being satisfied that there are sufficient grounds to bring the person accused to trial; or that the Enquiry has been carried to the extent which circumstances of the case admitted, he will hereupon direct such further investigation to be made as he may deem necessary; and if, on consideration of the whole of the Proceedings, he shall be convinced that the charges are frivolous or ill founded, he will thereupon order the Prisoner to be enlarged; and report the whole particulars to Head-quarters.

In drawing up the charges, accuracy and precision are indispensable.

All charges ought to be drawn out in so full and clear a manner as to leave no room for doubt or misconception; and it is the duty of the Judge Advocate to remonstrate against the Court's proceeding to trial on a charge that is deficient in accuracy or perspicuity.

All charges to  
be drawn up  
with accuracy  
and precision;  
Directions to  
be observed in  
the preparation  
of charges.

G. O. C. C.  
13 Oct. 1802

The Commander in Chief directs, that the utmost accuracy and precision be observed in drawing up such charges as are meant to be tried at a Military Tribunal, that the nature of the offence, the time when the Act or Acts were committed, and the principal circumstances connected with the crime, be particularly specified; and persons officiating in the capacity of Judge Advocates are enjoined to pay particular attention to the regularity of the Proceedings of Courts-martial on which they shall be employed.

G. O. G. G.  
1st March 1803  
Ext. Proc. Ge-  
neral Court-  
martial.

The charge preferred against Lieutenant Patman, of the 18th Native Regiment, is improperly limited to the conduct of that Officer on the 31st July, 1802.

The charge should have been drawn out with sufficient latitude and perspicuity of expression to have distinctly comprehended the examination of such circumstances in the conduct of Lieutenant Patman, previously to the 31st of July, as might have afforded further illustration of the nature of the offence committed by that Officer on that day.

It was, however, an error in the Proceedings of the Court-martial on this Trial to limit the examination of the evidence to the transactions of the 31st of July.

The Prisoner could not have been found guilty upon the proof of any fact committed previously to the day specified in the charge; but evidence of any circumstance which happened previously to that day was admissible for the purpose of illustrating and confirming the criminality of the facts which formed the substance of the charge.

The procedure of the Court in this instance has circumscribed the enquiry within limits to confined as to admit of a doubt, whether the result of the evidence required the Sentence passed by the Court.

G. O. C. C.  
18th July 1788

His Lordship directs, that the practice of warning Officers to remain in waiting, in addition to those who are ordered to sit as members of the Court, be discontinued; but, instead of that precaution, to obviate the delay and inconvenience which would arise to the Service from the Proceedings of General Courts-martial being interrupted, by the number being reduced below thirteen, from illness or any other accident happening to any of the members, it is to be considered as a Standing Regulation, that all General Courts-martial shall in future consist of a President and fourteen, and never of less than a President and thirteen Members, except in situations where the extra Officers cannot be obtained without detriment to other services.

Number of  
Officers to  
compose a  
Court-martial.

G. O. C. C.  
14th Augt. 1802

The Commander in Chief directs that it be considered a Standing Regulation, that at all European and Native General Courts-martial, the Judge Advocate shall, previous to swearing the Members, allow to the Prisoner the exercise of the established and important right of objecting to any of the Members composing the Court, and that in all cases the question offering the option of Challenge to a Prisoner, together with his reply thereto, and the consequent Proceedings thereon, shall be entered at length in the Proceedings.

The option of  
challenge to be  
allowed the  
Prisoner at all  
Courts-martial

G. O. C. C.  
8th Feby. 1802

The Commander in Chief has to remark a great negligence and want of precision in the examination of witnesses.

In some instances the enquiry has not been pushed sufficiently to insure the ends of Justice, although it appeared clear from the Proceedings that, with more attention on the part of the Court, the charges might have been substantiated.

Orders relative  
to the examina-  
tion of evidence

It is the peculiar province of the Judge Advocate to summon every person whose testimony is in any shape necessary to the Prosecution or Defence, and to guard against the examination of evidences being hurried over in a negligent or careless manner.

The Commander in Chief has been led to make the foregoing observation from having remarked that persons on whose testimony, as given at a Court of Enquiry, the crimination or acquittal of the Prisoner seemed principally to rest, have not been examined at the Court-martial which has been assembled in consequence of such previous investigation.

To prevent the recurrence of such unpardonable inattention and neglect, the Commander in Chief directs that, in all cases where a Court of Enquiry has been held, the proceedings shall be submitted to the Judge Advocate, previously to a General Court-martial being ordered to assemble, and the Judge Advocate is held responsible that all the witnesses whose names appear in the Proceedings of the Court of Enquiry, and whose evidence is necessary to the trial, shall be duly summoned and properly examined.

The Board take this occasion to observe that in consequence of a doubt having arisen in a late Trial before a Court-martial, whether any new evidence could be examined after the prosecution had been closed, the question was submitted to the highest legal authority, and the following being the opinion delivered on it, they think proper to direct that the same be published in General Orders for the information of the Army, viz.

M.C. 8th Feb'y.  
1781

"The ordinary course of a Trial is this: the person managing the Prosecution states the charge, calls his Witnesses who are to prove the facts which constitute the charge, and proves and reads any written evidence which he may have to the same purpose.

The Prisoner has a right to cross-examine every Witness of the Prosecutor immediately after he has given his testimony; and the Prosecutor has a right to examine him in reply to all such matters as have been examined into by the Prisoner.

It is a general rule in every stage of the cause, that he who calls a Witness (if that Witness is cross-examined) has a right to re-examine into the same matter; if the Prisoner has any objection to the competency of Witnesses, or can shew any cause why their testimonies ought not to be admitted at all, (as that he is interested, has been convicted of perjury or any other infamous crime) he must make his objection before the Witness is examined; but if his objection be only to his credibility, and if he can shew why full credit ought not to be given to him, as that he has a general bad character, is in enmity with the Prisoner, &c., this being not a bar to his examination, must be reserved by the Prisoner until he makes his defence.

The Prosecutor, before the Prisoner makes his Defence, must produce all the evidence he has to support the accusation, that the Prisoner may not disclose the defence until he knows the whole he has to answer to.

The Prosecutor having finished his evidence, the Prisoner states to the Court his Defence, calls and examines his Witnesses, proves and reads his written testimony.

The Prosecutor may cross-examine and the Prisoner re-examine, as in the case of the Prosecutor's evidence.

If the Prisoner confines his defence to the simple contradiction of the evidence adduced by the Prosecutor, here all the evidence is finally closed, (unless the Prosecutor calls Witnesses to impeach the character or testimony of those of the Prisoner.)

The Prosecutor can then observe upon the whole evidence, but can produce none: the Court are then to consider of their Judgment.

But if the Prisoner in his defence introduces any new matter, or any evidence thereof, not examined by the Prosecutor, which is frequently done when the Prisoner either cannot contradict the evidence against him, or does not think he has to fully done it as to rely merely on the contradiction, and has other collateral matter to give in evidence from which his innocence is to be presumed,—as the attempt to prove an alibi or to discredit the witnesses of the Prosecutor,—then the Prosecutor has a right to examine witnesses on this new matter."

Caution ought to be observed against receiving in evidence extraneous matter that may tend to criminate a person not under trial.

G.O. 16th Jan'y.  
1787

The attendance of a witness, though once dismissed, if again wanted for further information to the Court, may be demanded without an infringement of the strict Rules of Procedure.

G. O. 19th October 1775 It appearing to the Board, that persons have often been summoned to give evidence at Courts-martial at the requisition of the prisoners, whose evidence has not been material to the defence, and whose absence from their Stations has been detrimental to the Service; and it being the practice in all Courts of Justice that the persons at whose requisition witnesses are summoned should defray the expences of their attendance,—it is resolved, that it be made a standing rule, that the charges of all persons, who may in future be summoned at the requisition of the prisoners, be paid by them, the Board reserving to themselves the power of indemnifying such persons from the burthen of this expence, (which they mean to do) except in cases wherein it shall plainly appear to them that the evidence has been wantonly and unnecessarily called upon.

The Expence attendant on summoning evidences for the Prisoner how to be defrayed.

M. C. 8th Feb. 1781 Instances having occurred in the trials of persons before Courts-martial in which the prosecutor having delivered his evidence has been ordered by the Court to withdraw, and not permitted to enter the Court again except when called upon to answer to any additional question required to be put to him, and this practice having appeared to the Board repugnant to the usage and principles of all Courts of Judicature established by the English Law, they thought proper to take the opinion of the Judge Advocate General upon this question, which they have commanded to be published in General Orders, viz.

The Prosecutor is to be permitted to remain in Court during the trial

“ That a Prosecutor, being in the nature of a party to the cause, should remain in Court during the trial in which he is Prosecutor, I take to be founded on the most obvious principles of Justice.

It is as much a matter of course that the Prosecutor should reply as that the Prisoner should answer the charge; and therefore it is as necessary that he should hear the evidence produced by the Prisoner, as that the Prisoner should hear the evidence produced against himself; they have both a right to examine their own witnesses and to cross-examine the witnesses of the opposite party; they have both a right to see that the evidence on both sides is fairly given, and that justice be rendered impartially.

From the respect which I profess for the abilities of the Chief Justice, and the desire which I have of adding the sanction of his name to any opinion of mine in matters of law, I have been induced to submit my sentiments on the subject in question to his perusal, and it is with peculiar satisfaction that I now avail myself of his authority to declare they have received his full approbation.”

G. O. C. C. 29th Apr 1809 The Commander in Chief is sorry to observe that the Proceedings of the Court-martial (assembled at Fort William for the trial of Captain Shaw) were frequently embarrassed and interrupted by the Council for the Prisoner having been permitted personally to address the Court or the Judge Advocate General, and even to arraign the Proceedings of the former and pass strictures on the conduct of the latter.

The Counsel for the Prisoner is not to be allowed to interfere with the Proceedings of the Court.

The Commander in Chief therefore directs that the irregularity which has called forth these observations may be never adduced as a precedent, nor any such improper interference be allowed again at any Courts-martial which may be held under his Excellency's authority.

G. O. C. C. 29th June 1805 The Commander in Chief conceives it was the duty of the Court, having found the Prisoner guilty of the first part of the first charge and of the first part of the second charge, to have awarded punishment, according to the nature of the offence of which the Prisoner was found guilty, on those charges.

Punishments are to be separately awarded for each charge of which the Prisoner may be found guilty; not collectively for the whole.

M. C. 21st Dec. 1773 It is the undoubted right and even the duty of every President and Member of a Court-martial to reject any illegal or erroneous charge; they are nevertheless bound to record their proceedings and resolutions upon it.

Illegal or erroneous charges will be rejected by the Court.

G. O. 18th July 1788 Lord Cornwallis thinks proper to point out to the Army some irregularities respecting General Courts-martial that must have crept in by inadvertence, but which it is necessary to avoid; he alludes to the frequent custom of delivering the Proceedings of General

Regulations to be observed in transmitting the Proceedings of General Courts-martial.

Courts-martial open to Commanding Officers of Stations and Detachments to be transmitted to the Commander in Chief.

His Lordship therefore directs that it be observed as a standing Order, that the Proceedings of all General Courts-martial held at any of the Stations or Detachments of this Army, where the Commander in Chief may not be present, shall be delivered sealed by the Judge Advocate General, or by the Person officiating in that capacity, to the Commanding Officer of the Station or Detachment to be transmitted by him to the Commander in Chief.

Sentences on non-commissioned and Privates to be inflicted in presence of the Corps to which the Prisoners belong.

Prohibition of the infliction of Punishment under circumstances of ignominy not warranted by the sentence of the Court-martial.

Whenever sentences of Courts-martial, on European or Native Non-commissioned Officers or Soldiers, are to be carried into execution, the Corps to which the Prisoners belong are to be under Arms, and all Officers are to attend.

G. O. 13th May 1787

A practice appears to have prevailed of departing from the tenor and spirit of Sentences of Courts-martial by inflicting the punishment, under circumstances inferring a greater degree of disgrace and ignominy than that which it was the intention of such Sentences to inflict.

G. O. G. G. 22d Nov. 1802

Every circumstance tending to encrease the ignominy of a Punishment must be deemed an aggravation of its severity; in Military Punishments the most severe penalty is that which affects the honor of the Soldier, and which tends to degrade his Military character.

It is therefore a practice contrary to law and justice to aggravate the ignominious tendency of any Military Punishment without due authority, nor can the Service receive permanent benefit from any such irregular course, however sanctioned by custom.

Officers entrusted with the execution of sentences of Courts-martial will therefore be careful henceforth not to exceed the extent of the Punishment prescribed by lawful authority, and not to aggravate, without due authority, the ignominy of such Sentences by the mode of inflicting punishment.

Native witnesses at Courts of Enquiry to be cautioned relative to the correctness of their evidence.

The Commander in Chief has perceived with much dissatisfaction a total difference between the depositions of Native Officers and Soldiers before a Court of Enquiry and the evidence subsequently given by the same witnesses on Oath at a General Court-martial.

G. O. C. C. 8th Feb. 1802

This behaviour deserves the severest censure, and hereafter, when it shall be found necessary to assemble a Court of Enquiry, the Commander in Chief directs, that it be clearly and fully explained to all Native Witnesses that if there shall be found any material difference between the evidence they shall have given at a Court of Enquiry and that which they shall give on Oath before a General Court-martial, unless some satisfactory reason for such a difference be assigned, the Commander in Chief will punish such unwarrantable pervariation in the severest manner.

Native Officers are not to be brought to trial unless adequate Proof can be adduced to substantiate the charges.

The Commander in Chief is sorry to observe that Native Officers have in two late instances been brought to trial before a General Court-martial, on the complaint of two European Officers, for crimes of which from the evidence produced they could not be convicted; and though he is satisfied that the European Officers were, on these occasions, actuated by good motives alone, yet he hopes that the two instances above mentioned will be regarded by the Officers of the Army as a warning against bringing Native Officers to trial without duly weighing the grounds of accusation, and having good reason to believe that sufficient Proof can be adduced to substantiate the charge.

G. O. C. C. 24th June 1793

Directions to be observed on passing Judgment at Native Courts-martial;

The Commander in Chief has understood that at Native Courts-martial, when the Courts come to pass judgment, it is frequently the practice to allow the Members to consult among themselves and a General Verdict to be given in through the President: and; as this Practice is not consistent with the mode laid down in the Articles of War, he positively directs that it be never suffered by Judge Advocates, or Superintending Officers at Native Courts-martial of any kind; but when a Sentence is to be given, that the question "Guilty or Not Guilty" be put separately to each Member, beginning with the youngest, and the same as to the punishment and the measure of it.

He also directs, that when there is a difference of opinion among the members of a Court-martial on any material point, the Judge Advocate or Superintending Officer do make a memorandum of the opinion of each individual member, which he is to preserve and have ready to produce in case it should be called for by due authority.

G. O. C. C. Extract from the Proceedings of a Native General Court-martial held at Danaspoor the 17th April, 1797. And upon occasions of awarding punishment to evidence, &c. for disrespect of the Court.

"The Court likewise, taking into consideration the disrespectful expressions and behaviour of the Witness Ramdeen on his last examination, sentence him to receive 100 lashes; but, in consequence of his being recently entertained and ignorant of the customs of the Service, recommend that his punishment be remitted, and the lenity of the Court fully explained to him.

"And the Court having further considered the falsehood and evident prevarication of the Witness Maunkooah, as a contempt of the Court, they sentence her to have her head shaved, and to be tomptom'd through the Cavalry Lines with her face whitened, and her crime publicly declared."

I cannot confirm the sentences which the Court have passed on Ramdeen and Maunkooah, because there is nothing recorded on the Proceedings to shew the contempt of the former towards the Court; and if there were falsehood and prevarication in the testimony of Maunkooah, the Court ought to have proceeded to a regular trial on those charges.

Head-quarters Calcutta,

(Signed)

ALURED CLARKE.

24th May, 1797.

G. O. C. C. The Right Hon'ble the Commander in Chief highly disapproves of the conduct of the President and Members of the Native General Court-martial which was assembled in the Camp of the Troops under Lieutenant Colonel Martindell's command for the trial of Woodount Sing, Subadar of the 1st Battalion 1st Regiment of Native Infantry. Strictures upon the conduct of a Native General Court-martial in awarding an inadequate sentence.

His Lordship is of opinion that the charges exhibited against the Prisoner, of which he is acquitted by the Court, are fully proved by corroborative and substantial evidence, and that the punishment awarded on those charges, of which the Court finds the Prisoner guilty, is entirely inapplicable and inadequate to the offences committed;

The conduct of the Prisoner Woodount Sing, Subadar, appears to be of so flagitious a nature, and so totally subversive of all Military subordination and respect for authority, that his Lordship considers it his indispensable duty to make an example of such a lawless offender, as well as to convince the Native Corps of this Army that no spirit of combination and shameful dereliction of their duty, tending to encourage disrespect towards their European Officers, and holding forth a dangerous example of insubordination to the Native Soldiery, will ever be allowed to screen the Guilty, or pervert the principles of Military Arraignment. His Lordship is therefore pleased to direct, that on the receipt of this order Lieutenant Colonel Martindell will be pleased to assemble the President and Members of the Court-martial, as well as all the Native Commissioned Officers of the several Corps under his command, and express to the President and Members of the Court his Lordship's opinion and high disapprobation of their conduct.

Lieutenant Colonel Martindell will then be pleased to order the Prisoner Woodount Sing, Subadar of the 1st Battalion 1st Regiment, to be paid up and to be discharged the Hon'ble Company's Service, with such marks of ignominy as Lieutenant Colonel Martindell may judge suitable to the occasion.

G. O. 17th March 1774 Regimental Courts-martial, which are only to take cognizance of Military Offences, and are established for the preservation of good order and discipline in the Corps, are to be summoned by the authority of the Commanding Officer of the Regiment or Battalion, and the Sentence is to be confirmed or disapproved by him. Regimental Courts-martial under what circumstances to be assembled.

G. O. G. G. 15th Jan. 1811 The Governor General in Council is pleased to direct, that the following Paragraph of a General Letter from the Hon'ble the Court of Directors, dated the 31st August, 1810, be published in General Orders. At all Regimental, Line and Garrison Courts-martial, the Members are to be sworn & the witnesses examined on Oath.

PARA. 2d—An Act of Parliament having been passed in the last Session, authorizing and directing that at all Courts-martial, the Members should be sworn and the witnesses examined upon Oath; and His Majesty having been pleased, under the authority conveyed by that Act, to frame additional Articles of War for the better Government of our Forces, we transmit in the Packet a correct copy of the said Articles for your information and guidance. (Vide Articles 21st and 22d—Session XII. Page 58r.)

G. O. C. C. 25th Jan. 1811 The Commander in Chief directs that the additional Articles of War, published in General Orders by Government, under date the 19th instant, authorizing and directing

that at all Courts-martial the Members shall be sworn, and the witnesses examined upon Oath, shall be strictly and invariably attended to by the Army serving under this Presidency.

In all trials of Europeans by Courts-martial (other than General Courts-martial) the President and Members thereof shall be sworn, as prescribed by the additional Articles of War now referred to; and in all trials of Natives by Courts-martial (other than General Courts-martial) the President and Members thereof shall be sworn according to the rites of their respective religions.

In like manner, all persons who give evidence before any General or other Courts-martial, whether European or Native, are to be examined upon Oath, to be administered according to the tenets of their religious faith.

Allowances for Persons employed to administer Oaths to Mahomedans and Hindoos at Courts-martial.

The Vice President in Council adverting to the General Orders under date the 19th January last, which direct that at all Courts-martial the Members shall be sworn and the witnesses examined upon Oath, is pleased to authorize an allowance of six Sicca Annas per diem, being granted to each Moolla or Bramin whom it may be necessary to employ for the administration of Oaths, in the proper form, to Mahomedans and Hindoos at all Native Courts-martial. G. O. V. P. 19th Mar. 1811

Regimental Courts-martial in Native Corps how to be constituted, and by what authority assembled.

Regimental Courts-martial (in Native Corps) shall be held by the appointment of the Officer Commanding, for the trial of all crimes that are not capital, according to the Articles of War; and these Courts-martial shall be constituted of an equal number of Members from each Battalion, and shall be superintended by a Subaltern Officer, in the usual manner. M. C. 7th May 1781

When a Battalion shall be detached, the Commanding Officer shall possess the power of holding Battalion Courts-martial; and also the Commanding Officers of lesser Detachments, to have the power of holding Detachment Courts-martial for the punishment of petty crimes.

There will be no Battalion Courts-martial held at the Head-quarters of Native Regiments—but only Regimental Courts-martial. M. C. 30th May 1796

When Battalions or parts of Battalions are detached, Battalion and Detachment Courts-martial may be held.

Duty of the Superintending Officer at Native Courts-martial.

At all Native Courts-martial a Lieutenant of that Corps must superintend the Proceedings; he is to regulate the Court so that the prosecution and the evidence in support of the charge, with the defence, are carried on in due form; he is to countersign the Proceedings, and to deliver or forward them to the person by whose authority the Court was held. G. O. 8th May 1779

Should it happen that the Lieutenants are absent on duty, or otherwise, the oldest Ensign in the Corps may superintend the Court-martial.

(By General Orders of the 24th June, 1793, the Superintending Officer is to put the questions on passing judgment; and to record (if necessary) the opinions of the several Members.—*Vide page 540.*)

For the period of Service required with their Corps previous to Subaltern Officers being appointed to superintend Native Courts-martial, and for further Regulations relative to the class of Officers to be appointed to the Superintendence of Native Line or Regimental Courts-martial, *vide page 143.*

*Memoranda relative to Courts of Enquiry and Courts-martial, selected from the Publications of the most approved Authors.*

#### COURTS OF ENQUIRY.

Courts of Enquiry under what circumstances assembled.

In cases of much importance in the Army, and where the facts to be investigated by Courts-martial are doubtful, and involved in a variety of collateral circumstances, tending, in the first instance, to perplex and mislead the judgment of the Superior Power in forming a correct opinion with respect to the criminality of the Person suspected; or where McArthur. Vol. 1. page 200

there are several Persons implicated in the same crime or offence, and doubts remain on whom the culpability should fall or ought to attach ; a Court of Enquiry should take the matter under investigation, and, from the evidence before the Members, report to the Power vesting them with authority to enquire, whether or not there be sufficient grounds for bringing the person or persons, whose conduct has been the subject of enquiry, to a Court-martial.

McArthur, Vol.  
I. Pages 105  
and 106

Three Members are generally deemed sufficient at Courts of Enquiry.

No Oath is administered to the Members or Witnesses at a Court of Enquiry as at a Court-martial.

Number of  
Members to  
compose the  
Court.  
Members and  
evidences are  
not to be  
sworn.

\* Adye—Page 84

No one is obliged legally either to give his testimony or plead before a Court of Enquiry. The person, therefore, whose conduct is to be enquired into may have, as well as his witnesses, many things to plead and give in evidence before a Court-martial which they would not do before a Court of Enquiry.

No one is ob-  
liged to plead  
or give evidence  
before Courts  
of Enquiry.

Tytler — Page  
361

A Court of Enquiry is not in every case called upon or warranted even to give an opinion, but is confined solely to the examination of witnesses upon certain points; on the result of which examination the person by whose authority the Court of Enquiry is held is to form his own opinion.

Circumstances  
under which an  
opinion or re-  
port is given  
in by Courts of  
Enquiry.

Adye—Page 80

In case an opinion is given by a Court of Enquiry, that opinion ought not to point out what were or were not the causes of the supposed ill conduct which occasioned the sitting of the Court, but simply, *whether there does or does not appear a sufficiency of cause to render a Court-martial necessary*; for though there may be matter apparently sufficient to make a further investigation on Oath proper, it does not follow that the individuals who may be called to answer to an accusation are consequently culpable.

#### GENERAL COURTS-MARTIAL.

McArthur, Vol.  
I. Pages 117  
and 118

Officers who may have been suspended, and who shall in that interval commit any offence specified in the Articles of War, are subject to be brought to trial at Courts-martial.

Officers com-  
mitting any  
offence while  
under suspensi-  
on are liable to  
be brought to  
trial.

Tytler—Pages  
122, 123

It had formerly been a matter of doubt whether an Officer or Soldier, after being dismissed or discharged from his Majesty's Service, could be brought to trial before a Court-martial for a crime committed while he was in commission or in pay; in the case of Lord George Sackville, the question was referred to the opinion of the twelve Judges, who unanimously declared that "they saw no grounds to doubt of the legality of the Jurisdiction of a Court-martial in those circumstances."

As also are  
Officers, who  
have resigned,  
or been dismiss-  
ed, for offen-  
ces committed  
while in the  
Service.

Tytler—Pages  
165, 166

Material justice requires that all offences should become the subject of investigation and trial as speedily as possible after the time of their commission.

Extract remarks by his Majesty's Command on trials before a Court-martial held at Edinburgh in March, 1798.

"His Majesty adverting to what has in some measure appeared in the course of both these trials, has expressed his extreme disapprobation of keeping charges against an Officer or Soldier in reserve, until they shall have accumulated, and then bringing them before a General Court-martial collectively; whereas every charge should be preferred at the time when the fact or facts on which it turns are recent; or, if knowingly passed over, ought not either in candour or in justice to be in future brought into question."

Military offen-  
ces, if passed  
over at the pe-  
riod of com-  
mission, should  
not be subse-  
quently brought  
forward.

Tytler — Page  
212

In whatever terms the accusation in the charge may be conceived, it is necessary that the crime or offence be clearly specified or expressed, and the act or acts of guilt pointedly charged against the prisoner.

Particulars to  
be observed in  
the preparation  
of charges.

McArthur, Vol.  
II. Pages 6 & 7

The time, when the act is charged to have been done, should, if possible, be correctly set forth, more especially if the offence be of a capital nature.

Thus, the particular day of the month should be assigned, which may be essentially necessary to a prisoner's defence; because, if innocent, he will thereby have an opportunity of exculpating himself by the proof of an alibi.

But as the crime charged may have been committed, and yet there may be a mistake or doubt as to the precise day, the consequences of such mistake may be guarded against by adding "or on the day or days immediately preceding, or on the day or days immediately following"—or the time may be extended to one of the days of the month immediately preceding or following.

The greatest possible caution is, however, to be adopted in using this latitude; indeed it is to be allowed in those cases alone when, from the peculiar circumstances, it cannot be avoided.

The place is necessary to be named, in order to ascertain that the crime was committed within the jurisdiction of the Court; also that the prisoner may have an opportunity to prove in his defence an alibi, or being in another place at the time the offence is charged to have been committed.

In drawing up charges against an offender it is not customary or necessary to refer to any particular Article of War, of a breach of which he may be deemed guilty. Tytler — Page 220

Timely notice of his intended trial and copies of the charges to be forwarded by the Judge Advocate to the Person accused.

The Judge Advocate or person appointed to officiate on that occasion is to give the person accused timely notice of his intended trial. McArthur, Vol. 11. Page 18

A true copy of the charges on which the prisoner is to be tried must be furnished him by the Judge Advocate, in such time that he may have full opportunity of preparing himself for his defence; after which it is not competent for the Judge Advocate or the Prosecutor to make any alteration on them, either in substance or in form, when they come before the Court. Tytler — Page 221

The Judge Advocate to inform himself of the circumstances of the case and to summon the evidences to be adduced on part of the Prosecution and Defence.

If a material alteration occurs to be made before trial, the consent of the Commander in Chief, or the Person on whose warrant the trial is to proceed, must be obtained for that alteration, of which, likewise, the Prisoner is entitled to have the most timely notice that can be given him.

The Judge Advocate should also inform himself of all the circumstances of the case, and by what evidence the Articles of Accusation are to be proved against the Prisoner; he ought to require from the Prisoner a list of those witnesses whom he wishes to be summoned in his exculpation; and the witnesses on both sides should be summoned in due time to give their attendance at the time and place appointed for trial. McArthur, Vol. 11. Page 167

Form of a summons to a witness.

Form of a summons by a Military Judge Advocate to a witness, either for the Prosecutor or the Prisoner. McArthur, Vol. 11. Page 319

#### FOR THE PROSECUTOR'S WITNESS.

Sir,

A General Court-martial being appointed to be held at—day of— at ten o'clock in the morning, for the trial of— Regiment, upon charges preferred against him by— of the same Regiment, and the said—, having represented that your testimony will be material in support of the said charge, I am to desire you, and you are hereby summoned to give your attendance at the said Court-martial, in order to your being examined as a witness.

I am, &c.

You will please to acknowledge the receipt of this letter of Summons.

For the Prisoner's witness the following variation: "and the said—having represented that your testimony will be material towards his defence," I am to desire you, &c.

Evidences not subject to Military authority how to be summoned.

It frequently happens that there are evidences on both sides, whose testimony may be essential for the elucidation of truth in the trial at issue, and who are not subject to Military authority; in such cases Summonses are issued to them as to other witnesses. McArthur, Vol. 11. Page 18

Proceedings to be adopted in event of the

Should it so happen that the President be taken ill in the intervening time, and that it is necessary on that account to postpone the trial until a future day, the Judge Advocate McArthur, Vol. 11. Pages 19, 20 21 and 34

must announce the circumstances to the Prosecutor and party accused, that directions may be given to the evidence on both sides to attend the Court on the new day appointed, instead of that in the former summons. illness of the President.

If any member has absented himself on account of ill health, the same is to be minutely certified to the Court. Of a Member.

When the testimonials of a Member's inability to attend are admitted, the Court may be formed, and the Judge Advocate takes the fact down in the minutes, immediately after the names of the Members present, in the form prescribed.

The Court will postpone a trial on the affidavit of a medical person stating the Prisoner is in such a state of health as not to admit his being brought into Court.—Or, on satisfactory affidavit that a material witness is dangerously ill and unable to attend, the Court will put off the trial ; but the truth of the allegation in the affidavit is to be judged of by the Court. Of the Prisoner Or any material evidence.

Tytler—Pages  
223, 224, 225,  
229

The President and Members of the Court being assembled on the day appointed for its meeting, and intimation having been previously given for all the necessary witnesses to attend, the Prisoner is brought into Court and called to the bar by his name. Forms to be observed on the assembly of the Court,

The President now delivers the warrant for holding the Court into the hands of the Judge Advocate, who reads it aloud, as also his own warrant for attending as Prosecutor and Recorder of the Court.

He then calls over the names of the whole members, who are desired to take their places according to their rank in the Army and the dates of their commissions, arranging themselves in that order alternately on the right and left hand of the President.

The Judge Advocate then demands of the Prisoner whether he has any objection against, or challenge to make of any of the members present ; and if he has, he is required to state his cause of challenge, on which the President and Members must order the Court to be cleared and deliberate on the import and validity of the same. The option of challenging the Members to be offered previous to swearing the Court ; observations on causes of challenge, &c.

The most valid causes of challenge are suspicion of prejudice or malice, or infamous character.

Two causes of challenge, impossible to be overruled, are the charge of corruption or bribery verified by competent proof, and malice or hostile enmity expressed by word or deed against the Prisoner.

McArthur, Vol.  
I. Page 107  
Tytler — Page  
354

It would be a sufficient challenge against the Member of a Court-martial that he had previously sat on a Court of Enquiry for examining into the conduct of the party to be tried.

Sullivan — Page  
14.

No Member can be excepted against after the formation of the Court, neither can an ignorance of his former character be pleaded against him.

Tytler — Page  
230

The privilege of challenging is mutual to the Prisoner and the Prosecutor : for there may be sources of prejudice in favor of the Prisoner as well as against him, and urgent motives that may sway to acquit as well as to condemn.

McArthur, Vol.  
I. Page 268

Upon the principle that Members of a Court-martial are Judges both of the Law and the Fact, and as such are to be considered in the double and compound capacity of Judges and Jurors, they ought to be extremely delicate and cautious of rejecting any challenges or objections made by a Prisoner previous to the Court's being sworn without first admitting him to shew cause ; because, upon consideration of the reasons assigned for such challenge, if they be not sufficiently valid, a majority in opinion may always overrule the challenge ; and afterwards proceed on the trial.

Sullivan — Pages  
25, 27

General Courts-martial have looked upon the first swearing in of the Court as a sufficient authority to warrant their Proceeding on the trial of a variety of offences, whereas the Court should be sworn afresh at the commencement of every new Prosecution ; for, if the first Prisoner to be tried has a right to challenge an Officer who may be appointed to sit on an investigation of his offence, why shall not the second or third Prisoner be entitled to the same merciful indulgence ? The Court to be sworn afresh at the commencement of every new trial.

If it be necessary to introduce a new member the Proceedings of the Court must recom- If it becomes necessary to call in a new Member, the Court must proceed *de novo*.—Adye—Page 54  
However, the records of a former Court are often admitted, particularly by consent of the contending parties, as evidence on a future one under certain restrictions and regulations, as was done in the case of Lord George Sackville in the year 1760.

Forms observed in swearing the Court. Where the Prisoner and Prosecutor decline to challenge any of the Members, or where the causes of challenge have been disallowed, the Judge Advocate proceeds to administer first to the President alone, and afterwards to the Members of the Court, the Oath prescribed by the Articles of War. Tytler—Pages 230, 238

The Oath is taken by each person holding his right hand upon the Evangelists, repeating the words after the Judge Advocate, and finally kissing the book.

After the Oath has been administered to the whole Members, the President administers to the Judge Advocate the particular Oath required to be taken by him.

And in receiving the plead of the Prisoner. The Court being thus regularly constituted, and every preliminary form gone through, the Judge Advocate, as Prosecutor for the Crown, desires the Prisoner to listen to the charge or charges exhibited against him, which he reads with an audible voice; and then the Court asks the Prisoner, "whether he is guilty of the matter of accusation."

Upon a plain and simple confession the Court has nothing to do but to award judgment; but it is usually very backward in receiving and recording such confession, and will generally advise the Prisoner to retract it and plead. Adye — Page 53

Duties of the Judge Advocate during the trial. The Judge Advocate, after opening the prosecution by a recital of the charges, together with such a detail of circumstances, if the case is circumstantial and complicated, as he may deem necessary, proceeds to the examination of witnesses in support of the charges; at the same time taking down the evidence in writing at full-length, and as nearly as possible in the words of the witnesses. Tytler — Pages 368, 390

At the close of the business of each day, and in the interval before the next meeting of the Court, it is the duty of the Judge Advocate to make a fair copy of the Proceedings; which he continues thus regularly to engross to the conclusion of the trial.

The Adjournment from day to day, and the meeting in pursuance thereof, should always be noticed on the Proceedings. Sullivan—Page 103

The Judge Advocate is to advise the Court of the proper forms, when there shall be occasion, and to deliver his opinion on any doubts or difficulties which may arise in the course of the trial. McArthur, Vol. I. Page 232

Should it happen that an illegal measure or unjust opinion is persevered in, the Judge Advocate, though not warranted to enter his dissent in the form of a protest upon the Proceedings, (for that implies a judicative voice) ought to engross therein the opinion delivered by him on the controverted point. Tytler—Pages 361, 362

Though a Judge Advocate may be considered in the light of a prosecutor for the Crown, it does not from thence follow that he is to deny any reasonable assistance to the Prisoner in his defence either in point of Law or of Justice; it is his duty that the proof, both on the part of the Crown and of the Prisoner, should be properly laid before the Court; and when any doubtful point may arise he should incline on the part of the Prisoner; and nothing should induce him to omit any circumstances in the Minutes of the Proceedings, that might have a tendency to palliate the charges exhibited against the party accused. McArthur, Vol. I. Pages 239 and 283

The Judge Advocate should carefully preserve the original Minutes of the Proceedings, as recorded by him during the course of any trial; and he should also keep in his possession distinct notes of the opinion and votes of the several Members on deliberating upon the articles of accusation and pronouncing judgment, in order that he may be fully prepared to answer any questions, in the event of his being called upon to give evidence to that effect.

Number of witnesses to be examined. Opinion of the Attorney and Solicitor General respecting the number of witnesses to be examined at Courts-martial—dated 25th April, 1746. McArthur, Vol. I. Page 391

" We think the Court should not refuse any witnesses that are ready to be examined, if the Prosecutors insist they are material.

But, as we are of opinion it is in the power of the Court to limit a certain time for concluding the examination, what time that should be, must depend upon all the circumstances, of which the Court can only be the judge."

McArthur, Vol.  
11. Pages 55, 56  
and 57

It seems to be the practice at Courts-martial to produce two or more witnesses when they can be procured, but when two or more cannot be had, one positive and credible evidence to the fact is often deemed competent to convict the party accused; but this must be very warily admitted; and the objections that may arise to the credit of a single evidence, under the circumstances of the case before the Court, ought to be duly considered.

Observations on the testimony of a single witness.

When the privacy of the offence is of such a nature as to exclude the possibility of having more than one evidence, it is the practice at Courts-martial to admit it.

The instance here alluded to happened at the Court-martial held in January, 1789, for trying Lieutenant Thackary, of H. M. Sloop Thorn, on charges exhibited against him by Captain William Taylor; and amongst others for going into the Captain's cabin when he was alone and calling him scoundrel and liar.

The privacy of this offence excluded all other positive evidence, but that of the Prosecutor; and when the Court assembled, Captain Thompson, the President, had his doubts of the propriety of the Court's admitting Captain Taylor to give his evidence; the Court was therefore adjourned until they had the opinion of Counsel.

The Court afterwards re-assembled, the Prosecutor's evidence was admitted, and Lieutenant Thackary was dismissed His Majesty's Service.

McArthur, Vol.  
11. Page 184

The Members of a Court-martial may, under particular circumstances, exercise their discretion in calling any witness before them from whom they have reason to think the truth may be obtained, whether adduced by the Prosecutor or not; but it might be considered as a very improper exercise of that discretion, indeed as illegal, if the Court should adjourn the Proceedings to a distant day in order to enable a Prosecutor to bring forward a fresh witness.

Courts-martial have the option of summoning evidence whose information they may deem to be material.

If any person at hand, and who can without delay be called upon, is supposed to be capable of giving material testimony, undoubtedly the Court may require his attendance and examine him.

In a case of the nature alluded to, which occurred at a General Court-martial held at Bastia in Corsica, (January 1795) the Deputy Judge Advocate objected to the summoning a new witness after he had closed the prosecution; but the Court stayed the Proceedings, the witness was examined, and his evidence proved to be of moment.

A question on the propriety of this measure was submitted to the Judge Advocate General, and he was of the opinion now given.

McArthur, Vol.  
11. Page 89

Circumstances may arise in the course of a trial to render the testimony of a Member of a Court-martial most essential evidence for or against a Prisoner; and, as the investigation of truth is the principal object in view, it does not seem incompatible with the principles of law or of equity that such Member be sworn in open Court, and, after having given his testimony to the matter of fact at issue, that he resume his seat as a Member of the Court.

The evidence of a Member of the Court.

McArthur, Vol.  
11. Page 94

The Judge Advocate, or the person officiating for him at a Court-martial, may be examined as a witness for either party as to matters of fact previously known, and after having the usual Oath administered to him as a witness by the President, and having given his testimony, he may resume the functions of his Office on the trial.

Of the Judge Advocate.

McArthur, Vol.  
11. Page 58

The Person accused may call on the Prosecutor to give evidence to facts in exculpation of the charge, as well as to the general conduct and tenor of his character.

The Prosecutor.

McArthur, Vol.  
11. Page 56

It is not a legal objection in criminal prosecutions to the competency of a witness, or to the admissibility of his evidence that he is the Prosecutor, whatever objections to his credit may arise under the circumstances of the case.

And Counsel or Solicitors, how to be given.

Counsel, or Attorneys or Solicitors, cannot in any case be called upon to give evidence which may disclose the private business or secrets of their clients. It is now understood to be the rule that a Counsel or Attorney must be asked the previous question, whether he possesses the fact of his own knowledge, and previous to his being retained, or has learnt it from his client, and the witness will give his answer agreeably to that distinction.

Tytler — Page 282, 283

On the same principle Counsel and Attorneys are not obliged to produce Papers, which may have been delivered to them by their client as evidence against him.

But this privilege is strictly confined to the Attorney or Counsel acting in the cause, and cannot be extended to others, although professionally and confidentially employed.

Observations relative to the competency of witnesses and causes of exception thereto.

All witnesses of whatever religion or country, who have the use of their reason, are to be received and examined; except such as are infamous, or such as are interested in the event of the cause.

McArthur, Vol. II. Page 94

All others are competent witnesses, though the Jurors, from other circumstances, will judge of their credibility.

Persons convicted of Felony or Perjury, though pardoned, cannot be received as witnesses; for the pardon, though it remit their punishment, cannot wash out their moral turpitude.

Tytler — Page 284

As the punishment of whipping has not that degree of infamy annexed to it, when adjudged by Courts-martial or Military Discipline, as when adjudged by Courts of Law, it therefore at Courts-martial cannot affect the competency of a witness in the same manner as at Courts of Law.

McArthur, Vol. II. Page 103

An exception to a parent, or to kindred in general, although a good cause of challenge against a Juror, is no cause of challenge against a witness.

Sullivan — Page 64

A servant in the cause of his Master, although not an inhable, is yet a suspected evidence.

Tytler — Page 282

The Prosecutor or party accused may take exceptions to the competency of a witness, which are to be publicly stated and inserted in the Minutes of the Proceedings.

McArthur, Vol. II. Page 94

All objections to the competency of a witness must be stated in open Court; the Court must be cleared in order to weigh the import of the objection; and the resolution is afterwards communicated in open Court to all the parties.

Tytler — Page 318

The evidence of a valetudinary witness how to be received.

The whole Court should adjourn themselves to the house or quarters of a sick person, and there, and in the presence of the prisoner, examine and take his deposition.

Sullivan — Page 32 — Tytler — Page 312

His Majesty annulled the Proceedings of a Court-martial for having appointed six of their members to take the evidence of a valetudinary witness.

Observations on the examination of evidence.

All witnesses, either for the Crown or the Prisoner, must be sworn and give their evidence in presence of the whole Court.

Adye — Page 199

No evidence can be given against a Prisoner but in his presence.

Sullivan — Page 37

Those who are cited to appear as witnesses are not allowed to be present in Court during the examination of any of the previous witnesses, as this circumstance would of itself afford a valid objection to their testimony, being a species of subornation.

Tytler — Page 282

It is proper, therefore, that in the outset of every day's Proceedings, the Judge Advocate should give warning to all who are cited as evidences, and who may chance to be present, to retire, and not to enter the Court until they are officially called upon to be sworn.

It is the practice of Courts-martial, after the witnesses are sworn, for the Prosecutor to put all proper questions to them, or the President of the Court may, in the first instance, desire them to relate what they know respecting the charge against the Prisoner, and afterwards the Members, with the approbation of the President, put such interrogatories as they may think proper and necessary for investigating the truth.

McArthur, Vol. II. Page 36

Sullivan—Page  
34

The Judge Advocate should have concluded with the examination of a witness before the interrogatories of the Court are in general propounded.

For although such interrogatories may be pertinent and applicable, yet, as the several Members have in the end an opportunity of drawing forth answers to such questions as they may put, and as the interruption of the Judge Advocate may probably break in upon a chain of leading and necessary information, it were to be wished that he were suffered to finish with his examination before the introduction of new matter be admitted.

McArthur, Vol.  
I. Page 283

It is usual for the Judge Advocate to put all interrogatories proposed by the President or the Members of the Court to the witnesses, and should the President think proper to decline allowing the Judge Advocate to put a question proposed by a junior Member, it is the practice for the Court to be cleared, and it is to be determined by a Majority of votes whether the question proposed should be stated or not.

As the Judge Advocate is considered as Prosecutor in behalf of the Crown, and as by his having previously to the trial collected the evidence he is supposed by law to be able to judge what questions are proper to be put to witnesses, he has therefore a right to ask them all proper and fit questions.

Tytler — Page  
308

It frequently happens that the tendency of a question put to a witness may be to the prejudice of a third person, who is no party on the trial. This consequence ought in justice and humanity to be avoided, wherever it is possible; and in no case ought the Prosecutor to be allowed this liberty of indirectly impeaching or affecting the characters of third parties; but it may sometimes happen that the party accused may find it absolutely necessary, in defence of himself, to throw blame and even criminality on others who are no parties to the trial, nor can a Prisoner be refused that liberty, which is essential to his own justification.

McArthur, Vol.  
II. Page 39

Though a witness be sworn to give evidence of the whole truth, yet the law humanely protects him from answering questions which tend to accuse himself of any crime or punishable offence; neither can a witness be compelled to answer any question to shew his own turpitude or infamy.

Tytler — Pages  
251, 252

No witness is permitted to read his evidence to the Court, for this might give room for subornation of evidence.

It is not, however, illegal or improper in circumstantial cases, or in cases where dates are to be detailed or matters of account, for the witness to make use of written notes, for the aid of his memory and for the greater precision of his testimony.

Witnesses not to read their evidence, but may refer to notes.

McArthur, Vol.  
II. Page 54

It has frequently occurred at Courts-martial that a witness has been desired, under particular circumstances, to give his opinion to the Court; and this on many occasions may be strictly proper and necessary for a witness to do when called upon, particularly in such cases as relate to the operations or evolutions of an Army; and whether in the opinion of the witness they were carried into complete or imperfect execution by the person under trial.

Circumstances under which witnesses may be required to give an opinion

Tytler — Page  
312

The testimony of a witness is to be read to him for his approval or correction, after his deposition is closed.

The Deposition of each witness to be read to him.

McArthur, Vol.  
II. Pages 59, 60  
and 69, 74

No evidence of a discourse with another will be admitted, but the man himself must be produced; and hearsay evidence to any particular facts is never received.

Hearsay evidence is not admitted.

For, in order to give full force and weight to the testimony of any witness, he must relate to the Court the very fact which was done by the party accused, or the identical words that were spoken by him relative to the point at issue.

Hearsay evidence may be made use of by way of illustration of what is properly evidence.

Verbal confessions, and what a Prisoner has been heard to say at any time in conversation, or by observation relative to the matter at issue, may be given in evidence against him.

Verbal confessions and similitude of handwriting in what cases received as evidence.

The comparison of hands is no more than a presumption founded on the likeness, which may easily fail, because they are very subject to be counterfeited ; therefore, when the comparison of hands is the only evidence in a criminal prosecution, there is no more than one presumption against another.

Usage establishes that a similitude of hands is no evidence in a criminal case, although Sullivan — Page 31  
it should be capital, unless the papers shall be found in the possession of the person ; then the Law accounts it a corroboration of the charge.

Circumstances under which the Prosecutor or Prisoner may be called on to produce Papers.

A Prosecutor can at all times call on a Prisoner to produce any particular written order or instructions given him, and his disobedience of which may be the subject of the trial at issue ; and, in case he refuses to produce the original paper, the Prosecutor may prove by parole evidence its contents and exhibit copies of such original order. McArthur, Vol. 11. Page 6a

On similar principles of justice, a Prisoner may call on the Prosecutor to produce certain orders, records, letters or papers, that he thinks may tend to his exculpation from the charges brought against him.

Observations relative to the credibility of witnesses.

A witness may be perfectly competent, and swear positively to a charge material to the issue trying, and yet not deserve credit from the Court. McArthur, Vol. 11. Page 47

The infamy of his character given in evidence against him by other witnesses ; his interest in the event of the trial or prosecution ; an apparent influence on his mind, and various other circumstances, may render him unworthy of credit, even on his Oath.

In the case of informers, whose veracity should ever be suspected and whose conduct should carefully be watched, experience shews the necessity of caution in the admission of their evidence. Sullivan — Page 45

The testimony of an accomplice, who is pardoned, must often be resorted to for the discovery and punishment of crimes ; but it will in no case merit the same weight with that of an impartial or unprejudiced witness. Tytler — Page 57

If the credibility of any of the witnesses, either for the Prosecutor or Prisoner, is impeached by the opposite party, it becomes proper to re-establish their credibility by examining new evidence thereto. Tytler — Page 209

Any testimony from the evidence for the Prosecution in favor of the Prisoner to be carefully recorded.

If any thing shall drop from a witness during the course of the prosecution, or while in cross-examination for the Crown, that can in any wise be conducive to the acquittal of the criminal, such matter, however in his favor, shall carefully be admitted, and in the decision on the merits of the cause, it shall without reserve be considered and received as explicit testimony in his behalf. Sullivan — Page 6a

At the conclusion of the Prosecution the Prisoner to adduce his defence.

The Court having gone through the examination of all the witnesses in support of the charge, and allowed the Prisoner to cross-question them, severally, he is then put on his defence ; which, if already prepared, he is allowed to read to the Court, or he may dictate it to the Judge Advocate, in order to its insertion in the Minutes. McArthur, Vol. 11. Page 135

But, should the trial be of importance, and a variety of circumstances have been brought forward upon which the Prisoner was unprepared, he may, upon soliciting the Court, be indulged with an adjournment to a subsequent day for the purpose of the better preparing himself for his defence, and the examination of his witnesses, in support of what he may have occasion to affirm.

Affiance of Counsel in what particulars allowed to the Prisoner.

Courts-martial being in general composed of men of ability and discretion, but, who from the nature of their profession and general mode of life are not to be supposed versant in legal subtilties, or abstract and sophistical disquisitions ; and the cases that come before them giving rise to few questions of law, it has hence been considered as founded in established usage that Counsel or professional Lawyers are not allowed to interfere in their Proceedings, or, by argument or pleading of any kind, to endeavour to influence either their interlocutory opinions or final judgment. Tytler — Page 53

It is at the same time not unusual for a Prisoner to request the Court to allow him the aid of Counsel to assist him in his defence, either in the proper conduct of his exculpa-

tory proof by suggesting fit questions to the witnesses, or, in drawing up, in writing a connected statement of his defence and observations on the general import of the evidence.

McArthur, Vol.  
11. Page 42.

This benefit the Court will never refuse to a Prisoner.

It is the practice at Courts-martial to indulge the Prisoner with Counsel, or at least Amici Curie, (or friends of the Court) who may sit or stand near him and instruct him what questions to ask the witnesses; and they may commit to paper the necessary interrogatories as they arise, which the Prisoner may give on separate slips to the Judge Advocate, who reads them to the Court; and, if allowed to be put, inserts them literally in the Minutes with the witnesses's answers thereto.

McArthur, Vol.  
11. Page 136.

The witnesses in support of the defence are to be separately called into Court, sworn and examined; the Prisoner first of all asking them such questions as he may deem proper and material, whether to invalidate the Prosecutor's evidence, or to establish his general character and good behaviour; and he is allowed to produce written documents, either in his exculpation or as to character and good behaviour.

Examination of  
the evidence for  
the defence.

When the Prisoner's interrogatories are ended, the Members of the Court or Judge Advocate may put such questions as appear to them proper for bringing out the truth; the Prosecutor is generally allowed to cross-examine the witnesses upon the points brought forward by the Prisoner, but he is by no means to introduce new or extraneous matter, and, after that, the Prisoner may again put any additional interrogatories to his witnesses.

Tytler — Pages  
256, 257, 258,  
259, 260, 261

When the whole evidence on both sides is closed, the Prisoner may, if he thinks proper, demand leave of the Court to sum up, either verbally, or in a written statement, the general matter of his defence, and to bring into one view the import of the proof of the charges, with such observations as he conceives are fitted to weaken its force; and the result of the evidence in defence, aided by every argument that is capable of giving it weight.

Address of the  
Prisoner to the  
Court upon the  
conclusion of  
the evidence for  
the defence.

To this statement on the part of the Prisoner the Prosecutor has a right to make a reply; and, under this privilege, he may either recapitulate, methodize the import of his evidence, and strengthen it by pertinent argument, or shew the weakness or insufficiency of the proof in exculpation; and here in strict regularity the trial ends.—But, if the Prisoner shall, in his defence, have impeached the credibility of any of the witnesses for the Prosecution, or introduced any new matter encountering the evidence of the charge, but to which that evidence was not directed, the Prosecutor is allowed to establish their character by new evidence, and to examine witnesses to that new matter.

Reply of the  
Judge Advocate  
or Prosecutor.

In such cases it is customary for the Court to allow the Prisoner the liberty of a rejoinder or answer to the Prosecutor's reply; an indulgence to which, in ordinary cases, he is not entitled.

McArthur, Vol.  
11. Page 137.

1<sup>st</sup>.—The Prosecutor addresses the Court in explanation of the charges, and detailing what he intends to prove.

Summary of the  
course of the  
Trial.

2<sup>d</sup>.—His witnesses are adduced, who are examined by the Prosecutor or the Court, and afterwards cross-examined.

3<sup>rd</sup>.—The Prisoner makes his defence, in which he answers the Prosecutor's address, comments on his evidence, and enters into a detail of the exculpatory evidence he means to bring forward.

4<sup>th</sup>.—The exculpatory evidence.

5<sup>th</sup>.—As this evidence may come out stronger or weaker than the Prisoner expected, he is allowed to address the Court a second time, when the defence is closed.

6<sup>th</sup>.—The Prosecutor is allowed to reply; and sometimes, by special permission of the Court, he may be allowed to explain by evidence some collateral circumstance omitted.

Tytler — Page  
316

It is customary, before proceeding to deliberate upon the Judgment, that the Court should hear the Proceedings read over by the Judge Advocate, which answers the double purpose of bringing the whole body of evidence in one connected view to the recollection of the Members, and ascertaining the accuracy and fidelity of the Record, by comparing it with the notes taken by individual Members.

Previous to  
passing Judgment  
the Proceedings  
are to be  
read over by  
the Judge Advocate.

In complicated cases, in circumstantial proofs, in cases where the evidence is contradictory, or in trials where a number of Prisoners are jointly arraigned, it is expedient that the Judge Advocate should arrange and methodize the body of the evidence, applying it distinctly to the facts of the charge, and bringing home to each Prisoner, where there are more than one, the result of the proof against him, balanced with the evidence in exculpation or alleviation.

After the examination of all the witnesses, as well in support of the charge, as of those in favor of the party accused, the Court being cleared the Members are to proceed in finding the charge exhibited against the Prisoner proved or not proved; and, if found guilty, in pronouncing that judgment on him which the Articles of War have annexed to the crime or offence. McArthur, Vol. 11. Page 150

In passing judgment a separate sentence to be awarded on each Article of charge that may have been adduced.

A Court-martial must exhaust the whole charges that come before them, either by separate opinions and judgment upon each separate article; or where the several charges are connected, and form altogether one offence, by a sentence referring to the whole. Tyler — Page 147, 148

It is not competent for the Court, after taking trial of one or more of the Articles of charge, and pronouncing sentence on them, even though that sentence should award the *ultimum supplicium*, Death, to wave on that account the discussion of other articles of charge that may remain.

All Irrelevant charges are to be dismissed by the Court.

It frequently happens that the Prosecutor, either from over anxiety or error in judgment, specifies certain matters as articles of charge which a Court-martial may judge to be of a nature entirely blameless, and that, although proved or acknowledged by the Prisoner, they infer no criminality; in such a case it is the duty of the Court to dismiss the charge altogether, and throw it out of their consideration as irrelevant. Tyler — Page 150.

The opinions of the Members how to be recorded.

The Judge Advocate puts the question of guilty or not guilty of the charge to each of the Members, beginning with the youngest, and so on, progressively, up to the President, and writing down from the mouth of each person his vote or opinion for acquittal or conviction. Tyler — Page 157.

The Votes are then counted, and if the Majority declare the Prisoner not guilty he is accordingly acquitted.

If, on the other hand, the Majority declare the Prisoner guilty, the Court proceeds next to determine what punishment shall be awarded, and to pronounce their sentence for its infliction.

The opinions or votes of the Members are taken on the last question in the same manner as on the former.

In cases where an optional power is vested in the Court to punish with Death or otherwise, the question to follow that of "guilty" (upon the Majority declaring for the former) is, "whether or not the Prisoner shall suffer death?" Adye — Page 216

If two thirds of the Court do not concur in the affirmative, the votes of the affirmants are considered as void, and another question becomes necessary to be proposed to every Member, indiscriminately, viz—"what punishment (other than death) shall the Prisoner undergo?" And each Member gives his voice, *de novo*, on this question, wherein a Majority of the Members is competent to determine.

Where the Court is equally divided, the President to have a casting voice.

At all Courts-martial it is customary to have, if possible, the number of Members odd or unequal; but it may happen by the death or sickness of a Member that it might be reduced to even or equal numbers, and that there might be an equality of votes; in similar predicaments it is the usage of Army Courts-martial to allow the President to have a double or casting vote where the Court is equally divided. McArthur, Vol. 1. Pages 171, 176  
Tyler — Page 140.

If the date be incorrect on which the crime is charged, the Prisoner must be acquitted.

If a Prisoner be tried for a crime said to have been committed on a particular day of the month, and in the course of the trial it is proved to have happened on a day different to that which is set forth in the accusation, it is incumbent on the Court-martial to acquit him, and he is not liable to be tried a second time for the same offence. McArthur, Vol. 11. Page 159

On the trial of Richard Bird, seaman, on the 2d January, 1759, who was accused of having attempted to desert by swimming on shore on the 14th November, 1758, as it was proved to have been attempted on the 15th November, he was acquitted.

McArthur, Vol.  
II. Page 157.

In discriminating the degree of guilt of a crime with which a Prisoner stands charged, it frequently happens at Courts-martial that, on summing up the evidence on both sides, he may appear not guilty of the identical crime laid to his charge, but guilty of an offence of less magnitude, though of the same species or nature, and as such, nearly connected with it; in this case it is customary for the Court to acquit him of the greater, and find him guilty of the offence of the inferior magnitude; and to inflict a corresponding punishment.

If the Prisoner appear to be guilty of a lesser offence than that he is charged with, sentence is to be awarded accordingly.

Adye — Page  
209

A Court-martial cannot declare a Prisoner guilty of any distinct crime or offence, (though there may appear strong suspicion of his being so) unless it be likewise in the charge given against him before the trial commences.

If guilty of a distinct crime, which he is not charged with, the Court cannot notice it.

McArthur, Vol.  
II. Page 141

Although the Mutiny Act does not authorize Military Courts-martial to inflict a summary punishment for perjury, yet there is no doubt but that offenders, subject to Military authority, may be proceeded against by indictment or punished by the sentence of a General Court-martial to be assembled for that purpose.

Courts-martial are competent to inflict a punishment for perjury.

McArthur, Vol.  
II. Page 141

If the charge, proved against a Prisoner, should fall under any of those Articles of War in which the punishment is expressly annexed without any alternative or deviation, under circumstances however alleviating, no further questions or deliberations of the Court are necessary to impede pronouncing the judgment incurred.

Where the Articles of War annex a punishment to the offence, of which the Prisoner may be guilty, no deviation therefrom to be allowed.

McArthur, Vol.  
II. Page 149

Discussions have taken place at Courts-martial, when, upon collecting the opinions of the Members, the conviction of the Prisoner has been determined by a bare majority of votes, whether, in such case, the minority are to be directed by the majority in voting for the punishment to be awarded, or if they can refuse to vote, under the plea of not having found the Prisoner guilty?

Observations relative to the votes of the Members that may acquit the Prisoner being received in mitigation of the punishment;

Although, strictly speaking, the members whose votes have absolved the Prisoner of the crime charged ought not to be called to award any punishment, which they cannot consistently with reason or justice do, (the question of punishment addressing itself to those members exclusively who have found the Prisoner guilty;) yet, it may perhaps be not amiss to intimate that, if it should happen that the Officers who composed the Majority of the Court, and who have concurred in the conviction of the Prisoner should differ in sentiment with respect to the punishment, in such case the Prisoner ought to have the benefit of a presumptive opinion of those Members who have absolved him, thrown into the scale with the votes of those who incline to the lesser punishment; for otherwise the Prisoner would be put in a worse situation than if those Members had deemed him in some degree culpable.

McArthur, Vol.  
II. Pages 203  
204—Ext. Lett.  
Sir C. Morgan,  
Bart. J. A. G.  
12th July, 1798

“ A sentence of transportation has not, in any instance within my knowledge, been carried into effect, except for the crime of desertion; nor in the instance of desertion until an express clause was inserted in the Mutiny Act for that purpose; and I have had occasion to know that much doubt has been entertained whether, without such particular provisions, the judgment would be warrantable; and the conferring authority by an express clause to give such sentence for the crime of desertion; at the same time that it furnishes a presumptive argument that it would not otherwise have been correct, begets a still stronger presumption that in any other case than that which is provided for, it is not regular to award such a punishment.”

And on the punishment of transportation.

Adye — Page  
218

It may often happen that the Court is unanimous both in their opinion concerning the guilt of the Prisoner, and the judgment passed upon him; but the Judge Advocate, in registering such opinion and sentence, is by no means authorized to insert the word unanimous.

The opinion of the Court, although unanimous, is not to be inserted in the Proceedings.

Sullivan — Page  
80

The fair Proceedings of the Court being examined and signed by the President and Judge Advocate, (the latter himself always inserting the sentence or sentences) are sent or delivered to the Power by whose authority the Court hath been assembled.

Proceedings how to be signed and delivered.

Tyler — Page  
345

The revival of a sentence is no more than a reconsideration of the case by the same tribunal on a remittal and recommendation of the Commander, who is authorized to approve

Revival of the sentence.

or suspend its sentences, a power of high expediency and good policy, and which has often been exercised to the most beneficial ends.

#### FIELD COURTS-MARTIAL.

Circumstances under which Field Courts-martial are held.

Field Courts-martial, that is the assembling a proper number of Officers immediately on the spot, who examine into the matter in a summary manner, and pass sentence, which is instantaneously executed, without any record or register of their Proceedings being made, may be deemed necessary on actual Service, where immediate examples are often required; but this will not hold good in times of peace, when the Proceedings against offenders will admit of the legal and necessary delays.

Adye — Page 194

#### REGIMENTAL COURTS-MARTIAL.

Number of Members to constitute a Regimental Court-martial, and its Proceedings how to be conducted.

The usual practice in constituting a Regimental Court-martial is to appoint one Officer of the Rank of Captain as President, and the other four Members subalterns, if they can be conveniently assembled; if not, a Captain and two subalterns will be sufficient to constitute the Court.

McArthur, Vol. I. Page 133, 135, 136, 144

The Members of a Regimental, Garrison or Detachment Court-martial, have not, as at a trial before a General Court-martial, the assistance of a Judge Advocate or his Deputy. The Proceedings are regularly committed to writing, either by the President or by any of the Members of the Court named by the President; and the sentence is signed only by the President.

Observations relative to appeals from the sentences of Regimental Courts-martial.

Should a non-commissioned Officer or Soldier be brought before a Regimental Court-martial for mutiny, desertion, or any of the higher crimes cognizable by a General Court-martial, he might not only plead the incompetency of the Regimental Court-martial to try him; but should this Regimental Court, even without a Soldier's availing himself of such a plea, proceed to the Trial and adjudge a punishment for a crime not within the Jurisdiction of the Court, the Members would, collectively or individually, be liable to a Prosecution in a Court of Justice for the illegality of their Proceedings.

A right of Appeal is understood to be competent from the Sentences of Regimental or Garrison Courts to General Courts Martial; and as there is not to be found, in any part of the Mutiny Act or Articles of War, any limitation of this right of Appeal to particular cases, or any prohibition of it in others, it must be presumed that a right thus recognized in general terms, and which is founded both in justice and expediency, is competent, whatever be the matter or subject of Trial, to any Party who judges himself aggrieved by the Sentence of a Regimental or Garrison Court-martial.

Byler — Page 337-340

There is but one particular case in which the Articles of War confer a positive right of demanding trial, in the first place, before a Regimental Court, and afterwards the Right of Appeal to a General Court-martial; which is the case of an inferior Officer, Non-commissioned Officer, or Soldier, who conceives himself to be wronged by his Captain, or other Officer commanding the Troop or Company to which he belongs.

Should an appeal be made from a Regimental or a Garrison Court to a General Court-martial, the declarations made by the witnesses before the Regimental or Garrison Court-martial would be confirmed before the General Court-martial.

McArthur, Vol. I. Page 142

All proper questions would be put to the witnesses, and they might be cross-examined by the Court or the parties.

Should it be necessary, additional evidence might be adduced, and the whole Proceedings would be recorded by the Judge Advocate, and Sentence pronounced with the same formality as if the offence were of that magnitude to have been in the first instance cognizable by a General Court-martial.

## CHAPTER XVII.

*Commissariat Department.**Commissary General—Deputy and Assistants Commissary General.**Supply of Provisions, Quilts, &c. for the European Troops.**Provision of Horses; and of Grain for the Horse Artillery and Cavalry.**Regulations for the Inspection Reports, Surveys, Superintendence, Provision, Feeding, &c. of the Public Draft and Carriage Cattle.**Supply of h red Cattle and Carriage for occasional demands; of Bunjarrah Bullocks; of Grain, &c. for Store and for the Troops when in the Field.**Provision of Borts for the transportation of Troops and Military Stores; and of Ferry Borts at the Military Stations.**Supply of Petty Stores for the Magazines at Stations; of Camp Equipage and Appointments for the Troops; and of Military Stores for the Arsenal, &c.**Provision of Timber and Plank, and of half-wrought Materials for the Gun Carriage Agency.**Regulations for the Department of the Garrison Store-keeper of Fort William; and for the Supply of Grain, &c. to the Native Troops on Foreign service.*

G. O. V. P. 22d Dec. 1809 **T**HE Vice President in Council, having had under his consideration the adoption of a system for victualling the European Troops, and for the provision and maintenance of Army Cattle by Agency, instead of contract, has determined on the Establishment of a Commissariat on an extended plan, calculated to embrace every Department of Military Supply for the Army of this Presidency.

Establishment of the Commissariat, and specification of the duties of the Departments

The Department ~~is to embrace~~ the following Branches of Military Supply,—viz.

Victualling the European Troops and providing Rum for Store.

Provision and feeding of Elephants, Camels and Bullocks.

Provision of Horses for the Service of the Cavalry and Horse Artillery.

Supply of Grain for the Cavalry and Horse Artillery.

Provision of Borts for the Transportation of Troops and Stores.

Provision of Petty Stores for the use of the Magazines at the several Stations.

Supplying Draught or Carriage Cattle, Hackeries or Casts, when occasionally required.

Supplying Quilts for the European Troops.

G. O. V. P. 20th Jan. 1810 **C**harge of the Public Ferry Borts at Military Stations above Allahabad, and at Sultanpore (Benarus.)

G. O. V. P. 27th Feb. 1810 **P**rovision of Galloper Harness and Saddlery.

Proc. G. G. 14th Oct. 1810 **S**upplying Bunjarrah Bullocks; and Grain for the Troops or for Store.

G. O. G. G. 28th July 1810 **S**upplying Timbers and Planks; half-wrought Materials for the Gun Carriage Agency; and Camp Equipage, Military Stores, &c. &c.

Proc. V P 23d July 1811 **T**he Establishment of the Commissariat will commence on the 1st of February, 1810.

G. O. V. P. 22d Dec. 1809 **T**he Commissariat is to be placed entirely under the direction and military General, with the Rank of Lieutenant Colonel, when not holding th higher rank in the Army, assisted by one Deputy Commissary General with

Major, when not holding that or a higher rank in the Army, and by such ~~rank~~ and Sub-Assistants as Government may hereafter determine.

The Commissary General to correspond with Government on the business of his Department.

The Commissary General is authorized to address the Governor General in Council on the business of the Commissariat through the Secretary to Government in the Military Department.

The Station of the Commissary General is not to be fixed.

The Station of the Commissary General is not fixed, but he will take up his residence from time to time at such places where the business of the important department committed to his charge may seem to require his presence.

Allowances established for the Officers of the Commissariat.

The following allowances are established for the Officers of the Commissariat:

Commissary General,—Salary Sicca Rupees Three Thousand per mensem, with the pay, full batta, and tent allowance of his Regimental Rank.

Deputy Commissary General,—Salary Sonat Rupees Twelve Hundred per mensem, with the pay, full batta, gratuity and tent allowance of his Regimental Rank.

Salary of Assistants,—from Sonat Rupees 700 to 1,000 per mensem, with the pay, full batta, gratuity, and tent allowance of their Regimental Rank.

Salaries of Sub-Assistants,—from Sonat Rupees 300 to 500 per mensem, with the pay, full batta, gratuity, and tent allowance of their Regimental Rank.

Their uniform fixed.

The following Regulations for the dress of the Commissariat Department, sanctioned by his Excellency the Commander in Chief, previous to his departure for Fort St. George, are published for general information, and are to be adopted accordingly. G. O. C. F. 15th Apr. 1810

#### COMMISSARY GENERAL.

Coat.—The same as that worn by the Quarter-master General—Epaulettes embroidered on a blue ground—Buttons, plain white.

Hat.—Regulation cocked, plain white button, white feather.

Sword.—Regulation cut and thrust.

#### DEPUTY COMMISSARY GENERAL.

Coat, Epaulettes, Buttons, Hat and Sword, the same as the Commissary General.

#### ASSISTANTS COMMISSARY GENERAL.

Coats without lappels.—Two Epaulettes and Buttons as above—Hat and Sword as above.

#### SUB-ASSISTANTS COMMISSARY GENERAL.

##### Being Officers in the Service.

Coat without lappels.

One Epaulette, and buttons, as above.

Hat and Sword as above.

##### Not Officers in the Service.

Coats plain blue, red cuffs and collars.

Buttons as above.

Hat plain cocked, no feather.

Sword as above.

Rank of Assistants Commissary General to be determined by the date of their Appointment.

The relative rank of the Assistant and Sub-Assistant Commissary Generals is as follows.

#### ASSISTANTS COMMISSARY GENERAL.

Lieutenant Lumidaine.

Major Stevenson.

Major Campbell.

Lieutenant Brownrigg.

#### SUB-ASSISTANTS COMMISSARY GENERAL.

Captain Becher.

Mr. Macrae.

Captain Conliffe.

Cornet Lumidaine.

G. O. V. P.  
15th & 16th Mar  
1810  
and G. O. C. G.  
25th June 1810

All other Assistants and Sub-Assistant Commissary General take rank according to the dates of their appointments.

G. O. V. P. 22d Dec. 1809. The actual travelling expenses of the Commissary General, his Deputy or Assistant, when unavoidably incurred on the public service, by dawk or by water, will be defrayed by Government; the amount is to be accordingly charged on their monthly accounts, supported by such receipts for the disbursement, as the nature of the service may require.

Proc. V. P. 9th January 1810. The Post-master General is directed to furnish the Postmasters at the subordinate Stations, Civil and Military, with general authority to comply with all applications which they may receive from the Commissary General, his Deputy and Assistants for posting Dawk Bearers.

The expenses to be charged in the first instance to the Officers making the application, and to be ultimately charged in the accounts of the Commissariat conformably to the Regulations.

G. O. V. P. 9th Jan. 1810. The Commissary General, his Deputy and Assistants are authorized to correspond free of postage with the Agents of the Commissariat, and with all Officers, Civil and Military, with whom they may have occasion to transact business; conforming in every respect to the Post Office Regulations on that head. The Officers and Agents of the Commissariat are exempted from postage.

The Commissary General will furnish the Post-master General with a list of the Agents and Public Officers with whom it will be necessary for himself and the Officers of his Department to correspond, in order that the persons to whom this privilege is to be permanently extended, may be accurately defined.

Letters addressed by Native Agents of the Commissariat to the Commissary General, or other Officers of that Department, are to be franked by the Commanding Officers of Stations or Posts.

G. O. V. P. 22d Dec. 1809. The Establishment of servants, whether Europeans or Natives, are to be left entirely to the discretion of the Commissary General, and no subordinate Officer of the Department is to employ any servant without the special sanction of the Commissary General, whose authority in writing will necessarily be furnished as a voucher for the expence. Establishments of Servants, &c. how to be entered.

The manner of making the different supplies is to be left entirely to the discretion of the Commissary General, who will of course avail himself of the means which Contract or Agency may afford, as to him shall appear advisable. Supplies how to be procured.

The disbursements of the Department of the Commissariat in all its branches are to be immediately under the direction and controul of the Commissary General, and all accounts thereof are to be verified half yearly, that is, on the 30th of June and 31st of December, upon oath to be taken before the nearest Magistrate or Justice of the Peace, by which it is to be testified, that neither directly, or indirectly, have the Officers by whom the accounts are signed, derived, or will derive, any profits or emolument whatsoever from their situations beyond their regular salary of Rupees ————. Disbursements how to be controuled and attested; and accounts how to be prepared.

I, A. B., Commissary General, (or Deputy Commissary General, or Assistant Commissary General, or Sub-Assistant Commissary General,) do solemnly swear, that neither directly or indirectly have I derived, nor will I derive, any profit or emolument whatsoever from my situation, (by the receipt of Dufforee or otherwise) beyond my regular Salary of ———— Rupees ———— per Month; and that no person or persons in my employ have, with my concurrence or knowledge, derived any benefit, directly or indirectly, (by the receipt of Dufforee or otherwise), beyond their prescribed wages, as charged in my accounts from the ———— of ———— to the ———— of ———— inclusive.

(Signed)

Sworn before me this ———— day  
of ———— in the year ————

(Signed)

G. D.

Magistrate, or

Justice of the Peace

No disbursement is to be made by any Officer of the Department, which shall not previously have received the sanction of the Commissary General.

In cases, however, where this rule may be found inconvenient from local considerations, the authority of Government (for which application should be made through the Military Board,) will be deemed indispensable.

The accounts of the Deputy Commissary General, as well as those of the Assistants and Sub-Assistants, are, in the first instance, to be rendered to the Commissary General, who will incorporate them into one general account, which, with the requisite vouchers, is to be transmitted by him for audit as soon after the expiration of each month as possible, through the Office of the Military Paymaster General.

The Officers of the Commissariat will furnish Accounts Current of Cash and Grain as per Forms No. 1 and 2, to the Commissary General, with their Monthly Accounts.

In cases, however, where, from distance of situation or other particular circumstances, transmission of the Accounts of the subordinate Officers to the Commissary General may be attended with inconvenience to the Service, the Military Board, if they should see occasion, will authorize them to transmit the Accounts accompanied by the requisite Vouchers for Audit, directly through the Office of the Military Paymaster General, furnishing however at the same time a copy of the General Abstract to the Commissary General, in order that his observations thereon may be stated to the Military Auditor General before the Accounts are passed.

The Governor General in Council desires the Commissary General will furnish the Accountant General with an abstract cash account, in such form and at such periods as may be pointed out by that Officer, to enable him to execute instructions which he has received from Government relative to the preparation of the accounts of his Office, as connected with Military Expenditure.

Proc. G. G.  
16th Oct. 1810

The Commissary General will be pleased also to give instructions to the subordinate Officers of the Commissariat to the above effect.

All advances of money are to be restricted as much as possible to the Commissary General, and should not be applied for by any of the subordinate Officers, except in special cases, the circumstances of which must be fully detailed, through the Military Board.

G. O. V. P.  
22d Dec. 1809

Advances of cash for the service of the Commissariat at and below Allahabad will be furnished upon the application of the Commissary General to the Governor General in Council for that purpose, by Drafts upon the Provincial Treasuries, and at the Presidency; and the Superintendent of Resources in the Ceded and Conquered Provinces will be directed to furnish advances of cash for the service of the Commissariat at Stations or Posts at and above Allahabad, upon the application of the Commissary General to him for that purpose.

For each advance of cash made to the Commissary General, he shall furnish the Collector or other Officer of Government making the Advance, with a regular Bill of Exchange drawn upon the Military Paymaster General, which Bill of Exchange will be transmitted to the Accountant General as a voucher for the payment, and to enable that Officer to charge the amount of advances to the Military Department.

The Accountant General will instruct the several public Officers to pay to the Commissary General the amount specified in the statement furnished, of required monthly advances, for which the Commissary General will grant bills on the Military Paymaster General.

Proc. V. P. 9th  
January 1810

In the event of any changes in the amount of the monthly advances being requisite, immediate communication is to be made to Government, in order that the necessary provision may be made in the advances for the ensuing month.

The Accountant General and Superintendent of Resources in the Conquered and Ceded Provinces will be authorized, on the application of the Commissary General, to transfer the Treasuries now fixed to any other Station at which it may be more receive the amount.

The Vice President in Court, however, is the responsibility of the Communist Party. Being furnished, in addition to the material furnished, with the necessary funds, additional disbursements from the Party are made for its maintenance. It is not only desired to have as nearly as possible the specific funds for which there will be required, and the balance of the funds will be contributed to receive the amount, when the necessary funds will be made for the Party to the arrangement.

Commissioners Officers in all situations are expected to share every feature of the power to the business of the Commission, and of the duties and exertions of the Commission of that Department.

Guards for the protection of Public Cash, Treasure Chests, the Government, and the Escorts for Treasure, Cattle, or Stores, be to his duty furnished, on application being made.

The Commissary General, his Deputy or Assistants having at any time good cause of objection to the Markets or prices current of provisions or labor at fixed at any of the Military Buzars, or in the possible case of their experiencing any impediments to the free ingress and egress of their supplies, are strictly required to state the circumstances in writing to Commanding Officers for their consideration and orders.

The Vice President in Council is pleased to direct all the Civil Officers of Government to afford every aid in their power, consistent with the Regulations and Orders of Government, to the Officers of the Commisariat in the execution of their duty, and to pay prompt and punctual attention to all applications which they may receive from the Officers of that Department.

Orders are to be issued from the Revenue, Judicial and Public Departments to the Officers under those Departments, respectively, and from the Political Department to the Residents at Delhi and Lucknow, to give to the Officers of the Commissariat all the assistance which their public situations will enable them to afford.

The Vice President in Council concurring in opinion with the Commissary General in the expediency, on public grounds, of the Commissariat at the Presidencies of Fort William, Fort St. George, and Bombay opening, under the sanction and through the channel of their respective Governments, a regular communication with each other, with the view of ensuring, when required for the Public Service, a constant source of mutual aid, he has suggested to the Hon'ble the Governors in Council at Fort St. George and at Bombay the immediate adoption of the plan proposed by the Commissary General; and has requested that the whole or such proportion of teak timber of the description specified as can conveniently be supplied, may be forwarded to Fort William for the use of the Commissariat at this Presidency.

**Correspondence** to be charged on between the General Office, Department of the General Staff, and the view is that it is possible to provide support.

### Supply of Provisions, Quilts, &c. for European Troops.

European Troops in Cantonments at and below Allahabad, are to receive half Satta, or rations every second day only; and the European Troops stationed above Allahabad, including Benares, or at Oor-poor, either above or below Allahabad, or proceeding by water, are to receive full Satta or rations daily.

**European  
Tropical Military  
Force**

Full hair is allowed to European Soldiers on New Year's Day, Christmas Day and King's Birthday, and if in Cantonments without the Provosts, or in the Field within the Cantons, they are allowed to wear full hair on these days.

[illegible]

Europeans in Garrison or Cantonments upon half batta shall receive the Rations above mentioned Every second day.

Mutton shall be served out from the 1st of April to the 30th September, and mutton and beef alternately for the other months.

Extra Batta authorized by Commanding Officers, &c. how to be served.

The Commander in Chief is pleased to prescribe the following rules, which are to be invariably observed, in future, upon every occasion on which Commanding Officers of Stations, &c. in their discretion, may deem it proper to authorize the indulgence of extra batta to the European Troops; and Commanding Officers of Corps and Details, to which the indulgence of extra batta may be granted, will consider themselves responsible for the most correct observance of these orders.

The grant of extra batta, as the term clearly implies, was, in its original object, intended to give to the Soldiers a second or complete additional Ration of the several articles of provision and of liquor with which they are daily supplied.

To this principle the system is henceforward to revert, and whenever extra batta may be ordered to be served to Troops on full batta, an extra or additional ration of the several articles of provision and of liquor, with which they are daily supplied, is to be issued to every individual concerned.

And to all Troops on half batta, when extra batta may be authorized, two drams in addition to the one dram, their daily allowance, with such additional quantity of meat, bread or rice, and firewood, are to be served as shall altogether, including the two additional drams, amount to the value or cost of a complete additional ration of each man's daily allowance on half batta, and the portions of the latter, viz. meat, bread, &c. in addition, are to be ascertained by Commanding Officers of Stations in communication with the (Commissariat,) by allowing such deduction from the additional Ration of those articles, as shall be equal in amount to the cost of the extra dram per man now authorized to be served on occasions of extra batta being granted, in excess to the additional ration of liquor, according to the daily proportion supplied to Troops on half batta.

The Commander in Chief recommends to Officers Commanding Corps to cause the liquor which may be served to the Troops on occasions of extra batta being allowed, to be mixed with such a proportion of water, as may obviate the pernicious effects arising from the use of unmixed spirits.

Supply of earthen Pots, &c. on a march; and to Recruits arriving from Europe.

On a march, each European is to be furnished daily with two earthen pots, and each Company with one Arrack pot. Recruits, on their first landing, are to be furnished, each mess of five men, with two earthen pots, and every Company of Recruits with one Rum pot.

Proportion of liquor to be issued to cover wastage in serving it out to the Troops.

The Vice President in Council is pleased to authorize the Commissary General and his Deputy to issue one Dram of liquor per gallon to the European Troops to cover the wastage which occurs in serving it out.

Batta Rolls upon which the Rations are issued how to be prepared.

Rations shall be issued by the Commissariat upon Batta Rolls, according to the Form No. 3, which are to be signed by the Officers Commanding Companies or small Detachments of Europeans; and Rations are not to be furnished by the Commissariat for men sick in the Hospital.

The Governor General in Council is pleased to direct that in future the Batta be drawn by the Commissariat for the day on which the Patients are admitted into the Hospital, and by the Surgeon for the day on which they are discharged.

Rates to be allowed as dry batta when provisions cannot be supplied. Dry batta is to be drawn in substitution for staff

In cases when provisions cannot be furnished, the Commissariat shall pay to each man on half batta, daily, dry batta, or one Rupee and eight Pies, and ten Pies when not furnished with Drums; and double those rates shall be paid to each man on full batta.

Dry batta, according to their Station, being authorized to be drawn in substitution for the Sergeant Majors, and Quarter-master Sergeants attached to Native Corps, or Sergeants holding Staff appointments, and for Europeans at Stations or Out-posts, when their number does not exceed seven; no charge for Rations to Non-commissioned Officers or Pri-

water, that circumstances, will be allowed on the accounts of the Commissariat, and it is to be understood, that no charge for extra batta or drams will be allowed for Europeans, for whom dry batta is intimated to be drawn in abstract.—(For rates of dry batta allowed to be drawn in Abstract, vide page 169.)

The Commissariat shall retain with each detachment of Europeans exceeding seven in number, and at every Garrison or Cantonment, a licensed European or a Native for conducting the duties of this Department.

The Commissariat will be held responsible that Rum is not sold, by its Servants attending a Detachment or any Garrison, Cantonment, or Post.

It is positively forbidden to allow of Drums being given to Non-commissioned Officers on any plea of rewarding them for the trouble of superintending the issue of Rums to the Troops; but, in order the more effectually to prevent the toleration of this abuse by subordinate Agents, the Officers of the Commissariat are held respectively responsible, on pain of removal from office.

Drums stopped from the men to be invariably carried to the account of Government.

Should bad Rum or bad Provisions be tendered for the use of the Troops, a report thereof shall be made to the Commanding Officer of the Station, who shall order a Committee to inspect them, and if on their report the Rum or Provisions shall be condemned, they shall not be issued to the Troops, and the report of the Committee, together with what the Commissariat may have to advance on the subject, shall, if the Commanding Officer thinks it necessary, be transmitted to the Military Board to be laid before Government, and the loss shall fall either on the Commissariat, or on the Public, as the nature of the case may require.

Rum shall not on any account be served out to the Troops of an age less than three years.

The Rum to be deposited in the Garrisons of Allahabad, Agra, and Fort William, shall be drawn from time to time by the Commissariat as it may be required for the service of the Troops after having been one year in store; care being taken to have Rum in sufficient quantity ready to replace the same.

The Commissary General shall always have in hand a store of Rum equal to the probable expenditure of the Troops for six months, and Store Room, will either be allotted at the different Stations for the reception of the Rum, or buildings, if necessary, will be constructed under the direction of the Commissary General.

A quarterly report of the Rum deposited in store shall be transmitted to the Military Board, on the 1st January, 1st of April, 1st July, and 1st October, stating the quantity, quality, and the period of time the Rum has been in store, in order that the necessary measures may be taken for bringing it into use, and to have the Rum issued duly replaced.

Proc. G. G.  
29th Sept. 1810

The Governor General in Council resolves, that the propositions of the Military Board relative to the supply of Rum shall be carried into effect, and the Commissary General is accordingly desired to consider the same as a rule for his guidance in the management branch of the Commissariat to which they refer—viz.

That 371,700 Gallons, or three years' consumption for the Troops, should at all times remain in store.

That at from one to two years of age in casks it may be safely issued to the Troops.

That there is no danger to be apprehended from the liquor being stored in casks of deal or oak.

That the annual consumption of Rum for the Troops under this Presidency is about 122,000 Gallons.

That it should be left at the discretion of the Commissariat to regulate the proportionate payments with the Lagoonie Distillery, as gradually to bring the general stock to about 300,000 Gallons, or within three years' consumption.

Proc. V. P. G.  
29th Sept. 1810

The Vice-President in Council entirely approves the arrangements and suggestions for the conveyance upon Camels of a certain quantity of spirits in casks, (to be sent for the use of the Troops.)

of Rum for the  
European  
Troops who in  
the Field.

strusted in a particular manner for that purpose the use of the European Troops  
when actually employed in the Field, also for the preparation of a suitable number of  
carts for the carriage of a Store of that article to facilitate the camel trade.

Two hundred and  
Month's supply of

Regiments of European Infantry of 2500 each, and for a Detail of 250 Artillery; and  
for the carriage of these 121 Camels are to be added to the Establishment.

Twelve hundred and eight more casks of the same dimensions to be constructed, which  
will contain an additional supply of liquor, (allowing for waste and evaporation) for five  
months, or, blending the two arrangements, means of transporting liquor for six Months  
consumption for the detail above mentioned, or in a reduced proportion for a larger de-  
tail; which, in the event of Foreign War, would probably be employed in the Field.

For the carriage of 25 casks of the above proportion, which would contain two Months  
Supply, in addition to that for one Month upon Camels, one hundred and twenty one  
carts will be required, to which extent his Excellency the Commander in Chief recom-  
mends that carts may be constructed; and eventually the further number of 187, to com-  
plete the carriage for the proportion of casks above proposed. (The above proportion  
of 121 carts has been completed.)

Agreed, that the Commissary of Ordnance at Cawnpore be desired, on the arrival  
Spirit Casks, to paint and issue them to the Commissariat Officer, bringing the  
Magazine Books as "lent to the Commissariat Department," and retaining  
books under that Head.

Rations of Pro-  
visions, &c how  
to be supplied  
to the European  
Troops at the  
Eastern Island.

All European Non-Commissioned Officers and Privates composing the Detachments  
doing duty at Prince of Wales's Island, Malacca, and Bencoolen; and generally on Foreign  
Service, wherever employed; shall in future be regularly supplied with Rations of  
provisions and liquor, in the same manner as European Troops are supplied under this  
Presidency, and on no account shall they be permitted to receive their Rats in money.

To carry this Resolution into effect, a Supply of Rum is to be annually shipped from  
Bengal, for Prince of Wales's Island and Fort Marlborough, calculated for the consump-  
tion of the European Troops doing duty at those Settlements and their Dependencies.

As it may be often found impracticable to supply fresh meat to the European Details  
at the above-mentioned Settlements, good Bengal Salted Beef is annually to be sent with  
the Rum, for the purpose of the occasional supply of Rations of Salt Meat, and fresh  
alternately, according to the necessity of the case.

The Military Board will give orders for providing the requisite supply of Salt Beef and  
Rum in the manner proposed, viz.

"Rum equal to a supply for 18 Months, according to the established daily allowance for  
each man, to be dispatched in the first instance to the Settlements respectively, and after-  
wards annually a supply of Rum for 12 Months, leaving a surplus equal to the proba-  
ble consumption for Six Months in Store."

And the same quantity to the supply of the European Troops for Six Months, allowing  
ly to each man, to be dispatched in the first instance; and thereafter  
to the Rations for four Months  
and from Malacca to European Troops to be the same as allowed on  
at Bencoolen.

At the c  
will  
ment are  
and the duty of supplying them in future  
rather directed to this branch of the arrange-  
ment to be the supply now dispatched may be confined to the  
at the Settlements.

The Board be desired to be acquainted with the Owners of the Ships  
which may be hired for the purpose of conveying supplies to the Troops stationed at the  
Eastern Settlements, that the Rum, Oil, and other Stores be allowed between the Deck  
and not in the Hold.

The necessary and usual precautions are to be observed with regard to ventilation of

G. O. V. P.  
9. d Dec 1809

The Accounts of the Commissary General for the European Troops, shall be made up according to the instructions given by the Commissary General, and the Batts Rolls to the Commissary General, by which they will be forwarded through the Office of the Military Secretary General, for examination and audit.

Accounts for the European Troops, shall be made up according to the instructions given by the Commissary General, and the Batts Rolls to the Commissary General, by which they will be forwarded through the Office of the Military Secretary General, for examination and audit.

The Accounts of the Commissary General, shall be made up according to the instructions given by the Commissary General, and the Batts Rolls to the Commissary General, by which they will be forwarded through the Office of the Military Secretary General, for examination and audit.

The Military Auditor General shall report, every three months, the average monthly expense of victualling the European on full pay upon half batt, during the quarter.

Extra G. O.  
G. O. 13th June  
G. O. C. C.  
4th July 1809

The quilts annually furnished to the European Troops, including the European Non-commissioned Officers and Drummers of Native Corps, to be 7 feet 4 inches long, and 4 feet 4 inches broad; to consist of double chints and to contain 3 seers of cotton in chequers of 3 inches square; deliverable to Corps on or before the 1st of October, on Survey at the Stations where the quilts shall be made.

Regulations for the supply of quilts for the European Troops, &c.

New materials and the best cotton, with the full quantity and dimensions prescribed by the orders of Government, are to be used in preparing the quilts, which are to be surveyed occasionally during their preparation, and finally on the 30th September, in order that the whole may be issued annually on the 1st day of October.

Indents from Corps and Detachments to be sent to the respective Brigade Offices for the number of quilts required.

The Indents to be countersigned by order of Commanding Officers of Stations and Divisions, and to be delivered to the Officers (of the Commissariat) appointed to provide the quilts.

(Quilts are not allowed for the European ~~unmarried~~ soldiers; nor is compensation in lieu of quilts allowed to European Non-commissioned and Privates for whom they have not been applied for at the proper period. — Vide pages 175 and 169.)

# PROVISION OF HORSES, AND OF GRAM FOR THE HORSE ARTILLERY AND CAVALRY.

M. C 8th  
April 1793

The Agent (Commissariat) is not to purchase Horses until he shall be advised of the want of them by Commanding Officers of Regiments.

Horses to be purchased on the application of Commanding Officers of Regiments, and to be approved by Committees.

Resolved, that before any Horse shall be received into the Service, he shall be inspected and approved by a Committee of Officers.

The expense of feeding the Horses, and providing Sides and necessaries for the period between the purchase of the Horses and their admission into the Service, is to be charged in the bills (of the Commissariat.)

The Expense of feeding them previous to admission how to be charged.

G. O. V. P.  
10th Aug. 1809

The Vice President in Council is pleased to resolve that, until further orders, a sum not exceeding 400 Somat Rupees shall be allowed for every horse which may be pronounced by the Committees of admission eligible for the European Dragoons or Horse Artillery; and for every horse admitted into the Service for the Native Cavalry a sum not exceeding 400 Somat Rupees.

The cost of Horses purchased not to exceed the prescribed amount.

G. O. C. F.  
24th May 1810

Commanding Officers of Stations will comply with all applications from the Commissary General or his Assistants for Committees of Officers for admitting into the Service, under the existing rules, horses tendered on the part of the Commissariat.

Committees for the inspection of Horses to be assembled on the application of the Commissariat.

(For Regulations for the appointment of Committees of inspection for the admission of horses and rules for their observance, in regard to the age and description of the horses, also for the charge of remount horses by Officers appointed to receive them from the Commissariat, vide pages 270, 271, 272, and for the report of an Inspection Committee Form No. 3, Chapter VII.)

M. C. 8th Apr.  
1793

For every horse approved and received into the Service, a certificate, signed by the President of the Committee, specifying the day on which he was approved, the Corps for which he was received, the size, age, color, and distinctive mark of the horse, shall be

For every horse approved and received into the Service, a certificate, signed by the President of the Committee, specifying the day on which he was approved, the Corps for which he was received, the size, age, color, and distinctive mark of the horse, shall be

previous to admission, how to be prepared given to the (Commissariat) which certificate, together with the receipt of the Merchant or other Person from whom the horse was purchased, specifying the amount paid for the Horse, shall accompany the bills.

Officers receiving charge of remount Horses are to be furnished by the Committees of G. O. G. G. 15th Jan. 1811  
admission with extracts from their reports, fully describing each Horse, to enable them to grant a receipt in duplicate to the Commissariat for the number and description of Horses delivered to their custody.

One of these receipts will accompany the bills of the Commissariat for audit.

The Governor General in Council deems it essential that the bills of the (Commissariat) Proc. G. G. 15th Sept. 1800  
for Horses that may have died, previous to their admission into the Service, be accompanied by a certificate of the Horses being in health when purchased, and that their death was not occasioned by a want of proper care subsequent to their being purchased.

Gram for the Cavalry how to be served; and Rations established for each Horse.

The Gram (for the Cavalry) shall in all situations be delivered out, daily, upon Indents signed by the Officers commanding Troops, which Indents \* are to accompany the (Commissariat) accounts as vouchers for the quantity delivered during the month: (For the Form of the Indent *vide Form No. 5*.) Extract G. O. G. 16th Sept. 1800, G. O. G. G. 30th Oct. 1810

The ration of each Horse shall not exceed five seers per diem, Calcutta Sicca Weight; and the Officers commanding Troops will be held responsible that they do not indent for a greater quantity, than is consumed daily by the Public Horses of their respective Troops. If the Gram offered by the (Commissariat) be considered of bad quality, the Commanding Officer of the Station or Detachment, to whom the matter is to be immediately reported, shall order a Committee of three Officers to inspect it; and, if on their report the Gram shall be condemned, it shall not be served out to the Horses, and the report of the Committee, together with what (the Commissariat) may have to advance on the subject, shall be laid before Government, and the loss either fall on the (Commissariat) or the Public, as the nature of the case may require.

Accounts of the supply of Gram how to be prepared, vouched and adjusted.

A certificate of the price of the different sorts of Gram in the Bazar, reduced to the Calcutta Standard of 80 Sicca Weight, and which is to be expressed in full length, not inserted in figures only, shall accompany the accounts of the (Commissariat) and where there is no Commissary of Bazaars the certificate shall be signed by the Commanding Officer of the Station or Detachment.

It is however to be expected that the Gram supplied by the (Commissariat) will be generally at a much lower rate than the Bazar Price, because it is to be their business to purchase in large quantities, and to procure it from countries where it is produced in the greatest abundance.

The prime cost of the Gram to be stated in a separate account (*vide Form No. 5*) transmitted at the end of every month, in which purchases shall have been made, to the Paymaster General, accompanied by the proper vouchers; but this account being only intended as a check upon the accounts of expenditure, to be furnished monthly by the (Commissariat,) the Military Paymaster General is not to write off, to the credit of the Commissary General, any of the articles stated in the Debtor side of this account, but only such as shall be admitted in the accounts of Contingencies and Expenditure.

The whole of the expences of wages of Servants and places for lodging the Gram in, for the hire of boats and all contingencies, also whatever loss may be sustained by the Gram being destroyed by insects in transportation, by re-measurement, or otherwise, to be charged in a separate account, to be transmitted to the Military Paymaster General. — (*For the Form of Account *vide Form No. 7.**)

The accounts of expenditure to be made up according to the annexed Form (No. 8,) and transmitted monthly, with the vouchers, (Monthly Gram Indents) to the Paymaster General, by whom they will be sent to the Military Auditor General's Office for audit.

These accounts, after audit, to be returned to the Paymaster General, with directions to carry the amount allowed on show to the credit of the (Commissary General.) The Military Auditor General shall compute and report to Government every three months on the saving which may have arisen by making purchases of Gram at the proper seasons and at places where it could be procured cheap, instead of purchasing it monthly in the Bazaars, at the several Stations of the Army.

**REGULATIONS FOR THE INSPECTION REPORTS, RETURNS, SURVEYS, PROVISION,  
FEEDING, &c. OF THE PUBLIC DRAUGHT AND CARRIAGE CATTLE.**

G. O. C. F.  
6th May 1791

Resolved, that if at any time it should happen that the movements or operations of any body of Troops should be impeded by the unfitness or ill condition of the Cattle, or by the prescribed establishments of Cattle and Drivers not being constantly kept complete at their proper Stations, the respective Commanding Officers of Stations or Detachments shall be held personally responsible for the consequences; unless every circumstance of deficiency or unfitness shall have been duly reported to the Commander in Chief; and in order to impress more strongly a due sense of the importance of this duty,—Resolved, that Commanding Officers be required to certify monthly to the Commander in Chief by letter to the Adjutant General, that the Establishments of Cattle and Drivers for their respective Stations or Divisions of the Army, mentioned in their Muster Returns, are in point of number, strength and condition, as well as in every other respect, fit and equipped for immediate service; or, if there should happen to be deficiencies in the number of Attendants or Cattle, or defects in the quality of the Cattle or Furniture, these shall be particularly stated.

*Regulations for the monthly Inspection and Report of all Draught and Carriage Cattle and their attendants, &c. by Commanding Officers of Stations, &c.*

Resolved, that it shall be the duty of the Commanding Officers of Stations or Detachments to insert, in these letters, Abstracts of the Cattle mustered monthly.

Ordered, that these letters, after having been regularly laid before the Commander in Chief monthly, shall be carefully preserved in the Adjutant General's Office for the purpose of fixing the responsibility on the Officers who make the reports.

Resolved, that it shall be the duty of the Adjutant General to report to the Commander in Chief if any Officer, whose duty it shall be to make the reports above prescribed, shall neglect to do so.

G. O. C. C.  
27th Feb. 1809

The state of the Public Cattle attached to the Army under this Presidency having lately engaged the Commander in Chief's particular notice and attention, his Excellency is concerned to find that the standing orders of the Service respecting the monthly letter and Abstract directed to be forwarded to the Adjutant General's Office, reporting the state and condition of the Cattle, their Attendants and Appointments, for the information of the Commander in Chief, have, of late, been so generally neglected that the only regular and proper report which has been received at the Adjutant General's Office, for the month of January last, is that transmitted by the General Officer Commanding the Chunar Station.

The Commander in Chief expects the Standing Orders on this head will be strictly observed in future, not only by transmitting the Letter and Abstract prescribed, but also by a minute and strict examination of all the Public Cattle, their attendants and appointments, once a month, or oftener, if necessary, by all Commanding Officers of Stations, Posts, Divisions, Detachments, or detached Corps, wherever Public Cattle may be employed.

The following is the Form of the Report and Abstract of the Public Cattle required to be forwarded on the first of every month to the Adjutant General's Office, viz.

A letter on foolscap paper, or paper of that size, to the Adjutant General's address, stating, according to the tenor and spirit of the foregoing standing orders, the condition of the several descriptions of Cattle, their Attendants and Appurtenances, also under what arrangements of Superintendence and Inspection the feeding and attendance upon the Cattle are provided for; and at the bottom of the letter a figured Abstract, agreeable to the following Form, is to be annexed. (*Vide Form No. 9.*)

G. O. C. C.  
18 July 1809

After inserting the Cattle present at the Station, Post, &c. under the heads "Present at Muster fit for duty" and "Sick Present," all which are on command or otherwise absent from Stations, Posts, Corps, &c. are to be entered under the requisite number of separate Heads, describing the place to which detached, or duty on which employed, and since what date, with the total number appertaining to the Station, Post, &c. for each month; with a memorandum accounting for the difference, whatever it may be, since the last Return.

The number wanting to complete, in all situations for which the proportions may be fixed, is to be inserted.

The Returns from all Out-posts, Detachments, &c. are to specify the principal Stations on which the Cattle are considered to be dependant, or on the General Returns of which they are borne.

Resolved, that it be made a standing order that Monthly Reports of the condition of the Cattle Sheds be made to the Commander in Chief, and to the Military Auditor General, at the foot of the Monthly Review Rolls of the Cattle. M. C. 27th April 1798

All Draught and Carriage Cattle to be mustered monthly. Muster Rolls how to be prepared.

The Draught and Carriage Cattle of the Army are to be reviewed and mustered monthly, and the different Returns to be signed by the Officer Commanding the Artillery at the Station and the Brigade Major, or where there is no Brigade Major by the Adjutant or other Public Officer, and countersigned by the Officer Commanding the Station, or in his absence by the senior Officer present at muster.—(Cattle attached to the Powder Works are mustered by the Officers Commanding at Barrackpore and Allahabad.) M. C. 22d August 1796

The Governor General in Council hereby calls the attention of Officers Commanding Stations, Posts and Detachments of the Army, to the Section of Musters published in Minutes of Council dated the 22d August, 1796, and directs that the Monthly Muster Rolls of Elephants, Camels, Draught and Carriage Bullocks shall be transmitted, with the other Muster Returns of the Troops, by the Mustering Officer direct to the Military Auditor General. G. O. G. G. 22d Aug 1806

The Governor General in Council is pleased to direct that the following form of a Return of Elephants, Camels and Bullocks be substituted for the Return now in use. (*Vide Form No. 19.*) G. O. G. G. 30th Oct. 1810

Officers Commanding Divisions, Stations, Posts and Detachments, and all other Officers to whom the duty of mustering Public Cattle may be delegated, are directed to be very particular in making a minute inspection and report (to Head-Quarters) with respect to the condition and efficiency of the Cattle for Service, as well as of their numbers at every monthly muster; and the number, description and condition of all Public Cattle with Corps and Parties detached, is to be stated on the back of the Monthly Returns, noting what are appropriated, for Camp Equipage, and what for Ammunition. G. O. C. C. 26th May 1836

Disposition Return of all Public Cattle to be furnished by the Commissary General monthly.

The Commissary General will transmit to the Adjutant General's Office, Monthly Abstract Disposition Returns of the Public Elephants, Camels, Draught, and Carriage Bullocks on the Establishment of this Presidency, as soon after the 1st of every month as they can be conveniently prepared. G. O. C. F. 11th July 1812

Public Elephants, Camels, &c. where to be kept for the facility of grazing.

Officers Commanding Stations, Posts and Corps will be pleased to allow all the Public Elephants and Camels appertaining to their respective Commands, to be kept at a convenient distance for the benefit of forage and grazing, with suitable guards for their protection, retaining for any sudden demands the proportion of six camels with each Regiment of Native Cavalry and each Battalion of Native Infantry; four Elephants with each European Corps; and one Elephant with each Regiment of Native Cavalry or Battalion of Native Infantry, to which Elephants may be attached. G. O. G. G. 10th Mar. 1827 and G. O. C. C. 27th Apr. 1809

Such Cattle are to be relieved every two months.

Cattle stationed in the Doonib (from Agra and Muttra) are to be brought to the Banks of the Jumna for the monthly muster or inspection, or Staff Officers are to be deputed to muster them at their foraging ground, as may be found advisable, with reference to the distance and the seasons of the year.

Public Cattle on no account to be employed for private purposes, and under whole direction, to be loaded, &c.

The Commander in Chief calls the attention of Officers Commanding Divisions, Stations, Detachments and Corps to the responsibility which attaches to their situation, and to the duty they owe to Government in strictly enforcing the Orders and Regulations, which forbid any of the Public Cattle whatsoever being, under any circumstances, employed by or used for the business of Individuals. G. O. C. C. 20th June 1836

When Elephants, &c. are employed in carrying the Field Equipage, the Contractor or his Agents (commissariat) shall have the sole direction in loading the Elephants, Bullocks, &c. The Quartermaster and his People shall give every possible assistance. M. C. 5th Aug. 1779

G. O. C. C. 3d  
March 1808.

The following directions are to be observed as standing orders on the subject of Draft and Carriage Cattle.

*First.*—Officers in command of Troops are held responsible for the condition of the Public Cattle appointed to proceed with them on a march, inasmuch as it is their duty to ascertain that the Cattle receive their full feed of Gram and Fodder, are carefully cleaned, carried regularly to water, have their gear, particularly their pads, in proper trim and well put on; that they are never suffered to take up private Baggage, to be overloaded on the public account, or subjected to the fatigue of forced marches, without special Reports of the necessity of the case being made to Head-quarters.

*Second.*—Any thing to the contrary, with respect to taking up private Baggage, or overloading the Cattle on any account, shall be duly noticed to Commanding Officers by the Agents of the (Commissariat,) and reported to the Head of their Department, for such communication to Head-quarters as the nature of the circumstances shall appear to deserve.

*Third.*—All Cattle belonging to the several Establishments, having good teeth to masticate their food, are to be considered serviceable in point of age.

*Fourth.*—All Cattle being out of condition after the fatigue of marching, or having suffered by the extremes of heat and cold, which are known to have the same effect in either case, are never to be rejected on that account; but in the event of any indifference on the part of the Agents, or other people entrusted with the management, to use extraordinary endeavours for the speedy and complete recovery of Cattle out of condition, from whatever cause, the negligence is regularly to be reported to Head-quarters by Commanding Officers of Stations and Detachments, for the information of the Commander in Chief.

*Fifth.*—No Cattle are to be rejected at any Out posts of the Army.

*Sixth.*—Cattle deemed unserviceable at Out-posts are to be sent to the nearest Dépôt or principal Station for Survey, at the stated annual period; when such as shall be finally condemned will be disposed of as directed by the Regulations of the Service, and Vacancies to be filled replaced from the Dépôt or principal Station.

*Seventh.*—Cattle sent in from Out-posts as unserviceable, but pronounced otherwise on Survey, are invariably to be returned to the Detachments or Posts from whence received.

*Eighth.*—The Annual Surveys of the Cattle to take place on or as soon after the 1st of April, in each year, as the Cattle can be assembled. (The Annual Valuation and Survey Reports of Cattle to be prepared in duplicate, one for the Military Paymaster General and one for the Commissariat.)

*Ninth.*—Commanding Officers of Out-posts or Detachments are directed to report by Duk, to the nearest Dépôt or principal Station, the number and descriptions of Cattle they have deemed necessary to forward for the purpose of being presented to the Annual Survey, and to report in like manner when they have none to send.

(For Regulations for the preparation of Survey Reports of Cattle, &c. and for the duty of the Officers composing the Committees, *vide* pages 462 and 443.)

Regulations for the Surveys of Cattle, and circumstances under which they are to be rejected at Stations and Out-posts.

#### BULLOCKS.

G. V. P. 2d  
Dec. 1809

Whenever Bullocks are purchased for the Public Service, they shall be surveyed by a Committee of Officers, whose report on the Bullocks shall accompany the bill as a voucher for the purchase. The report is to specify the age of the Bullocks, which shall not be less than five years, nor exceed eight years. Draft Bullocks are not to be admitted into the Service of a height less than fifty inches, and Carriage Bullocks not less than forty eight inches. Each Carriage Bullock, when admitted for the Service, must be certified by the Committee to be, in their judgment, able to carry a load equal to two hundred and ten pounds Avoirdupois weight, exclusive of his gear; and Draft Bullocks shall be strong enough to draw Pieces of Ordnance of the following proportions:—

Specification of the standard age, height, &c. of Bullocks for the Public Service; and Regulations for their admission and for the preparation of the Survey Reports.

#### DRAFT OF BULLOCKS FOR PIECES OF ORDNANCE.

| <i>Drafts Pieces.</i> |      | <i>Bullocks.</i> |
|-----------------------|------|------------------|
| 24 Pounder,           | ---- | 18               |
| 18 Ditto,             | ---- | 14               |

| <i>Brass Pieces.</i>             |      |      |      | <i>Bullocks.</i> |
|----------------------------------|------|------|------|------------------|
| 12 Pounder,                      | ---- | ---- | ---- | 10               |
| 6 Ditto,                         | ---- | ---- | ---- | 6                |
| 8 Inch Howitzer,                 | ---- | ---- | ---- | 10               |
| 5½ Inch ditto,                   | ---- | ---- | ---- | 8                |
| 4 2-5th Inch ditto,              | ---- | ---- | ---- | 6                |
| Artificer's Cart,                | ---- | ---- | ---- | 10               |
| Tumbrill,                        | ---- | ---- | ---- | 6                |
| Stout Platform Cart for Mortars, | ---- | ---- | ---- | 6                |
| Store Cart,                      | ---- | ---- | ---- | 4                |
| Transport Carriage, medium,      | ---- | ---- | ---- | 16               |
| <i>Iron Pieces.</i>              |      |      |      |                  |
| 24 Pounder,                      | ---- | ---- | ---- | 26               |
| 18 ditto,                        | ---- | ---- | ---- | 22               |
| 12 ditto,                        | ---- | ---- | ---- | 18               |
| <i>Spare Carriages.</i>          |      |      |      |                  |
| 24 Pounder Brass,                | ---- | ---- | ---- | 18               |
| Ditto Iron,                      | ---- | ---- | ---- | 16               |
| 18 Ditto Brass,                  | ---- | ---- | ---- | 16               |
| Ditto Iron,                      | ---- | ---- | ---- | 14               |
| 12 Ditto Brass,                  | ---- | ---- | ---- | 8                |
| Ditto Iron,                      | ---- | ---- | ---- | 12               |
| 6 Ditto Brass,                   | ---- | ---- | ---- | 6                |
| 8 Inch Howitzer ditto,           | ---- | ---- | ---- | 8                |
| 5½ Ditto ditto,                  | ---- | ---- | ---- | 6                |
| 4 2-5th Ditto ditto,             | ---- | ---- | ---- |                  |

1 to every 6 Bullocks, as spare, to be allowed to the above number.

Committees for the inspection of Bullocks how to be composed.

The Committees for inspecting Bullocks, whether for reception, or being cast, shall be composed of Officers of whatever Corps at the Station, who are supposed to possess the greatest skill and judgment in Bullocks, and not by any roster of duty.

The Survey Reports of all Bullocks that may be henceforward admitted for the Public Service, are, in addition to the usual heads of information in those Reports, to contain a description of the Cast or Country in which the Bullocks may have been bred, according to the best information that can be obtained, as well as a general description of the figure, and apparent degree of bone, strength and fitness of the animals. G. O. C. C. 13th Nov. 1809,

Each Bullock, when admitted into the Service, shall be marked, in the presence of the Committee, on the haunch with the two final figures of the year; the Draft Bullocks shall be also marked with the letter D. and the Carriage Bullocks with the letter C. G. O. V. P. 22d Dec 1809 and 6th Feb. 1810

Proportion of Gram and Fodder allowed to the Cattle; and how to be served out and charged in the accounts.

The proportion of Gram and Fodder to the Bullocks to be regulated at the discretion of the Commissary General; but in no case to exceed three seers of Gram and seven seers of dry Fodder, and to be issued in the presence of a Sirdar of Gun Drivers, under the Superintendence of the Artillery Officer of the day, who will at every principal Station be appointed for that purpose.

A certificate signed by the Magistrate of the District, stating the current price of Gram, at 80 Sicca Weight in the Buzar, also the price of Boofah, shall accompany the accounts. It is however to be expected, that the Gram and Boofah supplied by the Commissariat shall be generally at a much lower rate than the Buzar Prices, because it is to be the business of the Department to purchase both articles in large quantities, and procure them from Countries, where they are produced in the greatest abundance.

Sheds for the Bullocks how to be prepared.

The sheds for accommodation of the Bullocks shall be built in all practicable cases within the limits of the Cantonment to which they are attached, and at a convenient distance from the Artillery Barracks; but when this is not practicable, they shall be built in such situation in the immediate vicinity of the Cantonment or Post as the Commissary General shall deem proper. The dimensions of the sheds are to be so regulated as to allow for each

Bullock ten feet by four, and the sheds are to be constructed and repaired by the Commissariat upon the usual survey and estimates, which are to be submitted to the Military Board.

The Bullocks, whether Draft or Carriage, at each Station, shall be mustered monthly on the 1st of each month by the Commanding Officer of the Station, by whom a muster Roll specifying their number, the state of their gear, their condition, and also any Casualties that may have occurred, shall be transmitted to the Office of the Military Auditor General. (*Vide Form No. 10.*)

The Pads, Pickets, and Ropes of the Bullocks shall be furnished, when required, according to patterns which will be furnished by the Commissary General, and each Bullock shall be furnished by the Commissariat with a jhool or covering, as already authorized, at and above Dinapore, whenever the inclemency of the weather may render it necessary.

Bullocks to be mustered monthly.

Their Gear, jhools, &c how to be furnished.

G. O. V. P. 10th Oct. 1809. The Jhools are to be inspected monthly upon the Cattle at Muster.

G. O. V. P. 12d Dec. 1809. One Driver from the Corps of Ordnance Drivers will be appointed to every two Bullocks, and one Sirdar to every twenty-one Drivers, or to forty-two Bullocks, and the Drivers as well as the Bullocks will be placed under the command and direction of the Senior Officer of Artillery at the Station; as provided for in the Regulations for the Corps of Ordnance Drivers. — (*Vide page 194.*)

Directions for the charge and Superintendence of the Bullocks.

G. O. C. C. 23d July 1806. For Musquet Ammunition with Corps to be carried on Bullocks, the following proportion is allowed for a Battalion of Native Infantry; which is calculated for a supply of a hundred Rounds and ten Flints per man. (40 in Pouch—60 on Cattle.)

Proportion of Carriage Bullocks allowed for the Ammunition of a Battalion of Native Infantry.

|                                                         |      |      |           |
|---------------------------------------------------------|------|------|-----------|
| Bullocks Carriage for Ammunition for 60 Rounds per man, | ---- | ---- | 32        |
| Ditto Spare, including Carriage for Flints,             | ---- | ---- | 6         |
| <b>TOTAL</b>                                            | ---- | ---- | <b>38</b> |

#### DISTRIBUTION OF BULLOCKS.

*For the Battering and Field Trains, and for the Ordnance, Ammunition, &c. attached to Corps.*

|                             |                                                                                                                                                                   | Draft        | Carriage.  | Allotment of the Bullocks to the several Corps |

The whole of the above Cattle, both Draft and Carriage, to be supplied with Drivers by the Commissariat, at such rate of hire as may be deemed expedient by the Commissary General under the sanction of Government.

What duties are to be performed by the Drivers attached to Cattle at the Powder Works

Ordered, that the Deputy Commissary General be informed that the Military Board perceive no sufficient grounds upon which the Drivers of Cattle, employed at the Powder Works, ought to be exempted from the customary duties of cleaning and feeding them; and that the Board accordingly request he will carry this simplification of their attendance on the Cattle into execution.

Reg. M. P. 20th  
March 1810.

The Drivers are not to be viewed as a part of the labourers employed in the Manufacture, but to be considered as attached to and charged with the care of the Bullocks, and must be paid under the Commissariat; but enjoined to obey all orders from the Agent whilst in the Mills.

Directions of the Officer Commanding the Artillery in the Field for the disposition of Ordnance Cattle to be completed with.

To enable the Commanding Officer of Artillery in the Field to carry into effect occasional arrangements in the disposal of Ordnance Cattle under his Superintendence, Commanding Officers of Stations and Out-posts will sanction such directions and changes relative to that Department, as Lieutenant Colonel Hardwicke may find it necessary to intimate to Officers in charge of Ordnance Cattle, for the purpose of keeping them complete.

G. O. C. P.  
7th April 1810

Cattle to be supplied from the Commissariat for the Carts of European Corps.

The requisite Cattle for Quarter-master's Carts of European Corps are to be supplied, when wanted, under the Commissariat.

G. O. V. P.  
3rd April 1810

Bullocks becoming unfit for Service how to be disposed of

When Bullocks become unfit for service, either from age or accident or incurable distempers, they will of course be cast upon regular survey according to the custom of the Service, the report of the Committee of Survey being transmitted to the Office of the Military Auditor General in the usual manner. If the Bullocks so cast are of any value, they shall be sold, the Commissary General giving credit for the amount sales in his monthly account current; if of no value, they shall be shot, and their places are to be supplied by the Commissary General with fresh Bullocks as soon as he can procure them.

G. O. V. P.  
2nd Decr. 1809

Accounts of the expenses of the Bullocks how to be prepared and adjusted.

The subordinate Officers shall transmit, as soon after the expiration of each month as possible, to the Commissary General, a detailed account of the expenses of the Bullocks for the preceding month, accompanied by the prescribed vouchers of the current prices of Gram and Boofah at the several stations where the Bullocks may be employed, and detailing such increase in the number of Bullocks as may have happened in the course of that month, according to the annexed *Form No. 11*.

The Accounts will be sent by the Commissary General to the Military Auditor General, where the number of Bullocks and their condition for service will of course be checked by the returns of the Bullocks received from the different Army Stations. These Accounts, after audit, will be returned to the Military Paymaster General, with directions to credit the Commissary General for the amount admitted on them.

The Military Auditor General shall compute and report to Government, every three months, the average monthly expence of maintaining each Bullock in the Upper and Lower Provinces respectively.

M. C. 16th July 1793 Resolved, that as so many Serjeants as are now employed in the capacity of Bullock Serjeants cannot be spared from the European Corps of the Army, the situation of Bullock Serjeant be not considered as permanent, but that the Commanding Officers of Artillery and the Commanding Officers of Stations and Detachments do occasionally, and as often as they shall think fit, employ one or more of the Non-commissioned Officers under their command to see that the proper quantity of food be served out to the Cattle.

Regulations for the appointment of Bullock Serjeants; for their allowances, &c. and how to be drawn.

M. C. 6th March 1797 Resolved, that a Bullock Serjeant at 14 Rupees per month be allowed to each of the Stations of Fort William, Berhampoor, Danapoor, Chunar, Cawnpoor and Futti-ghur.

P. G. G. 16th March 1807 The Governor General in Council sanctions the construction of a Bungalow on the Esplanade for the Bullock Serjeant attached to the Presidency.

G. O. 7th June 1794 The Staffallowance (of the Bullock Serjeants) to be drawn, at those Stations where there are Artillery, by the Commanding Officers of Artillery, and at other Stations by the Brigade Majors or other Public Officers, in separate bills, countersigned by the Commanding Officer of the Station.

The above resolution is determined that Camels shall be substituted for Carriage Bullocks for the use of the Army in the Upper Provinces.

Camels to be substituted for Bullocks for the use of the Army in the Upper Provinces; and under what inspection to be admitted into the Service.

Whenever Camels are purchased for the Public Service, they shall be surveyed by a Committee of Officers, whose report on the Camels shall accompany the bills of the (Commisariat) as a voucher for the purchase; the Report shall specify the age of the Camel, which is not to be less than 5 nor more than 9\* years; and the conviction of the Committee that each Camel is able to carry a load of at least six maunds.

G. O. C. C. 28th Sept. 1805 Each Corps is to furnish a guard for the protection of the Camels attached to it, and a convenient place in the lines of the Corps is to be allotted to them.

Regulations for the charge, superintendence, &c. of Camels attached to Corps.

A careful Non-commissioned Officer is to be appointed to see that the Camels are properly fed and get their full allowance, and that the Forage and Grain they may get is not sold or made away with by the serwans.

G. O. C. C. 20th March 1805 In places where green forage is procureable, part of the Guard is to be sent with the Camels that go for it, and the Sepoys are to be particularly enjoined to prevent the serwans committing any acts of oppression or impropriety towards the Inhabitants of the Country, and also to guard against their being obstructed in cutting the usual Forage.

G. O. C. C. 28th Sept. 1805 Officers commanding Corps are particularly enjoined to prevent the Public Servants employed with the Camels being ill treated, by any person whatsoever.

The Adjutant and Quarter-master, or Person acting as such, is to receive the Report of the Non-commissioned Officer (superintending the feeding of the Camels) and immediately to inform the (Commisariat Officer) of any fraud or neglect being discovered on the part of the serwans.

The Gram allowed to each Camel, when marching, is 3 seers per day.

The Non-commissioned Officer is to see the saddles daily taken off, and examine whether the backs of the Camels are galled.

The Adjutant and Quarter-master will, as soon as any Camel is reported to be galled, however slightly, cause it and the serwan attending it to be sent to the (Commisariat Officer) when it will be exchanged, should the Stock of Camels admit of it.

G. O. C. C. 5th Dec. 1809 The direction, contained in General Orders of the 28th September, 1805, which provides for all Camels, however slightly galled or otherwise temporarily ailing, being sent to the

(Commissariat Officer) must be understood to be applicable to the circumstances of war, when the (Commissariat Officer) may be, with a large portion of the Establishment of Camels, with an Army in the Field.

In all other situations, whenever Camels attached to Corps may be in an inefficient state, the Person on the part of the (Commissariat) is to be required to use means for their recovery, and in every case of serious or protracted sickness, Reports are to be made to the (Commissariat) who will take measures for having such Camels exchanged.

Commanding Officers of Stations and Out-posts to which Establishments of Camels are G. O. C. G. attached are directed to order them out to graze annually, after the 1st of October, de- 15th Oct. 1808 taining only such a portion of them in Cantonments as is absolutely necessary for the Cantonment duty. (*Vide page 566.*)

A small Guard is always to accompany the Camels, and they may be permitted to graze within four day's march of each Cantonment, at the discretion of the Officers Commanding.

Proportion of  
Camp Equipage  
and Ammu-  
nition on which  
is to constitute  
a full for a  
Can.

The following is the proportion of Camels for the Carriage of Camp Equipage.

G. O. C. G.  
23d July 1806

#### FOR A BATTALION OF NATIVE INFANTRY.

|                                           |       |              |    |
|-------------------------------------------|-------|--------------|----|
| Two Sergeant's Tents, -----               | ----- | Camels ----- | 2  |
| For the Artillery Detail, -----           | ----- | -----        | 2  |
| 48 Sepoy Paals, at 3 to each Camel, ----- | ----- | -----        | 16 |
|                                           |       | Spare, ----- | 2  |
|                                           |       | Total, ----- | 22 |

Camels, when required for Regiments of Cavalry, are to be supplied in the proportion above prescribed, viz. one Private Tent or three Sepoy Paals to one Camel.

#### OF AMMUNITION A CAMEL IS TO CARRY.

|             |                                   |       |        |
|-------------|-----------------------------------|-------|--------|
| Musquet, -- | { Balled Cartridge, Rounds, ----- | ----- | 4000   |
|             | { Flints, -----                   | ----- | 11,400 |
| Carbine, -- | { Balled Cartridge, Rounds, ----- | ----- | 5000   |
|             | { Flints, -----                   | ----- | 18,800 |
| Pistol, --  | { Balled Cartridge, Rounds, ----- | ----- | 6000   |
|             | { Flints, -----                   | ----- | 26,500 |

(The proportion of Flints for the Cartridges which constitute the load of each Camel are now carried in the same box with the Cartridges. *Vide page 415.*)

Augmentation  
of the Estab-  
lishment of  
Camels for  
purposes spe-  
cific.

The Vice President in Council sanctions the purchase of 121 Camels for the conveyance of liquor in addition to the present Establishment.

Proc. V. P. 5th  
and 10th Sept.  
1809

The Vice President in Council is pleased to authorize 20 Camels being added to the existing Establishment of those animals, to be employed in conveying Expresses, Dispatches, Intelligence, &c. and to determine that a brace of pistols, with a Carbine and a Pouch and Ammunition, shall be supplied to each Shooter Suwar attached to the additional Camels above authorized.

Government having been pleased to authorize an addition of 306 Camels to the present Establishment of Public Camels. (viz. 198 for the conveyance of Troop Stores of Regi- G. O. C. G. 11th Jan. 1810  
ments of Cavalry, and 108 to complete the carriage of 3 day's Gram for the Cavalry to 483 Camels,) when the augmentation now ordered shall be completed, three Camels per Troop are to be always supplied for the conveyance of Troop Stores, whenever Cavalry may be ordered to march.

The Vice President in Council is pleased to determine that 82 Camels be immediately G. O. V. P. 10th Feb. 1810  
added to the present Establishment of Army Cattle to provide for the Public Service of the Commander in Chief, General Staff, and the augmented Corps of Horse Artillery, — viz.

Required for the revised Proportion of Camp Equipage for the Commander in Chief and General Staff, for which no Camels are allowed in the existing proportion, -- 80

|                                                                                                                                                            |    |
|------------------------------------------------------------------------------------------------------------------------------------------------------------|----|
| For the Carriage of six Paals, two per Troop, for the Gun Lascars of the Horse }<br>Artillery,        ----        ----        ----        ----        ---- |    |
| Total,                                                                                                                                                     | 82 |

G. O. V. P. 13th March 1860 Sixty-seven Camels being necessary for the carriage of the Pawlins, for the preservation of Saddlery and Horse Artillery Harness, that number is accordingly added to the present Establishment of Army Cattle, and directed to be supplied as soon as possible under the Commissariat.

G. O. C. C. 10th May 1861 The Regiment of His Majesty's Infantry at Ghazepoor will be supplied with Camels for the carriage of its Ammunition, the same as the other Corps serving in the Benarus District; but the proportion of Camels allotted for the use of that Corps is to be kept at Cawnpoor instead of Ghazepoor, and in a perfect state of readiness for movement.

No delay or other inconvenience to the Service need arise from this arrangement, as the commanding Officer at Benarus will always possess means in the Public Cattle allotted to other Corps at that Station of providing temporarily for the carriage of the Ammunition belonging to his Majesty's 67th Regiment, until it can be met by the Cattle properly allotted for that purpose.

Proc. V. P. 18th Sept. 1869 The Vice President in Council approves and sanctions the Orders issued by his Excellency the Commander in Chief directing the Establishment of Camels to be kept complete. The Establishment to be kept complete.

#### DISTRIBUTION OF CAMELS.

|                                                                                                                                                                                      |  | Total. | Grand Total. | Distribution of the Camels allotted to the use of the several Corps and Departments of the Army. |

The Public Camels not employed with Corps and Detachments are to be kept at Cawn- G. O. C. C.  
 poor, Agra and Muttra, or in the vicinity of those places, adverting to the object of the 23d July 1806  
 Camels being employed during Peace for the supply of Gram for the Cavalry; with the  
 view to which the number of Camels at Meerut and Saharunpoor may be also altered, if  
 necessary.

Regulations for When Camels become unfit for Service, either from accident, or incurable dis- G. O. C. C.  
 the survey and tempers, they will of course be cast upon regular survey, according to the custom of the 16th Sept. 1802  
 disposal of Ca- Service; the Report of the Committee of Survey being transmitted to the Office of the  
 mels becoming Military Auditor General in the usual manner.  
 unfit for fur- ther Service.

If the Camels so cast are of any value they shall be sold, the (Commissary General) giving credit for the Sales in his Monthly Accounts; if of no value they shall be shot.

Whenever Camels may be deemed unfit for the Service they are to be surveyed. One G. O. C. C.  
 copy of the Survey Report to be sent without delay to the (Commissary General or his 13th Oct. 1806  
 Deputy,) who will immediately order an equal number of Camels to supply the place of  
 those deemed objectionable, which are to be sent to the Depôt or rendezvous of Camels  
 nearest to the Post or Station where Camels may be in an inefficient state.

But no Survey Report of Camels in detached situations is to be considered conclusive, with respect to the act of shooting or killing such Camels, except in cases of broken limbs or other causes rendering them actually incapable of travelling.

A copy of the Survey Report will of course be also forwarded to the Officer Commanding in the Field, who will require the Commissariat Officer to exchange the exceptionable Camels without delay, as often as the case occurs.

Whenever Committees of Officers may be ordered to report upon Camels, deemed no G. O. C. C.  
 longer fit to be retained in the Service, as well as on all occasions of the Annual Com- 5th Dec. 1809  
 mittees (the Commissary General, his Deputy or Agent) shall always attend such Com-  
 mittees, and in the event of any difference of opinion between the Committee and the

(Commissariat) with regard to the unsuitness of Camels for the Public Service, a reference is to be made to the Commanding Officer on the spot, who will either order another Committee, or decide himself upon the question at issue, whose decision in either case is to be final.

(Duplicates of Survey or Valuation Reports of Camels are to be sent to the Commissariat.)

G. O. G. G. The (Commissary General) shall transmit (as soon as possible after the expiration of Accounts of the  
16th Sept. 1872 each Month) to the Military Paymaster General, a detailed account of the expenses of the Camels for the preceding Month, accompanied by Vouchers of the Price of Grain at the several Stations where the Camels shall have been employed, and detailing such increase or decrease in the number as may have happened in the course of that Month, according to the Form No. 12.

The number of Camels, and their condition for Service, will of course be checked in the Military Auditor General's Office by the Monthly Returns of Camels, received from the several Army Stations.

These Accounts, after Audit, shall be returned to the Military Paymaster General, with directions to carry the amount allowed on them to the credit of the (Commissary General.)

G. O. C. C. Captain Bradford will be pleased to supply (Rewari) Camels immediately to the Corps Drivers for  
28th Sept. 1875 hereafter mentioned, for the carriage of the men's baggage. the protection and charge of Rewari (or Rewari) Camels.

The hire of these Camels to be paid for by the men at the rate of — Rupees for each Camel per month.

The Quarter-masters of Corps, respectively, are to have charge of those Camels, and will collect the amount of their hire as often as may be practicable and pay it to the owners of them.

The Quarter-masters in charge will also, under the authority of Commanding Officers, prevent the Camels being overloaded, nor allow the Owners or Drivers to be ill-treated in any manner whatsoever.

G. O. C. C. All Rewari Camels required for public or private employment, connected with the Troops and Departments now assembling on this Frontier, are to be entertained by the Agent for Camels, by whom the rates of hire and conditions of service are to be settled, and communicated by him to the parties concerned. All applications on this head are to be made to the Agent accordingly.

The Commander in Chief embraces the occasion of calling the attention of the Officers and Troops to the indispensable necessity of adopting the most conciliatory conduct to the Owners of hired Camels; and his Excellency strictly forbids any persons of that description being punished by any individual whatsoever.

In the event of any serious misbehaviour on their parts, the circumstances are to be stated to Commanding Officers of Corps, or, if necessary, to the Officer Commanding in Camp, who will order such redress as the occasion may appear to require, referring all points respecting Rewari Camels to the Agent for Camels, whenever he may be present.

Although these people engage for the service of Individuals, yet it must be obvious that they look for Public protection; without which desertion and disgust on their part, with distress and injury to the Public Service, must be necessarily expected to result.

The Commander in Chief therefore enjoins it as a particular duty of Commanding Officers of Corps, and those in charge of Departments, to cause the strictest observance of these orders, by such attention and arrangements on their parts as shall insure every good effect, which they are intended to produce.

G. O. C. C. Deputy Paymaster Lieutenant Arnold is directed to pay to the Agent for Camels the Compensation  
20th May 1879 amount of the remuneration authorized by Government on the 13th instant, at the rate of 50 Rupees per Camel, to the owners of Rewari Camels which were taken away by Robbers, or others, whilst in the employ of Government with the Troops in Sirhind. the owners of hired Camels lost when in the employ of Government.

## ELEPHANTS.

Regulations for the admission of Elephants into the Service, and for the disposal of those received from the Keddah Establishment.

Whenever Elephants are procured for the public service, they shall be surveyed by a Committee of Officers, to be formed for that purpose at the nearest Military Station, and the report of the Committee shall accompany the bill of the Commissary General, as a voucher for the expence. The report of the Committee is to specify the age of each Elephant, which shall not be less than twelve years, his stature not less than seven feet; and also the conviction of the Committee that each Elephant is able to carry a load of at least twenty maunds, exclusive of his gear. G. O. V. P. 22d Dec. 1809

On no account shall Elephants be tendered for the Service which have not been caught at Chittagong, or in the country to the southward of that province, or, if specially authorized by Government, in Sylhet or Tipperah.

The Governor General in Council sanctions the transfer of the whole of the Elephant Property, forming the Keddah Establishment of the late Contractor to the Commissariat. Proc. G. G. 8th Sept. 1810

The Commissary General having reported the successful termination of the Keddah business for the present season, a Committee, composed as hereafter specified, is appointed to meet at Chittagong to inspect and report upon the Elephants, according as they shall be reported by the Commissariat Officer on the spot to have arrived on the plains. G. O. G. C. 12th May 1811

In addition to the Survey Reports the Committee will furnish a correct statement of the height, the age, and valuation of Elephants presented, particularizing those of more than ordinary perfection.

All of six feet in height and upwards are to be transferred immediately after the Survey to the Pheel-khannah at Chittagong, or to the Depot at Dacca, according to the instructions which will be given to his Department by the Commissary General, for the purpose of training and seasoning the Herd; for the distribution of which orders will be issued hereafter.

**PRESIDENT OF THE COMMITTEE.**

Lieutenant Colonel James Price.

## MEMBERS.

The Commanding Officers of the Regular Infantry on duty at Chittagong; and of the Provincial Battalion.

Directions for the Gear, Rations, and Seeds for the Elephants.

The pads, chains, and ropes of the Elephants, when it may be necessary to supply new ones, shall be provided according to patterns which will be furnished by the Commissary General. G. O. V. P. 22d Dec. 1809

The daily Ration of Rice or Otah for each Elephant will be regulated according to their size, at the discretion of the Commissary General; a certificate however, signed by the Magistrate of the District, stating the current price of coarse Rice, and of Otah at 80 Sicca Weight, expressed at full length, and not entered in figures only, shall accompany the Agent's Accounts. It is nevertheless to be expected, that the Rice and Otah supplied by the Commissariat will be generally at a much lower rate than the Bazaar prices, because it is to be the business of that department to purchase in large quantities, and to procure those articles of supply from countries, where they are produced in the greatest abundance.

The sheds will be constructed and repaired by the Commissary General upon the usual Survey Report and Estimate to be transmitted to the Military Board.

The Elephants to be mustered monthly.

The Elephants shall be mustered monthly on the 1st of each month, by the Commanding Officer of the Station, by whom a Muster Roll, specifying the state of their gear, their condition, and also any casualties, that may have occurred, according to the Form No. 10, shall be transmitted to the Office of the Military Auditor General.

And where to be kept.

The Elephants will be lodged at such place, in the vicinity of the Station to which they belong, as the Commissary General shall deem eligible, with a view to their being sufficiently provided with forage.

## DISTRIBUTION OF ELEPHANTS.

Proc. M. B.  
19th July 1808  
G. O. V. P.  
20th Feb. 1810

|                                                                                                                                                                     | Total. | Grand Total. |
|---------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|--------------|
| For the carriage of the Camp Equipage of two Regiments of Dragoons, to each Corps 22, -----                                                                         | 44     |              |
| For ditto of five Regiments of European Infantry, 35 to each Corps, -----                                                                                           | 175    |              |
| For ditto of one Regiment of European Infantry, -----                                                                                                               | 10     |              |
| For ditto of the Horse Artillery, -----                                                                                                                             | 12     |              |
| For ditto of ten Companies of European Artillery at and above Benarus, and of the Ordnance Officers, &c. &c. attached to the Field Trains, -----                    | 30     |              |
| For ditto eleven Companies of European Artillery and Companies of Gun Lancers attached, below Benarus, -----                                                        | 31     |              |
| For ditto of three Native Battalions (including the Ramghur Battalion) dependant on Danapoor Station, at 6 to each Corps, -----                                     | 18     |              |
| For ditto of three Native Battalions dependant on Berhampoor Station at ditto, -----                                                                                | 18     |              |
| For ditto of eight Native Battalions dependant on the Presidency Station (including Cuttack and five Companies detached from Balasore to Midnapoor) at ditto, ----- | 48     |              |
| For ditto of Camp Equipage for the Field Hospital kept at Cawnpore, -----                                                                                           | 17     |              |
| Total for the Troops. -----                                                                                                                                         |        | 403          |
| For the Commander in Chief and General Staff, -----                                                                                                                 |        | 40           |
| Decoy Elephants attached to the Keddahs -----                                                                                                                       |        | 20           |
| Spare -----                                                                                                                                                         |        | 40           |
| Total, -----                                                                                                                                                        |        | 513          |

Allotment of Elephants for the Carriage of the Camp Equipage of Corps, &c.

G. O. G. G. The Commissary General will transmit annually, to the Office of the Military Auditor General, on the 1st of May, a Descriptive Roll of all the Elephants in the Service, specifying their names, age, stature and cast, and the Stations to which they may be attached.

A Descriptive Roll of Elephants to be transmitted annually to the Military Auditor General.

G. O. V. P. When Elephants become unfit for service, either from age, accident, or incurable distempers, they will of course be cast upon regular survey, according to the custom of the Service; the report of the Committee being transmitted to the Office of the Military Auditor General in the usual manner. If the Elephants to cast are of any value, they shall be sold, the Commissary General giving credit for the amount sales in his Monthly Account Current; if, of no value, they shall be shot, and replaced as soon as possible.

Regulations for the survey and disposal of Elephants becoming unfit for further service.

The subordinate Officers shall transmit, as soon as possible after the expiration of each month, to the Commissary General, a detailed account of the expences of Elephants for the preceding month, accompanied by the prescribed vouchers of the price of Rice or Oat, at the several Stations, where the Elephants may have been employed, and detailing such increase or decrease in the number of Elephants as may have happened in the course of that month, according to the Form No. 13.—The accounts will be sent by the Commissary General to the Office of the Military Paymaster General for audit in the Office of the Military Auditor General, where the number of Elephants and their condition for Service will of course be checked by the returns of Elephants received from the different Army Stations. The accounts, after audit, will be returned to the Military Paymaster General, with directions to credit the Commissary General for the amount admitted on his disbursements.

The Accounts of the expences of the elephants have to be prepared and admitted.

The Military Auditor General shall compute, and report to Government every three months, the average monthly expence of maintaining each Elephant during the quarter, in the Upper as well as in the Lower Provinces.

#### SUPPLY OF HIRED CARRIAGE AND CATTLE FOR OCCASIONAL SERVICES; OF BUNJARRAH BULLOCKS, AND GRAIN FOR THE TROOPS, &c.

G. O. C. C. The Commander in Chief is pleased to direct that in future, whenever it shall be necessary to hire Hackeries for the Public Service at any of the Stations of the Army, of

Regulations to be observed on occasions of

Applications for the purpose are to be made to the (Commisariat), who will be furnished by the Brigade Major of the Station with a certificate stating the date of employment and of discharge, the service for which the Hackeries may have been required, and the number of Bullocks by which they may have been drawn.

It having been represented to the Commander in Chief that Hackeries, dispatched with Stores to subordinate Magazines, Posts, and Corps, suffer much unnecessary detention, thereby defeating the object of the Commisariat arrangements with the proprietors, and consequently entailing considerable expence upon the Government, which would otherwise be avoided.—His Excellency is pleased to direct that, in all practicable cases, such Hackeries shall be unloaded and set at liberty on the day of their arrival at their destination, and that on all occasions where it may be necessary to re-employ any portion of them to convey unserviceable Stores, or for any other public purposes, an order to that effect, specifying the number and description, whether of two, three or four Bullocks, is to be invariably issued by the Officer commanding the Detachment, to the Commisariat, on the day of their arrival, particularly adverting to the spirit and true meaning of the orders of Government, under date the 14th July last, (*vide page 463*) relative to the disposal of unserviceable Stores at Out-posts.

As the Staff of Corps are always timely apprized of the dispatch of Stores by the Ordnance Officer of the Magazine from whence they are sent, it is expected that no delay whatever will take place in the preparation and loading of such convertible articles as it may be found expedient to return; and all Escorts, as well as Magazine-men proceeding in charge of Stores, are to be strictly enjoined on no pretence to be any hindrance to the Hackery Drivers performing daily stages to the full extent of the ability of their Cattle.

A copy of all orders, directing the re-engagement of Return Hackeries, is to be regularly furnished to the Commisariat Agent as a voucher to accompany his disbursements, and to entitle him to credit for the same with the Commissary General.

The Vice President in Council is pleased to authorize the Military Board to instruct Colonel Marshall to cause sixty Hackeries or tough Carts to be immediately made up, by way of experiment, at Kurnul, for occasional calls of Service at that Station and at Lodhiana.

Proc. M. B.  
16th Feb. V.  
Page July 8th

All Banjarah Bullocks & Supplies of Grain required for the Troops to be furnished by the Commisariat.

The Governor General in Council is pleased to direct that all Banjarah Bullocks, without distinction, as well as all supplies of Grain, be provided and paid for by the Commisariat.

Proc. G. G.  
21st Oct. 1810

Report to be made to the Military Auditor General of all Grain received from the Civil Department.

All Officers, receiving Grain from the Civil Officers of Government, are directed to make a return of such Grain immediately to the Military Auditor General, stating the person from whom received, and for what purpose, and afterwards to report from time to time the deliveries as they occur, and the balance in Store.

Depot of Provisions to be established in the Upper Provinces.

The Vice President in Council having determined that a supply of provisions, equal to one month's consumption for the Troops, regular and irregular, stationed at Hariff, shall be stored in that Fort, the Commissary General will take immediate measures for providing and storing the requisite supplies; regulating the quantity and description by statements which the Officer commanding in Hariff will be directed to furnish on his application. The Commissary General will in like manner take measures for storing in the Forts of Saharunpoor, Aligarh, Agra, Aunghur and Allahabad, a supply of Provisions for one month, calculated according to the present strength of those Garrisons, respectively.

Proc. V. B.  
6th Mar. 1810

#### SUPPLY OF BOATS FOR THE TRANSPORTATION OF TROOPS AND STORES, AND OF FERRY BOATS, AT MILITARY STATIONS.

Orders relating to the hire of Boats, what to expels.

Officers commanding Stations are required to express very particularly, in all Station Orders authorizing the hire of boats, the number of Troops and nature of the Stores to be transported on them; and the bills for such Service should invariably be accompanied by certificates of the number of men, and lists of Ordnance, Ordnance Carriages, and other bulky articles.

G. O. C. C.  
19th Oct. 1807

G. O. V. P. 17th Apr. 1819 The Vice President in Council is pleased to direct that the surveys prescribed by the existing Regulations on all boats provided for the transportation of Troops and Stores, be discontinued, and that the Officers providing boats be held personally responsible for their good condition, and fitness for the Service for which they may be engaged.

Officers providing Boats are held responsible for their being in good condition

G. O. G. G. 30th May 1819 The Governor General in Council is pleased to resolve, that the following rate of Tonnage for Troops and Stores ordered to proceed by water shall be allowed from this date :

Rates of Tonnage established for Troops, &c.

|                          |      |      |      |        |    |
|--------------------------|------|------|------|--------|----|
| For each European,       | ---- | ---- | ---- | Maunds | 50 |
| For each European sick,  | ---- | ---- | ---- | ----   | 75 |
| For each European woman, | ---- | ---- | ---- | ----   | 30 |
| For each European child, | ---- | ---- | ---- | ----   | 10 |
| For each Native,         | ---- | ---- | ---- | ----   | 30 |

For the Stores of each European Regiment proceeding by water one boat of 500 maunds.

The allowance of 1 8th Extra Tonnage, to replace accidents, and for the accommodation of the sick, is to cease.

His Lordship in Council is further pleased to notify, for the information of the Army at large, that any Officer presenting an Indent for boats, in excess to the foregoing rates of tonnage, will be held responsible for the expence which may be thereby occasioned, (For the Form of Indent *vide Form No. 14.*)

G. O. V. P. 12th Sept. 1809 The Vice President in Council passes the bill from Major Daniell for the hire of boats for the transportation of a Detachment of the Body Guard with their Horses from Benarus to the Presidency, at the Proportion of Tonnage charged; viz, for each Horse, maunds 134.

And for Horses

G. O. G. G. 26th May 1807 The payment of money, which has been made in some instances to European Non-commissioned Officers and Soldiers in lieu of boats, which should be furnished for their accommodation, is in future prohibited.

Prohibition of the payment of money in lieu of Boats to European Soldiers.

G. O. G. G. 13th May 1809 One Pannway is to be allowed to each fleet of boats conveying a Detachment of not less than one hundred Europeans.

Proportion of Pannways and Dingies allowed to Fleets of Boats conveying Troops and Stores.

Two Pannways for a fleet conveying not less than four hundred Europeans; and three Pannways for a fleet on which a Regiment shall be embarked.

G. O. V. P. 6th Feb. 1812 The Vice President in Council is pleased to authorize double the proportion of spare Pannways, mentioned in General Orders of the 13th of May last, for the purpose of attendance on fleets of boats conveying Troops or Stores to the Upper Provinces, in the rainy season, or from the 1st of June to the 1st of October, annually.

G. O. V. P. 5th Sept. 1805 The Vice President in Council authorizes, in addition to the present regulated proportion of Tonnage for Military Stores, one Dingy of 100 maunds, with a Mangie and two Dandies, to every fleet of Store Boats consisting of ten Boats, and two Dingies to every fleet consisting of twenty or any greater number of boats, as proposed by the Military Board.

Ext. G. O. G. 25th July 1811 Whenever boats are required (the Commissary General) on receiving official notification of the same, shall collect the number specified, after which, having been examined and approved, an advance of two thirds of the amount of the hire shall be made to the several Mangies.

Regulations for the hire and payment of Dandies, &c.

Previous to the boats quitting the ghaut, whether with Troops or Stores, (the Commissary General) shall take effectual measures for ascertaining whether the crews are satisfied; and the Officer, Conductor, or other person proceeding in charge of the fleet, shall take similar measures, with a view to prevent any imposition on the Dandies by the Mangies withholding their wages, or making undue exactions.

The (Commissary General) shall deliver to the Officer, Conductor, or other person proceeding in charge of a fleet of boats, a roll of the boats with their crews.

(Signed) A. B.

Commissary General.

In the event of Dandies deserting before the conclusion of the voyage, the Mangies are bound immediately to provide fresh Dandies; and, in case of failure, a proportionate reduction shall be made from the sum which they would otherwise be entitled to receive on the completion of the trip, and the Officer, Conductor or other person in charge of the fleet shall endeavour to procure Dandies in their stead, by application to the civil authority. (For the mode of application, *vide* Chapter XIX.)

Casualties among the Dandies, from sickness or any other cause, are likewise immediately to be replaced by the Mangies, and, in case of failure, deduction shall be made as above prescribed.

Any Mangiee, Golyah, or Dandee, or other person belonging to a Boat in the Public Service, who shall absent himself therefrom, shall be liable to be apprehended by the Magistrate of the District in which he resides, or may be found, and to be punished in such a manner as the Magistrate, on a consideration of the circumstances and nature of the offence, shall consider to be proper under the powers vested in him by the General Regulations; such Mangiee, Golyah, or Dandee shall also be obliged to return the full amount received by him, in consequence of his failure to perform the conditions of his hire.

The Officer, or Conductor in charge, shall furnish the nearest Magistrate with the necessary information to enable him to take measures for apprehending the absconding party.

Circumstances under which they will be required to assist in unloading Boats.

Agreed to request the Deputy Commissary General will make such arrangements in the hire of Boats for the transportation of Stores from the Presidency, as will prevent the recurrence of the inconvenience complained of by Lieutenant Nugent, viz. "The refusal of the Boat-men to convey the Woollens to the Godown from the Boats:" it being

Recd. M. G. 20th Feb, 1812

understood that the crews of Boats, in all ordinary cases, are bound to assist in delivering the landing of them at the place of deposit, if not unreasonably distant from the Ghaut.

**Proc. V. P.** The Vice President in Council is pleased to authorize a careful Peon being sent on each of the Boats loaded with Rum, for the purpose of taking care of the casks and seeing that water is thrown over them daily; and also two Coopers with the requisite Tools to accompany each fleet of Rum Boats. **Establishment to be furnished for Boats conveying Rum.**

**G. O.** 25th When Officers, or other persons, charged with Stores, proceeding to the Upper Stations, find it necessary to replace such Boats as are lost or rendered unserviceable from weather, the Boats so provided shall be charged for agreeably to the Boat Regulations, as far as circumstances will admit. **Contingent Expenses necessarily incurred on account of Store Boats &c. how to be charged.**

Charges attending Boats, from any necessity of assistance they may require from the Natives, must be made under the general term of contingent service.

**M. C.** 18th Feb. Bills for the transportation of Troops or Stores should be accompanied by an attested copy of the orders, authorizing the hire of the Boats, which should state the place of destination and the number of Troops (and bills of Ordnance, Stores, &c. &c.) for which Tonnage is required. **G. O.** 17th Oct 1807

(For the Certificate to be granted by Officers in charge of Boats employed on the Public Service, when passing Tolly's Canal, *vide* page 126, and for the periods for which Boat Allowance is fixed between the several Military Stations, *Form No. 3, Chapter III.*)

**Proc. V. P.** 24th The Vice President in Council is pleased to determine that the charge of the Public Ferry Boats, and of Boats for ferrying the Grabs-cuttries of Cavalry Regiments on the Ganges and Jumna above Allahabad, and at Sultanpore Benarus, be immediately transferred to the department of the Commissary General. **Charge of Ferry Boats at Military Stations in the Upper Provinces vested in the Commissariat.**

(Sloops required for the transportation of Troops and Stores between Fort William and Vessels at and below Diamond Harbour are provided by contract, and are furnished at the requisition of the Town Major and Garrison Storekeeper. For the terms of Contract *vide* Chapter XX.)

#### SUPPLY OF PETTY STORES TO THE MAGAZINES AT STATIONS.

**Extract G. O.** The Deputy Paymasters (now Commissariat Officers) are to furnish such articles of Stores as may be required for the service of the Magazines at Stations, according to the following list, (*vide* *Form No. 15.*) in such quantities as shall be required of them, within one month at furthest from the date of the requisition, unless satisfactory reasons shall be produced for further delay. **Regulations under which Petty Stores are to be supplied to Magazines at Stations by the Commissariat, and how to be charged.**

In order to ascertain the time within which it is incumbent on the Commissariat Officer to furnish the articles required of him, he shall, whenever an Indent is presented to him, and that the Stores are not supplied forthwith, endorse it "accepted," and add the date of presentment.

Stores supplied in any considerable quantity are in every practicable case to undergo a regular Survey agreeably to the established rules of the Service, previously to their being received into the Magazine; and in cases where a Survey shall have not been practicable, as on occasion of any sudden emergency, from a want of Officers or from the supplies being too inconsiderable to require a particular Survey upon them, the Commissary, Deputy Commissary, or other Officer in charge of the Magazine, is himself to survey, and minutely examine the Stores, to see that they are, in quality, weight and measure, conformable to what is required by the Indent, and that they are in every respect in good condition and adapted for the purposes they were intended for.

The Survey Report, together with the Indent on which the Stores were passed by the Military Board, is to be tacked to the Bill, and forwarded with it as a necessary voucher to the Office of the Military Auditor General.

In cases when Stores have been supplied on emergent Indents, under the authority vested in Commanding Officers of Stations, without the previous sanction of the Military Board, such Indents accompanied by the bills for the stores so supplied, together with the Survey Report upon them, are to be transmitted, through the regular channel of the Brigade Major of the Station, to the Secretary to the Military Board, for the purpose of being submitted for their sanction.

When the Indents shall have been passed by the Board, they will, together with the bills, be forwarded to the Office of the Military Auditor General, of which due information will be given to the (Commissary General) by the Secretary to the Military Board.

If any (Commissariat Officer) shall furnish Stores without the authority of the Commander in Chief, or the Military Board, (except in cases of emergency) he shall not be held entitled to make any charge for Stores so furnished; and the Military Auditor General shall reject all such bills as may be presented to him for Stores supplied without either of the authorities above mentioned, or without the emergency of the case requiring that they should be so supplied.

The (Commissariat) are however authorized to comply with the Indents of Ordnance Officers in charge of Magazines, for such articles as may be required to complete the proportions of Petty Stores allowed to be issued to Quarter-masters, (*vide Form No. 5 Chapter XIII*) taking care that the quantities issued on such Indents do not exceed the regulated allowances, and that the Indents, with the receipts of the Ordnance Officers for the contents, are transmitted, regularly, every month to the Military Board Office for the sanction of the Military Board.—(For Regulations to be observed by Ordnance Officers on occasions of indenting for and receiving Petty Stores, *vide page 458*).

Officers delivering articles on emergent Indents, part of which may be intended for eventual use, will be held responsible for such deliveries. It will therefore be their duty always to withhold such articles until an Indent for them shall have been submitted for the Board's consideration, and eventual sanction; and, in all cases where emergent and eventual demands appear in the same Indent, to comply with the emergent only (if not already passed by the Military Board;) and in cases of the emergency of a demand not being fully expressed in the Indent, they should make themselves acquainted with it previous to granting compliance.—(By a Resolution of the Military Board of the 1st October, 1811, to obviate the necessity of indenting on Emergency for Petty Stores, Ordnance Officers are required to prepare, on the 1st day of each quarter, an Indent for such Articles as they may require during the succeeding quarter, thereby allowing a supply to be constantly in Store for a term of six months.)

Res. M. B. 18th  
October 1808.

#### SUPPLY OF GALLOPER HARNESS, ACCOUTREMENTS, CAMP EQUIPAGE, MILITARY STORES, &c. &c.

Provision of  
Gallopers, Har-  
nesses, Accoutre-  
ments, Camp  
Equipage, Mil-  
itary Stores, &c.  
voted in the  
Commissariat;  
and Regulations  
under which the  
several Supplies  
are to be fur-  
nished and  
charged for.

The Vice President in Council is pleased to determine that the provision of Galloper Harness and Saddlery, for the service of this Presidency, shall devolve upon the department of the Commissariat.

G. O. V. P.  
27th Feb. 1810

Ordered, that the two traces of white untarred Rope upon which the experiments were made (to each of which the Secretary is directed to affix the Seal of his Office) be sent up to Cawnpore for deposit at that Station, in order that the quality of all Rope of that description, and for that important service, (for the Horse Artillery) which shall be hereafter supplied, may be carefully compared with that on which the experiments have been so successfully tried.

Res. M. B. 27th  
Feb. 1810

The Vice President in Council is pleased to determine, that it be immediately notified to the Commissary General, that the supply of Military Stores, after the 16th January, 1812, will be provided under the Commissariat, subject until further orders, with regard to previous examination and eventual receipt and rejection, to the Regulations published in the Calcutta Gazette of the 26th October, 1808, viz.

Proc. V. P.  
23d July 1812

The Stores are to be supplied on Indents passed by the Military Board, setting forth the specific purpose for which they are required.

Immediately on an Indent being presented to (the Commissary General) passed by the Military Board as above, he is to endorse the same "accepted," adding the date of presentment.

No Stores are on any account to be received in large quantities from (the Commissariat) until they shall have been surveyed and approved as good and serviceable and corresponding with the prescribed muster, (in cases where musters are fixed) by a Committee of Officers nominated for that purpose.

The Commissary of Stores, Garrison Store-keeper and Agent for Gun Carriages and Powder Barrels are to attend the Committees of Survey in their respective Departments, and to point out to the Committees such Stores as may be tendered by (the Commissariat,) which in their judgment may in any respect be objectionable or unfit for the service; and these Officers will be held responsible for any Stores admitted by the Committees of Survey with their consent, which may afterwards be found unfit for the purposes for which they were intended.

The Commissary General is to furnish the Commissary of Stores and Garrison Store-keeper with lists of the articles, which he shall, from time to time, offer to deliver in to the Arsenal or Garrison Stores, in which lists are to be expressed the number of the Indents as registered in the Military Board Office, by which the supplies of the articles so offered shall have been authorized; and Committees of Survey, being furnished with the said lists, shall insert the corresponding Numbers of the Indents in their Reports of the Survey, which are to be forwarded, in the usual manner, through the Town Major's Office to the Military Board.

In all cases where a large quantity of Stores of considerable value may have been rejected, (the Commissary General) shall be at liberty to appeal to the Military Board, whose decision, or that of a Committee to consist of no less than two of its members, deputed by them for the purpose of inspecting the rejected Stores, shall be final.

No unnecessary delay is to attend the reception of Stores from the (Commissariat), it being the duty of the Commissary of Stores, Garrison Store-keeper and Agent for Gun Carriages and Powder Barrels, in their respective Departments, to make the requisite application to have Committees of Survey appointed for the inspection of Stores, whenever they shall be tendered by the (Commissariat).

The Indents on the (Commissary General), after they shall have been complied with and endorsed "received serviceable" by the Officer for the use of whose Department the Stores may have been supplied, are, together with a duplicate copy of the Survey Report of the Stores so supplied, to be tacked to the bills for the same, and to be forwarded with them to the Military Auditor General, by whom they will be passed conformably to the prescribed mode for adjusting accounts in the Military Department.

Quarterly Estimates of expected demands are to be furnished by the Departments for whose use, respectively, the Stores shall be required.

(By Res. M. B. 9th February, 1808, these estimates are to be prepared so as to reach the Military Board Office the first day of the month preceding the quarter for which they are framed.)

All Stores required for the department of the Commissary of Stores are to be delivered at the Arsenal of Fort William.

(Stores for the Garrison Store-keeper at the Garrison Store Rooms, and those for the Agent for Gun Carriages at the Agency Yard at Collipoor.)

Accoutrements for two thirds of the Army are to be delivered at Cawnpore, and it will be at the option of the (Commissary General) to deliver at the same Magazine such number of Tents as may be required at the Stations above Allahabad.

Accoutrements, Tents, &c. so delivered to be subject to the same risk of loss, rejection and check as are hereby provided.

The Calamite in Fort William, hitherto appropriated to the use of the Agent of Stores, is to be allowed to the (Commissariat) for the lodgement of their Stores.

By Res. M. B.  
10th Jan. 1809

The Military Board approving the Charcoal Skreen made in Arsenal, the Seal of the Military Board Office is to be affixed to it.

The skreening and measurement of all Charcoal tendered by the (Commissariat,) is in future to be made with the above-mentioned Skreen, in conjunction with the servants of the different departments, and those of the (Commissariat); and for this purpose a careful European is to be lent from the department for which the Charcoal is required, to see that it is properly fitted and measured.

---

PROVISION OF TIMBERS AND PLANKS; AND HALF-WROUGHT MATERIALS FOR  
THE GUN CARRIAGE AGENCY, AND FOR THE FIELD MAGAZINES, &c.

G. O. C. G.  
28th July 1810

The departments in Fort William are directed to Indent for any Timbers and Planks that may be required, on the Commissariat, from which department all Timbers and Planks are to be supplied from and after the 1st current.

Provision of  
Timber and  
Planks and of  
half-wrought  
Materials for  
the Gun Carriage  
Agency vested in the  
Commissariat.

Regulation. The future provision and supply of the various articles of half wrought materials for the use of the Gun Carriage Agency is to be forthwith transferred to the Commissariat, subject to the prevailing rules with respect to previous examination and survey, &c. until proper modification of those regulations, adapted to the change of system, shall be framed and established under the authority of Government. Proc. V. P. 23d July 1810

The several articles are to be supplied on Indents passed by the Military Board.

Immediately on the Indent being presented to the (Commissary General) passed by the Military Board, as above, he shall endorse the same, accepted, adding the date of presentment.

The materials are to be deliverable at the Cawnpore Gun Carriage Agency Manufactory Yard.

The deliveries will be made once in each month, or more frequently, if necessary; the (Commissary General) is to furnish the lists of them, specifying the Military Board Office number of Indents on which authorized, in order that the same may be expressed in the reports. (A copy of the Survey Report, together with the Indent endorsed by the Agent, "received serviceable," to accompany the accounts of the Commissary General for audit. Quarterly estimates of expected demands are to be furnished by the Agent for Gun Carriages. For Rules for the Survey and Receipt of Half-wrought Materials by the Agent, *vide page 477.*) Res. approved by Genl. 1st May 1808

Agency established for the supply of timber and half-wrought materials at the Field Stations under the control of the Commissary General. Conformably to the suggestion of the Military Board, the Vice President in Council is pleased to authorize them to make an arrangement with Mr. Rutherford, for procuring, on Agency, half-wrought materials of filloo and faul in the manner proposed by that Gentleman for the use of the Ordnance Department at the Magazines of Allahabad, Cawnpore, Futtighur, Agra and Delhi. Proc. V. P. 13th Feb. 1810

Mr. Rutherford's services in the provision of timber are to be declared under the controul and orders of the Commissary General, in all matters regarding his present Agency in that line. Proc. V. P. 3d July 1811

Resolved, that a Depot of half-wrought materials sufficient for the wheels of a complete set of light and heavy Ordnance, (calculated upon the Table submitted by the Commandant of Artillery) be lodged in the Magazines of Cawnpore and Agra, exclusive of what is required for current repairs. Res. M. B. 20th March 1810

Half of the above Depot to be supplied as soon as possible from the Presidency; the remainder hereafter by Mr. Rutherford.

Resolved, that Mr. Rutherford be furnished with a Table of the dimensions for Mortar Beds and instructed to dispatch to Allahabad, Cawnpore and Agra, sufficient Timber for the construction of the Mortar Beds deficient at each of those Stations, respectively, accompanied by as much more as his stock of Timbers ready for consignment will allow; also that he be enjoined to observe the rule suggested by the Commandant of Artillery for the allotment to Stations of the whole number of Timbers to be supplied by him, viz. 1/2 Allahabad,—2/3 Cawnpore,—1/3 Futtighur,—1/4 Agra,—1/5 Delhi; and to send them down whole, and in no instance cut up in blocks, if it can be avoided, unless particularly required to do so. Res. M. B. 27th July 1810

Periodical advances will be issued to Mr. Rutherford by the Military Paymaster General, through the Collector at Moradabad, when necessary; upon timely application for the requisite sum being made. Res. M. B. 20th Mar. 1810

The trees felled to be either removed when cut down, as may be necessary, or allowed to remain in the Jungle until wanted.

The workmen and carriage to be procured at the cheapest rates possible.

After the Timber shall have had a sufficient seasoning, the provision of materials in the half-wrought state will be proceeded upon agreeable to models of each separate piece, which will in due time be sent for guidance.

Ordered, that Mr. Rutherford be informed the future transmission, twice in each month, of Reports of his progress in felling trees, &c. will be considered sufficient. Res. M. B. 3d July 1810

Proc. V. P. 24th Apr. 1810 The Vice President in Council is pleased to grant a personal salary to Mr. Rutherford of Sonat Rupees 500 per mensem, and to authorize him to charge his bonâ fide travelling and office expences in a contingent bill, properly attested.

Res. M. B. 22d May 1810 Ordered, that Mr. Rutherford be authorized and instructed to pay all Post Office charges, and to present a monthly or quarterly bill for the amount properly vouched.

Proc. G. G. 30th Oct 1810 The Governor General in Council directs that the Military Board be desired to communicate to Mr. Rutherford the necessary authority for entertaining Burkundauzes to accompany and protect him whilst on his tour, and procuring an Elephant for himself, and Pals to shelter his people, charging the expence in a contingent bill.

Ordered, that the Commander of the Forces be requested to give orders for furnishing Mr. Rutherford with a guard of Sepoys for the protection of the Treasure under his charge, when stationary at Moradabad.

Proc. V. P. 22d Sept 1811 The Magistrates of Saharunpoor, Northern and Southern Divisions, Moradabad, Bareilly, Alighur and Etawa, will be desired, through the Judicial Department, to afford Mr. Rutherford every assistance which may be consistent with the regulations and general powers vested in them, in preventing the Zemeendars from appropriating to their own use the timber belonging to Government.

Assistance to be afforded by the Civil Officers in recovering timbers which may be lost in consequence of Storms or the flooding of the River.

#### REGULATIONS FOR THE DEPARTMENT OF THE GARRISON STORE-KEEPER OF FORT WILLIAM.

Proc. G. G. 6th Sept. 1806 The Governor General in Council has been pleased to fix the salary of the Garrison Store-keeper at Fort William, at Sicca Rupees 1000 per mensem, exclusive of his Military pay and allowances, and the house rent of his Regimental Rank, when not furnished with quarters.

Salary, Establishment, &c. of the Garrison Store-keeper of Fort William.

G. O. G. G. 23d Sept. 1812 The Garrison Store-keeper is not to draw Tent allowance.

G. O. G. G. 25th Sept. 1812 The Governor General in Council is pleased to sanction the following revised Establishment for the Office of the Garrison Store-keeper:

|                                       |      |      |      |         |    |
|---------------------------------------|------|------|------|---------|----|
| One Head Sircar, per month,           | ---- | ---- | ---- | Rupees, | 75 |
| One Native Accountant,                | ---- | ---- | ---- |         | 16 |
| Two Durwans, at each per month Rs. 6, | ---- | ---- | ---- |         | 12 |
| One Godown Sircar,                    | ---- | ---- | ---- |         | 32 |
| Two Assistant Ditto, at each " 15,    | ---- | ---- | ---- |         | 30 |
| One Head Writer,                      | ---- | ---- | ---- |         | 40 |
| One Under Ditto,                      | ---- | ---- | ---- |         | 30 |
| One Mudiuddie,                        | ---- | ---- | ---- |         | 16 |
| Two Peons, at each, " 6,              | ---- | ---- | ---- |         | 12 |
| One Cooper,                           | ---- | ---- | ---- |         | 8  |

With an addition of Sonaut Rupees 90 per mensem for Office rent.

Captain Hill is authorized to charge the expence of Stationery as a contingency in his accounts.

The Garrison Store-keeper is permitted to charge the actual expence of the Gram furnished by him for the Body Guard of the Governor General. (*vide page 314.*)

Proc. V. P. 6th January 1806 Ordered, that a monthly advance be made to the Garrison Store-keeper of six hundred Rupees, to enable him to make his purchases, (of gram for the Governor General's Body Guard.)

Proc. G. G. 29th Dec. 1810 The Governor General in Council is pleased to authorize the Military Board to select a Conductor of Ordnance, now at the Presidency, to assume the separate custody and attend to the quality of the supplies of Salt Provisions, &c. alluded to by the Garrison Store-keeper, and in the manner proposed by that Officer.

The Governor General in Council will grant to such Conductor the monthly sum of Sicca Rupees 200, with an establishment of an Head Cooper and Head Sircar, and autho-

size him to employ as many workmen Coopers, Writers and Sircars, as circumstances may render requisite, until the various supplies shall have been dispatched, or so far reduced in importance, as to render the expence of this separate establishment no longer necessary.

Proportion of Provisions, &c. fixed for the Depôt of Fort William.

|                                              |                                                      |         |         |    |
|----------------------------------------------|------------------------------------------------------|---------|---------|----|
| Proportion of Provisions, &c. for the Depôt. | Salt Beef, } Rations for 6 months for 1000 men, ---- | pounds  | 108,458 |    |

Proc. G. G. 3d  
Jan. 1805 & 3d  
10th Oct. 1808

(Of the above only the Salt Provisions, Rum, Madeira and Vinegar are permanently retained in Store.)

No Salt Provisions to be purchased without the authority of Government.

The Governor General in Council directs that the Military Board be informed that no Salt Provisions are to be purchased without the sanction of Government.

Proc. G. G.  
1st Mar. 1804

When it may be necessary to dispose of country cured salt provisions, intimation is to be previously given to Government.

The Governor General in Council desires the Military Board will propose to Government, previous to the expiration of the space of time which they think the country-cured Provision will keep, to grant authority for disposing of it in event of its not being required for other purposes.

Proc. G. G.  
11th Feb. 1806

No Salt Provisions to be retained in the Depôt which have been cured more than two years.

Agreed, to inform the Garrison Store-keeper that it is considered highly advisable that no Salt Provisions shall be kept in Store, in future, which have been cured above two years, and to request that he will accordingly state his opinion of the most advantageous mode of annually, or otherwise, disposing of any that may hereafter remain in Store of that description and of replacing them with a similar fresh supply; to be likewise eventually proposed to the sanction of Government.

Res. M. B. 2d  
April 1804

Casks of liquor in the Depôt to be gauged monthly.

The casks of arrack in Fort William are to be gauged monthly to ascertain the wastage.

Res. M. B. 20th  
July 1788

The Company's Cooper to attend at the requisition of the Garrison Store-keeper.

The Governor General in Council is pleased to authorize the Military Board to direct the Company's Cooper to attend at the Garrison Store-keeper's Godown on all occasions of his being required by that Officer to do so, in order to afford his assistance in the examination of the Depôt Provisions, or in gauging or proving liquors in Store in that Department.

Proc. G. G.  
8th Feb. 1808

Agreed, to inform Captain Hill, that the Military Board consider him at all times authorized to call upon the Company's Coopers for their assistance when absolutely necessary in his Department.

Res. M. B. 5th  
July 1808

Proportion of water casks to be retained in Store.

The Governor General in Council approves the proposition of the Military Board, for a stock of water casks, capable of containing water equal to the consumption of 2000 men for three months, being always kept in Store in the Garrison Store-keeper's Department.

Proc. G. G. 6th  
May 1808

Directions for proving the casks previous

Ordered, with a view of satisfactorily ascertaining the strength and tightness of water casks, that a number of them be piled up one upon another full of water, as showed in a

Res. M. B. 5th  
February 1811

ship's hold, and on the instant of discovering weakness in any of them, that the circumstance be reported in order to their being properly strengthened, previous to their being sent on ship board for the use of the Troops.

- Proc. G. G. 29th April 1809** The Governor General in Council is pleased to authorize the Cooperage in Fort William being removed and re-constructed in a convenient situation near the Cooly Bazar. Cooperage of the Garrison Store-keeper where to be constructed.
- Proc. G. G. 19th June 1807** The Military Paymaster General is directed to take measures for having a monthly advance of Sa. Rs. 200 made to the Garrison Store-keeper on account of the expence of the Depôt and Cooperage, for which credit is to be given in the Garrison Store-keeper's Annual Accounts. Monthly advance to be made to the Garrison Store-keeper on account of the Depôt, &c.
- Res. M. B. 12th June 1810** It is considered by the Military Board to be a most important duty of the Garrison Store-keeper to report to them, from time to time, any articles composing the Depôt of Fort William, the good condition of which may be so much affected by age or other injury, as to render it expedient to have it exchanged or sold on the public account. The Garrison Store-keeper to report whenever it may be necessary to exchange any of the Provisions in the Depôt.
- Res. M. B. 10th June 1807** Agreed, to inform the Garrison Store-keeper, that by the Board's Orders of the 6th June, 1806, all sales in his Department are to be advertised in the Calcutta Gazette. Sales in the Garrison Store-keeper's Department how to be advertised and the accounts when transmitted.
- Res. M. B. 10th Dec. 1795** The Garrison Store-keeper is to make it an invariable rule to transmit the account sales immediately after the sales are completed.
- Proc. M. B. 28th Octobr. 1775** Monthly returns of receipts and issues of all Provisions laid up in Forts, or Military Granaries; and quarterly Returns, including the receipts and issues, and Balance remaining, are to be made to the Military Board. Monthly and Annual Accounts and Returns of the Depôt how to be prepared.
- Proc. G. G. 6th June 1805** The Governor General in Council authorizes the Depôt Books and Accounts to be in future made up to the 31st of January, in each year, in order that they may correspond with the General Books of the Military Board Office with which they are connected.
- Proc. V. P. 6th Feb. 1810** The Vice President in Council is pleased to determine that the supplies of Grain, Ghee, &c. for the Native Troops at the Eastern Settlements shall be provided by the Garrison Store-keeper.—( *vide page 538.* ) Supplies of Grain &c. for Native Troops on Foreign Service and for Convicts to be provided by the Garrison Store-keeper.
- Proc. G. G. Pub. Dept. 20th Feb. 1803** The necessary orders are to be issued from the Military Department to the Garrison Store-keeper to provide the several articles specified in the Annual Indent for Provisions and Cloathing for the Bengal and Bombay convicts, at Prince of Wales's Island, and to send them properly packed for the purpose of being forwarded by the Marine Board, viz.  
Rice at 1 seer per day, for each man.  
Salt 1½ seer per month, each man.  
Ghee 1½ seer “ “ “ “  
Coffee, Foolbareish, 1 piece, per annum, each man.
- Res. M. B. 11th Nov. 1808** Ordered, that the Garrison Store-keeper be informed, that the Military Board see no objection to the packing biscuit in Boxes, or flour in Madeira casks.  
(For directions as to the stowage of Salt Provisions, &c. for the Troops at the Eastern Settlements on ship board, *vide page 562.* ) Directions relative to the Stowage of Provisions.
- Res. M. B. 22d January 1804** Ordered, that the Garrison Store-keeper do report immediately, for the information of the Military Board, his receipt of orders, either direct from Government or any of the Departments by their Authority, for the issue of Provisions or Stores, in order that the necessary measures may be taken for the adjustment of the amount of such supplies. Receipts, Lists of Stores, &c. to be furnished by the Garrison Store-keeper on all occasions of issuing or dispatching Provisions, &c. on ship board or otherwise.
- Res. M. B. 5th October 1804** In order to obtain a more effectual check on the receipts and issues and re-delivery of Provisions and Stores, shipped on board Country vessels,—Resolved, that the following orders be transmitted to the Garrison Store-keeper.

Whenever the Garrison Store-keeper may receive orders from Government, from the Military Board, or from the Commanding Officer of Fort William, to victual Troops, Convicts, or others on board of Country ships, a list of the articles should be sent to the

Marine Board, with the view of enabling that Board to call on the Commander of the vessel to account for the said Provisions and Stores.

The Garrison Store-keeper is further directed to transmit invoices of all Provisions, Stores, &c. shipped in consequence of the Orders of Government, on board any of the Hon'ble Company's ships, to the Military Board, for the purpose of enabling that Board to transmit the same to Government, for transmission to the Presidency to which the ship may be destined.

Whenever supplies for the use of Troops on board transports are furnished under the Orders of the Military Board, lists in duplicate of such supplies are to be regularly forwarded to the Secretary to Government in the Military Department, for transmission to the Presidency for which the Troops are embarked, to enable the proper Officer there to adjust with the Commanders the account of supplies remaining unexpended on their respective ships. Res. M. B. 13th Dec. 1808

The several Officers from whose Departments such supplies may be made will therefore consider it their particular duty in future to furnish the Military Board with the requisite lists in proper time, with a view to their being regularly transmitted as above prescribed.

The Garrison Store-keeper is directed to furnish, on all occasions of sending supplies on board ships, lists of the Stores which he may have embarked, for the information of the Commanding Officers of the Troops for whom the supplies may be delivered, taking care to report to the Military Board where such lists shall have been sent. Res. M. B. 29th Oct. 1802

Ordered, that the Garrison Store-keeper be required to furnish the Accountant General with invoices of all supplies that may be furnished on the public account from his Department. Res. M. B. 21st May 1811

(By G. O. V. P. 2d January, 1810, the accounts of the Garrison Store-keeper of Fort William are directed to be verified on Oath half yearly. For the Form of Affidavit *vide Form No. 4, Chapter III.*

For the Provision of Supplies to Troops proceeding on Foreign Service *vide pages 18 and 19.*

For the Bottling and Dispatch of Hospital Wine, *page 335.*)

#### REGULATIONS FOR THE SUPPLY OF GRAIN, &c. TO THE NATIVE TROOPS AT THE EASTERN SETTLEMENTS.

The Vice President in Council, on consideration of the exorbitant price of all the necessaries of life at Prince of Wales's Island, Malacca and Bencoolen, has it in contemplation that the whole of the Native Troops of this Establishment, serving at those Settlements, shall be supplied with Rice, Dhol and Ghee from the Public Stores, for the average price at which those articles are procurable in Bengal. Proc. V. P. 10th and 30th Jan. and 6th February 1810

Supplies of Grain for the Native Troops at the Eastern Settlements, how to be provided and served out.

The Vice President in Council is pleased to determine, that the supplies for the Native Troops at the Eastern Settlements shall be provided by the Garrison Store-keeper.

The requisite supplies of Grain and Ghee are to be forwarded to Prince of Wales's Island and Fort Marlborough, from time to time, as opportunities may occur.

Government does not think it necessary, at present, to extend the privilege of purchasing from these Stores to the servants of the European Officers.

The supplies for the Native Troops will be received and issued by the Store-keepers, (Commisariat) at the different Settlements, under the Orders of the local authorities, and subject to the rates, &c. suggested, viz.

"The quantity of Rice, Dhol and Ghee, which each Native Commissioned Officer and Soldier is to be allowed to purchase, daily, from the Public Stores, is to be calculated according to the established Ration for Native Troops on board ship, and the same for each relative attached to him at the place, and to be charged at the following Rates, being the average Calcutta market price,

|      |    |                     |       |        |
|------|----|---------------------|-------|--------|
| Rice | 30 | Seers per           | Sicca | Rupee. |
| Dhol | 22 | Seers per           | "     | "      |
| Ghee | 2½ | Seers per           | Sicca | Rupee. |
| at   | 80 | Siccas to the Seer. |       |        |

The Grain and Ghee to be issued from the Public Stores weekly, every fortnight or monthly, at the discretion of Commanding Officers ; but in quantity not less than for a week, upon an indent to be signed by the Officer Commanding the Company, to which the men belong, and the Grain required is to be paid for immediately on delivery, without any account or reference to the Paymaster.

To secure this indulgence from abuse, the Officers of Companies should be most careful in their examination of the Indents for Provisions, and previously to giving them the sanction of their signature they should satisfy themselves that no more Grain, Dhol or Ghee is allowed to be purchased from the Public Stores than is bonâ fide required for the Troops and their Families.

It should moreover be announced to the Troops that any man, who shall be found to sell any part of the Provisions received by him from the Public Stores, will be severely punished."

| and 2 ditto,                                           |                                                         |

## CHAPTER XVIII.

*Army Cloathing and Off-Reckonings.**Regulations for the preparation of Cloathing for the several Descriptions of Troops by Agency, and Appointment of the Agents.**Bounty Cloathing under what circumstances allowed, and how prepared.**Directions to be observed in issuing the Cloathing to the Troops.**Rates fixed as Compensation in lieu of Cloathing that may not have been served, and how to be drawn for and paid.**Calculation of the Off-Reckonings of Corps of the Line, Independant Corps, &c.**Regulations to be observed in adjusting the Off-Reckoning Accounts ; in consolidating the surplus at the three Presidencies into a General Fund ; and in distributing the Shares to Officers of the Retired List and Colonels of Corps.**Provision of Cloathing for Provincial and Local Corps, and adjustment of their Off-Reckonings.*REGULATIONS FOR THE PREPARATION OF ARMY CLOATHING BY AGENCY; AND  
APPOINTMENT OF THE AGENTS.

**G. O. V. P.** **T**HE Vice President in Council having determined to establish a new system for the management of the Department of Army Cloathing by Agency, the following Regulations are published by order of His Excellency in Council.

**G. O. G. G.** The Cloathing of the Army to be made up under the superintendence of a Principal and a Deputy Agent; the former to be denominated Agent for Army Cloathing and to be stationed at Futtighur.

Establishment of Agencies for the preparation of Army Cloathing and appointment of the Agents.

**G. O. G. G.** The Cloathing of European and Native Corps is to consist of one coat according to the mufflers.

The Cloathing to be prepared in exact conformity to the established mufflers.

The twist, cord, lace, trimmings, with every other mark distinguishing the different Ranks on the mufflers, to be carefully observed; and the Cloathing to be prepared in every respect equal in size; and the materials to be equal in quality to the mufflers.

**G. O. C. F.** The several muffler coats forwarded from the Adjutant General's Office to the Divisions of Army Cloathing, and which were labelled as mufflers for Cloathing for the Year 1809, are to be considered as the established patterns for Army Cloathing for future years, and to be conformed to accordingly.

**Ext. Let. Adj. Genl.** "It is to be understood that the several muffler coats are intended, not only as mufflers of form and fashion, but also of the various descriptions and qualities of cloths and purpets, which are to be used in the Cloathing of Ranks and Classes respectively."

**G. O. G. G.** The qualities of the cloths of which the coats of the several Ranks are to be made shall be as follows:

Qualities of the cloth of which the coats of the different Ranks of Corps, respectively, are to be made.

**Ext. Let. Adj. General** No cloth, of quality superior to Superfine, is to be made use of for any Army Cloathing.

**HORSE AND FOOT ARTILLERY.****Horse and Foot  
Artillery.**Serjeant Majors, Drum and Fife Majors; Superfine cloth.  
Quarter-master Serjeants, Serjeants and Corporals; Fine cloth.

Trumpeters, Farriers, Drummers and Fifers; Aurora, with facings of ordinary blue cloth. 16th Jan'y, 1810

G. O. V. P.  
22d Decr 1809  
and 16th and  
16th Jan'y, 1810

Gunners and Matrosses; Ordinary blue cloth and facings of Aurora.

**EUROPEAN INFANTRY.****European In-  
fantry.**Serjeant Majors, Drum and Fife Majors; Superfine cloth.  
Quarter-master Serjeants, Serjeants and Corporals; Fine cloth.  
Drummers and Fifers; Ordinary cloth, with facings of Aurora.  
Privates; Aurora cloth.**NATIVE CAVALRY.****Native Cavalry.**

Serjeant Majors, Quarter-master Serjeants, Subadars, Jemadars and Trumpeter Majors; Superfine cloth.

Serjeants and Corporals; Fine blue cloth.

Havildars and Naicks; Fine cloth.

Troopers; Ordinary cloth.

Trumpeters and Farriers; Ordinary cloth, the colour of the Facings.

**GOLUNDAR CORPS.****Golundar Corps.**

Serjeant Major and Subadars; Superfine cloth.

Jemadars, Serjeant and Corporal; Fine cloth.

Naicks and Privates; Ordinary blue cloth, with Aurora facings.

Drummers; Aurora cloth, with facings of ordinary blue cloth.

**NATIVE INFANTRY.****Native Infantry**

Serjeant Majors, Drum and Fife Majors, and Subadars; Superfine cloth.

Quarter-master Serjeants and Jemadars; Fine cloth.

Havildars and Naicks; Aurora cloth.

Drummers; Ordinary cloth, the colour of the facings.

Privates; Lacca cloth, with facings of Purpet.

**GUN LASCARS.****Gun Lascars.**

Serangs; Fine cloth.

First and Second Tindals and Lascars; Ordinary blue cloth, with Aurora Facings.

**ORDNANCE DRIVERS.****Ordnance Drivers.**

Sirdars and Drivers; Ordinary blue cloth, with facings of Purpet.

**CORPS OF PIONEERS.****Pioneer Corps.**

Serjeant Major and Subadars; Superfine cloth.

Serjeants and Jemadars; Fine cloth.

Havildars, Naicks, Privates and Buglers; Ordinary cloth.

**CORPS OF MINERS.****Miner Corps.**

Sirdars of 1st Class; the same as Jemadars of Pioneers.

Sirdars of 2d Class; the same as Naicks of Pioneers.

Miners of 1st and 2d Class; the same as Privates of Pioneers.

**EUROPEAN ARTILLERY AND INFANTRY INVALIDS.****European Artillery and Infantry Invalids.**

The same as the corresponding Ranks of the Effective Artillery and Infantry.

## NATIVE INFANTRY INVALIDS.

Serjeant Majors ; Superfine cloth.

Subadars ; Fine cloth.

Jemadars and Havildars ; Aurora cloth.

Naicks and Sepoys ; Lacca cloth.

Drummers and Fifers ; Ordinary blue cloth, with facings of Aurora.

**Native Infantry  
Invalids.**

## QUARTER-MASTER'S ESTABLISHMENTS.

Serangs ; Ordinary green cloth.

Tindals and Lascars ; Green Purpet.

**Quarter-mas-  
ter's Establish-  
ments.**

**G. O. G. G.** The following articles are to be supplied to each Non-commissioned Officer and Pri-  
**4th Augt. 1809** vate of Horse Artillery, and to the European Non-commissioned Officers attached to  
**G. O. V. P.** Corps of Native Cavalry, from the Off-reckoning Fund.  
**15th Augt. 1809**

One Jacket,

One pair of Leather Gloves,

One pair of Boots,

One pair of Leather Breeches every two years.

A Helmet and a Cloak every three years.

One pair of Spurs to be furnished to each man, in the first instance only.

The Native Officers, Non-commissioned Officers and Privates of the Regiments of Native Cavalry are to be furnished from the Off-reckoning Fund, once in two years, each, with a pair of Leather Breeches.

Annually.

**Articles of  
Dress to be sup-  
plied to the  
Corps of Horse  
Artillery and  
Native Cavalry.**

**Proc. V. P.** The Vice President in Council approving of the suggestion of His Excellency the  
**5th Augt. 1809** Commander in Chief for the Helmets and Hats or Caps for the European Troops of the  
Hon'ble Company's Service on this Establishment being supplied from Europe, will cause  
the necessary application to this effect being made to the Hon'ble the Court of Directors.

(By General Orders by the Commander in Chief of the 7th November, 1811, Caps  
are directed to be prepared for Drummers of Native Corps by the Agents for Army  
Cloathing, and to be sent with the Cloathing.)

**Exr. Let. Adj.** " I am directed to express the desire of His Excellency the Commander in Chief that  
**Genl. 2d Novr.** the Military Board will consider it their exclusive province to keep an account of the  
**1811** receipt, issue and appropriation of all Military Stores, received from Europe, which may  
be chargeable to the Off-reckoning Fund, of the nature above mentioned ; viz. Leather  
Pantaloon, Hats, Caps and Helmets, &c. and that the Board will exercise its discretion  
in forwarding those supplies to the several Cloathing Agents or Magazines, at the proper  
periods, at the same time transmitting to this Office an account of all such dispatches  
for His Excellency's information."

**Helmets and  
Caps how to  
be furnished for  
the European  
Troops.**

**And for the  
Drummers of  
Native Corps.**

**The accounts of  
their receipt,  
distribution &c.  
to be kept by  
the Military  
Board**

**G. O. G. G.** The Cloathing for the whole Army to be made up in the different Divisions here-  
**30 Decr. 1811** after specified.

**G. O. V. P.** The 1st Division to consist of Cloathing for the Horse Artillery, the Corps of Go-  
**5th and 22d** lundaz, Pioneers and Miners, and for all Corps of Native Cavalry and Infantry, and  
**Decr. 1809** Establishments belonging to them, as well as for the Establishments of all European  
Corps, at and above Allahabad, including Bundelkund, Oude, Ceded and Conquered  
Provinces, and all Stations beyond the remotest of those Provinces, that may be occu-  
pied by Troops ; to be made under the immediate and personal direction and management  
of the Agent for Army Cloathing.

**The Cloathing  
to be prepared  
in two Divi-  
sions,**

**The 1st Divi-  
sion.**

The 2d Division to consist of Cloathing for all Corps, European and Native, The 2d Divi-  
Effective and Invalid, with their Establishments, at and dependant upon the Stations on.  
of Benarus, Danapoor, and Berhampoor ; including the Ramghur Battalion and Hill  
Rangers ; the whole of the European Fort Artillery, all the Gun Lascars attached ;  
the European Artillery Invalids and the Colundaz, at Prince of Wales's Island ; the  
whole of the Corps at Barrackpoor, Midnapoor, in the Province of Cuttac, and the  
Marine Regiment wherever stationed, together with the Cloathing required for the  
Quarter-master's Establishments of those Corps, and of His Majesty's Regiments at the  
Presidency ; to be made under the superintendence and direction of the Assistant Com-  
missary of Stores at Fort William, as Agent for the 2d Division of the Army Cloathing.

Copies of Letters from the Adjutant General to the Agents to be transmitted by them to the Military Board.

Resolved, that the Agent for Army Cloathing be directed to transmit to the Office of the Military Board copies of all letters he may receive from the Adjutant General respecting his Department; and to make this a matter of instruction to the Officer in charge of the 2d Division.

Res. M. B. 6th August 1811

Directions for the preparation and transmission of Indents for Cloathing.

Indents dated the 1st of January of each year for Coats, corresponding with the number of effectives in the several ranks borne on the Rolls of that date, are to be prepared annually, in duplicate, and to be signed by the Commanding Officers, and Battalion and Regimental Staff, as the case may require.

G. O. V. F.  
5th Decr. 1809  
G. O. C. C.  
13th Nov. 1810

One copy to be transmitted from Corps, respectively, to the Adjutant General's Office at the Presidency.

The Indents, after being examined and corrected, when necessary, will be countersigned by the Adjutant General, or Officer in charge of the Office at the Presidency, and thence forwarded to the Office of the Military Board for reference in passing the General Indents from the Agents for Cloathing and ultimately for deposit in that Office.

The other copy to be forwarded, in the first instance, to the Major of Brigade, or other Staff Officer in testimony of their being prepared according to the Rules prescribed, and to be by them then transmitted directly to the Agents for Divisions, respectively.

Indents for Cloathing are to be forwarded by Majors of Brigade or other Staff Officers, when received from Corps, to that Division of Army Cloathing to which the Corps will belong after the Relief in progress may be accomplished.

G. O. C. C.  
31st Decr. 1809

The following revised Form is to be strictly conformed to in the preparation of all future Indents for Cloathing. (*Vide Form No. 1.*)

G. O. C. F.  
20th Nov. 1810  
G. O. C. C.  
8th Decr. 1809

The Indents to be prepared on Foolscap Paper.

The Indents from Corps of Native Infantry to be prepared by Battalions.

A figured Abstract is to be tacked to each Indent, exhibiting the number of each Rank to whom compensation in lieu of Cloathing for the year preceding may have been issued during the year, previous to the receipt of Cloathing for the former year. Corresponding to the number of ranks, respectively, in this Compensation Abstract, will be the number of Coats included in the 2d transverse column of each Indent, under the head "Remaining in Store with the Corps."—A General Roll of all Casuals to whom Compensation shall have been issued for each year, with a statement of the amount annexed, is to be forwarded to the Adjutant General's Office, annually, with the Indent for Cloathing.

In cases where no Compensation may have been issued in lieu of Cloathing during the past year, the same is to be explicated in a memorandum at the foot of the Indent.

G. O. C. C.  
4th Nov. 1810

In preparing the Indents for Cloathing on the 1st of January, annually, according to effective strength of Corps on the 31st of December, it is to be understood that coats are to be indented for, for any vacancies in the ranks of Native Commissioned and Non-commissioned Officers that may have recently occurred, but which, owing to the remote situation of Corps from Head-Quarters, or other cause, may not have been filled up by promotion previous to the date of the Indent, and adverting to the deduction which the required promotions will occasion in the number of effective Privates, the entries in the Indents under the head of "Effective Strength on the 31st of December" are to be made with reference to such calculation, with a note explanatory of the difference between the Indent, in that respect, and the Returns of Corps for the month of December.

G. O. C. F.  
20th Nov. 1810

Upon this principle the Cloathing indented for in the ranks of Native Commissioned and Non-commissioned Officers will (inclusive of the coats for any of those ranks remaining in Store,) correspond with the fixed Establishment of Commissioned and Non-commissioned Officers of Corps respectively.

As explicit and ample directions on all points regarding the preparation and transmission of Cloathing Indents are contained in General Orders by the Commander in Chief under dates the 8th December 1809, and 20th November 1810, and those by Government of the 5th December 1809, and 13th November 1810,—the Commander in Chief will hold all Officers concerned strictly responsible for an exact compliance with those orders in the several points to which they relate.

G. O. C. C.  
4th Nov. 1811

- G. O. C. C.** 15th Dec. 1810 Representation having been made to the Commander in Chief, that in many instances the General Orders directing the transmission of the measures of all men above the common size to the Agents for Army Cloathing, with the Cloathing Indents of Corps, have been quite unattended to, by which means individuals of the above description have suffered material inconvenience, if not the entire loss of their Cloathing, the attention of Commanding Officers of Corps is again required to this object, and His Excellency will hold them strictly responsible for a due observance of the directions on this head.  
(Fide Form of Indent No. 1.) Measures of Extra sized men to accompany the Indents.
- G. O. P. C.** 18th May 1817 Regiments of Native Cavalry, instead of indenting for the Establishment or Complement of Corps, are to omit the proportions applicable to the Details borne on the strength of those Corps which are doing duty with the Body Guard of the Hon'ble the Governor General. Indents from Regiments of Native Cavalry to omit the Detail doing duty with the Body Guard.
- G. O. C. C.** 15th Nov. 1806 The Cloathing for the Details, both European and Native, attached to Gallopers with His Majesty's Regiments of Light Dragoons is to be included in the Indents for their Quarter-master's Establishments. Indents for the Galloper Establishment with H. M. Dragoon Regiments how to be prepared.
- G. O. C. F.** 20th Nov 1810 European Non-commissioned Officers and Privates, borne as Supernumeraries on the Rolls of the Artillery, Honble Company's European Regiment or European Invalid Companies, and employed as Garrison Staff Serjeants or in other Staff situations or out employs, are not to be included in the Cloathing Indents of those Corps; but Cloathing for all such Persons is to be separately indented for on the nearest Agent for Army Cloathing, by the Staff Officers under whose immediate authority they may be respectively placed.  
(The Indents to be prepared in duplicate and forwarded as directed for Indents from Corps.) European Non-commissioned, borne as supernumeraries how to be indented for.
- G. O. C. C.** 1 Nov. 1806 A General Indent is to be made out for the whole of the European Foot Artillery and Gun Lancers, (including the Independent Golundaz Companies at Prince of Wales's Island, &c.) and to be signed by the Commanding Officer and Major of Brigade. Indents for the Regiment of Artillery, Gun Lancers and Lancers attached
- G. O. G. G.** 29th Dec. 1810 The Governor General in Council is pleased to authorize the Officer Commanding the Marine Regiment to prepare and transmit, annually, on the 1st of January, Cloathing Indents for the full Establishment of each Battalion of the Regiment, without reference to the strength of that which may be on duty at the Islands for the time being. And for the Marine Regiment how to be prepared.
- G. O. C. C.** 31 Dec. 1811 It occurs to the Commander in Chief that, in consequence of General Orders by Government under date the 29th December, 1810, authorizing Cloathing for the full Establishment of both Battalions of the 20th Regiment to be indented for without reference to their strength on the 1st January, annually, it will occasionally happen that some portion of the Cloathing of the preceding year will remain unappropriated; whenever this may be the case, such surplus Cloathing is to be carried to the account of the following year, and deducted from the amount of the indent accordingly.  
The entry of such Cloathing is to be made under the head "Deduct remaining unappropriated of last Year's Cloathing"—and kept distinct from that which may remain in Store, in consequence of compensation paid in lieu of Cloathing during the preceding year.  
The Cloathing Indents of the 20th Regiment, as well as of all other Corps of Native Infantry, are in future to be prepared by the Commanding Officers of Battalions respectively, and transmitted to Bengal, when the Corps happen to be stationed beyond Sea, as soon after the 1st of January, annually, as may be practicable; duplicates thereof being always transmitted by the next subsequent opportunity. Periods at which the Indents of Corps leaving beyond sea are to be transmitted.
- G. O. V. P.** 5th Dec. 1809 From (the Cloathing Indents of Corps) General Indents for the Woollens, required on account of the Cloathing of each Division, will be framed by the Agents employed in the preparation of it, according to a Form to be furnished by the Military Board; and these Indents will be transmitted by the Agents, respectively, to the Military Board for the final sanction of Government. The Indents are to specify the quantities, in yards not in pieces. Indents and Estimates for the Woollens required by the Agents how to be prepared and transmitted
- Res. M. B.** 19th June 1810 The following Form of Indent, to be framed upon a Statement exhibiting the quantity of each description of Woollens actually requisite for the purpose for which they may be indented for, the quantity in store, and balance still required (with which last quantity

the Indent must of course correspond) are to be furnished to the Cloathing Agents for their future guidance and entered in the Standing Regulations of the Cloathing Department.—(For the Form of Indent, *vide Form No. 2*, and for the Form of the Statement No. 3.)

In order that a supply of Woollens, of the sorts and quantities required for the 1st G. O. V. P. Division, may always be lodged in store at Futtighur, the Agent for that Division will 5th Dec. 1850 transmit to the Military Board, in sufficient time to enable the Woollens to be dispatched at the commencement of the Rainy Season of each year, rough estimates framed on the Indents of the preceding year, of the quantity of Woollens which will be required for the Cloathing of the year following.

Any surplus that may remain will be transferred by the Agent to the Cloathing of the next ensuing year, and adjusted by the Committee for the examination and check of the Off-reckoning Accounts.

Timely applications to be made by the Agent of 1st Division for articles wanted from the Presidency.

The Military Board expect that by timely applications from the Cloathing Agent for all Res. M. B. 10th March 1850 articles required from the Presidency, it will never be found necessary to dispatch any articles, however trifling, by the expensive conveyance of Dâk Bangy.

A proportion of Woollens for one year's cloathing to be retained in the Import Warehouse.

The Import Warehouse-keeper will be instructed to retain in Store in future a proportion of Woollens equal to the preparation of one year's Army Cloathing, provided it Proc. G. G. 21st July 1850 shall appear, on reference to the Board of Trade, that no inconvenience would result therefrom.

Regulations for the delivery, custody, transmission, &c. of the Woollens.

The Officer in charge of the Import Warehouse will be empowered, on the receipt G. O. V. P. 5th Dec. 1850 of an intimation from the Military Board to that effect, to deliver the Woollens to the Agent for the 2d Division of Army Cloathing.

The whole of the Cloth is to be surveyed by a Committee of Officers, previously to its being removed from the Import Warehouse.

From the time the Woollens are delivered from the Import Warehouse they will be at the risk of the Off-reckoning Fund, and the Agents will be held responsible for any loss or damage that may happen from inattention or neglect on their part.

It will be the duty of the Agent of the 2d Division to superintend the package and transportation of the Woollens for the 1st Division, under the Rules hereafter stated.

The Cloathing Godown in Fort William will be assigned for the deposit of the Woollens until dispatched or delivered out for the preparation of Cloathing.

(The requisite number of Godown Stools are provided by the Barrack-master.)

The Woollens for the 1st Division are to be transported on Dacca Pulwars or good Woollacks of medium size, to be provided by the Agent for the 2d Division, and when laden are to be mpe ted by a Member of the Military Boards. A careful non-commissioned Officer or a Conductor of Ordnance (as opportunity may occur) is to be sent in charge of each dispatch of Woollens from the Presidency, and two careful Magazine-men from the Arsenal Establishment on board of each boat.—(The charges for boat hire to be submitted through the Military Board and debited to the Off-reckoning Fund of the year.)

Any charge that may be found indispensably necessary for the transportation of the Res. M. B. 20th Feb. 1850 Woollens, &c. from the boats to the Godown should of course be charged for in the Agent's accounts, subject to the prescribed ventilation.

The Woollens, on being received by the Agent, are to be surveyed by a Committee G. O. V. P. 5th Dec. 1850 of Officers.

The 2d Range of Artillery Barracks at Futtighur has been ordered to be put in repair and allotted for the use of the Cloathing Department at that Station.

Agreed to request Major Ainslie will immediately undertake the repairs of the spare Res. M. B. 24th Oct. 1850 and 9th and 23d Jan. 1850 Range of Artillery Barracks at Futtighur; tiling the whole of the building, and enclosing with Venetian doors and windows the north and south ends for an Office, Godown, &c.

Agreed to request the Commanding Officer at Futtighur will authorize Major Ainslie to repair two of the Serjeants' Bungalows in the vacant lines, for the accommodation of the two Serjeants in the Cloathing Department.

The expence of converting the Artillery Barrack into a workshop, &c. &c. is to be charged to the Off-reckoning Fund.

G. O. V. P. 5th Dec. 1809 The packing and transportation of the Cloathing, when made up, will constitute a part of the duties of the Agents of each Division respectively.

Regulations for the Package of the Woollens, Cloathing, &c.

Res. M. B. 15th May 1810 The Agent for the (2d Division) of Army Cloathing is instructed to apply for tin packing cases from the Arsenal, whenever he may have occasion to dispatch Hats, Caps, Helmets, &c. to the Agency at Futtighur, in order to protect them as much as possible from the ravages of Mice, or other destructive vermin, generally infesting Boats, also to see that the greatest attention be paid to their packages, so that they may not be exposed to injury from the wax cloth.

Res. M. B. 20th Mar. 1810 Resolved, that Captain Browne be requested to pack the Woollens in wax cloth and gunny as well as the Cloathing for Corps; and the Hats in boxes to be covered with gunny.

The contents of each bale and box to be always marked on the out-side, so as to prevent the possibility of mistakes.

Ordered, that the Agents be informed, that, by due attention to the opening of the bales and subsequent preservation of the wax cloth and gunnies, the expence of package, which will otherwise be a heavy burthen on the Off-reckoning Fund, may be reduced to a mere trifle in the next and following years, by proper arrangements for sending such articles of package back for future similar service; and that the Board have every confidence in the exertions of the Agents to promote economy in this respect.

Res. M. B. 14th Nov. 1810 Ordered, that Lieutenant Nugent be informed that the proposition contained in his letter relative to retaining the wax-cloth package of the Woollens for future use in packing the boats, when ready for dispatch to Corps, is entirely approved of.

Res. M. B. 3d May 1810 The Agent for Army Cloathing is directed to take measures for having the wax-cloth dispatched as package with the Cloathing, when transmitted to Corps, returned for future similar purposes.

G. O. V. P. 7th Dec. 1810 In order to prevent delay in the preparation of the Cloathing of each year, the Agents are authorized to commence the Cloathing immediately on the receipt of the Indents from Corps, &c. or as soon as the Cloathing of the preceding year is finished, without waiting for notice of their General Indents being passed by Government.

Directions to be observed by the Agents in the preparation of the Cloathing.

Res. M. B. 3d April 1810 The Cloathing Agents are required to keep a very particular and accurate account of the breadth of every piece of cloth received.

G. O. C. C. 25th Jan. 1807 The (Agents) are to attend particularly to the three distinct sizes of which the muster coats are prepared, and to furnish each Corps with an equal proportion of coats of the different sizes; and such of the Corps as may be at the Presidency (or at Futtighur) are to be allowed to send any men they may have of an extraordinary size, and whom the largest muster coats could not be made to fit, to the (Agent's) Tailors to be measured.

Extra-sized coats to be distinguished by a label, mentioning the persons for whom intended.

Spare cloth is to be left at the seams, in the same manner and to the same extent as in the muster coats.

G. O. C. C. 15th Dec. 1809 Small parties of Non-commissioned Officers and Privates are to be ordered by Commanding Officers of Corps, Stations, &c. on the application of the Agents, to attend for such a time as their presence may be necessary to assist in making up the Cloathing; and for this purpose, men, as often as required, are to be chosen of three medium degrees of size, viz. largest, middling, smallest, to afford constant opportunity for measuring and trying on the coats; whereby it is expected that the Cloathing will be well fitted, and not require any alteration when issued to Corps.

**Committees of Survey** are to be ordered from time to time on the application of the **G. O. V. P.**  
**Agents to report upon the Cloathing when prepared for Corps, previous to its being** 5th Dec. 1809  
 packed.

**How to be constituted; and Regulations for their guidance.** The Officer Commanding at the Presidency will be pleased to order a Committee, con- **G. O. C. C.**  
 sisting of a Field Officer President, and two Captains and two Quarter-masters belong- 13th Dec. 1808  
 ing to the Corps at Barrackpore, Members, to assemble for the purpose of making a particular and strict examination of the Cloathing, counting the number of coats, and comparing the whole with the muster coats of each Rank, which are to be furnished to the Committee; separate Reports in triplicate of the Cloathing for each Battalion are to be prepared, and one copy of each to be sent to Head-Quarters as soon as the Proceedings shall be closed.

Should any Cloathing be deemed objectionable by the Committee, it is to be marked with chalk, and separated from such as may be found in every respect agreeable to Muster. (For the Form of Survey Report *vide Form No. 4.*)

The Commander in Chief expects a scrupulous performance of the duty required from Officers who may be ordered on Committees of Survey on Army Cloathing; a duty which his Lordship has had frequent occasion to observe has been hurried over with much negligence and consequent injury to the public service.

In addition to the order of the 13th instant, the Committees will be very particular **G. O. C. C.**  
 in ascertaining that the Cloathing for all Ranks fully corresponds with the Musters, and 31st Dec. 1808  
 that the numbers of each agree with the Indents from Corps which are to be submitted to the Committee.

**The Cloathing at what periods and in what manner to be dispatched to Corps.** The whole of the Cloathing is to be completed and dispatched so as to be received by **G. O. V. P.**  
 Corps at their several Posts and Stations by the 20th October of each succeeding year. 5th Dec. 1809

Such Cloathing as it shall be necessary to convey by land carriage is to be dispatched generally so as to reach Corps on or before the 20th October, as above prescribed.

Cloathing to be conveyed by water is to be dispatched in all practicable cases as soon after it shall be surveyed as the season may be favorable, with reference to risk and distance. (Cloathing for Troops on Foreign Service is allowed to be transported on vessels freighted by Government.)

The Agents for Army Cloathing are directed to make it a rule to prepare the Cloathing **G. O. C. C.**  
 for the Troops at Lodhiana and in the Province of Cuttack prior to any other, and 15th Dec. 1809  
 to dispatch it by land carriage to those places, respectively, by the 15th April, annually, so as that it may reach its destination previous to the setting in of the Rainy Season; and when received by Corps at those places, it will, after Survey, be lodged in the custody of the Quarter-master (or Adjutant when no Quarter-master may be present) of each Corps, who will be responsible for its being duly taken care of until the 1st October, when it is to be issued to the Troops.

The Vice President in Council is pleased to sanction the employment of the public **G. O. V. P.**  
 carriage for the occasional transportation of the Cloathing, when it is not required for 5th Dec. 1809  
 any other public purpose.

This arrangement is intended merely as a relief to the Off-reckoning Fund, and will not be allowed to impose any additional expence upon Government; the cattle and carts are therefore never to be diverted from the immediate purposes of those Establishments, to be employed in the Cloathing Department.

The Commander in Chief is requested to issue such orders as he may judge proper to secure the punctual observance of this rule.

When this means of transportation is not available, Hackeries are to be hired by the Agents for the conveyance of the Cloathing, and the Agents will be careful to regulate the package of the Cloathing, with reference to the description of Carriage to be employed.

Tarpaulins of suitable sizes are to be provided by the Agents to guard against injury from the weather to the Cloathing on its progress to Corps.

**Establishment, salary, &c. of the Agents.** Two European Non-commissioned Officers to be attached to the 1st Division, and one to the (2d Division) of Army Cloathing, with an additional Staff allowance of 14 Rupees each per month.

G. O. C. C. The Agents are directed to make enquiries for proper and useful Non-commissioned Officers for the duties of the Cloathing Department; and to transmit their names to Headquarters.  
17th Dec. 1809

G. O. V. P. The Agents are permitted, until further orders, to charge separately for such expence as shall be actually incurred by them, respectively, on account of Office Establishments, to be verified, like the rest of their disbursements, on oath.  
5th Decr. 1809

G. O. G. G. The Office Establishments (of the Agents for Army Cloathing) are limited to the actual expence, which is never to exceed the sum of Sicca Rupees 120 per mensem. Instead of a fixed Salary the two Agents are each to receive an equal dividend with the Colonels entitled to share in the surplus Off-reckonings: (the Agent for the 1st Division receiving the pay, full batta, gratuity and tentage of his Regimental Rank; and the Agent for the 2d Division, pay, full batta and gratuity as Assistant Commissary of Stores.)  
3d Dec. 1811

G. O. V. P. The Vice President in Council is pleased to authorize the Agents of the 1st and 2d Divisions of Army Cloathing to correspond with the Officers and Departments hereafter specified, free of Postage, on all matters relating to the concerns of their respective Departments, as Agents for Army Cloathing. Their letters to be superscribed "on the Service, Cloathing Department:—"  
27th Feb. 1810

Their public correspondence to be exempted from Postage.

Adjutant General.

Military Secretary to the Commander in Chief.

Military Paymaster General and Paymaster at the Presidency.

Military Auditor General.

Secretary to the Military Board.

Commanding Officers of Corps, and their Staff, comprehended in the Division of each Agent respectively.

Brigade Majors or Public Staff Officers of Stations within the Division of each Agent, respectively. Agents for Army Cloathing. Import Warehouse-keeper.

Barrack-master at Cawnpore. (The Agent for the 1st Division only.)

Officers Commanding Detachments of Artillery from the Presidency, agreeably to a List to be furnished to the Postmaster General by the Brigade Major of Artillery. (Agent for the 2d Division only.)

G. O. V. P. All advances of cash on account are to be made to the Agents for Divisions, respectively.  
5th Dec. 1809

Advances of Cash how to be made; and amount of security required from them.

M. C. 1st July 1793 The different accounts of advances made to the Cloathing (Agents) shall be checked by the Military Paymaster General previous to their being laid before the Off-reckoning Committees.

G. O. V. P. The Agent for the 1st Division is to furnish two good and sufficient securities to the amount of Sonat Rupees 50,000, and (the Agent for the 2d Division) to the amount of Sonat Rupees 25,000; to secure the Off-reckoning Fund from loss.  
5th Dec. 1809

The Accounts of the Agents for Cloathing are to exhibit distinctly the actual average expence of a coat of each Rank, and the quantity of cloth and other materials which may be used.

Their Accounts how to be prepared, vouched and transmitted.

Res. M. B. Resolved, that the Agents for Army Cloathing be directed, on submitting their annual Accounts, to accompany them with general Statements exhibiting the quantities and descriptions of Woollens received in their respective Divisions during the year, and the number of Coats furnished, agreeably to the receipts of Corps to be laid before the Off-reckoning Committee.  
16th June 1810

G. O. V. P. The Accounts are to be closed on the 31st of December of each year, and transmitted to the Office of the Military Paymaster General at the Presidency, for the purpose of being laid before a Committee of Officers, which is to be assembled annually at the Presidency on the 1st of February, for the adjustment of the Off-reckoning Accounts of the preceding year.  
5th Dec. 1809

The Agent at the Presidency is to attend the Committee, when required, to afford it every information that may be wanted regarding the concerns of the Cloathing Department.

**BOUNTY CLOATHING UNDER WHAT CIRCUMSTANCES ALLOWED; AND HOW TO BE PREPARED.**

Bounty cloathing is allowed to new Levies, but not to Recruits entertained to fill vacancies.

The first Cloathing of all new raised Corps of Native Troops shall be furnished at the expence of the Company, but nothing is to be allowed for Natives introduced to fill up vacancies. M. C. 21<sup>th</sup> October 1786

Articles of Bounty Cloathing supplied to Native Troops detached to the French Islands.

Indents for Bounty Cloathing for the additional Troopers authorized for the several Regiments of Native Cavalry, by General Orders of the 26<sup>th</sup> February, 1803, are to be transmittted to the Adjutant General's Office at the Presidency.

(By General Orders by the Governor General in Council of the 1<sup>st</sup> August, 1810, Woollen Watchcloaks and Pantaloonns were authorized to be issued gratuitously to the Native Volunteers proceeding on Service to the French Islands.) G. O. C. C. 3<sup>th</sup> Sept. 1809

Bounty Cloathing for European Recruits how to be prepared.

The Vice President in Council resolves that the Bounty Cloathing, supplied to European Recruits on their first arrival from Europe, shall be prepared by the Agent for Army Cloathing at the Presidency, upon Indents according to the number of men, with which he will be furnished by the Town Major of Fort William. G. O. V. P. 27<sup>th</sup> Feb. 1810

The Cloathing of European Recruits is to be fitted at the Presidency, labelled, and then packed and sent to the Corps to which the Recruits are ordered, under the charge of the Officer who may have charge of them. G. O. 1<sup>st</sup> May 1787 and 24<sup>th</sup> March 1788

(For Bounty Cloathing to European Recruits entertained in India, and for the articles of Half Mounting furnished to all European Recruits on their being enrolled, *vide* pages 166 and 171.)

The Cloathing Agents to provide all Bounty Cloathing;

Their Accounts how to be charged.

The Vice President in Council resolves that such Bounty Cloathing, as may be required hereafter, be prepared by the Agent in whole Division the want occurs. G. O. V. P. 27<sup>th</sup> Feb. 1810

The Agents are to maintain separate accounts for Bounty Cloathing, and to transmit them from time to time for Audit, through the Office of the Military Paymaster General, without waiting for the annual adjustment of the General Accounts of the Off-reckoning Fund, to which the expence of Bounty Cloathing is not chargeable.

**RULES TO BE OBSERVED IN ISSUING CLOATHING TO THE TROOPS.**

Directions for the Survey and Issue of the Cloathing when received by Corps.

As soon as Cloathing shall be received by the Corps for which it is intended, it is to be immediately surveyed by a Committee, to be nominated from the Senior Officers present, Reports whereof are to be prepared in triplicate; one copy to be transmitted to the Adjutant General at Head-Quarters, one to the Agent by whom the Cloathing may have been prepared; and the other to be deposited with the Public Records of the Corps. G. O. C. F. 24<sup>th</sup> Nov. 1810

(For the Form of Survey Report *vide* Form No. 4.)

All coats remaining in Store, in consequence of compensation in lieu thereof having been paid for 1809, are to be added to the Cloathing for 1810 to Officers and Men then present who were borne on the Returns on the last day of that year; and in like manner are the coats remaining in store to be appropriated for each succeeding year.

Under the arrangements now adopted for the preparation of the Cloathing of the Army it is expected that it will be made up in such a correct manner, as to obviate the necessity of any alterations on its being issued to the Troops. No expence therefore for altering and fitting the Cloathing of Corps will be henceforward allowed. G. O. V. P. 3<sup>th</sup> Dec. 1809

The 1<sup>st</sup> day of November in each year is the day on which the Army is to put on its new Cloathing. G. O. 17<sup>th</sup> May 1787  
G. O. C. F. 20<sup>th</sup> Nov. 1810

When new Cloathing shall be issued to the Troops, the circumstance, with the date of issue, is to be reported upon the back of the Monthly Returns of the Corps for the month in which the Cloathing shall have been issued to the Troops.

**REGULATIONS FOR THE PAYMENT OF COMPENSATION WHEN CLOATHING IS NOT SERVED.**

**M. C. 30th** In cases when the Annual Cloathing is not issued to Corps, an equitable compensation is to be made in lieu of it.  
**May 1796**

**G. O. 17th** Compensation in lieu of Cloathing is regulated by the price of Cloathing in the different Ranks respectively.  
**May 1787.**

**G. O. G. G.** The Governor General in Council is pleased to direct, that the rates of Compensation in lieu of Cloathing for the Army on this Establishment be henceforth calculated in Sonat Rupees.  
**24th Nov. 1810**

When the cloathing is not issued, Compensation in lieu thereof is to be granted.

Amount of compensation how regulated; and rates fixed for the several Corps of the Army.

His Lordship in Council, adverting to the introduction of one uniform system of Cloathing for the whole of the Native Infantry on this Establishment, is pleased to sanction the following revised Rates of Compensation in lieu of Cloathing to be paid to all the Corps of the Army, including the Hill Rangers and the Ramghur Battalion.

*Revised Statement of the Rates at which Compensation in lieu of Cloathing is to be paid to the several Corps composing the Army.*

Compensation in lieu of cloathing to be paid to all men who may die, or be discharged or transferred from Corps, respectively.

The Governor General in Council, in order to facilitate the adjustment of claims for Cloathing, has been pleased to establish the following Regulations :

G. O. G. G.  
26th Feb. 1867

In all cases of casualties arising from death, discharge, transfer to other Corps, or to the Non-effective Establishment of any European Non-commissioned Officer or Private, or of any Native Officer or Soldier, of Cavalry, (Golundaz,) Infantry, Pioneers, Artillery Lafcars, (or Ordnance Drivers) to whom Cloathing may be due ; the Officer Commanding the Corps in which such casualty occurs shall draw from the Paymaster of the Station, in separate Abstracts for each year, accompanied by a Roll of the Names and Rank of the Persons to whom Cloathing is due, the value of such Cloathing, according to the (prescribed) Rates ; (*vide page 601*) which he shall pay to the Officers or Soldiers discharged or removed, or to the Heirs of deceased Soldiers on their receipts, prior to their quitting the Corps.

In no case are Native Troops to be allowed to quit the Corps to which they may be attached, until their claims shall have been adjusted.

The Governor General in Council, with a view to prevent any misconception of the General Orders dated the 26th February last, authorizing Compensation in money being paid in lieu of Cloathing to European or Native Troops, who may die, be discharged, or transferred, deems it to be proper to notify, that those orders are to be understood as admitting the claim to Compensation to those individuals only, who have been on the strength of their Corps a complete year, or from the 1st January to the 31st December of that year for which Compensation may be drawn ; and not for any broken periods over and above the full year or years for which Cloathing may be due.

G. O. G. G.  
4th Aug. 1867

The Paymasters of Stations shall enter all payments, made on account of Arrears of Cloathing to European or Native Troops, on a separate Account, a copy of which, accompanied by the Abstracts as vouchers, they shall regularly transmit to the Military Paymaster General, who will carry the whole to the Annual Debit of the Off-reckoning Fund for the years specified in the Abstracts.

G. O. G. G.  
26th Feb. 1867

An Annual Roll of Casualties, to whom compensation may have been paid, to be transmitted with the Cloathing Indent.

A General Roll of all Casualties to whom Compensation shall have been issued for each year, with a statement of the amount annexed, is to be forwarded, annually, on the 1st January with the Indents for Cloathing, to the Adjutant General's Office, and in the column of Remarks, in each Roll, is to be inserted the cause of casualties, and in all cases of discharge the reason is to be stated.

G. O. G. G.  
20th Nov. 1867

When Caps are not issued to the European Troops, compensation in lieu thereof is to be granted.

The number of Hats or Caps received from Europe for the European Troops serving under this Presidency, having proved inadequate to the supply of several of the Non-commissioned Officers, Drummers and Privates entitled to receive that article of dress with the Cloathing issued for 1869, the Governor General in Council is pleased to grant Compensation in lieu of Hats to such of the Troops as have not received that part of their Cloathing for 1869.

G. O. G. G.  
15th Feb. 1869

Claims to Compensation under the foregoing orders are to be transmitted by Command.

ing Officers of Corps to the Committee of Off-reckonings now sitting, in order that the amount due to each individual may be ascertained and submitted through the regular channel to Government.

Ext. G. O. C. 11th Dec. 1807. In pursuance of the Orders of Government, granting Compensation to the Army in lieu of Cloathing for the year 1807, the Officer Commanding at the Presidency will be pleased to order a Committee of Officers to assemble at the Presidency for the purpose of adjusting the claims of the several Corps of the Army to Compensation in lieu of Cloathing for the year 1807, in the discharge of which duty the Committee will proceed with all practicable expedition, entering on the examination of the several documents that will be furnished on the occasion, according to priority of receipt, without waiting until the whole shall have reached the Presidency.—(The public correspondence of the Compensation Committees is exempted from postage. *Vide page 608.*)

Committees for the adjustment of compensation in lieu of Cloathing to the Army how to be formed.

The Commander in Chief is pleased to direct that the following Rules be strictly attended to, in preparing the necessary documents for adjusting the claims of the Army to Compensation in lieu of Cloathing for the year 1807; according to which all Officers concerned are directed to prepare the necessary Rolls and Abstracts, and to transmit them with all practicable expedition, addressed to the Committee for adjusting the claims to Compensation in lieu of Army Cloathing for the year 1807.

Regulations for the preparation of compensation on Rolls & Abstracts in Corps of the Line.

#### CORPS OF THE LINE.

*First.*—All men now present with Troops or Companies, who were borne on the Polls of any Troop or Company in Regular Corps on the 1st of January, 1807, and who have not been out of the Service during the year 1807, are entitled to Compensation in lieu of the Cloathing for the whole of that year, and the necessary remarks are to be inserted against their names accordingly, as exemplified in the accompanying Form No. 5.

*Second.*—All Recruits entertained, or men who may have been received from Provincial Battalions, or other Independant Corps, into Regular Regiments of Native Cavalry and Infantry, between the 31st December 1806, and the 1st of January 1808, who are now present with Troops or Companies, respectively, are entitled to Compensation in lieu of Cloathing, only for the number of months they were borne on the Rolls of Regular Corps, during the common year 1807, and the necessary remarks are to be carefully inserted against their names, accordingly, as exemplified in the accompanying Form No. 5.

*Third.*—Commanding Officers of Corps being authorized, by the Orders of the Governor General in Council of the 26th February and 4th August, 1807, to draw Compensation in lieu of Cloathing for men who may have died, been discharged, or transferred to other Corps; no men coming under those descriptions are to be drawn for in the documents now required, and their names are to be omitted in the Rolls and Abstracts accordingly.

*Fourth.*—All Recruits arrived from Europe and men entertained in India for the European Artillery and European Infantry Corps, during the year 1807, having received Bounty Cloathing for that year, are not (conformably to the usage which has hitherto obtained in the Service) entitled to Compensation in lieu of Cloathing for 1807, and are to be omitted in the Rolls and Abstracts accordingly.

*Fifth.*—In order to avoid unnecessary trouble and confusion, no men's names are to appear on the Rolls but such as are actually entitled to Compensation for the whole or part of the year 1807, as mentioned in the 1st and 2d Paragraphs.

*Sixth.*—The Rolls to be carefully examined and countersigned by the Adjutant, the Quarter-master, and Commanding Officer of each Regiment of Native Cavalry, Artillery, European Infantry, and of each Battalion of Native Infantry, previously to their being transmitted to the Committee.

Quarter-master's Establishments, Cavalry Galloper Establishments, and other Departments entitled to Cloathing, are to be drawn for upon the principles prescribed for Troops and Companies.

Quarter-master's Establishments, &c.

#### FIRST AND SECOND BATTALIONS OF NATIVE INFANTRY INVALIDS.

*Seventh.*—All men now present with the 1st and 2d Battalions of Native Infantry Invalids, who were borne on the Rolls of those Corps on the 1st January, 1807, and whose names appeared effective on the Rolls during the whole of that year, are entitled to

And in the Invalid Corps.

Cloathing for the whole of the common year 1807 ; and the necessary remarks are to be inserted against their names accordingly.

*Eighth.*—Men now present who may have been invalided from Regular Corps and transferred to the 1st and 2d Battalions of Invalids, during the year 1807, are to be drawn for in the Invalid Corps, as Invalids, only for the number of months they may have been borne on the Rolls of those Corps in that year ; and separate Rolls and Abstracts are to be made out by the Officers Commanding the Invalid Corps for the Arrears, if any, which may appear to be due to such men from their former Corps, conformably to the certificates with which they were directed to be furnished, by the General Orders of the 12th June, 1806, as well as for any intermediate periods.

These rules are also applicable to the Companies of European Artillery and Infantry Invalids.

When the amount of compensation shall have been adjusted by the Committee, statements thereof are to be furnished to Corps respectively.

The Governor General in Council directs the following Statements of Compensation, in lieu of Cloathing for 1807, to be published for the information of the Army ; and the Paymasters of Corps, respectively, are directed to pay the amount of each Abstract therein stated, to the Commanding Officer of the Troop or Company to which it appertains. G. O. G. G.  
8th Dec. 1806

His Lordship in Council is further pleased to direct the Committee for the adjustment of Off-reckoning Accounts and of Compensation in lieu of Cloathing, of which Colonel Marley is President, to explain by letter to Commanding Officers of Corps the nature and causes of any alterations which may have taken place in the sums originally stated in the Abstracts of Troops or Companies of their respective Corps.

As soon as the Statements directed to be transmitted to Commanding Officers of Corps, explanatory of the alterations made by the Committee for adjusting the claims for compensation in lieu of Cloathing, shall be received by Commanding Officers respectively, they will transmit the Abstracts for payment to their respective Paymasters, and issue the amount of Compensation to all individuals concerned without delay, reporting in the Monthly Returns of Corps the date of issue, and period for which compensation shall be paid. G. O. G. G.  
8th Feb. 1807

Directions for the issue of the Compensation to the Troops.

The compensation to the Native Troops to be paid in money, subject to their own disposal ; that for the European Troops to be issued under the authority of Commanding Officers, respectively, either the whole or a part in cash, and a proportion to be appropriated for the supply of such necessaries as may be requisite and useful to the men. G. O. G. G.  
10th Dec. 1806

Reports of the arrangements that may be proposed, with respect to the appropriation of the Compensation in European Corps, are to be previously submitted for the approbation of the Commander in Chief.

#### CALCULATION OF THE OFF-RECKONINGS OF THE ARMY, AND REGULATIONS FOR THE DISTRIBUTION OF THE SURPLUS.

Off-reckoning Fund how constituted.

The Off-reckoning Fund consists of the stoppages made monthly from the full pay of Non-commissioned Officers and Privates of European Corps ; and of Native Commissioned, Non-commissioned Officers, and Privates of Native Corps. M. C. 2d Apr.  
1786

Rates of Off-reckonings of the several Corps.

*Rates of Monthly Off-reckonings fixed for the different descriptions of European and Native Troops.*

Horse Artillery.

G. O. G. G. 15th Apr. 1804 The Off-reckonings of the several Corps of the Army, Regular and Irregular, including the European and Native Invalids, and all Local and Independent Corps forming a part of the Military Establishment of this Presidency, are to be calculated by the Military Auditor General and Adjutant General jointly.

The amount of the Off-reckonings of the Army, how to be calculated and brought to the credit of the Fund.

G. O. V. P. 5th Dec. 1809 These calculations will be formed according to the number of effectives borne on the Rolls of the 31st of December of each year.

M. C. 3d Apr. 1788 The Amount of the Fund, when adjusted, is to be reported by the Adjutant General and Auditor General to the Governor General in Council, and the Auditor General shall acquaint the Paymaster General of the same, for the purpose of his bringing the

Off-reckonings of the year to the debit of Charges Military, and to the Credit of the Fund upon the Books of his Office.

Allowances to be made from the Fund for articles of cloths extra to the Regimental Coat allowed to all Corps.

(For the Annual Allowance from the Off-reckoning Fund to European Non-commissioned and Privates and to Drummers of Native Corps, *vide page 170.*)

For the Annual Allowance for the provision of a Head Drefs to the Native Commissioned, Non-commissioned Officers and Privates, &c. of Native Cavalry; and for the provision of Leather Breeches, *vide page 264.*

For the different articles to be supplied to European Non-commissioned and Privates of the Corps of Horse Artillery and Native Cavalry *vide page 593.*)

10 per Cent. to be charged the Fund upon the price of Woollens, Caps, &c. imported from Europe.

The existing Orders of Government direct that an advance of 10 per cent. on the invoice cost of the Woollens supplied for Army Cloathing, including the  $\frac{1}{2}$  per cent. for charges, be charged to the Off-reckoning Fund. Proc. M. B. 17th July 1810

The Governor General in Council is pleased to determine that an advance of 10 per cent. be charged on the invoice price of the caps, &c. that may be supplied for the use of the European Troops of the Hon'ble Company's Service. Proc. G. G. 25th Aug. 1810

All expenses incurred for Boats, Buildings, Establishments, &c. in the Cloathing department to be charged to the Fund.

The whole sum for the hire of Boats for the transportation of the Woollens (to Futtighur) is to be chargeable to the Off-reckoning Fund. Proc. V. P. 5th Dec. 1809

(All expenses required for buildings, wages of establishments, &c. &c. at the Cloathing Agencies are chargeable to the Off-reckoning Fund.)

Cloathing for the Troops on Foreign Service how to be transported.

Resolved, that all Cloathing for Troops on duty at the Islands, or elsewhere at a distance from Bengal, be transported under the directions of the Agent, and at the risk and expence of the Off-reckoning Fund, Government allowing the Cloathing to be shipped on their freighted vessels free of charge. M. C. 19th Dec. 1796

Advances for the current expenses of the Cloathing Department how to be made.

All advances for the purpose of providing the Cloathing of the Army, as well as for discharging the arrears (of Compensation in lieu of Cloathing) shall be made upon special orders of the Governor General in Council, and paid by the Military Paymaster General, charging these advances to the debit of the respective Off-reckoning Funds. Ext M. C. 3d April 1789

The surplus of the Off-reckoning Fund is retained by Government, until the distribution thereof is made to the Officers entitled to receive the same.—(For the proportion to be paid annually in advance, *vide page, 610.*)

The surplus of the Fund will be retained by Government until the final distribution of shares can be made.

The Governor General in Council does not assent to the proposition for allowing an Account of Interest to be made out annually between Government and the Off-reckoning Fund. M. C. 20th July 1789

Period at which the Off-reckoning accounts are to be annually closed, and a Committee assembled for their adjustment.

The Governor General in Council has determined that the Off-reckoning Accounts shall be closed hereafter on the 31st December, annually. G. O. G. 10th Oct 1806

Resolved, that a Board of Officers, not under the rank of Captain, do assemble annually at the Presidency, for the examination of the Accounts of the Agents for Cloathing the Army; (*vide page 599*) and that the said Board do report to the Commander in Chief such alterations in the Cloathing as shall appear to them to be necessary for the good of the Service. M. C. 11th Oct 1785

Allowances to the Committee for Writers, Stationery, &c. &c.

The Committees for the adjustment of Off-reckonings for the year 1805, assembled at Barrackpoor, are permitted to charge in a contingent bill the salary of a Writer at 25 Rupees per month, and the bonâ fide disbursement on account of Stationery expended by them. Proc. G. G. 9th Apr. 1807

Their Public correspondence to be exempted from Postage.

The Vice President in Council is pleased to extend the indulgence of exemption from Postage to the Official correspondence of the Off-reckoning and Compensation Committee: their letters being superscribed "Off-reckoning or Compensation Committee for the year, , and signed in the usual manner, with the Name, Rank and Corps of the President of the Committee. G. O. V. P. 20th Feb. 1810

G. O. V. P.  
18th March 1810

The Vice President in Council directs that the following Extracts from the Proceedings of the Committee appointed by his Excellency the Commander in Chief on the 21st August, 1809, of which Colonel Marley was President, for the Adjustment of Outstanding Claims against the Off reckoning Fund for periods anterior to the 1st January, 1806, be published in General Orders, viz.

Adjustment of the Off-reckoning Fund of the Presidency of Bengal to the 1st January, 1806.

Total Amount now in the Pay Department to answer outstanding claims against the General Off-reckoning Fund for periods anterior to the 1st January, 1806.—Sa. Rs. 3000.

Total Amount of outstanding claims admitted by the Committee against the General Off reckoning Fund of this Establishment for periods anterior to the 1st January, 1806, including the allowance for Writers and Stationery for two months and twenty days, at Forty Sa. Rs. per month,—Sa. Rs. - - - - - 2656 13 3

Surplus to be carried to the credit of the General Off-reckoning Fund for the year 1806,—Sa. Rs. - - - - - 343 2 9

All claims that may be in future preferred against the General Off-reckoning Fund for periods anterior to the 1st January, 1806, are to be transferred to the Off-reckoning Accounts of the year 1806, to which year the surplus balance has been credited.

Ex. Let. C. D.  
10th April 1803

After mature deliberation we have resolved on the following arrangement for distributing the Off-reckonings.

Regulations for the formation of a General Off-reckoning Fund of the three Presidencies, and specification of the Officers entitled to share.

The Off-reckonings at all the Presidencies are to be thrown into one General Fund.

Each of the Generals or Colonels upon the Retired List is to be allowed the sum of £.543-15 per annum from the Off reckoning Fund, in addition to the full or half pay they may be entitled to, according to the length of their actual service in India.

The remainder of the Off-reckoning Fund is to be divided among the Colonels of Brigades of Cavalry, Regiments of Infantry and Battalions of Artillery.

G. O. G. G.  
14th April 1804

The Governor General in Council orders and directs, that the Off-reckonings of the several Regular Corps of the Army of this Establishment, viz. the European (Horse and Foot) Artillery; (Companies of Independant Golundaz,) Gun Lascars (and Ordnance Drivers) attached; European Infantry; European Artillery and Infantry Invalids; Regiments of Native Cavalry and Native Infantry; (Corps of Miners; Provincial Battalions and other temporary local Corps; vide page 611) be thrown into one General Fund.

The surplus, after all expences of making, packing, and transporting the Cloathing, shall have been defrayed, shall be ascertained in the usual manner by a Committee, for the adjustment of the Cloathing Accounts of the Army. From the amount of such surplus Off-reckonings, the sum of £. sterling 543 15, to be calculated at the established rate of exchange, viz. 2-s. 6-d. the Sonat Rupee, shall be appropriated to each of the nine Officers placed on the Retired List from this Establishment; and the remainder shall be divided amongst the Colonels of Brigades of Cavalry, of Battalions of Artillery, and of Regiments of European and Native Infantry, in equal proportions, according to the periods of time they shall have been in those situations, respectively.

M. C. 16th Jan-  
by 1796

The full benefit of a share in the Off-reckonings as Colonel is assigned to the Officer who shall be appointed to succeed to the command of a Regiment, from the date of the resignation or death of his predecessor in the command of the Regiment; and the same rule extends to the succession to the command of Independant Corps.

Period from which Officers become entitled to share in the Fund on their Promotion.

Let. C. D.  
20th Apr, 1805

The Officers last mentioned (Colonels) are allowed to reside in Europe with their shares of Off-reckonings, and their Pay, subject always to the Court's Orders for their return to their duty in India; and, if they decline to do so, they are to relinquish their shares of Off reckonings, and retire from the Service on their pay, only.

Conditions upon which Colonels residing in Europe may retain their shares.

When an augmentation of the Armies in India takes place, encreasing the General Fund, the shares to the Colonels above mentioned in the Service are to be augmented, accordingly; on the other hand, if the Armies be reduced so as to diminish the General Fund, their shares are to be reduced in proportion, it being our intention that whatever surplus remains after providing for the Retired List, in the manner stated, is to be divided among the Colonels who continue in the Service.

Any augmentation or reduction of the Army is not to affect the shares of the Officers on the Retired List.

If a reduction in the number of Regiments takes place, the Colonels of the reduced Regiments are not, hereafter, to participate in the Off-reckonings, until, by vacancies occurring, they are reinstated in the command of Regiments.

Colonels of Regiments that may be reduced are not to share, until reinstated in the Command of Regiments.

Two thirds of the amount of the Shares to be paid annually in advance.

As it appears proper that the Off-reckonings of the Colonels entitled to share in the Off-reckoning Fund should be paid to them within a reasonable time after they become due; and it appearing also, from the distribution of Off-reckonings lately published, that the average of a Colonel's share for a year may be calculated to amount to about 7000 Sicca Rupees;—Resolved, that, whenever it shall happen that the Cloathing Accounts are not adjusted by the end of three months after the expiration of the year, that a proportion of the above sum, viz. Sicca Rupees 4,500, be paid to each Colonel entitled to a full share in the General Off-reckoning Fund; and proportionately to Officers entitled for broken periods, leaving the balance to be adjusted by the Off-reckoning Committee.

M. C. 16th July 1799

If any alteration should take place in the establishment of the Army, so as to effect the share of Colonels, either by an increase or decrease thereof, in any material degree, the proportion to be paid in advance is to be regulated accordingly, and so as never to exceed two thirds of the estimated profits of the year.

A list of the Colonels and of the advance they are respectively entitled to receive, on G. O. G. G. account of Off reckonings, shall be prepared by the Military Auditor General and laid before Government on the 1st of June, annually. 2d April 1807

Shares how paid to Officers in India,

And in Europe.

The shares allotted for Colonels of Brigades, Regiments, or Battalions, who are in India, will be paid to them, or to their Agents duly authorized to receive the amount, according to the present practice: a proportion of the shares of such of the Colonels as may be in Europe, equal to £.500, will be paid to them annually in England; the remainder of the shares of those Officers will also be paid by the Honourable the Court of Directors whenever the amount of the annual shares of the Colonels of this Establishment shall be communicated to the Honourable Court. G. O. G. G. 12th April 1804

The certificates of the dates to which the Off-reckonings of Colonels, proceeding to Europe, shall have been paid, are to be furnished in triplicate by the Military Paymaster General: one of the certificates is to be delivered to the Officer whom it concerns, the other two are to be transmitted by the Secretary to Government for the purpose of being forwarded to the Honourable the Court of Directors.

The Vice President in Council being of opinion that any deviation from the general rule, for the payment of shares of Off-reckonings to Colonels in India and in Europe, might lead to confusion in the accounts, and be otherwise objectionable, is precluded from admitting the arrears of Off-reckonings due to Major General Baillie, up to his departure from Bengal, being made payable in India. P. C. V. P. 2d April 1810

Regulations for consolidating the surplus of the Off-reckonings of the three Presidencies & ascertaining the amount of the respective shares

We have in our former dispatches noticed the great delay that occurs in adjusting the annual Off-reckoning Accounts at the several Presidencies, and trust that means will be adopted for remedying the inconveniences resulting therefrom in future. This becomes the more necessary by the plan now prescribed, because it will be impossible to make the distribution correctly, before a general account of the surplus at all the Presidencies is formed.

1st. C. D. 22d April 1807

The annual accounts of the Off-reckoning Fund will continue to be examined as heretofore by a Committee of Officers, who, after adjusting all charges for preparing, packing and transporting the Cloathing, and all other incidental claims upon the Fund, will be pleased to state on their proceedings the gross amount of the surplus Off-reckonings of each year, and also furnish a list of Officers entitled to share, noticing particularly thereon all Casualties, but without proceeding to make any division of shares.

G. O. G. G. 2d April 1807

The surplus of the Off-reckonings of each year, beginning 1st of January and ending the 31st of December, will then be carried to the account of the General Fund; and as soon as an account of the surplus Off-reckonings, accompanied by the necessary list of Officers entitled to share in the Off-reckonings of the corresponding year, shall be received from the Presidencies of Fort St. George and Bombay, it shall be the duty of the Military Auditor General to prepare and submit to the Governor General in Council, with the least possible delay,

First,—A statement of the Surplus Off-reckonings of the three Presidencies forming the General Fund.

*Second.*—A statement of the sums to be appropriated to the General Officers of the three Presidencies placed on the Retired List.

*Third.*—A statement of the remainder of the surplus Off- reckonings to be divided among the Colonels of the Regiments of Infantry and Cavalry, and Battalions of Artillery.

Ext G. O. G. It will be necessary to transmit annually to the Hon'ble the Court of Directors, at as early a period of time as may be practicable, a statement of the total surplus of Off- reckonings of the General Fund, with a list of the names of all the Colonels entitled to shares of the surplus Off- reckonings for the year, specifying the amount each Colonel is entitled to receive.

G. O. G. G. The surplus Off- reckonings of the Presidencies of Fort William, Fort St. George, and Bombay for the years 1803 and 1804, having been drawn into a General Fund for each of those years, conformably to the Orders of the Hon'ble the Court of Directors, the Governor General in Council is pleased to direct that the statements prepared by the Military Auditor General of the distribution of the surplus Off- reckonings for those years among the Officers of the three Presidencies entitled to share therein, and the statements of the surplus Off- reckonings of the Independant Corps of this Presidency, shall be published in General Orders for the information of the Army.

Adjustment of the accounts of the General Fund to the 1st of Jan. 1805.

Ordered, that the Military Paymaster General be directed to take measures for the payment of the amount of the surplus Off- reckonings for the years 1803 and 1804; and that of the Independant Corps, due to the several Officers belonging to this Presidency.

The Off-reckoning Accounts of the Corps of Golundaz, Pioneers, Ramghur Battalion, Hill Rangers and Native Invalids, are to be kept distinct, and the Amount of the Shares paid at the same periods as those of the Corps of the Line

M. C. 30th Jan. 1797 G. O. G. 8th July 1808 G. O. 18th July 1799 The Off- reckonings of the Battalions of Native Invalids, Ramghur Battalion, Bhaugulpore Hill Rangers, (Corps of Golundaz and Pioneers) are to be kept distinct from the General Fund, and distinct from each other, and the surplus to be appropriated to the respective Commanding Officers. (The same rules obtain for the payment in advance, and for the final adjustment of the Off- reckonings of the Independant Corps, as are applicable to Corps of the Line.)

Rules to be observed in the payment of the Off- reckonings and preparation of Clothing of Local and Provincial Corps.

G. O. 18th July 1799 The Officers respectively entitled to the profits on the Cloathing of the Body Guard of the Governor General, the Escorts with the Residents at Hyderabad, (Poonah, Nagpoor) and at the Court of Doulut Rao Scindea, the Calcutta Native Militia (and Provincial Battalions while in charge of the Officers who at present command them), being their own Agents for the supply of the Cloathing of their several Corps, and constituting, therefore, in themselves the only check upon the accounts of the person who makes the Cloathing up for them:—Resolved, that they shall be entitled to draw from the Military Paymaster General the whole amount of the computation of stoppages for each year as soon as they shall produce to the Military Auditor General certificates of the Cloathing having been provided by them, and actually served out to their respective Corps; deducting therefrom the value of the cloth received from the Import Warehouse, and which may be obtained upon a duplicate draft from the Military Paymaster General, in exchange for which a receipt is to be given.

The certificate to be produced shall be expressed in the following terms, and signed by the following persons.

For the Escorts of Residents by the several Residents respectively.

For the (Governor General's Body Guard and) Calcutta Native Militia by such Officer of the Governor General's Staff as he shall please to direct.

#### FORM OF THE CERTIFICATE.

This is to certify, that the Cloathing for the year——, for the (expressing the Corps) has been provided by (here insert the Officer's name) and has been served out on the (insert the date).

(Signed) A. B.

G. O. G. G. 3d Dec. 1811 The Governor General in Council is pleased to determine that the Cloathing of the Provincial Battalions in Bengal, as vacancies shall occur in the command of those Corps,

shall be provided by the Cloathing Agency, under the Regulations of the Regular Service, for the benefit of the Off-reckoning Fund ; and to extend the same system to any other temporary local Corps which the public service may require.

Bounty Cloath-  
ing granted to  
them on the  
first formation.

(By G. O. C. C. 24th April, 1806, Bounty Cloathing is authorized for the Escort to the Resident at the Court of Scindeah.

Bounty Cloathing is allowed to Provincial Battalions on their first formation ; vide page 363.)

| A. B. Captain Commanding the Company.                                                                                                                                             |                         |                                                                                                          |                                                            |        |     |                     |     |     |

## CHAPTER XIX.

*Regulations having reference to the Civil Authorities—Establishment of Military Buzars, &c.*

*Directions to be observed by Officers proceeding in charge of Troops, Stores, &c. through the Districts under the Jurisdiction of the Hon'ble Company, or by Water; also in furnishing Troops and Escorts to the Civil Authorities; and in cases of applications from Military Officers to Magistrates, &c.*

*Establishment of Regimental and Station Buzars.*

*Regulations for their supply and superintendence; for the Controul and Government of Persons therein residing; for the Regulation of the Police, &c. and for defining the Powers of the Civil and Military Officers in the performance of those duties.*

---

DIRECTIONS TO BE OBSERVED BY OFFICERS PROCEEDING, BY LAND OR BY WATER, IN CHARGE OF TROOPS OR STORES, IN APPLYING TO THE CIVIL AUTHORITIES FOR SUPPLIES, &c. &c.

Timely notice to be given to Collectors and Magistrates, by Officers Commanding Detachments, proceeding through any part of the Company's Territories.

II. **W**HENEVER a Detachment of Troops, or a single Corps, shall be ordered to proceed, by land or by water, through any part of the Company's Territories, the Commanding Officer of such Detachment, or Corps, is required to give the earliest practicable notice to the Collectors of the Revenue of the Zillahs, through which the Troops are to pass, of the probable time of their arrival within such Districts respectively; together with information of the probable period of their arrival at the particular places where supplies may be required, and a specification of the supplies which will be wanted. The Commanding Officer will likewise notify to the Collectors the probable periods of the arrival of the Troops at the rivers or nullahs, intersecting their march, where boats or temporary bridges may be necessary for crossing the Troops, and the baggage attached to them. The Commanding Officer will, at the same time, communicate to the Magistrates of the Zillahs, through which the Troops are to pass, the probable time of the arrival of the Troops within their respective jurisdictions.

A. D. 1806.—  
Reg. XI.

In what manner the Collector shall proceed, on receiving the above notice.

III. *First.*—On receiving the notification mentioned in the foregoing section, the Collector shall immediately issue the necessary orders to the Landholders, Farmers, Tehseeldars, or other persons in charge of the lands through which the Troops are to pass, for providing the supplies required; and for making any requisite preparations of boats or temporary bridges, or otherwise, for enabling the troops to cross such rivers or nullahs as may intersect their march without any impediment or delay. The Collector shall, at the same time, depute a creditable Native Officer to accompany the Troops through his jurisdiction, for the purpose of aiding in procuring the necessary supplies, and of facilitating the march of the Troops. It shall also be the duty of such Native Officer to provide the Troops with whatever bearers, coolies, boatmen, carts and bullocks, may be indispensably necessary to enable the Troops to prosecute their route. Should he experience any difficulty in the performance of this duty, he is at liberty to apply for assistance to the nearest Police Officer, who is directed to afford his aid in providing the number of persons, and of carts and bullocks, required.

Police Officers to assist in providing Bearers, Coolies, Boatmen, Carts, and Bullocks.

At what rates, supplies furnished to the Troops shall be paid for.

Commanding Officers to make immediate enquiry into

*Second.*—The supplies furnished under the foregoing clause (including earthen pots, firewood, and every article of supply) shall be paid for by the persons receiving the same, at the current bazar prices of the place at which they may be provided; and all Officers commanding Detachments of Troops, or single Corps marching through any part of the Company's Territories, are enjoined to make immediate inquiry into any complaints

which may be preferred to them by the persons furnishing such supplies, or in their behalf against any person or persons under their command, and to afford such redress to the complainants as the nature of the case may appear to require.

complaints preferred to them against persons under their command.

**IV. First.**—Whenever a detachment of Troops, or a single Corps, shall be provided with boats, temporary bridges, or other accommodations, by any Landholder, Farmer, Tehseeldar, or other person, conformably to the orders of the Collector of the Zillah, for the purpose of crossing the Troops and their baggage over rivers or nullahs, the Commanding Officer of such Detachment, or Corps, will grant a certificate to the person furnishing the same, specifying the number of boats and persons employed, the burthen of each boat, and how long employed on the public service. In instances in which temporary bridges may be constructed for the above purpose, the certificate to be granted by the Commanding Officer is to specify, generally, the dimensions of the bridges and the materials of which they may be composed.

Certificate to be granted by the Commanding Officer, when Troops shall be provided with boats, bridges, or other accommodations, under this regulation, to enable them to prosecute their route.

**Second.**—The certificate mentioned in the foregoing clause shall be immediately transmitted to the Collector of the Zillah, by the person receiving it, accompanied by a detailed account of the expense incurred for the purposes therein specified. The Collector shall, without delay, communicate the particulars of the account to the Officer commanding the Detachment, or Corps, on whose account the expense may have been incurred, who shall certify, generally, thereon, whether the services charged for in it were performed, or shall state such exceptions as he may have to offer to any of the charges.

**Third.**—When the account above mentioned shall be returned to the Collector, he shall certify, whether the sums and rates charged in it are, in his opinion, reasonable, and conformable to the usual rates of labor and hire in the Zillah; and shall transmit the account, with the vouchers and certificates relating to it, with any requisite observations thereupon, through the prescribed channel, to the Governor General in Council. After the account shall have undergone the examination and report, prescribed for all military contingent charges, the Governor General in Council will pass such final order as may appear proper. In the mean time the Collector is empowered, in such cases, to pay the amount of the charge, or such proportion of it as he may consider reasonable, to the Landholder, Farmer, or other person entitled thereto; inserting the amount so disbursed by him at the foot of his treasury account, in explanation of his treasury balance, in the mode prescribed for similar cases.

**V. First.**—Whenever a proprietor, farmer, tenant or manager of land, through which any Detachment, or Corps, of the Company's Troops may march, or on which they may be encamped, shall consider himself entitled to compensation for any injury sustained from the march, or encampment of the Troops, he shall immediately furnish the Commanding Officer of such Troops with as accurate a statement as can be prepared of the nature and extent of the injury sustained; when the Commanding Officer is required to certify generally thereon, whether or not the damage represented to have been sustained has been actually committed, together with his opinion respecting the justice and extent of the claim.

In what manner Landholders, and other persons farming or holding land, are to proceed, who shall have sustained any injury from the march or encampment of Troops.

**Second.**—If the proprietor, farmer, tenant, or manager, after receiving such certificate, shall consider himself entitled to compensation, he will be at liberty to present the statement of his claim, with the Commanding Officer's certificate thereon, to the Collector of the Zillah (either in person or by his vakeel) within ten days from the date of the certificate; but no claim of this description shall be received by the Collector, after the expiration of that period, unless the person preferring it shall assign good and satisfactory reason for the delay. The Collector, on receiving a statement of the damage, and the Commanding Officer's certificate thereon, within the prescribed period, or afterwards, if sufficient reason be assigned for the delay, shall forthwith adopt such measures as may appear requisite to ascertain whether or not the claim be well founded; and shall report his proceedings to the Board of Revenue, accompanied by his opinion on the merits of the claim, for the consideration and orders of Government. It is however declared that no claim will be received, unless accompanied by the prescribed certificate of the Commanding

Certificate to be granted by the Commanding Officer on such occasions.

Officer of the Troops by whom the damage may be stated to have been committed ; excepting in instances in which the claimant can shew good and sufficient cause for not having obtained such certificate. In such cases, if the Collector shall be satisfied with the cause assigned by the claimant for not having obtained the prescribed certificate, he shall transmit the petition and statement of the claimant to the Officer commanding the Troops by whom the damage may be stated to have been committed, and shall wait his reply thereto previously to determining whether or not the claim be entitled to investigation.

In what manner the Magistrates are to act, on receiving the notification mentioned in Section II.

VI.—Immediately on receiving the notification mentioned in Section II. the Magistrates shall transmit orders to the several Police Darogahs or other local Officers of the Police, through whose jurisdiction the Troops are to pass, to afford every assistance in their power to facilitate the march of the Troops through their respective jurisdictions, and to co-operate, as far as may be necessary with the person deputed on the part of the Collector, in procuring the requisite supplies ; as well as in adjusting any disputes which may arise respecting the prices of the articles furnished, and in preventing any alarm to the Inhabitants of the Country.

Reports to be made by Officers commanding Troops on their march through the Company's Territories, by the Collectors, and by the Magistrates for the information of Government.

VII.—Officers commanding Detachments of Troops, or single Corps, on their march through any part of the Company's Territories, are already required, by the General Orders, issued under date the 1st of February, 1788, to report to the Commander in Chief, in what manner the Troops have been supplied, in passing through the Districts lying in their route. In like manner, the Collectors are directed to report to the Board of Revenue, and the Magistrates to report to the Nizamut Adawlat, for the information of the Governor General in Council, any complaints which may be made to them of the misbehaviour of the Troops, when such complaints shall appear to be well founded, and of sufficient importance to require communication to Government.

Directions to be observed by Officers proceeding in charge of Troops or Stores by water, and by the Magistrates respectively, in applying for and furnishing Coolies, Dandies &c. and for preventing the Commission of Irregularities by the Troops or their Followers.

Officers commanding Detachments of Troops, as well as Officers, Conductors or other Persons in charge of stores, proceeding to the Upper Provinces by water, are directed to pay the strictest attention to the various orders which have from time to time been published to the Army, for the conduct of Detachments marching through the Country or proceeding by water, particularly to the latter part of the Regulations of the Governor General in Council of the 26th May, 1790, and to the General Orders of the 11th June, 1799, (*vide page 144*) for securing the Inhabitants of the Country from molestation or oppression, and prohibiting Sepoys, Lalcairs and public followers being sent into Villages for the purpose of procuring Provisions and of pressing Coolies and Dandies.

The different Civil Officers of Government being instructed to furnish every assistance to forward Fleets of Boats employed in the Public Service, and to provide for the wants of the Troops embarked on and of the people attached to them, such assistance will always be afforded on proper application from the Officer or person in charge of Boats to the Magistrates or Collectors, or to their respective subordinate Native Officers, in the different Towns and Villages remote from the Residence of the principal Civil authority in the District, and to whom Officers and persons in charge of Fleets of Boats will accordingly apply when requiring assistance, either in men, or supplies of any kind. Such applications are to be accompanied by the amount of the hire of the Dandies, Coolies, &c. and the value of the articles required, in order to obviate the necessity of having recourse to forcible measures, and all pretences for retarding the public service.

And, with a view to enable the Magistrates of Districts situated on either banks of the Rivers Hoogly and Ganges to take timely measures for forwarding an object of such importance to the public interests, as the transportation of Stores and Supplies for the Service of the Army, Officers and Conductors in charge of Fleets of Store Boats are hereby directed in all cases to give previous notice (in the manner prescribed respecting Troops proceeding by land, (*vide page 614*) to the Magistrates and Collectors, of their approach, and what assistance, if any, they are likely to require, and in what particular places ; in order that the necessary instructions may be sent to the Police Darogahs and Head-men of Villages on the banks of Rivers to afford the same.

Magistrates will report the names of Officers commanding Detachments proceeding by water, or in charge of Fleets of Store Boats, by whose Soldiers, Lalcairs or Followers any acts of violence to the persons, or of injury to the property of the Inhabitants, may have been committed, in order that due investigation of the same may be made.

G. O. G. 9  
5th July 1806

The Magistrates, whose local knowledge will enable them to judge where the progress of the boats is most likely to be impeded, and where the extraordinary aid of their authority may more particularly be required, will, on the receipt of the above notification, take measures accordingly.

All Officers are reminded of the serious responsibility that will attach to them for any abuse of the authority with which they may be entrusted, or for any exertion of illegal power; they will report to the Magistrates any instances of neglect or inattention on the part of the Police Darogahs or Head-men of Villages, but by no means interfere in the exercise of their duty, or use any authority whatever over them; and in the event of any detriment or delay arising to the public service, or of having any well-founded cause of complaint, after they shall have given the notice prescribed by these Orders, they are to represent the same for the information of Government through the usual and regular channel.

Regulation. No. 1.  
A. D. 1866

VIII.—Whenever any Military Officer, not Commanding, nor proceeding with a Corps, or Detachment of Troops, or any other person, (whether European or Native) not sanctioned by Government from passing through the Country, may be proceeding within any part of the Company's Provinces, either on the public service, or on his private affairs, and shall be in need of assistance, during his route, to enable him to prosecute his journey, he shall be at liberty to apply to the nearest local Officer of Police to aid him in providing any requisite bearers, carts, or bullocks, or any necessary supplies of provisions, or other articles. On receiving an application of the above nature, the Police Officer to whom it may be made shall furnish the aid required, or cause it to be furnished by the proper person or persons; provided that a sufficient number of persons who have been accustomed to act as bearers, coolies, or boatmen, or the requisite number of carts and bullocks, not exclusively appropriated to the purposes of agriculture, and occasionally let for hire, can be procured within his jurisdiction. But all Police Officers are strictly forbidden, under pain of dismissal from Office, (under the rules prescribed by Regulation V. 1864,) on applications of the above nature, to compel any persons not accustomed to act as bearers, coolies, or boatmen, to serve on such occasions, or to furnish a traveller, or cause him to be furnished, with bullocks or carts, kept for private use and not for hire, or exclusively appropriated to the purposes of agriculture. Persons so employed, and the persons in charge of carts and bullocks so provided, shall be at liberty to return from the first Police Station in the next Zillah, through which the Corps or Detachment is to march, unless a voluntary engagement to the contrary may be entered into by such persons. The Police Officers are further enjoined to be careful, that a proper compensation for the bearers, coolies, boatmen, carts or bullocks, employed, and a just price for the provisions or other articles provided, be secured to the persons entitled thereto. For this purpose, the Police Officers are authorized to adjust the rate of hire to be paid for the bearers, coolies, boatmen, carts, or bullocks, required, and the price of any articles provided; as well as to demand, that the whole, or a part, according to the circumstances of the case, be paid in advance. Should any traveller refuse to comply with the adjustment or demand so made by a Police Officer, he will not be entitled to any assistance from the Officers of Government under this Regulation.

Police Officers are empowered in cases of necessity to assist travellers in prosecuting their route.

In what manner such assistance shall be afforded.

On what conditions assistance will be afforded to travellers.

IX. *First*.—The rules contained in the following clauses, which have been already established in the Province of Benares, by Sections LXVIII. and LXXII. 1795, are hereby extended, with amendments, to the whole of the Territories under this Presidency.

*Second*.—All persons, whether European or Native, within the Company's Provinces (excepting such privileged persons as the Government may specially exempt from the operation of the rule contained in this section) are positively forbidden to dress any of their servants, either for the purpose of parade or of business, in the uniform of the Company's Sepoys and Lascars, or in a dress so nearly approaching to that uniform as to enable the persons wearing it to impose themselves on the Country people for Sepoys and Lascars.

Prohibition against private servants appearing dressed like Sepoys and Lascars, with certain exceptions.

*Third*.—All natives, excepting those actually in the Military Service of the Company, or belonging to persons specially exempted by Government from the operation of this rule, are forbidden to wear a dress similar to that mentioned in the foregoing clause.

The above rule extended to all natives, with certain exceptions.

Officers are not to clothe their public servants with a military dress.

Native Officers, with certain exceptions, forbidden to wear the military dress, except when employed in the public service.

What Officers are empowered to deprive of a military dress any person who shall wear it in opposition to these orders.

All persons, to whom escorts may be allowed, are forbidden to send sepoy or lascars into the villages to procure provisions, or to press bearers, coolies or boatmen.

No person, excepting the Officers of Government, to distinguish his servant with badges.

The Magistrates to apprehend and deprive persons of their badges who shall wear them contrary to the above prohibition.

**Fourth.**—Officers of every description, employed in the Service of the Company, who are allowed establishments of Burkundauzes, Peons, and Pykes, in their official capacity, or who may have occasion to employ persons of any of those descriptions, in such capacity, are prohibited from clothing them with a Military dress.

**Fifth.**—Native Officers and Sepoys, excepting Subadars, Jemadars, and Serangs, even though in the Service of the Company, who may temporarily reside or have occasion to travel in the interior parts of the Country, unless employed on the public service, are forbidden to wear their uniform coats.

**Sixth.**—With the view of giving full effect to the orders contained in the preceding clauses, the Military Commanding Officers of Stations, and of Detachments, in the interior parts of the Country, and the several Zillah and City Magistrates, are hereby authorized and required to deprive of a Military dress any person who shall wear it contrary to these orders, (unless it shall appear that such person is in the Military Service of the Company) in which case he shall be sent to the Corps to which he may belong, with a written complaint against him. The local Officers of Police are also empowered and directed to apprehend all persons of the above description, and to send them to the Magistrate, who will deal with them in the manner above prescribed.

**Seventh.**—Military Officers, or other persons, to whom escorts may be allowed, when travelling through the Country by land, or proceeding by water, are forbidden to send Sepoys or Lascars into the Villages, for the purpose of procuring any sort of provisions, or of pressing bearers, coolies, or boatmen. Every local Officer of Police, upon application, will, under Section VIII. of this Regulation, grant such assistance as he may be able to afford; and all violent measures, therefore, will be considered equally illegal and unnecessary.

**Eighth.**—No person shall be allowed to distinguish his Burkundauze, Peons, Pykes, or other servants, with badges, except the Public Officers (Civil or Military) employed in the Service of the Company, who are allowed Establishments of Burkundauze, Peons, or Pykes, in their official capacity, or who may have occasion to employ persons of those descriptions, in the public service. The several Zillah and City Magistrates are empowered and directed to apprehend any person, (not being in the service of a Public Officer of the Government authorized to entertain such servants) who shall wear a badge in opposition to the prohibition contained in this clause, and to deprive him of the badge. The local Officers of Police are authorized and directed to apprehend persons of the above description, and to send them to the Magistrate, by whom the offender will be dealt with as above directed. Any European, not being a Public Officer of the Government to whom any of such descriptions of Public Servants are allowed, employing badged peons, or other descriptions of servants wearing badges, contrary to this prohibition, will be liable to the severe displeasure of Government, on representation of the circumstances of the case by the Magistrate who is directed to report all such instances, for the information and orders of the Governor General in Council.

#### REGULATIONS RELATIVE TO FURNISHING MILITARY GUARDS AND ESCORTS TO THE CIVIL AUTHORITIES.

Rules for the guidance of the Civil Officers in applying for guards and detachments from the regular corps of the Army, and for the guidance of the Military Officers commanding Corps in such cases.

Applications to be made in writing, stating the service to be performed,

**XIII.**—It being necessary, in consequence of the reduction of the Provincial Battalions in the Upper Provinces, that rules should be established for the guidance of the Magistrates, and of the other Civil Officers in the several Zillahs, in applying for Guards or Detachments from the regular Corps, for the support of the Police, or for other duties connected with their public situations, and likewise for the guidance of the Military Officers commanding the Corps, from which such Guards or Detachments are to be furnished: the following rules have been accordingly enacted.

**XIV. First.**—Whenever the Magistrates may require Detachments of Troops from the regular Battalions, for the apprehension of public offenders, or for the maintenance of the peace in their respective Districts, they shall state in writing, as fully and circumstantially as may be practicable, the nature of the service required to be performed, to the Officer commanding the Corps or Companies, from which the Detachment is to be sur-

furnished; leaving it to the commanding Officer, on a consideration of the circumstances stated, to judge of the strength of the force which should be employed in the execution of the duty in question.

and the Military Officer to determine the force required for such service.

**Second.**—The power vested in the several Magistrates by the foregoing rule, being founded upon the nature and exigency of the case, which may frequently require promptitude and decision, and will seldom admit of a reference to Government, it shall be the duty of Officers commanding Corps and Detachments immediately to furnish the necessary Military aid, whenever applications may be regularly and publicly made to them by the Magistrates, for Troops, for the maintenance of the peace, or for the support of the General Police of the Country. By those means, the responsibility of calling in the aid of the Military will rest with the Civil Magistrates; and the allotment of the force will depend upon the Officers commanding the Troops, who are not, however, on occasions of this nature, to exercise any discretion in granting or withholding the required aid. But as it is, at the same time, essential to restrict the employment of Military force to cases of absolute necessity, the Magistrates are hereby enjoined to confine their requisitions for Military force to cases of that description, and to report to Government, whenever they may apply for Military aid, under the rule contained in this section; at the same time, furnishing the Governor General in Council with the necessary information respecting the circumstances upon which the application for such aid may have been grounded.

Civil Magistrates responsible for calling in the aid of the Military, in cases of emergency, and Military Officers not to exercise any discretion in granting or withholding such aid.

**Third.**—The Officers commanding Troops, by whom such Detachments may be furnished, in pursuance of the applications of the Magistrates, shall immediately transmit the necessary reports thereof to the Commander in Chief.

Military Officers to report their compliance with such applications to the Commander in Chief.

**XV. First.**—The permanent Guards, required by the Magistrates, by the Collectors of the Land Revenue and Customs, by the Commercial Residents, and by any other Public Officers authorized to require such guards for the protection of the public treasuries, stores, or other property, shall be in future furnished in the Ceded and Conquered Provinces from the regular Battalions. The Civil Officers requiring permanent Guards shall accordingly state, fully and circumstantially, the nature of the service necessary to be performed, to the Officer commanding the Corps from which the guards are to be furnished. On receipt of such information, the Commanding Officer shall furnish guards of such strength as he may deem necessary, provided that no public objection shall occur to a compliance with the application, and that he shall be satisfied that the Civil Officer from whom the application may have been received was entitled to make it by the general rules and usages of the Service. But as the same necessity does not exist for vesting the Magistrates and other Public Officers, in cases of this nature, with the extensive powers entrusted to the Magistrates in the cases described in Section XIV. of the present Regulation; the Commanding Officer shall be at liberty, in case he shall deem it necessary or proper, on any public grounds, to suspend compliance with the application, and to refer the case to the Commander in Chief, who will forward the representation to Government for its decision, or pass such orders on the subject as may appear to him to be proper. With the view likewise of preventing abuse of the powers vested in the Civil Officers, in applying for guards from the regular Battalions, the Magistrates and other Officers in the Judicial Department shall, on the receipt of the present Regulation, transmit to the Governor General in Council a statement of the permanent Guards employed or required by them; for his consideration and orders. In like manner, the Officers in the Revenue and Commercial Departments shall transmit to the Board of Revenue, and Board of Trade, a statement of the permanent Guards required by them in the discharge of the duties of their respective Offices; and the Board of Revenue and Board of Trade shall forward the statements required, from the Officers acting under their authority, with any remarks which they may deem necessary for the consideration and orders of Government.

Rules for supplying the permanent guards required by the several Civil Officers.

**Second.**—When the permanent Guards required by the different Officers in the Civil Department of the Service shall have been fixed under the rule contained in the preceding section, no augmentation shall be made in the number or strength of such guards without the express sanction of the Governor General in Council. (For Regulations for the Inspection and Reports of Guards employed in the Civil Department, vide page 68.)

guards not to be increased without the previous sanction of Government.

Rules for furnishing Civil Officers with temporary escort.

XVI.—The temporary Escorts which may in future be required by the Magistrates, by the Collectors of the Land Revenue and Customs, by the Commercial Residents, and by any other Public Officers authorized to require Military aid, for the remittance of treasure, of other public property, or for other purposes connected with their respective official situations, are in future to be furnished in the Upper Provinces from the regular Battalions; the Civil Officer requiring any such Escort is, accordingly, to state fully and circumstantially the nature of the service necessary to be performed, to the Officer commanding the Corps, from which the required Escort is to be furnished. On receipt of such information, the Commanding Officer shall furnish an escort of such strength, as he may deem necessary, for the performance of the duty in question; provided that no substantial public objection shall occur to a compliance with the application, and that he shall be satisfied that the Civil Officer, from whom the application may have been received, was entitled to make it by the general rules and usages of the Service. But if not, the Commanding Officer shall be at liberty to suspend compliance with the application, and to refer the case to the Commander in Chief, who will forward the representation to Government for its decision, or pass such orders on the subject as may appear to be proper.

Escorts to be furnished to Judges of Circuit.

"In obedience to the orders of His Excellency the Commander in Chief, Commanding Officers of Stations are directed to furnish to the Judges of Circuit, when passing through their Districts, a guard-consisting of 1 Jemadar, 2 Havildars, 2 Naicks, and 30 Sepoys, which will, as usual, be regularly relieved, agreeably to the General Orders on that subject."

Ext. Let. Adjt. Genl. 5th Nov. 1808

And to the Commissioners for the Settlement of the Ceded & Conquered Provinces.

The Escort on duty with the Commissioners for the Settlement of the Ceded and Conquered Provinces is to be increased to one hundred Rank and File, with the usual proportion of Native Commissioned and Non-commissioned Officers; and Lieutenant Dundas, of the 24th Native Infantry, is appointed to do duty with the above Escort.

G. O. C. C. 30th Oct. 1808

Provision for the trial and punishment of Military guards in charge of convicts by Martial Law, in certain cases.

X. *First*. The rules contained in the following clauses, which have been already established in the Ceded and Conquered Provinces by clauses Fifth and Sixth, Section XIV. Regulation VIII. 1805, are hereby declared to be in force throughout the rest of the Company's Territories under this Presidency.

Regulation 180

*Second*. Provision is made by Section VI. Regulation II. 1799, for the punishment of guards in charge of convicts who may have escaped, and, in certain cases, for committing of holding such guards to bail for trial before the Court of Circuit. This provision is extended to guards in charge of prisoners who may escape from their custody, whether before or after conviction; but shall not be considered applicable to military guards from the Provincial Battalions, (while such Battalions continue subject to Military Law) or from any regular Corps of the Army. Whenever it shall appear to the Magistrate, that a guard furnished from any of the regular Battalions, from any Provincial Battalion, or from any other Corps subject to Martial Law, has been guilty of wilful neglect in guarding the prisoners under his charge, or of connivance at the escape of any prisoner, or of any other act of criminal nature, in the discharge of his duty, the Magistrate shall cause the offender to be delivered over to the Officer commanding the Provincial Battalion, or the Detachment to which he may belong, with a charge in writing, that he may be tried, and punished, on conviction, by a Court-martial.

The foregoing rule not applicable to charges against such guards, which are cognizable in the Civil Courts.

*Third*. The mode of proceeding against military guards, directed in the preceding clause, shall be observed, with respect to any other offence involving a breach of military duty, and properly cognizable by Courts-martial, but shall not be held applicable to any criminal charge against such guards or other Sepoys, whether belonging to the Provincial Battalions or regular Corps of the Army, which may not involve a breach of military duty, and the cognizance of which may therefore appertain to the Civil Courts.

Civil Officers in the judicial, revenue, and commercial departments to send monthly statements of guards, detachments and escorts employed by them, to Government, the Boards of Revenue and Trade respectively.

XVII. It shall be the duty of the Magistrates and other Officers in the Judicial Department to transmit to Government, on the first of each month, a statement of the guards, detachments, and escorts employed by them in the preceding month. The Collectors, Commercial Residents, and other Officers in the Revenue and Commercial Departments, shall in like manner transmit to the Board of Revenue and Board of Trade, on the first of each month, a statement of the guards, detachments, and escorts employed by those Officers respectively in the preceding month; and the Board of Revenue and Board of Trade are hereby required to report to Government, whenever they may be of opinion, that the

guards, detachments, or escorts employed by the Officers subject to their controul, were not requisite for the public service.

XVIII. The foregoing rules have been framed, chiefly with a reference to the Ceded and Conquered Provinces, in which the military duties connected with the offices of the Magistrates, Collectors, and other public Officers in the civil branch of the Service, are to be performed by the men of the regular Corps.—Provincial Battalions having been established in the Provinces of Bengal, Behar, Orissa, and Benarus, for the discharge of those duties, it can seldom, if ever, be necessary for the Magistrates, Collectors, and other Civil Officers in those Provinces to apply for guards or detachments from the regular Battalions. Should any emergency, however, at any time occur, to render the services of the regular Corps necessary for the maintenance of the internal peace of the Country, or for any other public duty connected with the situations of the Magistrates or other Civil Officers, those Officers, and likewise the Officers commanding Corps and Detachments in the Provinces of Bengal, Behar, Orissa, and Benarus, are to conform to the rules contained in Sections XIV. XV. and XVI. of the present Regulation.

The foregoing rules framed chiefly with reference to the Ceded & Conquered Provinces.

Similar rules to be observed by the Civil and Military Officers in the Lower Provinces in cases wherein the former may have occasion to apply for Military aid.

G. O. P. C. 16th Oct. 1807 With a view to obviate the possible occurrence of any impediment to the due furtherance of the Public Service, in cases of emergency where applications shall be made for Escorts or other Military aid by any of the Civil Officers within the Provinces of Bengal, Behar, Orissa and Benarus, the Provincial Commander in Chief enjoins the most scrupulous attention on the part of all Commanding Officers of Troops serving in any situation within those limits to the 18th Section of Regulation XI. 1806, wherefrom, in conformity to the Rules contained in Sections 14, 15 and 16 of that Regulation, the sole responsibility must be understood to rest with the Civil Officers for the propriety and adequacy of the grounds on which such applications shall be made, leaving nothing discretionary with Commanding Officers as to granting or withholding aid, otherwise than as expressly provided for in Section 16th, before mentioned.

Regulation XI. 1806 XIX.—The foregoing rules are not to be considered applicable to the Presidency Station. Whenever Guards, Detachments, or Escorts may be required by the Magistrates of Calcutta, and of its vicinity, or by any of the other Civil Officers, for the discharge of any public duty connected with their respective official situations, they are to make the necessary application for that purpose, agreeably to former usage, to the Governor General in Council, through the channel prescribed for conducting their public correspondence.

The foregoing rules not applicable to the Presidency Station; applications for guards &c. in Calcutta or its vicinity, how so made.

XI.—On receiving translations, in the Country languages, of the present regulation, the Magistrates of the several Zillahs and Cities shall transmit copies to the local Officers of Police; and the Collectors shall furnish copies to the principal Landholders, Farmers, Tehseeldars, and Managers of estates within their respective jurisdictions; with directions to publish and exhibit the same in their Cutcherries, for general information.

Measures to be adopted by the Magistrates and Collectors for promulgating the Regulation.

#### RULES TO BE OBSERVED BY MILITARY OFFICERS ON OCCASIONS OF CORRESPONDING WITH THE CIVIL AUTHORITIES.

G. O. 16th January 1787 When limits of authority are in dispute between Civil and Military Officers of this Government, the Supreme Council alone is competent to decide it.

Differences of opinion that may exist between Civil and Military authorities how to be decided.

G. O. V. P. 16th Sept. 1805 The Vice President in Council deems it to be proper to request that the Commander in Chief will be pleased to prohibit Officers from corresponding with the Judges and Magistrates, either publicly or privately, respecting any cases depending before the Courts of Justice, in which the Servants or Defendants of such Officers may be parties, either as Plaintiffs, Defendants or Witnesses.

Rules to be observed on occasions of correspondence occurring between Military Officers and the Civil Authorities.

Whenever any Officer at any Military Station may require provisions, boats or any other articles, in the supply of which he may deem himself authorized to demand the aid of any of the Civil Authorities, he should state the case to the Officer commanding at the Station; who will apply to the Collector or the Magistrate, or both of those Officers or

not, as he may deem proper. On the same principle, when parties are detached, the Commanding Officer only is to consider himself authorized to make application to any of the Civil Authorities for aid of the above nature.

Should any Officer have occasion to prefer a complaint to the Judge and Magistrate in a case in which that Officer is personally interested, such complaint must be considered to be in every respect Official, and is to be preferred according to the usual style and address of Official Correspondence. All private correspondence on such subjects is irregular, and is therefore to be prohibited.

(For further Regulations relative to Applications, &c. from Military Officers to the Civil Authorities, *vide page 64*; and for the prohibition of Native Troops proceeding on leave being furnished with letters to Magistrates, &c. *page 237*.)

The Governor General in Council is persuaded that applications from commanding Officers of Corps, for the purpose of ascertaining the propriety of retaining men in the Service after conviction for offences in the Courts of Justice, to the local Judicial authorities before whom the offences were investigated, will be always attended to. Proc. G. G.  
21st Sept. 1807

Any refusal to afford the information requested would certainly be considered by his Lordship in Council as censureable, and would require only to be communicated to Government to find an adequate and immediate remedy.

The Governor General in Council entirely concurs with the Commander in Chief in opinion with respect to the expediency of the names of individuals, (subjects of Foreign States) who may be permitted to enter the Company's Territory with an armed Retinue, of the number of their Followers, and of their intended route, being in all practicable cases communicated to the Military Department. Proc. G. G. 6th  
June 1808

The Judges and Magistrates will be instructed from the Judicial Department in all practicable cases to apprise Commanding Officers of Stations of the arrival of persons within their Districts who may be attended by armed followers. Proc. G. G.  
28th May 1810

The Vice President in Council is pleased to authorize and direct that Darogahs, whose Tannahs are situated at a distance from the place of residence of the Magistrates, but in the vicinity of any Garrison, Post or Cantonment, be enjoined to give immediate notice to the Commanding Officer of the nearest Post of any predatory incursion, assemblage of an armed force, or any occurrence that may take place, endangering the tranquillity of the Country, at the same time that they report it to their immediate superior. Proc. V P  
18th June 1811

The necessary instructions will be given from the Judicial Department to the Magistrate at Cuttack relative to the countersignature of monthly Nerricks of the rates of Building Materials, and of Workmen's wages at that place, whenever such shall be presented to him, drawn out in conformity with the customary rates in that part of the Country. Proc. G. G.  
20th Feb. 1806

"I am directed by the Vice President in Council to desire you will inform the Military Board, that the Civil Magistrates possess no power by the Regulations to compel labourers to work, and that it would be inconsistent with the principles of the British Government to vest any such compulsory power in their hands." Let. M. S. G.  
18th Dec. 1809

#### REGULATIONS FOR THE ESTABLISHMENT OF MILITARY BUZARS.

##### REGIMENTAL BUZARS.

The Right Honorable the Governor General in Council has been pleased to pass the following Orders:— G. O. G. G.  
15th Jan. 1811

Separate and independant Buzars are to be established from the 1st of March next, with every Corps serving under the Presidency of Bengal. These Buzars are in all situations, whether in Camp, Garrison, or Cantonments, to be placed under the exclusive authority and controul of Commanding Officers of Corps, respectively, subject of course to the superior authority and controul of the Officers in command of the Stations and Divisions of the Army in which Corps may be serving.

Establishment  
of Regimental  
Buzars.

One Thousand Rupees will be advanced by Government, in the first instance, to the Commanding Officer of every Corps, including each of His Majesty's Regiments of Light Dragoons and of Infantry; the Regiment of Artillery at the Presidency and the Gun Lascars and Ordnance Drivers, &c. attached: the Honorable Company's European Regiment; the Corps of Horse Artillery; of Golundaz; and of Pioneers; each Regiment of Native Cavalry; and each Battalion of Native Infantry.

Advances authorized to the Bazar people on the formation of the Bazar.

For every two or more Companies of European Artillery, in any situation detached from the Presidency, an advance of one-third of the sum authorized for complete Corps, is authorized for the purpose of establishing a Bazar for such Companies, with their Lascars and Ordnance Drivers, &c. attached.

The amount to be issued by the Commanding Officers as advances on Loan to the Bunnahs, and other descriptions of Bazar people, viz. Bakers, Butchers, Buttermen and others, who are to be attached to Corps respectively. These advances to be repaid by monthly instalments, (for which the Chowdries are to furnish such security as Commanding Officers may deem sufficient), but not to commence until Twelve Months after the time of receiving the advances, unless at the desire of the parties to whom they are made.

and how to be issued

In order to secure the due appropriation of the advances to be made by Government, Commanding Officers of Corps are directed to cause the advances to the Bazar people to be tendered to the parties in their own presence, and that of the two senior Officers with the Corps, taking receipts for all such advances bearing the countersignature of the Chowdries and of the Officers present at the payment. Such receipts to be registered, and preserved in the Adjutant's Office with the Bazar Rolls.

An Establishment to be allowed for the Bazar of each Corps, as follows:

|                                              | Sonat Rupees. | Establishment of Public Servants for the several Bazaars of Corps. |
|----------------------------------------------|---------------|--------------------------------------------------------------------|
| A Chowdry, at per month, .....               | 11            |                                                                    |
| A Mutfuddy, .....                            | 5             |                                                                    |
| 3 Men as Flagman and Weighmen, at 2 each, .. | 9             |                                                                    |

Sonat Rupees per month 25

For every two or more Companies of European Artillery, with the Gun Lascars and Ordnance Drivers attached, the following Establishment will be allowed in any situation detached from the Presidency.

|                          | Sonat Rupees |
|--------------------------|--------------|
| A Mutfuddy, at           | 5            |
| Two Weighmen, at 2 each, | 6            |

Sonat Rupees per month 11

The allowances for the Establishment to be drawn in the Regimental and Battalion Staff Bills, and to be paid by the Commanding Officer in person to the people for whom it is drawn, in presence of the two senior Officers with the Corps, who shall counter-sign the receipt of the parties paid.

Their allowances how to be drawn & paid.

It being for the mutual interest and advantage of all parties to attach, by every practicable means, as many people to the Bazaars of Corps as can find occupation and demand for their services, it is presumed that no particular injunctions are required to promote so beneficial an arrangement, combining public advantage and private convenience. To ensure however this most important object, Commanding Officers of Corps are to be careful, both by exhortation and internal arrangement, to require both Officers and Men to deal with their own Bazar people in all situations, as well when at large Stations, where there may be a choice of markets, as in detached and remote situations.

Commanding Officers to afford encouragement and protection to the people attached to their respective Bazaars.

The Chowdries to give security for the people attached to each Bazar; who are to be registered after the manner herein prescribed.

The Chowdries are to give security for all the people in each Bazar, who are to be registered in the manner prescribed in Section IX. Regulation XX. 1810, viz.

IX.—The names of all persons attached to Bazar of Corps shall be registered in a Book, which shall be kept at the Head-Quarters of the Corps, and shall be open to inspection at all reasonable hours; the entries shall be made in the same manner in all respects as those in the Registers of Station Bazar. (*Vide page 627.*)

Regn. XX.  
A. D. 1810.

Copies of the Register of all people residing in Military Bazar to be furnished to the Magistrates.

In all situations where Station and Regimental Bazar may have been established under the orders of Government under date the 15th January, 1811, the Commanding Officers, under whose controul such Bazar may be placed, respectively, are directed to furnish to the Magistrates within whose Jurisdiction the Bazar is situated, as soon after the receipt of this order as may be practicable, correct copies of the Register required to be kept of the names of all persons attached to Bazar, respectively, by Sections VII. and IX. of Regulation XX. 1810, (published with the General Orders above referred to); and copies of all alterations which may take place in those Registers, whether by the addition or erasure of names, are to be regularly furnished on the first of every ensuing Month for the Magistrate's information.

G. O. G. C.  
27th May 1811

Rules for the registry and discharge of persons attached to the Bazar of Corps.

X.—No person shall be registered as attached to the Bazar of a Corps without his free consent; and any person, so registered, shall be entitled at any time to require his discharge, except when the Corps is on actual service, or there is an immediate prospect of its being ordered to march, in which cases it shall be in the discretion of the Commanding Officer to withhold such discharge so long only as the immediate exigency of the public service requires.

Regn. XX.  
A. D. 1810.

XI.—No person registered as attached to the Bazar of a Corps shall be entitled to any of the privileges of such registry, except those who ordinarily carry on the trade or employment, in respect of which they are registered; within the place allotted or commonly used for the Bazar of the Corps when it is stationary.

XII.—All persons registered as attached to Bazar of Corps shall, while they continue so attached, be subject to such regulations as shall be made by the Commanding Officers or other competent authority, for the maintenance of good order and fair dealing in the Bazar, and for the prompt and efficient execution of such services as belong to their respective occupations, and shall be liable to be tried by a Native Court-martial for any breach thereof.

Bazar people being all to be registered in the manner prescribed in Regulation XX. 1810, are never to go from one Bazar to establish themselves in another, without a regular discharge. In case of any persons acting so, it will be the duty of the Officer in whose Bazar they may take refuge, promptly to deliver them up on demand. All persons of this description are however entitled to a discharge whenever they may desire it, as provided by the Regulation of Government above referred to, and subject to the conditions therein specified.

G. O. G. C.  
15th Jan'y. 1811

Public Servants, once dismissed for dishonesty, are not to be allowed to reside in the Bazar, but are to be turned out of it with disgrace.

G. O. 30th  
September 1798

The Police over persons attached to Bazar of Corps vested in the Commanding Officer.

XXI.—The charge of the Police over persons registered as attached to Bazar of Corps, is vested to the extent specified in Regulation III. 1809, and in this Regulation, in the Commanding Officers of such Corps, so long such persons shall be *bona fide* carrying on the occupation in respect of which they are so registered: all such petty offences as are specified in this Regulation shall be tried and punished by a Court-martial, when committed by this description of persons, under the same rules and restrictions as to the mode and measure of punishment as are laid down with respect to offences committed by persons attached to Sudder Bazar, (*vide page 633*); provided that, when such offences are committed at the distance of above one coss from the Station of the Corps, or from

Regn. XX.  
A. D. 1810.

its actual position on a march, and the offender is taken in the fact, the Magistrate shall have a concurrent jurisdiction, and may proceed against the offender as in any other cases, or, at his discretion, remit him to the Commanding Officer to be tried by Court-martial.

The Magistrate to have concurrent jurisdiction on in certain cases.

XXV.—No person registered as attached to the Bazar of a Corps, and *bonâ fide* carrying on the trade or occupation in respect of which he is registered in the place allotted or ordinarily used for the Bazar of the Corps, shall be liable to be arrested on process before judgment out of any Civil Court, for any cause of action not exceeding Sicca Rupees two hundred. In all cases, in which persons of this description are arrested by Civil process, it shall be declared in the plaint, that the cause of action does exceed Sicca Rupees two hundred, in which case the Judge shall indorse on the process "cause of action exceeding Sicca Rupees two hundred," and shall sign the indorsement; and if the plaintiff, at the trial of the cause, shall not prove a cause of action exceeding Sicca Rupees two hundred, he shall be non-suited with costs: and in case any person registered as attached to the Bazar of a Corps, and *bonâ fide* carrying on the occupation in respect of which he is registered within the limits allotted, or ordinarily used for the Military Bazar, shall be arrested under any Civil process, which is not so indorsed, the Commanding Officer, if he shall after due inquiry be satisfied that such person was so *bonâ fide* carrying on the occupation, in respect of which he is registered within the limits aforesaid, shall make out and sign a certificate in the following form:

No process of arrest before judgment to issue from the Civil Courts against persons attached to Bazar of Corps, unless in cases exceeding 100 Rupees, Rules in cases exceeding that amount.

"I, A. B., Commanding Officer of \_\_\_\_\_ do hereby certify, that \_\_\_\_\_ of \_\_\_\_\_ was registered on the \_\_\_\_\_ day of \_\_\_\_\_ in the year \_\_\_\_\_ as a person attached to the Bazar of the Corps in the occupation of \_\_\_\_\_ and that he did at the time of his being arrested on the \_\_\_\_\_ day of \_\_\_\_\_ last, actually and *bonâ fide* follow that occupation as a person attached to the Bazar of the Corps within the space allotted or ordinarily used for the Bazar."

Upon such certificate signed by the Commanding Officer being produced to the Judge who issued the process, he shall cause the same to be recorded in his Cutcherry, and shall make an order for releasing the person arrested from confinement; but the Plaintiff shall be at liberty, if he thinks fit, to proceed in his action, and shall be bound to prove at the trial either that the cause of action exceeds Sicca Rupees two hundred, or that the defendant was not registered as attached to the Bazar of the Corps, or that, although registered, he was not actually and *bonâ fide* carrying on the occupation in respect of which he was so registered at the time of the action brought; and in failure of such proof he shall be non-suited with costs.

G. O. G. G.  
13th July, 1811

The Chowdries of Bazars are to give such security as the Commanding Officer may judge sufficient, for always maintaining in their Bazars, respectively, Carriage Bullocks adequate to the conveyance of four days' supply of every requisite article of consumption for the Troops.

Security to be given by the Chowdries for maintaining the Bazars in an efficient state.

Officers Commanding Corps will consider it their particular duty to call upon the Chowdry for a Monthly or more frequent Report of the State of the Bazars, and to use their influence to prevent any just dues being withheld from the Bunnahs or others whenever demanded, and to prevent any credit being given to Officers, the servants of Officers, or Troops, except on the condition of their accounts being settled, and paid on the issue of pay for the month or months, in which such debts shall have been contracted; and all such credit is to be strictly confined to the supply of a daily ration of food per man when necessary, and of grain for Officers' Cattle. In the execution of this duty, Commanding Officers will be careful to avoid any act inconsistent with the rules contained in Regulation XX, 1810, already referred to.

Regulations for the payment of Bazar debts that may be contracted by the Troops and their followers.

G. O. G. G.  
13th Feb'y. 1811

Quarterly Reports of the State of the Bazars, with an Abstract of the several descriptions of People and Cattle attached to each, are to be annexed to the Monthly Returns of every Corps in the Army, at the end of each quarter; viz. those dated the 1st of April, 1st of July, 1st of October, and 1st of January annually.

Quarterly Reports to be made of the state of Bazars of Corps to Head-quarters and how to be prepared.

G. O. C. C.  
24th Apl. 1811

The Quarterly Reports of the State of the Bazars, attached to the several Corps of the Army, which were directed by General Orders, dated the 13th February last, to be

transmitted to the Adjutant General's Office, annexed to the Returns of Corps, at the commencement of each quarter, having been in many instances included in the body of the Monthly Returns, it is now announced to Commanding Officers that the Reports in question are required to be made out, separately, on Foolscap Paper, and transmitted, annexed or tacked to the Returns of Corps, at the period specified in the General Orders above referred to. (For the form of the Quarterly Reports, *vide Form No. 1.*)

Bazars of Corps  
where to  
be erected

Ground is to be always allotted for the Bazars of Corps, in Cantonments as in Camp, in the rear of the Troops, and in all practicable cases, within the Rear Guards of Corps respectively. In stationary situations the ground allotted for Bazars of Corps is on no account to be blended with the General or Station Bazars.

G. O. G. G.  
25th Jan. 1800

#### GENERAL STATION BAZARS AND CANTONMENTS.

Sudder Bazar  
at what Stations  
established.

General Station or Sudder Bazar are to be established at the following Stations, and at no other, without the special permission of Government, as such would tend to counteract the most important object of the present arrangement, which is to attach Bazar exclusively to Corps:—

Garrison of Chunar,  
Agra,  
Station of Berhampoor,  
Danapoor,  
Gawapoor,  
Futtighur,  
Meerut.

The Cooly Bazar near Fort William is placed under the Officers of Police for the Town of Calcutta. Regulations for the controul and superintendence of Station Bazars;

The Cooly Bazar in the vicinity of Fort William has been placed exclusively under the authority of the Officers of Police for the Town of Calcutta; and whatever duties are paid in that Bazar are to be collected by such persons as may be nominated for the purpose by the Police Officers.

Proc. G. G.  
25th Augt. 1800

All General Bazars, appertaining to Garrisons and to Divisions, and principal Stations of the Army, are to be placed entirely under Military authority. Those in the Lower Provinces to be under the controul of Officers Commanding at Stations respectively, but subject of course to the superior authority of the Officer in Command of the District; and the general management and controul of those in the Field, comprizing the Ceded and Conquered Provinces, is to be vested in the Deputy Quarter-master General, under the authority of the Officer Commanding in the Field.

G. O. G. G.  
25th Jan. 1800

It will be the duty of the Deputy Quarter-master General, in the capacity of Superintendent of Bazars, to correspond, under the authority of the Officer Commanding in the Field, with Commanding Officers of Stations and of Corps detached, within the Field Command, and to call for such information and issue such directions as the Officer Commanding in the Field may deem useful for the management of the Station or General Bazars. He is to visit the several Stations, and establish correspondence with the persons in charge, particularly enjoining them to render every possible assistance in their power towards furnishing people and supplies for the Regimental Bazars.

And for the appointment, &c. of Bazar & Provolt Sergeants.

Commanding Officers of Stations (at which Sudder Bazars are allowed) are permitted to appoint Bazar Sergeants on the same footing as heretofore allowed.

G. O. V. P.  
17th Sep. 1811

The Officer Commanding at each Station of the Army, where a Sudder Bazar is established, will be pleased to transmit to the Adjutant General's Office a Roll of a Non-commissioned Officer to fill the situation of Bazar Sergeant, as authorized by the Orders of Government dated the 17th Instant.

G. O. C. C.  
25th Sep. 1811

(By General Orders of the 8th November, 1800, on vacancies occurring for Bazar Sergeants, the names and dates of appointments of persons intended to succeed to the situation are directed to be transmitted to the Adjutant General's Office for confirmation.)

**G. O. C. C.** The appointment of Sergeant Madden, of H. M. 24th Light Dragoons, to be Provost  
14th Feb. 1809 Sergeant, and of Sergeant Newry, of His Majesty's 17th Foot, to be Bazar Sergeant with  
the Division of the Army under Major General St. Leger, are approved by the Comman-  
der in Chief, subject to the confirmation of Government.

**M. C.** 18th Resolved, that the Provost Sergeant in the Field do receive as such 20 Sonat Rupees per  
Aug 1789 menssem. (The allowance of the Provost Sergeant at Cawnpore has been augmented to 40  
Sonat Rupees per menssem.)

**G. O. V. P.** The Vice President in Council is pleased to authorize the Officers, commanding at the Establishments  
17th Sept 1811 several Stations of the Army where Sudder Bazars are established, to entertain the fol- authorized at  
lowing Establishment of Public Servants for the purpose of preserving order, and conduct- Sudder Bazars;  
ing the internal economy of the Bazars under their controul :

|                                 |                                      |      |      |      |    |
|---------------------------------|--------------------------------------|------|------|------|----|
| 1                               | Cutwal, at per menssem, Sonat Rupees | ---- | ---- | ---- | 21 |
| 1                               | Chowdry,                             | ---- | ---- | ---- | 10 |
| 1                               | Mutsuddi,                            | ---- | ---- | ---- | 7  |
| 3                               | Weighmen or Flagmen, at each 3,      | ---- | ---- | ---- | 9  |
| 1                               | Jemadar Peon,                        | ---- | ---- | ---- | 8  |
| 1                               | Naib Peon,                           | ---- | ---- | ---- | 5  |
| 8                               | Peons, at each 4,                    | ---- | ---- | ---- | 32 |
| Total per menssem, Sonat Rupees |                                      |      |      |      | 92 |

The wages of the Cutwal and Mutsuddi are to include all contingencies of Oil and Hindostany Stationery.

His Excellency in Council, adverting to the great extent of the Sudder Bazar at Chunar, which is the sole market for the supply of that Garrison, and considering that Invalids are ill calculated for the active duties of supporting the Police in an extensive and populous Bazar, is pleased to authorize four additional Peons being added to the Establishment of that Bazar.

The Establishments of Public Servants, above authorized to be entertained, are to be drawn for and paid by the Station Staff Officers. And how to be drawn for and paid.

**Reg. XX.**  
**A. D.** 1810.

VII. The names of all persons, having houses, shops, or other buildings or fixed places within the limits of the Garrison, Cantonment, or Station, as described in the plans, in which they carry on trade, or otherwise seek a livelihood by supplying or serving the Troops, shall be entered in a register, to be kept in the Office of the Brigade Major or other Station Staff Officer, and to be open to inspection at all reasonable hours; the name of each person shall be entered both in English and in the language and character commonly used in the District in which the Station is situated, and the occupation of the person written opposite to it, in like manner, with the place of his residence, and the date of the registration. (Copies of the Registers, and notification of any alterations that may take place, are to be furnished to the Magistrates.—*Vide page 624.*)

The names of certain persons residing within the limits of Cantonments, &c., to be registered in the Office of the Brigade Major or other Staff Officer.

VIII. No person shall be registered as attached to the Station Bazar, without his free consent; and any person, so registered, shall be entitled at any time to demand his discharge from the registry. Persons registered shall be entitled to the privileges of registry so long only as they continue to carry on trade, or other employment, relating to the supply or service of the Troops, at some house, shop, or fixed place within the limits above mentioned, and shall be subject during such time to all Regulations made by the Commanding Officer or other competent authority, for the maintenance of good order and fair dealing in the Station Bazar, and shall be liable to be tried by a Native Court-martial for any breach thereof. (*Vide page 623.*)

Rules as to the registry, discharge, &c. of such persons.

**G. O. V. P.**  
17th Sept. 1811

Station Brigade Majors, or other Station Staff Officers described in the undermentioned list, are authorized to draw monthly the allowance therein specified, for the purpose of defraying the expence which must be incurred by them in the preparation for deposit, in their respective Offices, of Registers of all persons having houses or shops within the limits of Cantonments, and other papers connected with the formation of Bazars, as prescribed by the 7th Section of Regulation XX. 1810.

Allowances for Stationery, &c. to be drawn by the Staff Officers of Stations, for the preparation of the Registers.

|                                            |                    |            |
|--------------------------------------------|--------------------|------------|
| The Fort Adjutant at Agra,                 | 1 Writer           | St. Rs. 25 |
| The Brigade Majors at Meerut and Cawnpoor, | Stationery         | 15         |
| The Station Staff at Futtighur,            |                    |            |
|                                            | Total Sonat Rupees | 40         |

|                                                |                    |            |
|------------------------------------------------|--------------------|------------|
| The Fort Adjutant at Chunar,                   | 1 Writer           | St. Rs. 16 |
| The Brigade Majors at Danapoor and Berhampoor, | Stationery         | 10         |
| The Station Staff at Barrackpore,              |                    |            |
|                                                | Total Sonat Rupees | 26         |

Quarterly Committees to report on the state of the Sudder Bazars.

Committees of Officers are to be appointed quarterly at Stations respectively, by which Committees a General Report of the State of the Bazar and its several Establishments and Equipments (a considerable portion of each being always held in a moveable state provided with Cattle) will be made for the information of the Officer Commanding the Troops in the Field, and the Officers Commanding Stations respectively. (For the Report of the Committee, *vide Form No. 1.*)

G. O. G. G.  
15th Jan. 1811

Limits of Cantonments, &c. how to be defined and established.

The limits of Military Bazars appertaining to principal Stations and Posts to be distinctly defined and separated from those of adjacent Towns, which will remain exclusively under the Civil Authorities, as at present.

V. On receipt of this Regulation, the limits of the Cantonments and Garrisons, including the Military Bazars attached thereto, at which any Division or Corps of the Army, or any considerable Detachment not being less than half a Battalion, may be quartered, shall be marked out, in all cases, in which it has not been already done under Regulation III. 1809, by the Commanding Officer, in concert with the Magistrate. The Commanding Officer at each of those Stations, from which a report of the nature hereafter described has not been already furnished under Section IV. Regulation III. 1809, will accordingly submit to Government, through the Commander in Chief, without delay, a report framed in concert with the Magistrate of the District in which the Cantonments or Garrisons may be situated, upon the local limits of the Cantonment or Garrison, forwarding at the same time any separate remarks which the Magistrate may wish to make on the subject, for the final orders of Government. As soon as the limits of the Cantonments and Garrisons shall be approved and confirmed by Government on the report of the Magistrate and Commanding Officer above required, plans shall be prepared of the limits of Cantonments and Garrisons, including the Military Bazars attached thereto.

Regulation XX.  
A. D. 1810

Plans where to be deposited.

VI. The plans shall be prepared in quadruplicate, and signed by the Commanding Officer and the Magistrate of the District: one copy shall be deposited at the Head-Quarters of the Station, another at the Cutcherry of the Magistrate; and the other two shall be transmitted to the Commander in Chief, by whom one copy will be forwarded to Government.

Commanding Officers not authorized to dispossess Proprietors of Land or Houses within the limits of Military Bazars. Rules as to Lands, the property of Government, within those limits.

XXVI. Nothing in this Regulation is to be construed to give any authority to Commanding Officers to dispossess proprietors of land or houses which may be situated within the limits of Military Bazars, although such persons shall refuse to be registered as attached to the Bazar, or shall have lost or forfeited, or resigned their privilege of registry. In all cases in which the ground allotted to those Bazars, or any part of it, is the property of Government, and the occupation of individuals has been declared by Government merely permissive, the Commanding Officer is empowered to make such general Regulations as he may think fit (subject to the approbation of the Governor General in Council) respecting the tenure or occupation of houses, shops, or other fixed places situated upon such ground as belongs to Government, which Regulations shall in all cases be reduced to writing, and shall, after receiving the approbation of the Governor General in Council, be published in Station Orders, with a translation in the language commonly used in the District, and the same shall not be in force until fourteen days after they shall have been so published within the limits of the Station Bazar.

**M. C.** 180th  
**April 1787** Resolved, that the Nerrick, or rate of prices of all articles of consumption in the Bazar, drawn out as often as may be necessary, with the Tariff or rates of taxes authorized to be collected, shall be exposed in the Main Guard, or in some public place in the Bazar, to regulate the sales in Garrisons, Cantonments or Camps. The Tariff and Nerrick are to be copied both in the English and Nagree characters, Nerricks and Tariffs to be prepared monthly in the Bazar.

**Res. M. B.**  
**24th Sept. G.**  
**O. C. F. 30th**  
**Sept. 1791** Agreed to recommend to the Commanding Officer of the Forces to issue a General Order prohibiting the levying of Duties on the purchase or sale of Slaves in any of the Military Bazzars, or within the precincts of any of the Military Stations; and prohibiting the Public Servants under the British Military Authority from giving official sanction to any such purchases or sales. Prohibition of the sale of Slaves in the Military Bazzars

The preceding Resolution of the Military Board is to be considered as a standing Rule in future, and the strictest attention is ordered to be paid to it by Officers Commanding Stations or Detachments of the Army.

**G. O. G. G.**  
**15th Jan. 1811** No tax, duty, or dustooree whatever, is to be levied under any pretence in Station Bazzars, or the Bazzars of Corps, on articles for their supply, or on the persons attached to them, or in any other manner whatever: and, with a view to secure the most rigid observance of this Regulation, the Governor General in Council deems it proper to announce the resolution of Government to suspend from the Service any Officer who shall be convicted of an infraction of it, by a competent tribunal. This prohibition, however, does not regard the Town Duties or Customs levied on account of Government by the Collectors of Revenue and Customs, in Bazzars situated within the limits in which such customs and duties are to be collected conformably to the Regulations of Government, which are in no way affected by this order. No tax or duty to be levied under any pretence in any Military Bazzars.

**G. O. C. C.**  
**15th Feb. 1811** The Commander in Chief enjoins the most implicit obedience to the directions of Government contained in the General Orders under date the 15th January, 1811; and his Excellency feels it to be his duty to certify to the Army, in the most explicit terms, that Officers who shall under any pretence levy any tax or duties of any description whatever in the Bazzars subject to their controul, and for which they cannot produce an express Regulation, or Authority from Government, will subject themselves not only to the consequences of such conduct as a Military Offence, but to such further legal Proceedings as Government may think fit to institute against them.

**Res. M. B.**  
**17th Jan. 1806** Ordered, to acquaint Colonel Bateman, for the information of the Officers at Gha-zeepoor, that they will be reimbursed in the amount of the duties which may be levied on articles required for the Public Service, upon the production of the receipt for the same signed by the Collector of Government Customs, to whom such duties may have been paid: with respect to articles of furniture or other articles for the private use of Officers, they must be, of course, subject to the ordinary duties. Officers will be reimbursed the amount of any duties that may be levied for articles required for the Public Service.

**G. O. G. G.**  
**3d Mar. 1802** No Duty, Tax, Gratuity or Fee (whether under the name of voluntary contribution or under any other description) either in money, or in obligations for the payment of money, or in loans of money, or in any valuable article whatever, is to be levied or received on any Merchandize or Goods, or for the safe passage or protection of any Merchandize or Goods, or on any article, or in any manner, whatever, at any Cantonment or Military Station, or at any place within the Ceded Provinces, or within the reserved Dominions of the Nawaub Vizier, by any person, excepting by the Civil Officers of the Hon'ble Company, duly authorized under the Laws and Regulations of the Governor General in Council, to collect the Public Revenue, or the established fees of the Courts of Justice, or of any other Civil Office, and excepting also, within the reserved Dominions of the Nawaub Vizier, by his Excellency's Officers and Servants acting under his authority. No Duty, Tax, Gratuity, or Fee, is to be levied or received on, nor Passport or Rowanah granted for any goods or merchandize, either within, or passing to or from the Vizier's Dominions and the Ceded Provinces.

No passport, Rowanah, or order for the passage, conduct or transit of Goods, Cattle and Provisions, or of any article whatever throughout the Ceded Provinces, or from the said Provinces into the reserved Dominions of the Nuwaub Vizier, or from the said Dominions into the said Provinces, respectively, is to be issued or granted by any person

whatever within the Ceded Provinces, or within the said reserved Dominions, otherwise than under the Regulations which shall be prescribed by the Governor General in Council; and no fee or duty is to be levied or received on any such passport, Rowanach or order, otherwise than in behalf of the Hon'ble Company, and in such manner as shall be regulated by the Governor General in Council; or (within the Reserved Dominions of the Nawaub Vizier) otherwise than under such Regulations and in such manner as shall be prescribed by his Excellency's authority.

Circumstances under which an exemption from Duties will be allowed on articles of consumption for the use of the Troops stationed in the Vizier's Dominions.

The Governor General in Council has agreed that no exemption from duties shall be demanded by any person residing under the British protection in the Dominions of his Excellency the Nawaub Vizier, for any goods, or articles of merchandize, whatever, except for the quantity of Grain, Cattle, Ghee, Beetul-nut and Tobacco that may be actually wanted for the consumption of the Troops stationed in those Provinces; and on the other hand his Excellency has agreed to give effectual orders, that all persons who shall produce certificates, signed by the Commanding Officer of each Station or Detachment, of their being employed to provide supplies for the Troops, shall be permitted to pass the different Chokies with the above articles, without paying any duty, and without delay or interruption.

G. O. 6th Oct. 1787

All other articles of merchandize are to be subject to the duties that are usual in other parts of the Country; and it is also agreed that if any of the above articles of Grain, Cattle, Ghee, Beetul-nut and Tobacco shall be exported from the Military Bazaars, the Vizier's Officers shall be at liberty to levy the same duties upon them that they must have paid at the different Chokies, if they had not been exempted as supplies for the Troops.

Regulations for the manufacture and sale of Spirituous Liquors in the Military Cantonments and in their vicinity

Commanding Officers of Stations and Posts are directed to pay particular attention to, and consider it their duty to enforce, the Rules regarding shops for the manufacture and sale of Spirituous Liquors, established in General Orders of the 5th March, 1807.

G. O. G. G. 5th Jan 1812

The Governor General in Council is pleased to direct that the following Regulations for modifying the existing Rules respecting the Establishment of shops for the manufacture and sale of Spirituous Liquors in the vicinity of the Military Cantonments, at which Europeans are quartered, passed by the Governor General in Council on the 22d October, 1806, be published to the Army:

Ext. G. O. G. 5th March 1807

" Previously to issuing any licences at the commencement of the Bengal and Fussly Year for the manufacture and sale of Spirituous Liquors in the vicinity of any of the Military Cantonments at which European Troops are quartered, the Collector shall communicate with the Officer Commanding the Troops, regarding the distance from Cantonments to which it may appear advisable to extend the prohibition regarding the sale of Spirits; and, if no substantial objection shall occur to the distance which may be proposed to be established for that purpose by the Commanding Officer, the Collector shall be guided by such recommendation in issuing the annual licences for the manufacture and sale of Spirits; provided, however, that if the Collector shall be of opinion that the distance proposed by the Commanding Officer is unnecessarily great, or that it is calculated materially to injure the Public Revenue derived from the duties levied on the Sale of Spirits, or that it is otherwise liable to objections, the Collector shall represent the circumstances of the case to the Board of Revenue, who shall forward the Collector's Report, with their opinion on the subject, to the Governor General in Council for his consideration and orders.

" It may be expected from the operation of the foregoing Rule, that the shops for the manufacture and sale of Spirits will be removed generally to such a distance from the Military Cantonments, as shall preclude the inconvenience hitherto experienced from the Establishment of such shops in the vicinity of such Stations; if, however, it shall appear to the Governor General in Council, either from the representations of the Commanding Officer, or from any other source of information, after the annual issue of licences, that any shops have been established, which from their situations with respect to any of the Military Cantonments are injurious to the European Troops quartered at such Cantonments, the Governor General in Council will order such licences to be withdrawn, and the manufacture and sale of Spirits at those places to be discontinued.

" With the view likewise of further restraining the consumption of Spirituous Liquors by enhancing the price of the commodity, it shall be the duty of the Board of Revenue

to recommend the rates of duty at present laid upon the manufacture and sale of Spirituous Liquors in the Cities and Towns situated in any division near to any of the Military Cantonments; and, in those cases in which it may appear to the Board of Revenue to be advisable, with a view to the attainment of the object above stated, that the rates of duty should be increased, to recommend the adoption of that measure to the Governor General in Council."

G. O. C. G. The Commander in Chief is pleased to direct the Commanding Officers of the several  
15th May 1801 Military Cantonments and Stations to pay particular attention to the undermentioned Regulations of Government respecting the sale of Spirituous Liquors.

"Should the Commanding Officer of any Military Cantonment be at any time desirous of having a shop or shops for the sale of Spirits established within the limits of his Cantonment, either with a view to prevent the Soldiers from straying into the Country in search of liquor, or to enable him to place the sale under proper regulations and restrictions; the Collector of the District, on receiving an application for this purpose, is authorized and required to grant a special licence for the Establishment of a shop or shops as above mentioned; and the party receiving it, if the manufacturer of the Spirit, shall be liable to the payment of the daily tax for the Still or Stills employed by him, as well as of the stamp duty on the licence, in the same manner as he would have been liable to the payment of it, had he taken out a licence for the manufacture and sale of Spirituous Liquors in any other situation.

"Should the Commanding Officer judge it advisable to grant separate licences for the manufacture and sale, the Collector is authorized to grant a special licence for the manufacture only, and a separate licence for the retail sale; subject to the payment of such daily or monthly duty, as, on consulting with the Commanding Officer, he may judge it expedient to impose. The collection of this duty is not to be considered as authorizing any interference with the authority of the Commanding Officer over the party as a Camp Follower; and the Commanding Officer is to continue to take such measures for the internal Regulation of the Cantonment, and for restricting the sale of Spirits to proper limits, as he may think necessary and proper, it being at the option of the person holding a licence to relinquish it on paying the tax due at the time, should he deem it advisable, in consequence of such restrictions."

G. O. 6th Lord Cornwallis hopes that with Detachments of Native Troops the sale of Spirits  
March 1787 will be entirely avoided; and that this traffick may be subject to an easy inspection and controul, he peremptorily orders that Spirituous Liquors shall not be suffered to be sold at more than two shops at the Station of each Brigade, and licences are to be granted to such Europeans only, as can be depended on for attention to the quality of the Spirits, and a strict compliance with the Orders and Regulations of Commanding Officers; to enforce this compliance, ample security is to be required from them, and in case of misconduct the penalties are to be rigorously exacted.

G. O. 30th The shops for the sale of Spirituous Liquors are to be under the immediate direction of  
Sept. 1793 the Commanding Officer, who will issue such Regulations respecting the quantity to be sold daily, and the hours of selling it, as shall appear to him to be best calculated to prevent disorders or irregularities in the Camp or Cantonment, by an immoderate use of it.

A preference should always be given to European Suttlers, but it may sometimes happen that a fit European is not to be found; in such cases Natives may be permitted to sell Spirituous Liquors under the same restrictions and securities as are described in the Regulations on this subject, and which are never to be dispensed with.

G. O. 6th The intemperate use of Spirituous Liquors is attended with many fatal consequences,  
March 1787 and Lord Cornwallis has learned with sincere regret, that, from the most unworthy motives, the consumption of them is connived at or encouraged at some of the Stations of this Army.

Officers of all Ranks are called upon to take every means in their power to restrain this pernicious species of debauchery; but Officers commanding Brigades or Detachments, having the management of their respective Bataillons, will be particularly responsible to correct it among the Troops under their immediate command.

Lord Cornwallis will have the greatest satisfaction in acknowledging his sense of the good conduct of those Officers who shall, by an honourable discharge of their duty, put a stop to this scandalous and ruinous abuse; but, on the other hand, if any Officer shall be found who is capable of persevering in the pursuit of an unjustifiable profit, in contempt of his orders, and of the dictates of humanity, he thinks it proper to declare that he is on his part determined not to be wanting in what he owes to his Country, and that he will in the first instance consider such Officer as unworthy of being entrusted with command, and act otherwise as the circumstances of the case may render it incumbent on him:

**REGULATIONS FOR THE CONTROUL AND GOVERNMENT OF PERSONS ATTACHED  
TO MILITARY ESTABLISHMENTS AND RESIDING IN THE  
CANTONMENTS AND BAZARS, &c. &c.**

Regulation for  
subjecting Per-  
sons attached to  
the Military  
Establishments  
to Martial Law,  
in certain cases,  
and for the bet-  
ter Government  
of retainers and  
dependents of  
the Army, and  
of Persons seek-  
ing a liveli-  
hood by sup-  
plying the  
Troops in Gar-  
rison, Canton-  
ment, and  
Station Milita-  
ry Bazaars.

Reg. XX.  
A. D. 1800

I. By the respective Articles of War for the Government of His Majesty's and the Honourable Company's Troops, all retainers to a Camp, and all persons whatever serving with the Forces in the Field, though not enlisted Soldiers, are to be subject to orders according to the rules and discipline of war. From the great number of native retainers and followers attached to Military Establishments in India, and the importance of a prompt and orderly discharge of their duties to the welfare of the troops, it is necessary that the principle of this Article of War should be extended to other cases than that of actual Service in the Field, to which it is at present confined; and that it should be applied, under certain restrictions, to the maintenance of a proper discipline among the retainers of the Army at all times. By Regulation III. 1809, the support of the Police and the maintenance of the peace within the limits of Cantonments and Military Bazaars, are vested in the Officers Commanding the Troops quartered at such places; but the powers of Commanding Officers under that Regulation are restrained to such measures, as may be calculated for the prevention of crimes and the apprehension of persons committing them, and they are prohibited from interfering in cases of petty breaches of the peace, and other offences of inferior magnitude, unless where the parties are taken in the fact; the cognizance of these offences, as well as those of greater magnitude, being expressly reserved to the Magistrate by that Regulation. As however it will further tend to the maintenance of good order, to subject the retainers and dependents of the Army to punishment for petty offences by a Military tribunal, it has been deemed expedient to transfer the cognizance of such cases, under the restrictions and in the mode hereafter mentioned, to Courts-martial, to be assembled for that purpose by Commanding Officers; and it has further been deemed expedient for the ease and security of dealers, and for encouraging their resort to Military Bazaars, to vest in Military Courts, to be assembled by Commanding Officers, a power of enforcing the payment of small debts, and of deciding on the spot in petty causes of a Civil nature arising between Officers, Soldiers or retainers of the Army, and persons carrying on trade in Military Bazaars, or between such retainers or traders; the Governor General in Council has therefore been pleased to enact the following rules:

Certain descrip-  
tions of Persons  
serving with the  
Army and re-  
ceiving Public  
Pay, subject to  
trial by Courts-  
martial for  
breach of duty  
or offences ag-  
ainst good or-  
der, or local  
regulations in  
the Canton-  
ments, or Sta-  
tions to which  
they are attach-  
ed.

II. All persons serving with any part of the Army, and receiving public pay drawn by any Officer in charge of a Public Department appertaining to the Army, whether as Lascars, Magazine-men, Kalaffies attached to Magazines, or any other Department or Establishment, native doctors, writers, bheesties, packallies, fyces, grass-cutters, mahouts, surwans, or other subordinate servants attached to public cattle, bildars, artificers, or in any other capacity, shall, (provided they are borne upon the fixed establishment of the department in which they are employed and not otherwise) be subject to be tried by a Court-martial for all breaches of their respective duties, and for all disorders and neglects to the prejudice of good order and of the local regulations established by the Commanding Officer, or other competent authority in the Cantonment, Garrison, Station, or other places where the Troops, to which they are attached, may be serving.

Limitation of  
the punishment  
to be awarded  
by Courts-mar-  
shal in such  
cases.

III. Provided that it shall not be competent for such Court-martial to sentence any persons of the above description to any other or heavier punishment than may now be lawfully inflicted on enlisted Soldiers under the 24th Article of the 24th Section of His Majesty's, or the 2d Article of the 5th Section of the Honorable Company's, Articles of War.

unless where the Forces are serving in the Field ; for which case provision is already made by the existing Articles of War, from which nothing in this Regulation is to be understood to derogate.

IV. Menial servants of Officers within the precincts of any Cantonment, Garrison, or Military Station or Military Bazar, although they shall not be in the receipt of public pay, shall at all times be subject to all such regulations as shall be made by the Commanding Officer, or other competent authority for the maintenance of good order in such Cantonment, Garrison, Station, or Bazar, and shall be liable to be tried by a Native Court-martial for any breach thereof.

Menial Servants of Officers are liable to trial by Courts-martial for breaches of the local regulations established in Cantonments or Stations.

Europeans residing in Cantonments are subject to the Regulations of Government and to the authority of Commanding Officers.

Limitation of punishment to be awarded by Courts-martial for breach of local Regulations.

Ext. Let. M. S.  
G. 29d January  
1856.

" I am directed by the Vice President in Council to acquaint you that Mr. Christie, and any other Person residing within the limits of the Cantonments at Berhampoor, must consider themselves subject to the Regulations of Government, and to the due authority of the Commanding Officer of the Station."

Reg. XX.  
A. D. 1810

XIII.—No Court-martial shall inflict any heavier corporal punishment for the breach of a local regulation, on any person attached to Bazar of a Corps, or to a Station Bazar, or on any servant of an Officer, than fifty lashes with a cat-o'-nine-tails, or fourteen days' confinement, or in aggravated cases, both those punishments ; and persons attached to Bazar of Corps or Station Bazars, who are above the condition of petty dealers, menial servants, or workmen, shall not be liable to corporal punishment in the first instance for breach of local regulations, but shall be sentenced to pay a fine to the use of Government, which shall in no case exceed Sicca Rupees one hundred, and shall be levied, if not paid forthwith, under the written order of the Commanding Officer, grounded on the sentence of the Court, by seizure and public sale of such goods of the offender, as may be found within the limits of the Garrison, Cantonments or Bazar ; and if sufficient goods shall not be found within the limits, the offender may be arrested by a written order of the Commanding Officer, and confined for one month ; unless he sooner discharges the fine : and any person attached to a Bazar, who shall be sentenced to a fine by a Court-martial for the breach of any local regulation ; and shall fail to discharge the same, shall be liable, in case of conviction for a second offence, to be sentenced to corporal punishment in the same manner as petty dealers, workmen, or menial servants, or to be struck off the register of the Station Bazar, or Bazar of the Corps, as the case may be.

XIV.—If any person deeming himself entitled to exemption from corporal punishment by the preceding section, shall be sentenced thereto by a Court-martial, the Commanding Officer shall upon appeal to him, and proof given to his satisfaction, that such person is entitled to the exemption, commute the punishment for a fine not exceeding Sicca Rupees one hundred, which fine shall be levied in the same manner as if it had been originally imposed by the Court-martial.

Sentence of corporal Punishment against persons exempted therefrom may be commuted for a fine.

XV.—With a view also to the more effectual maintenance of good order in the Garrisons, Cantonments, and Military Bazars, it is hereby enacted that, if any retainer of the Army of the description mentioned in Section II. of this Regulation ; or any menial servant of an Officer, or any person registered as attached to the Station or Sudder Bazar, shall be charged with the commission of an inconsiderable assault or affray, or other act immediately tending to the breach of the peace and good order of any of the said Garrisons, Cantonments or Bazars, within the limits thereof, as described in the plans to be approved by Government, the person so accused shall be tried by a Native Court-martial ; and such Court-martial shall be empowered to punish the offender, when convicted, by imprisonment for a term not exceeding twenty days, or by imposing upon him a fine not exceeding fifty Sicca Rupees, or to subject him to corporal punishment not exceeding fifty lashes with a cat-o'-nine-tail, unless the offender be of the description of person mentioned in Section II. of this Regulation, and the act done involves a Military offence and is so charged, in which case the degree of punishment is to be determined by the rule laid down in Section III. of this Regulation.

Persons above described are liable to trial by Court-martial for petty assaults, and breaches of the peace within the limits of the Cantonments.

XVI.—If any retainer of the Army of the description mentioned in Section II. of this Regulation, or any menial servant of an Officer, or any person registered as attached to

Also for petty thefts not involving violence or outrage.

the Sudder Bazar, shall be charged with having committed a petty theft, (that is to say, theft without circumstances of violence and outrage, not exceeding the value of Rupees one hundred,) within the limits of the Cantonments or Bazar, such charge shall be tried by a Native Court-martial, which shall have the power of inflicting on the offenders corporal punishment, not exceeding one hundred lashes with a cat-o'-nine-tails, or of imprisoning them for a term not longer than one month.

How persons not attached to Military Stations, charged with petty offences committed within the limits of those Stations, are to be proceeded against.

**XVII.**—If any such petty offences as are described in Sections XV. and XVI. of this Regulation, shall be committed within the limits of a Garrison, Cantonment, or Military Bazar, by any person not being a retainer of the Army, or the menial servant of an Officer, or registered as attached to the Bazar, the Commanding Officer shall cause the offender, if found within the limits of the Cantonment, Garrison or Bazar, to be arrested and sent to the Magistrate, who shall enquire into the facts and punish the offender, if convicted; in the same manner as in other cases of petty offences cognizable by the Magistrate under the existing Regulations.

All Persons accused of crimes committed in Military Stations, which are not cognizable by Court-martial, shall be delivered over to the Magistrate. Directions for bringing to trial British subjects who may be charged with the commission of criminal offences in the Districts dependant on the Residency of Delhi.

**XVIII.** In all cases of crimes committed within the limits of Garrisons, Cantonments, or Military Bazaars, which are not cognizable before a Court-martial in the manner described in this Regulation, the offender, whatever be his description, if found within the limits, shall be arrested by the Commanding Officer, and delivered over to the Magistrate.

Whenever any British Subject may be charged with the commission of any criminal offence, in any part of the Territory subject to the superintendence of the Resident of Delhi, which may appear to be a fit subject for prosecution in the Supreme Court, the Vice President in Council requests the Officer Commanding the Forces will give the necessary directions for sending the Prisoner under safe custody to the Resident, who, in his capacity of a Justice of the Peace for the Places dependant on the Presidency of Fort William, will adopt the necessary measures for bringing the Person so charged to trial before the Supreme Court.

Proc. V. P. ed  
May 1810

Provision for the trial of Native Subjects of the British Government charged with the commission of crimes out of the limits of the Company's Provinces.

**I.** Whereas, under the existing laws, Native Subjects of the British Government are not amenable to the established Criminal Courts for crimes, or misdemeanors committed in places out of the limits of the British Provinces; And, Whereas, the purposes of Justice require, that provision should be made for supplying this defect; the following rules have been enacted, to be in force throughout the British Territories immediately subject to the Government of the Presidency of Fort William, from the date of their promulgation,

Regulation V.  
A. D. 1809

How Magistrates are to proceed against native subjects found within their jurisdiction in cases of serious offences committed within the limits of the British Provinces.

**II. First.** Whenever a Native Subject of the British Government shall be charged with murder or homicide of any sort, rape or other great personal violence, robbery, burning of houses, or violent affrays, or any other serious offence, committed in any place out of the limits of the British Provinces; either against the subjects of the British Government, or any other persons, and shall be found in any part of such Provinces; the Magistrate of the City or Zillah, in whose jurisdiction the accused person may be found, on the charge against him being deposed to on oath, or under a solemn declaration, either by the complainant, or by some other credible person, as required by Section IV. Regulation IX. 1807, shall issue process for apprehending or summoning the party accused, under the provisions of that Regulation; and, on his attendance, shall make such inquiry into the charge, as the circumstances of the case, and the evidence attainable may admit of; after which he shall report his proceedings to the Governor General in Council.

Rules for the commitment or holding to bail in such cases.

**Second.**—In such cases the Magistrate shall commit the prisoner, or hold him to bail, according as the nature of the charge in ordinary cases would require; in cases of commitment the form shall specify until the Orders of Government shall be received, and in cases of bail the form of the bail bond shall be, in the first instance, to appear before the Magistrate on a certain day assigned (leaving time for the receipt of the Orders of Government) and on such subsequent days as the Magistrate shall require. Should Government, in the latter case, direct the accused to be brought to trial, the Magistrate shall cause the bail bond to be renewed in the ordinary form to appear and take his trial at the Court appointed for that purpose.

III.—In cases referred to under the preceding Section, as well as in all cases of the like nature, which may, in any manner, come before the Governor General in Council, if it appear proper that the prisoner should be brought to trial for the offence imputed to him, the Governor General in Council shall be competent to direct that the prisoner be brought to trial before any of the established Courts of Criminal Judicature within the British Provinces, which he may be pleased to appoint; and the Special Order of the Governor General in Council for the purpose shall be deemed full and sufficient authority for the trial and punishment of such prisoner by the Court so appointed; as well as by the Court of Nizamut Adawlut, if the case be referable, under the Regulations in force, to that Court.

The Governor General in Council competent to direct such persons to be brought to trial before any of the established Criminal Courts.

IV.—Whenever a Native Subject of the British Government shall be brought to trial, before any of the established Courts of Criminal Judicature under the provisions of this Regulation, the trial shall be conducted, and sentence thereupon passed and carried into execution, under the General Regulations in force, in like manner as if the offence had been committed within the British Territories, and the case subject to the ordinary Jurisdiction of those Courts.

Such trials to be conducted, and sentences passed in conformity with the general regulations for the trial of offences in ordinary cases.

Regn. XX.  
A. D. 1810

XIX.—In all cases in which it may be necessary to execute any process of arrest, Criminal or Civil, within the limits of a Garrison, Cantonment, Military Station, or Military Bazar, (the process of the Supreme Court only excepted) the Officers intrusted with the execution of such process of arrest shall, in the first instance, carry the same to the Commanding Officer, or, if he shall happen to be absent, to the senior Officer actually present in the Garrison, Cantonment or Station; and the Commanding Officer or such senior Officer, upon such process being produced to him, shall back the same with his signature, and shall forthwith use his utmost endeavours to cause the person or persons named in such process to be discovered, and if within the limits of the Garrison, Cantonment, Station or Bazar, to be arrested and delivered according to the exigency of the process to the Civil Officer charged with the execution thereof, but nothing herein contained is to be construed to prevent the service, by the Civil Officer in the usual way, of summonses, subpoenas, or other processes of mere citation without arrest.

How process of arrest, either Civil or Criminal, is to be executed within the limits of Military Stations.

Such rules not to extend to the service of process short of arrest.

G. O. C. C.  
20th Nov 1807

The Commander in Chief most perfectly according in opinion with the whole tenor of a late Regulation passed by Government, declaring that Officers Commanding Corps and Detachments are bound, by the general rules and usages of the Service, to afford every assistance in the execution of any process which may be issued from the Civil and Criminal Courts against persons under their command; His Excellency deems it of the highest importance to make his sentiments generally known to all Ranks in the Army, and he now most strictly orders all Commanding Officers to afford the prescribed aid in execution of all processes authenticated by the Judges, Magistrates or other authorities empowered to issue them, although there may be reason to suppose that the processes in question are defective in point of form.

Prohibition of opposition or interruption being under any circumstances attempted to the Officers of the Civil or Criminal Courts in the execution of their duties in Military Cantonments; and directing assistance and support to be afforded them.

In all cases of that nature, the responsibility of the supposed irregularity, if it should be found on enquiry actually to exist, of course rests with the person issuing the process; and the Commanding Officer, after furnishing the aid required, is fully at liberty to submit the case, should he judge it necessary, through the usual channel for the information of the Commander in Chief.

The foregoing Orders are directed to be read at the head of every Troop and Company of European Troops, and to the European Officers of Native Corps, who are to be assembled for the purpose; and they are also to be carefully explained to the Native Troops by Companies at the first parade, that no one may plead ignorance of the spirit and full force of the injunction.

G. O. C. C.  
20th Feb. 1804

As in some instances the relative powers possessed by Military Officers and the Civil Magistrates do not seem to have been fully comprehended, his Excellency desires in future that it be clearly understood, that no power vested in a Military Officer can come in competition with or be lawfully exerted in opposition to that of the Civil Magistrate; that every Native Officer and Soldier is amenable to the Jurisdiction of the Company's Civil and Criminal Courts of Judicature; that residence within the limits of a Military

Cantonment or Station does not exempt any Native from the Jurisdiction of the Company's Civil and Criminal Courts, or from being apprehended by the Officers of those Courts. (In conformity to the Provisions of Regulation XX. 1810.)

The Commander in Chief particularly enjoins all Officers to be aiding and assisting to the Officers of Justice in the execution of their duty, and on no pretence whatever to interfere with the Civil Power; should any Military Officer be of opinion that the servants of the Civil Magistrate have behaved improperly, or exceeded their orders, a report of the circumstances of the case is to be made to Head-Quarters for the purpose of being regularly submitted to the Governor General in Council.

Lord Cornwallis thinks proper to notify to all Commanding Officers of Stations and Detachments, that as the honor and interest of the Nation is deeply concerned in the regular administration of Justice, he will hold them responsible that no obstruction shall be given within the limits of their respective Commands to the Civil Officers acting under the Supreme Court of Judicature, or the Courts of Adawlut, in the execution of Writs, Summonses, or any other legal part of their duty; and those Courts of Justice will be informed that their executive Officers will, upon application to the Military Commanding Officers be certain of meeting protection.

G. O. 4th July  
1787

If any Officer in any Garrison within the Jurisdiction of the (Supreme Court of Judicature) shall hereafter refuse to obey their Warrant, and any violence thereupon ensue, by whomsoever committed, to the Officer bearing the Warrant; or if any Military Officer shall excite or abet any assault or injury done to an Officer of the Civil Court, in the execution of his duty, or knowing that any such violence is intended, does not endeavour to prevent it; such Officer shall be dismissed from the Hon'ble Company's Service: and further it is required and expected of every Commanding Officer who shall be applied to by an Officer of the Civil Court for his protection in executing a Warrant on any Officer or Soldier of the Garrison or Cantonment under his Command, that he do comply therewith in so effectual a manner, as to prevent any mischief from being done to such Officer of the Civil Court, on pain of being deemed guilty of disobedience of Orders.

G. O. 11th  
May 1774

Lord Cornwallis desires that the Army in general will carry in their recollection, that, if it shall ever appear that the lowest Officer belonging to the Supreme Court of Judicature shall meet with the smallest obstruction or opposition in the execution of any part of his lawful duty, from any person belonging to the Army, not only at the Stations, but even in the most remote Districts of these Provinces, the Commanding Officer of the Station or Detachment will, in the first instance, be rendered particularly responsible for it as an outrage which it was his duty to have prevented; and the conduct of every other person who may have been concerned will certainly undergo, at the same time, the most rigid investigation.

G. O. 13th  
August 1788

What description of Military Stations the Provisions of Regulation XX. 1810, are for the present continued to.

XX.—The provisions of this Regulation respecting the trial of petty offences committed within the limits of Garrisons, Cantonments, Military Stations or Military Station Bazaars, and the provisions of this Regulation, respecting the execution of process of arrest before judgment against registered persons attached to Station Bazaars, are to be considered as applicable only to those Garrisons, Cantonments and Stations, the limits whereof shall be laid down in plans approved and confirmed by the Governor General in Council, in the manner described in Section V. of this Regulation; and they shall be in force in such Garrisons, Cantonments and Military Stations, respectively, from the time that the plans so approved and confirmed shall have been deposited at the Head-Quarters, and in the Cutcherry of the Magistrate in the manner prescribed in Section VI.

\* (Regulation XX. 1810, is not applicable to persons residing within Cantonments in the Territories of the Nuwaub Vizier, (excepting as far as it relates to those registered as attached to Bazars of Corps and to Departments of the Army;) nor to the Garrison of Fort William.)

With regard to those Garrisons, Cantonments, or Stations to which it may not be found practicable to assign local limits for the purposes of this Regulation, special provisions will be made hereafter, according to the circumstances of each case: in the mean time the provisions of Regulation III. 1809, are to be considered as in full force with respect to those Garrisons, Cantonments, and Military Stations, and the Station Bazars attached thereto, viz.

G. O. G. O. I.—Under the existing Regulations the charge of the Police in the Cantonments and Military Bazars is vested in the Magistrates and their Officers. This arrangement having however been in some instances attended with inconvenience, the following rules have accordingly been passed for the more effectual support of the Police in places of that description, and for defining the Powers of the Civil and Military Officers in the performance of that duty.

Regulation vesting the support of the Police and the maintenance of the peace in Military Cantonments, in the Commanding Officers, and Rules for their guidance.

II. *First*.—The support of the Police and the maintenance of the Peace within the limits of the Cantonments and Military Bazars are hereby vested in the Officers Commanding the Troops quartered at such places.

The Commanding Officers will accordingly adopt the necessary measures, by means of the Troops under their Command, for preventing, as far as possible, the commission of thefts, robberies, murders and other public crimes within the limits of the said Cantonments and Military Bazars; and for the discovery and apprehension of persons who may at any time be guilty of any such acts.

*Second*.—Nothing contained in the preceding rule shall, however, be construed to authorize the Commanding Officers of Cantonments, or the persons acting under their authority in the support of the Police, to interfere with respect to assaults and petty affrays, or other offences of inferior magnitude, unless the persons guilty of those offences shall be apprehended in the actual commission of such acts.

*Third*.—Any person apprehended under the preceding rules in any of the Cantonments or Military Bazars, on account of the commission of any public crime or offence, shall be delivered over with all practicable expedition to the Magistrate of the District in which such Cantonment or Bazars are situated, and the Magistrate shall proceed against the accused in the manner prescribed by the General Regulations.

III. *First*.—If any person shall have a charge or complaint to prefer against any individual resident in any of the Cantonments or Military Bazars, who may not have been

already apprehended by the persons entrusted therein with the support of the Police, or if the charge or complaint be of a nature not to authorize those Officers, under clause second of the preceding Section, to interfere in it, the party deeming himself aggrieved is at liberty to prefer his charges or complaint directly to the Magistrate, who is hereby authorized and required to proceed with respect to it, under the General Regulations, in the same manner as if the alleged crime or offence had been committed in any other part of his Jurisdiction.

*Second.*—Under the foregoing clause the Magistrates are of course empowered to issue their Warrants and Summonses against any persons residing in the Cantonments and Military Bazaars, in the same manner as if such persons resided in any other part of their Jurisdiction; and the Commanding Officers of Stations are hereby required to afford every protection to the Officers of the Judges, Magistrates and Justices of the Peace in the discharge of the duty entrusted to them, whether any special application shall have been made to them for such aid or support, or otherwise.

V.—The above Rules shall be considered applicable to all Cantonments in which any Body of Troops, not being less than half a Battalion, is quartered, whether the Cantonments be situated at the place of residence of the Judge and Magistrate, or in any other part of the District.

How actions of debt, or other personal actions not exceeding 200 Rupees, against Officers, Soldiers or others, are to be tried and determined.

XXII.—Actions of debt and all personal actions against Officers, Soldiers, Retainers of the description mentioned in Section II. of this Regulation, persons registered as attached to the Sudder Bazaars of Corps, or menial servants of Officers, shall be cognizable before a Military Court, and not elsewhere; provided the value in question does not exceed Sicca Rupees two hundred, and the defendant was a person of the description abovementioned, when the cause of action arose. Such Courts shall be composed of European Officers when European Officers may be parties concerned, and, in all other cases, of Native Officers with an European Officer to superintend and record the proceedings, and shall in all practicable cases consist of five members, and in no instance of less than three members, one of whom shall preside. Such Courts shall be convened monthly by the Commanding Officers of Corps and Stations, and shall be holden on some convenient day before the issue of the Pay for each Month; and it shall be competent to such Courts, upon finding any debt or damage due, either to award execution generally, or to direct, as they shall see fit, that the whole or any part thereof shall be stopped and paid over to the creditor out of any pay or public money which may be coming to the debtor, either in the current or any future month. Where the execution is awarded generally, the debt, if not paid forthwith, shall be levied by seizure and public sale of such of the debtor's goods as may be found within the limits of the Garrison, Cantonment, or Military Bazar, under a written order of the Commanding Officer grounded upon the judgment of the Court; and, if sufficient goods are not found within the limits, the debtor shall be arrested by like order of the Commanding Officer, and imprisoned in some convenient place of confinement within the limits of the Garrison, Cantonment or Military Bazar, for the space of two months, unless the debt be sooner paid; and his goods, if found within the limits at any subsequent time, shall be liable to be seized and sold in satisfaction of the debt, under a written order of the Commanding Officer.

Regn. X.  
A. D. 1810

Courts-martial authorized to be held by the Provisions of Regn. XX. 1810, by whom to be convened.

XXIII. The Courts-martial and other Military Courts, authorized to be held by the provisions of this Regulation, are to be convened by Officers Commanding Stations, Garrisons, or Detachments, as the case may be; and, when single Corps are employed in separate or detached situations, by the Officers Commanding the Corps so detached.

No process of arrest before judgment to issue from the Civil Courts, unless in cases exceeding 200 Rupees.

XXIV. No process of arrest before judgment shall issue from any Civil Court in any action against a person residing or carrying on any trade or occupation, relating to the service or supply of the Troops at any house, shop, or fixed places within the precincts of a Garrison, Cantonment or Military Bazar, unless it be averred in the plaint that the cause of action exceeds Sicca Rupees two hundred, or that the defendant, though resident or carrying on such trade or occupation within the Military limits, is not registered, or that, though registered, he has not within the space of three months preceding, truly and *bona fide*, exercised the occupation in respect of which he is registered within the limits. In all cases where such averment shall be made, the Judge issuing the process

Station and Date.)

## Commanding.

**The above Form will be applicable to the Quarterly Reports ordered to be made by Committees of Officers at Station Bazaars with reference to the difference of the Public Establishment and of the occupations of the People attached to the Bazar ; and also to the proportion required to be held constantly in a state of readiness for moving.**

## REGULATIONS FOR THE DISTRIBUTION OF PRIZE TO THE TROOPS.

G. O. G. G. 16th Feb. 1841 THE Governor General in Council has appointed the undermentioned Officers to be a Committee at Fort William, for the purpose of investigating and reporting on the claims of the European Commissioned and Non-commissioned Officers; and of the Native Commissioned and Non-commissioned Officers and Sepoys, &c. who were employed under the command of Captain Charles Chatfield in the Capture of Chinsurah, in the month of July, 1781, to share in the Prize Money arising from that capture, amounting to Current Rupees 4,16,450, with the view that the amount of the shares of such Claimants, as shall be admitted, may be paid to them or to their legal representatives or Agents.

Directions for the Distribution of prize to the Troops employed at the captures of Chinsurah.

Major General Cameron, Commanding at the Presidency.

Colonel J. Pringle, Quarter-master General.

Captain W. S. Greene, Deputy Military Auditor General.

The Chinsurah Prize Money is to be distributed according to the following plan, viz:

Proc. V. P. \* 1st  
Oct 1841

\* (For Captain Chatfield, Commanding, one eighth of the whole.)

|                                                                    |      |      |      |       |
|--------------------------------------------------------------------|------|------|------|-------|
| For each Lieutenant, Shares, ----                                  | ---- | ---- | ---- | 70    |
| “ Serjeant Major “ ----                                            | ---- | ---- | ---- | 4     |
| “ Serjeant “ ----                                                  | ---- | ---- | ---- | 2     |
| “ Subadar “ ----                                                   | ---- | ---- | ---- | 5     |
| “ Jemadar, “ ----                                                  | ---- | ---- | ---- | 3     |
| “ Havildar, First Tindal, & Native Doctor, ----                    | ---- | ---- | ---- | 1 1-3 |
| “ Naick, Drummer, Tindal, Sepoy, Lascar, Puckauly & Behihity, ---- | ---- | ---- | ---- | 2-3   |

The amount of each Share is Current Rupees 239 4 2.

Ordered, that a Committee composed of three Officers not under the Rank of Captain, of which the Major of Brigade shall be a member, be appointed at each of the Stations of Barrackpoor, Danapoor, Chunar, Allahabad, Cawnpoor, Futtighur, and with the Grand Army; and that those Committees be directed to meet once in every month, and oftener if necessary, for the purpose of identifying persons having claims to the Chinsurah Prize Money.

Ordered, that the Committees referred to in the preceding Paragraph, and the Regulating Officers of the Invalid Jageerdar Establishment, be directed to transmit monthly, to the Committee at Fort William, Lists of the men who may appear to have claims either in their behalf, or as heirs or executors of deceased Men entitled to share in the Prize Money arising from the Capture of Chinsurah in the Year 1781, accompanied by an explanation of the pretensions of each Claimant.

The bills are to be prepared in the Office of the Major of Brigade at each Station, and by the Regulating Officers of the Jagheerdar Establishment, who are hereby respectively authorized to charge in a contingent bill, properly attested, the actual expence of Stationery incurred in preparing the list of claimants, &c.—These bills to be transmitted for the examination of the Committee at Fort William previous to their being submitted to his Excellency in Council, for his sanction.

The Committee at Fort William will submit quarterly to the Governor General in Council, or oftener if necessary, a statement of such claims as shall appear to them to have been established; and for the amount of such claims as shall have been admitted and confirmed an order on the General Treasury shall be issued in favor of the Military Paymaster General to enable him to pay the same, according to the information with which he will be furnished by the Committee at Fort William, bringing the amount of all orders on the Treasury issued to him on account of the Chinsurah Prize Money, in the first instance, to credit on his cash account.

That the claims on account of European Commissioned or Non-commissioned Officers shall be forwarded, without delay, either direct to the Committee at Fort William or through the Station Committees.—That after the expiration of 5 years from this date the Proceedings of the Committee at Fort William shall be closed, and no claims whatever, on account of the Prize Money arising from the Capture of Chinsurah in the Year 1781, will be received and investigated after that period.

That the claims on account of the Native Commissioned, Non-commissioned Officers, Drummers, Privates, &c. shall be forwarded without delay, either direct to the Committee at Fort William, or through the Station Committees: that after the expiration of three years from this date no claims on account of Native Officers, Drummers, Privates, &c. will be received and examined, and all shares of Native Commissioned, Non-commissioned Officers and Privates, &c. remaining unclaimed at the expiration of three years will become forfeited.

The Committee ordered at Fort William by General Orders of the 16th February, 1804, for the purpose of investigating and reporting on the claims of the European Commissioned and Non-commissioned Officers, and of the Native Commissioned, Non-commissioned Officers and Sepoys, &c. entitled to share in the Prize Money arising from the Capture of Chinsurah in 1781, having reported that the claims of all Europeans to share in the Prize Money have been adjusted, with exception to the claims of six Serjeants, which have not yet been preferred, and the time fixed by the Orders of Government above adverted to, for receiving claims on account of Natives to share in the Chinsurah Prize Money having expired, the Governor General in Council is pleased to direct that the Proceedings of the Committee ordered to assemble at Fort William be immediately closed, and that in conformity to the Orders of Government, above adverted to, the shares of the Natives remaining unclaimed be forfeited.

The Committees ordered to be assembled at the several Stations of the Army, in consequence of the Orders of Government of the 16th February, 1804, are hereby dissolved, and the Committee at Fort William is directed to submit, with as little delay as possible, a copy of its Proceedings for the consideration and Orders of the Governor General in Council; accompanied with an Abstract Statement shewing the total amount of the Prize Property captured at Chinsurah, the amount which has been disbursed in discharging the claims admitted by Government, and the balance remaining in the General Treasury.

The Governor General in Council passes the bills for Stationery drawn by the Chinsurah Prize Committee, and authorizes a gratuity of Sicca Rupees 500 to Mr. Staunton, as a compensation to him for his trouble in examining Rolls, preparing Statements, and arranging the Proceedings of the Committee.

Seringapatam,

The following General Orders, dated the 12th August last, published by the Governor in Council at Fort St. George, are republished by the Governor General in Council for the information and guidance of Officers and Corps belonging to this Presidency, who are entitled to share in the dividend arising from the capture of Seringapatam in the year 1799, in favor of the two Detachments which served in the course of that war under the Command of Lieutenant Colonel Browne and Lieutenant Colonel Read, of the Establishment of Fort St. George.

Proc. G. G. 2d April 1807

G. O. G. 10th Oct. 1808

**"GENERAL ORDERS BY GOVERNMENT, FORT ST. GEORGE, 12TH AUGUST, 1808.**

The Hon'ble the Governor in Council has been pleased to resolve, that a dividend of Seringapatam Prize Money, arising from the value of Captured Ordnance and Stores, and from the balance of Prize Property due by the Prize Agents, shall be issued in the following proportions, corresponding with those distributed at Seringapatam.

|                                                                                                                                                                                                                                                                                                                                                                                                                                       | Shares. |

| Colonel, .....                                                                                                                                                                                                                                                                                                                                                                                                                        | 600     |
| General Officer on the Staff, .....                                                                                                                                                                                                                                                                                                                                                                                                   | 1200    |
| Major General Floyd, Second in Command of the Army and Commanding }<br>the Cavalry, one third more than Ditto, .....                                                                                                                                                                                                                                                                                                                  | 2400    |
| The Commander in Chief, one eighth of the whole, or Star Pags. ....                                                                                                                                                                                                                                                                                                                                                                   | 324 997 |
| The amount of each share is Star Pagodas 18.                                                                                                                                                                                                                                                                                                                                                                                          | .       |

The following are the Corps, &c. entitled to share.

*First.*—The Troops composing the Detachments under the Command of Lieutenant Colonels Browne and Reade, who were above the Ghauts on the 5th May, 1799, or who were left on duty in Garrisons below the Ghauts captured from the Enemy.

*Second.*—The Bombay Grenadier Battalion.

*Third.*—Individuals, whose claims on the Prize Fund have been admitted by the Supreme Government and by the Government of Fort St. George."

G. O. G. G.  
12th Oct. 1808

Abstracts are to be prepared in duplicate by the Commissioned Officers entitled to share in the Prize, or by the Agents of those Officers who may be returned to Europe, or by the Heirs or Administrators of such as are deceased, according to the annexed form No. 1, and transmitted to the Military Auditor General at Fort William.

**FORM NO. I.**

*Prize Roll of the undermentioned Commissioned Officers for participating in the first dividend of the Property captured at Seringapatam.*

| NAMES. | Rank and Corps on the 5th May, 1799. | Nature of Claim. | Amount.           |
|--------|--------------------------------------|------------------|-------------------|
|        |                                      |                  | Star Pags. F.   C |

Commanding Officers of Corps and Detachments, and the Regulating Officers of the Jagheeradar Establishments of Native Invalids, will prepare, according to the annexed Form

No. 2, Abstracts in duplicate for the European Non-commissioned and Privates, &c. and for the Native Commissioned, Non-commissioned Officers and Privates, &c. now alive and in the Service, who may be entitled to share in the present dividend of Seringapatam Prize Money, which are in like manner to be transmitted to the Military Auditor General; and the Commanding Officers of Corps and Detachments, and the Regulating Officers of Jagheerदार Invalids, will likewise be pleased to transmit to the Military Auditor General lists of claimants who may have been discharged the Service, or of those Persons who may appear either as heirs or as next akin of deceased Soldiers who were entitled to share in the Seringapatam Prize, furnishing at the same time every information which it may be in their power to obtain, tending to establish the claims of each Individual.

Those lists are to be submitted by the Military Auditor General to the Governor General in Council, who will hereafter adopt such measures for the investigation of the claims of Pensioners, of Men discharged, or of the Heirs or Relatives of deceased Soldiers, as may appear to be necessary and proper.

#### FORM NO. II.

*Prize Roll of Non-commissioned and Privates (if for a Native Corps of Native Commissioned Non-commissioned and Privates, &c.) of the— Battalion Regiment of Artillery (or of European or Native Infantry) entitled to share in the first Dividend of the Property captured at Seringapatam.*

Recd. Payment A. D.

Lieutenant Colonel.

Delhi & Agra.

The Governor General in Council having received from the Commander in Chief a Report of Treasure, being the Public Property of the Enemy, captured at Delhi after the brilliant victory of the 11th September, to the amount of 5,40,000 Rupees, deems it to be the duty of this Government to anticipate the sanction of His Majesty and of the Hon'ble the Court of Directors for the distribution of this sum, as a testimony of the applause and gratitude with which the British Government views the exemplary valour, the discipline, zeal and immobility displayed by the Army under the personal command of his Excellency General Lake during the present glorious campaign, and especially in the memorable Battle of Delhi.

His Excellency in Council accordingly authorizes and directs the Commander in Chief to make an immediate distribution of the sum above-mentioned to the Troops under his personal Command, in such proportions as may be conformable to the usage of the British Service in similar cases.

The Commander in Chief will be pleased to determine, and to name in Public Orders, the several Corps or Divisions of the Army which are to participate in the distribution, and also to determine and to publish the General Rules by which the shares of the respective Officers and Soldiers are to be apportioned; and the Commander in Chief will be pleased to report his Proceedings in the execution of these instructions to the Governor General in Council.

All Ordnance, Ammunition and Military Stores taken in the Battle of Delhi, or since the commencement of the campaign, are to be reserved entire for future instructions.

The general principle of these Orders will constitute the rule of the Proceedings of the Governor General in Council with respect to all Prize which may be captured by the British Troops in the progress of the war.

The Governor General in Council will not fail to afford to the zeal, gallantry and energy of the Army (employed in services of arduous labour and peril and remote from their Sovereign and their Country) the most liberal and prompt encouragement which may appear to be compatible with the rights of the Crown and of the Hon'ble Company, and with the due principles of discipline, public order, and just economy.

G. O. G. G.  
Sec. Off. 1203

**G. O. G. G.** The Governor General in Council having this day received from the Commander in Chief a report of Treasure to the amount of Rupees 24,00,000, the public property of the Enemy, having been delivered up by the Enemy's Garrison to the British Army on the evacuation of the Fort of Agra on the 17th October,—his Excellency in Council is pleased to signify his entire approbation of the Proceedings of the Commander in Chief in considering the sum above-mentioned to be lawful Prize, and in authorizing the distribution of the same, according to the tenor of the Orders of the Governor General in Council of the 8th October, relative to the Prize captured at Delhi.

The Governor General in Council is therefore hereby pleased to confirm the Proceedings of the Commander in Chief, respecting the sum of Rs. 24,00,000 captured at Agra.

**G. O. G. G.** The Committee assembled to ascertain the claims of those entitled to share in the Prize having left the subject to the decision of his Excellency the Commander in Chief, his Excellency has directed a copy of his answer to Major General Ware, President of the Committee, to be published for the information of the Army; the principles laid down therein having been approved and adopted by the Committee.

TO MAJOR GENERAL WARE,  
*President of the Prize Committee.*

SIR,

In compliance with the wishes of the Committee I have the honor to communicate the following as my sentiments on the most just and equitable appropriation of Prize.

*First*—All Corps, Officers and Soldiers who were present with the Army on the 29th August and 4th September, 1803, are entitled to share in Prize taken by the Army during the War, with the exceptions hereafter mentioned.

*Second*—All Corps, Officers and Soldiers who joined the Army between the 4th and 11th of September, are entitled to share in Prize taken subsequent to the 11th September.

*Third*—Corps, Officers or Men who joined or shall join the Army subsequent to an action, or to the capture of a place, are not entitled to share in Prize which was the immediate consequence of such action or capture.

*Fourth*—Corps, Officers or Soldiers are to be entitled to share in Prize made subsequent to their junction, with the exceptions alluded to in the foregoing article.

*Fifth*—No Officer who quits the Army on leave of absence is entitled to share in Prize made during the period of his absence, unless such absence shall have been occasioned by wounds or ill health.

*Sixth*—Officers transferred from Corps with, or which have been with, the Army to Corps in other situations, are not entitled to share in Prize after their quitting the Army.

It is appear to me to be the leading principles upon which the Division of Prize ought to be adjusted. I shall, however, with much pleasure, take into consideration any suggestions which the Committee may offer.

I have the honor to be,

SIR,

Your Obedient Servant,

G. LAKE.

AGRA,  
16th October, 1803.

(Signed)

**Ext. G. O. C.** " *Extract Proceedings of the Prize Committee assembled agreeably to General Orders of the 19th October, 1803.*  
**C. 2nd October 1803**

| Lieutenant Colonel, .....                                                                 | 360     |
| Colonel, .....                                                                            | 600     |
| Major General, .....                                                                      | 1500    |
| The Commander in Chief one eighth of the whole, after deducting Prize Agent's Commission. |         |

Prize Agents are to receive 5 per Cent. Commission, paying all incidental expences whatever.

Prize Money is to be drawn for all Officers and Soldiers who may have been killed in action.

Recruits, who have not fallen in with their Regiments or Battalions previous to the time of the action or actions for which Prize Money is given, are not to share.

The Prize Rolls of Corps, with figured Abstracts on the back or bottom of each, are to be made out conformably to the Rules above laid down by the Prize Committee, and are to be compared with the Monthly Returns, and countersigned by the Adjutant General or Deputy Adjutant General, as being correct, previous to their being paid by the Prize Agents."

Agreeably to the foregoing Proceedings of the Prize Committee, Commanding Officers of Regiments and Battalions are to send into the Adjutant General's Office for examination and countersignature three separate Prize Rolls of their respective Corps, viz. one for the 29th August and 4th September, one for the 11th of September, and one for the 18th October, and are not to include Deserters, or any other class of men than those admitted by the Prize Committee.

Officers Commanding Wings and Brigades are to make out similar Prize Rolls for themselves and their respective Staff.

The Adjutant General to make out similar Prize Rolls for the General Staff attached to Head-quarters.

Adjutants, Quarter-masters and Surgeons of Regiments and Battalions are to make out similar Prize Rolls for their respective Departments entitled to share, and all other Heads of Corps and Departments, not above specified, are to make out similar Prize Rolls for themselves and their respective Establishments.

The Prize Agents are authorized to commence the Division of the Prize found in Agra as soon as they shall be furnished with the requisite Rolls.

Bills for the amount of Prize Property to be recovered by Paymasters. The Governor General in Council directs that all bills against individuals, on account of the Fund arising from Property captured from the enemy during the late war, be sent to the Paymasters of Corps to which those Individuals belong, signed by a Prize Agent, and that the amount due to the Fund be recovered from those indebted to it by monthly stoppages from their pay. G. O. G. G. 1st Jan. 1807

#### OPINION OF COUNSEL ON THE DISTRIBUTION OF PRIZE.

Opinion of Council as to the Proportions in which Prize Property is to be distributed. "In all cases which have come under my immediate consideration since I have been in Office, the distribution of Prize has invariably been to the Commanders in Chief and to the Flag and General Officers, amongst them, one eighth, and no more; and I have known agreements between Commanders in Chief, by which it was proposed that the superior Officers should take a larger share, refused to be confirmed. Ext. Proc. G. G. 4th July 1805

"Few captures made solely by a Military Force have come within my observation; the Cochin Capture was one; and in that His Majesty's Grant was in the proportions already stated."

(Signed)

I. NICHOLL.

LONDON,

February 15th, 1804.

## DIRECTIONS TO BE OBSERVED IN THE PREPARATION OF CONTRACTS.

- Let. C. D. 8th July 1795** We have agreed, by way of experiment, agreeably to the suggestion in your last dispatch, to vest you with a discretionary power to authorize the construction of Public Works by Agency, in cases where the differences between the estimates of the proper Officers and the lowest proposals of Contract may afford grounds for expecting a certain and considerable saving from it; at the same time we must repeat the remark contained in the 31st Paragraph of our Letter in the Public Department of the 20th February, 1793, viz. "that in a Contract properly guarded, and formed with responsible persons upon notice publicly given a considerable time before hand, the Government is less liable to be deceived or ill served, than it is by the mode of Agency, where interest is more likely to prevail."
- Let. C. D. 8th July 1795** Directions of the Hon'ble the Court of Directors relative to the performance of Public Works, &c. by Contract.
- Although it does not appear eligible to exclude Natives from tendering their proposals, or to require them invariably to deposit Company's paper for the due performance of their engagements, we nevertheless agree with you in the propriety of adopting some mode for preventing Natives, who are neither responsible Persons themselves, nor can give good and sufficient security, from delivering in proposals for the execution of Public Contracts, and recommend the same to your consideration.
- Let. C. G. 7th March 1806** The suggestion of the Military Board for resending drafts of advertisements inviting proposals of Contract, in the first instance, to the Hon'ble Company's Attorney, "for the purpose of receiving from him such observations as may occur to him as being calculated to render them more perfect," is entirely approved of by the Governor General in Council; but, in the adoption of that principle, all drafts of advertisements inviting proposals of Contract should continue as heretofore to be laid before the Government by that Board, in the first instance, that they may be advised as to the terms and conditions on which such proposals should be accepted; after which the drafts will be referred to the Advocate General from the Military Department, for the purpose of his giving a legal form and precision to the conditions which Government may have determined to impose on the Contractors.
- Proc. C. G. 13th Mar 1795** All Advertisements for Public Contracts, drafted under the orders of the Military Board, shall contain the form in which the proposals are to be made, and a notification, that any deviation from such form will subject the proposals to rejection in the first instance.
- Proc. C. G. 7th Mar. 1794** The Governor General in Council has resolved, that in all future advertisements for Contracts for repairs or reconstruction of Military Buildings, clauses be inserted relating to the disposal of the materials for the use of the Company, to be applied either in such part of the repairs or reconstruction, as they may appear on due examination to be fit for, or to be sold by Public Auction, as shall be deemed most advantageous for the Public Service.
- Proc. M. Board May 1811** Ordered, that the Military Board be desired invariably to insert a clause in all future drafts of advertisements inviting proposals of Contract, which may be prepared by them, purporting that good and sufficient securities will be required by Government for the due performance of whatever is therein required to be executed.
- Let. C. D. 10th June 1801** **PARA. 5<sup>th</sup> ad.**—It occurs to us, that the reason why only one proposal was made to you to contract for Cloathing the Army might have been owing to the short notice allowed; we therefore direct that a period of one month at least is to be observed in future for the receipt of proposals of Contract.
- M. C. 31st March 1794** In regard to Military Contracts, when the engagements shall have been concluded, no deviation therefrom is to be made without the written sanction of Government or of the Military Board, by their authority, excepting trivial alterations not attended with additional expence to Government or accommodation to the Contractor, and to which the latter may give his written acquiescence.
- Let. C. D. 29th May 1799** **PARA. 107<sup>th</sup>.**—As there is too much reason to believe that the Company has sustained losses to a considerable amount by the negligence of Contractors, particularly such as engage for the erection and repair of Public Works and Buildings, we direct that you make
- Regulations to be observed in preparing the Drafts of Contracts.
- Circumstances under which alterations are allowed to be made in Contracts shall have been concluded
- In case of failure on the part of Contractors, the penalties are invariably to be exacted.

it an invariable rule to exact the Penalties in every case of failure on their parts, and to extend this Rule to every Branch of the Service, and make the Securities answer for any misconduct or deficiencies of the Parties for whom they may have become bound to the Company.

Notice to be given to Government, previous to the expiration of Contracts, by the Military Board.

Contract for the Provision of River Sloops for the conveyance of Troops, Provisions and Military Stores.

In all cases in which the expiration of any Contract in the Military Department renders it necessary for Government to issue any order, the Governor General in Council directs that the Military Board will report the period at which such Contract will expire, at least 15 days previously to that event taking place.

Proc. G. G.  
27th Mar, 1806

The Governor General in Council has been pleased to accept proposals of Contract from Rammohun Dutt for supplying River Sloops for the conveyance of Troops, Stores, and Provisions, &c. from Calcutta to Diamond Harbour, Kedgerree and Cox's Island; and from ships at those places to Calcutta; the Contract to have effect for two years from the 31st instant.

G. O. G. G.  
21st July 1810

#### TERMS OF THE CONTRACT.

Sloops for the conveyance of Troops are to be furnished at the written requisition of the Town Major, and for the conveyance of Stores and Provisions at the written requisition of the Garrison Store-keeper of Fort William.

The Town Major's requisition is to specify the number of men for whose conveyance Sloops are required, and the places at which they are to embark and disembark, and the Contractor is to supply Tonnage at the rate of 25 Bags of 2 Factory Maunds each, for each European, and 15 Bags for each Native.

The Garrison Store-keeper's requisition is to specify the description and quantities of Stores, or Provisions, for which he requires conveyance, and the places at which they are to be loaded; and the Contractor is to provide the required Tonnage according to the calculations subjoined.

Rice,  
Dholl,  
Salt,  
Boot Gram,  
Peas,  
Tamarinds,  
Turmeric,  
Garlick,  
Onions,  
Sugar,  
Tobacco,  
Tobacco mixed with Goor,  
Wheat  
Churah,  
Biscuit,  
Flour,  
Fire-wood,  
Sweetmeats and Raisins,

2 Factory Maunds of each of those articles to be considered as equal to one Bag.

Chillies..... 2 Seers equal to 1 Bag,  
Tea, ..... 30 ditto ditto.  
Caboos, large, ..... equal to 15 Bags.  
Cooking Box, ..... ditto to 6 ditto.  
Water Jar, ..... ditto to 14 ditto.  
Pipe of 120 gallons, ..... ditto to 14 ditto.  
Ditto of 60 ditto, ..... ditto to 7 ditto.

All other articles, not above enumerated, are to be allowed as 2 Factory Maunds weight to a Bag.

The Contractor engages to supply at the two undermentioned rates, per Bag, Tonnage (whether for men, or stores and provisions) to and from each of the following places, during the South West and North East Monsoons, that is:

First.—Rate for the North East

Monsoon, or during the months of October, November, December, January, and February, per Bag of 2 Factory Maunds,

To and from Diamond Harbour.

A. P.  
1 9

To and from Kedgerree

A. P.  
2 6

To and from Cox's Island.

A. P.  
3 3

**Second.—Rate for the South West**

Monsoon, or during the months  
of March, April, May, June,  
July, August, and September,  
per Bag of 2 Factory Maunds,

1 6                      8 11                      3 3

The Sloops are to be ready in 24 hours, after a written demand shall have been made to the Contractor by the Town Major or Garrison Store-keeper, in failure of which the Town Major or Garrison Store-keeper are at liberty to hire vessels on the best terms they can, and the excess, if any, of such terms above the Contractor's Rates, is to be made good by the Contractor.

The Sloops are liable to be detained at Calcutta during 48 hours, and with the Ships 5 days, without any additional charge; should they be detained longer, or be ordered to Barrackpore, demurrage will be allowed during such extra detention, or during the time of the Sloops going to and returning from Barrackpore, at the rate of one Sicca Rupee per day for every Hundred Bags of Tonnage that shall have been required.

Should a Sloop at any time be required, the regulated tonnage of the men, or of the articles ordered on board of which shall not amount to 600 Bags, the Contractor is nevertheless allowed to charge for a Sloop of 600 Bags, in the same manner as if the regulated tonnage of the Troops or Stores sent had amounted to 600 Bags.

When Troops shall be sent to, or brought from, any of the places before mentioned, Provisions, &c. for six days shall be conveyed for the men, without any additional expense or charge.

The Contractor is to bear all charges on account of ballast and dunnage.

If any Sloops should be loaded with Gun-powder, and should by accident blow up, the Company is to pay the value of the Sloops to the Contractor, which value is to be adjusted on arbitration.

The freight will be paid in cash at the end of every month, for the business done in the month, after the bills shall have been audited by the Military Auditor General; the written requisitions of the Town Major and Garrison Store-keeper are to be tacked as vouchers to each bill, to which is also to be added the certificate of the Town Major or Garrison Store-keeper, that the Sloops required had been actually supplied.

The Sloops to be furnished with two Anchors and two Cables.

The Sloops that may be tendered for service are required to be in good condition and well found; they are to be subject to the inspection of the Town-major or Garrison Store-keeper, or any person appointed by them, and subject to their rejection or approval.

The Contractor is held responsible for the honesty, care, and diligence of the Sloop's crews, and is to make good any loss, clearly resulting from their fraud or negligence.

**REGULATIONS FOR EXEMPTING FROM POSTAGE THE PUBLIC CORRESPONDENCE OF MILITARY OFFICERS; AND FOR THE TRANSMISSION OF DISPATCHES, EXPRESSES, &c.**

Ext. Procs. G.  
G. 19th August  
1808

The Governor General in Council having had under his consideration the report from the Post Office Committee on the late Regulations for that Department, limiting the privilege of franking letters and authorizing certain Officers of Government to charge in contingent bills the Postage on all Letters and Dispatches addressed to and received by them; and having resolved that in addition to the List published under date the 31st March, 1808, the privilege of franking letters shall be extended to certain other Civil and Military Officers of Government,—the following amended List is now published for general information:

Regulations for  
exempting from  
Postage the pub-  
lic correspon-  
dence of Offi-  
cers in charge of  
Departments,  
Public and Staff  
Officers, &c.

All Letters to and from the Members of Government, unconditionally.

Letters to and from the Secretaries of Government on public business.

Governor General's Private Secretaries.

The Commander in Chief.

Secretary to the Commander in Chief.

Persian Interpreter to the Commander in Chief.

General Officers on the Staff.

Adjutants General of the King's and Company's Troops.

Deputy Adjutants General of the King's and Company's Troops.

**Quarter-masters General of the King's and Company's Troops.**

**The Military Auditor General, and Deputy Military Auditor General.**

**The Military Paymaster General and his Deputy.**

**Paymasters of Stations.**

**Secretary to the Military Board.**

**First Assistant to the Secretary to the Military Board.**

**Secretary to the Medical Board.**

**Chief Engineer, or Officer acting in that capacity, corresponding with Officers of Engineers.**

**Engineer Officers, corresponding with the Chief Engineer.**

**Secretary to the Board of Superintendence, corresponding with the Superintendent of the Stud at Poona.**

**Regulating Officers, corresponding with the Board of Revenue, with the Military Auditor General, with the Paymaster General, and with the Paymasters.**

**Officers Commanding Provincial Corps, corresponding with the Military Auditor General, the Military Paymaster General, with Paymasters of Stations, the Military, Medical, or Revenue Boards.**

**Surveyor General, corresponding with Surveyors.**

**Surveyors, corresponding with Surveyor General.**

**Deputy Quarter-master General, when corresponding with the Quarter-master General, or with the Barrack-master at Agra, Muttra, Allahabad or Cawnpore, or with the Commanding Officer of any Post or Station above Allahabad.**

**Paymasters of His Majesty's Regiments, when corresponding with the Military Paymaster General, or with the Paymaster to the King's Troops at the Presidency.**

**All Officers Commanding Posts, Stations or Detachments, also Majors of Brigade when addressing either the Military Board, Medical Board, Military Auditor General, Military Paymaster General, a Paymaster, the Auditor General, or his Deputy (when absent from the Presidency), the Quarter-master General or his Deputy, or the Commanding Officer of any other Post, Station or Detachment.**

**Majors of Brigade, when addressing the Major of Brigade of any other Station, or the Commanding Officer of any Post, Station, or Detachment, or the Superintending Surgeon, Chaplain, Judge Advocate General or his Deputies, or the Fort Major of Fort William.**

**All Officers corresponding with the Secretary to Government in the Military Department, with the Commander in Chief, Adjutant General, Military Auditor General, Military Paymaster General, Paymasters of Stations, Military Board, or with the Medical Board, (except with respect to such Letters as are on their own immediate concerns.)**

**Commandant of Artillery, the Commanding Officer of Artillery in the Field, and all other Officers Commanding Corps, when addressing detached Officers of their own Corps, or the Commissary or the Deputy Commissary of a Magazine, or Conductor of Ordnance in charge of Stores, the Superintending Surgeon of the same District, or the Officer who pays the Stipends of the Families of Native Troops on Foreign Service.—The Official Correspondence of the Commanding Officer of Artillery in the Field, with the Officer Commanding the Corps of Pioneers, is also exempted from Postage, as also the Official Correspondence of the Commandant of Artillery, or the Commanding Officer of Artillery in the Field, with the Commanding Officer of the Horse Artillery.**

**Officers Commanding Posts or Detachments, when addressing the following Officers:—The Commanding Officer of their own Corps, the Commanding Officer of any other Post, Station or Detachment; the Commissary or Deputy Commissary of a Magazine; a Conductor in charge of Stores, or Major of Brigade of a Station.**

**Officers detached, though not Commanding a Detachment, when addressing the Commanding Officer of their own Corps.**

**Superintending Surgeon addressing the Medical Board, or the Surgeons, or Assistant Surgeon within his own District, or the Commanding Officer of any Post or Station within his own District.**

**Surgeons, or Assistant Surgeons addressing the Superintending Surgeon of their own District.**

**Fort Major of Fort William.**

Fort Adjutant of Fort William.

Judge Advocate General, when addressing the Deputy Judge Advocate General, or the Commanding Officer of a Station.

The Officer who pays the Stipends of Families of the Native Troops employed on Foreign Service, subscribing his Letters "Family Subsistence of Native Troops."

Assistant Adjutant General.

Conductor of Ordnance, addressing the Commissary or Deputy Commissary of a Magazine, or the Commanding Officer of any Post or Station.

Commissary or Deputy Commissary of Ordnance or Stores, addressing the Commissary of any other Magazine, a Conductor, or other Officer proceeding in charge of Stores, or the Commanding Officer of a Station.

All Official Letters which an Adjutant, or a Quarter-master of a Corps, may have to transmit to Officers of the same Corps who are detached, must be franked under the Official Signature of the Commanding Officer of the Corps.

The Apothecary General.

All Reports, Review Rolls, Indents and Returns, carefully tied up, but not sealed, with a label or ticket, on which is to be written the address of the Officer for whom the parcel is intended, as well as the Official Signature of the Officer by whom it is dispatched, but without any envelope, will be received at the Post Office, free of Postage.

Officers, Civil and Military, not named in the foregoing List, who may have occasion *bonâ fide* to address Letters on the Service, the Postage of which is properly chargeable to Government, will be indemnified in such expence by making an application to the Civil Auditor or Military Auditor General, stating the circumstance which rendered such correspondence necessary.

Letters, addressed on the Service, shall bear on the envelope the official designation of the Officer to whom they are addressed, as well as the name and official designation, in his own hand-writing, of the Officer by whom such Letters are written.

It is to be understood, that the exemption from Postage granted to the public Officers under Government, specified in the foregoing Paragraph, is confined to correspondence *bonâ fide* on the Public Service, and that such Letters must bear on the envelope the word "Service," and the name and designation of the person to whom they are addressed, as well as those of the writer: where this form shall not have been observed, the Letters are not to be received at the different Offices, excepting on payment of Postage. But as the Commanding Officer in the Field, the Secretaries to Government in the several Departments, the Private Secretaries to the Governor General and to the Commander in Chief, the Post Master General, the Residents at Foreign Courts, and the Agents to the Governor General, may have occasion to correspond with individuals on public business, though not in an official form,—private Letters on public business, from these Officers, shall be exempted from Postage, on their subscribing on the envelope their name and official designation, with the addition of the word "Private."

All Postage will be paid in Sicca Rupees.

Those Native Officers who are authorized by special Regulations to dispatch Letters on the Public Service, free of Postage, are not considered by the Right Honorable the Governor General in Council to be affected by the present Regulations for the Post Office.

In publishing the foregoing List, the Public are desired to take notice, that the privilege of franking Letters having been authorized by the Governor General in Council for the express purpose of affording every necessary facility to correspondence on the public business, his Lordship in Council confidently trusts, that this privilege will not be applied to correspondence on the private affairs of individuals. The Governor General in Council is at the same time pleased to declare, that any deviation from a strict observance of this rule will not fail to subject persons who shall either practise, or connive at, such abuses, to the most severe displeasure of Government; and if any instances of such practice shall come to the knowledge of the Post Master General or subordinate Post Masters, or to the knowledge of any of the Public Officers of Government, whether Civil or Military, they are directed to submit the same for the information of the Governor General in Council.

Letters of Soldiers to be exempted from Postage, and to be countersigned by Commanding Officers of Corps.

G. In conformity to an arrangement for the future Regulation of the indulgence allowed to Soldiers of sending their Letters free of Postage by the Public Mails, all Officers

Commanding Regiments or Detachments are authorized to direct the Letters of the Soldiers under their command who may appear entitled to that

(For the orders extending exemption from Postage to the public correspondence of the Committees of Compensation and Off-reckonings, of the Clothing Agents, Commissariat, Superintendent of Public Military Buildings, and Chaplains,—vide pages 608, 599, 557, 384, 303.)

Accounts of contingent charges for Postage now to be kept.

Resolved, that the Post Master General be directed to keep a separate account of the Postage on all letters and dispatches which the Public Officers of Government are authorized to charge in contingent bills; and to submit the same to Government, at the period when the annual accounts of the Post Office are made up.

Proc. G. C. 17th May 1803

The Governor General in Council is further pleased to direct that the Post Master General shall keep separate accounts of the Postage on all letters and dispatches forwarded through the General Post Office and through the subordinate Post Offices, to and from those Officers, respectively, who are authorized to charge the amount in contingent bills; copies of those accounts are to be transmitted by the Post Master General, monthly, to the Civil Auditor and to the Military Auditor General to enable those Officers to check the contingent bills which are ordered to be submitted to them monthly for Audit.

Correspondence of Officers with their Paymasters regarding their own allowances, and with Administrators or Executors, is subject to Postage.

The correspondence of all Military Officers with Paymasters or other Public Officers of Government, on the subject of their individual allowances, or any other subject of a personal nature, is to be subject to Postage.

M. C. 9th April 1801

The correspondence of Commanding Officers, Brigade Majors and other Public Officers of Government with Executors or Administrators, is to be considered as private, and subject to Postage, payable by the parties with whom such correspondence may be found necessary, in like manner as above directed.

Regulations to be observed in the transmission of Dispatches of Papers, &c and Expresses on the Service of Government.

All dispatches on the Service of Government, which shall exceed twenty-five Sicca weight, are to be transferred to the Dawk Bhangy, unless, according to the degrees of importance attaching to them, the Public Officer by whom a Packet is franked shall deem it either expedient to forward his dispatch in separate parcels by the mails of successive days, or absolutely necessary to require the immediate transmission of it in the usual course of the mail on the same day; in which latter case, he will certify the emergency of the occasion on the envelope of the Packet, as authority to the Post Master for complying with the requisition. But it is at the same time expected, and required, that the exercise of this privilege, on the part of the several Public Officers, be strictly confined to occasions of real necessity.

G. O. V. P. 8th Oct. 1811

In situations where Bhangies are not laid, Packets of over-weight will be forwarded as heretofore, but on the outside of the mails, and with a separate Chillaun for the purpose of being conveyed to the nearest Station through which a Dawk Bhangy passes, and there transferred. With this exception, the transmission by Dawk of any Packets, either not conformable to the standard weight, or if exceeding it, not bearing the prescribed certificate of emergency, is every where peremptorily prohibited.

The weight and bulk to which Public Dispatches have been extended, and which under the preceding rule might exclude them from the Letter Mails, appearing in frequent instances to arise unnecessarily from the loose manner in which they are transcribed, and from the retention of the blank leaves attached to many separate enclosures; it will be the duty of the heads of Offices to direct their particular attention to these points, causing it to be observed as a standing rule in their respective Departments, that all dispatches must be copied within the smallest space, compatible with perfect legibility, and with  $\frac{1}{4}$  instead of as at present with  $\frac{1}{2}$  margin; all blank leaves be withdrawn, and enclosures, whenever practicable, written consecutively; and, generally, that their Packets must be made up in the closest and most compact form which the nature of the contents may admit of their receiving.

On occasions when the number of Dispatches received at the Post Offices for transmission shall be such as would render the bulk and weight of the mail too burdensome, the Post Master General is authorized to detain, for one day only, any number of Official Dispatches, on the envelope of which the Public Officers who have transmitted them shall not have put the word "Dispatch." Letters and Packets, from Public Offices bearing that word, are not on any account to be detained. But all Public Officers are enjoined not to

superfcribe the envelope in that manner, unless the immediate dispatch of the Letter or Packet should be of importance.

With reference to the great inconvenience occasionally produced by frequent or simultaneous applications for the dispatch of express from the Presidency, all Public Officers and heads of Departments are enjoined to abstain from requiring the dispatch of an express, excepting only on occasions of unquestionable emergency; and whenever a compliance with such applications shall be productive of the inconvenience above alluded to, the Post Master General is authorized to represent the circumstances of it to the Officer or Officers requiring the dispatch of an express, and to request him or them to state, whether or not the urgency of the occasion be such as absolutely to require it; notwithstanding the inconvenience which may attend it; and the Post Master General is to be guided by the result of that reference.

All Public Officers at this Presidency, who may at any time have occasion to forward dispatches by express, are moreover required to send notice of their intention to the Post Master General, as long before the actual transmission of their dispatches as may be practicable; with a view to enable the Post Master General to make arrangements which may obviate the inconvenience of applications for the instant dispatch of express.

All Residents at Foreign Courts, and all Officers at Out-stations, under the immediate authority of this Presidency, are likewise enjoined to abstain from dispatching expresses, excepting only on occasions of absolute exigency.

(By G. O. G. G. 5th June, 1810, Officers authorized to travel by Dawk at the public charge are to apply to the Post Master of the District to furnish Bearers for their conveyance. *Vide page 140.*)

Officers ordered to travel by Dawk to apply for Bearers to the Post Masters of the District.

Directions for the observance of Post Masters with Divisions of the Army.

Proc. V. P. 30th Jan'y. 1810 The Post Master General is required to state the Allowances, Establishment, &c. which may be considered suitable to the situation of Deputy Post Master to the Troops assembled under Lieutenant Colonel Martindell's command for Field Service in Bundelkund, to which Cornet Franklin, of the 1st Regiment of Native Cavalry, is appointed.

The Vice President in Council deems it proper that Cornet Franklin should communicate with the Post Master General on the business of his Office, and be considered in a certain degree placed under his Orders, as far as relates to the Establishments and Postage to be charged.

Proc. G. G. 18th Mar. 1805 The Governor General in Council authorizes the Military Auditor General to pass the bill received from Lieutenant Marston, for his salary as Post Master to the Grand Army, at 100 Rupees per month, and 50 Rupees for an Office Tent.

Amount of Salary, &c. allowed.

Proc. G. G. 9th Feb'y. 1808 The Governor General in Council is pleased to authorize the Post Master General to comply with the suggestion of Major General Dickens of allowing him to nominate an Officer to superintend the duties of the Post Office at Muttra.

Appointment of Post Masters at Muttra.

Proc. G. G. 19th Oct'r. 1810 Resolved, that the appointment of Lieutenant D. Macleod to the situation of Deputy Post Master at Chals be confirmed.

And Chals.

M. C. 3d April 1800 Small Detachments from the Army, marching by the regular Dawk route, are not allowed any charge for Hircarras and Guides for the conveyance of letters, but are directed, whilst moving on such route, to deliver their correspondence to the Arradhur of the nearest Dawk Station, by whom they will be received and forwarded as addressed, bearing Postage.

No charge for the conveyance of letters from small Detachments marching by the Dawk route is admissible.

In cases where the Detachment may consist of 4, 5 or more Battalions, and the Deputy Post Master of the Station shall not accompany it, the Commanding Officer in the Field, the Resident at Lucknow, or Commander of a Station, is authorized to direct the Deputy Post Master to send with such Detachment a Mutfuddy, and one, two or more Peons, as the service may appear to require, to continue with it, whilst so detached for the receipt and delivery of letters, and collecting of Postage, under the protection of such Staff Officer as the Commander of the Detachment may fix upon.

A Mutfuddy from the Post Office shall accompany large Detachments for the receipt and delivery of letters. Dawks to be laid from the Station of permanent Detachments to the nearest Dawk stage.

In case of Detachments, being stationed for any permanent period at a distance from the established route of the Dawk, and it shall be necessary to keep a regular communi-

ation, in such cases, the persons mentioned in the preceding Article, are further authorized to direct the Deputy Post Master, in addition to the Mutsuddy and requisite number of Peons attending the Detachments for the purpose above specified, to station people at proper distances from the nearest Dawk Stage to the Camp for the regular conveyance of the correspondence of the Detachment, to act under the controul of the Mutsuddy.

Rules regarding the charges for the Dawks of Detachments.

The Deputy Post Master, on the receipt of Orders in any of the cases above described, or as soon after as may be practicable, will transmit to the Post Master General a copy of such Order or Orders, with a statement of the number of people which it may be necessary in consequence to entertain, specifying the wages to each and the date on which the same shall commence.

These statements to be submitted by the Post Master General to the Governor General in Council for his approbation. The amount afterwards to be drawn in a contingent bill monthly, but not to be charged in account until the same shall have been passed by the Post Master General.

Cossids employed by the Commander in Chief to be charged as a contingency.

In the occasional correspondence with the Army, the Commander in Chief shall be authorized to employ Cossids or expresses, and charge them as a contingent expense. M. C. 5th Oct. 1778

List of names of Officers marching from one Station to another to be transmitted by the Commanding Officers of the Corps to the Post Master.

It having been represented to the Commander in Chief, that, from want of proper information, letters are frequently transmitted from the Presidency addressed to Officers at Stations which they have quitted, or been removed from, several months previous to the dispatch of the letters, and as a great increase of Postage and considerable delay is occasioned thereby,—in order to obviate similar inconveniences occurring in future, the Commander in Chief recommends, that Officers proceeding in charge of Corps or Detachments, whether in effecting the relief, or on any other duty, do forward to the Post Master General a list of names of the Officers and Staff under their respective commands, specifying their place of destination, and the probable time of their arrival: and that individuals going on Detachment, or leaving a Station on account of sickness, or from any other cause, do adopt the same precaution. G. O. C. C. 20th Oct. 1793

Majors of Brigade or the Staff Officers of Stations will furnish, on application to the Deputy Post Masters, such information on this subject as may be in their power.

#### DIRECTIONS FOR CONTROLLING THE EXPENDITURE OF STATIONERY.

Indents for Stationery to be transmitted through the Military Auditor General.

All Officers in the Military Department, who are authorized by the present Regulations of Government to indent on the Public Stores for Stationery, are directed in future to transmit their Indents through the Military Auditor General, who will state on each of the Indents his opinion, whether he thinks the quantity of Stationery indented for necessary or otherwise. G. O. V. P. 3d Decr. 1801

Directions to be observed in the expenditure of Stationery.

The necessary Orders are to be issued to the several Public Officers under the different Departments of Government to adhere strictly to the rules recommended by the Committee of Stationery for preventing the unnecessary consumption of Stationery, as follows: Proc. G. C. 26th Feby 1807

*First.*—The envelopes of all public letters shall be of Bengal Paper.

*Second.*—Extracts of Proceedings shall be copied, in all practicable cases, in the same sheet with the letter which conveys them.

*Third.*—The Duffree or Assistant in each Public Office shall be directed to keep a regular account of the Stationery issued by him to each individual employed in the Office.

*Fourth.*—It shall be the duty of an Assistant in each Office, under the Superintendence of the head of the Office, to check the accounts kept by the Duffree.

“The Committee of Stationery observing that many public Officers are commonly in the habit of using whole sheets of Paper, where half sheets would answer the purpose, and advertent to the great and unnecessary increase in the expenditure of Stationery occasioned by this practice, have directed me to request, that, with the exception of letters addressed to the Government through any of the Public Secretaries, you will be pleased to carry on your Public Correspondence and other official business on half sheets of Paper, whenever these can be employed without inconvenience.” Ext. Letter of the Secretary to the Committee of Stationery. 16th Jan. 1811

and to remain at our Seminary without prejudice to their rank a further time beyond the same examination to render them more eminently qualified for that particular line of Service, and which, according to all experience, requires a further time for instruction than the Artillery Service.

It is, therefore, our express desire that you should in no case fill up from the inferior ranks of the Artillery, or from the Cavalry or Infantry, the vacancies which may occur among the Commissioned Officers, either in your Artillery or Engineer Corps; but that on receipt of the List of Cadets intended for the latter service you do immediately post them to such vacancies as shall appear to have existed at the time when the said List was dated.

G. O. C. C. 7th Oct. 1811 With the view of obviating unnecessary expence to Cadets of Cavalry and Infantry, who have been appointed to do duty with Corps until their promotion, the Commander in Chief is pleased to extend to all gentlemen, so situated, the option of continuing at the Post or Station of the Corps with which they may at present be doing duty, and of being transferred to the relieving Corps, instead of marching with the former, where it may be destined to move by the Orders for the Relief.

Cadets temporarily appointed to Corps are not required to march with such Corps at the Relief.

Commanding Officers of Corps are accordingly directed to report the names of such gentlemen as may wish to avail themselves of this indulgence, in order that their removal may be sanctioned in General Orders.

M. C. 26th June 1796 Colonels on tent allowance are to receive in all situations 200 Sonat Rupees a month.

Colonels to receive full tent allowance at all times.

G. O. C. C. 10th Dec. 1811 One month and a quarter is fixed as the period for which boat allowance shall be admissible to Officers proceeding from the Presidency to Cuttack.

Period for which boat allowance is granted between the Presidency and Cuttack.

Princ. G. C. 17th Dec. 1811 The Governor General in Council is pleased to comply with the desire of the Officers of the Hon'ble Company's European Regiment stationed at Amboyna to establish a mess, and to permit them to draw a sum of Sonat Rupees 45 per mensem, being the proportion of the established allowance for three Companies.

Proportion of mess allowance granted to a Detachment of the European Regiment.

G. O. V. P. 6th Aug. 1811 The Vice President in Council, with the view of guarding against the payment of advances to individuals exceeding the amount of arrears actually due to them, is pleased to direct that the Officers of the Pay Department, on making advances authorized by Government to Officers absent from their Corps, shall, in addition to the usual duplicate receipt required from such Officers, invariably insert in future on the back of the pay certificate furnished to them the date and amount of each advance.

Regulations to be observed in granting advances to Officers absent from their Corps.

His Excellency in Council will further request of the Governments of Fort St. George, Bombay and Prince of Wales's Island, to direct, that, whenever advances may be made at those Presidencies respectively, to Officers belonging to the Bengal Establishment, intimation of such advance shall be conveyed to the Military Paymaster General at Fort William, within 24 hours after the same shall have taken place from the two former Presidencies, and by the earliest practicable opportunity from the latter.

In cases of advances being made at the several Presidencies by Deputy Paymasters, the Governments of Fort St. George, Bombay, and Prince of Wales's Island, will be requested to require those Officers, not only to notify the same to their own Paymaster General for communication as above directed, but also to report the circumstance direct to the Military Paymaster General in Bengal.

G. O. V. P. 23d July 1811 The Vice President in Council is pleased to extend to the late French Islands the operation of the General Orders of the 24th July, 1809, whereby Officers proceeding to the Cape of Good Hope or St. Helena for the benefit of their health, or other circumstances, are permitted to receive the full allowances of their Corps, according to their Regimental Rank, for a period of six months from the date of their landing at either of those Settlements.

The Regulations granting the allowances of their Corps to Officers proceeding to St. Helena on account of their health extended to the French Islands.

Let. C. D. 22d Feb. 1811 PARA. 7<sup>th</sup>—With regard to Officers wishing to resign the Service in India, and abandoning all claim to pay and pension from the Company, we authorize you to use your discretion in accepting the tender of such resignations; with the condition that all Officers so resigning return immediately to England, unless, in special cases, to be judged of by you, and submitted for our final decision.

Officers not entitled to the Pension are permitted to resign in India.

Regulations under which an advance of Pay may be granted to Officers proceeding to England for the purpose of resigning.

PARA. 11th—In reserving to ourselves the power of granting pensions after certain periods of service to our Officers, we did not intend to refuse them the pay of their several Ranks during their passage home.

Let. C. D.  
27th Feb. 1821

In all cases, therefore, where we shall allow Officers to retire on the pensions of their Ranks, we shall allow them pay from the date at which it shall appear, from their several certificates, that they shall have ceased to draw it in India.

PARA. 12th—But as Officers may sometimes quit India with an intention of requesting our permission to retire on the pensions of their respective Ranks, and may yet afterwards decline to prefer; or may withdraw, those requests,—we direct that no advance may be in any case made to Officers who have already drawn three years' pay on furlough; but that the adjustment of their claims, after leaving India, may be left to us.

#### CHAPTER IV.

Recruits enlisted for the Company's Service how to be attested.

Ext. Art. LXXV.—And except also in the case of Recruits enlisted for the special purpose of serving in the East Indies in the Forces of the East India Company, only, in pursuance of an Act passed in the Fiftieth Year of the Reign of His present Majesty, intituled “An Act to amend two Acts relating to the raising men for the Service of the East India Company, and the quartering and billeting such men, and to trials by Regimental Courts-martial,” in which case every Recruit shall, instead of the said oath of fidelity, take the oath directed to be taken by the said Act of the Fiftieth Year of His present Majesty aforesaid, and contained in the Schedule to this Act annexed marked (G); and, instead of the oath of service contained in the Schedule (A) or (B) to this Act annexed, shall take the oath directed to be taken by the said recited Act of the Fiftieth Year aforesaid, and contained in the Schedule to this Act annexed, marked (H); and the Justice or Magistrate shall certify such enlistment and swearing accordingly, in the form mentioned in the Schedule to this Act annexed, marked (I).

Ext. Art. Part.  
for punishing  
Mutiny, Detention,  
&c. passed  
22d Mar. 1812

#### SCHEDULE G.

I, A. B., being enlisted to serve in the Infantry or Artillery (as the case may be) of the East India Company, do swear that I will bear true allegiance to our Sovereign Lord King George; and that I will, as in duty bound, defend him in his person, crown and dignity, against all his enemies; and I swear that I will also be true to the said United Company, and will duly observe and obey all their orders, and the orders of their Generals and Officers who shall be lawfully set over me.

#### SCHEDULE H.

I, A. B., do make oath that I am (or have been, as the case may be) (state occupation if of any, or state if of none) and to the best of my knowledge and belief was born in (state county, parish or place, &c.) and that I am of the age of—years; and that I do not belong to the Militia or to any Regiment in His Majesty's Service, or to His Majesty's Navy or Marines; and that I will serve the United Company of Merchants of England trading to the East Indies, until I shall be duly and legally discharged, (or, if the Recruit enlists for limited service, then leave out the words discharged, and insert) for the period of 12 years (if the person is of the age of 18 years or upwards; but if under 18 years, then the difference between his age and 18 to be added to such 12 years, as the case may be, and such period to be inserted instead of 12 years,) provided the said United Company should so long require my service.

#### SCHEDULE I.

I, ——— one of His Majesty's Justices of the Peace of ——— (or Chief Magistrate of ———) do hereby certify that ———, appearing to be ——— years old, ——— feet ——— inches high, ——— complexion, ——— eyes, ——— hair, came before me at ———, on the ——— day of ——— and stated himself to be of the age of ——— years; and that he had no rupture and was not troubled with fits, and was no ways disabled by lameness, deafness or otherwise; and had the perfect use of his limbs and hearing, and was not an apprentice, and acknowledged that he had voluntarily enlisted himself for the bounty of

—, to serve the United Company of Merchants of England trading to the East Indies, and did engage to serve for the period——(this blank to be filled up by the Magistrate either "until discharged" or "for——years", as in the preceding form of enlistment): and I do hereby certify, that in my presence the third and fourth Articles of the Second Section, and the First Article of the Sixth Section of the Articles of War against Mutiny and Desertion, were read over to him, and he took the oath of fidelity mentioned in the Act of the Fiftieth Year of His present Majesty, and also the oath above set forth, and that he received the sum of——, on being attested, and that I have given to the said , a duplicate of this certificate signed with my name.

(The above forms are to be considered as superceding those enacted by the Mutiny Act, of 1809.—*Vide page 163*)

Proc. G. G.  
17th Dec. 1811

The Governor General in Council considers the ten men formerly in the Artillery Corps of St. Helena, and who have renewed their contracts to serve the Hon'ble Company on this Establishment, to be entitled to the pay of Infantry Privates only, during the period intervening between their attestation and selection for the Artillery branch of the Service.

European Soldiers of the Establishment of St. Helena renewing their contracts to serve in Bengal are only entitled to the pay of Infantry Privates until posted to Corps

G. O. V. P.  
2d July 1811

His Majesty having been pleased to fix the following rates of indemnification for the loss of necessaries of the Non-commissioned Officers and Privates of Cavalry and Infantry employed on actual service; such loss not happening through any fault of their own, viz.

|                                   | £. | s. | d. |
|-----------------------------------|----|----|----|
| Serjeants of Cavalry              | 2  | 15 | 0  |
| Corporals, Trumpeters or Privates | 2  | 10 | 0  |
| Serjeants of Infantry             | 2  | 10 | 0  |
| Corporals, Drummers or Privates   | 2  | 2  | 2  |

Rates of compensation for the loss of necessaries fixed for the European Non-commissioned and Privates

The Vice President in Council has been pleased to determine, in consideration of the pay of the several Ranks in the Honorable Company's Service having been equalized with the pay of the corresponding Ranks in His Majesty's Service, that the compensation in future to be granted to the Non-commissioned Officers and Privates in the European Corps, and to the European Non-commissioned Officers in Native Corps on this Establishment, for the loss of necessaries under similar circumstances, shall be fixed at the following rates:

|                                                                                                     |         |    |    |   |
|-----------------------------------------------------------------------------------------------------|---------|----|----|---|
| Serjeants of Horse Artillery, Artillery and Native Cavalry,-----                                    | St. Rs. | 22 | 0  | 0 |
| Corporals, Trumpeters, Drummers, Gunners, or Privates of }<br>Horse Artillery, and Artillery, ----- |         | 20 | 0  | 0 |
| Serjeants of European and of Native Infantry, -----                                                 |         | 20 | 0  | 0 |
| Corporals, Drummers, or Privates of European Infantry, -----                                        |         | 16 | 12 | 9 |

(By G. O. C. C. 11th June, 1811, the period of their service is to be inserted in the certificates of all men obtaining their discharge from the Service.

The pay of European Soldiers discharged the Service is continued to the period of their embarkation.

For the Committees for reporting on the state of the health of all discharged Europeans immediately previous to their embarkation, *vide page 487*.

For the provision of quilts and hammocks for invalided and discharged European Soldiers proceeding to Europe, *vide pages 488 and 173.*)

\*\*\*

## CHAPTER V.

Proc. V. P.  
16th Apr. 1811

The Vice President in Council, in consideration of the command with which Major Caldwell has been entrusted, consisting of two complete Companies of European Artillery,—120 Native Golundaz,—300 Gun Lascars,—and an extensive Train of Artillery, is, in the present circumstances, pleased to authorize a deviation from the established Regulations in granting to that Officer the batta of the next superior Rank, and an allowance for Stationery of 40 Sonat Rupees per mensem, during the period in which he is employed.

Allowances granted to an Officer commanding a Division of Artillery proceeding on service.

## CHAPTER VI.

**Native Troops** The Vice President in Council, being desirous of extending to the Native Officers Proc. V. P. 25th June 1811  
**exempted from** and Sepoys every reasonable indulgence, has been pleased to resolve that they be exempted  
**the payment of** from the payment of the duties established on Pilgrims resorting to the Temple of  
**duties established** Jagernaut.  
**at the Temple**  
**of Jagernaut.**

**Monthly Casualty** Instead of the copies of discharge certificates required to be transmitted to Head-quar- G. O. C. C. 22d Oct. 1811  
**Lifts of all** ters, monthly, by General Orders under date the 25th May, 1810, the Commander in  
**Native Corps to** Chief directs that a Casualty Lift, according to the subjoined form, be in future trans-  
**accompany the** mitted to Head-quarters with the Monthly Returns of Corps, respectively, for record  
**Monthly Re-** in the Adjutant General's Office.  
**turns.**

*Casualty Lift of, (here insert the Corps) for the month of \_\_\_\_\_, (here insert Station and Date.)*

| Rank. | Names. | Date of En-<br>listing. | Date of Ca-<br>sualty. | Period<br>Service. | Nature of<br>Casualty. | Remarks. |
|-------|--------|-------------------------|------------------------|--------------------|------------------------|----------|
|-------|--------|-------------------------|------------------------|--------------------|------------------------|----------|

The Casualty Lifts are to be invariably prepared on paper of the size of foolscap in its extended form, and in all cases of discharge the reasons to be fully stated opposite to the names of parties, in the column under the head of Remarks.

**Directions to** Much inconvenience having been experienced from the practice of Native Officers and G. O. C. C. 4th Feb. 1811  
**be observed in** Soldiers having been permitted, while on Foreign Service, to quit their Corps without being  
**granting certi-** furnished with pay certificates, by which means, on the return of the parties to Bengal,  
**icates to Native** it has been found impracticable to effect any satisfactory adjustment of their accounts with-  
**Troops quit-** out a previous reference to their Corps,—the Commander in Chief enjoins the strictest  
**ting their Corps** attention, on the part of Commanding Officers and others concerned, to obviate the evils  
**on foreign ser-** resulting from this irregularity by an invariable compliance with the following directions.  
**vice to return**  
**to Bengal.**

*First.*—Whenever Native Officers or Sepoys belonging to any Native Corps of this Establishment on Foreign Service may obtain permission to return to Bengal for the recovery of their health, or any other purpose, a settlement of their accounts is to take place up to the 1st of the month in which such permission may be obtained; from which date pay shall cease to be drawn for them until they rejoin their Corps, and regular certificates shall be furnished to every individual accordingly.

Certificates of cloathing due to individuals are also to be furnished to them previous to their quitting their Corps; and, in order to guard against the inconvenience which might arise from the loss of such certificates, duplicates thereof are invariably to be transmitted, by the earliest opportunity, by Commanding Officers of Corps, to Lieutenant Not, Superintending Officer of Family Money at Barrackpoor, under whose charge the parties will be placed on their return to Bengal.

*Second.*—The Commander in Chief expects that under no circumstances whatever will Native Officers or Sepoys be permitted to return to Bengal without being furnished with such documents as may admit of regular advances of Pay being drawn on their account, or of a final adjustment of their accounts, as circumstances may render necessary.

## CHAPTER VII.

**Explanation of** (N. B. The Rates of Pay for Native Cavalry, as fixed by M. C. 8th April, 1793,  
**the Rates of pay** *vide page 263*, are to be considered as inclusive of the sum of 8 Annas directed to be stop-  
**for Native Ca-** ped monthly from each Native Commissioned, Non-commissioned Officer, Trumpeter and  
**valry.** Private, by G. O. V. P. 13th August, 1809, *vide page 264*, on account of the Off-  
 reckoning Fund for the provision of leather breeches.)

**Regulations for** The Vice President in Council is pleased to determine that horses shall not be drafted in Proc. V. P. 8th Oct. 1811  
**the transfer of** future from the Stud at Poofa for the public service, until they shall have attained the  
**Horses from the**  
**Stud at Poofa**  
**for the service**  
**of the Cavalry.** age of 4 years.

Proc. V. P. 18  
October 1811

The Vice President in Council is pleased to direct the Board of Superintendence to instruct the Superintendent of the Hon'ble Company's Stud to select and report to Headquarters, at the proper period, the number of Horses at Poosa which in his judgment may be fit for the Service.

On the receipt of such Reports, his Excellency the Commander in Chief will appoint an Officer to receive charge of and proceed with the Horses to Cawnpoor, where they will be inspected and finally admitted to the Service by Committees of Cavalry Officers, which will be appointed for that duty under the authority of the General Officer commanding in the Field.

Should any of the Horses selected be ultimately rejected by the Committees to be assembled at Cawnpoor, such rejected Horses are to be delivered over to the Officers of the Commissariat Department for the purpose of being disposed of on the public account to the best advantage.

Proc. V. P.  
15th Oct. 1811

The Vice President in Council entirely approves of each Regiment of His Majesty's and the Hon'ble Company's Cavalry being furnished with a bistoury or concealed knife and 4 scalpels of sizes; and also with a quantity of corrosive sublimate, not exceeding two drachms, from the public Medical Stores, for each Horse to be castrated.

The Medical Board are accordingly instructed to issue the necessary orders for the scalpels and corrosive sublimate being supplied to Regiments of Cavalry, on their being indentured for in the regular manner.

Proportion of instruments, &c. for castrating Horses to be allowed to each Regiment of Cavalry.

## CHAPTER VIII.

Res. M. B.  
25th Feb. G.  
O. 4th March  
1793

Agreed, that it be made a Standing Regulation, that, exclusive of accurate scales of all plans to be drawn for the Military Board, the dimensions of each part of the buildings or works represented be expressed in figures upon the plan.

Directions to be observed in the preparation of Plans, &c. for the Military Board.

Proc. V. P.  
9th July 1811

The Vice President in Council is pleased to encrease the salaries of Messrs. Best and John Madge, Assistants in the Drawing Office of the Chief Engineer, to 300 Rupees each per mensem; and the salary of Mr. James Madge, also an Assistant in the same Office, to 220 Rupees per mensem.

Increased salary granted to the Assistants in the Drawing Office of the Chief Engineer.

Res. M. B.  
30th July 1811

The Monthly Bills for the ordinary repairs of Fort William, including the Esplanade and General Hospital, in the Department of the Executive Officer, are to exhibit the work performed during the month charged for, in a concise and satisfactory manner, immediately following the attestation; and which is to be prolonged to this effect, "and that the materials and people charged for have been expended and employed as follows;"—the bills are to be countersigned by the Chief Engineer, and to bear a certificate, subjoined by the Commanding Officer in Garrison, in evidence of his opinion of the general state of the Fortifications, Buildings, Roads, Drains, Grass-plats, &c. &c. in the Department of the Executive Officer.

The bills of the Executive Officer of Fort William how to be vouched.

Proc. V. P.  
27th Aug. 1811

The Vice President in Council authorizes the Deputy Quarter-master General to entertain the undermentioned Establishment for the performance of the duties of his Office, as Superintendant of Military Buzars in the Field.

|                               |      |      |              |    |
|-------------------------------|------|------|--------------|----|
| One English Writer per month, | ---- | ---- | Sonat Rupees | 40 |
| One Moonshier,                | ---- | ---- | "            | 40 |
| Stationery,                   | ---- | ---- | "            | 20 |

Total, per mensem, St. Rs. 100

Additional establishment to the Deputy Quarter-master General as Superintendant of Military Buzars.

G. O. V. P.  
29th Oct. 1811

Surveyors are in future to continue their labours in the Field from the 1st October to the 1st of July, instead of from the 15th September to the 15th June as heretofore.

Period fixed for the employment of Surveyors in the Field.

Proc. V. P.  
28th May 1811

The necessary orders are to be issued from the Judicial Department for a party of Convicts being kept in the Cantonment at Cawnpoor, for the purpose of repairing the Roads, or being employed on other works of public utility;—and the Commander in Chief will be requested to issue orders for the godowns which were made over to the

Convicts to be employed for the repairs of roads, &c. at Cawnpoor.

Commissariat by the Contractor's servants, being appropriated to the purpose of lodging the Convicts.

## CHAPTER X.

Allowances of the Surgeon to his Excellency the Commander in Chief.

Provision for Medical attendance to Natives belonging to the Departments in Fort William who may meet with dangerous accidents;

(The Surgeon to his Excellency the Commander in Chief receives the pay and gratuity of his Regimental Rank, with the full batta and house rent of a Surgeon.)

The Vice President in Council is pleased to determine that in cases where very dangerous accidents that require an operation shall happen to Natives employed in the Arsenal, or any other Department of the Garrison of Fort William, the men shall be sent into the General Hospital; but as it is at all times inconvenient and undesirable that Native Patients should be mixed with Europeans in the same Hospital, his Excellency in Council directs that this rule be confined to the dangerous cases above mentioned, and that for slight accidents some convenient place be allotted in Fort William, subject to the approbation of the Garrison Surgeon, where they may be properly accommodated and attended to by that Officer.

G. O. V. P.  
23d July 1811

For every Patient of the above description, who may be sent into the General Hospital, the Surgeon of that Hospital will be permitted to draw from Government the same allowance which is authorized for sick or wounded Natives sent into a Field Hospital, by Paragraph 66th of the Medical Regulations, (*vide page 328*) viz. St. As. 2 per diem.

and allowances granted for them to the Surgeon of the General Hospital.

For this allowance the Surgeon of the General Hospital shall furnish every article for the Patients required to be provided by the Field Surgeon in Paragraph 67th of the Medical Regulations above quoted. (*Vide page 328.*)

Additional allowances granted to the Surgeon of the Ramghur Battalion.

The Vice President in Council is pleased, as a special case, to grant to Mr. P. Bieton, Assistant Surgeon to the Ramghur Battalion, an addition of Rupees 60 per mensem to the medical allowances to which he is at present entitled on account of that Corps.—(*Vide page 322.*)

Proc. V. P.  
23d Apr. 1812

Directions to be observed by the Surgeon of the General Hospital in charging for attendance on the sick of H. M. Navy; and sergeants on the Pension List.

The Surgeon in charge of the General Hospital at the Presidency will transmit, quarterly, all accounts for medical assistance to sick and wounded Seamen belonging to His Majesty's Navy to the Naval Commissioner at Fort St. George, who will immediately audit and return them: when the Sub-Treasurer will discharge the amount of the several bills, on receipts in triplicate being furnished to him by the Surgeon.

Proc. V. P.  
15th Oct. 1812

(For directions for charging for Sergeants on the Pension Establishment, when in the General Hospital, *vide page 494.*)

Establishment, allowances, &c. authorized for the surgeon charge of the Hospital attached to the Calcutta Jail.

The Vice President in Council is pleased to authorize the following establishment of servants, allowance on account of buzard medicines, and compensation for attendance, being granted to the person to whom the charge of the sick prisoners in the Hospital, which has been built within the precincts of the Jail, may be committed.

Proc. V. P.  
22d Oct. 1811

|                           |         |   |
|---------------------------|---------|---|
| 1 Compounder, per mensem, | Sa. Rs. | 8 |
| 1 Dresser,                | ----    | 6 |
| 2 Coolies, at each        | -----   | 8 |
| 1 Behishty,               | -----   | 5 |
| 1 Sweeper,                | -----   | 4 |

Total, per mensem, Sa. Rs. 31

Such Europe Medicines as are required are to be furnished from the Hon'ble Company's Dispensary.

Buzard Medicines are to be supplied by the Assistant Surgeon, for which, and as a compensation for his attendance, he will be allowed to draw the sum of Sonat Rupees 100 per mensem.

The Jail being contiguous to the General Hospital, his Excellency in Council is of opinion, that one of the Assistant Surgeons permanently attached to the latter, is the fittest person to be entrusted with the medical charge of the sick prisoners, and directs that the Medical Board will accordingly instruct Mr. Wingfield to continue in charge of that duty.

Proc. G. C.  
19th Nov. 1811

The Governor General in Council is pleased to authorise the encrease of wages to the principal servants employed in the Hon'ble Company's Dispensary, as proposed by the Apothecary General, amounting to Sicca Rupees 128 per mensem,—viz.

Additional Establishment authorized for the Dispensary at the Presidency.

|                                                                              | Present Salary.      | Augmentation. | TOTAL.       |
|------------------------------------------------------------------------------|----------------------|---------------|--------------|
| 1 Head Compounder, .....                                                     | 100                  | 50            | 150          |
| 1 Book-keeper, .....                                                         | 40                   |               | 40           |
| 1 Writer and Assistant to Head Compounder in making up Indents, .....        | 30                   |               | 30           |
| 2 Compounders; assisting the Head Compounder in preparing the Indents, ..... | 20                   |               | 20           |
| Sircar and under Sircar, .....                                               | 55                   |               | 55           |
| 2 Shopmen for making up the prescriptions, .....                             | 75                   | 45            | 120          |
| 5 Assistant Compounders for do. do. ....                                     | 33                   | 17            | 50           |
| 2 Peons, .....                                                               | 12                   |               | 12           |
| 1 Carpenter, .....                                                           | 10                   |               | 10           |
| 1 Leechman, .....                                                            | 5                    |               | 5            |
| 1 Taylor, .....                                                              | 6                    |               | 6            |
| 6 Coolies, .....                                                             | 24 4                 |               | 24 4         |
| 1 Siclegur, .....                                                            | 8                    |               | 8            |
| 1 Sweeper, .....                                                             | 6                    |               | 6            |
| An old Compounder, .....                                                     | 3                    |               | 3            |
| One additional Writer, .....                                                 |                      | 16            | 16           |
| <b>Total</b>                                                                 | <b>Ss. Rs. 487 4</b> | <b>128</b>    | <b>555 4</b> |

Ext. Let C. D.  
10th Apr. 1811

PARA. 4th.—We have agreed that Medicines from the Company's Stores should continue to be supplied, as usual, to His Majesty's ships in India, payment for the same being made to us by the Transport Board.—You will, therefore, give directions that regular accounts of such supplies be transmitted to us, accompanied by the necessary vouchers, amongst which the receipts of the respective Surgeons to whom the Medicines have been delivered, must be invariably included.

Medicines how to be supplied from the Dispensary to His Majesty's ships.

PARA. 5th.—This mode of adjustment will of course supercede the orders contained in the 9th Paragraph of our Military Letter of the 23d February, 1810, (*vide page 335*) in which it was directed that the Medicines were not to be delivered to the Surgeons of His Majesty's Ships until they were paid for.

Proc. V. P.  
10th Sept. 1811

The Vice President in Council is pleased to grant an allowance of 10 Sonat Rupees a month for the pay of a Lalla for taking the accounts of the Hospital Wine at Cawnpoor.

A Lalla allowed for the charge of Hospital Wine at Cawnpoor.

## CHAPTER XI.

Proc. V. P.  
Juri. Dept.  
8th Oct. 1811

The Vice President in Council is pleased to direct the Magistrate of Chittagong to counter-sign the Pay Abstracts of the Provincial Battalion, in conformity to the practice established at other Stations.

Pay Abstracts of Provincial Corps to be counter-signed by the Magistrates, &c.

His Excellency in Council further directs, that the Abstract of the Muster Roll, which is annexed to the Pay Abstract of the Corps of Irregular Horse in the Ceded and Conquered Provinces, be counter-signed by the Superintendent of Police in the Western Provinces.

(For the provision of cloathing for Provincial Battalions, and for the appropriation of the Off-reckonings, *vide page 611*.)

## CHAPTER XII.

G. O. C. G.  
19th Nov. 1811

The Governor General in Council is pleased to direct that the rules prescribed in the Minutes of Council under date the 27th July, 1787, for the guidance of the Executive Officer of Fort William (in the case of Buildings being performed by estimate) be applicable to all Officers undertaking the construction of Public Buildings, of whatever description they may be, viz.

Directions to be observed in the preparation of estimates for the construction of Public Buildings.

*Est. M. C. 27th July, 1887.*

Resolved, when Buildings are performed by estimate, that plans, elevations, and sections, with a particular specification of dimensions, shall be presented to the Military Board; the kinds of materials shall be particularly specified, and the best always used; that the estimate shall always express the number of solid superficial or running feet of work, such as walling, roofing, terracing, plastering, &c. &c.

Increased dimensions ordered to be observed for the Hospitals of Native Corps.

The Governor General in Council is pleased to authorize the Hospitals for Native Corps, in all situations where separate Hospitals are allowed, to be constructed on the enlarged scale hereafter detailed. G. O. G. G. 19th Nov. 1811

Hospital and Offices for a Regiment of Native Cavalry to be 72 feet in length by 20 in breadth, with a veranda.

Hospital and Offices for a Battalion of Native Infantry to be 144 feet in length by 20 in breadth; and to be in all other respects the same as the Cavalry Hospital.

Buildings appropriated to the Stud at Ghazee-poor to be under the charge of the Barrack-masters.

The Vice President in Council is pleased to determine that the Buildings at Ghazee-poor, which have been recently delivered over for the purpose of being appropriated, exclusively, to the use of the Hon'ble Company's Stud, shall be committed to the custody of the Barrack-master at that Station, whose province it is to keep them in repair. Proc. V. P. 19th Nov. 1811

Allowances for the repairs of temporary Buildings to be fixed by the Military Board.

The Governor General in Council is pleased to authorize the Military Board, on all future occasions, to fix and communicate at once to the Military Auditor General the rates of monthly allowances for repairs, in proportion to the superficial feet of roofing, for each new and enlarged Building; adhering strictly to the principle on which the existing fixed allowances have been framed. Proc. G. G. 20th Dec. 1811

The Barrack-masters at Agra and Chunar invested with the charge of the Public Buildings at Muttra and Secrole.

The Governor General in Council is pleased to direct, that the custody and repair of the whole of the Public Buildings at Muttra be transferred to the Barrack-master at Agra on the fixed monthly allowances. G. O. G. G. 3d Dec. 1811

The Vice President in Council is pleased to invest the Barrack-master at Chunar with the future charge of the Public Buildings at Secrole, as well as those of Sultanpore, the whole of which are to be maintained in constant repair by him on the monthly allowances fixed by the Regulations of Government, under date the 22d April, 1802. Proc. V. P. 27th Aug. 1811

The Buildings at Balloogunge to be repaired upon the allowances fixed on the 22d April 1802.

The Governor General in Council is pleased to authorize the adoption of the system recommended for keeping in repair the Public Buildings of the Governor General's Body Guard at Balloogunge, (upon the allowances fixed by the Regulations of the 22d April, 1802) and to permit the Staff Officer to draw the established allowances. Proc. G. G. 24th Dec. 1811

Allowances fixed for the repair of Buildings at Muttra.

The Vice President in Council is pleased to allow the Officer in charge of the Public Buildings at Muttra to draw an allowance of 35 Sonat Rupees per month for the purpose of keeping the picquet sheds in repair. Proc. V. P. 13th Aug. 1811

Kissungunge.

The Governor General in Council is pleased to authorize an allowance of Sonat Rupees 9, per mensem, being granted for the purpose of keeping in constant repair the European Barrack lately constructed at Kissungunge. G. O. G. G. 3d Dec. 1811

Barrackpore.

The Vice President in Council observing, that the Regulations of 1802 do not provide for the Public Military Buildings at Barrackpore, and its vicinity, is pleased to fix the following Scale of Allowances, calculated agreeably to the Regulations alluded to, for keeping in constant repair the Buildings in question, amounting to Sonat Rupees 447 per mensem, and to authorize the senior Quarter-master or Adjutant at Barrackpore to draw that allowance. Proc. V. P. 11th June, G. O. V. P. 24th September and 22d Oct. 1811

Directions for the preservation of the plans of

With the view to ensure the requisite attention to the care and preservation of the plans of Cantonments, &c. now in course of preparation, the Commander in Chief directs Commanding Officers of Stations and Posts of the Army will consider it an established

G. O. C. C.  
7th Oct. 1812

rule, on being relieved from the duties of those Stations, to obtain, from the relieving Officer, receipts in duplicate for the plans above mentioned, one of which is to be transmitted for record in the Adjutant General's Office. the several Military cantonments.

Res. M. B. 17th Sept. 1811 The boundary pillars should be constructed at each angle of the limits or boundary line of the Cantonment; they should be circular, three feet in diameter, and six feet high. And for the construction of boundary pillars.

### CHAPTER XIII.

Res. M. B. 27th Aug 1811 Ordered; that the Officers in charge of Magazines be informed, that such carts in their charge respectively as shall be found not to come under any of the following descriptions, viz: Directions to be observed by Officers in charge of Magazines relative to the several descriptions of Carts authorized for the service of the Train, &c.

Carts Artificers;  
" Store,  
" Stout Platform,  
" Spirit (or Draw),

be immediately received and continued on their returns, whilst "serviceable or repairable," under a separate head of "carts of obsolete patterns,"—under which denomination they may remain until finally condemned or unserviceable.

Ext. Proc. M. B. 3d September 1811 In addition to the carts enumerated in the Proceedings of the 27th August, the Military Board have resolved to introduce one to be designated "Cart Store Magazine," and brought on the Magazine Books under that head, for the express purpose of conveying Stores to Magazines and Out-posts.

The Board have accordingly requested the Commanding Officer of Artillery in the Field to furnish Ordnance Officers in charge of Field Magazines with a model of the proposed Cart, and authorize and direct them to complete so on the same plan, as an Establishment for the Magazines under their charge, respectively, and accordingly prohibit the employment of the "Store Carts" hereafter, for any other than Field Service, except in cases of absolute and real necessity, which cannot be provided against.

Res. M. B. 20th Aug. 1811 Ordnance Officers are directed immediately to report to the Military Board whenever Ordnance Carriages of any kind shall hereafter be taken from the Magazines under their charge otherwise than by Station Orders or Indents, excepting in the cases of transporting Military Stores from the Magazines to other Magazines, or thence to Stations or Posts; and they are to lose no time in forwarding to the Military Board copies of all Station Orders directing carriages of any kind to be furnished from the Magazines.

Res. M. B. 6th August 1811 Agreed, that the Commissary of Ordnance at Cawnpore be desired, on the arrival of the Spirit Casks, to paint and issue them to the Commissariat Officer at that Station, and bring them on the Magazine Books as "lent to the Commissariat Department," keeping them still on the Books under that head. And to spirit casks.

Ext. Proc. V. P. 29th Oct. 1811 Copy of Paragraphs which will be inserted in the next General Letter to Bengal—*East India House, 15th June, 1811.* Regulations for the receipt and examination of Military Stores arriving from Europe.

The immense loss sustained by the Company on the damaged and short deliveries of Military Stores consigned from this country, which in the last eight years has amounted to a very large sum, has called our serious attention to this subject; and we cannot but say we have reason to feel it has been in a considerable degree occasioned by a want of proper exertion and attention on the part of our Officers at your Presidency, to whom the duty of receiving and examining the Military Stores has been entrusted.

We have therefore, in order to prevent a recurrence of such losses, prepared a set of Regulations, which you will receive a number in the Packet, accompanying the invoices and other papers of the cargoes, and to which we shall expect the most correct attention of the Officers whom you may appoint to execute the duties required, as we have resolved to hold them personally responsible for the consequence of any remissness on their part.

*Regulations to be observed relative to the receipt and examination of Military Stores at the several Presidencies in India.*

**First**—Military Stores, like other consignments, are to be examined immediately on their being landed, in presence of a Committee of Officers on behalf of the Company; and of the Captain, Purser, or some other competent person, belonging to the ship: and as the ship owners are only liable to damages or short delivery of the goods when the packages are delivered in a defective state, the persons on the survey should be directed to pay every attention to the condition of the several packages, and to report particularly the state in which they were received, and the causes which, in their opinion, appear to have led to the injury or deficiency.

**Second**—If the ship should be confined to, or about to fail for, a further port of delivery, those packages, which shall have been marked on their first receipt from the ship as in a defective state, should be immediately opened, and the columns of the printed form of Report accompanying these Regulations filled up with elucidatory remarks, wherever damage or short delivery may appear, and signed by the persons attending the survey.

**Third**—Every possible exertion should be used that all the other packages, though apparently in good condition, should be opened in the presence of the Gentlemen on the Survey, previous to the departure of the ship; and the whole of the Military Stores should be examined, and the damages and deficiencies settled at the time, in the same manner as the goods and stores consigned to the Civil Department.

**Fourth**—The words of the Charter Party between the Company and the ship owners relative to damages being extremely clear and positive, they are quoted as under in order to enable persons attending the survey to judge of the information necessary.

“ Provided nevertheless, that the said party owners shall not be charged with any sum of money in respect to goods damaged on board the said ship, either in her outward or homeward voyage, exceeding the sum of three thousand pounds, except such as shall, by the condition and appearance of the package thereof, or by some other reasonable proof, appear to be damage received after shipping the goods.”

**Fifth**—Each package should be inspected before opening; and if broken, or the nails appear to have been drawn, the same should be noticed in the report, provided there appears short delivery or damage.

**Sixth**—Where short delivery or surplus articles appear in any package, they should be twice counted, and such surplus and short delivery should be noted.

**Seventh**—As flints cannot suffer from salt water, and would lead into endless delay in counting, they may be taken by weight without opening the packages.

**Eighth**—Cartridge paper may also be taken by weight; but it will be necessary to ascertain that the paper has not suffered on ship board.

**Ninth**—Fuzes for shells may also be taken in this way.

**Tenth**—Grape shot, and all articles now taken by weight, will continue to be so.

**Eleventh**—All articles not enclosed in packages are supposed to be counted or weighed by the Captain of the vessel on shipment, and consequently any loss is chargeable to the owners.

This is particularly to be attended to in bars of iron, which may be changed or mixed on ship board.

**Twelfth**—If any package, or loose article not described in the Military Invoice, is received, particulars should be given as specified for other Stores, and marked as surplus.

If belonging to another Presidency, information should be immediately sent to such Presidency.

**Thirteenth**—Articles that have suffered during the voyage should be described as sea damage; but no articles should be charged against the owners where the defects appear to have existed before shipment. Such articles should, agreeable to an order of the Court, be returned to Europe, in order that the particular Inspector may be brought to account, and reparation claimed from the Contractor.

**Fourteenth**—But in judging of sea damage attaching to iron work, the owners are only to be considered chargeable with such damage from rust, as appears to have occurred by the articles coming into contact with salt water; and not to be charged with broken springs in musket-locks, unless the muskets or chest appear otherwise damaged, as springs often fly from the action of the atmosphere without a possibility of blame attaching to any one.

*Fifteenth*—If such articles complained of for original defects are numerous, so as to make freight an object, a proportion only should be sent home, and the Committee of Survey should seal and certify that such proportion is a fair sample of the quality complained of, and taken promiscuously.

**Sixteenth**—In regard, however, to articles to be returned for original defect, this is meant as only applicable to such instances as shew a neglect which warrants complaint. In a Store of such magnitude, occasional trifling defects will escape in spite of every pains on the part of our Inspectors, and such, if sent home, would only involve the Court in elaborate investigations.

*Seventeenth*—All Stores in England are counted and sealed up in presence of a variety of individuals; and others at the water's edge examine that such seals are unbroken.

The individuals who attend the packing sign a certificate that they are ready to make oath to the contents of each package, and in most articles both the Contractor and an Officer on the part of the Crown do make oath, as it is only upon such oaths that Government allow a drawback on the duties. We mention this to shew the pains taken here to prevent short delivery.

**EAST INDIA HOUSE,**  
25th June, 1811.

*By Order of the Court of Directors,*  
H. BRUCE,  
A. I. M. S.

1810-11—Packing Account of Military Stores per Minerva, for Bengal,  
1810-11.

[illegible]

G. O. G. G. To give effect to the foregoing Regulation of the Court of Directors, the Governor  
17th Dec, 1811 General in Council is pleased to resolve, that a standing Committee be appointed by  
his Excellency the Commander in Chief, on the 1st of May of each year, for the ser-  
vice therein prescribed; that the Committee be selected by his Excellency, and composed

of such Officers from the Hon'ble Company's Troops at the Presidency as may be supposed to possess the requisite qualifications for such inspections.

His Lordship in Council is further pleased to determine, that the Committee do consist of a Field Officer as President and two Captains as Members, and that the Corps of Artillery furnish the President; if convenient; or at least an experienced Captain as a Member.

The Committee is to be invariably assisted by the Deputy Commissary of Ordnance attached to the Arsenal, and by an intelligent, active Conductor of Ordnance.

The Rules and Regulations for the guidance of the Committee are to be constantly submitted for reference at each meeting, by the Deputy Commissary of Ordnance at the Arsenal.

The existing Regulations of the Hon'ble the Court of Directors, for opening packages of Stores from Europe on their arrival, and for reporting short deliveries, (*vide page 424.*) are to continue in full force, excepting where their necessity may be superseded by the more recent Regulations of the Hon'ble Court.

Serviceable  
Ordnance  
Stores how to be  
received into  
the Arsenal  
from His Majesty's  
Navy.

Ordered; that the Naval Agent be informed that there is no objection to the receipt of serviceable Stores into the Arsenal from His Majesty's Navy, but that the receipt of condemned Stores cannot be acquiesced in.

Res. M. B.  
15th Oct. 1811

Agreed, that the Commissary of Stores be authorized to grant receipts in triplicate for serviceable Ordnance, &c. when delivered into the Arsenal; from any of His Majesty's Ships, or by the Naval Agent.

Stock of Timber to be kept up at the Arsenal, and how to be indented for.

Agreed, that the Commissary of Stores be authorized to indent for and keep up at all times a stock of timber, to the extent which he may consider absolutely necessary, acquainting him that he is by no means restricted as to number and size, but only required to put down as a guide to the Commissary General the exact length, breadth, and thickness of all timbers or planks that he may indent for.

Res. M. B.  
27th Sept. 1811

Proportion of half-wrought materials for ship carriages to be kept up at the Arsenal. Ordnance carriages for Horse or Foot Artillery to be designated accordingly in the Arsenal Returns.

The Commissary of Stores is directed to block out as early as possible the half-wrought component parts of twenty carriages for each description of ship guns, and to keep them at all times complete, in readiness for any emergent call.

Res. M. B.  
13th Aug. 1811

All 12-pounders, 6-pounders, and  $5\frac{1}{2}$ -inch howitzers for field carriages for Horse or Foot Artillery, now in store or hereafter to be constructed, are to be distinctly designated as such in the Arsenal Returns,—as follows :

Carriages Field with limbers, for Horse or Foot Artillery, ---- 12-pounder : and so on.

Pawlins to be sent with store boats from the Arsenal for the protection of the stores.

Resolved, that the Commissary of Stores be directed to send pawlins with Store Boats in future, for the protection of Stores liable to injury from wet; including the pawlins as articles of issue to the Magazines, for which such Stores may be destined.

Res. M. B.  
17th Sept. 1811

Directions to be observed by Ordnance Officers in indenting for the specified proportions of petty Stores from the Commissariat.

The established proportions of Stores for the Magazines being fully adequate for all ordinary or current demands, the Military Board conceive that with proper management and foresight, on the part of Ordnance Officers, calls of emergency can very rarely occur; and, to obviate as much as possible the necessity of receiving Stores from the Commissariat Department, except on passed Indents, they further authorize and desire that in future, on the 1st day of each quarter, Indents for the Stores that will probably be required during the succeeding quarter may be regularly sent down for their eventual sanction, in order that, if necessary, the same may be passed, so as to admit of their being regularly presented and complied with in advance,—thereby allowing a supply to be constantly in Store applicable to a term of six months; and the Board will not admit of any plea for a deviation from this rule, which shall not have been clearly proved to have been unavoidable.

Res. M. B. 18  
Oct. 1811

No alterations to be made in Arms without the consent of the Court of Directors

We direct, that no alterations in any Arms shall in future take place, without our consent.

Ext. Let. C. D.  
27th Feb. 1812

Boxes for the stowage of

Resolved, that the Officer in charge of the Magazine at Danapoor be directed on no account to keep empty powder bargels in future for the stowage of cartridges, but to send

Res. M. B. 6th  
August and 17th  
Sept. 1811

them by every opportunity, when they shall have accumulated in the Magazine, to the Arsenal; and accordingly to lose no time in procuring sufficient mango planks, and making up proper boxes for that purpose, taking care only that the planks be properly seasoned.

The boxes to be of the same size as Bullock Ammunition Boxes.

Res. M. B.  
17th Sept. 1811

Ordered, that the Agent for Gun Carriages be informed that on no account are the axletrees received from England to be appropriated in any other way, than for the construction of the several descriptions of Field Carriages for which they were forged; with the exception only to the curved axles of the 6-pounder limbers, which have been decidedly objected to by the Commandant of Artillery.

Directions for the appropriation of the axletrees for gun carriages received from Europe,

Res. M. B.  
17th Sept. 1811

The transmission of the statement of half-wrought materials due to the Gun Carriage Agency, (*vide page 478*), is countermanded.

Ordered, that the Agent for Gun Carriages be informed that the Board consider a supply of Staves, equal to the construction of casks for 50 Spirit Carts, as a sufficient stock; the whole to be made of saul wood.

Prohibiting the transmission of the statement of half wrought materials from the Gun Carriage Agency.

#### CHAPTER XIV.

Proc. V. P. of  
October 1811

The Vice President in Council is pleased to authorize the adoption of the suggestion of the special Medical Committee assembled at Fort William for the final examination of European Invalids, on the present, as well as on all future occasions, for sending, for the recovery of their health to St. Helena, such of the European Soldiers as the local Medical Committees may consider likely to recover and be again fit for service in India, after a residence for some time on that Island.

European Soldiers invalided, but who may be likely to recover by a residence in St. Helena, to be sent there for the benefit of their health.

G. O. C. C.  
29th Jan. 1812

The Commander in Chief having had before him the Proceedings of the Annual General Committees assembled at Allahabad and Monghyr, agreeable to General Orders of the 11th June, 1808, for the final examination and allotment of all the Invalids of the Native Corps and Departments of the Army stationed above and below Danapoor, for the year 1811, his Excellency approves and confirms those Proceedings, except in the instances noted thereon.

Orders for the final allotment of all the Invalids of Native Corps of the Army, for the year 1811, to the several branches of the Invalid Establishment.

The Committees are accordingly to be dissolved, whenever there may be no further duty for them to perform, with respect to the Invalids of the year 1811, and the Adjutant of the Corps of Native Invalids and the Fort Adjutant at Monghyr will be pleased to carry into execution the final distribution of the Invalids, as directed on the Proceedings of the Committees at those places, respectively, as soon as practicable, settling their accounts and arrears up to the end of the month, whatever it may be, in which they may be furnished with the funds requisite for that purpose, and for the advance of six months' Invalid Pay of their respective Ranks, according to the rates assigned them, to all who may not be considered fit for garrison duty.

All Privates found fit for garrison duty, and Commissioned and Non-commissioned Officers to the extent required to complete those Corps, are to join the Native Invalid Battalions.

Invalids being no longer eligible to the Jagheerdar Establishment, all Commissioned, Non-commissioned Native Officers and Privates who may not be fit for garrison duty, and Commissioned and Non-commissioned Officers who, though fit for garrison duty, may be in excess to the Establishment of the Native Invalid Battalions, are, in pursuance of the Orders of Government under date the 4th June, 1811, to be transferred to the Out-pension Establishment, on the rates of Invalid Pay established by the Orders of Government under date the 15th February, 1811, and permitted to retire to any part of the Company's Territories, where they may chuse to reside, furnished with an advance of six months of their respective allowances, as above mentioned.

The additional or increased rates of Invalid Pay applicable to those who may have lost limbs or become blind in the Service, or who may have been reduced to a helpless state by wounds received on service, are to be strictly confined to those to whom that scale of provision has been assigned by the General Committees, and now confirmed by the Commander in Chief.

The whole are to be furnished with all requisite and prescribed certificates, and each is to express the rate of Invalid Pay to which the individual is entitled.

The Native Officers and Non-commissioned Officers required to complete vacancies in the Invalid Battalions are to be selected, according to seniority in ranks respectively, from the whole of the Invalids of the season who may be considered fit for garrison duty, and are to be allotted accordingly by the Adjutant of Native Invalids, to whom the requisite rolls of those at Monghyr are to be forwarded by the Fort Adjutant at that place.

The Sepoys fit for garrison duty are also to be allotted to Battalions and Companies according to existing vacancies, in the progress of which arrangement the Adjutant of Native Invalids is directed to attend to the wishes of Individuals in regard to choice of Corps and Companies, as far as may be practicable, consistently with a due regard to the public service.

Directions for the issue of medals and gratuities to Native Invalids on the Pension Establishment.

The Vice President in Council, approving of the suggestions of the Commander in Chief, has resolved that the necessary instructions be issued to the different Collectors of Districts from the Revenue Department for carrying the same into effect, and to the Departments of Pay and Audit, as follows, viz.

Proc. V. P.  
10th Sept. 1811  
Ext. Let. Adj.  
Genl 6th Sept.  
1811

The Board of Revenue is to be instructed to communicate to Collectors of Districts positive orders to consider it their duty, whenever claims to Honorary Medals, or to the gratuity of two months' pay and full batta abovementioned, may be preferred to them by any person on the Invalid Pension Establishment, who may receive their stipend from their Treasury, to prepare a copy of the Descriptive Roll of the party, and to transmit the same with a statement of the claim either to the Adjutant of Native Invalids at Allahabad, or Fort Adjutant of Monghyr, according as the original Roll may be signed by one or the other of those Officers; and to request him to adopt the necessary measures for ascertaining whether or not the claim be well founded.

In the case of claims preferred to Honorary Medals, that it be stated by the Collector from what service the claim arises; whether for those in the Dukhun and Mysoor, in Egypt under General Baird, or on the Island of Ceylon, in order that the Officers of the Invalid Departments may direct their enquiries accordingly.

That the replies which may be received by the Collectors, in answer to such references, shall, when they establish the justice of the claim, be considered sufficient authority for the immediate payment of the amount in cases of claims to the gratuity above mentioned; and, where the claim preferred may be on account of an Honorary Medal, a copy of the letter establishing the claim is to be transmitted by the Collector to the Adjutant General, by whom a medal in satisfaction of the same will be immediately furnished.

The receipts of the Invalid Pensioners, for the gratuity paid to them under the foregoing arrangement, are to be transmitted by the Collector to the Military Auditor General for Audit, and on being received back by the Collector will be admitted as a voucher by the Accountant General to be discharged in the Military Department.

To enable the Military Auditor General to audit the receipts for gratuities paid by the Collector as abovementioned, the Adjutant of Native Invalids at Allahabad and the Fort Adjutant at Monghyr will receive directions to transmit to the Military Auditor General regular notification of all claims to the gratuity of two months' pay and full batta, which they may report to the Collectors to be well founded under the arrangement now suggested.

Directions relative to the admission of the Arsenal Establishment to the benefits of pensionary support.

"No Lascars (Magazine-men of the Arsenal Establishment) are considered entitled to the benefits of pensionary support, who shall not have served with industry and good character at least 25 years, with an exception, only, in favor of such as may have been disabled by wounds received on actual service.

Ext. Let. Sec.  
M. B. 15th Oct.  
1811

His Excellency the Vice President in Council, being of opinion that the grant of pensions to Arsenal Artificers cannot be reasonably expected from the Public, has been pleased to direct that the Commissary of Stores will never again receive or forward a petition of any of the Artificers attached to the Arsenal, but reject any such at once."

## CHAPTER XVI.

**Proc. V. P.** The Vice President in Council is pleased to permit Captain Alldin, Deputy Judge Advocate General to the Troops at Danaspoor and Benarus, to draw the tent allowance of his Rank, in lieu of all claim to boat allowance and travelling charges.

Tent allowance granted to the Deputy Judge Advocate General at Danaspoor and Benarus.

## CHAPTER XVII.

**Res. M. B.** The Military Board request the Agent for the Manufacture of Gun-powder at Allahabad will consider the bullocks attached to the Allahabad Powder Works as being under his special and immediate care, subject, of course, to orders from the Commanding Officer, and inspection, as often as may be wished, by the Officer commanding the Artillery; and the Board request the Agent will frequently satisfy himself that due attention is paid to them in point of food and cleanliness, granting certificates on all occasions, when, on account of unusual labour, they may be entitled to extra food.

Directions for the superintendence of the cattle at the Powder Works at Allahabad.

## CHAPTER XVIII.

**G. O. G. G.** The existing Regulations in regard to cloathing not providing for the case of men who may be rejected by the General Invaliding Committees, which assemble at Allahabad and Monghyr, annually, for the final examination of the Native Invalids of the Army, the Governor General in Council is pleased to authorize the provision of Cloathing for the year, in which they were temporarily transferred to the Invalid Establishment, for all Native Commissioned, Non-commissioned Officers and Privates ordered to rejoin Corps under the circumstances above mentioned, as follows:

Cloathing of men temporarily transferred to the Invalid Establishment and ordered to rejoin Corps by the General Invaliding Committees, how to be provided.

In cases where the Orders of the Commander in Chief, confirming the Proceedings of the General Invaliding Committees, shall have been received by the 1st January, individuals ordered to rejoin Corps under the circumstances now alluded to, are to be included in the Cloathing Indents of Corps with a suitable reference to this Regulation, and in the event of the Cloathing Indents being already dispatched, supplementary Indents for Cloathing on account of all such Persons are directed to be forwarded both to the Adjutant General's Office and to the Agents for the Divisions of Army Cloathing, respectively, immediately on the receipt of the General Orders by the Commander in Chief above mentioned.

Compensation in lieu of all Cloathing due to men recommended for the Invalid Establishment being ordered to be paid to them previous to their quitting their Corps for the purpose of repairing to Allahabad or Monghyr respectively, they will not, on rejoining, be entitled to any Cloathing until the issue of that authorized to be indented for by the preceding paragraph.

**G. O. C. C.** Officers, whose Cloathing Indents may be returned from the Adjutant General's Office for correction, are reminded of the necessity of a corresponding alteration being made in the Indents transmitted direct to the Agents for Army Cloathing, and will accordingly either recal those indents for that purpose, or transmit rectified ones to be substituted for the originals without delay.

Directions to be observed in case of alterations being made in the Cloathing Indents of Corps.

**Ext. Let. Adj. Genl.** "I am directed to express the Commander in Chief's recommendation that the Military Board will take such steps as may appear proper for placing in Store with the several Cloathing Agents, as early as the 1st of April in each year, a complete set of hats and caps, equal to one year's supply, for all Corps dependant on their respective Divisions, so as to enable them to dispatch those articles along with the Cloathing to Corps."

A complete set of hats and caps for the Cloathing of the Army to be placed in Store with the Cloathing Agents by 1st of April annually.

CHAPTER XIX.

Establishment  
of Sudder Buzar  
authorized with  
a Division of  
the Army as-  
sembled for  
Field Service.

With the sanction of the Governor General in Council, the Commander in Chief is pleased to authorize the temporary Establishment of a Sudder Buzar with the Field Force assembled in Bundelkund, under Colonel Martindell, for such period as the Force may continue embodied under that Officer's command ; and subject to the Rules and Regulations prescribed for the management of Military Buzars in General Orders of the 19th February, 1811. G. O. O. C.  
31st Jan. 1812

(For the extra Establishment allowed to the Deputy Quarter-master General as Superintendent of Military Buzars in the Field, *vide page 687.*)

## A D D E N D A.

G. O. C. C. 24th Feb. 1812 **T**HE Brigade Major of the Presidency Station will furnish the Medical Board once a fortnight with a list of all such Surgeons and Assistant Surgeons as had reported their arrival at his Office and still remained in Calcutta.

Brigade Major at the Presidency to furnish a list of Surgeons, reporting their arrival at his office, to the Medical Board.

G. O. C. C. 28th Feb. 1812 The Governor General in Council having been pleased to authorize a third Company of the same strength as the 1st and 2d Companies of Independant Golundaz being raised for the Service of the Islands and the Lower Provinces,—the Acting Commandant of Artillery is directed to adopt the necessary measures for forming at the Presidency the 3d Company of Independant Golundaz in the following manner.

Orders for the formation of a third Company of Independant Golundaz

The present Corps of Independant Golundaz is to give the Senior Jemadar and the three Senior Havildars to be promoted; the first to the Rank of Subadar; the latter to the Rank of Jemadar. The consequent vacancies in the Rank of Havildar to be filled by the Senior Naicks; and in that of Naick by the Senior Golundaz or men of this Rank most fitting for the station.

The Privates to be completed from Volunteers from the Gun Lascar Corps, and from Recruits.

The Drummers to be taken from the Supernumerary Half-pay Drummers, attached to the Regiment of Artillery.

Descriptive Rolls of the Jemadar and three Havildars recommended for promotion to be forwarded to Head-quarters, and the Commissioned and Non-commissioned Officers in the 1st and 2d Companies promoted to fill the vacancies in the 3d Company to be sent round to Bengal by the first opportunity; a list of their rank and names to be also forwarded to Head-quarters.

Recruits for the Golundaz augmentation, and to complete the Gun Lascar Companies, to be raised at Chittagong by the Officer of Artillery there, under instructions from the Acting Commandant of Artillery; subsistence for these Recruits to be drawn for by the former Officer, until their arrival at the Presidency.

The Acting Commandant of Artillery will be pleased to detach two or three intelligent Serangs or Tindals of the Gun Lascars stationed at the Presidency to Chittagong, to assist in the levy of Recruits.

Bounty Cloathing, Arms, and Accoutrements to be indented for, for the 3d Company of Independant Golundaz; and the Officer, who may be appointed to the charge of it, is to draw the established allowance for a Company.

Formation Rolls and Returns of the 3d Company of Independant Golundaz to be forwarded to Head-quarters when the Company is completed.

G. O. C. C. 13th Feb. 1812 The Commander in Chief is pleased to direct that the Reports of the Registers of Corps transmitted quarterly to the Adjutant General's Office shall invariably constitute a separate and distinct document, instead of being blended with other subjects, whereby the purpose of those Reports is in a great measure liable to be defeated.

Quarterly Reports of the Registers of Corps how to be prepared.

G. O. C. C. 24th Feb. 1812 The Commander in Chief is pleased to direct that all Surgeons and Assistant Surgeons who arrive at the Presidency, whether immediately from Europe, on leave of absence from their Stations, or returned from medical duties of any description, report in writing their arrival in Calcutta, the probable period of their stay there, and their departure from thence, to the Secretary of the Medical Board. The above Reports are exclusive of those

All Medical Officers coming to the Presidency to report their arrival and departure to the Medical Board.

Proc. G. G. 9th Sept. 1802 Ordered, that a circular letter be written to all Public Officers directing their attention to the Orders of the 21st May, 1801, relative to the expenditure of Stationery; and that they be informed that Bengal Paper is only to be used for envelopes of letters, and such other documents as are not intended to be preserved as records; and that all documents of an opposite nature are to be invariably written on Europe Paper.

G. O. G. G. 23d Novr. 1807 Ordered, that all contingent bills for Stationery be in future transmitted in the first instance to the Committee of Stationery, for the previous examination and opinion of that Committee, with which opinion the bills are to be forwarded to the Paymaster of Extra-ordinaries, for further report, in the usual manner.

Contingent bills for Stationery where to be transmitted.

G. O. G. G. 2d Sept. 1808 Lieutenant Colonel Hawkins, of 1st Regiment of Native Infantry, is appointed to succeed Lieutenant Colonel Richardson in the permanent charge of the Mysore Princes and of their families in Bengal.

Appointment; Salary, &c. of the Superintendent of the Mysore Princes.

(By the Orders of the Governor General in Council of the 6th Nov. 1806, and the 20th April, 1809, a Salary of Sicca Rupees 1500 per mensem, with the pay and full batta of his Regimental Rank, is allowed to the Officer holding the above appointment.)

Proc. G. G. 9th May 1808 In conformity to the arrangement suggested by the Government of Ceylon, all Officers belonging to that Establishment will be referred to Messrs. Trail, Palmer and Co. on the subject of advances during the period they may remain at this Presidency.

Advances how to be made to Officers on the Ceylon Establishment.

M.C. 11th July 1790 Resolved, that the usual Military Honors observed at the Funerals of the Civil Servants of the Company, or of any person not Military, be in future discontinued.

Military honors not to be observed at the Funerals of any other than Military Officers.

Let. C. D. 19th Augt. 1807 PARA. 14th.—We have resolved that in future, previous to any black servant or the wife of any Non-commissioned Officer or Private, either of His Majesty's or the Hon'ble Company's Service, being allowed to come to England in attendance upon Passengers on board any ship whatever, a deposit of £. 100 instead of £. 50, as heretofore, be made in the Company's Treasury at your Presidency.

Directions to be observed in making deposits of Cash on all occasions of taking Natives of Asia, &c. and European Wives of Soldiers, as Servants to England.

Let. C. D. 11th Jan'y 1809 PARA. 17th.—We think it necessary to state that in giving the direction conveyed in the 14th Paragraph of our General Letter of the 19th August, 1807, respecting the deposit to be made on account of black servants coming to England, it was our intention that the deposit should be made not only for the return of Natives of India, but for that of black servants in general; and we therefore now direct that the prescribed deposit, viz. Sicca Rupees 1000, shall be made for the return of all servants who may be Natives of any part of Asia or Africa, or other Countries whatever, Continents or Islands, which are situated within the limits of the Company's exclusive Trade.

Deposits are not required to be made for Natives of the West Indies proceeding to Europe.

C H A P T E R I.

(THE salary to the Military Secretary to the Commander in Chief is Sonat Rupees 314, per mensem, exclusive of the monthly allowance of Sicca Rupees 2000. granted as compensation in lieu of the emoluments formerly derived from the charge of the Dawks in the Field.—*Vide page 4.*)

Salary to the Military Secretary to the Commander in Chief.

**G. O. C. C.** 8<sup>th</sup> May 1811 The practice observed in many Corps of this Army of including in the Monthly Returns, under the head “appointed not joined,” all Officers who may not have joined their Corps, although the cause of absence of such Officers, arising from leave of absence, furlough to Europe, or employment in situations which preclude their joining, may have been notified in General Orders, is directed to be discontinued, and the reasons of the absence of all Officers under such circumstances is to be distinctly stated in the Monthly Returns, so far as they may be known; and in the case of Officers on furlough to Europe or on leave of absence in the country, the date of the General Orders granting such leave is to be correctly noted.

European commissioned Officers absent from their Corps how to be noticed in the Monthly Returns.

(By G. O. C. C. 22d October, 1811, Casualty Lists of all Native Corps are to be transmitted monthly to the Adjutant General’s Office with the Monthly Returns.)

Casualty Lists of Native Corps to be transmitted with the Monthly Returns.

**Proc. M. B.** 16<sup>th</sup> Oct. 1811 The Military Board desire, that the future supplies for Hindoos, who cook on board ship, may include a set of rollers and tables and a broad flat spoon for turning the cakes to each frying pan, or for every 20 men.

Proportion of cooking utensils for Native Troops on ship board.

**Proc. G. C.** 6<sup>th</sup> Mar. 1811 The Governor General in Council determined on the 4th instant, that the Commanders of the Hon’ble Company’s Ships and Masters of Transports which are taken up for the service of Government in the present expedition shall appropriate one half of the round-house of their respective ships to the accommodation of the senior Military Officer or Staff who may be embarked on board.

Accommodation allotted for the commanding Officer of the Troops on board the transports employed in the Expedition against Java.

**G. O. C. C.** 4<sup>th</sup> Feb. 1811 With the sanction of the Governor General in Council, the Commander in Chief is pleased to direct that an Embarkation Committee shall be immediately formed at the Presidency, to superintend and direct the Embarkation of the Troops, Stores, &c. of the expedition now preparing for Foreign Service.

Committee appointed to superintend the Embarkation of Troops, &c. proceeding on Foreign Service.

The Committee to be composed of the Quarter-master General of His Majesty’s and of the Hon’ble Company’s Troops.

Captain W. H. Wood, acting Assistant Adjutant General, is appointed Secretary to the Committee.

**Ext. Proc. V.** P. 4<sup>th</sup> June 1811 The Vice President in Council has been pleased to authorize Captain Wood to draw a salary at the rate of Sicca Rupees 500 per mensem, during the period he has held the situation of Secretary to the Committee of Embarkation, in consideration of the labour and unavoidable expence to which that Officer has been subjected.

Allowance granted to the Secretary.

Allowance for the hire of a vessel to the Officer superintending the Embarkation of Troops; when not furnished at the public expense

The Vice President in Council, under the circumstances stated, is pleased to authorize the Military Auditor General to pass the bill drawn by Brigade Major Gough, amounting to Sicca Rupees 264, for the hire of a vessel for the purpose of conveying him to Saugor to examine and report on the state of the accommodation, &c. allotted to the Troops on board the several transports employed in the expedition against the Isle of France.

Proc. V. 1  
24th Sept. 181

Limitation of the amount of family certificates to be granted by Sepoys.

It is to be considered as a standing Regulation, that in no case the amount of family certificates granted by Sepoys shall exceed the sum of Sonat Rupees three and eight annas.

G. O. C. C  
12th Mar. 181

Copies of Orders of the Hon'ble the Court of Directors to the other Presidencies, which are equally applicable to Bengal.

G. O. V. 1  
20th Aug. 181

Period of Service with the Army required to qualify Officers for holding Staff situations.

Having adverted to the propriety of every Officer's gaining, at an early period, a competent knowledge of his professional duties, as well as with the view to the rank and command which he may ultimately attain in the immediate line of his profession, as with a view to qualify him even for situations in our Military Offices,—we direct, that hereafter no Officer may be permitted to hold any Staff or Official situation whatever, except the Regimental one of Adjutant, until he shall have served five years with the Corps to which he belongs.

We are decidedly of opinion that no Officers in our Service should be appointed to Staff situations, unless they have previously acquired a competent knowledge of the Hindoostany language, which is the vernacular language of Hindoostan, and more or less understood throughout the Decan.

Additional Deputy Adjutant General appointed for the duties of that Department at Head Quarters.

The Governor General in Council is pleased to revise the constitution of the Department of the Adjutant General at the Presidency, and to direct that, instead of the Adjutant General and two Assistant Adjutant Generals, as at present, it shall in future consist of the Adjutant General, a Deputy Adjutant General, and one Assistant Adjutant General, exclusive of the Deputy Adjutant General attached to the Officer commanding the Field Army.

G. O. C. C  
17th Dec. 181

The Governor General in Council is accordingly pleased to appoint Captain J. Nicol to the situation of Deputy Adjutant General in the Department at the Presidency, with the official Rank of Major, and a salary of Sonat Rupees 466 per mensem, with the pay, full batta and house rent of a Major, if not entitled to higher pay and batta by his Regimental Rank.

• (The Deputy Adjutant General at the Presidency also receives an allowance of 10 Sonat Rupees per mensem for two Peons.)

Additional Establishment authorized for the Deputy Adjutant General in the Field,

The Vice President in Council is pleased to authorize the undermentioned establishment for the Deputy Adjutant General's Department in the Field, instead of that fixed by the Orders of Government, dated the 23d April, 1807.

Proc. V. 1  
10th Sept. 181

|                                                                |      |              |     |
|----------------------------------------------------------------|------|--------------|-----|
| One European Clerk, at per mensem,                             | ---- | Sonat Rupees | 80  |
| One Native Writer,                                             | ---- | ----         | 60  |
| Two " " at each 40,                                            | ---- | ----         | 80  |
| Office Rent,                                                   | ---- | ----         | 100 |
| A Moonshree,                                                   | ---- | ----         | 30  |
| Candles, Wax-cloth, Bookbinding, Thread and Duffry, per mensem | ---- | ----         | 60  |
| 2 Peons                                                        | ---- | ----         | 10  |
| Total, per mensem, St. Rs.                                     |      |              | 420 |

And supply of Stationery how to be furnished.

Supplies of Stationery for the Deputy Adjutant General in the Field are to be forwarded direct to that Officer, properly packed, under the orders of the Committee of Stationery.

Information to be communicated to the Adjutant General of the dispatch of ships to any settlements where the Troops of this Presidency are stationed,

The Marine Board will be instructed to transmit, to the Office of the Adjutant General, regular and early information of the name, destination and probable period of readiness for departure, of every ship, either wholly or partially freighted on account of Government, which may afford an opportunity of forwarding Stores or of communication with the Troops of this Presidency stationed at any of the Islands to the Eastward of the Cape of Good Hope upon receipt of which similar intelligence is to be communicated to the Military Board.

Proc. V. 1  
October 181

Proc. G. G.  
6th Mar. 1811

The Governor General in Council is pleased to authorize the Military Auditor General to pass to Lieutenant General Champagné a sum equivalent to £. 2 per diem, in excess to his present allowances, being the difference between the pay of a Major General and Lieutenant General on the Staff of Great Britain, until the pleasure of the Court of Directors be known.

Amount of additional Staff allowance temporarily authorized, & number of Aids de Camp allowed to a Lieutenant General on the Staff.

The Governor General in Council adverting to the practice of His Majesty's Service, which allows two Aids-de-Camp to every Lieutenant General on the Staff, is pleased to authorize Lieutenant General Champagné to appoint an additional Aid-de-Camp from the date of his nomination as Lieutenant General on the Staff of this Presidency.

G. O. V. P.  
22d Oct. 1811

The Vice President in Council is pleased to direct that the Fort Adjutant at Monghyr will draw for Behishties and Sweepers for the European commissioned Officers and Staff doing duty at the Station, and not in receipt of tent allowance, in the following proportion for each Rank :

Proportion of Behishties and Sweepers to be drawn by the Staff Officer at Monghyr for the Officers on duty there.

|                                                                          | Pukuly. | Hand Behisht. | Sweeper. |
|--------------------------------------------------------------------------|---------|---------------|----------|
| For each Field Officer                                                   | ----    | ----          | ----     |
| “ “ Captain                                                              | 1       | 1             | 1        |
| For every two Subalterns, the Assistant Surgeon being considered as one. | 1       | 1             | 1        |
| For the Fort Adjutant                                                    | ----    | ----          | ----     |

Proc. V. P.  
18th June 1811

The Vice President in Council is pleased to authorize the Regimental or Battalion Staff Officer, who shall perform the general duty of Staff to the Troops at the Station of Muttra, to draw monthly an allowance for Writers and Stationery-ware as follows :

Allowances for writers, stationery, &c. allowed for the Staff Officers at Muttra

|                         |      |         |    |
|-------------------------|------|---------|----|
| One Writer, per mensem, | ---- | St. Rs. | 25 |
| Stationery-ware         | ---- | ----    | 20 |

for the purpose of enabling him to keep up the books, and make out the General Returns and other papers required to be furnished from that Station; and for defraying the expenses incident to the performance of that general duty.

Proc. V. P.  
July 1811

The Vice President in Council is pleased to allow the Officer, who shall perform the duty of Garrison Staff at Delhi, to draw monthly for a Writer and Stationery-ware the undermentioned sums :

And Delhi.

|                  |      |      |              |    |
|------------------|------|------|--------------|----|
| One Writer,      | ---- | ---- | Sonah Rupees | 30 |
| Stationery-ware, | ---- | ---- | ----         | 25 |

Ext. Proc. V.  
P. 22d October 1811

The contingent bill for the actual amount of Stationery and for a Writer, drawn by the Staff Officer at Lucnow, is passed by the Vice President in Council.

Contingent allowance for stationery, &c. passed to the Staff Officer at Lucnow.

Proc. M. B.  
18th June 1811

Ordered, that the sum to be disbursed monthly for the repairs of the Fort at Saharunpoor be regulated by the extent of work necessary to be performed in each month, not however exceeding in the year 1000 Rupees, without special authority founded on distinct previous representation of the grounds of necessity for such additional expense.

Limitation of the expense to be incurred annually for the repairs of the Fort of Saharunpoor.

G. O. 30th  
July 1789

Earl Cornwallis having been informed that doubts are entertained by several Officers whether the Resident at Lucnow can with propriety demand any duties or compliments from the Battalion on duty at that place, unless by requisitions of the same nature and in the same form which are authorized to be made for the assistance of Troops by the Civil Servants in the different Offices within the Company's Provinces,—his Lordship desires that it may in future be understood by the Army, that it is the duty of the Officer commanding the Battalion that may be stationed at Lucnow to comply immediately, and

Directions to be observed by the Officer commanding the Fort of Lucnow

without hesitation, as far as may be in his power, with all requisitions that may be made to him, either for duties from the Troops under his command, or for compliments by salutes, or otherwise, to any Native or European to whom the Resident may think it proper that such marks of distinction should be paid; but the Commanding Officer is strictly prohibited from paying a public compliment to any Native whatever, unless at the special requisition of the Resident, and he is on no account to order a salute of Artillery to any Officer, without having previously communicated his intention to the Resident: it is likewise to be considered as the duty of the Commanding Officer at Lucnow, upon his first arrival to take the duty of that Station, to deliver to the Resident a return of the number of men fit for duty in the Corps under his command, and if at any time during the period of his duty at Lucnow the original number of duty men should be diminished above 50, by sickness or other contingencies, he is to report it to the Resident.

His Lordship further directs, that if at any time a requisition of the Resident shall appear to the Commanding Officer to be irregular or improper, he shall, without declining or delaying to comply with it, state to the Resident the reasons for his opinion in temperate language; and should those reasons not have the desired effect with the Resident, he is to report the whole circumstances of the case to the Commanding Officer in the Field, who will either accommodate such difference of opinion between the Resident and Commanding Officer, or refer it for the decision of the Commander in Chief.

Attestations to be furnished by the Town Major to the certificates of Cadets, Officers, &c., reporting their arrival from Europe at his Office.

The Governor General in Council desires that in future the Town Major will affix to Cadets' Certificates, and to the Counterpart Covenants of Assistant Surgeons and Chaplains, an attestation under his signature of the date when each gentleman may report his arrival from Europe at his Office, previously to transmitting those documents to the Office of the Adjutant General, for the purpose of being submitted to Government; and that the Town Major be also informed that his Lordship in Council further desires that a similar attestation be also affixed by him to the Certificates furnished at the India House to Gentlemen on the Military Service returning to their duty on this Establishment.

Proc. G. G.  
15th Dec. 1810

Directions to be observed by the Officer commanding at Cuttack on granting permission to the Native Troops to visit the Temple at Jagernaut.

With the view of obviating the inconvenience that might be experienced, were large bodies of the Native Troops permitted to visit the Temple at Jagernaut at one and the same time, the Officer commanding at Cuttack will be directed only to grant to them leave of absence from their Corps for that purpose in small parties, and to attend to any applications that may be made to him respecting that point by the Collector.

Proc. V. P.  
15th June 1811

Guide allowance authorized for Detachments from Corps the commanding Officer of which is not in receipt of guide allowance.

The claim preferred by Captain Raper to an allowance for Guides and Hircarrahs at the rate of 50 Sonat Rupees per menssem, drawn by that Officer when detached in command of a Company from the Station of Dehli, at which the Commanding Officer (not being in command of the Battalion to which Captain Raper belongs) is in receipt of Sonat Rupees 150 per menssem for Guides and Hircarrahs, appearing to be supported by the Regulations laid down in Minutes of Council of the 18th April, published in General Orders of the 28th April, 1788, the retrenchment in question is remitted by his Excellency the Vice President in Council.

Proc. V. P.  
14th June 1811

Directions to be observed by commanding Officers on occasions of issuing orders creative of expence.

Much inconvenience being found to attend the present practice of publishing in the General Orders circulated to the Army the Commander in Chief's confirmation of all such orders issued by Commanding Officers of Districts, Stations, Posts, or Detachments of the Army, creative of expence, as have been approved of at Head-quarters,—his Excellency is pleased to lay down the following rules with the view to obviate the continuance of the same, and directs that they be strictly and invariably attended to by all concerned.

G. O. C. C.  
10th May 1811

*First.*—Copies, in duplicate, on foolscap paper and in half margin, of all Orders creative of expence which may be issued by Commanding Officers of Districts, Stations, Posts, or Detachments of the Army, are to be transmitted on the day of the date thereof, or as soon after as possible, direct to the Adjutant General at Head-quarters, accompanied by such explanation of the object and necessity of the same as the nature of the case may appear to require.

*Second.*—All documents which shall be received at the Adjutant General's Office, under the foregoing directions, will be submitted to the Commander in Chief at the earliest opportunity, after which the original orders will be transmitted back to the parties from whom they shall have been received, with the Commander in Chief's confirmation notified on the face of the same under the signature of the Adjutant General.

*Third.*—In all cases where the Commander in Chief may disapprove of Orders issued by Commanding Officers, the same will in like manner be notified on the face of the original Orders, which will be returned direct to the parties concerned without delay.

*Fourth.*—The original documents, with the Commander in Chief's decision thereon as abovementioned, are to be preserved as records by the Public Staff Officers of Districts, Stations, Posts, or Detachments, as the case may be, and authenticated copies of them furnished to the parties concerned for the purpose of accompanying their bills for the expenditure to the Pay Department.

*Fifth.*—The appointment of Officers to act in General or Station Staff situations are to be submitted for confirmation in General Orders, as heretofore.

*Sixth.*—It being unnecessary to notify to the Army any arrangement which Commanding Officers of Corps may find it necessary to make for the due performance of the duties of Adjutant, or other Regimental or Battalion Staff during any temporary absence of the Regular Staff of Corps, from sickness or any other cause,—appointments of this nature will not in future be confirmed in General Orders, but they are invariably to be reported to Headquarters.

In appointing Officers to act in General or Station Staff situations; or as Regimental or Battalion Staff.

G. O. C. C.  
19th Oct. 1807

Officers commanding Stations are required to express very particularly in all Station Orders, authorizing the hire of boats, the number of Troops and nature of the Stores to be transported on them.

Station Orders regarding the hire of boats what to express

M. C. 31 Aug.  
1779

It is directed hereby, that the Commanders of Battalions detached on the Frontiers do communicate all the information they receive to the different Chiefs or Residents of the Division where their Battalion or parties may be stationed; and that such Officers do refer every Vessel or Agent who may at any time apply to them on an occasion in which the interests of the State may be concerned, in Peace or War, to the Chief of the Division, or to the Resident in whose District they may be stationed; giving immediate information to the Commander in Chief at the same time.

Directions to be observed by Officers in command of Frontier Posts.

G. O. C. C.  
17th May 1811

Whenever Commanding Officers may find it necessary to order advances of cash to be made by their Station Paymasters, on account of the public service, the specific purposes for which the advances may be authorized are invariably to be expressed, in order to enable the Paymasters to enter all advances so made under their proper heads.

Commanding Officers in ordering advances to state the specific purposes for which they are required.

Proc. V. P.  
21st May 1811

Invoices of all grain, stores, &c. of every description, which may be shipped on the public account under the directions of the Military Board, are to be immediately furnished to the Accountant General.

Invoices of all grain, stores, &c. shipped under the orders of the Military Board to be furnished to the Accountant General.

## CHAPTER II.

Proc. V. P.  
8th Oct. 1811

The Vice President in Council is pleased to direct that the Adjutant General to the King's Troops be furnished, in future, with copies of all General Orders issued to Government.

Proc. V. P.  
18th Mar. 1811

The Vice President in Council is pleased to increase the Staff Pay of the Deputy Quarter-master General to the King's Troops during the period of his services with the late Expedition to the Isle of France to St. Rupees 800 per annum.

Copies of Govt. General Orders to be furnished to the Adjutant General to the King's Troops. Increased allowances granted to the Deputy Quarter-master General King's Troops employed on service to the French Islands.

Ext. Proc. V.  
P. 9th April  
1811

## CHAPTER III.

The Institution  
for the educa-  
tion of Cadets  
at Barasut abo-  
lished.

The Vice President in Council, under the Order of the Hon'ble the Court of Directors to that effect, is pleased to direct that the Institution at Barasut, for the instruction of Cadets in the several branches of education which appertain to their profession, shall be abolished.

G. O. P.  
20th Aug. 1811

Regulations  
observed in  
Ranking Cadets.

PARA. 2d—In consequence of our having come to the resolution to abolish the Military Institution which has been established at your Presidency for educating our Cadets in the Oriental Languages previous to their being posted to Regiments,—we feel it now highly necessary that the rank of all Cadets should be in future to clearly defined, that upon their actual arrival in India you should be enabled to post them immediately to those Corps in which they are to remain.

Exp. Let C. D.  
10th Apr. 1811

PARA. 3d—To attain this end, we have adopted the following Regulations.

*First*—That in future the rank of all Cadets, who may have actually taken their passage by any fleet of the season previous to its dispatch, be made out and delivered to the Secretary the morning on which the packets are to be closed.

*Second*—That should any Cadets defer taking their passage until after the above period, or should they not be nominated and permitted to embark until after the said list shall have been delivered to the Secretary, they shall be put at the bottom of the List of that fleet.

*Third*—That in order to determine the rank of such Cadets to whom the foregoing Regulation may be applicable, the name of the Cadet next to whom such subsequent nomination is to rank be inserted in the Secretary's certificate of appointment.

*Fourth*—Should you, therefore, hereafter discover that, upon the arrival of a fleet of ships, any Cadets whose names may have been inserted in the List of Rank so transmitted, have not arrived out by that fleet, you are hereby directed to strike their names out of the said List: as their proper rank will be found in the List of that fleet by which they may afterwards proceed.

And in the  
education and  
appointment of  
Cadets for the  
Corps of Engi-  
neers and Ar-  
tillery.

PARA. 36th—We have to acquaint you that we shall hereafter look solely to our own Establishment at our Military Seminary at Addiscombe, for a sufficient number of well-educated young men for our Artillery and Engineer Corps; and we have resolved that in future there shall be two public examinations during the year, viz. one in the month of October, and the second in the Month of April following.

Let. C. D. 22d  
Feb. 1811

By this arrangement, those who are found qualified for the Artillery at the Public Examination in October will be enabled to proceed to India by the early ships of the season, and those reported qualified in April by the latter ships.

PARA. 37th—With a view to encourage genius and superior talents, and stimulate our young men to exertion, close application, and good behaviour during their residence at the Institution, we have further resolved to select, from the most promising among those who are reported qualified at the public examinations before mentioned, a certain proportion expressly for the Corps of Engineers; and we have determined that they shall be permit-
